LISTEN TO LUKE

We listen to people expressing views here and there about various and sundry things, and we often wonder if they are not like we are, a little dim on some of the facts surrounding the question. Like, for example, we can pass the amount of the federal budget from now on, but we do not understand that kind of financing. We don't understand about how important certain articles we have here helps to keep the value of the dollar up. We don't understand all of that kind of talk. But we are against so much foreign aid, too much federal spending, to much aid to so many facets of our living. But our ignorance of the facts doesn't keep us from cussing all these things.

Let's bring the talk a little closer to home. There are some people cussing the fact that we do not have any move on foot to get a hospital built.

Now it may be again, that we may be ignorant of the facts, but we think not. And it is our opinion that we will not ever have a hospital here until and unless the people want one and the only way to find out is for the taxpayers to petition the commissioners for an election to decide a bond issue.

The commissioners appointed a committee to gather all the facts they could concerning the local needs, recommendations, costs, and possible financing. The committee acted and brought the information to the commissioners and they, in turn, gave it to us to pass on to the people for their consideration and there it died.

Some say, "Why doesn't such and such an organization or individual start the ball rolling?" And that is a good question! We do not know the answer, but we would guess that it is because of their not wanting to for one reason or another. The commissioners court is obligated to the will of the people and as far as we know, there has been no expression of the will of the people concerning a hospital.

Most coins have two sides! And speaking of two-sided coins — there is also some talk of the possibility of redistricting the precincts of Terrell County. This has been brought on — to some degree, by that action being taken in other counties — and by some people laying the blame for our lack of a hospital or other facilities or conveniences in the lap of the commissioners — where, in our humble opinion, it does not belong!

The hospital idea lies dormant because the taxpaying citizens have not taken the only action possible, that of petitioning an election. The idea of flood control and water conservation dams on Sanderson Canyon and Three-Mile Canyon above Sanderson was not realized because of the lack of interest, for one reason or another, on the part of the Rio Grande-Pecos River Soil Conservation District directors or individual members, or any other person who would be connected with the project, other than officials of the SCS who would have another project of work if the program was instituted.

The Commissioners Court held the proposal open for two meetings without getting one single property owner involved or interested to attend.

Redistricting the county would divide the votes equally, if that were the purpose of the redistricting, and its goal. But that coin has two sides, too.

It throws an imbalance of the vote of the tax dollar, at the same time — a situation that exists now on the school board.

Now, in our humble efforts to —

Jury Selected For Murder Trial

The duty of picking a jury for the murder trial which has been called for district court was completed about 3:30 Wednesday afternoon. The selection began on Tuesday morning at 10:00 o'clock.

A special venire of 100 names had been called, and following questioning of that number a jury still was incomplete, necessitating the calling of 15 additional talesmen.

Only seven jurors were selected Tuesday out of 70 of the veniremen, and 11 were chosen from the original venire.

District Attorney Douglas A. Newton stated Wednesday that relationship to the principles in the case and the question of the ideas of the veniremen in regards to their belief in capital punishment accounted for the rejection of many of the prospective jurors.

The list of jurors selected included: Mrs. W. J. Ferguson Jr., W. J. Vaughan, Pinky Carruthers, Jack Riggs, Gene Black, Leo Adams, Mrs. C. P. Peavy, Miss Margaret Gregory, Mrs. G. E. Babb, Marion Batson, James Word, and Ray Clifford.

Football Season Begins Week Late For SHS Eagles

Football season begins a week late for the Sanderson High School Eagles this year, due to an open date the first week of the season.

The Eagles will spend the longer pre-game season in an effort to build up an effective unit for their opener with Alpine on Friday, September 13 at Eagle Field.

The Eagles went to Fort Stockton for a scrimmage for the A and B teams the first of the week and coach Paul Hatem said he was proud of the showing made by the teams.

Dove Season Opens In Terrell County

Dove season began in Terrell County last Sunday, but there has not been much interest in dove hunting expressed, according to talk heard among the usual fans of the sport.

