LISTEN TO LUKE

While our nation's leaders are telling us about the great forward step made by the passage of the recent civil rights law, we are still able to read of the increase in racial violence and incidents over this nation. In fact that type of news is capturing the headlines to the extent that hearing of a no-top bathing suit by some female on some public beach is taking a back seat.

There can be no doubt about our need for civil rights, and we wonder why there has been no legislation proposed to permit the wearing of any type of apparel that tickles one's fancy.

It seems that the law of the land favors the odd-ball more than the normal, and protection is given to the oddest things! Legislation may make it legal for the lamb to lay down with the lion, but until someone convinces both animals that there is something for either of them to gain by such an act, it is going to be difficult to enforce.

There has been an increase in travel through Sanderson recently, according to several with whom we have talked, and observed ourselves.

This is in keeping with the Texas Travel Bureau's figures and forecasts.

Weather in this part of the state has been doing its best to keep up with the rest of the nation in staying hot, and a pretty good job has been done. One might think here that this area is trying to set the pattern, but that is not so.

We who have been here a long time, and those who have spent only a short time, or just over night, all marvel at the fact that there is a cool breeze blowing almost all the time and it is cooling and comforting when one is out of the sun.

The night breezes are especially cool and refreshing.

Last weekend, during several of the newscasts we saw over TV, we were privileged to hear as you were — the little patriotic boost put out by the station urging more patriotism and recognition of the meaning of July Fourth to this nation.

We found ourselves guilty to a certain degree, and we hope that your consciences quickened slightly when you heard the message, too.

As you read this, call in your children, of all ages, and ask them if they know the significance of the Fourth of July. But be sure that you can answer if they ask for an explanation!

We have lost a lot of our flag-waving patriotism that causes our hackles to rise when we hear brass band, or see the waving flag pass.

And speaking of topless swim suits for ladies, and we did up above, you know, we have a new freedom now that is being fought — freedom of dress!

And we will state right here and now that we will not be surprised when a Supreme Court ruling is handed down, or a law is passed stating that a person is free to wear or not to wear, as he or she pleases. After all, what more basic right can one have than nudity? Doesn't a person come into the world that way?

The Supreme Court has already held that certain writings and certain pictures are not obscene, but one's own principles makes them so. What is indecent to some, is only natural to others.

The law or ruling will probably not make any state of undress necessary, but it will probably

(Continued to page 4)

Biology Textbook Draws Opposition

The following is a reprint of an editorial handed us by a reader who asked that it be published for the information of our readers. We recognize, as did the donor of the article, that the public has no way of knowing about such things unless they are informed and if they believe. In an effort to inform we reprint the information we have, thanks to our reader!

—The editor.

"Early in 1959, committees were set up to start the production of new high school biology materials. The actual writing of the material was done in teams of two comprised of one high school biology teacher and one university professor or research scientist. The high school teacher determined how the material was to be presented and the university professor decided what was to be taught.

The resulting courses were experimentally taught in selected high schools in 1960-1961. In the summer of 1961 revisions were made and these revisions were taught in experimental classes in 1961-62. Following further revision, the courses became available in permanent form in the fall of 1963.

As of September 1, 1962, the National Science Foundation had contributed \$4,000,000 to support the project, and the Rockefeller Foundation and others had contributed another million. The result is a textbook in Biology — or rather three different versions — up for adoption by the Texas Textbook Commission which is actually nothing but a bold, uncompromising attack upon the Christian religion and a textbook on evolution. If the parents of Texas school children allow this text to be adopted they will have entrenched sheer atheism in every biology classroom in the state. It will be taught as an accredited subject.

Those responsible for bringing these reprehensible text books this far are so sure of their adoption in their present form that they have boldly stated in teacher workshops, that they will consider no further revision at all. Some teachers are saying that the time has come for public school biology teachers to be forced to teach evolution. While most of us sleep this text will probably be adopted. If it is, Christian people face the toughest fight to retain faith that they have faced in this country since George Washington's day. The book is the most vicious attack on the Christian religion and a textbook on evolution.

—Continued to Page 4

Mrs. R. E. Fred Dies Here Friday

Mrs. R. E. Fred, 84, died here early Friday evening in the home of her daughter, Mrs. E. H. Jessup, following a long period of failing health. She had made her home with her daughter for the past four years.

Funeral services were held in the First Presbyterian Church on Sunday afternoon with Rev. Bob R. Moon, pastor, officiating. Burial was made in Cedar Grove Cemetery with the Janes Funeral Home of Ozona in charge of arrangements.

