Rainfall Record in Sanderson Told In 25-Year History

A study of the rainfall records available for Sanderson shows some interesting facts. The available records cover the years 1897, 1900 to 1902, 1929 to 1935, and 1949 to 1962, which give a total of 25 years as the basis for the rainfall figures

Averaging out the total available information, shows that an annual rainfall of 11 inches has been received. However, 56 percent of the time, or 14 years. rainfall is below normal or the 11-inch average with an average of 6.85 inches per year. On the other side of the picture, or the above-average years, there are 11 years showing an average of 16.1 inches, or 44 per cent of the total years recorded in which the rainfall has been above average The important fact is that over half of the time recorded the rainfall is below normal and less than half of the time the rain-

The dry years are becoming increasingly important to ranchers every where. More and more emphasis is being placed on planning for drouth and below-normal years.

fall is above normal.

Local soil conservation district work unit supervisor W. O. Ray stated that the important factors in being prepared for the dry years are: Maintaining a reserve of feed on the anch in the form of native grass. Maintain only about 75 per cent of the total number of animals as breeding herd and about 25 per cent as stock which can be moved readily. Last but of prime importance is maintaining range in good condition because good range utilizes even small amounts of rainfall better and the better grasses go a long way during dry years, according to Ray.

Jury Commission Meets Thursday

Sheriff Bill C. Cooksey reported to The Times Tuesday that a jury commission had been named and would meet Thursday at 10:00 a.m. to name a panel of jurors. District Judge Roger Thurmond and District Attorney Douglas A. Newton will be here

according to reports. The commission consists of Edward Kerr, Mrs. David Mitchell, Eleno Marquez, and John Harrison

Mrs. F. E. Cauttrell and her slater, Miss Winnie Mansfield, were in Del Rio Monday for medical check-ups.

Boys Ranch Asks Cooperation In '63 Roundup

The fourth annual West Texas Boys Ranch Roundup is to be concentrated into a two-week period - July 22 to August 3.

This biggest fund-raising campaign of the year for the ranch near Tankersly is slated toward livestock and farm products.

All over West Texas, livestock auction and commission firms are offering to sell without fee any livestock donated by stockmen and turn all proceeds directly to Boys Ranch. During the two-week period, donors may carry livestock to any one of the participating firms and be confident the money will go to the

"We'll take any gift, any time," said J. R. Canning. Eden ranchman, chairman of the drive. "But this is the time to get the livestock in." He predicted that ranchmen will rally to the cause and make generous contributions to help the Ranch.

Boys Ranch is set up to care for 64 boys in residence. It has been forced to move into placement away from the ranch by way of foster homes and work homes because of large numbers of boys. Sixteen of these are currently under Boys Ranch supervision, meaning the ranch currently has 80 homeless boys directly or indirectly under its care. A number of boys are out on work placement and trial leave this summer. They will return to the ranch when school

He said previous Roundups have been a lifesaver for the

Accident Report By THD Released

Capt. Ray B. Butler, commanding officer of the 24 county Midland Highway Patrol District released the June monthly accident summary along with the first six months summary of rural accidents for the Midland area.

"Thirty-six rural fatal accidents were recorded both years during the first six months, with 43 persons being killed this year as compared to 42 deaths last

year," Butler stated. "Injury accidents dropped from 306 in 1962 to 280 this year with 540 injuries last year compared to 489 this year. The total accidents for 1963 stands at 844 compared to 854 for the first six months of 1962. We are indeed grateful to our motoring public for this reduction." Butler stated. "However, our property damage for the first six months this year is \$851,641.00 compared to \$787, 690.00 for the same period last year," he said.

"May we encourage all motorists in this area to use caution the rest of this season as we need your cooperation in keeping this figure as low as possible." Butler asked.

In June in Terrell County there was one accident in which there was personal injury, three property damage accidents, and three persons were injured in the one accident. During the first six months of 1963, there were six personal injury accidents in which 11 persons were injured: 12 property damage accidents in which there was a total loss of \$10,685.00.

Sanderson Linked In Teletype Series For Law Officers

The Terrell County Commissioners' Court recently approved the installation of a two-way teletype communications in the local sheriff's office. The teletype will be one of a chain in cities in West Texas, including Ozona Rankin, McCamey, Snyder, Colorado City, Roby, Sweetwater. Abilene, Eldorado, and San Angelo. Other town are interested in the teletype network and some are expected to come into the chain once work begins on connecting the machines.

Abilene will be the central clearing point for the two-way messages than can be transmitted to any other city in the state that has the facility

Sheriff Bill C. Cooksey, in reporting the availability of the facility to the Commissioners, stated that the cost would be about \$115.00 per month and that it could be discontinued at any time and for any reason. He explained that about \$80 a month was spent now for long-distance telephone calls from his office many of which - if not all would be eliminated by the use of the teletype machine.

