## LISTEN TO LUKE

Just heard about the hijacking of another plane which was flown to Cuba. The hijackers are primarily to blame, and Cuban government is also to blame for giving asylum to the hijackers and keeping the plane, regardless of the nationality of the hijackers. We got all worked up about it.

When a person riding a jackass on the streets of Sanderson or a jet between Austin and Houston is not protected by the laws of this nation and no concern is given for their safe return home or the return of the jackass or jet then we are short of law enforcement or government.

Is the postponement of a war, or the prevention of a war worth the sacrifice of all of our liberties, all of our privileges, all of our safety, all of our self-respect and all of our air liners and air traffic? Is the postponement of a war or prevention of a war worth the privilege of riding a jackass safely down the streets of Sanderson?

If this keeps up we might all be using jackasses for transportation and without safety, too!

Merchants of Sanderson that we have contacted during the past several days state that there has been an uptrend in business recently. Certainly, it goes without saying, that they were pleased with the developments.

It all happened too soon to explain it by stating that all the residents of the county began immediately to do all of their shopping possible in Sanderson.

With the natural — or unnatural — increase in business due to some other source, an additional increase which is the result of cooperation of local citizens would really be a boost to the local merchants.

And, as we said last week there is nothing like a good healthy business in Sanderson or in any other town, to be a help and aid to the community in more ways than one.

The influence of a good business can be felt far and wide — like the influence of a good person. And certainly the opposite is true — a group of sick or bad or shaky businesses puts a different light on the economy of a town and a few people with bad influence put a stamp upon a town that is hard to get erased.

We should all be more interested in the development and maintenance of good influential businesses in Sanderson and do our best to uphold them so that they may, in turn, help us.

There is absolutely nothing to replace good influence in business or in life.

Let's all begin using our influence to help make Sanderson a better town for business and put ourselves in the shoes of the local business men who are trying to help Sanderson, too.

## Two Cases In County Court Heard Monday

Two cases were heard Monday by County Judge R. S. Wilkinson.

Charges of driving while under the influence of intoxicating beverages were filed against Landon Peter Green of Brewster County by Highway Patrolman Bill C. Cooksey. Green was apprehended on U.S. 90 in Terrell County Sunday night, according to Cooksey and returned to Sanderson and jailed. He is employed by Bill Neel, Brewster County ranchman, who came to Sanderson Tuesday to affect the release of the Negro man.

Green pleaded guilty to the charge and received a fine of \$50 plus costs, three days in jail, and suspension of his driver's license for six months, all mandatory.

His wife received a \$1 fine and court costs in Justice of Peace Court after pleading guilty to being drunk in a public place. She was with Green at the time of the arrest and was also held in jail Sunday night.

Quirino Alva Jr. pleaded guilty to a charge of unlawfully carrying a pistol and received the minimum fine of \$100 and costs by Judge Wilkinson. The complaint was filed by Sheriff Coleman Babb Jr.

The offense took place about the middle of last week at a local bar.

Sheriff Babb stated that Alva received an accidental self-inflicted gunshot wound through the upper part of his leg prior to his arrest, caused when he was taking the gun from inside the waist band of his trousers.

## George Turner Completes Ranch Forage Inventory

A range site map and forage inventory has been completed for the George Turner ranch located south of Dryden. This map was prepared by the Soil Conservation Service and will be used by Turner in preparing a conservation plan for his ranch. Turner is a cooperar in the Rio Grande-Pecos River Soil Conservation District.

Mrs. H. E. Ezelle of the Ranch Home Demonstration Club, and Mrs. Brown of the Puckett Field H-D Club, went to San Angelo Tuesday to attend the three-day annual session of Texas Home Demonstration Association. Mrs. C. F. Cox joined them there on Thursday to attend the closing session.

## Christmas in July! Yes, believe it or not!

We have to admire the spunk and determination of the little old who knocked on our door recently and asked us about the possibility of buying some Christmas cards.

