LISTEN TO LUKE

Does Sanderson and Terrell County need most in the way of improvements?

Can be done about it if we find out?

Questions are asked of everyone in the county in an effort to get the wishes of the people as suggested at numerous meetings that we need a new swimming pool, a play area, a swimming pool, and a community center. Then we look about us and see what can be done to improve the community.

The opinion of this column, provide the necessary information for the community if the people are willing to share in providing the need.

Thought that comes to mind is how much we can do. With the aid of the real value of the property, and without thinking of government aid costs we think it would be more to provide the cost by a new school building and federal aid to the one of the most misused subjects that has come to attention in a good many of our opinions.

Everyone wants their share of the best possible, but the cost. But there is a way to view such handouts of money for the schools that not otherwise be available. Federal grant would be from the pockets of local citizens. The same taxpayers who pay for the schools by this money handled in local channels.

There will be a lot of funds being diverted to Washington, to pay for grants for education, to the capital. It is consumed in great part for administrative costs. Eventually project to which federal money comes under federal control.

Eisenhower, when he was at Columbia University, wise. Federal grants for education. Price Daniel and his errors oppose them. The man who make a study of the things that are being done would be a great bastion of freedom. Once this bastion cannot be regained, the County of Commerce is ready to do the things that are needed in the will of the people in the undertaking. County Commissioners are source of success for movements for the county. Are sure they stand up to what they can if and a plan is presented (Continued to Page 4)

C. of C. Names List of Committeemen To Serve During 1957

At the regular monthly meeting of the Terrell County Chamber of Commerce directors here Monday night President Troy Druse named the list of committeemen for the coming year.

On the Highway Committee were Greene Cooke, Ray Hodgkins and E. F. Pierson; Industries Committee includes Ray Hodgkins Lawrence James, and Jack Hayre; Swimming Pool Committee: Dudley Harrison, and Clyde Griffith; Agriculture and Water Conservation Committee C. C. Mitchell, Web Townsend, N. M. Mitchell, and W. G. Downie; Membership, L. E. Mueller, John Williams, E. J. Hanson, and Jimmie Caroline; Housing and Welcoming: Ed Kerr, L. H. Gilbreath, Mrs. Jettie Peavy, Matt Bader, W. W. Sudduth and E. F. Pierson.

The directors discussed the possibility of conducting a county-wide survey to get an expression from the public on their views of needed projects for the community. It was decided to appoint a committee to determine the best means of obtaining this information from the citizens of the county and to present their proposal to the next meeting. This committee is comprised of Carlos Dunn, Dudley Harrison, Ray Hodgkins, and Troy Druse.

Ten directors were present at Monday night's meeting.

Girls Beat Marfa Here Last Friday

The Sanderson girls cagers beat Marfa here last Friday night in a close 39-38 score. There was only one game played in the local gym.

Natalia Chalambaga, Sylvia Lattin, Linda Shurley, Anabela Flores, Diana Duke, Trudy Jones, Olga Alvarez and Jessie McDonald furnished the win for the girls.

Sanderson led in all periods — 12-4 — 23-20 — 33-30 and copped the game with the final 39-38 score.

The girls' game furnished one of the real thrillers which have been witnessed several times in the local gym this year.

Sanderson Girls Whipped By Alpine

The Sanderson girls cage teams took a drubbing from the Alpine team Tuesday night at the local gym. The B team girls lost 48-17 and the A team girls lost 54-21.

Alpine showed some fancy ball-handling and shooting in both games and were too much for the local girls.

Excellent defensive work accounted for a large portion of the reason for the loss. Sanderson forwards were not able to work the ball up to range for shots and were not able to hit from outside.

Noel James' Sister Dies in Merton

Funeral services were held Wednesday afternoon in Merton for Mrs. Everett C. Webb, 61, who was found dead in the kitchen of her home in that city Monday afternoon. Burial was in that city.

Mrs. Webb had been ill about five months.

Mrs. Webb had been a resident of Merton most all of her life.

Besides her husband, she is survived by three sons, also four sisters and six brothers, including Noel James of Dryden.

V.F.W. TO SPONSOR DANCE FEBRUARY 17

A dance, sponsored by the local post of the Veterans of Foreign Wars, will be held in the V.F.W. Hall here Sunday night, February 17, according to Joe Alvarez, post commander.

Music will be furnished by Joe Vasquez and his orchestra from Monahans.

TV TEST TO FINAL SPECULATION HERE OF RECEPTION POSSIBILITIES BY GROUP

Plans were formulated this week for a final test by a reliable firm to settle possibilities of local reception for television by a group composed of James Word, John Huey, Gene Medaris, and others.

