

FREAK ACCIDENT

Patrol Car Wrecked; Moorman Is Uninjured

Frona Chief of Police Ben Moorman was practically uninjured, but his patrol car suffered extensive damage last Thursday when he wrecked it enroute to investigate an accident on snow-slick Highway 60 east of Friona.

Moorman received word of an accident involving two vehicles west of Black Thursday morning. He radioed the accident to the sheriff's office in Hereford. The Deaf Smith County patrolman was at that time near Canyon, and would be some time before he could investigate the accident due to the heavy snow-fall.

NEXT WEEK

Frona Schools Host Parents

Public Schools Week in Texas will be observed in Friona next week, and parents are invited and encouraged to visit any and all school buildings during the week, according to Superintendent of Schools Alton Farr.

Parents and friends are also invited to join the children by eating in the lunch room during the week. During Public Schools Week only, adults may eat for 35 cents each. Ordinarily they are charged 70 cents to eat at the lunch room if they are not connected with the school.

A special schedule has been drawn up to facilitate the visiting, and parents are requested to follow it where possible. Monday is the special day for parents of children in grades one, five and nine to visit the schools.

Tuesday, emphasis will be on grades two, six and ten. Wednesday, parents of children in grades three, seven and 11 are asked to visit, and Thursday, parents of children in grades four, eight and 12 should try to visit the schools.

There will be no school on Friday, March 8, which will be the date for the annual convention of teachers from District Nine, to be held in Amarillo. A special program will be conducted for parents of high school students Tuesday night, March 5 from 7 to 9 p.m. A regular daily schedule, with approximately 20 minutes for each class, will be simulated. Parents of high school children are requested to register upon

GHOSTLY . . . Fossy May Purdy (Carol Ray) has her doubts about Crazy Nell (Wanda Ready) in this scene from the senior class production, "Gangway for Ghosts," which will be presented tonight and tomorrow night.

Seniors Present Play Tonight, Tomorrow

The senior class of Friona High School will present its play, "Gangway for Ghosts" tonight and tomorrow night in the High School Auditorium. Curtain time is 8 p.m. both nights.

The play is a comedy-drama in three acts, written by Jay Tobias. The situation centers around 17-year-old Sally King, played by Janet Buckley, who wants to be a detective and tries to find out the mystery of Storm Heights, an old mansion overlooking the Hudson River.

City Council Meet Changed

The regular meeting of the Friona City Council has been changed from Monday, March 4 to Tuesday, March 5, at 7:30 p.m.

The change was made so as not to conflict with the Friona girls' bi-district basketball game on Monday.

Well, I don't know about you, but I think it will take more than the puny efforts of man to remove the 'if' from that question. But, there will be people who disagree with me and try. After all, there were people who didn't believe a man could have a leg chopped off and sewed back so that it could be as good as new, but it has been done -- according to reports.

M. C. Osborn Named To Head County Stock Show

Bill Nichols, general chairman of the Farmer County Junior Livestock Show, has moved from Friona, and appointed M.

C. Osborn to succeed him as head of the annual show, scheduled March 7, 8 and 9 in Friona. Osborn announced the following show superintendents:

Flake Barber, barrows; Martell LeVeque, steers; and Otho Whitefield, sheep.

He also reminded show entrants that weighing in of the barrows will begin at 1 p.m. Thursday, an hour earlier than usual, because of the large number of entries expected in this division.

Sheep will also be accepted Thursday afternoon. All animals are to be in their places by 6 p.m. Thursday. Pre-judging of barrows and lambs will begin at 7:30 a.m. Friday, with judging to follow.

Weighing in of steers will be Saturday morning starting at 7 a.m. Judging of steers will start at 9 a.m., with the sale all animals at 1 p.m.

Charles Smallwood, head of the Agriculture Department at West Texas State College, will judge the show, open to students of vocational agriculture or 4-H Club members.

The show coincides with Public Schools Week, with the main judging coming on Friday, which is a school holiday in the county because of the district teachers meeting.

The top ten steers in each of (Continued on Page 2)

AWARD WINNERS . . . These are the winners of the Chamber of Commerce's annual awards, presented Tuesday night. From the left are Steve Messenger ("Man of the Year"), Mrs. O. J. Beene ("Teacher of the Year"), Mrs. Pat Busby ("Employee of the Year"), Mrs. Jay Sanders ("Woman of the Year"), and Bill Wooley banquet Master of Ceremonies.

FRIONA, TEXAS THURSDAY, FEBRUARY 28, 1963 TEN CENTS

THE FRIONA STAR

VOLUME 41, NUMBER 22 14 PAGES SECTION I

HERE TUESDAY

Outstanding Citizens Announced At Banquet

Steve Messenger and Mrs. Jay Sanders were honored as Friona's "Man of the Year," and "Woman of the Year" at the annual banquet of the Friona Chamber of Commerce and Agriculture Tuesday night at the School Cafeteria.

Also honored were Mrs. O. J. Beene, selected "Teacher of the Year," and Mrs. Pat Busby, Friona "Employee of the Year."

Messenger, Friona accountant, works every year with the United Fund, is a district Boy Scout committee man, serves on committees for the county junior livestock show, is Soil Conservation District secretary, is chairman of the supervisory committee of the Friona Federal Credit Union, serves on

Maize Days committees each year, and is vice president of the Chamber of Commerce and secretary to the Board of Directors.

Also active in church work, Messenger was Baptist Student Union president at West Texas State College, where he was a member of the Mary E. Hudspeith Honorary Society. Messenger is a member of the IOOF Lodge, and Lions Club, where he currently is district zone chairman and has a six-year perfect attendance record. He has served as president of the Panhandle Foreign and Sports Car Club.

The "Woman of the Year" choice is an officer in the Friona Home Demonstration Club, and also holds a district office. Mrs. Sanders is an ardent worker in Scouting, where two of her three sons have gained the Eagle Scout award.

She is also active in church and civic organizations, and is occasionally called on to do art work for church, school or civic organizations, and has taught others to paint.

Mrs. Beene is a Sunday School teacher at the First Baptist Church, and is also active in the American Legion and other organizations. She re-entered the teaching profession after a "retirement period," and in 1959 became teacher of Friona's first and only non-English speaking class, teaching Spanish-American children to speak English so they may enter the first grade the following year.

Squaws Seek Bi-District Title On Monday

After an absence of two years in the playoff wars, the Friona High School Squaws will shoot for the bi-district basketball championship at Abernathy Monday when they tangle with the Post girls.

Friona, which has won district five times in the past seven years under Coach Baker Duggins, will shoot for their third bi-district win in six years.

The Squaws are champions of District 3-AA, have a 22-7 record for the season, and will play the Wayland College Queen Bees in an exhibition game Saturday at 7 p.m. at Plainview.

The Post (District 4-AA) girls have a 29-6 record. They edged Cotton Center, 49-43 in their last outing, a team which Friona handled, 75-56 here last Friday.

Starter Charlotte Nettles missed the Squaws' last game. She has been battling influenza lately, and may not be at full strength for the game. However, Charlotte was in school Wednesday, and Coach Duggins said

she would probably be able to play by Saturday against Wayland.

The 1960 Squaws finally made it through bi-district, winning regional, and got all the way to the state finals, before falling to Buna, 60-54.

THREE LOCATIONS

Type III Vaccine Offered Sunday

Parmer County residents will avail themselves of the third series of mass immunization clinics which will administer Sabin Oral polio vaccine Sunday. Clinics at Bovina, Friona and Lazbuddie will administer Type III vaccine to all who have not had it. As in the past, Friona and Lazbuddie clinics will operate from 12 noon until 4:30, and the Bovina clinic will be held from 1:30 to 4:30. They are scheduled at the school cafeterias at each location.

but we now feel it is safe for everyone," Spring said. Those who have had one or both of the other types of vaccine are requested to bring their record cards so that notations may be made. Type III may be taken whether either of the other two types were taken or not. "The order of the shots does not matter. Each one protects the person against a different type of polio. The main thing to keep in mind is to take the inoculations at least six weeks apart," Spring said. As was the case with the previous clinics, the vaccine is free to the public, but donations will be accepted to defray expenses of administering the vaccine.

NEW PIPELINE . . . City employees are shown laying a new ten-inch pipeline which will connect present lines with the new overhead water tower when it is completed.

AGAINST POST

Friona will be shooting for its third bi-district championship and trip to the regional tournament in recent years. In 1957, Duggins' first year as coach, the Squaws won district, but lost to Hale Center, 47-44 in bi-district. The next year, Friona won district and

she would probably be able to play by Saturday against Wayland.

Curiously enough, although the Squaws were beat out for the district title the past two years, those teams turned in some of the better records for (Continued on Page 2)

Nichols Will Manage Bank

Bill Nichols, vice president and agricultural representative of Friona State Bank, left Friona this week after closing a deal to manage the First National Bank of Cordell, Oklahoma. "We join the community in mourning the loss of Bill," said Frank Spring, president of Friona State Bank. "But we realize that it was an opportunity for him to advance, and wish him our best," he added. Nichols was very active in civic and club affairs during his residence in Friona.

SPORTS FANS . . . Two of Friona's most avid sports fans are Mr. and Mrs. D. E. Mann, who practically never miss a game played by the local teams. The Manns, along with practically the rest of the city residents, are expected to be in Abernathy Monday for the Squaws' bi-district game.

Top Citizens Named At Chamber Banquet

(Continued from Page 1)

tious" about their custom of using hand labor.

"There should be no need for hand labor, especially the use of itinerant workers, if the crop is handled correctly," Lavis predicted.