We are not saying this to cast derision on the boy — he's to be admired and encouraged in his efforts! He should have every opportunity to advance in his field of endeavor and his efforts to earn some spending money for possibly ice cream cones or a baseball glove.

We would have surely bought some Christmas cards in July if it hadn't been for the fact that we sell them ourselves. We just are not young enough to be ambitious enough to try to sell them in July. But that was a clever way to work in a plug, wasn't it? The manufacturers of Christmas cards and gift items would be tickled to death if merchants

## Methodists Plan Special Services September 24-28

The First Methodist Church of Sanderson is planning special services September 24-28, according to an announcement by Rev. F. E. Curry, pastor.

Rev. Kelley E. Scott, former pastor of the local church, will conduct the special services each evening.

Members and friends of the church are asked to keep the date of the meeting in mind and make plans to help in any way to make a success of the meeting.

Pres Pat Escamilla has been released from the San Antonio Sanitorium and is in Sanderson with his wife and daughter. During his stay in the hospital his family stayed in the home of Mrs. San Juana Borrego.

## Call Out For Aid To Boys Ranch By West Texas Citizens

Boys Ranch of West Texas announces its annual "fall roundup" for 1961 in an effort to raise money to continue the program of "Don't Brand a Boy, Build a Man", according to F. M. Wood, county "roundup foreman".

Each fall ranchers of West Texas are asked to contribute livestock to help finance the operation of the ranch. Contributions are the only source of revenue for the worthwhile operation.

Any and all types of livestock regardless of age, type, sex, or class, will be acceptable as long as it is saleable. Livestock donations will be received at the Sanderson stock pens Monday, August 21, and should be in the pens prior to 4:00 p.m.

Although the fall roundup spotlights the livestock donations, it is realized that there are people who would like to give that are not in the livestock business and cannot contribute livestock. In these cases, cash donations will be acceptable and appreciated. Cash contributions should be mailed to either Mr. Wood or to County Judge R. S. Wilkinson.

## Murder Charged After Death Of Train-Rider

An unidentified man died on an east-bound caboose Wednesday and Val Verde County officers are holding a man on suspicion of murder. Charges were filed Thursday morning.

According to the report of investigating officers, the two men were seen leaving Sanderson on an east-bound freight train Wednesday afternoon late. Trainmen and passengers on Train No. 1, which met the freight east of Dryden at Shaw, reported seeing two men apparently arguing on a flatcar, the men and the car fitting the description of the incident above. As the freight train proceeded eastward after stopping at Malvedo spur, to permit passage of Train No. 1, the conductor of the train saw the injured man lying on the north side of the track. The train was stopped and the injured man put on the caboose.

The officers stated that the train crew reported that the man had apparent severe head injuries and was gasping for breath when he was carried to the caboose and died shortly afterward.

The officers continued: the train crew radiod back to Sanderson the information of the death of the man and the fact that a train-rider had been seen walking around near where the injured man was found, and he had boarded the train prior to its leaving Malvedo.

Texas Highway Patrolman Carl Davis and T&NO Special Investigator Poole left immediately for Del Rio and officers there were alerted and asked to pick up train-riders on suspicion and gave a description of the man seen in company with the one who had died.

Texas Highway Patrolman Bill Cooksey, Immigration Officer Harold M. Schmidt, and Texas Ranger J. S. Nance stood by in Sanderson to direct other activities.

The freight train arrived in the Del Rio yards at about 10:05 p.m. Wednesday and officers there reported that a man answering the description of the wanted man had been apprehended. He had blood on his clothing and hand, and a blood-covered rock had been found on the flatcar on which he had been riding, and that he was in a state of drunkenness at the time of the arrest that it was useless and impossible to question him.

Local officers were going to Del Rio Thursday morning to return the man to Sanderson on a charge of murder, according to the officers.

Sheriff Coleman Babb was in San Antonio Wednesday and had called Deputy Sheriff Dalton Hogg to come and drive him back to Sanderson because of his illness, according to the officers here.

## Method Changed For Election Of ASC Committee

The election of the Terrell Agricultural Stabilization and Conservation (ASC) County Committee for 1962 will be held by mail, with the final date for the return of ballots being September 11, 1961. The 1962 committee will assume their duties October 1, 1961.