Further action by the group hinges on the outcome of the tests, one of the spokesmen stated.

At a meeting of a few interested citizens Monday, group captains were named to secure block captains for the town. The block captains were called to a meeting on Monday night to hear the details of plans for immediate action of the group and to also hear developments to date.

The company which manufactures the "translator unit" has an engineer available to make a survey for a possible location for the unit and to make recommendations. The services of this engineer costs \$175 plus expenses. Those who have worked thus far in trying to develop a means of bringing in television reception as a community project felt that this fee was too much for them to bear individually on top of their recent expenditures and sought another means of financing the tests, and at the same time ascertaining the interest of local citizens and creating a little more interest in the project.

To accomplish this, the block captains were asked to explain the venture to residents within their block and ask them for a small contribution to defray the expenses and salary for the engineer. This cost would be nominal to everyone if divided equally between all householders of the community. The only returns from the contribution will be the result of the test.

Money will be deposited in a special account at The Sanderson State Bank with a list of all contributors and the amount to be retained by the block captains. Following the tests, if there is an amount left in the special account, it will be refunded at a pro rata basis to the contributors or, if the tests prove successful, it will be forwarded to the account to be set up to buy the equipment for local reception, according to Word.

Pending successful findings from the tests, the group has set up a tentative cost for equipment for bringing television into Sanderson. This cost is set high so that interested citizens can visualize a possibility for the completion of plans should the tests warrant.

The estimated cost of installation is \$10,500 and the estimated cost of maintenance and operation per year is \$1,800. If the group says, 300 people will agree to subscribe — after an understanding of a guarantee of a certain quality of reception — the initial cost per subscriber would be \$35 for the installation and \$6.00 for the cost of maintenance and operation for the first year, with a cost of \$6.00 per year each year after.

The group stated that the above figures were merely tentative, but, in their opinion, adequate, and that more definite information would be worked out if and when the tests prove successful.

Further information will be released on the progress of the fund-raising campaign and other developments as they progress.

"It is hoped that each household will support the fund-raising drive to ascertain the possibility of reception so that it can be a community-wide project," stated Mr. Word.

Benefit Cage Frays Here February 22

There will be two basketball games in the local gym Friday night, February 22, and all local fans are urged to keep the date open and be present. The tilts will be at 6:30 and regular admission prices will be charged. They are 50c for adults and 25c for students.

The basketball games will be between the Sanderson Eagles and men faculty members, and the Sanderson Eagles girls' team and a team composed of local ladies.

The games are sponsored by the Lions Club and sandwiches, candy, and cold drinks will be sold.

The Sanderson Lions Club has ordered and received eye-testing equipment which was presented to the school. The equipment will be used in period checks of vision on the students to ascertain the need for eye-glasses. Reports of such cases will be given to the parents so that necessary steps can be taken to furnish the needed aid for the students' sight.

Sight conservation is one of the major projects of Lions Clubs of the nation and the machine is recommended for use in schools by medical authorities. Many such machines are in use in schools of this area as well as over the state.

The local club is asking for the cooperation of local parents and school patrons, as well as basketball fans, in their efforts to pay for the equipment and at the same time furnish entertainment for citizens of the community.

Attendants at the game are asked to eat this supper — sandwiches, cold drinks, Fritos, and potato chips — at the games.

Harry B. Nutter Dies In Big Lake

Funeral services were held in Big Lake Tuesday afternoon for Harry B. Nutter, 66, a resident of that city for 18 years. Burial was made in Big Lake with Masons serving as pallbearers.

Mr. Nutter, a native of West Virginia, came to Texas during the Breckenridge oil boom in the early 1920s. He was married to Miss Inez Farley, daughter of B. C. Farley, and the late Mrs. Farley, at Sanderson on July 3, 1923. They later moved to Crane, residing there for several years before moving to Big Lake.

Survivors include his wife, one daughter and five sons.

Mr. and Mrs. E. E. Farley and daughters, B. C. Farley, and W. H. Farley of Sanderson and B. R. Farley of Dryden attended the funeral services.

Former Local Resident Promoted to Major

Major Harry Lewellyn, son of Mr. and Mrs. R. H. (Dick) Lewellyn of San Antonio, recently received his promotion to major after serving in the Air Force during World War II and the Korean War.

Harry, a former resident of Sanderson before his father was retired as a T&NO conductor here, was a graduate of the Sanderson High School and is well known here. He is married and has four children. He is stationed at Bedford Field, Lexington, Mass., where he is with laboratory research for new jet aircraft. He is now flying the 102 jets and recently flew from Boston to San Antonio in five hours.