He also voiced the hope that the new sugar refinery to be built at Hereford would beat the average length of operation for such a refinery (100 days per year) by a considerable margin.

Because of the favorable growing season, plus the prospects of having beets earlier and later from the immediate area as well as from other possible areas in the state, Lavis said the mill might conceivably be kept in operation from six to eight months out of the year.

"Naturally, it is the community's advantage for an industry such as a sugar mill to operate as much as possible during the calendar year," Lavis said.

He said that the mill, if it runs more than four months, which it should have no reason not to do so, would give it the longest operating season of any similar refinery in the United States, and the world, for that matter.

Lavis impressed the audience of approximately 200 people with his discussion of sugar beet yields, the hardness of the plants, and the value of their by-products.

Beet pulp, he said, is converted into a tremendously fine cattle feed, one which stimulates the animals, and acts as a health stimulant as well as a feed.

Lavis used figures to show that area farmers should be able to produce a sugar cash crop worth more than their regular crops, and at the same time produce by-products (pulp) with as much calorie value to animals as 100 bushels of corn

per acre. Touching on a subject aside from beets which is of interest to area farmers, Lavis said the farmers here, in his opinion, ran their irrigation water too far.

"Better and more economical results should come from more ditches and shorter lengths of irrigation," he said.

New directors for the Chamber of Commerce and Agriculture were installed. They are O. J. Beene, Hoyt Smith, Elvie Jennings, C. B. Short and John Bingham. Retiring directors are Paul Fortenberry, Granville McFarland, Wesley Foster, and Frank Spring.

Holdover directors include Dr. Bill Beene, Marion Fite, Steve Messenger and G. W. Fleming. Fleming is the new president of the board, Messenger is vice president and Beene is secretary. Porter Roberts is the new chamber manager.

Patrol Car--

(Continued from Page 1)

The city patrol car slid across the bar ditch on the north side of the highway and crashed rear-end foremost into an electrical highline pole. Moorman was thrown into the back seat of the vehicle, but suffered only a bruised hand.

A special meeting of the Friona City Council was held Monday night, to inquire about the circumstances surrounding the accident, to develop the damage to the patrol car, and determine the best prospects for replacing or repairing the vehicle.

No action was taken in the Monday meeting, as more salvage and repair costs will be sought.

Squaws--

(Continued from Page 1)

girls teams at FHS, with something like 47 wins against seven losses over the two-year period.

Duggins remembers his first district champions as a team that came from nowhere to take the title. "They became good by shooting goals on dirt courts, with a hoop on the side of a barn in some cases. They just decided to make champions of themselves."

And that seems to have become a trademark of his teams.

Lazbuddie To Greet Guests

Lazbuddie schools welcomes all parents and friends to visit them during Public Schools Week March 4-8, according to Superintendent of Schools James G. Ward.

Visitors are urged to visit the school system any day of the week, Monday through Thursday. A special "Parent Day" is planned for Thursday, with all parents invited to have lunch at the school at 12:30.

Friday, March 8, will be a school holiday, with classes dismissed for the annual district teachers' meeting.

Col. Ross Ayers Gets New Honor

Col. Ross Ayers of Friona received a new assignment with the 36th National Guard division in a reorganizational meeting in Austin recently.

Col. Ayers was advanced from an executive officer's position to the role of commander of all artillerymen in the 36th division. Ayers is a Texas Tech graduate, and lived in Lubbock, where he coached and taught in Lubbock schools several years. He was commander of the Lubbock National Guard until two years ago.

The reorganizational plan goes into effect March 1.

Farm Meeting Monday Night

An agricultural chemical meeting is scheduled for 7:30 p.m. Monday night at the Hub Community Center. All area farmers are invited to attend, and see actual results of chemical application in the immediate area from last year's crops.

Hub Fertilizer is sponsoring the meeting, which will be presented by representatives of Chemagro's Plainview outlet, the Rowland-Gordon Company.

Featured will be granular insecticides, pre-emergence sprays and weed control results.

All farmers should attend this meeting, which shows what has been done right here at home," says Bill Wooley of Hub Fertilizer.

Osborn--

(Continued from Page 1)

four divisions will be sold. Sixty barrows and 30 lambs will also be shown. Grand and Reserve Champion steers and barrows must sell, and the champion of each lamb division must also sell.

SCHOOL GETS CANDIDATE

Still No Candidates For Council; Deadline Nears

With the deadline for filing for the city council race Saturday, there are still no candidates in the race, with three aldermen's terms expiring.

One candidate has filed for re-election in the Friona School Board election, with that deadline also rapidly approaching--next Wednesday, W. M. Massie announced this week that he would be a candidate for re-election. The other board mem-

ber whose term expires is D. C. Herring.

The three city council aldermen whose terms are expiring are Bill Nichols, Wright Williams and Kenneth Williams. Nichols has moved from Friona, so his position will definitely be vacant.

The city election will be held Tuesday, April 2, and the school board election will be Saturday, April 6.

Editorial Comment :

Accept Hospitality Of Schools; Visit Yours During March 4-8

The need for the public school never changes, but times and conditions may change or require to be changed methods and practices of public education. This is inherent with anything that grows, for growth is the result of change.

Our Texas public schools were created 109 years ago. In 1854 the first law was passed establishing the public school.

It is a healthy thing in our democratic way of life to have intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problems of citizenship in the years ahead.

Yes, "bring me men to match my mountains." That is the need of our times and must come from the public schools--schools that are strong in virtues required for building strong men and women.

We can be assured of this and do our part in understanding and helping the public schools to fulfill their great obligation to our times by being a participant in the annual Public Schools Week, March 4 through March 8, 1963. Schools will hold open house; accept their hospitality, and you will enjoy the experience of going back to school--if but for a day.

Temperatures Climb After Wintry Flurry

Temperatures in Friona climbed back up to comfortable spring-like levels after a dip back into winter last Thursday, which saw the mercury stay between 22 and 26 degrees for a 24-hour period.

After Friday's low reading hit 15 degrees, the mercury climbed back into the 60s both Sunday and Monday, and hit 73 degrees Tuesday.

The winter's best snowfall -- four inches -- was recorded last Thursday, which melted down to an official water content of .18 inches. Another .02 inches of moisture was recorded after 5 p.m. Thursday. That left the moisture reading for February at .49 inches, which looks good after January's bone-dry total of .02 inches.

Dimmitt Hosts Harlem Stars

The hilarious Harlem Stars will be in Dimmitt, March 1, for an exhibition game. Their opponents will be a team composed of Dimmitt coaches and coaches from surrounding towns. The game will be in the North Grade School at 8 p.m. The Dimmitt P.T.A. is sponsoring this game and the proceeds will be used to buy an eye machine for the Dimmitt School system. Admission will be \$1.50 for adults, \$1 for students and 50 cents for children under 12.

LA VOYCE BURROW

Mrs. Jerry Brownd Shower Honoree

Mrs. Jerry Brownd was guest of honor Thursday, February 14, when Mesdames Kenyth Cass, Forrest Osborn and Ralph Shelton entertained with a coffee and stork shower in the Shelton home on West Fifth Street.

Coffee, checkerboard sandwiches and Swedish timbales were served from a table covered with a lace cloth and centered with a large yellow and white stork. Favors were miniature baby bottles and shoes.

Those present, besides the guest of honor, were Mrs. Arthur Drake, who is her mother; Mrs. R. V. Brownd and Mrs. R. E. Brownd, Levelland; Mrs. George Price, Brownfield; Mrs. Bill Maddox, Lubbock and Mrs. Gib Brown and Mrs. Gary Brooks, Hereford.

Also Mesdames Hoyt Smith, Clyde Weatherly, Paul Hall, Wesley Foster, James Boyle,

Ernest Anthony, Ronnie Casteberry, Mack Batnum, Earl Drake, Edward Allen, Dorothy Hough, and Raymond Euler.

Also Mesdames Jean K. Anthony, Guy Latta, Raymond Miller, Thomas G. Gibson, Lloyd Chesher, Russel O'Brian, W. S. Ingram, Floyd Rector, Opal Jones, John D. Sanders and the hostesses.

Mr. and Mrs. Floyd Crume Jr. of Farmington, New Mexico, were weekend visitors in the home of Mrs. Crume's parents, Mr. and Mrs. Jim Cocannour. The Crumes are former Friona residents.

Have a job which is creative and which you enjoy—and if you dislike your work, change positions. Unhappiness and fatigue walk hand in hand.

LaVoyce Burrow Installed Rainbow Worthy Advisor

In an open installation service at Masonic Hall Saturday, February 16, LaVoyce Burrow, daughter of Mr. and Mrs. John Burrow and a senior in Friona High School, was installed Worthy Advisor of Friona Rainbow Assembly No. 275.

Miss Burrow's theme for the year is "Faith." Her charity project is collecting and sending clothes to needy persons in Guam. Kay Johnson, soloist, sang "Climb Every Mountain."

Sharon Reeve served as installing officer. Those assisting her were Gayle White, installing Chaplain; Sarah Ann Miller, installing Musician; Nettie Collier, installing Recorder and Kay Coffey, installing Drill Leader.

Other officers installed were Marca Lynn Massie, Worthy Associate Advisor; Merylene Massie, Charity; Rita Collier, Hope; Mary Ann Roberts, Faith; Rhonda Fallwell, Love; and Diana Gilliam, Fidelity.

Also Karen Osborn, Patriotism; Kay Johnson, Service; Sharen Awrey, Confidential Observer; and Becky Coffey, Musician.

