LISTEN TO LUKE

The "Fourth" comes on Saturday this year.

In observance of the national observance of the local Retail Merchants Association has asked all retail businesses to be closed for the day.

This column is of the opinion that there are too many in this country who seem to forget some of the days that should be recognized as holidays. There were two of these this month that should, in my opinion, be observed out of respect for those who gave their lives for the freedom that we enjoy.

On Memorial Day we noticed that the flag was flown at the city office and two businesses — that is all. Usually there is some sort of memorial service given by the veterans' organizations, but this year in Sanderson there was none. How soon do we forget the sacredness of that day? How often we should pause to think of those who made the supreme sacrifice that we might enjoy the blessings of life in these United States? Then on Flag Day there was only one flag displayed on the streets of Sanderson. There was no mention of the day or what it means anywhere locally that we heard of. Surely we have not reached a time when we are getting short of another war that will make us conscious of the sacredness of the principles for which several wars have been fought and won for the preservation of those principles.

During wartime the people of the United States do a lot of flag flying but in times of peace we forget that we have the same name for which we should be proud.

Let's observe this 4th of July with a true American spirit. Let us try our best to rededicate our hearts and our thoughts to those principles for which these wars have been fought.

All of Terrell County is waiting for the day when the production of gas will begin to flow through the pipeline to a market. That is the day when the economy of the county will be helped materially and actually by the discovery of the fine gas field in the northern part of the county.

It is estimated that there will be several new rigs in the county starting drilling immediately after work begins on the laying of the pipeline.

But there are some things that should not wait for that action. Some things need to go on now. Many businessmen are of the opinion that the morning hours when things happen, they can open their doors and let the gold flow.

There is a possibility that such a thing will happen, but only if some are made now to get that gold upon the sidewalks of Sanderson so it can flow through the doors.

There are those who imagine regular bonanza — a real rush — a big boom and all such dramatic occurrences.

Personally we hope that there be no such thing. The things that happen to and Sanderson would be most helpful and beneficial if they were to come in time for some real and sensible thinking on the part of dependable and responsible men who are in responsible positions in the town and county.

We have had the town here for a long time and we hope there continues to be a town here for a long time.

We could begin jumping around and find ourselves jumping away from ourselves in some hatched plans that some may have.

Let's be deliberate, slow and

Plans for Parade And Beauty Revue Are Announced

With Saturday, July 4th, a holiday in Sanderson, the Legion Auxiliary is planning a parade and beauty contest for the day.

The parade will be at 4:30 on Saturday afternoon and will form at the Alamo Lumber Co. Cars and floats are requested to assemble at 4 o'clock on School Street. The parade will be through the business district and disband at the courthouse.

Mrs. Lawrence James is in charge of the parade. All business firms and individuals who will do so are requested to have decorated cars and floats in the parade. Contestants for the bathing beauty revue are asked to ride in the parade in cars or floats, if possible.

Mrs. Ray Hodgkins is in charge of the bathing beauty revue to be for girls and young ladies from 2 years of age up. There will be several divisions and a first and second prize offered in each division. The revue will begin at 8 p.m. in the high school auditorium. Mrs. Hodgkins is appealing to everyone interested in entering the contest to contact her at DI 5-2267, so they may be registered.

No fee will be charged for entrants.

Masonic Officers To Be Installed At Paisano Meet

Officers of the local Masonic Lodge, along with officers from eight other lodges in this area will be installed at a joint meeting at Paisano Baptist Encampment, between Alpine and Marfa, on July 11.

Installation of local officers had been set for Wednesday of this week, but installation services were postponed to permit the participation in the joint ceremonies next month.

Fellowship and visitation will be between 4 and 6 p.m. Supper will be served at 6, followed by speeches by the Grand Matron of the Order of Eastern Star and the Grand Orator of the Grand Lodge of Texas, AF&AM.

The installation services will be by the Deputy Grand Master of the state body.