Dick Lewellyn was in Sanderson this week attending to business matters and greeting old friends.

MOTHER MARCH TOTALS \$275 FOR LOCAL M.O.D. FUND

The "Mothers March for Dimes" Monday evening totalled \$275 for the local fund, according to Mrs. W. W. Sudduth, chairman of the campaign for the Evening Study Club, sponsors of the drive.

A Card of Thanks appears elsewhere in The Times to convey the appreciation of the club and the president, Mrs. Irvin Robbins.

Court Concluded Here Monday

Disposition of three cases on the District Court Docket were concluded here Monday when District Judge Roger Thurmond, District Attorney Douglas A. Newton and Court Reporter Mrs. Belle Sutherland were here from Del Rio for the proceedings.

Finis B. Yarbra pleaded guilty to theft of merchandise valued at more than \$50, as charged by a recent grand jury, and waived trial by jury. He was found guilty by the court following brief testimony by Sheriff Lee Billings, Texas Ranger Forrest G. Hardin, Sid Harkins, Charles Baker, and Dick McDonald of Big Spring.

Judge Thurmond pronounced a sentence of four years in the state penitentiary on the accused and suspended the sentence and placed Yarbra under parole to report to the district attorney twice a year, to reimburse Terrell County at the rate of \$10 a month until \$235 is repaid, and pending no further criminal acts.

The value of the property stolen was set at \$235 by the court.

The charges against Reyes Fuetes and Luis Hernandez were reduced to a misdemeanor and they were tried in Justice of Peace Court by JP Chester Smith and were found guilty as charged and fined \$100 and costs.

The case against John Milton Jones was not heard.

Meeting Called To Make Plans For X-Ray Survey

Mrs. Web Townsend has called an organizational meeting of the members of the Terrell County Tuberculosis and Health Association on Thursday, February 21, at 4 p.m. in the county court room at the courthouse.

She received word Tuesday that an early date in March will be given the local association for the annual mass chest X-ray survey.

Howard K. Shackelford, field representative from the State Department of Health in Austin, will be present at the meeting and will counsel with the group as plans are made for the survey.

Mrs. Townsend has sent out an urgent appeal for everyone to attend the meeting.

Masons Plan Supper On February 22

Members of the local Masonic Lodge made plans Tuesday night for a supper on Friday, February 22. The date is George Washington's birthday and is an annual day of observance by Masonic lodges of the nation.

Besides the supper, there will be a speaker for the occasion.

All local Masons and their families and members of the order of Eastern Star and their families are urged to be present for the occasion.

The supper will be served at 7 p.m.

Juniors Take Two From Iran Teams

The local junior boys took two games from Iran basketballers here Monday night and fans saw a real thriller in the A game which went into overtime.

The B game ended 23-16 in favor of the mighty mites and the A game ended 31-29 for Sanderson.

The score at the end of the A game was 25-25, Iran looped two field goals early in the overtime but Sanderson overcame the four-point deficit to netted one more field goal for the win.

MRS. MARY E. MITCHELL IN SAN ANTONIO HOSPITAL

Mrs. Mary E. Mitchell suffered a coronary occlusion Monday and is in the Baptist Memorial Hospital. Her condition is reported to be satisfactory.

Mrs. Mitchell has been in San Antonio for several weeks. Her son, N. M. Mitchell, is at her bedside.

SALUTE TO TEXAS ON RADIO SUNDAY

Sunday afternoon at 5:05 there will be a "Salute to Texas" program on NBC network stations. Gov. Price Daniel will open the program with a brief greeting.

Local Chapter of O.S.T. Makes Sanderson Part of Intercoastal Route Designation

With the fund-raising meeting here last Thursday night, some 20 firms and individuals subscribed to the promotion program as instituted by the newly-formed O.S.T. Association with headquarters in Houston.

Mel Johnson, organization chairman of the group which follows Highway US 90 and affiliated highways from Miami, Fla., to San Diego, Calif., conducted the meeting and briefed the local residents on the proposed highway advertising program, stating that the drive here was considered successful and the local group would continue their drive for more participating members and would organize by electing their own officers and directors in the near future.

Plans for the local chapter to coordinate its efforts with the Terrell County Chamber of Commerce, the local civic clubs, the Garden Club and other organizations interested in beautification and advertising the local area were stressed by Mr. Johnson as an important part of the highway program. The local chapter will select officers and representatives from its own membership and will be represented at all meetings of the association, as well as have a voice in the selection of the officers of the entire set-up across the country.