Members of the Advisory Board, Mrs. Gladys McVey, Mrs. Lillian McLellan, Mrs. Betty Rector, Mrs. Eula Akens, Mrs. Tommie Mercer, Mrs. Marie McKee and Mr. and Mrs. W. M. Massie, were also installed.

Mrs. Lillian McLellan was installed Mother Advisor.

At the Monday evening meeting Gayle White was installed Recorder and Sharon Reeve was installed Drill Leader.

Orval Wade Blake Born Saturday

Mr. and Mrs. O. L. Blake became parents of a baby boy at Deaf Smith County Hospital Saturday, February 16 at 3:59 p.m. He was named Orval Wade and weighed 9 lbs. 3 ozs.

Orval Wade is the third child for the couple. Older children are Ricky, 4, and Cindy, 3.

His grandparents are Mr. and Mrs. L. B. Blake and Mr. and Mrs. Otey Hinds all of Friona. Great grandparents are Mr. and Mrs. C. L. E. Nell of Meadow and Mrs. Arma Coffman, Friona.

These fifteen Brownies became Girl Scouts Monday evening. Leaders of the troop are Mrs. Alice Whaley, Mrs. Mamie Lou Welch and Mrs. Anita Pearson. Girl Scouts in the picture are Linda Perkins, Regina Duke, Johnny Cudd, Sandra Reznik,

Susie Spring, Jayn Massie, Nancy Scales, Sheryl Worley, Gloria Brown, Gay Welch, Susan Floyd, Barbara Weast, Patsy McVey, Cindy Campbell and Rita Mullins.

Fifteen Brownies Become Girl Scouts Monday

Fifteen members of Brownie Troop 268 received their wings and Girl Scout pins in a formal Fly-Up ceremony at Union Congregational Church Monday evening.

A family supper was served in the basement of the church preceding the program in the auditorium. Hostesses were the leaders, Mesdames Alice Whaley, Mamie Lou Welch and Anita Pearson.

Troop committee members, Watson Whaley, Mrs. June Spring, Mrs. Elwanda Campbell and Mrs. Olive Massie assisted with serving the meal and decorating for the program. The

invocation was led by Mrs. Hudson Phillips, Sr.

Opening number was group singing of America and the flag ceremony by members of the troop. The welcome address was given by Mrs. Alice Whaley.

As each girl entered an ivy covered bridge her wings were presented by Mrs. Pearson and Mrs. Welch. After a candle ceremony and repetition of the Girl Scout oath, promise and laws, pins were presented by Mrs. Nora O'Brian, neighborhood chairman and Mrs. Louisa Wilson, program coordinator.

An informative film, accompanied by sound, explaining some of the objectives of Girl Scouting was shown by Mrs. O'Brian.

School Lunch Schedule

February 26, 1963
Monday - Meat loaf, potatoes au gratin, buttered carrots, pickled beets, milk, rolls, butter, apple sauce cake.

Tuesday - Chicken pot pie, English peas, carrots, corn, celery sticks, milk, rolls, butter, fruit cocktail cake.
Wednesday - Pinto beans, cheese slices, greens, onions, light bread, butter, chocolate, apricot cobbler.

Thursday - Chicken & gravy, potatoes, buttered beets, jello fruit salad, chocolate pudding, rolls, butter, milk.

Friday - Pork chops, rice, green beans, carrot sticks, rolls, butter, peach halves.

Drakes Have Dinner Guests

Sunday dinner guests in the home of Mr. and Mrs. Arthur Drake and Peggy were Mrs. Treva Reece, Canyon; Mr. and Mrs. Bailey Lee Reece, Janet, Kay and Rick, Tullia; and Mr. and Mrs. Bud Minor and Dale, Hereford.

Also Mrs. A. O. Drake, Mr. and Mrs. Earl Drake and sons and Mr. and Mrs. Jerry Brownd, all of Friona. Mrs. Reece, who had been visiting in Friona several days, returned to Canyon late Sunday.

Of Interest To THE WOMEN

A Cappella Chorus To Sing Here Friday

The 52-voice A Cappella Chorus of Lubbock Christian College will present a program of sacred music at the Sixth Street Church of Christ here at 7:30 p.m. Friday.

Friona is the first stop for the chorus on the first of three tours scheduled for this semester.

Other concerts will be presented at Stinnett, Memphis and McLean.

Billy Wayne Hinds, director of the A Cappella Chorus and head of the music department at LCC, has announced that the repertoire for the local performance will include hymns, concert religious numbers and spirituals.

Also included in the concert will be numbers by five smaller ensembles within the chorus. Featured on the program will be numbers by the Male Quartet, Girls' Trio and Girls' Sextet.

A special feature of the concert will be a "Sermon In Song." This has been a feature of the LCC A Cappella Chorus since it was first organized in 1957 when the junior college opened. Title of the current "Sermon In Song" is "The Death of Our Lord, Jesus The Christ."

Members of the Sixth Street congregation join its elders in inviting everyone in the area to attend the concert.

Date Set For Spring Fever

Members of the joint clubhouse committee of Friona's Federated Women's Clubs met recently at the Club House and selected March 22 as the date for the jointly sponsored style revue.

This spring style show is presented in cooperation with local merchants and latest fashions in wearing apparel for men, women and children are shown.

Tickets are available from any member of the federated clubs. Proceeds are used for clubhouse maintenance. Other business taken care

of by the committee was appointment of Mrs. L. R. Dilger of the Friona Woman's Club to keep the clubhouse calendar and to assume responsibility for all clubhouse rentals for the remainder of the club calendar year.

Mrs. Dilger's phone number is 8541 and anyone wishing to rent the building is asked to contact her.

Party Honors Belinda Dunn

Mrs. Earl Dunn was hostess at a birthday party in her home from 3:30 to 5:00 p.m. Monday honoring her daughter, Belinda, who was observing her fourth birthday.

Following a game session refreshments of birthday cake and punch were served. Those present were Cindy and Lori Hunt, Carl and Terry Don Newell, Debbie and Janet Varner, Ronny, Larry and Jana Leonard.

Also Barbara and Eddie Eubands, Steven, Vicki, Timothy and Mark Dunn.

Boy Scouts Plan Hike

The Boy Scouts of Troop 56 held their regular weekly meeting at the Scout Hut with the new Scoutmaster, Pete Hollis, present. At the meeting the boys decided to take a hike on Saturday, March 2. They hope to hike about ten miles and will take sack lunches.

The Scouts who plan to take the hike need to be at the Scout Hut at 10 a.m. as this time has been chosen to leave.

-Gary Shrlley, reporter.

Instruction School Presented

A school of instruction was presented at the Monday evening of Friona Rebekah Lodge by Mrs. Inez Sherley. She was assisted by Mrs. Geneva Williams, Mrs. Sherley, who is lodge deputy, also presented Joyce Wilkins a certificate of perfection.

Reports were made of 41 sick visits and 16 convalescent cards being sent. Pat Fallwell and Katie Parr were reported ill. A letter from Leona Shepherd, state president, was read by Addie Moyer, recording secretary.

Plans were made for entrance of a funeral ceremony team for in competition at the Panhandle Association meeting at Pampa April 26, 27 and 28.

Thirteen members were present. Virgie England served refreshments of strawberry shortcake, ice cream, cold drinks and coffee.

Fellowship Meets In Kinsley Home

The Woman's Fellowship of Union Congregational Church met at the home of Mrs. Pearl Kinsley Wednesday afternoon, February 20. Mrs. Elmo Dean, president, had charge of a brief business session.

This was followed by an hour of Bible study, directed by Mrs. Malinda Schlenker, on the letters of John. The three epistles were presented for discussion by Mrs. Carl Maurer, Mrs. Walter Loveless, Mrs. Charlie Wise, Mrs. Bill Nazworth, Mrs. Genevieve Anderson and Mrs. Hudson B. Phillips Sr.

During the social hour which followed the business session and Bible study, refreshments were served.

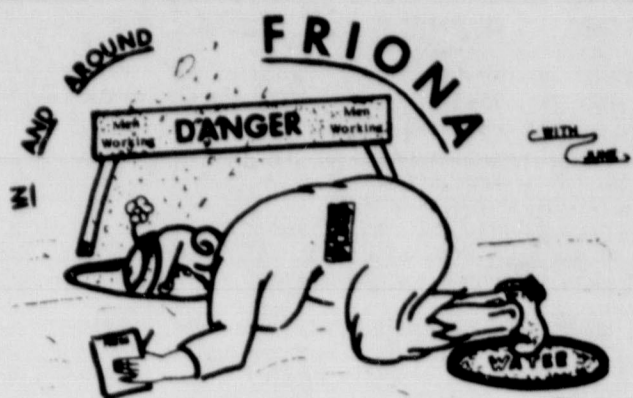

"Not bad... outside of the taste!"

Lloyd Thompson

Volleyball Meet Set At Dimmitt

The Dimmitt Jaycees are to sponsor a volleyball tournament March 6-9, for both men's and women's teams. Entrance fee is \$10 per team, and trophies will be awarded for first, second, and consolation champion teams in each division.

Proceeds will go to the Castro County Scholarship Fund, according to Bill Reisdorph, spokesman for the Dimmitt Jaycees. All games will be played at night. Teams entering will be advised as to the times and nights they will play.

Two of the most interesting incidents I heard about last week were telephone conversations which came to two well known local business men. The two calls had no connection and their only similarity was the fact that both originated in Amarillo.

Early Saturday morning, a man answered the phone's ring with the usual firm name. The voice on the other end of the wire inquired, "Are you blank blank?" Since the fellow doesn't like his middle name and always uses an initial, being called for by first, last and middle name was quite a surprise.

