

"Demos Out To Socialize America"-Barry

If President Kennedy has a two-thirds majority of Democrats in Congress in 1963, he will Socialize America, Desmond Barry warned a crowd at Lazbuddie High School Monday night.

Barry, Republican candidate for Congressman-at-large in the November election, told the gathering that he was dedicated to fighting any such movement if he were elected to the U. S. House of Representatives.

"Kennedy has been unable to get any of his legislation passed this year because it is an election year and the congressmen are afraid for their jobs," stated Barry. "But in 1963 there won't be such a threat, and unless the people put some conservative representatives in

Congress, they'll get such legislation passed," he said. Barry, a Houston trucker who fought the Teamsters, the nation's toughest union, over the fact that his employees had the right not to join the union, says he is a "constitutional conservative."

"I'm a believer in the type of government our forefathers established in this land, built on the belief that a man has an inalienable right to freedom," said Barry.

The ex-lieutenant colonel in the Air Force gave his stand boldly on many of the present issues. He was applauded by the enthusiastic crowd at many points of his speech, and re-

ceived a standing ovation at his conclusion.

"I'm sick and tired of having followers instead of leaders in Congress," Barry quipped. "You need a man to represent you who's not afraid to stand up and be counted," he said.

Barry isn't afraid to take a stand. He waged a one-man battle all the way to the Interstate Commerce Commission when Teamsters tried to force him to unionize in 1955 by boycotting his transferred freight as "hot cargo."

Barry was all over Washington D. C. pleading his case to ICC commissioners, with the result that he finally received

DESMOND BARRY

a ruling in his favor. The union lost its most potent pressure weapon.

"I believe in individual freedom. You farmers ought to be able to farm for yourselves. The government has gotten too far into your business already," Barry said.

The Federal Government should keep its "cotton-picking" hands out of areas in which they don't belong, stated the forceful orator.

He stated that the whole system of subsidy is dead wrong under our constitution.

"As to Unilateral Disarmament, I say BULL. The government wants to list all the serial

numbers on our guns. They're gonna get mine by smelling the barrel first," Barry exploded.

Barry said he wasn't interested in passing a lot of bills when elected to congress. "I just want to repeal several," he said.

He pointed out that he didn't plan to go to Washington alone, but expected to take other Republican representatives with him from Texas and the other states.

With a majority in the House of Representatives, he explained that the conservatives could cut what he termed Kennedy's move toward socialism.

"I got into this race with no political aspirations. I was scared and mad at what was going on," Barry said. He charged the Federal Government in being neglectful in leading in Americanism.

He stated "I don't trust Russia or anyone connected with them. I'm sick and tired of trying to buy friends with my money, when I don't like them in the first place."

He reminded the voters that in every political race there would be two men going up to the wire. "Let your conscience be your guide," he said. "Find out all you can about both candidates, then make up your mind."

"Leisure is gone; gone where the spinning-wheels are gone, and the pack-horses, and the slow wagons, and the peddlers who brought bargains to the door on sunny afternoons."

... George Elliot.

During the past few weeks, rain has become the main topic of conversation, but unlike the talk of a short time ago, the comments are now centered on the quantity of rain received rather than the need for a rain.

While one visitor was in the office this week, someone suggested that they go over and get something to drink.

"If it's water, we shouldn't have much trouble getting enough. We've had enough lately," was the reply by the visitor.

A short time ago, the majority of the people in and around Friona were praying for a good rain (Before the wheat was ready for harvesting). Now, a number are ready for a letup in the almost daily rains.

Just goes to show that the old saying "good things come in little packages" may be more than a saying. Too much of anything at one time can hide its beneficial aspects from the immediate sight of man.

...TH--

It seems that a great number of residents take the time to read this column but do not always gather the intended meaning from the reading. I have been asked how I was enjoying my vacation several times during the past week. I didn't think much about it for the first few times but when it became apparent that the general census was that I was on vacation from the plant, I began to inquire as to why this belief existed.

In last week's column, I stated that I would leave on vacation one week from Saturday. Apparently the 'one week from' was greatly overlooked in the reading.

But, from experience, I can say that to read over certain joining words is an easy thing to do. I read, or look over a large number of ads and newspaper pages each day but have found it very easy to let a glaring mistake pass through and show up later in the printed paper.

Therefore, I must attempt to be even more precise in wording the contents of stories and columns in the future.

According to SCHEDULE, I WILL be gone on VACATION from the plant during the NEXT WEEK.

Bill Ellis, Mrs. June Floyd, Mrs. Ella Faye Holcomb will watch after things while I am gone, so if lightning strikes your barn or a flood washes away your holdings (or you), call one of them.

In a way, I am hesitant to leave Saturday. The Jaycee Horse Show is scheduled for Saturday and if the horses are anywhere as attractive as the trophies, I would like to stay and watch the event.

This may be the age of the automobile, jet and rocket-- an age where the horse has been discarded for any practical use --but the sight of good horseflesh can still set the blood to pounding in a great many of us. The thought of sitting in a saddle and feeling the powerful animal between the knees can bring back some very pleasant memories for many of us.

Of course, if you haven't ridden a good horse your appreciation may be strictly that of an observer. But, I would venture to say that there is enough of the "Wild West" in most people to stir an appreciation for the sight of good horseflesh.

...TH--

When anyone mentions taking a trip, it seems that the conversation tends to work around to the World's Fair and "Are you going?" or "Have you been?"

After seeing some slides of the fair at the Lions Club meeting last week, I believe I will confine my tours to the "Unfair World." The lines in front of most of the exhibits at the Fair were so long that it looked as if the entire U. S. Army and a few divisions of Marines were lined up waiting for the chow

LARGE FIELD EXPECTED

Quarter Horse Show Set For Second Run Saturday

The Friona Jaycees, under the management of Walter Haws, will conduct its second annual Quarter Horse Show Saturday, August 4, at the Jaycee Arena. Last year's show was the first of its kind in the history of Farmer County, and interest was such that the show has become an annual affair.

A total of 121 horses were entered last year, with entries from Arizona, Colorado, New Mexico, Oklahoma and Texas. "We hope to equal that total and perhaps better it this year," states Haws.

Judging in the halter classes will begin around 1 p.m. There will be a break after the halter

judging, and the performance classes will get under way about 7 p.m. There will be no admission charged.

Merchants in Friona and Farmer County have donated trophies for the winners of the 28 classes.

The individual classes, with the merchant who donated the

trophy for each, are as follows: Grand champion stallion--Martin Marietta; grand champion mare--Schueler Feed and Supply; grand champion gelding--Soil Builders; reserve champion stallion -- Farmer County Pump; reserve champion mare--Reeve Chevrolet; reserve champion gelding--Rockwell Brothers Lumber.

Other first place trophies to be awarded are for: 1962 stallion--Bainum Butane; 1961 stallion--Dean Bingham Land Co.; 1960 stallion--Piggly Wiggly; 1959 stallion--Friona Consumers; 1958 and before--Ethridge-Spring Agency.

Also, first place awards will be given for the top 1962 mare--Friona Battery and Electric; 1961 mare--Friona Country Club; 1960 mare--Aldridge and Aldridge, Farwell; 1959 mare--Farmer County Implement and 1958 and before--Grady H. Dodd.

First place 1960 and after gelding -- Claborn Funeral Home; 1958-59 gelding -- Earl's Cafe; 1957 and before--Welch Auto Supply.

The Jaycees donated the trophy for "get of sire," (three colts from same stallion), and the jaycee wives donated the trophy for "produce of dam" (three colts from same mare). Sims Texaco sponsored the trophy for the top mare and foal. The senior reining trophy was given by Tasty Cream; and the junior reining trophy by Black Grain Company.

The "western pleasure" trophy is courtesy Mobil Oil Company. Senior cutting award is sponsored by Pruitt Grain Company; junior cutting by Hub Grain Company, and barrel trophy by Kendrick Oil Company.

A \$100 added purse has been arranged for the Junior and Senior cutting contests. Prizes will be \$50, \$30 and \$20 for the first three places.

Judge for the contest is to be Roland Moore of Vigo Park.

ADMIRE TROPHIES . . . Mr. and Mrs. Walter Haws display some of the trophies which will be won Saturday at the second annual Friona Jaycees Quarter Horse Show.

Farmers Invited To Meeting Friday Night

All irrigation farmers and landowners in the area are urged to attend a special meeting Friday night, August 3 at the Hub Community Center, beginning at 8 p.m.

The farmers are to hear a report from a committee which met July 24 with representatives of the High Plains Underground Water Conservation District.

"It is very important for all irrigation farmers and landowners to be there," said T. I. Burleson, who was named chairman of the committee. Burleson said that the committee will report on its talk

with Tom McFarland, manager of the High Plains Underground Water Conservation District, and would tell the farmers what the District expects of them in regard to controlling their "tailwater".

Other members of the five-man committee in addition to Burleson are Guy Latta, Lester Cole, Eugene Ellis and Kenyth Cass.

"We had a very good meeting with the Water District representatives. We received a lot of information which we need to pass along to the farmers," said Burleson.

Star Carries Amendments

In this issue of the Star there appears the full text of six of the Constitutional Amendments to be voted on in the General Election Nov. 6.

So that readers of the Star may be fully informed, we urge that they study each of the amendments carefully before going to the polls to cast their votes.

Friona Students Back From Band School

Six Friona students returned last week from the annual summer band and twirling school at McMurry College, which was held July 15 through July 27.

The local students who attended were Jo Anne Jennings, Judy Edelman, Sharen Awtry, David Reeve, Rita Collier and Rickey Hurst.

Classes were offered in individual instruments, conducting, marching and twirling, stage band, theory and concert

band performance.

The twirling instructors included Miss Lanelle Rowell, a professional twirler with the Dallas Texans, Mrs. Karen Young, Plains, a former McMurry "Maidenette," and Miss Barbara Brown, a McMurry student from Brownfield.

Bruce McCameron of Dallas, a four year drum major with one of the state's leading college marching bands also instructed twirling.

BOOSTER LEADERS . . . Officers elected by the Friona Boosters Club Tuesday night get set to sell membership cards. President John Renner (center) hands some cards to new secretary George Jones, while Floyd Brookfield looks on.

SKY-SCRAPER . . . Bill McGlothlin, owner of the Elk Drive In Theater, is shown giving the front side of his screen a fresh coat of paint. McGlothlin built his "lift" device himself, and is doing all the painting.

STARTS MEMBERSHIP DRIVE

Booster Club Makes Plans For '62 Season

The Friona Booster Club held its first meeting for the 1962-63 season Tuesday night, mapping out plans for the coming year and electing new officers.

John Renner was re-elected president of the organization. Floyd Brookfield was elected vice president, and George Jones was chosen secretary-treasurer.

The group voted to have an ice cream social Friday night, August 17, in honor of all prospective athletes for the coming year, both boys and girls.

The entire families of the prospective athletes were to be invited. The party is to be held at the Friona High School Cafeteria. Football practice for Friona begins Monday, August 20.

Renner passed out membership cards to those present to sell. It was voted to raise the membership fee in the club to \$5.

It was pointed out that the neighboring Farwell club collects \$10 per member, and the reasoning was that Friona should be able to raise its fees slightly in order to raise funds for the club.

The group passed a motion to give awards to individuals in each sport beginning this season. A committee was appointed to meet with school officials and coaches to discuss the basis for the awards. Of prime interest was the desire to recognize those players who contribute 100 per cent in desire, but who do not play a starring role due to physical limitations, and so forth.

Also discussed was the possibility of holding an "all-sports" banquet each year, rather than just one for the football players, wherein participants in each sport would be recognized.

A committee was appointed to discuss such a banquet and report back to the club.

