Chamber To Seek Funds For Highway Paving Completion

The directors of the Terrell County Chamber of Commerce met in regular session at the courthouse here Monday night and have named a committee consisting of the County Commissioners and the County Judge to attend a meeting with the Texas Highway Commission in Austin on September 18 for the purpose of trying to get funds for the completion of the paving on the road connecting US 285 with FM 1217 which is paved part of the way.

County Judge R. S. Wilkinson and Commissioners Frank Weigand, Sid Harkins, Charley Turk and John Harrison will make the trip. Other committee members will be named later to accompany them to Austin.

The directors decided on the date October 8 as an open membership meeting at which time a nominating committee will be formed for the selection of a slate of directors to serve the group in 1957.

January 17 was the date set for the annual Terrell County Chamber of Commerce Banquet.

Malone Mitchell, West Texas Chamber director from the local organization, was instructed to attend the meeting of the West Texas organization in Fort Stockton Friday night of this week.

Secretary-treasurer Ray Hodgkins also plans to attend the meeting.

The purpose of the meeting is to elect a vice-president and to set up a work program for the coming year.

Directors present at the Monday night meeting heard reports that tourist visitors for the past month had been highest in many years. Sanderson has been getting a large share of the visitors for overnight, it was reported.

JUNIOR EAGLES BEGIN PRACTICE

Junior Coach Robert Carle began practicing this week with boys who are hopeful of playing football with that team this year.

The juniors have four games scheduled and are hunting for two additional games this season.

There will be no pee-wee football here this year.

Clayton Stubblefield has gone to San Angelo and will be associated with his nephew, A. C. Hamil, in the management of a service station there.

After leaving Sanderson, Mr. Stubblefield has been employed on Mrs. W. A. Kay's ranch near Fort Stockton.

PANTHERS TROUNCE EAGLES 39-6; COWBOYS TO PLAY HERE FRIDAY NIGHT

The Fort Stockton Panthers ran over the Sanderson Eagles by a 39-6 score Friday night when the locals went to that city for their first grid game of the season.

It was a non-conference game since Fort Stockton is playing in a AA district and Sanderson is in District 7-A.

RODEO, DANCES FOR WEEK-END

Two rodeos and dances are slated for this week-end, sponsored by the Fierro-Garza Post, Veterans of Foreign Wars, in conjunction with Baldo Gonzales and Juan Villa. The events are slated for Saturday afternoon and Sunday afternoon with dances Saturday and Sunday nights.

There will be a parade Saturday morning at 10 o'clock to open the week-end events.

Barbecue will be served at noon on both days near Juan Villa's home in the eastern part of town. Seventy-five cents per plate will be charged for the barbecue and everyone is invited.

Rodeo events, including calf and goat roping, barrel races and other events will be staged during both afternoon performances.

The dances will be held at the V.F.W. Hall.

Local TSTA Has First Meeting

The Terrell County unit of the Texas State Teachers' Association held its first meeting of this school year Tuesday night, September 11, in the high school homemaking department with 27 members present.

Mrs. W. H. Savage, local president, presided at the meeting while Miss Bessie Moore, secretary, called the roll and read the minutes of the last regular meeting.

Robert Carle, chairman of the committee for the adoption of Amendment Four, discussed the proposal which is to be voted on in the November election. The amendment would offer added attraction to those who might be interested in teaching as a profession.

The retirement plan would affect those who had been in the profession for several years as well as beginning teachers.

Speakers were appointed to talk before various civic groups, and other plans were presented to the organization as a means of acquainting the public with the importance of voting for the proposal.

Discussion Continued Of Proposed Changes Of Constitution

The discussion of the proposed constitutional amendments by State Senator Dorsey E. Hardeman continues.

Each of the proposals is taken up individually by Sen. Hardeman in his discussion which is intended to be a non-partisan concise explanation.

S.J.R. 5 proposes changes in the teachers' retirement program by authorizing an increase in the state contribution not to exceed 6 percent of the compensation received annually, and in no event not to exceed \$504.00 for any one year, as well as changing the time for retirement and provide for the withdrawal of funds under prescribed conditions.

The rising cost of living and the desire to attract and retain teachers to the profession and to enable others to retire are advanced as justification for its adoption.