Reports are favorable for fair hunting conditions and bird numbers in most parts of the county.

The bag limit for doves is 10 per day with a possession limit of 20. Hunting hours are from noon to sunset.

There is no open season on white wing dove in Texas this year.

Six-Man Game Here Friday Night

A six-man football game between Valentine and Comstock will be played on the local gridiron Friday night with the kickoff slated for 7:30.

Last year the two teams played here and Comstock won by an 18-13 score. In 1961 the two teams played in Marathon, their first meeting, and Valentine won 27-0.

Comstock lost only one player from their squad of last year and Valentine graduated two of their players.

All grid fans are urged to be on hand for the fast brand of football seen only in the six-man game.

ASC Nominees Named For Ballot

Ballots were mailed last Friday to all known eligible voters to elect the 1964 Terrell ASC County Committee. The incumbent composed of Clarence Jessup, E. E. Harkins Jr., Don Allen, named a slate of 10 nominees and set September 12, 1963, as the final date for the return of ballots to the ASCS office at 112 Persimmon St.

The persons nominated are: Don Allen, Herbert Brown, Pinky Carruthers, Lee Dudley, Jack Hardgrave, Ernest E. Harkins Jr., Jack Harrell, Clarence Jessup, Reginald Monroe, and Will J. Murrab.

A ballot may be obtained at the ASCS office by any person who is eligible to vote and did not receive a ballot in the mail. Questions on eligibility to vote will be settled by the present county committee when the votes are tabulated September 16 at the ASCS office.

The tabulation will determine the chairman to be the person receiving the most votes, and so on in descending order also to elect vice-chairman, regular member, first and second alternates. The 1964 committee will assume its duties October 1.

ents, Mr. and Mrs. Dishman. Mr. Dishman has been hospitalized for two weeks for medical treatment and was improved in condition so that he could be taken home Tuesday.

After visiting in Sanderson for two months with her grandparents, Mr. and Mrs. Nicolas Flor-

Contract Let On Improving US90 East of Dryden

A contract for 15.56 miles of construction on US 90 in Terrell County has been awarded to an Odessa firm, it was announced in Austin this week by the State Highway Commission, subject to concurrence of the Bureau of Public Roads.

C.H.C. Inc., submitted the low bid of \$782,974.00 on the project. Grading, structures, flexible base, and two course surface treatment from 1.2 miles east of Dryden to Val Verde County line, is expected to take 260 working days, according to Archie J. Sherrod, District Highway Engineer at Odessa.

W. A. Lancaster, resident engineer at Sanderson, will be in charge of the project while it is under construction.

Testing Continues On Mitchell Well

Soco Mobil Inc., Midland, No. 1 Mitchell, in section 11 of Block 1 in the CCSD&RGNG Survey in Terrell County, a Strawn gas discovery 29 miles north of Dryden and 12 miles west of the Brown-Barslett multiphase field, tested two hours making gas at the daily rate of 2.5 million cubic feet.

Flow was through a 3-4-inch choke and perforations between 11,630-670 feet which earlier had cleaned to plus 14 hours.

Gas flow had not stabilized and testing continued.

Rains Miss Sanderson Area

Some showers that have been received in scattered parts of the county have missed Sanderson completely. Good rains have been reported to the west, on the S. L. Stumberg and W. R. Stumberg ranches, and north of Longfellow in Pecos County.

Some showers have fallen in the past two weeks in isolated and scattered precipitation in the northern part of the county, and toward the eastern part. Rain fell to the southwest of Sanderson last weekend, but did not penetrate deeply into this county.

Some ranchmen of the county report as much as six inches of variance of rainfall on one ranch, with the maximum being less than 10 inches.

The growing season for winter feed is fast drawing near and beneficial rains for winter forage must be forthcoming soon to be of any benefit, according to ranchmen, although rainfall, as it comes, and whenever it comes, will be welcomed by all.