The statement following the question, which had been answered in the affirmative, was even more surprising. It went somewhat like this: "I'm the United States marshal in Amarillo."

In deep wonderment, the Friona man, inquired what the marshal would have him do. After a few tense seconds, he learned that he was being summoned to serve on a federal jury in Amarillo.

Some of his acquaintances give him a rough time about not be-

ing prompt in keeping appointments some times, but he kept the 8 a.m. appointment in Amarillo Monday morning with a few minutes to spare.

Saturday afternoon another business man, who is in the habit of accepting collect calls from out-of-town buyers, accepted charges on a call from Amarillo.

Upon learning the identity of the caller, who gave a name he had never heard of before and related some circumstances about being a former Frionan that had a false ring to them, he began to suspect a phony deal of some kind.

All the caller wanted was to borrow \$5 to pay some past due house rent before the landlord made him move his family into the street.

Last week's wonderful snow provided Frionans with a rare treat. It isn't often that we have an opportunity to go walking in new fallen snow without wind whipping in our faces or being faced with the problem of avoiding drifts.

Anyone who was out late in the afternoon or early in the evening Thursday was able to enjoy a walk without even getting cold. Of course, over shoes were a necessity, but a person didn't even need a heavy coat.

Frieda, Susan and I left the house shortly after eight and tramped about two hours. There were almost no cars on the highway and the final phase of our outing was about half a mile on the pavement.

Just before we reached the house, a kind motorist stopped and offered to drive us to our destination. He was very polite, but stared at us in disbelief when we told him we were just walking for fun and were not going very far.

Frionans are on the move

again. Bill and Pat Nichols and children are moving away and a lot of residents of the town are surely going to miss having them around.

J. B. and Anita Taylor and children have purchased the Nichols home and will soon be moving from their present home on West Sixth. It seems that the Taylor family prefers more space both inside and outside and their new home will provide both.

C. L. and Nola Faye Vestal and their children are about to move into the house currently being vacated by the Lee Campbell family. Since the Vestals returned from Missouri several months ago they have considered remodeling their house on Summit Street, but decided against the project and purchased the Campbell home, which is next door to C. L.'s mother on Washington Street.

Elwanda hopes their move into a trailer house will be a temporary arrangement, but at the present time no other housing facilities are available, so she is moving in.

Friona's Industrial Row is taking a big jump southwest down Highway 60. Parmer County Implement Company's new home will be located about half way between Balmum Butane's storage facilities and the Elk Drive In.

All we need now is for an announcement to be made of a

large new shopping center going in in that vicinity. At least, parking facilities would be no problem.

Every resident of this area who enjoys chorus singing will want to be present for the appearance of the A Cappella Chorus of Lubbock Christian College at Sixth Street Church of Christ beginning at 7:30 p.m. Friday.

This 52-voice chorus is directed by Billy Wayne Hinds, who is a former Friona resident. His parents, Mr. and Mrs. A. B. Hinds of Amarillo, lived southeast of Friona several years ago.

To profit from good advice requires more wisdom than to give it.

Zone Change Recommended

The Friona City Planning-Zoning Commission recommended in favor of a petition to rezone Lot 10 and west 17 feet of Lot 11, Block 3 in the Lakeside Addition from its present "B" zone to "A" zone. Any objections to the re-zoning should be submitted to the mayor and city council not later than March 4.

James Russell Lowell was the first editor of the Atlantic Monthly.

Carl M. Reese Buried Friday

Final rites for Carl M. Reese, 65, were conducted from Schooler-Gordon Colonial Chapel in Amarillo at 3 p.m. Friday by Elder E. H. Rustad.

He died at 5:05 a.m. Thursday in Northwest Texas Hospital in Amarillo following an illness of two weeks. His home was at 1919 Tyler Street.

Mr. Reese, a piano tuner for Tolzen Music Store, was well known in this area. He is survived by his wife, the former Mabel Wimberley

of Friona; one son, Bob Norton, Fresno, Calif.; six daughters, Sherill, Margaret and Adeline Reese Amarillo, Eyvett Reese, Lodi, Calif., and Mrs. Peggy Sue Stenzel and Mrs. Carlotta Norton, both of Los Angeles, Calif.

Burial was in Llano Memorial Cemetery. Those from Friona attending the funeral were Mr. and Mrs. G. H. Brock, Mr. and Mrs. Keith Brock and Mr. and Mrs. Claude Blackburn.

A LENTEN RECIPE

This week Wednesday is Ash Wednesday, the beginning of the holy lenten season. Perhaps the oldest lenten recipe known to man is this one; it dates back almost 2,000 years; and it comprises only one short directive: "Behold the Lamb of God, which taketh away the sin of the world!"

This is the season of the year when every man, woman and child in this community is asked to give serious thought to the death of Jesus Christ, God's Son, and its meaning for every human life.

Christ, the only begotten Son of God, died not as a martyr, not as an example, not as the founder of a new religion, but as the substitute for all mankind. "He died for our sins." Those words form the heart and center of the entire lenten message.

Have you found forgiveness for your sins? Have you found the Way of Life? If not, no lenten recipe is more important for you than attendance at our church during the coming weeks. You are more than welcome at:

Redeemer Lutheran Church (In the P.C.A. Bldg.) Friona

FRIONA, TEXAS

Something To Think About
6th. Street Church of Christ
Box 515 -- Friona, Texas

Sound doctrine is often too strong for misguided hearts. It is not always enjoyable to encounter that which exposes our sins, but if one is really concerned about his soul he will accept the truth even at the expense of a wounded pride. The very fact that many are not willing to endure sound doctrine has resulted in religious division. We know that when Christ revealed the spiritual and self-denying nature of his service, multitudes who before had followed him went back, and walked with him no more. Paul foretold the time when men would not endure sound doctrine, but would turn away from the truth. (2 Tim. 4:3-4) The unsound heart seeks unsound doctrines which abound in the traditions of men and justify their unscriptural practices. In spite of the command to prove all things and hold fast to that which is good (1 Thess. 5:21) there are many people so uninterested in the truth that they do not bother to study the Bible for themselves, a condition that makes one vulnerable to false doctrine. We must realize that love of truth is essential to salvation because Christ's word is truth and by it we are made free from sin. Is it any wonder then that the writers of the Bible were so constant in their plea for men to study God's Holy Word? The sound doctrine contained therein is the answer to religious division and strife.

To The Editor:
Farming has become "big business", but, unlike most other businesses, the farmer's return has not kept up with the

investment.
During the late 1940s and the early 1950s the American farmer was rewarded with parity income-what was considered a "fair" return on his labor and investment. But this all stopped suddenly in 1952. The new administration looked upon our abundance as a burden rather

than a blessing, and the farmer, the maker of this burden, became a villain. His punishment was lower prices, and he was forced to produce more and more if he wanted to survive.
Here's what happened from 1952 to 1960: (1) Farm income declined \$3.6 billion or about

25 per cent (2) Farm costs rose \$3.8 billion. (3) Farm Dept. increased \$9 billion.
(This was done by the Farmer's Secretary, Mr. Benson, who should have been trying to help us instead of trying to put us into the city and causing unemployment. President "Ike" aided this undertaking also.)

Now, here is what happened in 1961 and '62, (1) Farm income increased nearly \$1 billion each year, to the highest point since 1952. (2) The trend of ever-growing stocks was reduced dramatically. (3) Government storage costs decreased. (4) The farmers return per hour tripled between 1960 and 1961 to \$1.03 per hour, still below the Federal minimum wage standards.
Now here is the biggest hurdle the farmer has had in a long time. The latter part of May or early part of June there will be a vote on the wheat referendum. This has to pass on a yes vote by a 2/3 majority or we will lose all we have gained the past 2 1/2 years. Turn everything loose, let everyone plant what they want and as much as they want to, now would that not be a sweet mess for us farmers, you talk about a surplus, there would be one that would drop the prices to 25¢ per bushel. They talk about supply and demand, which is real good, but this is certainly not the way to get it in line.

There was a meeting called of interested farm organizations and commodity groups during the second week of January to get a start on the national drive for an overwhelming "yes" vote. Represented at this meeting were leaders of the National Wheat Growers Assn. The National Federation of Grain Coops, The National Farmers Organization, The National Grange, The Farmers Union, and the Farmers Union Regional Coops.
Significantly absent from this meeting was the American Farm Bureau. The Farm Bureau leadership, its processor cronies, and others who benefit by keeping the farmer in the hole and his prices down, have already embarked on a high priced smear campaign to destroy all farm programs and the family farm system. This anti-farm group makes no bones about the fact that 1963 is a "do or die year" for them.
It is generally an understatement to say "lets keep politics out of farming." Okay, why doesn't Farm Bureau quit, get out, or leave things alone as long as things are looking up. They wrote the farm platform for the Republicans at Chicago; they as well as Nixon were beaten.
I believe a fifth grade girl can see there is no sound reasoning in letting every thing loose. Doing away with all farm controls. I do not like anyone to tell me what to plant and how much either, but I also do not want things as they were when Mr. Hoover was president.
I say to these people in the offices, lobbyist, and insurance through memberships in

GOAL SET SUNDAY

First Baptist Church Revival In Progress

The annual spring revival at the First Baptist Church has reached the half-way point, and heads into its last four days with services today, Friday and Saturday at 10 a.m. and 7:30 p.m. Sunday services will be at the regular times.
Bo Baker and Dick Baker, popular brother preacher-singer combination, are in charge of the services. Bo is the evangelist, and Dick is directing revival music.
The brothers are using one of their many original song compositions as the revival theme, "Take Up Thy Cross and Follow After Me." They have thrilled revival audiences with trumpet duets in services so far, and Dick, who has several religious record albums out (Word Recordings, Waco) presents special music in each service.
"We have truly been blessed already by these devoted brothers, and we know that God has wonderful things in store for us during the remainder of the revival," said Rev. W. G. (Bill) Burton, pastor.
Services continue through Sunday, at which time the church has a goal for Sunday School attendance established at 615. "I know that all our members will make an effort to be present in Sunday School at 9:45 Sunday, the final day of our revival, and help us reach our goal," said Raymond Cook, Sunday School superintendent.
Preaching services on Sun-

Lions Meet Tonite

Friona Lions Club's regular meeting tonight will feature Friona High School's two exchange students, Eve Braunschweiger and Carlos Azofeifa, who will present the program.
The club will also hear a report on the Farmer County Junior Livestock Show's progress, which it sponsors.