SECOND ANNUAL

Jaycee Rodeo Is August 9-10-11

The second annual Friona Amateur Rodeo, sponsored by the Friona Jaycees, will be held beginning next Thursday night, running through Saturday night, August 9-10-11, with performances nightly at 8 p.m.

Entries for the various events will be taken until noon Thursday, August 9. Entrants should contact Walter Haws in Friona, or telephone him at 3034. Persons under 21 who enter must have a signed consent from their parents.

Entrance fees range from \$25

for calf roping to \$10 for the girls barrel race. Bulldogging entrance fee is \$20, while bare back riding and bull riding both are \$15.

The number of go-rounds will be determined by the number of entries, according to Ronald Smiley, Jaycee president.

The rodeo will be staged at the Jaycee Arena, west of Friona on Highway 60. Admission prices will be \$1.50 for adults and 75 for children.

Producer is Wild Stevens of H. den, New Mexico.

Editorial: THE PERIL OF TAXES

Taxes are one of the most controversial items of our present day and age.

Politicians use a promise of cutting taxes as a means of levering their way into office--and then find that they cannot fulfill their promises of cuts. But, when the next election time rolls around, the same promise is brought out again--and the politician is usually elected again. And therefore, poor representatives of the people are provided with a means of obtaining and keeping office.

For this situation, we, the American people, are to blame. Everyone who works for a living or owns a business feels that he is paying too much taxes. And everyone is overjoyed at the thought of a tax cut.

To have the tax reduced 10 per cent would be like receiving a 10 per cent raise in pay.

No doubt about it. There is no official act to compare with tax reduction in winning friends and influencing people--corporate and individual.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

SENATE JOINT RESOLUTION NO. 32 proposing an amendment to the Constitution of the State of Texas to raise the limit on the amount of financial assistance of the needy aged, newly blind, and newly children from fifty-two million dollars (\$52,000,000) a year to Fifty-two Million Dollars (\$52,000,000) a year; providing for the election form ballot proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended to read: Section 51a. Payment of Assistance to Needy Aged, Needy Blind and Needy Children.

The Legislature shall have the power by General Laws, to provide, subject to limitations and restrictions imposed by the Legislature, such limitations, restrictions and regulations as may be by the Legislature be deemed expedient for the purpose and for the payment of assistance to: (1) Needy aged persons who are actual bona fide citizens of Texas, and who are over the age of sixty-five (65) years, provided that no such person shall be paid to any inmate of any state-supported institution, while such inmate, or to any person who shall not have actually resided in Texas for at least five (5) years during the nine (9) years immediately preceding the application for such applications; provided that the maximum payment per month from state funds shall not be more than Twenty-five Dollars (\$25) per person; and provided further that no payment in excess of Twenty-one Dollars (\$21) shall be paid out of state funds to any person who is not an actual bona fide citizen of Texas, and are over the age of twenty-one (21) years, provided that no such assistance shall be paid to any inmate of any state-supported institution, while such inmate, or to any person who shall not have actually resided in Texas for at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1962. Pre-arranged all ballots shall have printed thereon the following: "FOR THE CONSTITUTIONAL AMENDMENT RAISING THE LIMIT ON USE OF STATE FUNDS TO ASSIST NEEDY AGED, NEELY BLIND AND NEELY CHILDREN FROM FIFTY-TWO MILLION DOLLARS (\$52,000,000) TO FIFTY-TWO MILLION DOLLARS (\$52,000,000)."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and to the effect of the laws required by the Constitution and laws of this state.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

HOUSE JOINT RESOLUTION NO. 46 proposing an Amendment to the Constitution of Texas by adding to Article III, Section 49c, the following: Section 49c. The Texas Water Development Board shall have the authority to acquire, construct, maintain, operate, lease, or otherwise dispose of any storage facilities in reservoirs and to dispose of such storage facilities and water upon such terms as the Legislature shall prescribe; providing for the use of funds received from the disposition of acquired storage and water; providing that any enabling Acts shall not be invalid because of their anticipatory character; providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III of the Constitution of Texas be amended by adding a new Section to be known as Section 49c of Article III of the Constitution of Texas, which shall read: Section 49c. It is hereby declared to be the policy of the State of Texas to conserve the water resources of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the State, which waters are held in trust for the use and benefit of the public. To this end, and with the approval of the Board of Water Engineers or its successor, the proceeds from the sale of State bonds deposited in the Texas Water Development Fund as provided in Article III, Section 49c of this Constitution, may be used by the Texas Water Development Board, provided under such provisions as the Legislature may prescribe by general law, for the additional purposes of acquiring, constructing, maintaining, operating, leasing, or otherwise disposing of water for useful purposes in and from reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, by any one or more of the following governments or governmental agencies: the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the State; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations.

Under such provisions as the Legislature may prescribe by general law, the Texas Water Development Board may, with the approval of the Board of Water Engineers or its successor, execute long-term contracts with the United States or any other government, or with any agency of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed by the State of Texas in the same manner and with the same effect as State bonds issued under the authority of the preceding Section 49c of this Constitution, and the provisions of said Section 49c with respect to the payment of principal and interest thereon.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the General Election to be held on November 6, 1962, at which election all ballots shall have printed thereon: "FOR THE AMENDMENT TO ARTICLE III OF THE CONSTITUTION OF TEXAS BY ADDING A NEW SECTION TO BE KNOWN AS SECTION 49C, PROVIDING FOR A STATE PROGRAM OF ACQUIRING, CONSTRUCTING, MAINTAINING, OPERATING, LEASING, OR OTHERWISE DISPOSING OF STORAGE FACILITIES IN RESERVOIRS."

Section 3. The Governor shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER TEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

SENATE JOINT RESOLUTION NO. 12 proposing an Amendment to the Constitution so as to provide that state employees may be employed in an advisory capacity or appointed to serve as a consultant or on an advisory committee, or as a member of a Public School Board provided they are not members of the teaching profession, and may receive reimbursement of expenses, with other agencies of this state, or any political subdivision thereof, and of the Federal Government, with the approval of the administrative head of the state department or agency or the governing board of the institution in which such employee is employed and provided there is no conflict of interest.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 33 of Article XVI of the Constitution of the State of Texas be amended so as to hereafter read as follows: Section 33. The accounting officers of this state shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, or profit, under this state or the United States, except as prescribed in this Constitution. Provided, that this restriction to the drawing or paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, and retired warrant officers of the National Guard, the National Guard Reserve, and the Officers Reserve of the United States Army, Navy, Marine Corps, Air Force and Coast Guard, and retired warrant officers of the United States Army, Navy, Marine Corps

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOURTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

HOUSE JOINT RESOLUTION NO. 32 proposing an amendment to the Constitution of the State of Texas to authorize the Legislature to provide for trial de novo on all appeals from the courts of appeals, rulings or decisions of administrative agencies and executive departments of the State of Texas or any of its political subdivisions.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That the Constitution of Texas be and same is hereby amended by the addition to Article II of a new Section to be known as Section 2, said new Section 2 to read as follows: Section 2. Notwithstanding any other provision of the Constitution the Legislature shall have the power, by general law, to provide for appeals to the courts from any and all actions, rulings or decisions of administrative agencies and executive departments of the State of Texas or any of its political subdivisions, under such provisions and limitations as the Legislature shall deem necessary and desirable; and the courts of Texas shall have no power or authority to refuse, delay, or change the manner of such appeals, if brought in the manner provided by general law, even though such appeals shall be provided de novo as that term is used in appeals from Justice of the Peace Courts to County Courts; and should the Legislature provide for such appeals to be tried completely de novo and indistinguishable from the original trial, the courts shall hear and determine such appeals in the manner and under the conditions prescribed by the Legislature, even though such action on the part of the Legislature may be judicial in nature, provided, however, in the absence of such legislative action, subsequent to the adoption of this amendment, all such appeals shall continue to be provided for in the manner now provided by law, as interpreted and applied by the Appellate Courts of the State of Texas, and no change in the manner of such appeals shall be effected except by legislation enacted subsequent to the adoption of this amendment."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon the following: "FOR THE CONSTITUTIONAL AMENDMENT GRANTING THE LEGISLATURE POWER TO PROVIDE FOR TRIAL DE NOVO ON ALL APPEALS FROM ACTIONS, RULINGS, OR DECISIONS OF ADMINISTRATIVE OR EXECUTIVE AGENCIES OF GOVERNMENT."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for such election and this amendment shall be published in the manner and to the effect of the laws of this State.

Friona Nine Drops Out Of Playoffs

Friona's Irrigation Belt League baseball team finished out its season last Thursday when it was beaten by the Muleshoe nine, 9-4.

The team decided to drop out of the league playoffs, since many of its players are currently on vacation, it was eligible to participate, finishing among the top four teams. Friona was

in third place most of the season, John Renner and Vernon Scott pitched for Friona in the season finale, Renner started and Scott

came on for the last three innings. Muleshoe was off to the lead, and pecked away for runs throughout the contest.

BOOSTER CLUB--

(Continued from page 1)

Following the meeting, those attending were given a tour of the new field house which is nearing completion. They were impressed with the building's modern facilities, and agreed that Friona and visiting athletes would have top-notch dressing facilities for the upcoming season.

Castin'--

(Continued from page 1)

A line like any one of those shown in the slides is one thing which I can do without for a long time. I, like many others in this country, have stood in lines until the thought of one makes me shudder with dread.

Mrs. Lucy Welch and two of her grandchildren, Bob and Monte Sue Welch, spent several days last week at the Welch cabin in near Cowles, New Mexico.

Mrs. Carol Kreig of Abilene visited friends in Friona during the weekend. She and her son, Jimmy, returned to Abilene Wednesday.