Bill Roberts Joins SCS Here

Carl W. (Bill) Roberts is employed by the Soil Conservation Service as range conservationist, according to an announcement made by W. O. Ray, who is in charge of the local office.

Mr. Roberts received his B.S. Degree in range management this summer from Texas A&M College. His home is in Lockhart. Last summer he had a similar job in San Marcos while in training for his degree. He is residing in the Pearson rent house at 206 E. Kerr.

Austin - Texas' new Parks-Wildlife Commission has reclassified its personnel in keeping with the \$3,500,000 budget set by the Legislature.

Commissioners voted to keep all personnel from the old Parks Board and the Game and Fish Commission on the payroll.

Howard Dodgen, former executive secretary of the Game and Fish Commission, will be retained as a consultant to the Board until January.

Commission also approved Executive Director Weldon Watson's recommendation that the state parks system be managed through the five regional offices used by game officials.

There seems to be a new trend toward refusing federal aid: The Irving School Board spurned an offer of an \$11,000 grant because of the growing danger of federal control of the school curriculum.

But most school systems still accept educational assistance from the U.S. government. Texas Education Agency, looking at preliminary figures for the 1962-1963 school year, found \$33,700,000 was paid in Texas by federal programs.

In some cases, however, acceptance is selective: Both Houston and Dallas, which have local programs geared to prevent student drop-outs, refused cash grants for a similar federal program.

Houston and Dallas are also among the Texans towns which reject federal funds for school lunch programs. Others include Odessa, Goose Creek, Wichita Falls, Fort Worth, Henderson, Longview, Borger, and Alvin.

Abilene turned down a \$446,730 offer of aid for a \$3,000,000 sewer treatment plant from the U.S. Department of Health, Education and Welfare.

Federal grants for \$3,000,000 worth of sewer treatment improvements in Texas are recommended and administered by the State Health Department officials.

Funds refused by Abilene were distributed among 10 other Texas towns.

Although the Lone Star State accepted less federal money than many other states during the fiscal year that ended on June 30, it received slightly more than it paid out, according to a survey by Congressional Quarterly.

Taxpayers paid about 4.26 per cent of all taxes received by the federal government. It reaped 4.81 per cent of the \$10,000,000-plus federal grant total, or \$500,295,000.

National average of federal aid received was \$56 per capita. In Texas, the assistance averaged \$49 per citizen. Alaskans were high with a per capita average of \$226. Low was New Jersey with \$34 per capita.

Schools and sewage systems were just a few targets of federal aid. In fiscal 1962, this state received \$128,734,600 for highway construction; \$31,120,182 for unemployment insurance; \$62,832,834 for agricultural conservation; \$159,252,153 for welfare assistance and \$13,350,583 for the national guard, as well as aid in other fields.

State Parks and Wildlife Department has a booklet available for free distribution, which will be of interest to ranchers, hunters, and just about everyone.

Its title is "Texas Deer Herd Management - Problems and Principles." Booklet was written by James G. Teer, wildlife biologist formerly employed by the state. In his research Teer found that deer herds of Texas provided more than 6,000 tons of meat for family consumption last year.

Another bulletin, newly-revised, also can be secured without cost. Its called "Poisonous Snakes of Texas and the First Aid Treatment of Their Bites."

State Comptroller Robert S. Calvert announced that sales tax revenues for the fiscal year ended August 31 will exceed his expectations.

Earlier, Calvert predicted that sales tax income for the state would total \$177,975,013. Now he says it will be \$2,131,429 more, or a total of \$180,116,442.

A study of records, which the Texas Railroad Commission keeps on municipal gas rate structures, reveals a wide variance in gas rates across the state.

Lowest average year's bill paid by individual consumers in 1962, among the 22 cities on the commission list was \$41.50. It was paid by citizens of a Corpus Christi suburb.

Highest average annual gas bill was paid by residents of Dallas. One of the lowest average bills was that paid by Amarillo residents. Their average bill for the year was \$53.43.