Freshman Squaws End Season With Wins

Friona High School's freshman girls team finished its seasons with a pair of impressive wins on Friday and Monday. Friday, the girls coasted past Cotton Center's "B" team, 59-31, and Monday, they beat the Happy "B" team, 52-44.

Janet Rushing paced the team in both games. She scored 31 points against Cotton Center and 27 against Happy.

It was 16-6, Friona, in the Cotton Center game after one quarter, and 31-15 at halftime. Friona led, 39-21 going into the final quarter, and burned the nets for 20 points the final quarter for the 59-31 win.

Lorene Jackson scored 20 points for the freshman Squaws. The Happy game Monday was

somewhat closer, although the Friona girls were in command all the way after overcoming an early Happy lead.

Friona had a 16-7 lead after one quarter, and increased that to 30-18 at the half, as Rushing scored 12 of the team's 14 points. The freshman Squaws cooled off during the third quarter, scoring just seven points as Happy scored 12, but still led, 37-30 going into the final quarter.

They increased their lead quickly in the fourth quarter, up to 15 points, 45-30, before Happy could score. Happy was able to trim the final margin to eight, 52-44.

Lorene Jackson backed up Rushing with 18 points and Frieda Floyd scored seven.

Story Of Modern

FLAME CULTIVATION!

We Are Dealers For

Gotcher & Manchester FLAME CULTIVATORS

ranging in size from the small hand burners to the Hi-Trac and 24 ft. broadcast burner. Don't delay - - - See us today!

Flame Cultivation DOES

- Reduce farm hand labor and production costs.
- Increase the mechanization of weed control measures.
- Reduce future weed populations.
- Reduce insect control requirements by killing all insects in the flamed area.
- Reduce plant disease by maintaining a cleaner field.
- Facilitate mechanical harvesting by eliminating ground trash and by forcing producing growth at a higher level on plants such as soybeans.
- Allow weed control measures when the field may be too wet for chemical or mechanical methods.
- Permit almost immediate inspection of weed kill.
- Increase profit margins for farmers.

Flame Cultivation DOES NOT

- Contribute to a build-up of soil residues.
- Reduce soil moisture levels.
- Endanger adjoining fields or livestock.
- Damage shallow feeder roots.
- Turn up weed or grass seeds to the germinating levels.

Squaws Take Impressive Win Over Cotton Center

The Friona Squaws warmed up for their bi-district game with a pair of impressive wins over class B teams Friday and Monday.

On Friday, the Squaws handed class 5-B champion Cotton Center its seventh loss of the season against 27 wins, while rolling up their highest point total of the season, 75-56.

The Friona girls looked like their "old selves" in the Cotton Center game, where they snapped a two-game losing streak. They hit 55 per cent of their shots from the field

in topping the former season scoring high of 68 points, against Farwell early in the year.

Although the Squaws eventually had the game well in hand, the game was a nip and tuck affair for most of its duration, especially the first half, when the visitors took an early lead.

Sparked by good outside shooting, Cotton Center held leads of 4-2 and 5-2 early in the game. The lead saw-sawed back and forth the rest of the quarter, with first one team and then another in the lead. Friona had

the advantage at the first quarter's end, 20-18. It was 19-18 as the buzzer sounded but Charlotte Nettles was fouled, and made a free throw after time ran out to give Friona another point.

It continued to be close most of the second quarter. Cotton Center tied the score at 20-all. Janet Buckley gave Friona a 22-20 lead with a driving lay-in. Again the visitors tied the score. Nettles then drove for a lay-in and a 24-22 Friona lead.

The Elkettes tied the count at 24-24, and then took the lead at 25-24. After Nettles scored

on free throws, the visitors held their last lead of the game at 27-26.

Tito Jennings connected on a jump shot for a 28-27 lead, and Friona was never headed. Cotton Center was able to tie the score at 28-all, but then they hit a cold spell and were not to score again the remainder of the half, a period of over four minutes.

In the meantime, Buckley hit a lay-in and jump shot. Nettles drove for two and sank two free throws. Jennings connected on a pair of jump shots and

Buckley hit two free throws before the half came to a close, with Friona breaking the game open for a 42-28 lead.

Nettles scored the first five points of the second half, as the Squaws increased their lead to 15 points, 47-32. In fact, Nettles scored 11 of Friona's first 12 points in the quarter, as the Squaws increased their margin to 18 points, 56-38. At the end of the quarter, Friona led, 60-41.

With the game practically in the bag, Coach Baker Duggins began to use reserves in

the final quarter. Linda Davis hit a jump shot and two free throws to give Friona its longest lead of the game. Carol Struve's basket and free throw in the final 30 seconds brought the final margin to 75-56.

Nettles came out with high point honors, as all starters scored well. Jennings scored 18 and Buckley 17.

Happy Succumbs To Squaws Here, 57-49

Monday night, the Squaws avenged a loss of a week earlier by dropping Happy, 57-49, giving the Happy girls their first loss in 15 games, not counting losing to the Wayland College "Queen Bees."

It was an interesting game most of the way. Friona built up a 10-point lead in the second quarter, only to blow it, and fall a point behind at the half.

Happy took a 4-0 lead, but Friona tied the count at 4-4 and finally took the lead at 6-5 on free throws by Rose Ann Greeson. Happy then led 8-7, but again thanks to free throws by Greeson, who hit seven of ten the first quarter, the Squaws led at the end of the first eight minutes, 12-8.

Two baskets by Tito Jennings gave Friona an eight point lead at the outset of the second quarter, 16-8. Then after Janet Buckley scored a basket, Jennings scored two free throws for a nine-point lead, 20-11.

Jennings and Buckley then

swapped baskets, and Friona led by 10, one of two ten point leads, 24-14, with only 2:20 left in the half. But a free throw by Greeson was all the Squaws could boast in the final 2:20, and meanwhile Happy went to town for 12 points and a 26-25 lead at halftime.

Happy regained the lead by as much as four points as the second half began, before Friona went back in front. The visitors had a 34-30 lead, before Jennings hit a basket and Buckley two free throws to tie the score at 34-all.

Jennings hit a jump shot for a 36-34 lead, which put the Squaws ahead to stay, although it wasn't over by a long shot. Buckley scored a goal, and Linda Davis, sharing time with Greeson because Charlotte Nettles was ailing, scored a pair of free throws and a field goal before the quarter ended, for a 42-38 Friona lead.

Four points behind was as close as Happy could come in the final quarter, at 44-40. Jennings and Buckley then

Baskets by Jennings and Buckley made it eight points, 48-40, and two jump shots by the latter player left it at that same margin, 50-42.

Then Jennings hit two free throws and Buckley made one for a 55-45 lead to put the game on ice with just 2:30 to play.

Jennings captured scoring honors with 28 points, backed up by Buckley's 16 and Greeson's nine, all from the free throw line.

The win left the Squaws with a 22-8 record (22-7 if you don't count their loss to Wayland College Queen Bees against them). Happy had a similar 24-8 record, two of their losses being to the Queen Bees and three to Friona.

Three Chiefs On All-District

The Friona Chieftains, who scrambled to a third-place finish in District play, and was the only district team to beat champion Dimmitt, had three men on the all-district team as announced today.

Senior guard Billy Don Thomas was named to the first team, with S. D. Balze and Larry Buckley gaining second-team berths. Sophomore Danny Murphree made the honorable mention list.

On the first team All-District 3-AA with Thomas were Dennis Calvert and James Cowell of

champion Dimmitt, Jerry Harrison of runnerup Muleshoe and Tommy Ledbetter of Morton.

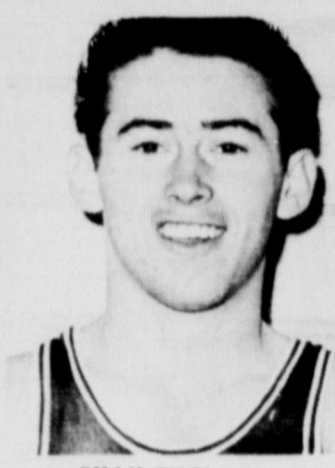

With Buckley and Balze on the second team were Jerry Wiedebush and Robert Seagraves, Muleshoe's timber-toppers, Jim Killingsworth of Dimmitt and George Jones of Olton.

By gaining three spots on the first two teams, Friona had the same number of representatives as champ Dimmitt and Muleshoe.

Friona didn't have a starter returning when the season started, and its young team jelled toward the last of the season, posting a 4-4 district record good for third place. The Chiefs downed rivals Tulla (61-58) and Dimmitt (36-34) in their final home games of the season, the first time in several years that a Chieftain team had beaten either Tulla or Dimmitt.

Thomas was high on the list of all Friona offensive statistics, scoring 170 points and hitting 40.7 per cent of his field goal shots. He was also a demon on defense, forcing opposing players into mistakes.