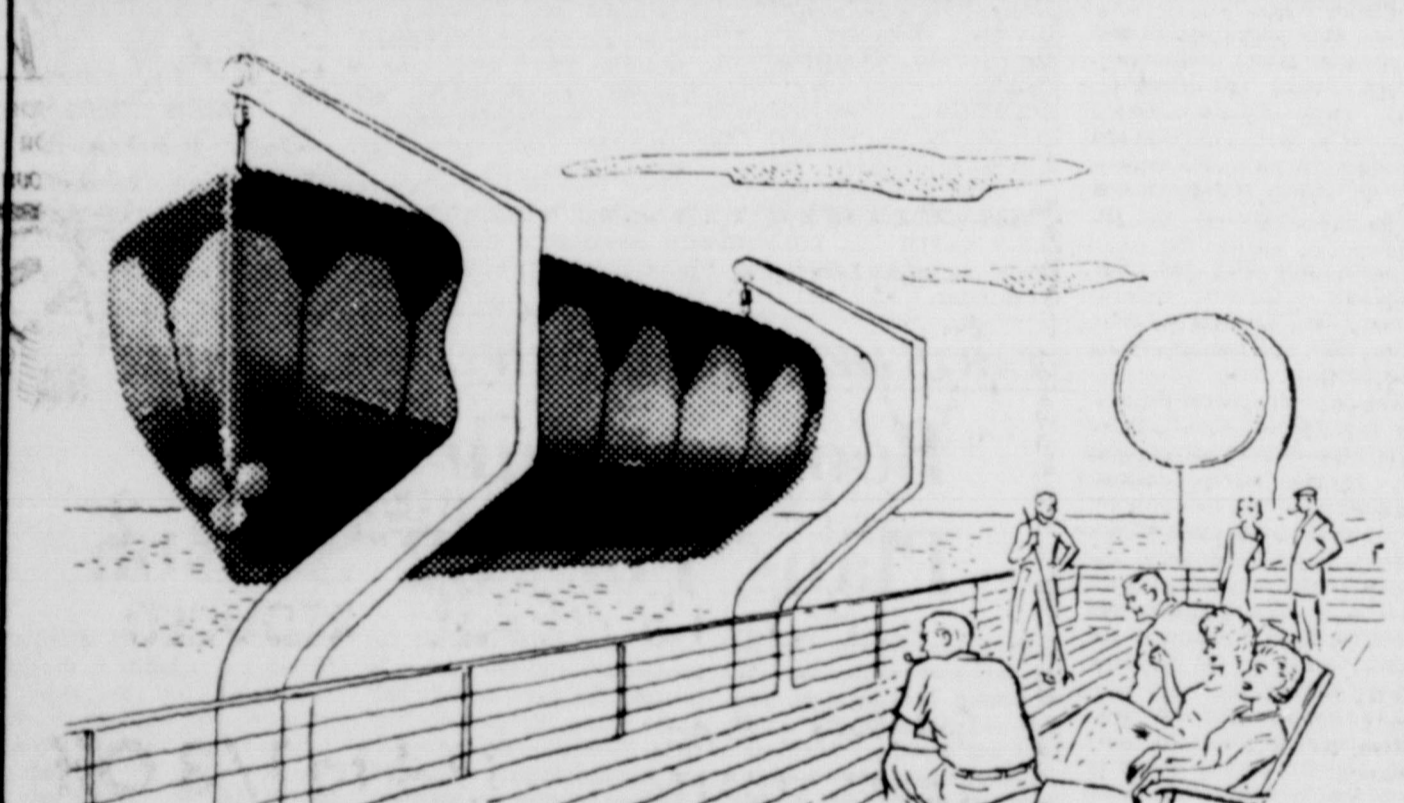

L. H. Nettles

SONG OF THE LAZY FERTILATOR

--Alias Bull Willie

I tell you for sure it seems like a sin
The way there just ain't been nobody in,
Just sittin' here waitin', while everybody else is vacatin'
And, at solitaire, I jest can't win,
Seems like everybody just up and left. If it ain't to the mountains, it's some place else.
But, as fer me, I just sit here and pine
Cuz one of these days it's goin' to be my time.
Sure wish that banker would go on a trip
and be gone for--say three or four years.
He makes me so dad gummed nervous I could almost bust
into tears,
Always a jawin' about me overdrawin' and how things are
getting rough as a cob,
Says it would be better for me and him both if I'd git up and
git on the job.
Says I ought to be more energetic--get in step with the time.
That everybody else is accumulatin' while I ain't makin'
a dime
I don't know, I may give her a try and go all day in a trot,
But right now, If you ask me, I say it is too dern hot.
Probably within a couple of days, when it is dry and cooled off
some, I'll git on out and get to work and really make things
hum.
I can see me now--just buzzin' around like a hummin'bird
when he's hummin', so don't be surprised if you look up and
see me a comin'!

DON'T WAIT!! FERTILATE!

IN CASE OF NEED

Bridal Shower Honors Billie Rae McKee

Billie Rae McKee, who will become the bride of Joe Tongate August 5, was honored with a bridal shower Tuesday from 3:30 to 5:30 p.m. at Friona Club House.

Hostesses were Mesdames W. B. Fulgham, Bill Kent, Jimmy Castleberry, Elmo Dean, G. Cranfill, W. H. Flippin Jr., Pearl Kinsley, E. T. Jennings, C. C. Maurer, O. F. Lange, Walter Loveless and Floyd Reeve.

Also Lola Goodwine and Mesdames B. E. Sanders, Malinda Schlenker, George Treider, Lillie Taylor, Ralph Wilson, Otho Whitefield, Bert Shackelford and Ray Castleberry.

An arrangement of Phoenician lilies and carnations centered

the serving table, which was covered with a white cutwork cloth. Cake, nuts, creamed punch and coffee were served by Mesdames Maurer and Lang. Guests were registered by Mrs. Valton Howard.

Luncheon Honors Visiting Relatives

Mrs. Willie Butler and Mrs. J. C. Hacker of Clovis and Mrs. Charlie Strickland, Kathy and Mike of Odessa were Wednesday visitors in the homes of their aunts, Mrs. Lucy Welch and Mrs. Nora Welch.

A luncheon in the Lucy Welch home honored the visitors. Others present were Mr. and Mrs. Steve Struve, and daughters, Kay and Sheila, and Nelson Welch and daughter, Monte.

Angela Dee Sims Born Monday

Mr. and Mrs. J. P. Sims became parents of a baby girl at 11:30 p.m. Monday, July 23, at Farmer County Community Hospital. She weighed 6 lbs. 8 ozs. and was named Angela Dee.

She has two brothers, Bobby and James, and a sister, Amelia. Her grandmother is Mrs. Cora Euhanks of Seminole and J. P. Sims of Happy is her great-grandfather.

WSCS Circles Meet Jointly

The Mekka, Kolvvvia and Maggie Hamlin circles of the Woman's Society of Christian Service of Friona Methodist Church met in Fellowship Hall Wednesday for a joint meeting. Members of the Kolvvvia circle were hostesses.

Mrs. A. A. Crow directed the opening prayer. A playlet, "The Purpose of WSCS," was directed by Mrs. Andy Hurst. Her assistants were Mesdames Ernest Anthony, Ralph Shelton, J. W. Baxter II, Floyd Rector and L. T. Graves.

Twenty-six members were present.

Rebekahs Plan Maize Days Booth

Noble Grand Joyce Wilkins called the business meeting of the Friona Rebekahs to order at 8 p.m. Monday at Oddfellows Hall. During this session plans were made for a Maize Days booth.

Reports were made of 22 sick calls and 8 get well cards were mailed. A study session of constitution and by-laws of the organization preceded drill practice.

Of Interest To THE WOMEN

Mrs. Jim Greeson

Gayle Knight, Jim Greeson Are United In Candlelight Service

In a candlelight service at Friona Methodist Church at 8 p.m. Friday Miss Gayle Knight, daughter of Mr. and Mrs. J. E. Knight, became the bride of Jim Greeson, son of Mrs. Lester Dean and the late Carl Greeson.

Rev. Russell McAnally read the double ring ceremony before the altar, which was covered with greenery and centered with a white satin wedding ring. Baskets of white gladioli and lighted tapers flanked the kneeling bench.

Mrs. Dorothy Hough, pianist, presented traditional music and presented traditional wedding music and accompanied Mrs. L. G. Blake, soloist, as she sang "Whither Thou Goest," "Hawaiian Wedding Song," and "The Wedding Prayer."

The bride, escorted to the altar and given in marriage by her father, wore a gown of silk faced taffeta fashioned with a fitted lace bodice, scalloped sabrina neckline and three-quarter length sleeves. The controlled skirt featured unpressed pleats at sides and back. Rem-embroidered lace trimmed the bodice and sleeves and extended down the sides and back of the skirt, which ended in a chapel train.

Her veil of scalloped silk illusion fell from a cluster of hand made roses surrounded by orange blossoms. She carried a white Bible topped with a bouquet of gardenias surrounded by stephanotis, love knots and satin streamers.

For something old, the bride carried a lace edged handkerchief, which belonged to her maternal grandmother, the late Mrs. F. L. Reed. Her dress was new. She borrowed a white Bible from her matron of honor and wore a blue garter.

Mrs. Mike Ellis was the matron of honor. Bridesmaids were Mary and Martha Knight, sisters of the bride and Rose Ann Greeson, sister of the groom. Paula Jan Dean, sister of the groom, was the flower girl. Candelighters were Vicki Knight, sister of the bride, and Carlene Greeson, sister of the groom.

The bridal attendants wore identical street length dresses of pastel pink pima mist designed with scalloped necklines and skirts of unpressed pleats. Headbands of silk organza roses completed their costumes. They carried single long stemmed pink roses.

Candelighters wore dresses

designed similar to those of the bridal attendants and wristlet corsages of split carnations. Their matching head pieces were also of hand made organza roses. The flower girl wore a dress of pink cotton featuring lace scallops on the skirt and a head piece of split carnations.

Guests were registered by Mrs. Dwayne Cassels of Hereford and Mrs. Jerry Loflin. Gene Pope served as best man. Groomsman were O'Neil and Maynard Greeson, brothers of the groom, and Wayne Rhodes, J. R. Knight, brother of the bride, Jesse Shirley, cousin of the groom, Thomas Gibson and Gary Brooks of Hereford were ushers.

Mrs. Knight, mother of the bride, wore a dress of imported beige linen with brown accessories. The groom's mother, Mrs. Dean, wore a rose beige lace dress with white accessories. Their corsages were of pink roses.

After a wedding trip Mr. and Mrs. Greeson will be at home at 507 West Eighth Street in Friona. Mrs. Greeson, a 1961 graduate of Friona High School, is employed at Friona State Bank. Greeson, who was a member of Friona's 1960 graduating class, farms in the Black community.

LOCAL

Mrs. Olga Hambrick of Amarillo has been a recent guest in the home of Mr. and Mrs. William Beene, Sandra and Brad. Mrs. Hambrick is Mrs. Beene's mother.

Calvary's Esther Class Honors Mrs. Magness

Members of the Esther Sunday School class of Calvary Baptist Church honored their teacher, Mrs. Mae Magness, at their regular monthly business and social meeting Thursday evening in the home of Mrs. Clarence Monroe.

Following presentation of a birthday gift to Mrs. Magness, members of the class showered her with gifts for the church nursery. They also presented new testaments to Kimberly

Chesser and Angela Sims, new babies of members of the class.

Co-hostess with Mrs. Monroe was Mrs. O. L. McMurtry. Min-isture sandwiches, cookies, mints and punch were served to Mesdames Magness, C. H. Vespy, Marvin Jordan, Louis Peterson, Waymon Wilkins, Ira Holt, Claude Porter, Max Self, Eune Martin and Ray Castleberry, assistant teacher.

Marriage Licenses Issued

July 23--Robert Samora, Clovis, N. M. and Lucita Allen, Clovis.

July 24--Gloria Gayle Knight, Friona, and Jimmy Larue Greeson, Friona.

July 28--Roy Lee Stone, Farwell, and Doris Pauline Wilemon, Farwell.

Rainbow Girls To Take Trip

Members of Friona Rainbow Assembly are planning a week-end trip to Red River, N. Mex. They will leave Friona Thursday, August 2 and return Sunday, August 5.

Girls planning to make the trip are Diane Gilliam, Lyndia Chandler, Sandra Beene, Rita Collier, Mary Ann Roberts, Merylene Massie, Sheryl Long, Kay Coffey, Marca Lynn Mas-sie, LaVoyce Burrow, Kay Johnson, Wanda Ready and Sharon Reeve.

Adults planning to serve as sponsors are Mrs. James B. Collier, Mrs. Vernon Roberts, Mr. and Mrs. Leonard Coffey, Mr. and Mrs. W. M. Massie and Mr. and Mrs. Wes Long.

Others making the trip will be Becky Coffey, Jayn Massie and Tommy and Eldon Long.

Martins Have Dinner Guests

Sunday dinner guests in the home of Mr. and Mrs. Larry Martin were Mr. and Mrs. Calvin Martin, Mr. and Mrs. Louis Baxter and Kenny of Clovis, Mr. and Mrs. Louis Baxter and Steve and Mrs. C. D. Carter.

Also Mr. and Mrs. Clarence Martin and family and Mr. and Mrs. J. W. Baxter. The afternoon was spent visiting and playing games.

BAXTER VISITORS

Recent visitors in the home of Mr. and Mrs. Bill Baxter were Mr. and Mrs. J. D. Adams of Davidson, Okla. and Mr. and Mrs. Joe Grabel and family of Griggs, Okla. Mr. and Mrs. Adams are Mrs. Baxter's parents and the Grabels are her cousins.

HD Club Has Final Meet

The Tuesday afternoon meeting of the Friona Home Demonstration Club in the home of Mrs. Walter Cunningham was the final meeting of the current year. There will be no August family meeting this year.