Honorary pall bearers were J. D. Nichols, W. H. Savage, C. C. Mitchell, A. H. Zuberbuehler, C. F. Cox, and M. G. Northeast Sr.

Serving as pallbearers were N. M. Mitchell, W. G. Downie, Gene McSparran, James Word, E. J. Hatchel, Clarence Jessup.

Mrs. Fred was born Jessie Green in Johnson City on October 20, 1879. She was married to Robert E. Fred in 1904 in Johnson City. Shortly after, they moved to Rocksprings where he was in the ranching business for many years. Due to his ill health they sold their ranch and purchased a mercantile store in Sheffield in 1916. When they moved to Sheffield in 1930 they built the first tourist court there.

They later moved to Sanderson and built the Sanderson Courts, which they later sold to M. L. Robertson.

Mr. Fred preceded her in death four years ago.

Besides the daughter, she is survived by one brother, Robert L. Green, of Johnson City, who was unable to attend the funeral; three grandchildren, Lowell Jessup and Mrs. C. W. Carson of Barksdale, and Mrs. A. G. Thornberg, of Omaha, Neb.; also eight great-grandchildren.

Out of town relatives and friends here for the funeral services were: Mr. and Mrs. B. P. Cain, Miss Jane Cain, and B. F. Cain Jr., Eldorado; John Cain and daughter, Debbie, El Paso; Mr. and Mrs. R. L. Fred and son Walter, Marathon; Mr. and Mrs. Jarrell Felps and sons, Wilkie and Sam, Odessa; Mr. and Mrs. Sam, Odessa; Mr. and Mrs. Lowell Jessup and children, Lesa and Melanie of Barksdale; Mr. and Mrs. Charles W. Carson Jr. and children, Teena and Bubba, of Barksdale; and Mr. and Mrs. H. M. Holmes, Sheffield; Mr. and Mrs. R. N. Allen, San Antonio; Mrs. E. W. Hardgrave, Abilene.

'Better Relations' Meeting Held Three Days Here

A meeting of railroad officials and employees was held Monday Tuesday, and Wednesday in Sanderson in an effort to create better relations through better understanding. The meeting was initiated by the company officials. A safety meeting was also held at the same time.

According to employees of the company, any employee was invited to appear before the group to air any complaints, or he could present his remarks in writing either signed or unsigned for the information of the group.

An independent moderator presided at the hearings.

It was reported that the officials stated that answers would be supplied to any and all questions immediately, or as soon as the information was available.

The railroad officials stated according to the report, that one of the purposes of the meeting was to explain to the employees the goals of the company in regard to operation of the railroad future employee change proposals, future operational changes proposed, and reasons thereof.

It was hoped, according to the report given The Times, that the meeting would be informative to the employees so that they would know the position of the company in any foreseeable changes of plans, and thus bring about a stronger and closer employee-management relationship.

Large Crowd Here For 4th Shindig

A large crowd was on hand in Sanderson all day Saturday to attend and participate in the activities arranged for entertainment during the day, sponsored by the American Legion and Auxiliary and the Sanderson Rodeo Club.

A parade down Oak Street, beginning at the Eagle Lumber Co. was headed by John Hope and Miss Bonnie Fisher on their mounts and carrying the Legion flag and the United States flag. Sheriff Bill C. Cooksey and Deputy Dalton Hogg led the parade and a drum corps from the Sanderson High School band followed. Decorated cars, bicycles, and other vehicles representing various clubs and organizations and rodeo entrants on their horses completed the line which disbanded at the Legion Hall.

A barbecued beef dinner was served at noon the Legion and Auxiliary providing the food.

Rodeo events at the arena on the Fort Stockton highway began at 2:00 p.m.

The dance at the Legion Hall slab was well attended Saturday night and the following were announced as winners of the door prizes: Herbert Brown, Frigidair refrigerator; 22 automatic rifle to Joe Green of Del Rio and Ele Hagelstein the transistor radio.

Local Faculty Is Six Short

The faculty of the local school system is only six teachers short of needs, Supt. H. L. Richardson stated this week. He said that two teachers had been employed recently and that the faculty for the junior high school was complete, but there are two needed for the elementary school and four needed in the high school.

Lawrence Barber has been employed as a math teacher in the junior high school to replace Jack Harris, and Miss Hazel Ann Phillips has been employed to replace Mrs. C. H. Spencer in the elementary school. Mrs. F. T. Baker and Mrs. Austin Christman, both local ladies, have been employed for the faculty next year. Mrs. Baker will replace Mrs. Ervin Grigsby in reading and social studies teacher in the junior high school, and Mrs. Christman will replace Mrs. D. G. Holmes.