Buckley was the team's leading scorer as a sophomore with 278 points. Balze was fourth scorer, but second in field goal shooting and free throw percentage.

BILLY THOMAS
... On First Team

Parmer Bowlers Back After Tourney Games

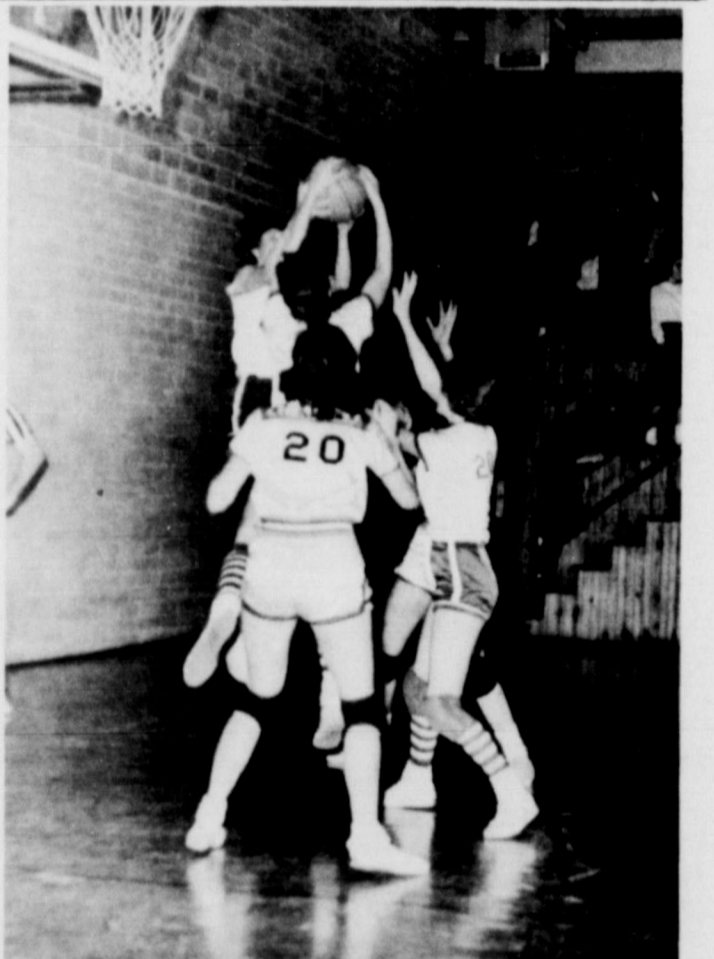

Six Parmer County women bowlers returned from competing in the 28th Annual Texas Woman's Bowling Association tournament in Waco last weekend.

Chris Ivy, Darla Ivy, Levina Brown, Earlene Bullock, Gwen Greeson and Joy Hall competed in the tourney, sponsored by Sherley Grain Company ofovina.

Official results of the team's placing will not be known for over a month, since the tournament runs through March 31. The women competed according to divisions based on averages. They bowled in the "C" division as a team, where they rolled a 2264 total.

In doubles play, Chris Ivy and Joy Hall, bowling in the "B" division, bowled 998. Gwen Greeson and Levina Brown rolled 841 in the "C" division, and Darla Ivy and Earlene Bullock had an 808 total in that division.

Joy Hall received a pin for a 216 game in class "B" competition. This goes to all women in that division who bowl over 200. Darla Ivy received a pin for a 177 game in class "C," which goes to everyone topping 175 in that class.

REBOUND FOR FRIONA . . . Squaw guards Glenda McClellan and Kay Burleson are shown going high in the air for this rebound against Cotton Center. At the right is the third guard, Carolyn Herring.

SNOW FLURRIES . . . Caught at the height of the snowstorm last Thursday was this picture of Martha Taylor and Betty Renner, "braving the storm."

HELD MONDAY

Winners Listed For Lazbuddie Stock Show

FOOTSAVING EDUCATION

by James E. Edwards

What do you mean "Foot comfort isn't important"?

The most important property of an adult's shoe is the comfort - or lack of comfort. Naturally we want the tender feet of our children to be comfortable. The "but" is that children can be perfectly comfortable in shoes that will permanently deform their feet. The skin has nerves to warn us of minor irritations (blisters, etc.) but the soft bones of young feet can be bent to fit into tight shoes with no pain at the time.

"Too little too late" was the description of lack of supplies in World War II. "Too little too soon" is the biggest reason children grow up with bunions and hammer toes.

Timmy Foster, Charlotte Seaton and Darrell Mason exhibited the grand champion animals at the annual Lazbuddie Junior Livestock Show Monday. The show served as a "warm up" for the Farmer County Junior Livestock Show March 7-9.

Foster's Angus steer was the grand champion in that division. Miss Seaton's Hampshire barrow was the champion barrow, and Mason's Southdown lamb was judged the top lamb. About 100 animals were shown, according to Scotty Windham, vocational agriculture instructor at Lazbuddie, and director of the show said. The show was held in sunny weather, with about 300 people in attendance. These animals will be shown in the county show at Friona, Windham said.

"We've had unusually good luck with the weather for our show for the past few years," Windham said. Monday started off windy and cold, but by the time the show started at 1 p.m., it was a fairly nice day.

Lanny Tucker, vocational agriculture instructor at Hart High School, served as judge for the show. Winners were awarded prizes made possible by contributions from the community.

Showing the reserve champion steer was Hoppy Jennings, who also had the top Hereford steer entry. Reserve champion barrow was entered by Bobby Gleason, who had the champion Poland China. Mack Brown entered the reserve champion lamb, a Southdown which was second in its division to the grand champion show by Mason.

Following are the top placings in each division of the show:

Steers
Angus--(1) Timmy Foster; (2) David Nelson.
Herefords -- (1) Hoppy Jennings; (2) Bobby Redwine.
Barrows
Light Berkshires-- (1) Larry Eubanks; (2) Billy Eubanks.

Heavy Berkshires -- (1) Gary Eubanks; (2) Ricky Hassell.
Champion Berkshire -- Lar-

ry Eubanks; Reserve Champion -- Gary Eubanks.
Chester White -- (1) Ronald

Mayfield; (2) Max Eubanks.
Duroc -- (1) Buddy Embry; (2) Lester Yuagas.

Light Hampshire -- (1) Charlotte Seaton; (2) Thresa Seaton; (3) Bobby Morris.

Heavy Hampshires -- (1) Gary Eubanks; (2) Charlotte Seaton; (3) Mack Holt.

Champion Hampshire -- Charlotte Seaton; Reserve Champion -- Thresa Seaton.

Light Poland Chinas -- (1) Bobby Gleason; (2) Donald Mayfield; (3) Linda Gleason.

Heavy Poland Chinas -- (1) Bobby Gleason; (2) Linda Gleason; (3) Marsella Mayfield.

Champion Poland China -- Bobby Gleason; Reserve Champion -- Ronald Mayfield.

Cross-bred Barrows -- (1) Mack Burreson; (2) Gary Coker.

Lambs
Fine Wool -- (1) Sammy Harlan; (2) Richard Gordon; (3) Sammy Harlan; (4) Steve Foster.

Medium Wool -- (1) Mariana Gammon; (2) Mariana Gammon; (3) James Koelzer; (4) Mack Brown.

Southdown -- (1) Darrell Mason; (2) Mack Brown; (3) Glendale King; (4) Richard Gordon.

THE HIGH PLAINS FARM AND HOME

CHAMPION LAMBS at the Lazbuddie Junior Livestock Show Monday were exhibited by (left to right) Sammy Harlan, Fine Wool; Mariana Gammon, Hampshire; and Darrell Mason, Southdown. Mason's entry was also Grand Champion lamb.

Group Is Back From Tour

Seven Farmer County residents returned this week from the third annual feedlot tour sponsored by the Grain Sorghum Producers Association.

Those attending were Joe Jones, Harry Johnson, Tulon White, Boye Taylor, A. W. (Dub) Anthony, Jr., V. T. Tanner and Bruce Parr.

"We had a very interesting trip," said Anthony, immediate past president of the organiza-

tion. "We need to keep working on marketing our grainsorghum -- we are gaining in that respect, but there is a lot we can do to bolster our California markets," Anthony said.

The group toured several installations on the West Coast and points between. In addition, Anthony and Parr stopped in San Francisco for a visit with Noel Bengier, former Farmer County resident, who is with the

Ralston-Purina Company there. "It is surprising to see what our commodities look like when they reach the markets," Parr said, indicating that improvements in shipping need to be made. "We saw one mill which indicated that it would buy 500 tons of maize per month if it could get it Johnsongrass-free," he said.

"But we found a vast improvement in the condition of our maize this year," Anthony said.

The group also saw a very interesting cooperative-type feed lot in the Stockton area, which they thought might bear checking into.

It was the consensus of the group that the major market for the area's grain should be right here at home. "We have as many assets for feeding grain in West Texas as any place we saw," they said.

Lazbuddie FHA Picks Delegates

By Jan Nowell
Lazbuddie High School FHA held its regular monthly meeting February 11 at the school. Gayla Seaton was selected as a candidate for an area FHA office, and Twila Gallman was named the voting delegate to the Area I FGA meeting.

The chapter elected to carry the CARE program through February. All donations to this program will be appreciated by the girls.

The speaker who was scheduled to appear was unable to be present, so just the regular business meeting was held.

Good Public Relations Are Important To Farmer, Too

Good public relations are just as important to the farmer as they are to big industry and government.

So says James M. Patterson, an executive of the American Oil Company whose speaking engagements have carried him across the rural heartland of Mid-America.