Next meeting of the organization will be September 11 in the home of Mrs. Earl Drake. At this meeting new officers will be elected.

Highlight of Tuesday's meeting was a salad luncheon. The luncheon was followed by a recipe exchange.

Those present, besides the hostess, were Mrs. Jay Sanders, Mrs. Earl Drake, Mrs. Glenn E. Reeve Jr. and Mrs. A. H. Boatman.

SHARP - Three large white buttons smartly accent this blue chambray denim suit. Crisply tailored, it's Sanforized to guard against shrinkage and maintain its good looks.

Antidote Unknown For Lead Poison

URBANA, Ill. (UPI) - One in three children poisoned by lead dies, statistics show.

Doctors agree there is no really effective antidote for lead poisoning. The responsibility for prevention lies with the family.

O. L. Hogsett, safety specialist for the University of Illinois College of Agriculture, offered this safety advice to parents:

Never permit a child to chew on painted surfaces or to eat paint flakes from peeling walls and woodwork. If your house or apartment was painted before you occupied it, remove loose or flaking paint and plaster.

If possible, repaint your house using an interior paint that contains not more than one per cent lead. The label on the container will list the percentage.

Never use exterior paints on indoor walls, woodwork, toys or furniture. These paints contain as high as 70 per cent lead.

Camping Trip Honors J. Kreig

Mr. and Mrs. O. J. Beene and Jay honored Jimmy Kreig, who is leaving for Abilene to make his home, with an overnight camping trip at Buffalo Lake Monday. Other guests were Gary Shackelford, Scott Cummings, Lonnie Ellis, Dwight Whitaker, Johnny and Eddie Barker and Ramey Beene.

Outlands Back From Funeral

Guests in the A. L. Outland home this week have been Mr. and Mrs. Patrick R. Pitchford and infant son Robert of Norman, Oklahoma. Mrs. Pitchford is the eldest daughter of the Outlands.

Outland was called to San Antonio by the death of his father-in-law, R. L. Kersey, last Thursday morning. Mrs. Outland and children had been with her father for two weeks prior to his death. Kersey had been ill for some time.

Here's how Gas heat COOLS your home!

Cooling with a Gas flame combines four simple laws of nature. The ARKLA-SERVEL Sun Valley* GAS air conditioner employs them to produce the finest air conditioning science has yet devised!

First, BOILING, as in a percolator, moves the liquid refrigerant to the top of the unit in the form of vapor. Secondly, CONDENSATION, as on a glass of cold water, occurs, converting the vapor back to liquid. Next, EVAPORATION provides the chilling effect, just as blowing upon your hand, when wet, makes it feel cool. Last, is the ABSORPTION of the vapor by a salt solution called lithium bromide, in the same manner as table salt absorbs liquids. The liquid then returns to the "percolator" to start the cycle over again.

This is why an ARKLA-SERVEL Sun Valley* GAS air conditioner has no moving parts to wear out or

break down, and why it 1) has a life expectancy of three-to-four times that of an ordinary air conditioner, 2) does not lose its efficiency with age, 3) operates with a minimum of service or repair, and 4) maintains its low operating cost throughout the life of the unit.

All these reasons add up to LOWEST OWNERSHIP COST . . . and make ARKLA-SERVEL Gas air conditioning truly the wisest investment you'll ever make for your home.

Recent rains in the vicinity have brought much pleasure to a lot of people and some dissatisfaction to a few. Farmers who have been able to shut the wells off and go fishing are enjoying a few days relaxation. However, those who have had their crops halted would have been much better off with continued dry weather.

West of town we have received more rain during the past two weeks than during the first six months of the year put together. It hasn't rained as much yet as it did during July of 1960, but it is getting about to that point.

Our neighbors to the west have also received a lot of rain recently. Three Frionans encountered a downpour of rain between Conchas Dam and Tucumcari Sunday. Bob and Monte Sue Welch accompanied their grandmother, Mrs. Lucy Welch, to the mountains for a few days and came home Sunday.

In recounting the events of the day, Monte Sue said, "The road was closed behind us and the water was so deep in front of us that the highway maintainer had to pull us through it, but we couldn't turn around and go back."

Don't know for sure whether Bill and Beth Baxter really planned a second honeymoon following the marriage of their last daughter or not, but it seems that they had one any way.

Ann, youngest daughter of the couple, was married Saturday, July 21 to Jerry Rankin, and the very next day Bill and Beth packed their gear and took off on a 3000 mile jaunt which took them through much of Texas, Louisiana, Mississippi, Kentucky and Tennessee before they reached Indianapolis, Ind.

There they visited their son and daughter-in-law, Mr. and Mrs. Loren Snyder, then came back through Illinois, Missouri and Oklahoma. After visiting briefly with Beth, a person gets

the idea that the entire trip was an adventure and that seeing that much of the world was fun, even though they had been married almost a quarter of a century.

Neighbors of the Jake Lambs have been having fun kidding Jake about being a baby sitter for a dog. It seems that exercising dogs isn't exactly Jake's idea of an enjoyable way to spend part of each day.

Since the Ralph Smiths are on vacation, Jake has been faithfully playing host to their dog. A late report indicates, however, that the dog met with an accident and doesn't need exercising any more.

Enjoyed visiting with Billy Bob and Jeanne Adams in the drug store one afternoon last week. Both of them are attending classes at West Texas State and they were just here for a short while.

Everyone in the Floyd household regrets that this fine couple does not plan to return to Friona this fall. Jeanne will teach a pre-school age group at an Indian school near Mesalero and Billy Bob will coach football at Tularosa High School.

Billy Bob says that not being a girls basketball coach will be a change, but that he will not even coach boys basketball. A lot of Frionans are going to miss these two, but our very best wishes go with them in their new endeavor.

Many persons who are supposed to know about such things are predicting that with the coming of television the art of conversation fell into the category of "The Lost Art."

At least one firm has definite plans for reviving this "Lost Art." A bulletin from Conversation Studies in Chicago found its way to my desk. It is entitled "Adventures In Conversation" and states that learning to talk is a fascinating new way to win more poise, power and personality.

Modern transportation has almost closed all avenues for walking, if television eliminates our talking, some of us may not even be able to push the buttons for the easy living the 21st century promises to bring us. Maybe we'd better enroll in the course this Chicago concern offers, but then there would be the problem of finding someone interested in listening to our conversation adventures.

On second thought, it would probably be more worthwhile to hunt up some organization that knows all the angles to development of enjoyment of listening to brilliant conversationalists.

Just in case anyone is interested in learning to talk, I have the street address of this Chicago concern.

BLACK NEWS

BY BRENDA DEATON

The recent rains certainly haven't put too much of a damper on the spirits in our community.

Miss Ann Prewett enjoyed Sunday afternoon at Allison Lake skiing along with the Johnny Mars family and Danny Murphy.

Dwight Whitaker attended a farewell party for Jimmy Craig given by the O. J. Beenes Monday night. The party was held at Buffalo Lake where the boys camped out and enjoyed a fun-filled evening.

Mrs. L. L. Deaton, Brenda, Glenda, and Gay, Mrs. Ray Strickland, Gene, Alonzo, and Toby Joe along with Phil Phipps spent Sunday afternoon in Clovis at the park and zoo.

Mrs. Ellis Tatum attended the birthday party honoring her granddaughter Pammie in Canyon recently. Pammie celebrated her fourth birthday.

Mr. and Mrs. J.R. Nazworth and Billy Ray are visiting in Tulsa, Oklahoma with the Plese Venables. This group plans to

vacation in Missouri and Arkansas before returning home.

Mr. and Mrs. Arnold Fangman were honored with a miscellaneous wedding shower Thursday night by the community. Guests were served cake, punch, and coffee.

Dwight Whitaker attended the State Junior Golf Tournament held in Wichita Falls recently. He spent three days in Wichita Falls and reports he had a wonderful time.

Mr. and Mrs. Harry Look ingbill attended the funeral of his aunt in Bridgeport, Texas Saturday, July 21.

Guests in the L. L. Deaton home are their daughter and her family from Kansas City, Missouri, Mrs. Ray Strickland, Gene, Alonzo, and Toby Joe. Mr. Strickland visited in the Deaton home Saturday and Sunday before returning to Kansas City.

The Jim Cady's of Scottsville, Kansas visited Monday night with the J. R. Braxtons, The Cady's are on their way to California.

Mrs. Woodrow Whitaker and David and Mrs. T. J. Presley spent Thursday in Clovis.

Mr. and Mrs. Jerry Houlette, Debbie and Mary Beth visited with the Ellis Tatums this past week end. Debbie is spending the week with the Tatums.

Something To Think About

5th. Street Church of Christ
Box 515 -- Friona, Texas

A man took a package to the post office in a large city and had the clerk to weigh it. He consulted his map to find the zone to which it was going. Then he turned to his guidebook and told him the amount of postage. The man took the same package to the post office in a neighboring town, had the clerk to figure the postage, and it was the same. Finally he took the same package to a little country post office that was located in the rear of a store in a rural district. There the postmaster weighed the package, and with considerable slowness, for he was an uneducated man, he consulted his postal rate book and came up with the very same answer. Now these postal employees had not met in some convention to decide how much to charge for the mailing of this package. So far as we know they were not even acquainted. The important thing is that they had an official guide book and they went by it! Mankind has no greater need than to lay aside every thing but the official guide in spiritual matters. As long as men insist on using their own creeds and opinions in religion, we will have division. Honest seekers of the truth will be frustrated by the conflicting answers to their questions concerning the way of salvation. Not until men are willing to follow the official guidebook, the Bible, will we see the unity for which our Lord prayed.

"... I will bring them back to their own land which I gave to their fathers. Behold, I am sending for many fishers, says the Lord, and they shall catch them..." Jeremiah 16:14-16

"And Jesus said to them, 'Follow me and I will make you become fishers of men. And immediately they left their nets and followed him.'" Mark 1:17-18

LOOSE TACKLE

When Jesus addressed Simon and Andrew as they cast their nets, we know that he was talking to two men who knew their business. These were commercial fishermen, skilled in the business of catching fish. We read that they left their nets behind. Perhaps, to those of us who are not in the business of fishing for a living, this phrase does not reach us with its proper meaning. Couched in our own economical language we could as well have said, "And they left their cash-registers behind," or, "And they left their tractors behind." This is the hard part of this story for modern readers. These men were called from their livelihood to follow Christ. They were called to be adept at their discipleship as they were at their old trade.

The fact that most of us must remain at our work benches in no way removes from us this command of Christ to become "fishers of men." Certainly it has something to say to those of us who can do highly skilled labor at our farms and our offices and offer only unskilled labor to our churches. Surely if we have bothered to learn one skill we can take the trouble to become skilled in our Christian service.

Though none of us are commercial fishermen, quite a few of us like to fish. Without the flicker of an eyelash, an amateur fisherman might spend several hundred dollars on one fishing excursion to the Gulf of Mexico. He will buy an expensive rod, a box of complicated tackle, subscribe to several magazines, and undergo any number of hardships to get to where the fish are biting. This man might call himself a "sportsman." He would hardly think of going after a fish with "loose tackle." We wonder what he would use if he went after men in the service of his church?

HEREFORD

**Carl Shirley Services
Held Here Thursday**

Funeral services for Carl Shirley of Reseda, Calif., were conducted at Friona Methodist Church at 10:30 a.m. last Thursday. He lived in the Friona area prior to moving to California.

Calif.; and two sisters, Mrs. Ruth Busby and Mrs. Lorene Dean, Friona.

Burial was in Friona Cemetery under the direction of Claborn Funeral Home.