S.J.R. 2, if adopted, will authorize the issuance of additional one hundred million dollars of bonds for the Veterans Land Board to purchase land for resale to eligible veterans.

Recent scandals in this department no doubt, will have a tremendous influence on this.

The final proposal is H.J.R. 15 known as the "stock gambling" amendment.

A similar proposal was defeated in 1951 when it was submitted as a single and separate issue. Now it is included with two other proposed amendments in a package.

Big Catch Made In Arrest Of Two Much-Wanted Youths

Two boys from Terre Haute, Ind., were captured in and near Dryden Tuesday morning after a short gun battle with Jimmy Merritt, garage owner and operator at Dryden. The arrests were made by local officers who were called to Dryden by Merritt after he had discovered an attempted robbery by the two youths.

After Merritt discovered the attempted burglary of his business he shot the back tires from the car that was driven by John Beach Markle, 19, and Roy Odell Marshall, 21, in their attempt to leave. The youths abandoned the car and barricaded themselves behind an oil tank during the exchange of shots with Merritt.

Local officers were called to Dryden about 11 pm Monday night.

One of the boys surrendered to local officers at about 1 a. m. Tuesday and the other surrendered at about 4 a. m. The boys were well armed and reportedly had several opportunities to use their weapons effectively, but did not do so after the arrival of the officers.

The boys were brought back to Sanderson and related a story of their travels and admitted crimes to local officers.

Prior to their trip to Dryden, the boys related the burglary of James & Magill business in Sanderson. They stated that they arrived here Monday afternoon and "cased the town" before retiring to the hills to await darkness.

They returned to town right after dark and went in the James & Magill furniture and hardware store taking seven pistols of assorted calibers, a 308 rifle, 4 holsters and about 20 boxes of ammunition of various sizes and a portable radio, according to the owners of the store.

All of the stolen articles were recovered.

Entrance to the store was via a door into the storeroom connecting an empty room in the back of the building. Hinges from the door were removed to permit admittance.

After burglarizing the local store, according to the story, the boys then went to Dryden.

The boys had a large quantity of "loot" in their possession besides the 1950 Dodge which was reportedly stolen in Seguin.

The boys related a story of crime from Terre Haute, Ind., their home, all the way to Sanderson. There were "pick-ups" and "holds" on the boys from Chicago to San Antonio.

The boys admitted to thefts in Terre Haute, Jerseyville, and Springerville, Ind., Chicago, Ill., Kingsboro, Harwood, Seguin, Cameron, and Schulenburg, Texas.

They stated they drove to Texas in a '51 Oldsmobile they had stolen "up north" and that near Cameron the car went off of a bluff, wrecking it. They hitch-hiked into Cameron and out of town at a highway junction, caught a ride with a Mr. Tackett and rode to near Schulenburg where they hijacked him and took his car, a '54 Ford. In Seguin, they stated, they stole the '50 Dodge with which they were caught, and with one driving each of the two cars, drove toward San Antonio. They drove the Ford into a fence near San Antonio and riddled it with bullet holes "just because they wanted to". There were 30 bullet holes in the car, according to reports.

Tackett has not been seen nor heard of since leaving his sister's house in McKinney Sunday, according to reports received. The boys stated to local officers that they let Tackett out of his car two miles south of Schulenburg. They stated that he was unhurt at that time.

A state-wide search continues

for Tackett, a Western Union lineman, who works out of Hallettsville.

The youths are being held in the local jail and have been charged with burglary, according to Sheriff Lee Billings.

Officers from Seguin came to Sanderson Tuesday to get the stolen car and return some of the articles which had been reported stolen from that area.

Clock Installed For First Game

The new electric clock at the Eagle Field has been installed and ready for use Friday night for the first time.

The clock records minutes to play, quarter, and score.

The first home game, against Class B Grandfalls, will get underway at 8:00 p. m.

College Students Leave For School

The past week has found a large portion of the youth of the county leaving for institutions of higher learning over the state with a few enrolled in out-of-state schools.

For some this is their senior year but the larger percentage is found in those who are enrolling for their freshman year.

The University of Texas is claiming the largest number of local students this year. Miss Mary Landon Rose, and Weldon Chamberlain are there for their senior year and four young men, Stanley Sullivan, Jim Smith, Darrell Cox, and Carroll Eggleston, are freshmen.