The installation, planned by Southwestern Bell Telephone Co., is planned to be completed in about 90 days.

It was pointed out that any message pertaining to law enforcement could be sent or received on the machine, and that Texas Department of Public Safety, regarding violations, warrants, and other important news pertaining to law enforcement would be received daily, thus giving local officers a clearer picture of activities in their department over the state, and at the same time making contacts with other enforcement agencies and in other towns handier.

Bob Allen Named WT Chairman For LCC Development

Robert N. Allen Jr., a Terrell County rancher, has been named District Chairman of the Board of Development of Lubbock Christian College. He will direct the "Bright Future Campaign" for the college in Pecos and Ter-

rell Counties Allen attended Abilene Christian College and Vanderbilt University. The Allens have two children, Ruthie, 19, a sophomore at the College, and Robert N. III.

The LCC Board of Trustees met with the college president Dr. F. W. Mattox at the beginning of the summer term to create the new Board and approve its appointments and duties for the next three years.

Dr. Mattox sald, "With the June 17 ruling of the U.S. Supreme Court concerning Bible reading and the Lord's Prayer in public schools, we need to work even harder to preserve a healthy dual system of education in America, both public and pri-We need healthy private schools where the Bible can be studied and spiritual training can be engaged in freely, for America is a Christian nation.'

The Board of Development is made up of 250 men who have been closely associated with the development of the college since its beginning in 1957. LCC is now the largest of the 11 private junfor colleges in Texas, with a three million dollar campus and full accreditation in the Texas Association of Colleges. The college has a 120-acre campus

Allison Extender To Be Drilled

Humble Oil and Refining Co. will drill the No. 1 Lililan M. Allison as a one-mile southeast outpost to its No. 1 W. M. Allison, opener and lone producer in the Mesa Grande (Leonard gas) field of Terrell County, 20 miles southeast of Sheffield.

Location is 2,310 feet from the south and 1,980 feet from the west lines of section 24, Block A4 Mrs. N. King Survey. Contract is for a 3,700 foot depth.

The dicovery was finaled May 13 for a calculated absolute open flow of 4.6 million cubic feet of gas per day through perforations at 3,373 feet to 3,421 feet. A deep failure, it was drilled to 11,324 all bulletins coming from the feet and plugged back to 3,550 feet

Mrs. Marvin D. Kelly Dies In Sleap Wednesday Night

Marvin D. Kelly received word Thursday morning of the death of his wife during the night Wednesday. Mr. Kelly, a passenger brakeman, was in Sanderson on a regular run at the time.

He stated that friends went into the bedroom Thursday morning after noticing that she had not arisen early as was her usual custom and found her dead in bed, apparently having died in her sleep, he reported.

Mr. and Mrs. H. G. Cates, brother-in-law and sister of Mr. Kelly, left Thursday morning to take him home.

Desk Refinishing Saves Tax Payers, Richardson Reports

Supt. H. L. Richardson stated this week that several dollars of taxpayers' money was being saved in the refinishing of some desk tops in the junior high school building. The work is being done by Mike Richardson and John Cates.

The superintendent stated that the desk tops had ben so badly mistreated that eihter new tops or pads were necessary if the refinishing had not been under-

The Post Office Department Post Office Department for a basic period of 10 years with four 5-year renewal options

> Because Sanderson is located in a redevelopment area eligible to take part in the new Area Redevelopment Administration's program, Mr. Day said, the project will be of particular value It will provide needed employment during the construction phase, and it will add to Sanderson's modernization efforts to attract new industry, he said.

"This is another example of the way in which the Post Of fice Department, along with other Federal Agencies is coordinating its activities to achieve the goal of the Area Redevelopment Act, in line with President Kennedy's wish that all Federal sources be mobilized to help revitalize communities of chronic unemployment and under-employment in order to make them better places in which to live, to work, and to invest," the Postmaster General said.

The Department's capital investment wil lbe limited substantially to postal equipment. The building will remain under private ownership with the owner paying local real estate taxes. Postal space in the present unit will be made available for other purposes

Bidding documents will be available on or about July 20 1963, and may be obtained from Vernon E. Bell, Regional Rea Estate Officer, P. O. Box 1836 Lubbock, Texas - 79408. The Real Estate Officer will supply bidding forms, building specifications, lease, provisions and other information.

Bids must be submitted to the Real Estate Officer by August 20

The building will have 2814 square feet interior space, 285 square feet of platform, and 6,-429 square feet of paved area.

Rep. Thurmond Named To Council On Legislation

House Speaker Byron Tunnell announced the appointment of Representative Roger Thurmond of Del Rio to the Texas Legislative Council.

