ISTEN TO LUKE

Someone asked the other day my we didn't have anything to about the Billie Sol Ester in Pecos, since we had so to say about other things. We told him we figured there as little left unsaid about all of at and nothing left for us. The facts that have been told ak clearly for themselves, and hably those untold will never told completely, leaving a lot speculation.

Something that has been going on for years, as that has, is going to take a lot of digging to over anything.

We have been more concerned ith other things that are more within our realm of palaver and ething that has a little more teeth in it.

Local business men have been ndering about why there are no exploration crews coming to is area this summer. We have ard rumors that the landowns have priced themselves out of he exploration crews' ability to and we had some trouble jeving this. And from what we an find out, this is not the case. It would seem to us that whatwer price the ranchmen asked he crews for the privilege of eeking knowledge and informaion from the depths of the earth inder their land, would be more the business of the ranchmer han it is our business, so we do not have anything to say about

We found out, too, that accordng to the best information availble, that the oil companies were

Rev. Irl Richardson Gives Sermon For Baccalaureate

Rev. Irl Richardson, pastor of the First Baptist Church, was the speaker for the Baccalaureate service Sunday morning for the senior class of the Sanderson High School, The churches of the community dismissed the morning worship services for the service in the high school auditorium at 11:00 o'clock.

Rev. Richardson chose "Sue cessful Living" as his subject basing his remarks on the second verse of the 39th chapter of Genesis, "And the Lord was with Joseph". Using the life of Joseph as an example, he stated that "Joseph started right, stayed right. and ended right". "If there is a story of success in the Old Testament, it is the story of that fearless charming young man," he continued. "Life cannot be measured by quantity but by quality The tragedy of the world today is that so many people are trying to live successful lives and are leaving God out of their

*********** AN APPEAL

Twice within the last few months false alarm accidents have been reported, requiring a trip by the ambulance and by the Highway Patrol. The last such occasion was last Sunday morning just before noon.

On such a run both vehicles drive fast, trying to get to the aid of someone possibly critically injured and suffering, and to try to relieve the danger possibly of a road hazard.

These fast trips are hazardous for the drivers of these vehicles and they are costly and timeconsuming.

One of your family might need the services of one or both of these vehicles during the time they are on a false alarm run.

In the name of humanity and common sense, please voice a loud condemnation of such practices and try to prevent a tragedy resulting from such a foolish act.

The 35th anniversary of the Sanderson Culture Club was oberved at the meeting last Thursday afternoon in Fellowship Hall of the Methodist Church. The only two remaining local charter members of the club, Mrs. W. H. Savage and Mrs. A p. Brown, were honored on the occasion. A red rose was presented to Mrs. Savage, and Mrs. grown was unable to be present. The meeting opened with prayer by the president, Mrs. C. F. Cox and the national anthem was sung with Mrs. L. G. Hinkle playing the piano accompaniment. Mrs. R. A. Gatlin outlined the history of the club omitting facts and figures, but stressing the contributions made by the club to the community since its or ganization.

Mrs. Dee Locklin of McCamey second vice-president of Western District T.F.W.C., was the guest speaker, basing her remarks on "Federation". Mrs. Steve Preslar of McCamey accompanied her to Sanderson.

The club flower, red rose, and the club colors, red and white were noted in the floral decorations. Ranunculas in the chosen colors were arranged in a crystal bowl on the speakers' table. The tea table, covered in a white Italian cutwork cloth, was centered with an arrangement of red roses in a milk glass bowl The focal point of the arrangement was a red glitter-outlined map of Texas in styrafoam. On red ribbons attached to a small red satin rose, indicating Sanderson on the map, was inscribed Thirty-Fifth Anniversary, Sanderson Culture Club."

Tiny sandwiches, nuts, mints cheese balls, miniature cream puffs, filled with dip, and individual white cake squares decorated in red rose buds were served with punch. Mrs. E. E. Farey served the cake and Mrs. Cox served the punch.

Other members present were Mmes. H. C. Goldwire, Will J. Murrah, N. M. Mitchell, L. H. Gilbreath, and W. F. Frazor, also Mrs. Leola Hill, a guest.

HELP TEENAGERS BECOME MORE GROWN-UP

A phone "for their very own," in their room, gives them a sense of privacy and responsibility. Allows more freedom to express themselves and their ideas. Helps them with school, church and club activities. But mostly, it gives them the fun of talking with their special friends. Costs so little most youngsters could pay for it with their own money!

Who needs extension phone service most?

Families that make or receive five or more calls a day.