Teachers yet to be replaced include T. L. Richardson, who went to Kermit; Johnny E. Wyerts, who will teach at Sul Ross; Don Stringer, to Castroville; Jerry Floyd, who moved to Big Lake; Lem Railsback, moved to California; and Mrs. Jim Wilborn who is moving to Balmorhea.

New Officers Installed For Legion Post

The Clarence Hallie Mulkey Post of the American Legion No. 160 and Auxiliary had a joint meeting in the Legion Hall Tuesday evening to take the place of the regular July meeting of both organizations.

Vice-commander W. H. Savage presided during the Legion meeting when L. H. Gilbreath installed the following officers: A. C. Garner, commander; W. H. Savage, first vice-commander; Robert Hunn, second vice-commander; C. E. Litton, finance officer; Gene Thompson, adjutant; L. R. Hall, chaplain; M. E. Hope, service officer; J. R. Hodgkins, sergeant-at-arms. W. H. Dishman is the retiring commander.

Officers were elected for the Auxiliary and include: President Mrs. Clyde Higgins; vice-president, Mrs. L. W. Welch; secretary-treasurer, Mrs. C. P. Peavy; chaplain, Mrs. W. H. Savage; historian, Mrs. Troy Druse; sergeant-at-arms, Mrs. C. E. Litton. The officers will be installed at the August meeting.

Pixie Mansfield and Eloise Farley, who went to Bluebonnet Girls State in June, and John Cates and Jack Bogusch, who went to Boys State, gave interesting accounts of their experiences and expressed their thanks and appreciation to the organizations for making it possible for them to go.

Cake was served with coffee and cold drinks during the social hour.

Fifteen Accidents Listed by D.P.S. In County Thru May

The Department of Public Safety lists 15 accidents in Terrell County during the first five months of 1964.

This figure, released in the rural accident summary, tells of 1 fatality and total property damage of \$10,755.00.

Twelve of the accidents had property damage and there was personal injury in two of the accidents.

The Midland office of the Texas Highway Department stated that the accident rate in this district was running higher than this time last year and that every effort was being made to cut down on property damage and fatalities — both considered needless losses.

Odessa Office Of Social Security Moves This Week

Moving day for the Odessa Social Security office is Saturday July 11, H. P. Thomas, district manager, announced this week.

"Effective July 13," Thomas said, "our new address will be 516 First National Bank Bldg. Our telephone number, FE 2-9423, remains the same. However, our office hours have been changed. Beginning the 13th they will be from 8:30 a.m. to 4:30 p.m., Monday through Friday.

All persons who have or are expecting to have any business at the office are urged to keep the new address in mind.

Fisher's 'Heaven' Expected To Be At Amistad Lake

Parks and Wildlife Department officials are expecting that out-sized Amistad Reservoir, now being fashioned from the Rio Grande, Pecos, and Devil's Rivers, will be a heaven for fishermen and will lure more anglers than any other man-made body of water in the United States.

Aquatic biologist Larry Campbell has predicted that the reservoir will boast blue catfish which will come from the Devil's and Pecos Rivers; large-mouth bass from Lake Walk and Devil's Lake, and flathead, blue and channel catfish from the Rio Grande following the completion of the 6-million acre-foot reservoir in 1968.

The officials of the department now are planning a joint management program for the \$100,000,000 reservoir project with the Mexican government.

Anglers are already looking at the signs on U.S. 90 designating the high water mark of the lake and contemplating the size of the reservoir.

Football Field Has 'Best Ever' Turf

The grass covering on the local football field has the best covering ever, according to several who have been closely associated with the condition of the field for several years.

The turf is deep, the grass is about as green as it can be, and the covering is about the same on all parts of the field.

Supt. H. L. Richardson stated that a lot of effort was going into the preservation of the effort made in the past two years at providing a good turf for the field, and that it appeared as though they were going to be successful.

The grass is not being mowed closely during the summer and "all the water we can afford" Richardson said, is being put on the field in an effort to bring it up to the opening of the season as good shape as possible.

Jack Riggs Wins Pecos Calf Roping

Jack Riggs was the winner of the calf roping in Pecos last week end when he came out with a three-calf average of 33.8 seconds.

Riggs won the first go-round with a 10.3 time and gained the finals with a second in the second go-round and had the best time in the finals to win the average.

Mrs. Riggs and their daughter Jackie Bob, spent the weekend in Pecos, also.

A silver belt buckle accompanied the purse for the winner.