All members of the Masonic Lodge and members of the Order of Eastern Star and their families are invited to attend the meeting.

All who plan to go are asked to notify R. S. Wilkinson, secretary of the local lodge, so that he may send word next week of the number expected from Sanderson.

3 Goats, Lamb Missing from Ranch

Roger Rose reported that the theft of three goats and a lamb, all pets, from the house trap at his ranch east of Sanderson.

Mr. Rose said the animals had been seen earlier in the day near the house and were not there the next morning. There were signs of a vehicle having been there and the Mexican laborer had seen someone there the afternoon of the theft.

Mr. Rose has given notice of his intentions to prosecute trespassers in this week's Times and asks that all local people respect his property and his rights.

The theft of the livestock was reported to local officers. Mr. Rose said.

Coming Events

Monday, June 29 — Altar Society
Wednesday — Rotary Club
Thursday — Lions Club
Saturday, July 4 — Holiday, parade, bathing beauty revue.

County Equalization Board Finishes Property Valuations

The county board of equalization, comprised of County Commissioners F. M. Weigand, John Harrison, Sid Harkins and Charlie Turk, completed their work of placing valuations on certain properties within the county and hearing testimony of inequalities Wednesday.

Their valuations of oil and gas industries and associated industries over last year's valuations was approximately \$2,250,000.00.

Thus the total tax valuation of the county has been increased by that approximate amount, depending on such minor changes as increases or decreases in livestock population, and increases of new houses, etc., within the county since last year.

A breakdown of the values of personal, real and mineral properties is as follows (subject to possible protests):

Three Businesses Plan Openings On July 1st

Three businesses plan to be open in a new location on July 1. Two of the businesses are moving and the third is a new business.

The Vanity Dress Shop, owned by Mrs. Winnie Magill, will open for business in the front of the west side of the building east of the Princess Theatre. She will have a complete line of ladies dresses, lingerie, bags, blouses and hose.

Moving into the back portion of the same building will be the Vanity Beauty Shop, owned by Mrs. Emmett Young.

Mrs. Young will be assisted by a staff of beauty operators who will be able to take care of the needs of local ladies in hair styling, tinting, shampoos, permanents, sets, as well as manicures, and facials and all kinds of services offered by a beauty shop. She will also have a complete line of cosmetics.

The building is located at 114 E. Oak St.

On the east side of the same building Mr. and Mrs. Harvey Rogers are opening a cafe. They have operated the Best Cafe across the street for several months.

The new cafe will have more room for customers and will be able to give better service under better conditions, they say.

The Vanity Beauty Shop and the Vanity Dress Shop will have open house on Wednesday, July 1, and invite all their friends to come by and visit with them and see their new business locations and the services and merchandise they will have to offer.

The owners of the businesses stated that they will give door prizes and will serve punch and cookies to their visitors.

"They stated they would open their doors at 9 a.m. for the open house."

Mr. and Mrs. Rogers stated that they were going to try to open in their new location on July 1 and would have an announcement in next week's Times concerning their move.

Rufus Ross Injured In Pickup Mishap

Rufus J. Ross was seriously injured Tuesday night when his pickup left the road on Big Hill, 10 miles northwest of Sanderson on U.S. 285. The accident occurred about 9:30.

Ross received a broken leg and severe lacerations on the neck, plus body bruises. The pickup was demolished.

Mr. and Mrs. G. H. Carter are occupying the Clark rent house at 112 W. Mansfield.

Rains Pour Out Up To 3 Inches Local Reports Say

Rains dumped out up to three inches of moisture in this area Tuesday night. There was only a trace of rain locally.

Gene Thorn, west of Sanderson in Pecos and Brewster County got up to three inches of rainfall on parts of his ranch, according to reports. Heavy rains up to two inches were reported to the north of Sanderson in some of the Big Canyon country and east of U.S. 285 and all across the central part of the county, according to reports received here.