A change in the nomination procedure goes into effect with this election. The slate of nominees will be selected by petition. Petitions to place names in nomination must be signed by 10 or more eligible voters and must be received in the Terrell County ASC County Office by August 22, 1961. The names of persons nominated by petition will be placed on the ballot if the persons are found to be eligible and willing to serve.

If a person nominated is found ineligible by the present county committee, he will be notified of such determination and he may appeal to the county committee by August 23, 1961.

To be eligible to hold the office of county committeeman, a person must be eligible to vote in the ASC election and must be a legal resident in Terrell County. Assistance in the preparation of petitions is available in the county office, according to E. E. Harkins Jr., ASC committee chairman, Jack Harrell and Reginald Monroe, along with Mr. Harkins, make up the 1961 committee. Jack Deaton and Austin Christman were elected first and second alternates, respectively; but it has been unnecessary to call on them to serve.

The present county committee will make such additional nominations as are necessary to complete a slate of nominees, which must be a minimum of ten persons. The committee may also make additional nominations deemed desirable to insure representation of the entire county.

To be eligible to vote in an ASC election, a person must be of legal voting age (or if a minor, he must be in complete charge of a farm or ranch), must have an interest in a farm or ranch as owner, tenant, or sharecropper, and meet at least one of the following qualifications: (a) A payment is or will be made with respect to the ranch under the Agricultural Conservation Program or there is being carried out on the farm at least one approved practice under the current program. (b) A marketing quota or acreage allotment is currently established for the farm; (c) The person is eligible for a cooperator's loan or other type of price support. (d) The person is eligible for payment under the National Wool Act. (e) The person is eligible to participate in any other program administered by the county committee.

Efforts are made to reach every eligible person with mailed ballots which should be mailed about September 1. Mr. Harkins pointed out that anyone who does not receive a ballot and thinks he should have one to contact the county office for a ballot. Questions on eligibility to vote will be settled by the county committee when the ballots are tabulated on September 15. The public is invited to attend the tabulation meeting.

## Completes Training At Signal School

Army Pvt. Tomas L. Lopez, 19, son of Mr. and Mrs. Jose M. Lopez, Sanderson, recently completed the radio-teletype operation course at the Southern Signal School, Fort Gordon Ga. During the 15 week course he was trained to operate radio-teletypewriter equipment and to transmit and receive messages in Morse code and by the teletypewriter. Lopez entered the Army last January and completed his basic training at Fort Hood. He attended Sanderson High School and was employed in Muleshoe before entering the Army.

## 5-Day Bible School For Families Planned At Church of Christ

A five-day family Bible school will begin at the local Church of Christ on Monday, August 14, and continue through Friday. Classes will begin at 7:30 p.m. and there will be classes for all ages, according to an announcement made this week by Joe Fitch, minister.

Roy E. Stephens of Monahans will conduct the class for adults; George Devall of Fort Stockton, the class for high school students; Charles Wharton of Iran, the class for 6th and 7th graders; Bill Hearn of McCamey, the class for students of the 4th and 5th grades; Mrs. Bill Hearn of McCamey, classes for those in the first, second, and third grades; Pat Devall of Fort Stockton, the class for four and five-year olds; Earline Wharton of Iran, the class for 2 and 3 year olds. A nursery will be provided for all of the younger children.

## Big Bend Official Moved to Michigan

Henry Schmidt, assistant superintendent of Big Bend National Park for the last four years, has been appointed superintendent of Isle Royale National Park in Michigan, the Department of Interior announced last week. His replacement at Big Bend will be announced soon.

A native of Iowa, Schmidt began his park service career as a member of the ranger staff at Sequoia and Kings Canyon National Parks in California before being assigned to Big Bend. He had served as superintendent of Sitka and Glacier Bay National Monuments in Alaska and Arches National Monument in Utah. He is a graduate of the FBI Academy and a veteran of WWII.