Rev. Russell McAnally, pastor, was the officiating minister. Pallbearers were George Green, Earl Graham, Loyde Brewer, Bill Flippen, Sam Williams and Earl Drake. Military graveside rites were conducted by American Legion Post #206.

Survivors include his wife, Joan, three sons, Bobby, Terry John and Jerry Don; two daughters, Sherry and Karen Lou; three brothers, J. B. Shirley, Hereford, Jack Shirley, Friona and Reaford Shirley, Oxnard.

The world produces annually about 40 million ounces of gold, worth nearly \$14 billion. Almost half of it comes from South Africa.

**Ticket Sales
Commence**

Tickets will go on sale next week for reserved seats for the five home football games of the Friona Chiefs this fall.

Approximately 400 season tickets will go on sale, according to Superintendent Alton Farr. Price will be \$1.50 per game or \$7.50 for a season ticket. General admission price per game is \$1.25.

This is the first season that reserved seats have been offered local football fans. A special section is being marked for the fans who want to insure they "have a seat" when they get to the games.

CARL SHIRLEY

**Showers Have Cooling
Effect On The Weather**

Friona's maximum temperature readings decreased a bit during the past week, with rain showers causing the "highs" to be a little less than they had been previously.

The high temperature during the week was 91 degrees, recorded last Saturday. The low for the week was a 59, which was reached Sunday night.

Rainfall in Friona during the week totaled 2.26 inches, not including Tuesday's shower, which was after the 5 p.m. daily check.

The temperatures for the week:

	Max.	Min.
July 25	80	53
July 26	84	63
July 27	92	64
July 28	91	62
July 29	83	52
July 30	81	51
July 31	86	62

**Legion Meets
Monday Night**

The American Legion will meet Monday, August 6 at 8 p. m., to elect officers for the coming year. The meeting will be in the American Legion Hall. All members are urged to attend.

**State Bond
Sales Top
1962 Goal**

Savings Bond sales in Texas for the first six months of 1962 totaled \$76,720,875 which represents 102.3 per cent of the 75 million dollar Freedom Bond Drive goal for Texas, June bond sales in Texas were \$11,489,268.

These figures were reported recently by Frank Spring, Chairman of Farmer County Savings Bonds Committee. Spring also reported that bond sales in Farmer County were \$79,364 for the first 6 months of the year. This figure represents 88.2 per cent of the 1962 sales goal.

"The achievement of the Freedom Bond Drive goal in Texas demonstrates to the nation that Texans stand ready to do their part in our fight for freedom. These bond dollars will help our nation maintain a strong military posture and at the same time will keep our country economically stable," Spring concluded.

Hang garments in a well-ventilated closet so air can circulate around them. Store shoes and other leather articles near the top of the closet rather than on the floor. This helps prevent mildew.

**Man Fined \$75
On DWI Charge**

John Fields, 63, of Liberal, Kansas, was fined \$75 and costs in Judge Loyde Brewer's court last week, after being found guilty of driving while intoxicated. Fields was arrested by Farmer officers between Bovina and Farwell.

Leon Karr, 54, of Seymour, was being held this week for Clovis, N. M. officials for questioning concerning a burglary in that city.

**Chiefs Seek
New Assistant**

Superintendent of Schools Alton Farr is interviewing prospects for the assistant coaching position vacated at Friona High School last week by the resignation of Bill Adams.

Adams was assistant football and basketball coach, as well as handling the freshman teams.

Richard Rust, a rising young actor who was seen to good advantage recently in the film "Walk on the Wild Side" has been signed as regular on the new one-hour NBC-TV series, "Sam Benedict," due in the fall. Rust will play an assistant to Edmond O'Brien who has the title role as a flamboyant lawyer. Claude Rains will be the guest star in the first "Sam Benedict" episode.

THIRD IN A SERIES

Beth Akens Tells Of World's Fair Visit

(Editor's Note: This is the third in a series of articles written by local residents concerning their visit to the World's Fair. This week's article is authored by Beth Akens, daughter of Mr. and Mrs. U. S. Akens, a 1962 graduate of Friona High School.)

By BETH AKENS

A few weeks ago I was one of the half million people who crowded the gates of the fantastic Seattle World's Fair in one week. I was certainly impressed with the sights there and I don't know how to describe just what I saw, but I shall try.

Relatives from California asked me to meet them on the coast and go to the fair with them. That was an opportunity I couldn't pass up. Due to the time I had in getting to Portland, Oregon, it was necessary to fly from Amarillo. The afternoon I left, the airlines had a cancellation and by chance I got to go.

I arrived in Denver in about two hours, and after a four hour layover, I was in Portland in two hours via United Airlines super jet. When I arrived in Portland at 9:05 p.m., the sun had just gone down and twilight

was just setting in. On the coast, it was usually still light at 10 o'clock in the evening.

The following morning we got our first glimpse of the space needle from the southern side of Seattle. That afternoon we spent all our time taking in the buildings and grounds of the fair. The fair grounds are located about two blocks from the coast of Puget Sound. The monorail runs from the heart of the grounds to downtown Seattle. The fair was at its prettiest at night.

The grounds are typical of all fairs in that there was a large amusement section which was called the gateway. The grounds consisted mainly of beautiful buildings built by var-

ious countries and companies. The architecture was as varied as the displays the buildings held. Most of them were extremely modern in design. Among the more unusual ones were the Ford building, the home of the Living Light, the Christian pavilion, the U. S. Science Pavilion, and the Fair Coliseum, which will later be used as the Washington State Coliseum.

It housed the theme exhibit of the fair and I regret to say that I didn't brave the long line of people who were waiting to see the exhibit. People entered the exhibit by a long flight of stairs and returned to the main floor by way of a completely transparent elevator which re-

sembled a gigantic glass bubble. In the midst of these buildings was an outdoor arena which seated twelve thousand people. Here water skiing shows were presented several times a day by skiing artists from the world over.

In the center of the fair grounds was the International Fountain and the plaza of the states where the flags of all the states were displayed. In the area of the fountain were the Boulevards of the World which were rows of shops from countries around the globe. Cultures and customs which were made obvious by these shops were also highlights of the fair to me.

I thought the U. S. Pavilion

was the most beautiful building on the grounds. I cannot begin to describe the many displays we saw on space and the space age, medical research, science, future transportation and communication, and cultures and progress of other countries.

Others who have gone could probably remember much about the fair and cover things which I failed to even mention. You should remember that the displays that I mentioned above often occupied one or two buildings in themselves. However, I believe everyone would remember the space needle. Of course, the crowd, like the fair, was tremendous and by going early one morning we were able to get to the top in about an hour

and a half. The sights after reaching the top were certainly worth it.

After spending five days around the fair and in Seattle we felt we were ready to leave. Seattle was a perfect place for the fair and we felt it almost as interesting as the fair itself. After leaving Seattle, we visited points of interest in Vancouver, B. C., Glacier National Park, Yellowstone National Park, Salt Lake City, and Las Vegas.

Arriving by train from Barstow, California after being in twelve states other than Texas, it is needless to say that my home town looked better than any place I had seen in the past seventeen days!

SPACE NEEDLE . . . Striking view of the "Space Needle" at the World's Fair was taken by Beth Akens on her recent trip to the fair.

TV NOTES

NEW YORK (UPI) — Hubert Davis will take permanent leave of NBC's "Tonight" program on Aug. 17 when he completes a week as guest host of the show for which he has been the announcer since July, 1957. He will assume his new duties as host of the "Today" program on Sept. 10. He will continue his Monday-through-Friday stint as host of NBC's "Concentration."

Popular Shari Lewis of the NBC Saturday program for children has a real life "puppet" now — a daughter named Mallory, born July 8. She's the wife of publisher Jeremy Tarcher. Shari will continue her show.

The warm characterization of a police detective created by Norman Fell for "7th Precinct" as Meyer Meyer will be missing from the home screens next fall because the show was cancelled. But Fell will be available in the not too distant future in the motion picture "PT 109," based on the war experiences of President Kennedy. That cast, incidentally, is loaded with actors who gained prominence in video—Cliff Robertson, Ty Hardin, Grant Williams, James Gregory and Robert Culp.

The National Education Association has assigned Prof. Lawrence E. Vredevoe of UCLA as its liaison with the Screen Gems production of its "Turning Point" series to see that stories and production are authentic from the educational standpoint. Mike Connors will star in it as a science teacher who doubles as athletic coach at a large city high school. The pilot film of the program, which is intended for fall 1963, will be shot next month (August).

No one director is going to leave his trademark on the MGM "Sam Benedict" one-hour lawyer series starring Edmond O'Brien, which will start on NBC Sept. 15. Ten directors already have been signed to supervise the various episodes.

VISIT LUBBOCK
Mr. and Mrs. Carlton Newell and sons, Carl and Terry Don, were weekend guests in the home of Mrs. Newell's parents, Mr. and Mrs. C. S. Weir at Lubbock. They also visited in the home of Mr. and Mrs. Delmo Gossett and children.

MAKING PLANS . . . Friona Rainbow Girls and their sponsors are shown at their meeting last Monday at which they mapped out plans for their trip to Red River, N.M. The girls were to leave this morning.

Gun Club To Conduct Silver Dollar Shoot

The Friona Gun Club is sponsoring a "Silver Dollar Shoot" Sunday, August 12 at the trap house east of Friona.

Sponsors of the shoot say that there will be an amateur class, and that gun club members will be allowed to shoot only against other members, so as to even up the shooting.

The event will get underway at 1 p.m. and run through 6 p.m. Ammunition and guns will be furnished by the trap house. Entrance fees of \$1 and \$2 will be charged. Trophies will be awarded to the winning team.

Mr. and Mrs. Lester Smith have moved from 710 W. 5th, to Clarendon, Texas. Robert McJimsey moved to 905 Grand.

Lazbuddie To Start School August 27

The Lazbuddie School Board of Trustees has set August 27 as the opening day for the 1962-63 school term. The faculty was also completed with the approval of contracts for Alton Warren, who will teach in the 7th and 8th grades and Reita Warren, who

will teach second grade. The Board increased the tax rate for the 1962-63 from the present \$1.65 to \$1.75. This increase was necessary to take care of expenses occurring from the renovation of classrooms in the old red building, home mak-

ing cottage, field house, and the football stadium. The increase in the Local Fund Assignment set by the state continues to cause an increase in the budget each year.

Mr. and Mrs. Jerry Brown of Lovelland visited Mrs. Brown's parents, Mr. and Mrs. Arthur Drake, Friday.

Boost small-grain yields with Monsanto Anhydrous Ammonia from RHEAGRAIN And FERTILIZER

Rt. 2 Friona Ph. Parmer 3196

You know how important nitrogen is to your small grain. Monsanto Anhydrous Ammonia packs more nitrogen per pound and per dollar than any other type of nitrogen fertilizer. It is guaranteed 82.2% nitrogen.

Monsanto Anhydrous Ammonia resists leaching . . . remains "locked" in the soil, ready to work when your crops need it most . . . and you put it right in the root zone.

It's easy to apply . . . saves time and labor. Applicator tanks are quickly filled. No bags to tote, tear or tip. You can apply all you need for the entire growing season in one operation, or you can use it before planting, followed by an early side-dressing of ammonia. Let us help you build your fertilizer program around Monsanto Anhydrous Ammonia.

IT'S OUR 3RD ANNIVERSARY IN FRIONA

FERTILIZER

Whats in it and what it does
Primary Plant Nutrients

• NITROGEN

- Gives dark green color to plants.
- Produces rapid growth.
- Increases yields of leaf, fruit, or seed.
- Improves quality of leaf crops.
- Increases protein content of food and feed crops.
- Feeds soil microorganisms during their decomposition of low-nitrogen organic materials.

• PHOSPHORUS

- Stimulates early root formation and growth.
- Gives rapid and vigorous start to plants.
- Hastens maturity.
- Stimulates blooming and aids in seed formation.
- Gives winter hardiness to fall-seeded grains and hay crops.

