### Tax Force for Taxes

Gov. Price Daniel has named a 19-member committee to study Texas tax problems and recommend a plan for raising some \$350,000,000 for the next two

years. All the 19 appointees are in positions causing them to have a strong interest in seeing sufficient money raised for coming state appropriations. They include the chairman of the governing boards of the state's educational, welfare, and hospital systems and officials of a number of school-connected associa-

Their report is to be ready prior to July 10, opening date of the special legislative session.

What's In A Name

Pro-sales tax legislators declare that Gov. Daniel is merely calling "a rose by another name" in his labeling of what is and what is not a sales tax.

Sen. Wardlow Lane and four House members presented "their side of the story" in a formal answer to the governor's report to the people on the regular session failure to pass a tax bill.

Any \$350,000,000 tax program including the governor's will have to run heavily to sales taxes, whatever they're called, said the lawmakers. They recommend 'telling the truth about it."

Governor Daniel announced he had received a heavy volume of mail since his talk, with the sentiment running 6-to-1 in favor of his program.

Several legislators said this was contrary to the way their mail was running. Troubles All Over

To make matters worse, Comp troller Robert S. Calvert reported that some of Texas' prime sources of tax revenue seems to be dwindling.

Oil production taxes for the nine months ending May 31 were \$92,110,769, down by \$3,000,000 from the same period a year ago and down \$12.000,000 from the year before that.

Gasoline taxes, which have spiraled up at about 5 per cent a year, have hit a slow-down. They are expected to be about \$129. 000,000. This is identical to the -Continued to Page 4

DO YOU HAVE SOME FALSE HOPES?

1. "Don't worry about me, I'll get into Heaven at last."

You cannot enter Heaven without Jesus Christ. You must be cleansed from sin. "I am the WAY, the TRUTH, and the LIFE, no man COMES to the Father, but BY ME" (John 14:6).

2. It doesn't make much difference WHAT a man BELIEVES if he does WHAT is right"

It makes ALL the difference in the world. Your DESTINY depends upon YOUR BELIEF! (Rom. 4:5)

3. "I keep the LAW of God and therefore I'll be saved."

NO you don't. NO ONE does. It would not save you IF you did. "Therefore by the DEEDS of the law there shall no flesh be justified in His sight." (Rom. 3:20) "Knowing that a man is not justified by the WORKS of the law, but BY FAITH IN Jesus Christ". (Gal. 2:16)

4. "I'm TRYING to be a Christian."

One does not BECOME a Christian BY TRYING. We are saved BY TRUSTING IN Jesus Christ. "WHAT must I DO to be saved?" "BELIEVE ON the Lord Jesus Christ and you shall be saved." (Acts 16:31; Titus 3:5)

5. "I'm a church member, isn't that enough?"

You may be a church member and yet not be saved. Simon Magnus was a church member, (Acts 8:21) "Not every one that says unto Me, Lord, Lord, shall enter the kingdom of Heaven" (Matt. 7:21-27)

6. "I'm good enough as I am. I lead a moral life."

No you are not. Try yourself by God's standard and see. "They have a zeal of God, but not according to knowledge, For they being ignorant of God's righteousness, have NOT SUBMIT-TED themselves unto THE RIGHTEOUSNESS of God. For CHRIST is THE END of the law FOR RIGHTEOUSNESS to everyone THAT BELIEVES" (Rom, 10:1-4; Luke 16:15, 18:9-14)

Corporation franchise taxes were also down to \$51,542,964 for this year, a drop of about \$7,000,-000 from last year.

One bright spot was in "sin taxes". Cigarette taxes brought in \$7,821,931 during May compared with \$6,310,562 for April. Taxes on alcoholic beverages (beer, wine, liquor) were up from \$2,672,947 in April to \$2,835,650 in

But poll taxes were down from \$2,818,527 in 1960, the presidential election year, to only \$1.827,574 for 1961

Despite everything, the deficit in the state general revtnue fund dropped in May to \$78,848,137 from a high of \$102,000,000 in April. Hopes are that it will go even lower, not to exceed \$63,000,000 by August 31, the end of the fiscal year

Some Changes Made

Despite the bog-down on tax bills, the Legislature did add quite a bit to the law of the land in its recent session. Among noteworthy changes:

1. Old-age pensioners, beginning next January 1, can receive help with their hospital, doctor and nursing home expenses. Any state-licensed hospital or nursing home will be eligible for participation in the program.

2. Filing fee for candidates for statewide office will be \$1,000. Previous fee for candidates in special statewide election was \$50. This brought out 71 candidates in the recent special senatorial race.

3. Persons who refuse to hang

FARM INTERPHONE - NEW TIME-SAVER FOR FARMERS

A practical new communications service will be introduce in Texas in July to help farmers get more things done with so much wear and tear on them or others in their familles.

The farm interphone, a compact communications package which will be available in July, should prove to be a real time saver for hard-working farm families. It is designed to do three big jobs for you who live and work on the farm.

The first thing it does is provide regular telephone service between the house, barn, other farm buildings and key outside work areas. Just imagine how many hours and steps this will save a busy farmer and his family in a month.

Second, the farm interphone is hooked up with special loudspeaker-microphones that make it possible to answer the phone hands free - without interrupting your work. Outside calls may be answered without leaving the barn.

Finally, the farm interphone is installed so that the sounds of the farm buildings can be heard in the house at night. It's a kind of "nightwatchman" that tells you of any unusual activities, livestock in need of attention, a pump or other equipment that might act up, or even the start of a fire.

A good farmer is a mighty busy man these days. And the farm interphone is designed to help him make the most of his time and energy. If you'd like to learn more about how the farm interphone can help you, just call the telephone business office in Alpine, or ask any telephone serviceman. TOOL CHEST ON WHEELS