Local Teams Tell Of Scheduled Games

The Sanderson ladies' softball team will play in Ozona Saturday night, according to Mrs. Dalton Hogg, manager, and will play in Sheffield on Tuesday, July 14.

Men's teams will also play in Sheffield on July 14 and Sanderson will host the Sheffield teams on July 17.

The two teams have been able to build up a full schedule of play recently and fans are notified of their schedule so they may take advantage of the opportunity to see them play.

Final Plans Made For Camp Meeting

Final arrangements for Bloy's Camp Meeting have been made. The dates are August 18-23.

Preachers for this annual camp meeting in the Davis Mountains 14 miles west of Fort Davis, are Rev. Grady Wilson Baptist of North Carolina and an associate on the Billy Graham team; Rev. Robert Goodrich Methodist, Dallas; Rev. James H. Jauncey, Disciples, El Paso; and Rev. Louis H. Evans, Presbyterian, California. Rev. William Van Auker, pastor of the Fort Davis Presbyterian Church, is superintendent and Rev. Dee L. Hinckley is preacher for the youth.

Car Goes Off Overpass East on U.S. 90

A car, reported to be driven by a soldier from Fort Sam Houston in San Antonio, struck the end of the side rail of the overpass over the railroad east of Sanderson on U.S. 90 and plunged into the creek bed beneath. No serious injuries were reported by the driver of the car which was demolished.

The accident occurred last week.

Masons To Install Officers Next Tuesday Night

Officers of the Sanderson Masonic Lodge will be installed at the regular meeting Tuesday night of next week.

A buffet supper will be served preceding the installation and all local Masons are urged to be at the Masonic Hall at 7:00 p.m.

Rummage Sales To Begin Friday

The rummage sales sponsored by the Legion Auxiliary will begin again this weekend in the Brown Building next door to the fire house. A large assortment of rummage will be available.

Any one having rummage to contribute to the sale is requested to call Mrs. A. C. Garner, Mrs. L. W. Welch, or Mrs. Clyde Higgins to have it picked up or it may be brought to the sale when the building is open. Books, dishes, pots, and pans, curtains, rugs, anything that be of use to someone will constitute suitable rummage for the sales and will be appreciated by the members of the Auxiliary. They have used a large portion of the proceeds from the sales for equipment, repairs, and upkeep of the Legion Hall.

Mrs. C. G. Morrison Dies

Mrs. C. G. Morrison, 71, widow of the founder of the variety store chain headquartered in Alpine, died last Tuesday soon after noon in the Brewster County Memorial Hospital after a six-months illness.

Funeral services were held in the First Methodist Church of Alpine Friday morning and burial was in that city. Mr. Morrison was buried there following his death in 1953.

The firm is now operated by two nephews of Mrs. Morrison Thad and Bob Corkins, of Alpine. The local store was closed Friday and Saturday.

Baptist W.M.U. Program Led By Mrs. O. D. Gray

Mrs. T. O. Moore presided during the business meeting of the Baptist W.M.U. in the church on Monday afternoon.

Mrs. O. D. Gray gave comments on the Bible passage Acts 7:59, which she read and also led the prayer for the missionaries on the prayer calendar.

The Royal Service program will be presented at a meeting in the home of Mrs. T. O. Moore on Tuesday, July 14th, instead of on July 20.

Mrs. H. E. Ezelle Hostess For Dessert - Bridge

Mrs. H. E. Ezelle was hostess for a dessert-bridge party in her home last Thursday afternoon in compliment to the Duplicate Club.

After playing the usual 14 boards of bridge, Mrs. S. H. Underwood held high score, eight and one-half points, with Mrs. M. W. Duncan and Mrs. H. L. Richardson each having seven points.

Also present were Meses. A. J. Riess, Perry Martin, A. C. Garner, and Cliff Wilson.

Mrs. Ezelle served coconut chiffon pie, tea, and coffee to her guests upon arrival.

Among Our Subscribers

New subscribers to The Times include Gentry Holmes, Redwood City, Calif.; J. T. Nelson Sanderson; Mary Crittenden, El Paso.

Renewals have come from Mrs. M. Harper, Abilene; Norman Rath, Edna; A3 Raymond Elrod, Petaluma, Calif.; Denzil Holmes, Sheffield; J. C. Wilcox, L. L. Robertson, Sanderson; J. Chappee, Houston; Kenneth Brotherton, Austin.

Mrs. Sabas Flores had surgery in Pecos Tuesday. Her daughter Miss Stella Flores of San Antonio, who came to be with her, was operated on Thursday in Pecos.