• POTASH

- Imparts increased vigor and disease resistance to plants.
- Produces strong, stiff stalks, thus reduces lodging.
- Increases plumpness of the grain and seed.
- Essential to the formation and transfer of starches, sugars and oils.
- Imparts winter hardiness to legumes and other crops.

Secondary Plant Nutrients

- CALCIUM
- MAGNESIUM
- SULPHUR

Rains Leave Parmer County Farms Well-Soaked

BENEFITTING FROM the rain in Parmer County during the past week were many fields, such as the cotton field above, west of Bovina. Most farmers were ready for warm weather again after heavy falls during the week.

Some Damaging Hail Reported In Area

Parmer County farmers, for the first time this summer, had "enough" rain this week, with general rains blanketing the entire county during the past week. A few farmers received damaging hail along with the rains last weekend, with estimated loss in some instances approaching the 100 per cent mark.

But everyone--it seems--got rain, from as little as one inch in parts of the county, to more than eight inches in other parts. The heaviest fall reported was on the W. F. Gable farm six and one-half miles northeast of Farwell, where eight inches had been measured in the past week as of Monday.

The biggest concentration of hail apparently was east of Hub parallel to and south of Highway 86. The Eddie Hall farm, two miles east and a mile south of Hub, was one of the hardest hit, with heavy damage both to his place and that of his father, Luther Hall.

W. H. Awtrey, three miles east of Hub, had his quarter-section south of the highway almost completely ruined, while that on the north side wasn't damaged much.

Others in the area reporting hail included Wayne Garth, M. J. Stacy and Deon Awtrey. The Hub area also received a heavy rain along with the hail, from three to four inches in most cases.

Gene Ellis, who lives five and a half miles east of Hub and also farms a place two miles east, said his hail damage was relatively light, and he received from two to three inches of moisture on the two places. "It was our first rain to amount to anything this year," he said. Other hail damage was reported in the Lazbuddie area, where Jimmie Seaton and T. L. Gleason were reported as having extensive damage.

Another area with hail damage was west of Bovina and north of Farwell. Herman Gerles reportedly was the hardest hit in that area. He farms about 13 miles north of Farwell.

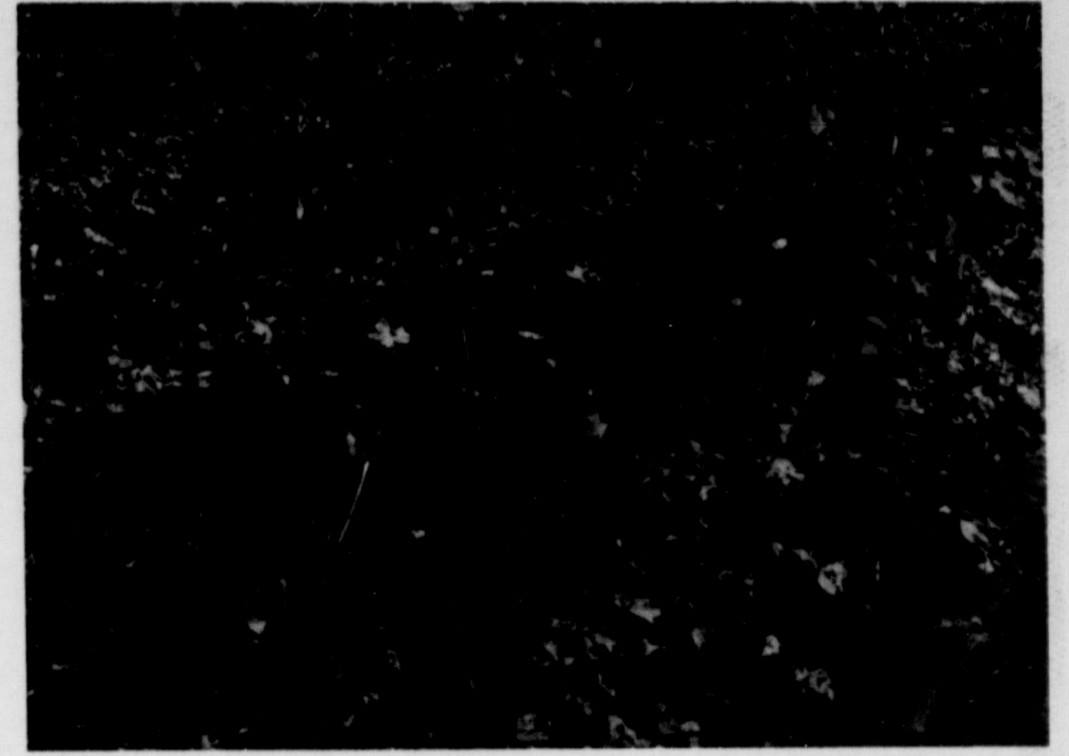

Others around Farwell reporting hail were Dale McCuan, Lester Norton, Troy Lovett and James Ensor. There was also an area damaged south of the Oklahoma Lane-Lariat area.

Some of the larger rain measurements in the Farwell area included 4.90 inches for Ray Tharp, five miles north on the Stateline Road. John Lovelace's farm had five inches of rain through Saturday.

The John Hadley farm five miles south and two west of Texico-Farwell measured four inches of rain through Saturday. Melvin Burns, two miles west and one north of Texico reported two inches of rain.

The Rhea community in northwest Parmer County didn't have as heavy a fall as other parts of the county, but received good showers both Saturday and Sunday.

In Cripple Creek, Colo., somebody put up a homemade sign on Bennett Avenue: "Caution, Rader controlled." Bill Rader is the police chief

A BATTERED FIELD of cotton on the W. H. Awtrey farm east of Hub showed the damage left by hail in the area from last Saturday's storm. Several farmers in the vicinity reported damage.

THE HIGH PLAINS FARM AND HOME

Blackstone Represents County In District Contest

The Parmer County 4-H Dress Revue was held Tuesday evening, July 24 at 8:30 p.m. in the Hub Community Center with approximately 160 friends, parents, and participating girls attending.

Katie Blackstone placed first in the senior division of the advanced dresses. She was to represent the county in the District 4-H Dress Revue in Amarillo Wednesday, August 1, at the YWCA. She made and modeled a brown cotton hand-screened print shirtwaist dress with black accessories.

Twenty-eight garments were entered in the judging Tuesday morning at 9 o'clock in the Hub Community Center. After the judging the girls modeled their garments for the public in the evening dress revue.

Ribbons were awarded to each of the twenty-eight girls by Miss Ettie Musil, County Home Demonstration Agent, and Miss Celia Patton, Junior Assistant Extension Agent.

Winners in each of the garment divisions are Ann Blackstone, first, and Janie Watkins, alternate. In the elastic gathered skirts division for first year girls, Sharon Martensen was first and Shirley Schuel-

er was alternate in the simple blouse division.

In the pleated skirts and blouses division, Karene Milner placed first and Kathryn Gober was alternate. Placing first was Marsha Schumann in the simple dress division. Terri Sue Mabry was the alternate in this division. Judy Koelzer had an alternate-rated advanced dress in the senior division.

Farwell 4-H Club girls were in charge of the punch for refreshments. Each of the other girls brought a dozen cookies that they had made for the refreshments. Judy Billingsley served as narrator. Charlotte Davis played piano during the modeling.

Others participating in the judging and dress revue with high rated garments were: (Elastic Gathered Skirts) -- Vicky Kaltwasser, Patcine Broyles, Tina Rundell, Debbie Burch, Karen King, Sharon Martensen, Linda Gossett, and Kathy

Pineapple Swizzle
Pineapple milk swizzle is easy to make. Just stir 1 1/2 cups of instant nonfat dry milk into 3 cups of ice water. Add 1 (6-ounce) can of frozen pineapple juice concentrate, thawed and undiluted. Beat until foamy. Garnish with pineapple stick stirrers. Serves 4.

Blue Cheese Dressing
Blue cheese dressing complements sliced or diced fresh cucumbers. Mash 1 cup of blue cheese in about 1/4 cup of olive oil. Blend in 1 tablespoon each of Worcestershire sauce and lime juice and 1 teaspoon of tarragon vinegar. Shake well before serving.

Coker.
(Simple Blouses) -- Cheryl Ramage and Sheila Vaughan.
(Simple Dresses) -- Jill Mimms.

(Pleated Skirts and Blouses) -- Peggy Lesly, Patricia Tannahill, Sherril Tannahill, Janis Billingsley.

(Advanced Dresses) -- Viane Lesly, Mary Coffey, and Reba Lesly.

THINKING ABOUT FLYING BUT DON'T KNOW WHERE TO START?

Give us a call, or come right out. We'll fill you in on all the facts at no cost or obligation. We'll tell you what's required to earn a Private Pilot license and how to go about it, too.

Then, if you like, we'll arrange a low-cost introductory lesson so you can see for yourself how easy and how much fun it is to fly. We recommend flying lessons in the new Piper Colt, the safe, gentle, easy-to-fly airplane made especially for beginners. You'll discover a new freedom in flying, a new confidence, in the Piper Colt.

Find out all the facts now at **BENGER AIR PARK**

NEWS FROM THE
FARM BUREAU
BY RAYMOND EULER

The new automobile insurance rates, effective August 1st, seems to be much more equitable than anything we have seen in the last two years. In this territory, the premiums for drivers over twenty five with no "merit rating" charges under the old rule will be so little different that it will be hard to notice, and those with charges will be real happy with the reductions affected. Base rates for male drivers under twenty five are a little higher, which is probably justified by the record in most cases.

Many of these that had charges under the old system will find nice reductions in premium. We believe that the elimination of the costly system of recording so much irrelevant information will result in lower rates for everyone in standard classifications within a year or two.

Harry Hamilton, your president is doing well in Deaf Smith County Hospital following surgery. He should be up and around by the time you read this. Mary Ann Stacey, a former PCFB Queen is convalescing following surgery in a Dallas Hospital, we are told. Steve Kaitwasser and Kim Barr are both doing nicely following accidents separated by a month or so. Both of their fathers are former Farm

Bureau Presidents. "Loss of faith in God is our nation's most serious problem. When men lose God, they turn to State. Thus they have to "destroy" God to make Communism succeed. Unless we Americans are able to change some of our values we will lose freedom of choice with respect to life's values. Our forefathers fought, bled and died to create on this continent the greatest civilization in the history of man, the greatest freedom for the greatest number of people, the most opportunity, the highest standard of living. They bequeathed us the greatest freedom document ever devised by man; the Constitution of the United States."

We believe this quotation from Tom Anderson of Farm & Ranch should command the attention and consideration of every American who considers his responsibility as a citizen of this great country of ours.

We are happy to have our office secretary, Nell Davis back from the Annual Farm Bureau Institute in Corpus Christi. She says she had a good time and enjoyed the fellowship of the three hundred or so people who were there.

CONSIDER THIS: There is no wisdom nor understanding nor counsel against the Lord. Proverbs 21:30.

Pat's Film Debut
HOLLYWOOD (UPI) — Pat Suzuki, who scored in the New York stage production of "Flower Drum Song" makes her film debut in "Judo", an Allied Artists picture. Frank Blair, New York television actor, has signed for a key role in the film.

HD Agent's Notes

BY MISS LITTLE MUSIL

Ordinary waxed papers, household aluminum foil and cartons from cottage cheese and ice cream or milk should not be used because they are not moisture - vapor-proof or resistant. Hot water must be used to wash most of the milk bacteria left in empty milk or ice cream cartons. This hot water melts the wax coating, which leaves only the paper of the cartons. Regular paper is not resistant to below zero temperature of the freezer.