Joe Mussey, Jimmy Caroline, Kenneth Stutes, Gary Harrell, and Elodia Garza are enrolling in Texas Western College in El Paso. Miss Garza is taking her academic subjects there after enrolling in the school of nursing at Hotel Dieu.

Douglas Attaway and Barney Fyle are at Texas Tech. Douglas for his junior year and Barney for his sophomore year.

Jack Savage is president of the senior class for his last year at Trinity University in San Antonio. Miss Sidney Louise Harkins begins her freshman year after graduation from San Marcos Academy, and Miss Sarah Pat Grigsby is a sophomore.

J. D. Thompson and Miss Colleen Pierson are enrolled at South-west Texas Teachers' College in San Marcos. Miss Pierson for her freshman year.

Glynn Chandler is at A&M for his senior year and Bob Beckett for his freshman year.

Miss Hannah Jo Nance is at Baylor University for her sophomore year.

Miss Joy Rose returned to Denton for her sophomore year at North Texas State College.

Miss Carlene Werneking will be a freshman at Pasadena City College in Pasadena, Calif.

W. J. Vaughan will be a freshman at John Tarleton College in Stephenville.

Jimmy Talbot and Miss Nancy Turner are Sul Ross sophomores this year, also Joe N. Brown, and Lewis James is a senior.

Humberto Arredondo will begin his senior year in the University of Chicago. He still has plans to attend a school of medicine next fall.

Miss Elodia Garcia is attending East New Mexico State College for her sophomore year.

James R. Kerr is attending the Law School at St. Mary's University in San Antonio.

Austin — Conservative and Liberal Democrats are battling each other. Republicans are active. But the Constitution Party of Texas now is in the spotlight.

At their Austin meeting the Constitution Party grabbed headlines by naming, as their nominees, prominent Democrats who have been active in recent campaigns. Their choice included W. Lee O'Daniel for governor; J. Evetta Haley for lieutenant governor; Reuben Senterfitt for attorney general; Warren G. Harding for State treasurer, and Ross Carlton for the court of criminal appeals.

Congressional candidates will be chosen later. Secretary of State Tom Reavley challenged the Constitution Party's right to nominate any candidate who had been defeated for the same office in the recent primaries.

Joseph M. Rummier of Houston is state chairman of the Constitution Party. Their presidential nominee is Democrat T. Coleman Andrews, former Internal Revenue Commissioner of Richmond, Va. Former Republican Congressman Thomas Werdell of California is their vice-presidential choice.

Major plank in the party's platform is the elimination of federal income taxes.

Artificial Rain
Possibility of moistening the drouthy Texas soil by artificial rainmaking may be debated in the next legislature.

After hearing state and federal weather experts in an Austin meeting, the Texas Water Resources Committee voted to dig deeper into the subject. If findings are favorable, the committee indicated it would recommend legislation and appropriations for a long-range statewide project.

Scientists were cautious in their claims before the committee. Much is yet to be learned about what makes rain, they said, and previous experiments have not yet been thoroughly tested and evaluated. But they agreed prospects were promising enough to merit further research.

"Soaker" Wanted
Scattered showers have helped, but most Texas farmers and ranchers are still scanning the skies for a "fall soaker".

U. S. Dept. of Agriculture's latest crop report reflected increasingly critical conditions. Examples were: cattle, "forced to market"; peanuts, "past redemption"; dryland cotton, "extremely short"; vegetable planting, "limited". Only irrigated cotton was reported "fruiting heavily".

GI Loan Payments Up
Delinquencies on veterans land loans have dropped 19 per cent since 1954, said Land Commissioner Earl Rudder.

Payment failures ran 20 per cent on loans made under his predecessor, Bascom Giles, said Rudder. Under the new administration they have dropped to one per cent.

Some 13,000 requests from veterans for loans now are pending before the land board. Present funds will stretch over only about 1,000. More money will be available if voters approve a constitutional amendment for a new \$100,000,000 bond issue at the general election.

Rail Suit Ruling
Smithville, an old railroad town, lost another round in its prolonged

attempts to retain offices of the Missouri-Kansas-Texas line.