There was a heavy display of lightning in the cloud which hung across the northern horizon most of the night Tuesday.

The skies were overcast with high humidity and promises of rain Wednesday morning.

Late Monday afternoon a cloud blew up from the west and there was 2-inch of rain received locally with 3-inch reported just north of Sanderson.

Alpine Cowboys Plan Big Doings For Fans In July

The Alpine Cowboys, leaders in the Sophomore League, are planning a big month for fans during July.

There will be many happenings to further entertain the fans who attend the games.

Nineteen home games are on the slate for the Cowboys during July.

On July 4, in cooperation with the American Legion, the annual gigantic fireworks display will be held between games of the doubleheader with the Hobbs Cardinals, leaders of the northern division. Eddie Popowski, Cowboy manager, will also entertain the fans with a performance featuring tricks learned in his House of David days.

On July 5 several Cowboys will attempt to catch three baseballs dropped from a Casparis Flying Service airplane.

July 6 and 27 will be ladies' night.

July 10 will be family night.

July 26 will be camera day.

July 23 will be field events night. There will be a home-run hitting contest; fungo hitting contest; catcher's accuracy contest; sprinting around the bases backward race; and an egg throwing contest.

The latest statistical reports indicate the Cowboys leading the league in team hitting with 299 average and team fielding average of .962. They have six players over the 300 mark in hitting and one player has a .387 average.

Their pitching staff boasts of one pitcher with 12 wins, leading the league and another pitcher has an earned run average of 2.61 in 93 innings pitched.

Kin of Local Men Dies In Beeville

Funeral services were held on Monday morning in San Antonio for Mrs. Louise Stumberg Han-nay of that city. She died Saturday afternoon in a Beeville hospital where she had undergone major surgery twice in recent weeks.

Mrs. Hannay was the sister of S. L. and W. R. Stumberg and had been a frequent visitor here. Other survivors include a step-daughter, Mrs. Donald McClain, of Alton, Ill.; a brother, B. O. Stumberg, of Tallahassee, Ala.; a sister, Mrs. M. T. Hearne, of Helotes.

Messrs. Stumberg and their wives had made several trips to Beeville to visit with Mrs. Han-nay during her last illness and attended the funeral services.

Testing Continues on Shell; Goode No. 2 Completed

choke and perforations between 8,586-695 feet.

Another test reported on Saturday through the same perforations with the 1-4 inch choke open for 14 hours, there was a daily flow of 1,540,000 cubic feet.

Testing is continuing on the No. 1 J. E. Smith by Shell Oil Co. and Humble Oil Co. in section 5 of Block A2 in the extreme northern part of Terrell County.

The project is scheduled as a dual producer of gas and oil.

Reports received Friday of last week were that the project had flowed for 19 hours, making gas at the rate of 1,590,000 cubic feet daily, plus five barrels of fluid.

Flow was through a 1-4 inch of gas plus five barrels of fluid.

These perforations are in the Devonian.

In tests reported Tuesday of this week, operator used a 1-7/8 inch choke and left flow on for 15 1/2 hours and reported a flow of 2,270,000 cubic feet of gas daily plus eight barrels of load oil and six barrels of load water.

The project was drilled to 10,292 feet in the Ellenburger and there was production of oil indicated in the Strawn while the project was being drilled with the recovery of 1,800 feet of free oil and 930 feet of mud-cent oil, no water on a test between 7,955-8,036 feet.

Testing on this project is continuing.

It has been unofficially, but reliably reported that the No. 2 Goode Estate by Magnolia Petroleum Co. has been completed and has Christmas tree installed on surface casing. The location of this hole is in section 1, Block R and west of the Magnolia Petroleum Co.'s No. 1 Brown-Basset which was the field opener.

Production potential at the well is unknown but the well is equipped to be a producer when an outlet for the gas is available.

No information on progress of the project was made during the entire drilling operation.

A report received Wednesday was that the operator had tested through a 1-2 inch choke for 24 hours and the well flowed gas at the daily rate of 1,250,000 cubic feet.