By Vern Sanford
Texas Press Association

Local governments in Texas may be the main benefactors if state government winds up the current fiscal period with an \$80,000,000 surplus as Gov. John Connally predicts it might.

Should such a surplus be reached, Connally told reporters it is "fairly" certain he will recommend abolishing the ad valorem tax on property for state revenue purposes and leaving that source exclusively to local governments.

Connally said \$20,000,000 of the expected surplus could be set aside in a special fund to retire college buildings bonds by ad valorem tax contributions.

In predicting that the surplus will not be less than \$35,000,000 and probably will reach the \$80,000,000 figure, the Governor joined those who have contended all along that the general revenue fund will be so far in the black by 1965 that new tax problems will be eased if not erased.

Connally also said he contemplates submitting to the Legislature in stages the recommendations of his Committee on Education Beyond the High School.

He still plans to call a conference on morals and ethics but said he has not picked a time. However, he declined to say whether or not he would recommend fair employment and public accommodations legislation in order to maintain some state jurisdiction over civil rights under the new federal law.

New Mansion Asked
Should Texas build a brand new \$500,000 governor's mansion? That is a subject of debate in the capital city.

Building Commission Director H. R. Nieman Jr. has recommended a new structure to replace the 108-year old mansion. Budget Director Bill Cobb also has testified in favor of this proposal.

Connally, a member of the Building Commission, supports the new mansion plan. But whether he will throw his full backing behind it depends on the state's financial condition when the Legislature convenes in January.

ther he will throw his full backing behind it depends on the state's financial condition when the Legislature convenes in January.

If a new mansion is constructed, Connally suggested the existing one be turned into a museum supported by nominal admission charges.

Other structures proposed in Nieman's \$8,084,330 budget request included a \$3,600,000 state finance building to house state fiscal agencies and a \$2,600,000 office building for legislators and their related services. Both would be located in the capitol area.

Legislators are busy with maps and population tables, trying to see how the new court rules on legislative apportionment will affect them. One plan in general circulation involves the Texas Senate. It envisions slicing up the four big-city counties of Harris, Dallas, Bexar, and Tarrant and attaching the slices to present senatorial districts which touch them.

This plan would give all present except two a chance for reelection, if they can get the votes in the portions of the big cities assigned them.

Education Study Group

Gov. John Connally got a look at tentative recommendations of his Committee on Education Beyond the High School. But disagreements over financial details prevented the report from being a final one.

Committee members will meet again on July 13-14 to finish the job. Chairman H. B. Zachry promised the report will be presented to the Governor and Legislature by the August 31 deadline.

Lawmakers of the 58th Legislature appropriated \$175,000 for the study aimed at pointing the way to number 1 ranking for Texas colleges and universities. Less than half that amount has been spent to date.

Indian Settlement Out

Cherokee Indians, run out of East Texas in 1839 by a Republic of Texas army, have failed in an attempt to "recapture" claims to lands they were forced to leave.

Atty. Gen. Wagoner Carr gave the "no" sign to a proposed settlement of their claim to 2,500,000 acres of land in Smith, Cherokee, Van Jandt, Gregg, and Rusk counties.

Cherokee Indian Nation through general counsel, Earl Boyd Pierce, several months ago proposed that Governor Connally set up a historical fact-finding commission to review the claims.

For each acre of land the commission might find the Indians

were unjustly ousted from, Pierce recommended one dollar be allocated by the state to a trust fund for higher education of worthy Cherokees. This money would draw five per cent interest annually and at the end of 25 years, the Cherokees would return the corpus of the fund to the state, releasing all claims.

Atty. Gen. Carr concluded: the plan of settlement would require an unconstitutional appropriation by the Legislature, therefore neither he nor the Governor is authorized to pursue it.

Hill-Burton Requests

Texas cities which have requested a total of \$22,000,000 of Hill-Burton funds to finance community hospitals and health centers will have to wait until September for any action from the State Health Department. Even then some of them will be turned down.

Health Department won't decide which among the 39 projects to recommend until congressional action on renewal of the act is complete in September.

Hill-Burton allocation for Texas in past years has run just over \$13,000,000 for a year. They do not think it will be any more this year.

Short Snorts

Program for tracing brucellosis and qualifying for certification by backtagging is picking up, with 8,500 cows and culs backtagged in May plus the testing of 22,166 cattle at livestock markets, but current estimates are that Texas won't qualify for Modified Certified status until 1969 or 1970.

Fourteen cases of undulant fever have been reported to the State Health Department this year compared to seven cases reported by this time last year.