## More Information Released For School Opening

Further information concerning registration of pupils in the Sanderson schools is being released to patrons this week.

It was erroneously stated last week that letters were being mailed to school patrons.

On Tuesday, August 29, at 9:00 a.m. all new students in grades 2 through 5 only will register at the new elementary building. On the same date, all sixth and seventh grade students, except bus students, will register at 1:00 p.m. At 9:00 a.m. on the same date, 8th grade students except bus students, will register.

Wednesday, August 30, is the registration date for freshman and sophomore students, the freshmen registering at 1:00 p.m. and the sophomores at 9:00 a.m.

The juniors will register at 1:00 p.m. Tuesday, August 29, and the seniors at 9:00 a.m. on the same date.

A bus will run on Tuesday, August 29, from the gas field through Dryden. All new students only in grades 2 through 5 and all new and old students in grades 6 through 12 who live in those areas are asked to come in on the bus to register on that date. The bus will leave the gas field at 7:30 a.m. and Dryden at 8:15 a.m. The bus will return the students after lunch.

All first grade students as well as old students in grades 2 through 5 who went to school in Sanderson last year are asked to register at 9:00 a.m., September 4, the first day of school.

On Wednesday, August 30, at 9:00 a.m. achievement tests will be given for all new students in the schools grades 2 through 5.

All students entering the first grade must bring birth certificates with them on the opening day and must have been vaccinated against smallpox before they will be permitted to enter school.

Monday, September 4, has been set as the opening day of school for the 1961-62 term.

## 14-Mile Spread In Ellenburger Gas Seen in B-B Field

A 1 7/8-mile east extension was indicated for the Ellenburger production in the Brown-Bassett multipay field of Terrell County with the flowing of gas at the daily rate of 20 million cubic feet when drilling reached 13,176 feet at the Shell Oil Co. Midland, No. 1-331 Mitchell in section 331, T2W1G Survey.

The 1-331 Mitchell is approximately 14 miles southeast of the Sinclair Oil & Gas Co. No. 1 Alma H. Pauter, dual Ellenburger and Wolfcamp producer.

The project flowed gas, no liquid, to pits at the above rate for 30 minutes.

The project had been drilling with gas. Operator was preparing to resume drilling with mud on a 16,000-foot contract.

The prolific multipay gas area, opened in 1958, produces from the Wolfcamp, Fusselman, Strawn, and Ellenburger.

The field now has one Wolfcamp, 15 Ellenburger, and two Strawn and two Silurian producers.

## Men of Church To Serve Barbecue Saturday Noon

The men of El Buen Pastor Church are having a barbecue dinner Saturday at the former location of Ochoa's Grocery at 315 E. Oak Street. Serving will be from 12 noon to 5:00 p.m. The food will be served in the building or it may be taken home. Plates will sell for \$1.00.

Tickets are being sold by the men and women of the church this week and will also be sold at the door Saturday.

This is the first project to be undertaken by the men of the church in recent years and the patronage of the public will be appreciated.

## Grid Booster Club Interest Sought

Efforts are being made by the Sanderson Lions Club to organize a football booster club in Sanderson, according to John Huey, and interested persons are asked to contact either him or C. G. Riggins within the near future.

One of the prime objectives of the club, according to Huey, is to purchase a camera and supply film for the filming of football games this season to aid in perfecting the ability of the players as well as furnish a re-run of the game for any interested spectators or members of the club.

Huey stated that a camera was available for about \$350 and that film for each game would cost about \$65, making a total of \$1,000 needed if all games this year were filmed. He added that the cost of the equipment would be borne by membership fees in the boosters' club, thus making this convenience or aid available for the football team.

Further details may be obtained from the two above-named men.

Amid the sound and fury of the tax battle in the Legislature, Texans — new to the idea of far-reaching sales taxes — could be heard trying to get to the bottom of things by calculating their effect upon such things as baby's diapers.

The key to the discussions, both in the Legislature and the Capitol corridors, was the term "outer wearing apparel," to be exempt from sales taxes.