Patterson urges rural citizens to communicate the "facts of life" to city dwellers.

"Many city folks believe," Patterson said, "that all farmers get big government hand-outs for not growing something.

You and I know it's not so. Less than one-fourth of agricultural produce gets any subsidy. Only 21 of 256 agricultural commodities -- less than a tenth -- receive any price support at all.

"Communicating facts like these to city dwellers becomes more and more important as population shifts and legislative reapportionment gives urban representatives more votes in the federal and state legislatures," Patterson said. "More and more, their success will depend on understanding public acceptance."

Already, Patterson said, the development of good roads and better communications have gone far toward erasing the image of the farmer as an isolated individualist living on a small farm.

"Certainly," he said, "we in the petroleum industry are well aware of the farmer as a major customer. We know, for instance, that the American farmer today spends a quarter of a billion dollars a year for chemical products -- many of them petro-chemicals -- that didn't exist 20 years ago, to say nothing of the vast amounts

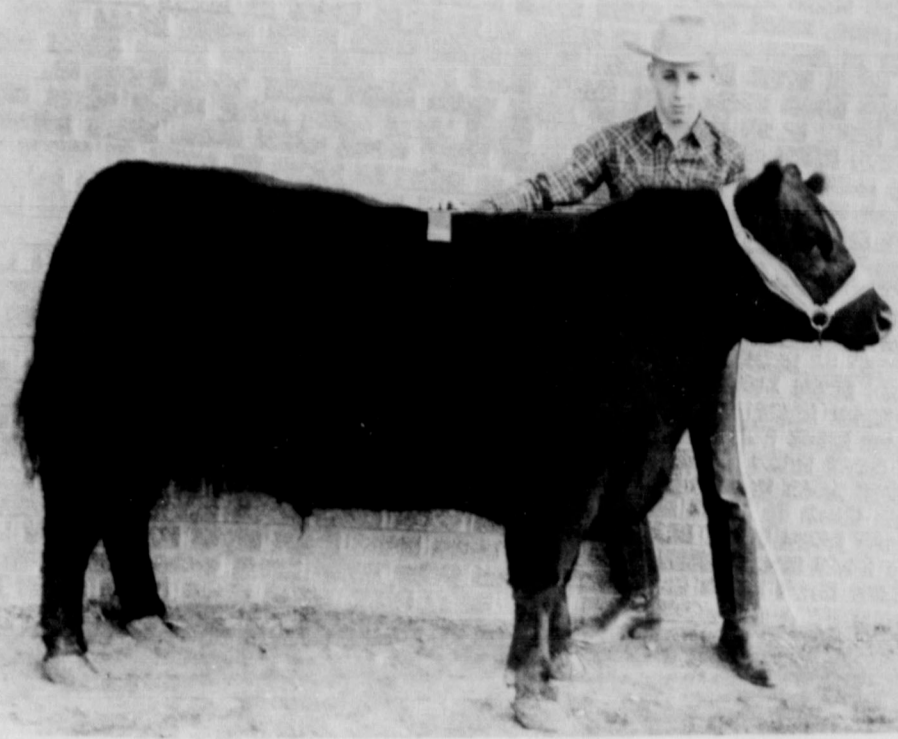

of gasoline and fuel oil he uses to power his farm equipment and heat his place."

The importance of the farming business has led many industries to devote a large part of their research activities toward farm problems, Patterson said.

"Research in which our Company has participated shows that it is more profitable in cold weather to supply heat to poultry and other farm animals than to force them to generate it through food consumption," he said.

"We learned, for instance, that it cost just about one-fifth as much to supply heat as it does to supply extra feed to poultry. We learned that pigs consume 50 per cent more feed per pound gained at 40 degrees than at 60 to 70 degrees. And we learned that jersey cows need less than half as much feed to produce a gallon of milk at 50 degrees as they need at eight degrees.

"Cooperative research of this nature points the way toward greater productivity and profitability for the farmer as well as increased sales for industry to the benefit of both," Patterson added.

TIMMY FOSTER'S Angus steer was judged Grand Champion steer in the Lazbuddie Junior Livestock show Monday. Foster's steer beat our Hoppy Jennings' Hereford calf for the honor. Jennings' entry, the top Hereford, was reserve champion.

Bruce Parr Heads Plains Gas Users

Bruce Parr, president of the Farmer County Irrigation Gas Users Association, was elected president of the parent organization, the Plains Gas Users

Association, in a recent meeting in Plainview.

Parr, who served as vice president of the organization during the past year, succeeds David Burgess of Tulla, former president. Dick Godwin of Hereford was elected secretary-treasurer of the organization, replacing another Hereford man, Jay Boston.

The Plains Gas Users was reported to be renewing its efforts to relieve farmers from the "high cost squeeze." Parr said "I would re-issue the plea that an organization is no stronger than the number and quality of its membership."

Micronaire Readings Available For Small Fee Through USDA

Micronaire readings on samples of cotton submitted for classification under the Smith Doney Program will be available on a fee basis during the 1963-64 season, according to the U. S. Department of Agriculture.

This service provides a measurement of fiber fineness of cotton as determined by air flow instruments. Fiber fineness is a quality factor important in spinning. Testing for micronaire readings is authorized under the Cotton Testing Service Act.

The micronaire reading service was introduced beginning November 1, of the 1962-63 season and was used extensively by farmers in West Texas and Oklahoma. A fee of eight cents per sample was charged

for this service. The fee for the coming season will be determined by the U. S. Department of Agriculture and will be announced about May 1.

Applications for the testing service must be submitted by a ginner to the Agricultural Marketing Service, Cotton Classing Office serving the territory in which the gin is located. All samples submitted for classification from a gin that files an application for the micronaire service will be tested. Applications should be submitted as soon as possible but no later than July 1. Several weeks are required to install equipment and train personnel to provide the testing service to gins. Classing Offices may not be able to provide testing service to gins submitting applications after July 1, if a shortage of equipment and trained personnel occurs.

The gin that submits application for the service will be responsible for payment of the testing fee. Applications for micronaire readings and additional details regarding the

service may be obtained from the Lubbock Cotton Division Classing Office of the Agricultural Marketing Service.

JOHNSON GRASS CONTROL IN COTTON WITH WEEDER GEESSE

In Tests conducted at University of Tennessee agriculture experiment station for Johnson grass control in cotton. Average yields were highest with geese 737 pounds of lint per A, compare with 697 with the hoe and 668 with the herbicide (dalapon). The soil was somewhat sandy and the herbicide caused some injury to, and delay in maturity of, the cotton.

Net returns were \$143, \$107, and \$106, respectively, for the three treatments. No charge was made for management and care of the geese. The fields weeded by geese and herbicide were essentially free of Johnson grass at harvest, but not the hoed field. Cotton in the hoed field was hand-picked; it is presumed that yield and grade would have been lower had picking been done mechanically because of reduced efficiency where grass is present.

Parr To Speak At Curry Meet

Bruce Parr, president of the Farmer County Irrigation Gas Users Assn., was to be the guest speaker at an organizational meeting of the Curry County Gas Users Assn., at 7 p.m. Thursday in the Farmer's Electric Co-op Building in Clovis.

Members of the Pleasant Hill Farm Bureau have issued invitations to all Curry County farmers, who are using natural gas for irrigation, to attend the meeting.

TOP BARROW at the Lazbuddie show Monday was shown by Charlotte Seaton, with her Hampshire entry.

Cut-Out Chart Shows How Show's Top Hogs Rated

A chart showing the results of cut-out tests made on winners at last year's Farmer County Junior Livestock show shows that the judge evidently knew what he was talking about when he placed the animals.

The grand champion Hampshire, when slaughtered, had a lean cut percentage of 58.2

per cent of the carcass and 43.55 per cent of its live weight, topped only by the first place middleweight Hampshire. Both hogs had a dressing percentage of 74.7, and were very close in all categories.

The tests were made by the West Texas Swine Testing Station at Canyon, and is financed

by the Show Association, which contributes \$2 per head to have the top animals charted.

Plans are to continue the program this year, according to show superintendent M. C. Osborn, and to also include one of the barrows which doesn't make the final showing, in order to see the contrast better.

FARMER COUNTY SWINE CUT-OUT 1962

Breed	Shrunk wt., Frin.	Carcass	D.F.	Length	Backfat	Loin Eye	Lean Cuts	Live Wt. Carcass
Hampshire *	190	142	74.7	30.1	1.16	4.40	43.55	58.2
Poland**	153	140	76.5	28.9	1.13	4.66	42.00	54.9
Hamp.-1st M. W.	202	151	74.7	30.5	1.10	5.52	43.90	58.4
Berkshire-first	183	146	79.7	29.25	1.10	4.32	39.99	50.1
C. White - first	228	172	75.4	31.1	1.46	3.70	37.74	50.0
Duroc-first	187	149	79.6	29.25	1.30	3.96	37.56	47.8
Duroc-sixth	193	147	76.1	30.1	1.50	3.06	36.30	47.7
Berk-Hamp cross***	182	156	85.7	29.0	1.60	4.19	38.66	45.1

***Evidently weighed in at shrunk weight, a little fat but D/P out of line, the weights are at Friona less 3% and could cause variation in the dressing percent because of the time lapse and hauling.

Standards: Length 29" or longer from first rib to aitch (pelvic) bone Backfat 1 to 1.4 good, market hogs under 1.6 for no. 1 pig. Loin eye over 4 square inches at the 10th rib. Percent lean cuts on live weight basis at least 35%. Percent lean cuts on carcass basis at least 50%.