Members of the House of Representatives who have served four two-year terms and state senators who have served two four-year terms, now are eligible for retirement pay under a new law, effective September 1.

When a legislator has completed eight years of service, he receives a \$100 a month retirement check. It increases \$10 a year as long as he remains in the Legislature.

PERSONALS

Mrs. Louis Trlica and two children, Sharon and Mike, of Dallas visited here last week with her brother, T. O. Moore, and family.

Bride-Elect Is Honoree At Social Events

Miss Linda Beckett was named honoree for a coffee last Tuesday morning in the home of Miss Paula Hanson with Miss Joan Wood as co-hostess.

Gifts of lingerie were presented to the honoree. The table, covered with a white lace cloth, was centered with a bouquet of white mums. A watermelon half was cut to form a container for watermelon and cantaloupe balls and fresh fruit. Swedish tea ring was also served with the coffee.

The guests were Misses Kathleen Robbins, Diane Brown, Sheila Cox, and Mmes. F. M. Wood, J. A. Neal, H. M. Beckett, and E. J. Hanson.

Saturday at noon, Mrs. Herbert Brown and Mrs. Weldon Cox were hostesses for a bridesmaid's luncheon in the home of Mrs. Brown. They were assisted by their daughters, Miss Sheila Cox and Miss Diane Brown.

The guests included Misses Linda Beckett, Paula Hanson, Joan Wood, Pat Parks of Houston; Alice Goldwire; Mmes. H. M. Beckett, Don Ratliff, Jim Wilborn and W. A. Lancaster.

A linen cutwork cloth covered the luncheon table, centered with an arrangement of spider mums. Pink bride's cake squares were in a silver tray on the table for a further decorative note. The menu consisted of chicken salad, stuffed celery, olives, pickles, potato chips, hot rolls, and iced tea.

The bride-elect, Miss Beckett, presented gifts to her bridesmaids. The hostesses' gift to the bride was a blue garter and a hosiery case.

Oralia Olivares Honored At Birthday Party

Mrs. Ramona Olivares honored her daughter, Oralia, with a party at her home Saturday evening, the occasion being her 11th birthday.

Following a hot-dog supper served in the back yard, the little girls played games. The honoree received a large assortment of gifts.

Guests included Aurelia Arredondo, Gloria Ybarra, Sylvia Saenz, Monica and Liz de Leon, Juanita Castro, Fe Clelia Lira, Rosa, Clelia, and Emma Silvas, Suzie Calzada, Rosie and Petra Sanchez.

Mr. and Mrs. Jack Harris are residing in Sudduth Trailer Court. He is a junior high school teacher.

Rites Saturday
In Baptist Church**

In a double-ring ceremony Saturday evening in the First Baptist Church, Miss Linda Beckett became the bride of Ronald E. Carroll. Wilfer LaFleur, minister of the Church of Christ, directed the couple in the exchange of the marriage vows.

The bride is the daughter of Mr. and Mrs. H. M. Beckett and the bridegroom's parents are Mr. and Mrs. Robert F. Carroll of Banger.

A large arch, covered in greenery and white roses, was in the background of the church altar. The illumination came from candles in the windows and seven branched candelabra with floor baskets of white mums and chrysanthemums on each side. W. A. Lancaster and Lem Railsback lighted the candles.

Mrs. Jim Neal played piano selections and the traditional wedding marches. Miss Ruthie Allen and James Crowder sang a duet, "I Love You Truly" and Miss Allen sang "The Lord's Prayer" as a solo.

The bride, given in marriage by her father, wore a gown of white peau de sole over taffeta, the bouffant skirt cascading into a short train. The sculptured bodice with round neck was fastened in the back with small buttons, with buttons also on the long petal-pointed sleeves. Lace medallions were applied on the dress with iridescent sequins. A tiny pearl crown held the bouffant illusion veil. She carried a bridal bouquet of orchids with tiny green throated orchids caught in the knots of the satin streamers and loops.