Bags and sheets of moisture-vapor-resistant cellophane, heavy aluminum foil, polyethylene, or laminated papers are suitable for dry-packed vegetables, fruits, and meats. The popular polyethylene bags are less costly for the initial cost but should be used only once. Even a tiny pin-point hole that cannot be seen with the eye will cause freezer burn or decrease the quality of the food.

Select fresh, tender vegetables right from the garden for quality food products. Vegetables and fruits that are over-matured are not good for freezing nor canning. During hot weather harvest vegetables in the early morning before they become wilted or absorb much heat from the sun.

It's canning and freezing time! Vegetables, vegetables, everywhere good, fresh vegetables! Many homemakers are taking advantage of this abundant supply by freezing and canning a family supply for the winter and early spring months.

Every year I get many questions about proper freezing of vegetables. You may be among the many who comment each year, "We just couldn't eat the black-eyed peas and beans I froze last summer. I just don't know what happened."

Properly frozen foods slowly change in quality in storage and will not keep indefinitely. Proper handling before freezing, good packaging material used, storage temperature, and quality and kind of food stored are all most important for successful freezing of foods.

Packaging materials should be moisture-vapor-proof to prevent evaporation and to retain the highest quality in frozen foods. Glass jars or soft plastic containers are good for fruit, vegetables, or prepared foods. The initial cost is fairly high, but these containers can be used over and over until a crack or tiny hole ruins its use.

If it is necessary to store vegetables for a short time after harvesting before canning or freezing, spread them out loosely in a cool, well ventilated place, or pack loosely in the refrigerator. The best practice is to freeze or can without delay after the harvesting. Wash the fruits or vegetables thoroughly in cold water, drain and sort; peel, trim and cut as directed for each vegetable.

We have an excellent bulletin

for you free upon your asking. Many good instructions are available for freezing fruits, vegetables, meats, and prepared foods. Call us, write, or come by for a copy. Then follow these instructions to the letter for successful freezing. We also have a bulletin for home canning of fruits and vegetables.

It is most important to heat vegetables before freezing to slow or stop the action of enzymes. Until vegetables are ready to pick, enzymes help them to grow and mature. After that they cause loss of flavor and color. If vegetables are not heated enough, the enzymes continue to be active during frozen storage.

If vegetables are not blanched or heated for the exact time for the vegetable they will develop off-flavors in a few months and may discolor or toughen. Heating also wilts or softens vegetables and makes them easier to pack. Too long a heating period will result in softening of texture and an unnecessary loss of water soluble vitamins and minerals.

Use a large kettle that can be covered. Use a fine-mesh wire basket, blancher, or large, loose cheesecloth bag to hold just enough vegetables for one pint or quart size bag. Too much of the vegetable will cool the water quickly and will not properly heat the vegetables. As soon as the vegetables are lowered into the water, cover with the lid and begin counting the time for the size and kind of vegetable.

Follow exactly the time given for each vegetable. Cool vegetables quickly and thoroughly to stop the cooking. To cool the vegetables, plunge the basket of vegetables immediately into running cold water or a large container of ice water. It takes about as long to cool the food as it does to heat it.

Remove the cooked vegetables and package according to directions on the container. Close the containers immediately and freeze. Put them in the freezer a few packages at a time as they become ready, or keep packages in the refrigerator until all are ready.

Put no more frozen food packages into a freezer than will freeze within 24 hours. Usually this will be about two or three pounds of food per cubic foot of freezer capacity. Overloading slows down rate of freezing, and foods that freeze too slowly may lose quality or spoil.

For quickest freezing, place packages against freezing plates or coils, and leave a little space between packages so air can circulate freely. After fruits, vegetables and meats are frozen, store them at zero degrees F. or below.

If you have any problems in freezing good quality foods, let me know. These free bulletins should be a great help. Before freezing read most of the introductory information for best results.

First for Fess
NEW YORK (UPI) — Fess Parker will have an unusual "first" when his "Mr. Smith Goes to Washington" television show opens on ABC-TV this fall. The series marks the first time Parker will be seen on the home screens wearing a business suit, complete with white shirt and tie.

OLFS Schedules Bidder's Bonanza

Oklahoma Lane Farm Supply, Case dealer, announced today that they will hold a "Bidder's Bonanza" community auction August 6 through August 11. As the name "Bidder's Bonanza" implies, those attending will have the opportunity to submit sealed bids on both new and used items of all kinds.

All farm and utility tractors and equipment will be on display, and ready for inspection throughout the six-day program. Bids may be submitted at any time from August 6 to noon on August 11. Then on Saturday afternoon, August 11, the sealed bids will be opened and the successful bids announced.

One of the novel features of

Oklahoma Lane Farm Supply's "Bidder's Bonanza" is the fact that those attending may bring their own items of all kinds and put them up for bids as well. Because of space requirements, this is limited to one item per family.

A strong community benefit is contained in the "Bidder's Bonanza" as participants may donate a portion of the proceeds to local clubs, schools or charities. All items up for bid will carry a card indicating terms and conditions, and those eligible for charity will specify the percent to be donated. Customers bringing items for the bidding are invited to name the charity of their choice.

SET TO LEAVE on the 4-H retreat are three of the adult leaders. From the left are Truman Gleason (top), County Agent Deryl Coker and Carl Schlenker.

Broilers Suggested As Barbecue Main Course

Fer aromas do a better job of whetting jaded summer appetites than those coming from a backyard barbecue. The backyard chef has a wide array of meats available but because of very favorable prices, F. Z. Beanblossom, poultry marketing specialist for the Texas Agricultural Extension Service, suggests broilers.

In addition to the broilers for chick-n-queing, the specialist says you'll need to plan a complete menu. Potato salad or corn-on-the-cob go good with chicken and a mixed green salad, an appetizer tray, sliced bread or rolls and a beverage will make for eating suited to the taste of just about anyone, adds Beanblossom.

The sauce used during the chick-n-queing process is mighty important. If you don't have a favorite recipe, the specialist suggests you pick up a copy of MP-312, "Let's Have

a Chick-n-que" from your county extension office and try the sauce he likes. The publication also contains other information which outdoor cooks can use to advantage.

And this final reminder from the specialist, don't cook the chicken too fast. Allow plenty of time for the job and when it is finished, you'll put a product on the table that you and your guests will enjoy and discuss for weeks to come.

Census Department Has A Never-Ending Job

Contrary to popular belief, the U. S. Census Bureau does not fold its tents and fade away after the big 10-year population and housing counts. According to Director James W. Stroud of the Bureau's permanent regional field office at Dallas, The Dallas region covers the states of Arkansas, Louisiana, Oklahoma, and Texas.

Mr. Stroud points out that nine major censuses will be conducted between now and the next decennial census in 1970. The first of these major censuses will be the 1962 Census of Governments which is conducted every five years. Then comes the five-year Censuses of Business, Manufactures and Mineral Industries. These will be taken in 1964 and 1969, covering business operations in 1963 and 1968 respectively. The Census of Agriculture will be conducted in 1964 and 1969.

In addition to these major censuses, the Bureau carries out a wide variety of current surveys on a monthly, quarterly, and annual basis. Topics covered in the current surveys include employment and unem-

ployment, population characteristics, health, housing, retail and wholesale trade, manufacturing, and related subjects. The purpose of the current surveys is to supplement and keep up to date the detailed information collected in the major censuses.

The Current Population Survey, conducted 12 times a year, is probably the best known Census Bureau interim activity since it provides monthly information on employment and unemployment. Information obtained by interviews in 333 sample areas of the country is combined to furnish statistics for national estimates. Information on migration, income, school enrollment, and other pertinent subjects is collected from time to time in the Current Population Survey in addition to the facts on employment and unemployment.

Approximately 35,000 households throughout the country are included each month in the Current Population Survey. These households are selected at random under the Census Bureau's scientific sampling program to provide a representative cross-section of all classes of the population, and all types of areas of the country - large cities, small towns, rural areas, and so forth.

The health of Red China's 600 million people is in the hands of "perhaps the most undertrained, mediocrally oriented, and politically infected medical profession in the world." That's the view of Arturo F. Gonzalez, Jr., of The Asia Magazine, which is published in Hong Kong. Writing in Today's Health, he says that Western-trained physicians, the cream of the country's medical profession, were summarily ordered, in 1958, to revert to traditional Chinese methods of treating patients. These methods include lancing the skin, muscle or other tissue with a long silver needle, the use of herbs which are supposed to cure everything from appendicitis to fractures, breath control, and shadow boxing.

DON'T BE A dishwasher-BUY ONE

Beauty experts agree that bride's beautiful hands can be yours all through your married life—if you take the proper care to keep them so. Beautiful hands, immersed in scalding, almost-always-greasy dishwater, won't stay beautiful long. Why risk it?

A touch of your finger to a button—in itself almost guarantees beauty—bride's beauty in your hands. Keep them lovely—don't be a dishwasher, buy one!

PUBLIC SERVICE

The HAPPY HOMEMAKER

BY JUNE FLOYD

Many homemakers feel that there is nothing exciting about cooking. There really isn't any phase of homemaking that offers more opportunity for learning than does meal preparation. In a way it also offers a great challenge to a person who is interested in widening her experiences.

Of course, anyone can follow directions printed in simple recipes, but there is a lot more to being able to turn out an attractive meal that is nourishing than meets the eye. Then, too, it is necessary to know the exact meaning of a lot of words that are not used in everyday conversation.

In a recent issue of a U. S. Department of Agriculture pamphlet entitled "Family Fare," several pages are devoted to explanations of meanings of various cooking terms.

Many of these terms would have been absolutely useless to our grandmothers and will probably be indispensable to our grandchildren. For the benefit of cooks of all ages, we are re-printing this portion of the book.

COOKING TERMS

BAKE-To cook in an oven or oven-type appliance. Covered or uncovered containers may be used.

BARBECUE-To roast slowly on a spit or rack over coals or under a gas broiler flame or electric broiler unit, usually basting with a highly seasoned sauce. The term is commonly applied also to foods cooked in or served with barbecue sauce.

BASTE-To moisten food while cooking by pouring over it melted fat, drippings, or other liquid.

BOIL-To cook in water or liquid mostly water, at boiling temperature (212 degrees F. at sea level). Bubbles rise continually and break on the surface.

BRAISE-To cook slowly in a moist atmosphere. The cooking is done in a tightly covered utensil with little or no added liquid. Meat may or may not be browned in a small amount of fat before braising.

BROIL-To cook uncovered by direct heat on a rack placed under the source of heat or over an open fire.

PAN BROIL-To cook in a lightly greased or ungreased heavy pan on top of range. Fat is poured off as it accumulates so food does not fry.

CARAMELIZE-To heat sugar or food containing sugar until a

brown color and characteristic flavor develop.

CREAM-To work a food or a combination of foods until soft and creamy, using a spoon, wooden paddle, or other implement. Most often applied to fat or a mixture containing fat--for example, shortening and sugar.

FOLD-To combine two mixtures or two ingredients, such as beaten egg white and sugar, by cutting down gently through one side of the mixture with a spatula or other implement, bringing the spatula along the bottom of the mixture, and then folding over. This motion is repeated until the mixture is well blended.

FRICASSE-To braise individual serving pieces of meat, poultry or game in a little liquid--water, broth or sauce.

FRY-To cook in fat without water or cover.

PAN-FRY (OR SAUTE)-To cook in a small amount of fat (a few tablespoons, up to 1/2 inch) in fry pan.

DEEP-FRY or FRENCH-FRY-To cook in a deep kettle, in enough fat to cover or float food.

GRILL--Same as broil.

KNEAD-To press, stretch and fold dough or similar mixture to make it smooth. During kneading, bread dough becomes elastic, fondant becomes smooth and satiny.

MARINATE-To let foods stand in a liquid (usually mixture of oil with vinegar or lemon juice) to add flavor or make more tender.

