SANDERSON, TEXAS, FRIDAY, AUGUST 5, 1960 Dove Season Is Longer, Limit More In Coming Season

The

The dove population of the central management area, which includes Texas, has increased 14 per cent this year, according to estimates of the U.S. Fish and Wildlife Service. Since 1953 there has been a 69 per cent increase.

These figures were given to Howard Dodgen, executive secretary of the Game and Fish Commission, as one of the reasons this year's dove season was extended to 60 days and the possession limit increased to 30, or the daily bag limit of 15.

For many years there were only two management areas considered in the national survey eastern and western. The dove banding program and call counts made by biologists, however. have indicated the central management area, where the heavy population increase has been noted.

According to the department figures, 95 per cent of the unit's hunting kill is produced within the area. Thus the major portion of the doves killed in Texas were hatched in the central unit.

Texas biologists and game wardens for a number of years carried out a banding program and call counts, to assist in the overall program.

Nominees Selected For ASC Election

The Terrell County Community Election Board met Wednesday, August 3, for the purpose of selecting nominees for the election of the 1961 Terrell County ASC Committee. The election board, composed of Roy Deaton, chairman, and W. H. Goldwire, and R. B. Dyer, chose the following nominees: Odell (Pinky) Carruthers, Austin Chriesman, Jack Deaton, Jack Hardgrave, E. E. Harkins Jr., Jack Harrell, Reg Monroe, Austin Nance, J. D. Nichols, and George Turner.

Ballots will be mailed to all eligible voters about August 23 and must be returned in person or by mail in time to reach the local ASC office by 5:00 o'clock Wednesday, September 7. The new committee will take office

on October 1, 1960. The candidate receiving the most votes will be elected chairman; the person receiving the second highest number of votes will be chosen as vice-chairman and the one receiving the third highest number of votes will be elected regular member. The persons receiving fourth and fifth places in the number of votes will be chosen as 1st and 2nd al-

ternates, respectively. In addition to the nominees named above, other eligible persons' names may be added to the slate of nominees, if requested by petition signed by 10 or more eligible voters and presented to Roy Deaton before 5:00 p.m. August 22.

Provision for write-ins will appear on the ballot.

J.P. Court Cases -

A local man pleaded guilty to a charge of stopping on highway without giving proper signal and was fined \$1.00 and costs.

Mr. and Mrs. E. E. Farley and Beverly went to San Antonio Thursday to visit for a few days with her sister and to return their daughter, Eloise, who had been visiting with relatives there.

Mrs. Felmar Miles of Soap Lake, Wash., Mrs. Mary Phelps of Los Angeles, Calif., and her grandson, Jack Phelps, Azusa, Calif., returned home last week after visiting here with their brother, A. A. Shelton, and Mrs.

W. H. Savage Retires After 48 Years Of Railroading

ANDERSON

Open house was observed in the home of Mr. and Mrs. W. H. Savage all day Monday honoring Mr. Savage who had retired from his job with the T&NO Railroad. Potted plants and floral bouquets which had been brought by friends decorated the living and dining rooms. The guests who called, numbering 275, registered in a book bound in blue and silver.

Refreshments of sandwiches cookies, punch, and coffee were served from a lace-covered table. The centerpiece was a large replica of Texas with a miniature railroad, train, and depot. Plants and small arimals depicted some of the flora and fauna of the area. "I've Been Working on the Railroad, 1912-1960" was imprinted in silver on blue napkins.

Mr. Savage, a life-long resident of Sanderson, is the son of the late Mr. and Mrs. J. W. Savage. He went to work for the T&NO Railroad as a call boy in 1912 and except for the time he served in the U.S. Navy in World War I, he had 48 years of continuous service with the railroad. An interesting fact is that during that time he was on the extra board only one time for three weeks. At the time of his retirement he was a conductor from El Paso to Sanderson.

Mr. Savage is married to the former Sybil McKee who is a teacher in the Sanderson High School. They have two sons W. H. Savage Jr., of Garland and Jack M. Savage of San Antonio, also three grandcuildren.

Assisting Mrs. Savage in hostess duties were Mr.es. W. W. Sudduth, Max Bogusch, Mary Lou Kellar, H. E. Ezelle, John W. Byrd, James Word, Ele Hagelstein, W. E. Hill, D. L. Duke, L. D. Booker Jr., C. C. Mitchell, Sid Harkins, E. E. Farley, N. M. Mitchell, John Harrison, T. Maxey Hart of San Antonio, D. A. Pollard of Del Rio, and Joe F. Brown of Uvalde.