Miss Diane Brown was the maid of honor. The bridesmaids were Misses Paula Hanson, Joan Wood, Sheila Lynn Cox, and Patty Parks of Houston, a college roommate of the bride, and Alice Goldwire was the junior bridesmaid. They wore street-length dresses of crystal poule in three shades of green, matching shoes, and starched white veils attached to small circlets in the same shade as their dresses. Their nosegays were of white carnations and white satin ribbons.

Jim Wilborn served as best man. Groomsmen were Don Ratliff and Bob Beckett, brother of the bride, of Houston, who also served as ushers.

After the wedding, the reception was held in the Legion Hall. Floor baskets of white chrysanthemums were beside the fireplace and white spider mums formed the mantelpiece.

Fayrene Chism and Dawn Harrell were at the bride's book on a table at the entrance for the guests to register.

**Rites Saturday
Unite Monte Arledge
And Jean Cowen**

Miss Jean Cowen, daughter of Mr. and Mrs. Robert Cowen of Summit, N.J., became the bride of Monte H. Arledge, in the Methodist Church in that city Saturday.

The bridegroom is the son of Mr. and Mrs. Lewis Arledge of Del Rio, former Sanderson residents.

Sol Arledge of Del Rio was his brother's best man.

After a wedding trip through the New England states, the couple will reside in Alpine where Mrs. Arledge is a senior student at Sul Ross College.

**Mrs. Tilden Stewart
Feted At Shower**

Mrs. Tilden Stewart, a recent bride, was honored at a tea and miscellaneous shower last Friday afternoon in the home of Mrs. J. D. McDaniel with Mrs. H. L. Richardson as co-hostess.

Miss Mary Duncan presided at the guest book.

The large assortment of gifts was displayed in the bedroom. Arrangements of white chrysanthemums and shaggy rimbias in pastel shades provided the floral decorations in the party rooms.

A pink damask cloth covered the tea table where punch, open-face sandwiches, mints, and salted nuts were served. An arrangement of white chrysanthemums in a crystal vase on a reflector formed a beautiful centerpiece on the table.

**Pena - Guzman
Wedding Aug. 23**

Mr. and Mrs. Guillermo Pena are residing in El Paso following their marriage here on Friday, August 23. Rev. N. Femenia officiated at the marriage rites in St. James Catholic Church.

The bride wore a Copenhagen blue knit dress, satin shoes in a matching shade and a blue pearl pillbox hat.

Mr. and Mrs. Santiago Flores were the only attendants.

An informal reception at the home of the bridegroom's mother, Mrs. Carlos Pena, followed the wedding.

The bride, Miss Susana Guzman, was a sophomore in the Sanderson High School. She is the daughter of Mr. and Mrs. Pedro Guzman.

The bridegroom, a 1958 graduate of the Sanderson High School, has completed his military career in the U.S. Army and has been employed at Turner's Food Store.

**Wright-McDonald
Wedding Here
Last Saturday**

Mr. and Mrs. David E. Wright Jr. are residing in Alpine after returning from a short wedding trip. Their marriage was Saturday afternoon in the Church of Christ, with W. L. LaFleur, minister, officiating at the double-ring ceremony in the presence of the immediate family and a few friends.

The bride wore a white linen two-piece suit with white accessories and a shoulder corsage of white carnations.

Mrs. Reid McClellan, the bride's sister, was her matron of honor. She wore a lime green linen sheath with white accessories and a corsage of carnations.

Bobby Wright of San Antonio, the bridegroom's brother, served as best man.

The bride is the daughter of Mr. and Mrs. Jess McDonald, who were hosts for an informal reception in their home following the marriage ceremony.

An all-white theme was noted in the centerpiece of white carnations on the refreshment table, covered in a white linen cutwork cloth, where cake and punch were served. The cake, served by Miss Mary Duncan, was a three-tiered confection, decorated in white sugar-spun flowers and encircled with a ruffle of blue net. Mrs. Roland McDonald, sister-in-law of the bride, ladeled the punch.