Families with one or more members active in school, church, civic or club work. Families with active, popular teenagers

or young aduits.

If any of these conditions fit your family, the chances ere you need extension phone service.

DO YOU DRINK INTOXICANTS?

IF men would THINK, they would not DRINK. The man who drinks a LITTLE, drinks TOO MUCH. The great danger in DRINKING SOCIALLY is that it may lead to DRINKING PER-ENNIALLY. One SOCIAL DRINKER out of ten BECOMES an ALCHOLIC. Can YOU afford to take the RISK? There are now five million alcholics and another million PROBLEM DRINK-ERS in our nation, and the army of DEFEATED and HELP-LESS alcholics is GROWING at the rate of 250,000 persons each year. Our nation is now first among all nations in ALCHOL-ISM. Each year 350,000 people die in America due to alcohol. The life expectancy of an alcoholic is 20 years less than the national average.

The F.B.I. reports that "more than 1,000,000 persons are arrested each year on charges of drunkenness, drunken driving and other alcohol-related offenses." The death, crime and accident rates in a given community varies according to the average alcohol consumption.

Dr. R. V. Seliger, Johns Hopkins Hospital, wrote in Woman's Home Companion, "in my waiting room every afternoon there is a group of tragic women. They range in age from 18 to 70. Same wear mink coats, some are obviously poor. Mother. and professional women, teachers, nurses and business girls. But each has the same TRAGEDY - ALCOHOLISM." Hard drink and hard times go together. The drunkard is the last man HIRED and the first man FIRED. The MAN who refuses to DRINK will NEVER become an ALCOHOLIC SLAVE, ALCO-HOLISM is CAUSED by drinking ALCOHOL. The Alcohol Beverage Industry spent last year \$413,000,000 to SELL more DRINKS to more PEOPLE by its advertisements.

"BE not DECEIVED, wine is a MOCKER and strong drink is RAGING, and WHOEVER is DECEIVED by it, is not wise.

Beverage ALCOHOL gives you a RED nose, a BLACK eye, a WHITE liver, a YELLOW streak, a GREEN brain, a DARK BROWN breath, and a BLUE outlook.

> IRL R. RICHARDSON, Pastor First Baptist Church

Meet a fellow Texan: Preston Smith.

Preston Smith's story is in the best Texas and American tradition-a farm boy who worked his own way to an education and a place of honor in his business and community life.

Born in the heart of Texas, at Georgetown, he moved with his family to Dawson County in 1923 when he was 10 years old. He went to school at Sunset, Lamesa, and Texas Tech. In his adopted home town of Lubbock, with his wife Ima and their two children, he now carries out the full responsibilities of a typical Texas business and civic leader

A steward at St. John's Methodist Church-member of the Salvation Army Board, the Kiwanis Club, the Chamber of Commerce, the Texas Farm Bureau-these are some of the activities close to the heart of Preston Smith, citizen.

He did not stop there. In his daily pursuits Preston Smith came to realize that business and government are closely related in the American system-and that without good government we cannot have a favorable climate for good business. A man of direct action, Preston Smith went into the business of government. He served six years in the Texas House of Representatives and six in the Senate.

Senator Smith has supported sound statewide legislation for better schools, roads, welfare and conservation. He took the lead in establishing a permanent building program for state colleges. He had the integrity to support necessary state spending and the courage to oppose extravagance and waste. In government, as in business and at home, Preston Smith believes in meeting our obligations and paying our bills.

Having proved himself as one of the best-rounded, best-equipped, best-informed and most highly respected Texans in both his private and public careers, Preston Smith was a logical candidate to succeed Ben Ramsey as Lieutenant Governor of Texas.

Voters in 102 counties gave Preston the lead over four opponents in the First Democratic Primary. Now he is in the runoff. He got there without the support of any self-serving group or power bloc. His opponent has the endorsement of labor leaders and other special interests who want to dominate our state government.

Preston Smith asks only for the votes of individual Texans who want a Lieutenant Governor without any strings attached. He is depending on independent-minded Texans everywhere to vote for him on June 2.

Elect your independent candidate for Lieutenant Governor-

It's no good just wishing you didn't have to cook in summer heat ... nor will wishing keep your kitchen clean. You have to do something about it . . . and the best thing to do is get a modern electric range. Your kitchen will be degrees cooler when you cook electrically, because it's flameless. Cleaner, too, since there's no fuel grime to soil utensils and kitchen walls. And, automatic electric time and temperature controls watch over your cooking, giving you more time for