There was no gauge on the load.

Operator set a retrievable plug at 8,526 feet, perforated opposite the upper Devonian from 8,372-77 feet, 8,388-396 feet and 8,402-492 feet, washed with 500 gallons of mud acid and treated with 500 gallons of regular acid and was swabbing the load.

Color Film To Be Shown At Church Next Wednesday

The film "Our Changing World" in color, running time 71 minutes, will be shown at the El Buen Pastor Church Wednesday night at 7:30. The film is the dramatic story of the creation, graphically illustrated with time-lapse, animated, microscopic, and regular photography — a chain of impressive sequences with commentary and musical background. It is said to be a religious-scientific achievement.

The public is invited to see the film. No charge will be made but a free-will offering will be taken to help cover the rental cost of the movie.

Thieves Nab Tires From Two Cars

Thieves stole a wheel and tire from the car of W. W. Sudduth sometime Friday night of last week. The car was parked in front of his house at the time.

The thieves jacked up the car removed the wheel, and left the jack under the car and left.

Sudduth discovered the theft the next morning as he was ready to leave the house.

The same night thieves stole a wheel from the station wagon of Lewis Hill at Longfellow. They also got a tool kit and a quilt out of the station wagon.

It is supposed that the thieves were traveling through the country.

Mr. and Mrs. Ben Martin visited in the Big Bend Park Saturday with their son, Ben Ed Martin, and family. Russell and Bobby Martin accompanied their grandparents home.

Aldridge-Reid Wedding Rites Read in Woodville

Mr. and Mrs. Gene Aldridge will be at home in Sanderson when they return from their wedding trip to Mexico City. They were married in Woodville, Texas, Saturday evening. The bride, Miss Martha Burtis Reid, is the daughter of Mr. and Mrs. John B. Reid of Woodville. The bridegroom's parents are Mr. and Mrs. J. Bart Aldridge of Wewoka, Oklahoma. For the wedding in the First Baptist Church, candles were on the chancel rails which were lined with jade foliage and tapered

jade trees were arranged to each side. Grecian urns filled with white chrysanthemums added a further decorative note.

Dr. Raymond Parker, pastor, officiated at the marriage rites. Mrs. R. M. Lobaugh of Wewoka was the organist and Miss Pat Brawner of Houston the vocalist. Given in marriage by her father, the bride's gown was fashioned of magnolia silk mist taffeta in princess silhouette with flowing court train. Re-embroidered Alencon lace outlined the rounded neckline and demi-sleeves and embellished the sculptured bodice. Appliques of the lace extended deep into the front panel of the gown. The shoulder-

length veil of illusion was fashioned in Madonna-style with jewel-encrusted Alencon lace framing the face and outlining the border.

She carried a white Bible, the gift of the bridegroom, and atop it was a cascade bouquet of lillies of the valley and phalaenopsis orchids with English ivy. Miss Ann Reid of Houston was the maid of honor. The bridesmaids were Misses Marcia White of Baytown, Gwen Davis of Houston, and Betty Reid of Woodville. Mrs. Richard Harkins of Kansas City, Mo. and Mrs. Jack Gregory of Woodville. Their gowns were of Provence blue mousseline seasoie, in princess style, with fine-

ly pleated Empire yokes. They wore picture hats of hair braid in the same shade. They carried cascade bouquets of pink roses and natural English ivy foliage.

Barry Van Sandt of Oklahoma City, Oklahoma, was best man. The groomsmen were Rufus Van Schmidt of Houston, Dr. W. J. Reid of Shreveport, La., James Williams of Woodville, Duke Lison of Wewoka, Oklahoma, and Richard Harkins of Kansas City Missouri.

A reception in the home of Mr. and Mrs. S. P. O'Brien and Mrs. S. H. Reid, Sr., with Mr. and Mrs. R. J. Reid assisting, followed the wedding.