The bridegroom is the son of Major and Mrs. David E. Wright of San Antonio who attended the wedding. Mr. Wright, who has attended Texas A&M College for two years, will be employed in Alpine. Mrs. Wright, who is an English major, will be a senior student at Sul Ross College.

**Girls' Ball Team
Honors Leaders**

On August 22 the ladies softball team had a supper honoring their manager, Mrs. Dalton Hogg, and their coach, Gary Harrell. The Mexican supper was served in Ochoa's vacant store. The girls presented Mrs. Hogg with a red and white corsage. The honor guests were Mrs. Hogg and Mr. Harrell, and Ted Garcia, Larry Harrell, Pablo Guadarrama, Jimmy Jones, and Dickie Treadway of Waco.

The members of the team were Misses Augustina Bustos, Francis Bustos, Gregoria Castro, Rita Fuentez, Gloria Garcia, Hermelinda Moreno, Welly Silvas, LaJuana McDonald, Lydia Garcia, Ramona Moreno, Linda Louwien, Susie Robinson.

**Baptist W.M.U.
Plans 'Prayer' Week**

The Baptist W.M.U. met in the home of Mrs. W. C. Mitchell on Monday evening. Plans for the annual observance of the Week of Prayer for State Missions was made during the business meeting. There will be a service at the church each afternoon at 2:30 from September 9 through 13.

Mrs. H. G. Cates led the program on "Conquest Through New Ministries." Mrs. A. D. Brown told of the mission work in Venezuela. Mrs. T. O. Moore, Columbia; Mrs. O. D. Gray, Ecuador; Mrs. H. W. Cole, Peru. There was a period of special prayer for each mission field and Mrs. Cates read the names on the missionary calendar after she had given the closing meditation. Mrs. Jerry Fortune led the dismissal prayer.

Mrs. Mitchell served pecan pie, cream, iced tea, and coffee during the social hour.

Also present were Mmes. R. A. Turner Jr., C. O. Cash, Laura Wallace of San Antonio, and Don Vickers of El Paso.

**Mrs. Richard Carroll
Feted At Shower**

Mrs. Richard Carroll, a recent bride, was honored at a miscellaneous shower and informal coffee at her home last Thursday morning.

Hostesses were Mrs. J. T. Herring, Mrs. Aubrey Price, and Miss Georgia Black.

Cold drinks and cake were served to 14 guests including Jodie Kay Tronson, Suzanne Downie, Eloise and Beverly Farley, Sylvia Lee Wood, Bonnie Fisher, Linda Babb, Barbara Cates, Carla Dunn, Ada Lee Riggs, Johnnie Winn, Patricia Dishman, and the honoree, Mrs. Carroll.

Lem Railsback has moved from the Higgins apartment to the garage apartment at 601 3rd.

Wedding Announced

The marriage of Rev. Joe Bickley of Iraan and Mrs. Lennie McKneeley of San Saba has been announced. Rites were said Aug. 2 in the home of Dr. Guy D. Newman, president of Howard Payne College in Brownwood. Dr. Newman is a son-in-law of Mrs. Bickley.

Rev. Bickley, a former pastor here, is a retired Methodist minister. They were childhood friends and classmates and were reared together at San Saba.

They will make their home in Iraan.

**Mrs. H. J. Boyd Is Hostess
For Bonhomie Club Meeting**

Mrs. H. P. Boyd was hostess for the Bonhomie Club which met in her home last Wednesday afternoon.

Members present were Mmes. Ray Caldwell, J. Garner, F. G. Grigsby, C. I. White, Marion Batson, J. W. Carruthers Jr., B. F. Dawson, O. J. Cresswell, and three guests: Mmes. H. E. Fletcher, Charlie Murray, and L. H.

Gilbreath.

Mrs. Boyd served home-made ice cream and cake.