Among out-of-town guests were C. W. Hatch, W. A. Nunn, Larry Horgan, T. J. Broyles, J. Mullins, Marvin D. Kelly, John L. Newton, Marvin Bell, J G. St. John, F. H. Talbot, and Mr. and Mrs. W. L. Erwin, all of El Paso; Mr. and Mrs. T. Maxey Hart. John H. Farris, R. H. Lewellyn, H. C. Faves, Gus Watkins, and J. R. Pedrolte, all of San Antonio: Mr. and Mrs. Bob Cauthorn, H. M. Overstreet, H. B. Harris, Mr. and Mrs. B. J. Vineyard, Owen Vineyard, Mr. and Mrs. D. A. Pollard, all of Del Rio; Mr. and Mrs. Tom Buch of Eminence, Ky.; Mr. and Mrs. Joe F. Brown of Uvalde; Mrs. M. E. El lison of Marfa; G. W. Seamands of San Antonio

County Line Well Potential Set

Shell Oil Co. and Humble Oil and Refining Co. No. 1 Blackstone-Slaughter, Pecos County Ellenburger gas-distillate discovery, has been completed for a calculated absolute open flow of 11,250,000 cubic feet of gas per day with a gas-liquid ratio of 18,-000-1

Potential of distillate flow was delayed by mechanical difficulties. On the latest gauge it flowed 10 barrels per hour through a 20-64-inch choke.

Production was through upper Ellenburger perforations. Operator will attempt dual completion of the Connell sand, where the well flowed gas at the daily rate of 7 million cubic feet per

Between 8,270-98 feet the well flowed 20-million cubic feet of gas per day in an unidentified formation.

The hole is just 1,780 feet from the Terrell County line in Pecos County.

Donna Tollett Taken To El Paso Hospital, Is Critically III

The condition of Donna Tollett remains critical after she was moved by plane from Fort Stockton to El Paso Wednesday.

Donna, the 12-year-old daughter of Mr. and Mrs. John Tollett. of El Paso, was bitten on the top of the left foot near the ankle by a rattlesnake last Wednesday afternoon. She was taken to a Fort Stockton hospital after receiving first aid here.

The Tollett family is living in the road camp on the S. L. Stumberg ranch while he is employed on the construction project.

Donna was playing beside the trailer house in which the family lives when she was bitten by the rattlesnake

Car Stolen From Ferguson Motor Co. Monday Night

A Ford automobile was stolen from the Ferguson Motor Co. here Monday night, according to W. J. Ferguson Jr., operator.

Entrance to the building was gained through a back window and the back door was opened to get the car out, it was said.

The theft was discovered on Tuesday morning when employees went to open the business and Sheriff Buster Babb was called. He notified officers in area counties to be on the lookout for the car.

Saddles Stolen From Smith Ranch

Four saddles were taken from the Sid Smith ranch over the week end, according to Sheriff Buster Babb. He said also that it was his opinion that someone is missing two horses.

Sheriff Babb and Deputy Sheriff Dalton Hogg tracked the horses all the way to the river bluff, where there were evident signs that the horses crossed the river. they said.

Mrs. B. L. Hunt and daughters. Debbie, Sandra, and Brenda, went to Dallas Thursday to visit with relatives.

F. M. Wood Named 'Wagon Boss' For Boys' Ranch

F. M. Wood has been appointed as Wagon Boss of the Boys' Ranch of West Texas' fall stock drive. Mr. Wood will participate in a drive to get stockmen to donate sheep or cattle to Boys' Ranch for sale in August.

Wood is one of 60 stockmen in a large area of West Texas who has been asked to serve as "Wagon Boss" to contact ranchmen in their own communities and urge them to donate livestock as gifts, tax-deductible.

Livestock given will be marketed through regular channels on specified sale days at Producers Livestock Auction Company in San Angelo. Plan is to auction sheep August 17, and cattle August 19. Livestock in the various communities will be taken to central gathering points on Monday, August 15, then trucked to San Angelo. Any class or number of livestock will be acceptable. The only requirement is that they be saleable.