Personals

Mrs. Campbell Kerr and children of Brownsville are visiting here with her aunt, Mrs. W. E. Lea Jr., and Mr. Lea after a visit with her mother, Mrs. Mildred McElroy, in Alpine.

Mr. and Mrs. Roy Deaton visited in Del Rio with his parents Mr. and Mrs. Ira Deaton, the first of the week.

Mrs. Weldon Cox and Mrs. C. L. Surratt visited in Yarnell, Arizona, last week with Mrs. Surratt's sister, Mrs. W. B. Young and husband. They attended the centennial celebration in Prescott, Ariz., and especially enjoyed the dancing and specialty dance numbers on the square one evening. Mrs. Young had trained a partner to dance the seven-step polka with her and

the music for the number was a record made from a tape recording taken by telephone from Leakey where it was played by a group of musician friends. Mrs. Surratt remained for a longer visit after Mrs. Cox left for home Sunday.

Mrs. Grace Wheeler and her sister, Mrs. J. C. Halbert are visiting with relatives in El Paso.

Mr. and Mrs. John Bell of Houston were here the first of the week to visit relatives and move their household goods. She is employed in Houston and he continues to receive treatment in the S.P. Hospital there.

Mrs. Laura Dishman, who has been visiting here with her son W. H. Dishman, and family and other relatives, will go to Del Rio Friday to be employed there for a few weeks.

Rev. and Mrs. Miller Stroup will return this week from their vacation trip to California and he will fill the pulpit at Dryden and local Methodist Churches on Sunday morning.

Supt. H. L. Richardson, E. E.

Harkins and Herbert Brown went to Imperial Wednesday to look at a homemaking cottage at that school for ideas and suggestions in the construction of a similar unit here.

Mrs. W. H. Dishman took her daughter, Patricia, to San Antonio Tuesday night by train to fill an appointment with an orthodontist.

Mr. and Mrs. C. F. Pickard of Eagle Pass were weekend visitors in the home of her parents Mr. and Mrs. S. H. Underwood.

Mr. and Mrs. F. J. Howard and children have gone on a vacation trip to Houston. Mrs. Aub-

ry Harrell is working in the bookkeeping department of the Kerr Mercantile Co. while Mrs. Howard is on vacation.

In Texas . . . after a swim, beer is a natural

On a hot summer day, a dip in a cool stream can be wonderfully refreshing. Equally refreshing when you're relaxing afterwards with friends is a hearty glass of beer. There's hardly another beverage around that suits what you do for fun as much as beer. Camping, hiking, or just lounging on a lawn chair—beer brings to each just the right touch of extra good living.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In Texas . . . beer goes with fun, with relaxation

Card of Thanks

Sorrow is endured so much easier when there are friends such as the people of our community. It is impossible to find enough words to truly express our deepest thanks to you in our recent bereavement.

To those who helped in any way we are most grateful and humble. Our thoughts and prayers will be with you always.

Mr. and Mrs. E. H. Jessup.
 Mr. and Mrs. Charles W. Carson Jr.
 Mr. and Mrs. Lowell Jessup.

Biology Textbook —
 Continued from Page 1

tack we have ever seen on the Christian religion.

The Yellow Version is entitled *Biological Science: An Inquiry Into Life*. It is a bold and aggressive pressuring of students. Every chapter in the book teaches evolution.

The Blue Version is entitled *Biological Science: Molecules to Man*. It is pure evolution from cover to cover; completely materialistic and completely atheistic. Unless something is done quickly these are the texts your children will be studying in biology next fall.

"The books are revolutionary in a lot of ways. They do update scientific information, and improve methods of teaching. They have received world-wide acclaim, and the teacher or parent who opposes them is going to be labeled as an in-the-rut person whose faith in the Bible is outdated. Authors and committee-men all scoff at the Bible and at the Christian faith openly and express their avowed intention of driving it from the minds of students.

"There is one dim ray of hope in Texas, a committee serving the State Education Agency, selects five biology texts to be the state-adopted texts. The adoption takes place every five years. Individual schools make choices from the five adopted texts. The next adoption is to take place in Austin in August. These new textbooks in atheism are meeting some opposition in Austin. Letters, petitions, and phone calls to the Agency might help. Talk with a congressman might help. Enlist your newspaper and your P.T.A. Talk to your school board and superintendent. The effort will be made to have some of the more radical sections of the text changed before adoption but that will fail, because the American Institute of Biological Sciences has seen to it that it cannot be done. It is all or nothing. It is just possible that enough public opinion can be mustered to get these Godless texts rejected if they cannot be changed.