**an automatic electric dishwasher
does the job for pennies a day!**

Dishwashing is so daily! No wonder women rate it as one of the most tedious and tiresome of household chores. But you can end hand dishwashing forever—spend the hours you save on more rewarding activities—with an automatic electric dishwasher. Dishes come cleaner, in water too hot for hands. Kitchen stays neater, too, with dishes stacked inside the dishwasher, out of sight. See your dealer soon about an electric dishwasher—built-in or portable.

Listen To Luke -
 Continued from Page 1-

try to be fair, it would seem to us that we should have a cross-section of our citizens operating the various governments of our county. And this cross-section would have to include some of the larger tax payers of the county.

And, we would have to be dissatisfied with the governments of our county before we would be in favor of a change of any kind.

Probably a majority of the taxpayers that live in Sanderson are down in my bracket - nearer \$30 than \$300. And probably the entire list of local taxpayers would have very few in the over-\$300 bracket. Thus, it seems fair to us that four of us should not spend a lot of money, only a very minor part of which is ours.

But that's not equal representation of votes in a county. We will be the first to admit that. But it seems fair.

And we don't know of any proposal where Sanderson would have been benefitted where the commissioners withheld that privilege from the local citizens. Rather we know of some things to the contrary - such as the paving of local streets, and subsequent seal-coating, every effort to insure sanitation through the collection and disposal of garbage, purchase of trash trucks, helping when possible the maintenance of local fire-fighting equipment, working with the local school board when asked to do so in tax matters, their interest in highways through the county, and so many other un-

seen and unknown-of acts that people don't know about because of the fact that very seldom do people go to the trouble to go to their meetings.

It's kinda like my recipe for the best eating - sauer kraut and peanut butter - and if you haven't tried it, don't knock it!

These opinions of our ideas of fairness are by no means in condemnation of any of the present governmental boards or individuals, and should not be construed as such.

There is always the subject of: "Well, why not have some people of Mexican descent?" And that would bring up the proper ratio of Scandinavian, German English, Irish, French, and the other nationalities, all of which can be rationalized by the fact that descent or ancestry should not be a consideration in the operation of our schools or county as long as they are Americans, any more than their political affiliations, or church preference.

The same argument could be put forth for the need for more women on such boards. They have no "representation" now on any of the bodies.

And, too, there is always a difference of opinion about fairness.

We don't know all of the answers, yet! Do you?

We are all too uninformed about those things that we know the most about. And our criticism of many things is based on too little information, usually.

Wouldn't we all be better friends if we - each one of us - knew what trials, troubles, and thoughts and reasoning that each other has. If all of us could know each other better, there would be less misunderstanding, and surely greater friendship.

Every coin has two sides!

Foreign Aid - A Foolish Fantasy

Never before in the history of mankind has there been demonstrated such short-sighted generosity as our expensive, badly-executed, unrealistic, uncontrolled, and uncontrollable foreign aid give-away program. This is the only federal aid program I know of that does not exert federal control along with the granting of federal funds.

American taxpayers have contributed more than \$124 billion, including the interest we've paid on the money we borrowed to give away, in foreign aid - about one out of every 17 tax dollars - to over 100 nations in the last 16 years. This program has been a dismal failure. It has not achieved its goal and I cite a few examples:

Argentina: After \$640 million in aid, this country suffers from inflationary chaos and is under direct military domination. Brazil: \$1.9 billion later, Brazil is on the brink of Communism. Cuba: After \$52 million in foreign aid, this country is a Red satellite which has stolen \$1 billion in private U.S. property. Indonesia: After 670 million, this country is under an armed pro-Communist dictatorship bent on conquest and her economy is wrecked. India: \$3.9 billion later, India stands with Russia, and against us on nearly every issue. Poland: \$522 million has gone down the drain to entrench Communist control of this country. Yugoslavia: \$2.4 billion in U.S. aid has served only to push this Communist country deeper into the Soviet orbit.