The Legislative Council, established by legislative act in 1949 and activated in 1950, functions as an investigative drafting, and research agency for both Houses of the Legislature Its services rendered to the Legislature are an integral part of the entire Legislative process. Those members, appointed to the Council, will actively participate in dealing with the many important problems confronting the Legislature during interim periods. Appointments to its membership are highly valued by the Legislators, for its prestige and influence is great.

Keith Mitchell Jr. was an nounced as winner of the Texas Sheep and Goat Raisers' Association Award at the State FFA Convention in Lubbock recently. The award is presented to the

FFA member who has demonstrated proficiency in the production of sheep and wool, goats and mohair. Keith entered vocatilonal agriculture in the Ozona High School in the fall of 1961 with 46 head of breeding sheep. 31 head of cattle and 10 lambs for mutton as his supervised farming projects. These projects have grown and at the present time he has 10 lambs on feed, 87 head of range goats, 78 head of sheep and 41 head of range cat-

Young Mitchell plans to continue ranching after completing schooling and he feels the knowledge and experience gained in management, selection, and care of livestock in his V.A. classes will help him be more efficient in his ranching operation.

Irl Richardson **Resigns Pastorate** Of Baptist Church

Rev. Irl Richardson announce ed his resignation as pastor of the First Baptist Church last Sunday morning, effective August 1. A pulpit committee has been elected to seek a new pastor and recommend him to the church.

In a letter to The Times, Rev Richardson said:

"I feel that my work as a leader of the church is completed after these four and one-half years.

"The church is in good shape financially and in its fellowship and has enjoyed a substantial growth in the past years under the leadership of its pastors.

"I will return to my home in Houston and serve in Union Baptist Association, an association with 150 Baptist Churches, as supply pastor, preaching only on Sundays. I will attend the University of Houston again, beginning in September.

"Mrs. Richardson and I have made many good friends in Sanderson. We have enjjoyed these friendships and this fellowship in the community among all of the people. It is always an unpleasant experience to pull away from Christian friends after living among them and working with them in the church and com-

"I shall not forget the loyal faithful workers and leaders in the church here. May the Lord add to their number.

'My relationship with the pastors of the churches here has been most cordial and enjoyable. Please stand by them and help them as your trusted leaders. You can make your churches what you want them to be There are many unsaved people among us. It is the business of ALL Christians to win them to Jesus Christ and to a New Life that can be found ONLY in Christ.

"Please accept my thanks for all of your good will and helpfulness toward me while in your community. I won't forget my experiences with all of you in Sanderson. I am deeply regretful that I have not been able to minister better to your spiritual needs as my friends. My new address will be 5830

It's a treat to beat the heat with **ELECTRIC** air conditioning

Summertime living at home is much more enjoyable when everyone is cool and comfortable with electric air conditioning. You sleep better, eat better, feel better because electric air conditioning not only cools the air, it filters and dehumidifies it, too. And it has the capacity to chill even torrid Southwest summer weather. Best of all, the cost of electric air con-

ditioning equipment is lower today than ever before. Find out how easy it is to own-see your air conditioning dealer or contractor soon.

Now that barbecue time lures us all kabob, the "assemble-your-own" kind, to eat with the fingers. Most of the ingredients come from cans, so this really a no-work barbecue - yet the combination is hearty

The secret is in the basting sauce, easily made by adding mustard, relish and mayonnaise to the convenient canned tomato sauce that blends them nobly together, without effort on your part. That good red sauce mingles the other flavors into one delectable

Since the kabobs are planned to exactly fit hot dog rolls (you can measure them out in advance as well as prepare the sauce ahead of time), it's very easy to slip them from skewer to toasted roll. Serve with plenty of paper napkins, potato chips, and for dessert fresh fruit and cheese, thus leaving no clean-up after your feast. Too, this is an easy menu to prepare at the beach or park with a portable grill!

PARTY KABOBS (Servings - 6) SAUCE:

KABOBS: 6 weiners, each cut in thirds (8-ounce) can whole onions 6 slices thick bacon, cut crosswise in thirds

2 (8-ounce) cans tomato 1 (8-ounce) can carrets

cup mayonnaise 2 Tablespoons prepared hot mustard 2 Tablespoons sweet pickle relish

6 hot dog buns Start the coals for barbecuing. On skewers, assemble kabobs in groups so that each grouping is the length of a hot dog bun. Arrange as follows:

Bacon, laced onto skewer around weiner piece Whole small onion (slice of onion if large) Bacon and weiner piece, as before Carrot piece Bacon and weiner again

Place kabobs on barbecue grill and cook 8 to 10 minutes on each side. Baste kabobs frequently with sauce which has been prepared by combining all sauce ingredients. (Sauce may be made ahead of time). When kabobs are done, slide each kabob up off skewer into a hot dog bun, cover with remeining

Audit Made Of County's Books

An audit is being made of all the books of the county's governing agencies this week by the auditing firm Cherry, Eckert and Story of San Angelo.