We are not afraid that these atheists will destroy all faith. Faith has been here a long time and the atheists have died. But with faith shackled in the classroom and materialism and atheism running wild we have a hard fight on our hands."

Mrs. Morton Barnett and her mother, Mrs. Maggie Carmack visited in Corpus Christi the first of the week with her daughter, Mrs. Charles Rogers, and family and returned her granddaughter, Sandra Rogers, who had been visiting there for several weeks. Her grandson, Charles Motron Rogers, accompanied them to Sanderson for a visit.

Ranch HD Club Meeting

Tuesday at Mitchell Ranch
 The Ranch Home Demonstration Club met in the ranch home of Mrs. N. M. Mitchell Tuesday morning with Mrs. E. H. Jessup presiding and opening the meeting with prayer. Routine business matters preceded the educational talk on "The Voter Registration Laws" by Mrs. H. E. Ezelle.

Mrs. G. K. Mitchell gave the blessing before the lunch featuring Mexican casseroles was served. Salads, relishes, tea, coffee and peach cobbler were also on the menu.

Mrs. C. F. Cox announced the joint picnic at her ranch on Tuesday, August 4th, for the Ranch Club and Culture Club members and their families and guests.

Mrs. H. P. Boyd directed a Biblical game during the recreation period. Mrs. Boyd, Mrs. Ezelle and Mrs. J. B. Edmondson led the group in a sing-song. Mrs. Ezelle then gave a demonstration on synthetic fabrics and new fall fashions.

Other members present were Mesdames Ray Caldwell, J. W. Carruthers, Jr., O. J. Cresswell, Greene Cooke, M. W. Duncan, J. Garner, H. E. Gatlin, H. C. Goldwire, F. G. Grigsby and B. F. Dawson and Miss Eva Billings.

The guests included Mesdames J. D. Nichols, J. B. Edmondson Sr., C. C. Mitchell, N. M. Mitchell, Jr., Leola Hill, G. K. Mitchell and daughter, Miss Leelee Mitchell, C. W. Carson, Jr., and daughter, Tina, of Barksdale, W. E. Shannon, Jr., and daughter, Sherry, of Houston and Miss Mary Duncan.

Mrs. N. W. Carroll was welcomed as a new member.

Assisting hostesses were Mrs. Clarence Chandler and Mrs. D. L. Duncan.

lips and Dennis returned home Sunday leaving Karol and Kevin for a longer visit.

L. W. Welch, who is receiving treatment in the S.P. hospital in Houston arrived Tuesday to spend a few days with his family.

Mr. and Mrs. Lee Wilson and children of Edna are visiting his brother, Cliff Wilson, and family.

Joe N. Brown and his grandmother, Mrs. Lena Stavley, were business visitors in Fort Stockton Monday.

Mrs. Joe Chandler was taken to Big Spring for a medical examination by her daughters Mrs. E. J. Holub and Miss Charlene Chandler.

Mr. and Mrs. Manuel Villarreal and children have gone to California to spend several months.

Mrs. Bustin Canon left by train Tuesday night for Houston and will go from there by plane to Miami Beach, Fla., where she will visit two nieces and their families.

Mr. and Mrs. Ray Caldwell took their granddaughter, Giny Boykin, to Del Rio Saturday and she met her parents, Mr. and Mrs. J. E. Boykin, for the return trip to Houston. Giny had been visiting here for three weeks.

Mr. and Mrs. L. B. Cox and son, Gary, of San Antonio visited here last week with Mr. and Mrs. Ray Caldwell.

R. B. Mussey Sr. and son, Joe Mussey, returned to Pecos Monday after visiting here with friends for a few days. Cap Mussey of San Antonio came by bus to visit with his brother and friends.

declare than any state of undress is permissible and no law will prevent it.

During the Fourth of July weekend there were reports from every part of the United States of riots by college students and in almost every instance these youngsters were on a beer bust. We feel that who they are or their color has nothing to do with the disgrace they bring on society.

There stories reported the incidents as "riots" in almost every case.

At the same time a group of Negroes were doing similar things and their actions were listed as "demonstrations".

When citizens gather in defiance of the law, who decides if it's a riot or demonstration?

We should demand that our officials set a pattern in condemnation of all such actions as law violations and quit trying to place a fancy name on them.

tour of Europe and also visited friends in Fort Stockton before returning home.

Mr. and Mrs. Clyde Word of Fort Stockton visited here on the Fourth with Mr. and Mrs. Ray Caldwell.