Aid to 104 Countries

The foreign aid authorization bill, H. R. 7885, last week, passed by the House of Representatives and now under consideration by the Senate provided handouts to 104 of the 112 countries of the world. We are sending aid to every dictatorship on the face of the earth, most of the socialist nations, and many communist countries.

The Agency for International Development has 64,508 employees engaged in this foreign aid program, traveling around the world dishing out our hard earned tax dollars to all comers.

Nine Stalls for Each Bull!

Entirely too much emphasis has been placed on meeting personal desires of political leaders of recipient governments or in carrying out the unsound schemes of our own people; and too little emphasis has been given to commonsense thought and action.

Documentation of these charges can be had by the hundreds, and many of them are chronicled in detail in the thousands of pages of the record of the hearings of the House Subcommittee on Foreign Operations Appropriations. Such things as these:

Six hundred technical aid projects in one country, and more ready to be started before completion of the existing ones - A highway in Vietnam on which the costs skyrocketed from an original estimate of \$18 million to more than \$129 million before completion - A fertilizer plant in Taiwan, started with foreign aid money and estimated to cost \$34 million, which was inoperable because equipment did not meet the specifications for the desired

Helps Who?

One of the myths advanced by the Administration in attempting justification of its foreign-aid policy is the claim, addressed to the American taxpayer, that approximately 80 per cent of the dollars appropriated for the program are spent in the United States. A question we might well ask then, is this: If 80 per cent of the foreign aid dollar is spent in the U. S. and this expenditure is beneficial to our economy, would there be more prosperity in America if expenditures for the program were doubled or tripled? The answer is, of course, that our own resources would soon be depleted, our false prosperity would come to an abrupt end, and we would be a bankrupt nation.

Another myth used by the Administration to "sell" foreign aid to this country is that the program provides employment for approximately 600,000 people. But looking at this matter objectively, it should be understood that the wages and salaries of these 600,000 people are not paid by the foreign governments, but by checks drawn on the U.S. Treasury from funds provided by the American taxpayer.

To those who ask me, "Don't you care about the poor or the hungry people of Africa or India?", I reply, "Of course, I am concerned about them, but I am more concerned about the poor overburdened taxpayers of Amer-

ica who are stuck with the bill for the irresponsible waste involved in these aid programs. At a time when we have millions of hungry and uneducated Americans in our own country, according to President Kennedy, why do we not give them some aid? How about feeding them and educating them, first? Why do we not look after our own family before we start trying to raise the living standards of the world?"

Proposed Solution

We must initiate drastic reductions in foreign aid in all instances, except where technological and military assistance is necessary to the defense of the free world and is economically advantageous to the United States. We must initiate some tough-fisted management over it. We must use common sense in our administration of it and curb its waste and mismanagement.

We can do this by restricting grants to the careful distribution of surplus farm products to the friendly underdeveloped countries to fill hungry bellies, by providing needed medicines to the sick and by providing technological assistance and instruction to those who show a willingness and desire to help themselves. Our money and equipment sent to countries needing help should not be only to non-communist countries, and this should not be grants, rather it should be in the form of sound, hard, reasonable interest bearing loans, backed up with collateral, and to be repaid according to a specified sensible business-like schedule.

It is an unforgiveable disgrace, indeed, for a country with a national debt greater than all the countries of the world combined, to continue to tax our people to give away our goods to try to buy friends among people who readily turn against us when the till goes empty and the chips are down. Any supporter of this wasteful throw-away program who has one hungry child or one depressed business in his district, should hang his head in shame if he continues to vote

operations - \$31 million for an air-conditioned yacht for the Emperor of Ethiopia - One thousand 23-inch TV sets were ordered for use in community education programs in underdeveloped countries overseas at a cost of \$400,000 for areas with no electric power supply - Foreign aid funds were used to buy suits for undertakers in Greece - U.S. aid to Kenya was used to buy extra wives for government officials - a stock breeding farm was erected in Lebanon with U.S. aid. Nine stalls were built for each bull!