All proceeds from this First Annual Fall Roundup sale will go to Boys' Ranch for its operation. The animals are to be sold. not retained for the Ranch. The move is simply an effort to help finance the Ranch through donations which, according to Fred Ball and Jack Drake of San Angelo, "none of us will miss as individuals but which, in total, will amount to an important sum."

They said the contributions would be "assitance to hard-luck kids who may turn out to be outstanding citizens simply because we gave them a little help at the

Rutherford Visits District in Recess

Visiting his 19 West Texas counties during the temporary recess of Congress, U. S. Representative J. T. Rutherford says he hopes the national legislative body will "put aside partisan politics during the remainder of this session."

He said he feels the American people will 'repudiate any candidate or any party attempting to use the remainder of the session for political gain."

The U.S. House reconvenes on August 15 and Rutherford will be in West Texas until that time.

The Congressman stated that he favors an orderly reduction of the national debt, and hopes thereby to create a climate that will allow for realistic tax reduc-

The Congressman voted for the Farm Surplus Reduction Act, which would greatly reduce the \$1.5-mililon spent by the government daily to store surplus agriculture products. Rutherford is opposed to the Administration's proposal to liberalize the soil bank program, terming that program a "costly failure".

A staunch supporter of the 271/2% oil depletion allowance, Congressman Rutherford said he will fight any attempts that may be made to reduce it. He has also spoken out in favor of the student loyalty oath being retained in connection with the National Defense Education Loan Act, and voted again against the admission of Red China to the United Nations.

Congressman Rutherford also voted against the federal aid to education program, saying he believes our schools should be controlled and operated by the local and state authorities. He again voted "no" on passage of the huge \$4.1-billion foreign aid pro-

Rutherford invited all interested West Texans to write him in their views at the House Office Building in Washington, D.C.

Ten-Game Season For Eagles During **Coming Grid Play**

The Sanderson Eagles will play a ten-game football season this year, according to the schedule released by Coach Carlton

There will be five home games and five away from home with three of the five conference games being away from home. The schedule follows:

Sept. 2, Marfa here. Sept. 9. Alpine there Sept. 16. San Felipe, here Sept. 23, Open Oct. 7, Ozona there. Oct. 14, Iraan here in a con-

ference game. Sept. 30, Brackettville, here Oct. 21. Rankin, there, conference game.

Oct. 28, Van Horn, here, con ference game.

Nov. 4, Fabens, there, conference game.

Nov. 11, Wink there, confer-

ence game. Rankin, Van Horn, and Wink are new additions to the district and Marfa, who was in this district last year, went to Class AA this year.

Funeral Services Here Tuesday For Harry Q. Sharp

Funeral services were held in the First Methodist Church here Tuesday afternoon for Harry Q Sharp of Sonora who died in a Menard hospital Saturday following a long illness. Rev. Doyle Marton, Methodist pastor of Sonora, officiated and burial was

in Cedar Grove Cemetery. Mr. Sharp was born February 9, 1884, in Davilla. He had moved from Sanderson, where he had been a ranch and railroad employee, to Sonora three years

Survivors include his widow, Mrs. Annie Sharp; four sons, H. C. (Jack) Sharp of Monahans, Savel Lee Sharp of the U.S. Air Force, Walter E. Sharp of Oklahoma City, and Jack H. Sharp of Sonora; a daughter, Mrs. George Cardwell of Lockhart: a brother, Sount Sharp of Pontotoe, two sisters, Mrs. Ralph Ord and Mrs. W. R. Qualtrough, both of El Paso; also three grand chil-

6 Months in Terrell and Adjoining Counties \$1.50; Elsewhere \$1.75

About a dozen state agencies thus far have presented their budget requests for the 1961-63 biennium.

As yet, none has failed to ask for more money that it's presently getting.

Many agencies cite Texas' growing population as justification for expansion. They say, in effect, that they are in the same position as the housewife who has to put another potato in the pot to set another piace at the table.

Others seek to woo state funds with a "bread cast upon the waters" approach. They contend that money spent on developing the state's resources will come back multiplied in the form of increased revenue.

Almost all emphasize the difficulties of luring and holding highly trained personnel at present state salaries. Some say, too, that they've been working with a too-short stick for years and need some "keep up with toe times" improvements.

Budget proposats are presently

Little Things Mean A Lot

Harold Kelley

In a ball game, one hit can make the difference between a hero or a bum.

In golf, one shot is often the gap between the champ and the "also ran".