PARBOIL-To boil until partly cooked.

POACH-To cook gently in liquid at simmering temperature so that food retains its shape.

POT-ROAST-To cook large pieces of meat by braising.

RECONSTITUTE-To restore concentrated foods to their original state; for example, to restore frozen concentrated orange juice to liquid form by adding water.

REHYDRATE-To soak or cook or use other procedures to make dehydrated foods take up the water they lost during drying.

ROAST-To bake in hot air (usually oven) without water or cover.

SCALD-To heat liquid to just below the boiling point.

SIMMER-To cook in liquid just below the boiling point, at temperatures of 185 degrees to 210 degrees. Bubbles form slowly and break below the surface.

STEAM-To cook food in steam, with or without pressure. Food is steamed in a covered container, on a rack or in a perforated pan over boiling water.

STEW-To boil or simmer in a small amount of liquid. Meats are stewed at simmering temperature.

4-H DRESS REVUE winners were (l) Marsha Schumann (simple dress); Karene Milner (pleated skirt and blouse); Katie Blackstone (advanced dress); Sharon Martensen (simple blouse) and Ann Blackstone (elastic gathered skirt).

Bollworm Control Recommendation Stand

College Station, July--is the cotton bollworm becoming tougher and more resistant to insecticides in Texas? Because some farmers had trouble controlling bollworms last year, it seems they might be developing a tolerance to commonly used chemicals.

But, according to test results contained in Progress Report 2236 of the Texas Agricultural Experiment Station, bollworms show no resistance to the insecticides used for their control.

Bollworm larva for the tests were collected over the state and reared on cotton leaves and an artificial diet. They were then treated with various insecticides at different dosages and the rate of kill recorded.

The insecticides used were DDT, endrin, Sevin, toxaphene-DDT (2 to 1 ratio), and Strobane-DDT (2 to 1 ratio).

The bollworms collected in El Paso, College Station, Eagle Pass, and Laredo showed a good rate of kill from the treatments. However, there was some evi-

dence of tolerance to DDT in bollworms from LaGrange and Rosebud, and Eagle Pass during August. But these data to not show a real resistance of the bollworm to DDT according to the report.

During the study, it was found that the population of tobacco budworms was unusually high and therefore data were kept on both insects as both attack cotton in a similar manner.

Comparative toxicity tests with the bollworm and the tobacco budworm showed the bollworms are harder to kill than cotton bollworms.

The study indicates that bollworms may be controlled with the usually recommended insecticides but if tobacco budworms are present DDT alone will not provide sufficient control.

For more information on the study write the Agricultural Information Office, College Station, and request a copy of Progress Report 2236.

Early steam traction engines, pioneers in mechanization, often weighed more than 45 thousand pounds and developed more than 120 horsepower.

Early attempts to develop gasoline tractors were sparked by the need to reduce the size of threshing crews.

GSPA Has Mid-Year Director's Meeting

Thirty officers and directors of the Grain Sorghum Producers Association from throughout the High Plains Area, participated in the mid-year Board of Directors meeting of the Association, in the X I T Room of the Herring Hotel, Amarillo, recently.

Elbert Harp of Abernathy, President of the Association, and Frank Moore of Plainview, its Legislative Vice President, recounted the organization's position and activities in connection with the many varied farm bills affecting grain sorghum which have been before Congress this year. It was pointed out that "officers and staff of Grain Sorghum Producers Association worked with the Department of Agriculture and administration officials, as well as with leaders of other farm organizations to get 'the best possible deal for grain sorghum' as new bills or amendments were presented."

The Board directed the continuance of such policy but with added efforts to seek an extension of the basic provisions of the current Emergency Feed Program for 1963. This would allow for a continuation of the approximately \$1.75 per hundred farm price for grain sorghum which is 76 per cent of parity instead of returning to the 65 per cent parity level which will be mandatory unless further Congressional action is taken.

In other business, plans were made for continuation of As-

sociation membership in the U. S. Feed Grains Council through which foreign market development for grain sorghum is conducted around the world. In light of other financial demands on the Association budget, expenditures for this activity will, however, be decreased by over 50 per cent for the coming year.

Bill Nelson, Executive Vice President of the organization reported on his participation in the World Staff Conference of the U. S. Feed Grains Council which he attended in Rome, Italy in mid-June, as well as his analysis of the effect of grain programs within the European Economic Community, on grain sorghum.

GRASSROOTS OPINION

LENOX, S. D.A., INDEPENDENT: "Small business, like farming, is always a risk and is always a political football in election years. We remember a bright young candidate telling us that something must be done about helping small business. So what has been done, the same old cure has been prescribed -- make more government loans. But it occurs to us this hasn't gotten many results. Ten per cent more businesses went broke in 1961 than in 1960 and now the proposal has been made to raise postal rates, raise social security payments, raise wage scales, raise taxes, lower tariffs but keep prices down to avoid inflation and meet foreign competition. Now just how a struggling business can make a go of it to repay a loan if burdened down by more expenses and less income, we don't know."

Before perfection of steering gears for early tractors, many inventors and farmers suggested that it might be safer to guide machines with a team of horses.

BIG AND BRAUNY

The International 660 Diesel And the #48 Wing type Disc Harrow

With 82.93 horsepower on the pto, 74.3 hp* at the draw-bar, the International 660 Diesel deals a knockout punch to your biggest, toughest jobs. It would be seldom that any of your field work would be big enough to say "no" to this mighty six-cylinder power.

Pulling the 21Ft, 4900 Lb #48 Disc Harrow

Here's the kind of capacity that makes short work out of big jobs and lets you use the power your large tractors were made to deliver. Twenty-one feet of cutting, churning action digs in to thoroughly work your soil even in toughest, trashiest conditions. And, you'll work with the precise control and ease of handling you're used to with much smaller disk harrows. Dual wheels carry the harrow high for transport, let you pinpoint working depth from hub-deep to just scratching the surface.

WITH THE COUNTY AGENT

DERYL COKER

The time for fertilization of wheat to be planted this fall will soon be here so we should start

planning now. In planning a fertilizer use program for wheat to be planted this year you should consider having your soil tested to determine the fertilizer needs. Soils in Farmer County vary considerably in their ability to supply nitrogen and phosphorus. A soil test together with information on cropping history, water supply, and anticipated yields gives the best information available for profitable fertilization practices.

Nitrogen, often called the key nutrient element in wheat production, is likely to be the element in shortest supply. 50 bushel of wheat removes in the grain about 60 pounds of nitrogen. If grazed, additional nitrogen will be removed in the forage. The organic matter as measured by soil tests is a guide in determining nitrogen needs, but other factors such as the quantity of last year's residue, the physical condition of the soil, and grazing practices must all be carefully considered.

Phosphorus deficiency may be cutting down your profits from wheat production. Response from the use of phosphorus has been common for many years in mixed lands and more recently excellent response has been shown on hardlands by both research and field demonstrations. Deficiencies are more likely to occur on soils that have been intensively farmed under irrigation with high rates of nitrogen. The soil test is an excellent tool for evaluating the soil's supply of available phosphorus.

To get the most for the dollar spent on phosphorus it is important that the material be placed preplant in the seedbed where it will be within reach of permanent roots. Unlike N, this element moves very little from point of placement. We have sample containers and information sheets for your use.

At the present time most all cotton fields are in good shape insect-wise. At the present time in the majority of fields beneficial insects outnumber harmful insects. Out cotton is not so far along, but that fleahoppers and bollworms could cut our yields. So it would be advisable to continue to check field insect conditions.

Four-H Club Camp is being held July 30 through August 2, so will not be in my office until August 3.

Overloaded or frayed and worn wiring can cause a fire or electrical shock. Before an accident happens, have your home wiring inspected for safety.

USDA Announces 1962 Crop Grain Sorghum Support Rates

The U. S. Department of Agriculture June 26 announced 1962 crop grain sorghum county and terminal support rates.

These rates are based on the national average support price announced Jan. 9 at \$1.93 per hundredweight for 1962-crop grain sorghum grading No. 2. The national average support for the 1961 crop was also \$1.93 per hundredweight.

The method followed in determining individual county and terminal rates is the same as that used in setting rates in previous years. While the 1962 national average support price is the same as for 1961, Gulf and California terminal rates were increased 1 cent per hundredweight for 1962 to reflect changes in market price relationships.

For most producing areas, as in the past, county support rates reflect terminal rates less the freight and handling charges needed to get the grain sorghum to terminal markets.

County and terminal rates are further adjusted by premiums and discounts for grade and quality to determine support prices for individual producers. For 1962, a premium of one cent per hundredweight is included for Grade No. 1 grain sorghum and the basic support rate will be for Grade No. 2 or better as in the past.

The discount schedule is un-

changed except for elimination of the discount for discolored grain sorghum.

Revisions in grain sorghum grade standards which become effective Aug. 1 will be used for the 1962 support operation. Grain sorghum producers who participate in the 1962 feed grain program will be eligible for price support on their 1962 production.

Under legislation authorizing the program, there will be quantitative limitation on the 1962 production of grain sorghum that can be put under support from eligible farms. The eligible quantity will be equal to the farm's 1959-60 average per acre yield times the 1962 grain sorghum acreage, both as determined by the county Agricultural Stabilization and Conservation (ASC) Committee. The provision was in effect under the 1961 feed grain program.

Producers who do not participate in the 1962 feed grain program will not be eligible for price support on 1962 grain sorghum production.

The Farmer County loan rate on 1962-crop grain sorghum is \$1.90 per cwt. The 1961 support rate in Farmer County was \$1.89 per cwt.

A schedule of premiums, discounts and storage charges are as shown below:

Premiums:	Cents per Cwt.
Grade No. 1 and containing not in excess of 13% moisture.	1
Discounts:	
Grade No. 3 and containing not in excess of 13% moisture	3
Grade No. 4 and containing not in excess of 13% moisture	5
Smutty	5
Mixed Grain Sorghums	3

Schedule Of Deductions For Storage Charges For Maturity Date Of March 31, 1963

Amount of deduction (cents per hundredweight) Date the storage charges start are as follow:

19--June 12 - June 26, 1962	9--Nov. 9 - Nov. 23, 1962
18--June 27 - July 11, 1962	8--Nov. 24 - Dec. 8, 1962
17--July 12 - July 26, 1962	7--Dec. 9 - Dec. 23, 1962
16--July 27 - Aug. 10, 1962	6--Dec. 24, 1962 - Jan 7, 1963
15--Aug. 11 - Aug. 25, 1962	5--Jan. 8 - Jan. 22, 1963
14--Aug. 26 - Sept. 9, 1962	4--Jan. 23 - Feb. 6, 1963
13--Sept. 10 - Sept. 24, 1962	3--Feb. 7 - Feb. 21, 1963
12--Sept. 25 - Oct. 9, 1962	2--Feb. 22 - Mar. 8, 1963
11--Oct. 10 - Oct. 24, 1962	1--Mar. 9 - Mar. 31, 1963
10--Oct. 25 - Nov. 8, 1962

CASE.

BIDDER'S BONANZA

AUGUST 6 THROUGH 11

Just imagine! A treasure trove that includes new and used farm and utility equipment, grandfather's clock, maybe even grandmother's rocker... any of it yours for the price of a winning sealed bid. Starting Monday, August 6th, we're taking sealed bids on many items in our stock of new and used tractors and equipment... a real opportunity to get your machinery needs at a bargain price. And "Bidder's Bonanza" is a two-way street! You and your neighbors are invited to bring any useful item (one per family) and put it up for bids. If you like, a percentage of the sale of your equipment or household items can be set aside for a local club, church, school or charity of your choice.

Opening of Bids... Saturday, August 11, with refreshments for the entire family. Don't miss this day above all!