The bride graduated from the Woodville high school and is a June graduate of the School of Music of Baylor University, at Waco. She is a member of Mu Phi Epsilon and Phi Beta Mu music sororities.

Mr. Aldridge is a graduate of Oklahoma University where he received his degree in geology and geophysics. He is a member of Sigma Alpha Epsilon, social fraternity. Following his graduation, he served for two years as director of personnel at James Connally A.F.B., in Waco. At present he is with Geophysical Service Incorporated in Sanderson.

Perkins-Crowder Betrothal is Announced

Mr. and Mrs. Howard Loftin Perkins of Uvalde have announced the engagement of their daughter, LaNelle, to Linuel R. Crowder, son of Mr. and Mrs. R. G. Crowder, of Alpine. The Crowders are former Sanderson residents.

Linuel is a graduate of the Alpine High School and is attending Sul Ross College. The wedding date has been set for Thursday, August 25, in Uvalde.

Gerry Lea Brown's Wedding Plans Told

MISS GERRY LEA BROWN

Mr. and Mrs. Paul C. Brown of Fort Stockton have announced the engagement and approaching marriage of their daughter, Miss Gerry Lea Brown, to Joe Callahan, son of Mr. and Mrs. Denny Callahan of Carrizo Springs. The Browns are former Sanderson residents.

Miss Brown was a May graduate of the Carrizo Springs High School.

The wedding is planned for Monday, July 6, in the First Baptist Church at Carrizo Springs.

Return From Kansas Visit

Mrs. Clyde Higgins, with her daughter, Mrs. L. G. Hinkle, and son, Glen Bob, returned home Tuesday night from Augusta, Kansas, where they visited with her sister, Mrs. R. O. Winzer, and family. They attended the wedding of her nephew, Jim Winzer, and Miss Alice Markley in the Cumberland Community Church in that city last Friday. En route to and from Augusta, they visited with relatives in several cities.

clings to curves like a cat on a carpet!
the travel-lovin' Chevrolet

Nothing else but a dyed-in-the-wool sports car like the Corvette can take a turn with such solid assurance!

It's easy to see where Chevrolet gets its road sense. With big coil springs at every wheel, a firm, wider stance and all of its pounds distributed with painstaking care, Chevy's born with it.

The only thing that may be hard to understand is how it can offer the ride it does, along with so many other luxury-car virtues, and still compete in the low-price field.

We use the word *compete* only in the sense of price. For with a ride as special as Chevy's, real competitors are hard to come by. There's a world of difference between Chevrolet's coil springs at all

four wheels and the leaf springs that most other cars still use. Take a Chevy down a snaky back road and you'll feel the difference in the sure way it holds through curves and shoots over rough spots with hardly a ripple.