John Dodson of Del Rio is the present director for this entire West Texas area.

Strip maps of the area from San Antonio to Del Rio and from Del Rio to Van Horn will be distributed in the very near future. Other advertising will be distributed on this section of the highway, Mr. Johnson stated.

The first billboard depicting the Old Spanish Trail insignia and information is to be located just east of Sanderson and is being donated by the Alpine chapter.

Eagles Swamped in Alpine Gym

The Alpine Bucks ran over the Sanderson Eagles boys quintet in Alpine Tuesday and put a feather in their cap with a 92-46 victory.

Roland McDonald netted 19 points to 10 for David Graham in the A game.

Sanderson also lost the B game and by a 50-28 score. Julian Martinez hit for nine points to lead the Eagle scoring.

Sanderson has two wins out of nine games in league standing. It was the seventh win for Alpine, who stands behind Big Lake in district competition.

W. L. Kessler Named New Scout Master

Walter Kessler, T&NO tonnage clerk, has been appointed Scoutmaster for the local Boy Scout Troop 60. He replaces Ray Clifford who has been transferred from his job here.

Harold M. Schmidt, immigration officer, has been appointed as assistant Scout leader, replacing Stanton White, who is expected to be transferred in the near future.

Rev. Gene Medaris has been acting Scoutmaster until new appointments could be made.

The troop is planning to send as many Scouts as possible to camp this summer. One of the requirements of the camp is that each boy earn his own camping expense money. Anyone who has a job that the Scouts might do is asked to contact one of the Scout leaders.

Any and all help that can be given for the boys to pay their own way to camp will be appreciated.

COFFEE SALES MONDAY AT ORCHID CAFE FOR M.O.D.

As many ways and means are devised to add to the local March of Dimes campaign here, another cafe, the Orchid Cafe, is giving the proceeds from coffee sales on Monday, February 18, to the fund.

Mrs. Tom Herring, manager, is donating the coffee for the day.

Last Monday, Mrs. Dalton Hogg, owner of Jimmie's Steak House, gave the proceeds of coffee sales sold on that date to the March of Dimes. Mrs. Chester Smith donated the cinnamon rolls. The contribution was \$24.60.

Possibility of financing the most ambitious program in state history without new taxes has been put forth by Gov. Price Daniel.

In his budget message to the Legislature Governor Daniel recommended a \$32,000,000 increase in state spending during the next two years. More money would go for public school teachers' salaries, judicial salaries, state hospitals, and special schools. Prison System, Railroad Commission, State Highway, Public Safety and Insurance Departments, higher education, state employees' retirement, an archives building, old age pensions, aids to handicapped, state handicapped, state advertising, water conservation, highway right of way buying, legislative salaries, and a state law enforcement commission.

Financing would be on a "little bit here and there" basis. Daniel said he felt legislators might expect some increase in the comptroller's forecast of expected revenue. He also called on the oil industry to work out its bottleneck to allow for increased oil production. This could bring the state an additional \$40,000,000 in the next biennium.

A 10 per cent boost in auto license fees for right-of-way buying was proposed by the governor. He also recommended studying diversion of part of the permanent school fund to the available fund to finance public school costs, and higher tuition to help pay college teachers more.

And, if after all these, still more money is needed, he proposed a tax of 3-4 cent per 1000 cubic feet on gas reserves tied up in long-term contracts.

John Q. Speaks
Most of the 55th significant legislation is now in the committee stage. Committees are required to hold public hearings at which any interested person may appear to say why he's for or against the bill being considered.

In the course of a session controversial measures brings hundreds, even thousands, of citizens to speak their minds at committee hearings.

Recent hearings of interest concerned:

1. Cutting firemen's hours to 60 in larger cities, 63 in smaller. Fire-fighters Association is pushing vigorously. Cities say they can't afford it, protest state interference in local affairs.

2. Giving more legal rights to women, another bi-annual bone of contention. Many women's groups are backing bills to abolish the

wife's separate acknowledgement on property sales and allow women to convey their separate property without husband's consent.

3. Regulating handling and sale of eggs. House committee approved the bill which would require dealers and wholesalers to "properly label" eggs. Owners of small flocks, not claiming a specific egg grade, would be exempt.

4. A bill requiring the admission of newspaper reporters to precinct, county, and state political conventions. Approved by Senate Committee. A TPA "better government" bill.

5. More power for State Highway Department in condemning land for road rights. Sought by the department as necessary for stepped-up building program. Opponents call it "arbitrary", say land owners wouldn't have time to get out of the way of bulldozers.