Comments: In over all carcass cutout including quality the Grand champion pig was the top, however just considering the cutout the 1st middle weight Hampshire out cut the Champion followed by the Reserve Poland. The others fell in line fairly well but the crossbred pig was fatter than expected which cut his percent lean cuts down when the fat was trimmed off. The top pigs cut very favorably with our top station pigs and with the good pigs in some of the better shows.

TFB Official Says Perils In Wheat Referendum

"Farmers need to determine whether they want to operate under a free system, or whether they want to operate under a

'supply-management' system when he votes in the forthcoming wheat referendum," a Texas Farm Bureau official said in Hereford Monday night.

Bill Wedemeyer, Director of Research and Education for Texas Farm Bureau, addressed a meeting of approximately 150 farmers from several West Texas counties, sponsored by the Deaf Smith County Farm Bureau.

A good delegation attended the meeting from Farmer County. Those attending included Harry Hamilton, Frank Hinkson, R. L. Jones, Kenneth Precure, L. F. Bruns, Ernest Kube, Don Jones, M.T. Glasscock, John Armstrong, John Henderson, Clyde Goodwine, Spencer Hough and Raymond Euler.

"If a person wants supply

management, I'd recommend that they vote 'yes.' If he wants freedom, he should vote 'no,'" Wedemeyer said.

The TFB official predicted that the U. S. Department of Agriculture had an "overall plan" to get farmers under direct government control.

The possibility was raised that farmers with less than 15 acres of wheat base may be allowed to vote, but only if they sign their intentions to comply with the program. Heretofore, farmers with less than 15 acres have not voted in national wheat referendums.

Quotas do not apply on allotments of 15 acres or less if the farm's average allotment for three years shows it to be 15 or less with a 10 per cent decrease.

Cox Is Appointed To Watershed Steering Committee

Guy Cox, Farwell, was named as a member of the Running Water Draw Watershed Project Steering Committee from Parmer County at a meeting of the Commissioners Court of Parmer County recently. Tom Lewellen, Friona, was named alternate at the same meeting. Cox and Lewellen will join other leaders from Castro, Lamb, Swisher, Hale, and Parmer Counties in Texas and Curry County, New Mexico, as a member of the Steering Committee for the furtherance of a vast watershed project for the control of flood waters, soil erosion, conservation of water, and possible creation of recreational areas for citizens of a huge area. This project will create a series of dams and lakes up and down the watershed from Clovis, New Mexico, through the Texas counties in the organization.

The Co-sponsorship agreement bringing Parmer County into the watershed project was brought about by the Commissioners' Court, Members of the court are: Tom Lewellen, Friona; C. H. Jefferson, Bovina; Guy Cox, Farwell; and George Crain, Lazbuddie, County Commissioners; and Loyde Brewer, Friona, County Judge.

WITH THE COUNTY AGENT

DERYL COKER

John G. McHanev says that the outlook for 1963 points to another year of relatively small changes in farm product prices, output and marketings. Total realized net income of farm operators also is expected to continue around the levels of 1961 and 1962. The farm population and the number of farms will continue to decline in 1963. As a result, average per capita income of farm people from all sources, and net farm income per farm, at record highs in 1962, will rise further in 1963.

SUPPLY
Farm output in 1962 was about 107 per cent of its 1957-59 average and likely will exceed this figure in 1963. It appears at this time that the output of farm products will rise a little above the levels of the past three years. The final output will depend on a number of factors, including growing conditions and the impact of 1963 programs on acreage and production.

Carryovers of most major farm commodities into the present marketing years, particularly grain stocks, were less than last year. However, the carryover of cotton and dairy products was greater. Livestock production in 1963 appears likely to increase as it has for the past three years. Production of livestock and livestock products increased more rapidly than crops during the past decade. Crop production in 1963, assuming current programs and average growing conditions, likely will change little from the reduced levels of 1961 and 1962.

Marketing of livestock and livestock products are expected to increase in 1963. Little change is expected in the total marketings of crops.

DEMAND
A gradually expanding domestic market absorbed a record quantity of farm products in 1962. The domestic market for farm products will increase again in 1963, at least in proportion to population growth. Combined per capita consumption of food may increase slightly in 1963.

Prospective trends in demand by consumers, business and government suggest that, on balance, some modest gain in economic activity is likely in 1963.

The value of U. S. agricultural exports in fiscal 1961-62, \$5.1 billion, was a record high, four per cent higher than the previous record a year earlier. The volume of ex-

ports was equal to the previous year's record. The high level of agricultural exports is expected to be about maintained in fiscal 1962-63.

Clouding the long-time future for U. S. agricultural exports is the uncertainty surrounding the developing agricultural policies of the European Common Market.

PRICES
Prices received by farmers averaged about one per cent higher in 1962 than in 1961. Livestock product prices were slightly higher and crop prices were up more than two per cent.

Generally increased production of livestock and livestock products and relatively stable domestic demand conditions may result in slightly lower average prices for these products in 1963. Crop prices in 1963 are expected to average nearly as high as in 1962.

Price paid by farmers for production items is continuing its steady rise of the past decade and is expected to rise slightly in 1963. With farm costs continuing to rise faster than product prices, some farmers and ranchmen will continue in a price-cost squeeze.

FINANCIAL POSITION
On January 1, 1963, total farm assets in the United States were up \$7.5 billion from a year earlier and \$41.1 billion from January 1, 1961. Assets on January 1, 1963, were about 3% larger than on January 1, 1962. Most of the rise was due to a further increase in real estate values.

Farmers' equities declined gradually during the past decade, to \$87 per \$100 of total assets in 1962 from \$91 in 1951 and 1952. Equities were about \$86 per \$100 of assets on January 1, 1963. The total debt owed by farmers and ranchmen January 1, 1963 was about six per cent more than on January 1, 1962.

LONG-TIME OUTLOOK
The outlook for agriculture in the U. S. and Texas during the next several years is based on the assumption that general economic conditions, international relations, weather and improvements in technology will continue about like they have for the past several years. The long-time outlook also is based on the assumption that government programs over the next several years will be designed to further reduce the large supplies of some of our major agricultural commodities.

Under these conditions, the upward trend in farm production probably will slow and could even decline somewhat. However, even though it may appear that supplies will be reduced, production will continue large. The domestic market for agricultural commodities probably will remain good and, with the help of government export programs, agricultural exports should continue large.

Texas farmers and ranchmen will continue to be confronted with a price-cost squeeze through the next several years, and agricultural production will continue to become more and more competitive among areas of production and among individual operators. Farms and ranches will become more and more commercialized and vertical integration in agriculture will continue to grow. Small, inefficient farms and ranches will continue to decline in number.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

We do not, of course, know, but we do not believe most farmers will be blindly sold by USDA's several million dollar soap box advertising and threatening program without taking a deep personal look at the reasons for such a sales campaign being conducted.

Farmers generally, we believe, have enough sense to determine by their own studies if they are for or against a proposed 'increasing control

program, whether it is yes or no.

Polls taken in Indiana and Illinois indicate that Farm Bureau member farmers were highest in opposing compulsion in farm control programs, with those who are members of no farm organization being next. Farmers Union and NFO members indicated support of compulsory controls in these states.

Frank Hinkson, vice president and membership chairman of your local Farm Bureau, is beginning to make plans for

organization of membership drive groups who will work in March.

It appears that a new law may be this session, making financial responsibility compulsory before an accident. We know that many people favor this type of law, and if it is passed, we hope it will be properly administered and word.

CONSIDER THIS: A scorned loveth not one that reproveth him; neither will he go unto the wise, Proverbs 15:12.

Farm Facts

Radio-carbon tests of popcorn found in New Mexico's Bate Cave show the corn to be 5,600 years old.

According to researchers, popcorn was used in pagan religious rites. Columbus found the natives in the West Indies wearing popcorn decorations like corseges. The Aztecs wore ceremonial head-dresses with popcorn garlands and decorated the statues of the gods with popcorn.

When French explorers came to the Great Lakes region in 1612, they found the Iroquois Indians popping corn in a pottery vessel with heated sand. One account of the first Thanksgiving also mentions "popped corn" brought to the feast by the Indians.

ABSTRACTS

See **JOHNSON ABSTRACT COMPANY** in Farwell Fast, Accurate Ph. 481-3878 Box 88

INVITATION TO BID
IDEAL BUSINESS LOCATION WITH AMPLE TRUCKAGE AND HIGHWAY FRONTAGE; MULESHOE, TEXAS

- (1) 7 acres of land, two wells, located between Highway 70 and Santa Fe Railroad.
- (2) One Stran Steel building 60' x 140'.
- (3) One Stran Steel building 32' x 80' with 10 car cooling unit.
- (4) One power fork lift.
- (5) One Fairbanks-Morse Scale.
- (6) One Tri-Pak tomato grader complete with equipment.
- (7) One Lockwood onion grader complete with equipment.
- (8) Office furniture and equipment for two offices.

Sealed bids will be accepted at Muleshoe State Bank now, and bids will be opened by Muleshoe State Bank on March 11, 1963, at 1 o'clock P.M. Bids will be considered on the gross property and on single items. Title and possession will be delivered to the successful bidder. All property may be inspected by calling Ed Little 925-3145, Lariat, Texas. Contemplate selling property to the highest bidder, but owners reserve right to reject any or all bids. 10% of bid must accompany bid.

NOTICE

March 6, 1963 is the last day for candidates for County School Trustee and local district Trustee to file, with the election to be held on April 6, 1963. Candidates for school trustee in the Bovina and Lazbuddie districts, and for County Trustee from Friona, Bovina and Farwell must file with the County Judge not later than the above date.