An Austin district court upheld the Railroad Commission order permitting consolidation of Smithville and Waco offices.

Unique aspect of the case was the "all-star" line-up legally. A former Supreme Court Justice, James P. Hart, represented Smithville. Former governor Dan Moody represented the railroad.

Insurance Code in Full Effect
Texas' new "model insurance code" now is in full force and effect.

Last measure to be activated requires companies to have a minimum of 100 policy-holders and \$200,000 insurance in force.

An Insurance Commission spokesman called the requirement "actually very easy to meet" and predicted almost 100 percent compliance.

Target of the law are companies which, for tax purposes, have operated other type businesses under guise of insurance firms.

Both Governor Shivers and Commission Byron Saunders have praised the state's insurance laws in recent statements. Saunders said Texas does not need "any additional reform measures," only "minor changes".

Lose Accreditation
Eight Texas schools have been removed from the accredited list by the State Board of Education. In addition the board warned 111 other schools they must improve their standards.

The schools which lost their accreditation are ineligible to receive any state money for vocational programs and superintendent pay. Their graduates must take entrance exams to enter college or another school.

Short Snorts
William H. Wood of Midland has been appointed by Gov. Allan

Shivers to the State Board of Pharmacy. Wood succeeds Shine Phillips of Big Spring.

Eight more Texas counties have been designated drouth disaster areas by the U. S. Dept. of Agriculture.

Furniture manufacturing is one of the fastest growing industries in Texas, expanding 10 times as fast as population. University of Texas Bureau of Business Research reported the state's furniture output increased from \$23,000,000 in 1939, to \$98,000,000 in 1955.

Texas will have 1,954 new lawyers after next Monday when the Supreme Court will officially license those passing the most recent bar exam.

A \$16,000,000 increase in Texas farm income for 1957 has been predicted by the Texas Agricultural Stabilization Conservation Committee. This unofficial estimate was based on the belief that

S. P. has ordered an average of

14 **new freight cars every day since World War II**

Shortly after World War II, Southern Pacific started a broad program of acquiring new freight cars to replace equipment worn out during the War and to increase the railroad's car supply.

Under this postwar program we've acquired or ordered 56,854 cars, including 34,850 box cars, at a cost of \$356,000,000.

In 1955 alone we placed orders for 15,475 cars to cost approximately \$183,000,000 — a commitment of roughly three and a half times the 1955 net income of the S. P. System.

Right now we have in service something over 75,000 freight cars of all types. This represents a ten-year increase of 38% in ownership and 46% in carrying capacity. This is an outstanding railroad record.

We think this record of freight car purchases is good evidence that we are doing everything we can to take care of the requirements of our shippers.

Inspired By President's Daughter

THE FIRST AND ONLY MIX OF ITS KIND, Dromedary Pound Cake Mix has much more than the usual background of food technology. In this mix the special ingredient is inspiration. The formula itself was inspired by a favorite recipe owned by Martha Jefferson Randolph, daughter of Thomas Jefferson, our third President.

Few of us realize the culinary glories of that era. From his years of service in France as American Minister, Thomas Jefferson acquired a discriminating taste for the best. His enthusiasm for good food pervaded Monticello, his beautiful home in Charlottesville, Virginia. Pound Cake was a favorite there.

So it is with great pride that The Dromedary Company presents this Pound Cake Mix inspired by a famous recipe—a reminder of our precious heritage of fine food. In the old times, a glazed coconut cake was very popular. So in a retrospective mood, we suggest the following:

- POUND CAKE WITH COCONUT GLAZE**
- 1 pkg. Dromedary Pound Cake Mix
 - 1/4 cup butter or margarine, firmly packed
 - 1/4 cup light brown sugar, firmly packed
 - 1 egg
 - 1/2 cup milk
 - 1/2 cup shredded coconut

Prepare Dromedary Pound Cake Mix with milk and egg following package directions. Allow cake to cool in pan then spread top with following glaze. Melt butter or margarine in small pan. Stir in brown sugar until melted. Remove from heat and blend in shredded coconut. Spread evenly over cake and place under broiler 6 inches from heat. Allow to glaze 2 or 3 minutes until mixture bubbles and coconut turns golden. (ANS)