Yes, little things make the difference whether it is that special touch of seasoning at a barbecue, or that extra something in the smile of the woman in your life.

So today I'm selling "little things" in air conditioning. All equipment has the same basic components ... motors, biowers heat exchangers, compressors cooling coils. The difference comes in the little things ... an inch here, extra strength there, a bit of extra care in design and in manufacture.

A lot of these little things all add up to a big difference in total quality. That's why we chose LENNOX products. Wherever you look on a LENNOX air conditioner, you will find some detail that is missing on the "also ran" brands.

For example, the air filter.

LENNOX has a new design call ed the Blue Shield filter. It is curved to offer more air filtering area, it fits tight against the cabinet so there is no air leakage around the edges. Its glass fibers are arranged to catch and hold more dirt. Yet it is less expensive to change than ordinary filters. Another case where little things have added up to consid-

erable advantage for the buyer.
You are invited to drop in to
see the many "little things" about
LENNOX air conditioners for

HAROLD KELLEY
Air Conditioning Co.

COT E. Gibbs Del Rio, Texas Telephone PR-5-4453

Equipment on Display at THE KERR MERCANTILE CO. wants to employ three oil scouts and a geological director to explore the development of the tideland's mineral resources. Altogether, 29 new land office employees are being asked.

Land Office claims that for every dollar it has spent in the past 22 years, \$90.18 has been returned to the state treasury in revenue.

Agriculture — complexities of increasingly scientific farming put greater demands on the State Department of Agriculture, says

His "sink or swim" budget request is for \$3,061,421 for the coming two-year period. This compares with a \$1,930,966 appropriation for the present period.

Commissioner John C. White.

White said the "chemical revolution" in agriculture today puts heavy responsibility on his department. He also asked for more equipment and more salaries for personnel to check weights and measures.

Highway — State Highway Department is asking for a two-year alocation of \$698,600,000.

Of this, \$348,300,000 would be for the 1961-62 period; \$350,000,000 for the 1962-63 period. This compares with \$337,000,000 spent by the Highway Department in 1959.

Most of the highway revenue comes from special earmarked sources, such as the gasoline tax, license fees, etc. Department is asking \$600,000 from the general revenue fund to be used for tourist advertising.

Game and Fish — Game and

Fish Commission is asking for what it calls a 'status quo' budget, except for salary raises for some of its top technical personnel.

Commission is asking for \$12.

Commission is asking for \$12,-034,945 for the coming two-year period compared to \$11,593,651 for the present biennium.

Executive Director Howard Dodgen declared the commission's top echelon employees are "grossly underpaid" for highly trained persons, some with master's degrees.

State Colleges — Three colleg-

State Colleges — Three colleges, East Texas State, Stephen F. Austin, and Sam Houston, have told the Commission on Higher Education they need more money. Expected enrollment increases, need for higher faculty salaries and need to lower the student-teacher ratio were cited as

reasons for the requests.

These requests, along with all Phone Your News To The

TAX ON ONAL INSTITUTIONS ADVERTISING

those from state-supported colleges and universities, will be studied and screened by the Higher Education Commission before a recommendation is presented to legislative and executive budget officials.

Where To Get It — With the new spending requests piling up, the search for new money-making plans is ranging far and wide.

Four broad-based tax plans are being considered by tax-hunting sub-committee of the Governor's State Finance Advisory Commission.

They are: (1) a payroll tax, paid half by employers, half by employees, (2) a utilities customers tax adding a percentage to all utility bills, (3) a business activities tax which would combine some of the features of payroll, gross receipts and corporate income taxes and (4) a transfer which would be similar to a sales tax.

Other ideas suggested to the panel include higher taxes on liquor and beer, sales tax on soft drinks and restaurant meals, and a tax on sporting events.

Annual Picnic

The annual pienie for the members of the Home Demonstration Club and their families was on Tuesday evening in the Legion Hall. Barbecue and the trimmings were furnished by the members for the picnic.

Several guests were introduced by the Ranch Club president. Mrs. A. C. Garner. Eleven of the thirteen members of the 4-H Club their sponsor, Ray Siegmund of Fort Stockton and several adult helpers were present; also Curtis Cox and George Wilkinson of Fort Stockton, members of the Soil Conservation Service. L. D. Booker, Jr., and Bill Hance, local A.S.C. workers, and their wives. and the three directors. Clarence Chandler, G. K. Mitchell and W. G. Downie, were also introduced. Tom Hurd of Brackettville, manager of the Rio Grande Electric Co-Op, and J. W. Carruthers, Jr., local R.E.A. director, were among the invited guests.