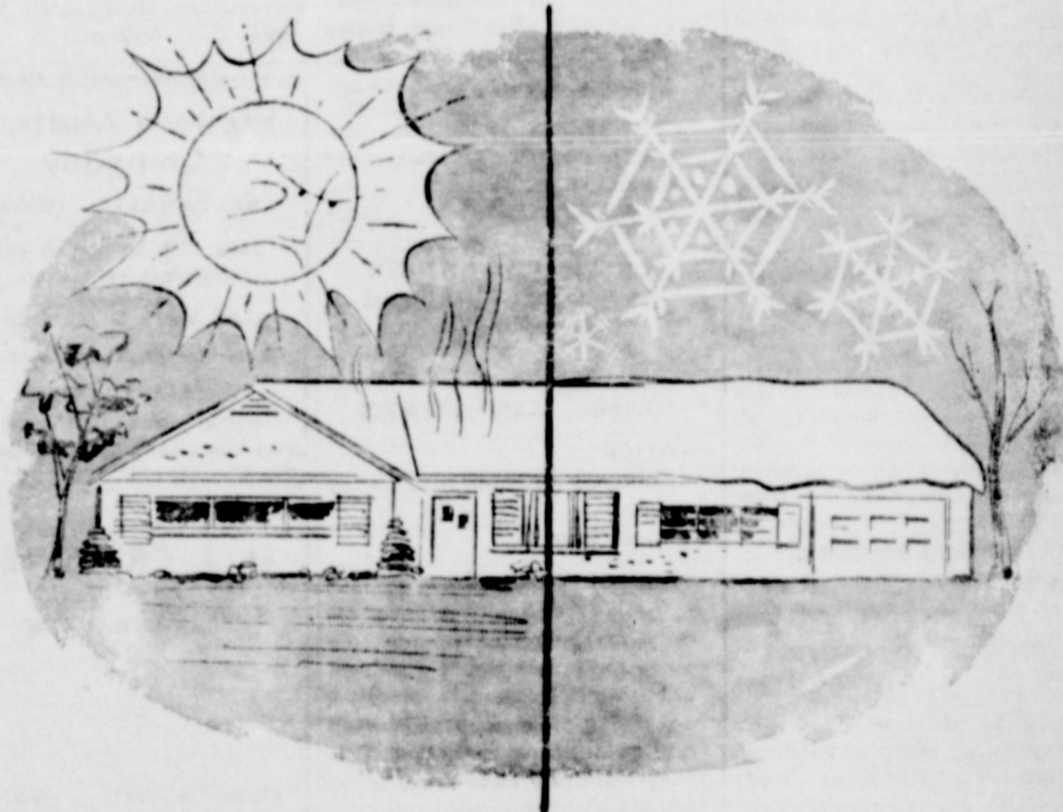

This one's really made to travel and loves every minute of it.

Stop by your local authorized Chevrolet dealer's and sample Chevy's road sense!

TELEPHONE TALK
by Richard Turner, Manager

Recently I was looking over a few records in the business office and was really disappointed by the fact that so few of you have one of the color telephones we offer at no monthly charge.

WHY NOT?

This is probably my fault for not giving you all the details. A telephone in color can give that extra touch of elegance and luxury to your home and it provides a certain air of prestige in knowing that you have the best to be offered. There is only a one time charge of \$10.00 for the decorator color of your choice and the instrument is yours as long as you live in the area my company services.

It is a proven fact that colors do affect a person's state of mind and his emotions. Here's some things about color you may find interesting:

- Red — an action color. Suggests excitement, dash, warmth, life, action, danger, and things of urgent importance. Known as a warm color.
- Blue — cool, man, cool! According to color psychologists the coolest of colors. It has restrained dignity and suggests quiet sober action, permanence and sincerity.
- Green — A live color. It suggests vigor, life, growth. Its psychological effect is restfulness, peace, growing things — a world of living matter.

Today's modern telephones come in all three of these colors. They are also available in white, yellow, ivory, gray, pink and beige.

Call Mrs. Totta Keene or Mrs. Rennie McWilliams at TE 4-402 and they will be glad to explain the one time installation charge to you. Go modern today with color telephones!

VACATION HINT

When you stop in the middle of your vacation this year to remember your friends or family back home, why not give the "wish you were here" greeting with a new twist. Do it with a Long Distance call. It's more fun that way and you can catch up on the news at home, too.

And remember to call station-to-station. It's cheaper — you can make three calls for the price of two.

BUSY TELEPHONES

With school out for the summer, telephones in many homes will probably be getting a real workout.

There'll be calls from the children's friends at most any hour of the day — to round up the group for a game, to arrange to meet at the movies, or to compare notes on a new bike or the latest record album.

Whatever the call, the telephone is always there to help teenagers — and small fry, too — have more fun during the vacation.

If you have children whose friends keep the phone ringing at a merry clip, make it easy for your youngsters to answer without running through the house. Extension telephones will do the trick.

Why not call the telephone company for a home extension telephone today? The cost is low, just \$1.00 a month plus installation.

Call by number. It's twice as fast.