6. Licensing and regulating bail bondsmen. Proponents say it is necessary to stop "jail running" and "fee splitting" by lawyers and bondsmen.

7. Raising Legislative salaries to \$7,500 a year. Backed by Texas Jaycees, opposed by economy-minded solons and others who saw a similar constitutional amendment vetoed at the polls several years ago. House committee, nevertheless, approved.

Feed Regulation Okayed
Both House and Senate have passed bills updating regulating of livestock feed sales.

Differences in the proposals by Sen. George Moffett and Rep. Grainger McIlhenny will have to be adjusted.

Basic aim is to require labeling as to contents of feeds and closer inspection of manufacturing.

to them that is within their scope of action.

Any local operation that is undertaken should be, in our opinion, financed on a local level as far as is feasibly possible. We get more for our money when we handle the purse strings ourselves.

This being the first issue of The Times in its fiftieth year, we feel that we have attained an age where we must attempt a rejuvenation process of some kind to attempt greater achievements than we have ever before been able to reach.

Being historian, informer, and goat for the many happenings of the county brings us more responsibilities than just being citizens. We strive to represent the thinking of the people we serve. We try to make stories factual leaving the decisions to the readers, while expressing our decisions in our own way in this column.

Our interest in bringing you a thorough picture of the local news happenings is one of our first endeavors, but it must also cover more than that. A reflection of the needs of the community and our interpretation of the means to accomplish them should, and we hope do, create some thoughtful consideration so that together we can work out the consummation of the ends desired.

We hope that the next 50 years of publication and service can be a more worthy tribute to our endeavors.

THANKS

We take this means of expressing our appreciation to everyone who helped make the "Mothers March for Dimes" a success. Our collections totalled \$275. Especially do we thank Mrs. Ramona Olivares, Mrs. Olivia Salinas and Amelia Marquez who assisted in collecting.

Mrs. W. W. Sudduth, chairman, Mrs. Irvin Robbins, president, Evening Study Club.

CAKE AND PIE SALE SATURDAY BY JUNIORS

Announcement was made this week that the junior class will have a cake and pie sale Saturday at the band hall beginning at 9 a. m.

Cakes and pies will be sold by the slice or whole and coffee will be served.

JACK RIGGS THIRD IN FIRST GO-ROUND ROPING

Jack Riggs placed third in the first go-round of calf roping events at the San Antonio rodeo this week. His time was 14.7 seconds and the best two times were 14.2 and 14.5. Ninety-seven ropers were entered in the events.

Riggs will rope in the second go-round Friday.

MARSHA MONROE HAS TONSILECTOMY WEDNESDAY

Marsha Monroe, daughter of Mr. and Mrs. Reg Monroe, had a tonsilectomy in Alpine Wednesday. Her condition is reported as satisfactory.

GIRL SCOUTS PLAN TRIP

The Girl Scouts of Troop 4 met last Thursday afternoon and went over the requirements for their Curved Bar badge.

The group planned a trip to Mitre Peak for this summer. Cold drinks and cookies were served by Dorothy Whistler and Sue Tompkins.

Correction

In last week's Times we carried a story of the death of Mrs. Thomas Kelly in Salem, Ore. The name should have been Mrs. Thomas Fred Kelly.

Insurance Firm Shut Down

State agencies have moved to close the ICT Insurance Company of Dallas. Described as "hopelessly insolvent", the company is alleged to be \$4,500,000 in the red.

On request of the Insurance Commission, Atty. Gen. Will Wilson obtained a temporary court order against business operations.

Officials emphasized the business involved, a casualty company, should not be confused with ICT Life Insurance Co.

Oil Situation Tense

Eyes of the world will be on the Texas Railroad Commission hearing Feb. 19 to decide the March allowable.

In the background is an implied threat of federal control if state agencies and industry fail to step up production to supply Western Europe.

Texas officials were sharply critical of the Washington attitude. Gov. Daniel said the President should use his authority to cut crude oil imports and reduce refinery runs. These, plus pipeline connections for independents' wells, would make it possible for Texas to export more crude oil, he said.

Water Board Changes

Amid the hue and cry for water conservation, State Auditor C. H. Caveness noted numerous "weaknesses" in the present State Water Board set-up.

In his annual report on the board Caveness suggested reorganization along the lines of the State Highway Commission. This means a three-man policy board and a full-time administrator.

Primary needs, said Caveness, are for continuity of direction and a statewide master water plan.

Co-Op Ruling

Rural electric co-ops can continue to serve customers in an area after it has been annexed by a city the State Supreme Court ruled.