Miss Lucille Watson of Fort Stockton, home demonstration agent, told of the participation of Mr. and Mrs. C. F. Cox in soil conservation and home demonstration practices. When they moved from Alpine back to their ranch of 20,888 acres, there was no well at the ranch and the dirt tanks were filled with mud. They immediately built eight rock tanks and drilled three wells.

Then came the matter of designing a new home. The outside walls and partitions were fixed and then the six rooms and five baths besides the living area finished. Although the house was wired for electricity from a Delco system, there were no iceboxes, food freezers, irons, etc. Then in 1953 when REA came through, to the Coxes it meant electric refrigerators, food freezers, air conditioners, electric drills, electric battery charger, etc.

After joining the Soil Conservation Service in 1951, Mr. Cox has made the following improvements at the ranch: 20,198 acres put to range use with all of them entered under deferred grazing: 4,317 acres under range seeding. 1,000 acres pitted: 417 acres under brush control; 200 acres of pasture planting: 200 acres of pasture improvement: 6 miles of earthen diversion; 9135 feet of net wire diversion; 7 ponds constructed. He has 1300 acres of push-ups or pits built with his been seeded with grass.

Mr. Cox has been a member of the Big Bend Soil Conservation District since its organization. He was awarded the Highland Hereford Conservation Rancher award as the outstanding conservationist in 1954.

Mr. Hurd, on behalf of the Rio Grande Electric Co-Op, presented a plaque to Mrs. Cox who had been named "Conservation Homemaker of the Year". It was the second such award that had been made by the co-op.

Mrs. Cox is a past-president of the Ranch Club. She is vice president of the Pecos County Home Demonstration Council and will automatically serve as its president for the next two years.

Mr. and Mrs. M. W. Duncan are in San Antonio this week to attend the gift show.

Miss McDonald's Troth to Midlander Is Announced

Miss Jessie Mae McDonald

Mr. and Mrs. Jesse T. McDonald have announced the engagement of their eldest daughter, Miss Jessie Mae McDonald, and Reid H. McClellan, son of Mr. and Mrs. F. W. Satterwhite of Midland. The couple has not set a date for the wedding.

Miss McDonald, a Sanderson High School graduate, is a junior at Sul Ross College. The bridegroom-elect, a graduate of the Midland High School, is a Sul Ross junior, also, and they plan to continue their education.

Miss Cherry Vasbinder Honored At Bridal Shower

Miss Cherry Vasbinder, daughter of Mr. and Mrs. L. S. Vasbinder of Del Rio is to be complimented at a bridal shower Saturday in that city. She is the bride-elect of J. R. Koog.

The Vasbinders are former residents of Sanderson and she was a student in the local school.

Coffee Fetes Visitors

Guests in the home of Mrs. W. F. Frazor this week were Mmes. B. J. Hardeman, Mabel Dunegan, L. L. Turner, and R. M. Dansby of Bryan They left for their homes Wednesday.

Mrs. Frazor had an informal day afternoon. Tuesday evening p.m. several friends joined them for a patio supper at the Frazor home with 14 present.

Remember not the sins of my youth, nor my transgressions; according to Thy mercy, remember Thou me for Thy goodness' sake, O Lord.

-(Psalm 25:7) Some of us find it difficult to forgive ourselves for the thoughtless or willful sins of our younger days, and a feeling of guilt lies like a stone on our hearts through the long years. But Our Father, through Christ Jesus, forgives is when we are truly report. ant; we should then for ourselves.

FRIDAY, AUGUST 5, 1960

BANNER DAY AT BAYTOWN - Employees at Humble Oil & Refining Company's Baytown Refinery raise a flag in formal opening of the company's Polyolefin Unit — newcot addition to Texas' growing petrochemical industry. The plant has an annual production capacity of 40,000,000 pounds of polypropylene, a new petroleum-based plastic of unusual qualities. Polypropylene, to be marketed by Humble as Escon, is light and water-resistant enough to make ropes that float, tough enough for dinnerware and machine parts, so resilient roducts made of it can be bent double without breaking. and it is resistant to heat, chemicale, oile and greases.