It seemed simple enough at first when the proposal was to exempt such articles costing less than \$10, the intention being to exempt work clothes. But many a question popped up when the tax writers went into details and spelled out that this exemption would not include accessories like "cuff links, belts, ties, bill-folds, scarves, hand bags, canes, unattached buttons, ornamental jewelry of any type, bathing suits, sleeping garments, bath-ropes, lingerie, negligees, and lounging pajamas."

Clearly, baby's diapers are outer wearing apparel. But, do they remain in that status when covered with rubber or plastic pants? Nobody could readily answer the question. That was something to be decided later.

And what about bathing suits? These certainly are not undergarments — except of course, when worn under street clothes. And who ever wears anything "outer" than a bathrobe?

Then there was more serious talk about the definition of work clothes. The exemptions were confined to those made of cotton, twill, poplin, denim, and chambray. Suppose, somebody questioned, a man ran across a pair of blue denims with nylon knees? And why, a white collar worker asked, shouldn't his wool trousers be exempt, too, since he works in them?

Attorney General Rules

An Attorney General's opinion holds that the state's admission tax does not apply to tickets to baseball, football, and basketball games, but is applicable to horse races, dog races, motorcycle races, auto races, dance halls, night clubs, skating rinks, "and any and all like places of amusements, contests, and exhibitions." State Comptroller Robert Calvert, who asked for the ruling, was advised that horse races are

subject to the tax because they are specifically mentioned in the tax law, while baseball, football, and basketball games are not. Referendum on Horse Race Betting is Sought

Rep. V. E. (Red) Berry of San Antonio, who got nowhere with his bill to legalize horse race gambling in Texas and another calling for a state-wide referendum on the question, doesn't plan to give up.

Representative Berry said petitions are being circulated by members of the Texas Thoroughbred Breeders Association asking support of a Democratic Party referendum from 10 per cent of the qualified voters in Texas. He estimated 155,000 signatures will be necessary to cause the State Democratic Executive Committee to submit the proposition to the voters in the first Democratic primary election next May.

The petition, he said, calls for submission of a constitutional amendment to the electorate. Historic Document on The Water Problem

"If Texans cannot change the weather, they can at least, by sound, farsighted planning, conserve and develop water resources to supply their needs."

So said the State Board of Water Engineers as it turned in to Gov. Price Daniel the state's first comprehensive, projected plan for meeting the industrial, municipal and other water needs in 1980.

Governor Daniel termed the 200-page document, which envisions the construction of 45 new reservoirs over the state, "one of the great things in the life of our state."

The board made the observation that the people of Texas have not yet been "aroused to the dire consequences of inaction or to the consequences of building projects which at best provide for only small increases in water needs . . . in relation to long term future needs in many areas, water is the least abundant of Texas' important natural resources, certainly it is the most indispensable."

The board said that through proper development, Texas has adequate water to meet its mu-

nicipal and industrial needs in 1980 and sustain agriculture and other uses. A significant statement in the report was to the effect that such a program as outlined "appears to be within the financial capability of the state and local interests, with federal participation in projects containing flood control."

In short, the so-called "Master Plan" for development of the state's water resources is at least an outline of what can be done, and might be done, to meet one of the state's most crucial problems. Short Snorts

Moonshining still goes on . . . The Texas Liquor Control Board reports seven illicit stills were taken by inspectors during the month of June with a capacity of 710 gallons. Inspectors seized 590 gallons of mash and made nine arrests. The stills were located in Lamar, Bowie, Marion, and San Jacinto Counties.