Mr. and Mrs. R. N. Allen of San Antonio, Mrs. E. W. Hardgrave of Abilene, Mr. and Mrs. James Allen and two sons of Bronte, Mr. and Mrs. Lee Hardgrave and granddaughter, Lou Ann, of Austin, Mr. and Mrs. Guy Scruggs of Abilene, Mrs. Harold Lipford and three children of Nashville, Tenn., were out-of-town visitors spending the Fourth at the Bob Allen ranch.

Mr. and Mrs. R. A. Sheppard and daughters spent several days in Ruidosa, N.M., last week.

Mrs. E. J. Foley and children of Alpine were visitors here Sunday with her mother, Mrs. A. D. Brown, and her brother, Herbert Brown, and family.

Horace Shelton of Mineral Wells visited here for a few days last week with friends and with Mr. and Mrs. A. A. Shelton, his uncle and aunt.

Mrs. L. D. Booker Jr. and children returned home to Mason on Thursday after visiting here with her parents, Mr. and Mrs. D. L. Duke. Her son, Duke, will leave Sunday with four other Boy Scout Scouts from Mason, for Austin to go to the National Boy Scout Jamboree at Valley Forge, Pa.

Mrs. A. L. Minica and two grandchildren, Debra Lynn and Leland Ray Woodward, have arrived in Sanderson from Ozona to join Mr. Minica here. They are residing in the Massey rent house east of the Conoco Truck Stop.

Mrs. Bertha Whistler visited here last week with Clyde Whistler and John Lewis Whistler and their families. Clyde Whistler took his mother to Del Rio Monday to visit another son, Johnny Whistler, and family there before returning to Adamsville to visit a daughter, Mrs. Jimmy Loden, and family.

Mike and Denise Frazor, who had been visiting here with their uncle and aunt, Mr. and Mrs. W. F. Frazor, left for their home in San Antonio Saturday night.

Sam Harrell went to the S.P. hospital in Houston Monday night to have a medical checkup.

Mrs. Walt Carruthers and daughter, Carol Ann, of Carta Valley visited here last week with Mr. and Mrs. J. W. Carruthers Jr. and family.

Mrs. W. T. Edwards and her grandmother, Mrs. Zoe Wisdom of Lubbock left Wednesday for their homes after visiting here for two days and returned Shaun and Bennett Edwards, who had been visiting here with their grandparents, Mr. and Mrs. J. A. Gilbreath, for a week.

Mr. and Mrs. W. T. Bondurant of San Antonio are visiting on the ranch with her son, W. G. Downie, and family.

Weekend visitors with Mr. and Mrs. Herbert Brown were their

son-in-law and daughter, Mr. and Mrs. Kenneth Andrews, of El Paso. Elaine Brown, who had been visiting with them for two weeks, accompanied them to Sanderson.

Mr. and Mrs. W. S. Forth and daughter, Janet, left Monday for their home in LaCoste after visiting on the ranch with Mr. and Mrs. C. F. Cox.

Mr. and Mrs. C. F. Cox will leave Saturday for San Antonio to attend the annual meeting of the Texas Association of Soil Conservationists from the states of Oklahoma, Louisiana, Arkansas, and Texas, which will convene July 12-14. Cox is one of the directors of the association.

Mrs. Malcolm Bolinger and Mrs. Eddie Hanson were in San Angelo last week for medical check-ups, returning home Saturday night after Mrs. Hanson was hospitalized for several days.

Mr. and Mrs. J. C. Hutchins are at Pandale for a week of vacation and fishing.

ONLY THE RICH CAN AFFORD A CHEAP FEED

Unless you have money to burn, there's only one way to judge the value of a feed supplement.
 Does it help produce meat, milk or eggs at low total feed cost? If it **doesn't**, it's expensive—no matter how little you pay for it per ton.
 If it **does**, it's a good buy—whatever its price per ton.
That's why we don't lose sleep when someone says: "Sure, MoorMan's is good feed, but it's too high-priced."
 We'd much rather hear that than, "Sure—your feed is cheap enough, but it just doesn't do the job."
MoorMan's is convinced that there isn't much of a long-run future in making feeds just to sell at a low price. But we feel sure there is a future in helping you get good feeding results—at economical total feed cost.
 That's why each MoorMan's Minitrate® or Premix-rate® is built to supply a powerful combination of proteins, minerals and vitamins needed to balance your grain and roughage efficiently.
We use no grain, no grain left-overs such as midds, bran, mill screenings, etc.—that can reduce the price per ton but increase your cost of production.
Let's figure on how MoorMan's can help you hold down your cost of producing meat, milk and eggs.

GOOD MoorMan's