### WHY ARE YOU NOT A TRUE CHRISTIAN?

Is It Because — — —

1. — YOU have NEVER REALIZED the PERIL of your soul?
2. — YOU FEEL that YOU are ALL RIGHT without Christ?
3. — YOU have ALLOWED Satan to BLIND your mind and heart?
4. — YOU THINK it is "sissy" to BECOME a Christian?
5. — YOU DON'T KNOW that "the wages of sin is death"?
6. — YOU DON'T CARE that "Christ died for our sins"?
7. — YOU LOVE SIN too much to REPENT and TURN from it?
8. — YOU are NOT AFRAID of "the wrath of God on sinners"?
9. — YOU are TOO WISE to BELIEVE WHAT the Bible says about you?
10. — Satan HAS ENSLAVED YOU with the chains of sinful habits?
11. — YOU WILL NOT BELIEVE IN Jesus Christ as a Savior?
12. — YOU THINK that God is TOO GOOD to CONDEMN you to hell?
13. — YOU WANT to DO SOME GOOD WORKS to save yourself?
14. — YOU ARE TOO PROUD to humble yourself before God and PRAY the sinner's prayer, "God BE MERCIFUL to me, a sinner"?
15. — YOU INTEND to COME TO CHRIST SOME DAY, but not NOW?

"WHOSOEVER shall CALL UPON the Name of the Lord SHALL BE SAVED"

"NOW, is the ACCEPTED TIME . . . IF you HEAR His voice, HARDEN NOT your heart!"

"WHAT MUST I DO TO BE SAVED? BELIEVE ON the Lord Jesus Christ and thou shalt BE SAVED." "WITH the HEART man BELIEVES unto righteousness."

Would you like to "talk it over" with the pastor? He will be happy to HELP YOU to become a true Christian in the Bible way.

Sanderson now has four exploration crews working out of here and another is working in this county out of Fort Stockton. The county continues to be a hot spot for prospective drilling and we like it that way.

There is still no way to make more than a calculated guess on just what all this is going to mean to the county and to the area. We continue to hear rumors - away from Sanderson - about a big boom here. We know that such is not the case. But we do know that in the oil centers of the state, and also out of the state, that Terrell County is well known among oil men, even if the economic factors of the towns of the county are not so well known.

The exploration crews that continue to probe the depths of the earth seeking information that is revealing to them prior to the risk of drilling the hole, have combed some of this country rather thoroughly. And interest continues high and more exploration work is being done. Different methods are being used, and additional information is being obtained.

We look for a big increase in drilling activity in the near future in this area.

**Fed. Aid Program Underway In Texas**

**COLLEGE STATION** - In line with Secretary of Agriculture Orville L. Freeman's recent announcement that the Rural Areas Development program had reached the operational stage, the Texas Agricultural Extension Service has held orientation meetings on the program in east and northeast districts of the state.

It is in this section of Texas, said Frank Sheppard, extension resource development specialist, that most of the announced eligible counties are located. He pointed out that some 40 of these counties were listed because they had either been participating since 1956 in the rural development program or had indicated a desire to do so. Other counties were added to the state list on the basis of farm income figures. He said other counties may be added to the eligible list and some of those now on the list may not be able to qualify for federal grants and loans under the program.

Sheppard said the new program is strictly volunteer and that participation is up to local leaders and interest. It is, he said, the responsibility of the State Agricultural Extension Services to provide the organizational and educational leadership in setting up development committees to handle the program from the local to the state level. Also to provide educational assistance to local leaders and private groups with regards to total economic development programs within counties or areas.

Much progress, he concluded, has been made under the rural development program and projects now ready for operation may be able to qualify for loans or grants.

**Men's Garden Club Is Organized At Meeting Wednesday**

Men's Garden Club of Terrell County was formed and a temporary president and secretary named at a called meeting Wednesday night at the Charlie Riggins home.

The group met with five visitors from the Men's Garden Club of Odessa who advised the local men on the organization and affiliation with the National organization of Men's Garden Clubs. From Odessa came C. C. Michel, Dr. Floyd Beranck, Jim Thornton, Carl J. Wallace and Ed Daniel.

Marion Batson was chosen as president of the group and Charlie Riggins is to be secretary.

Attending the meeting were Howard Stavley, J. E. Hill, Walter Grigsby, Willis Harrell, L. H. Gilbreath, Marion Batson and Charlie Riggins. The meeting was held in the yard at the Riggins home.

The organizational meeting to perfect the complete organization will be held Monday night, August 21, at the home of L. H. Gilbreath. All men of the community are urged to be present at this
