## LISTEN TO LUKE

Alberu —  
We are sorry that we didn't identify the railroad bridge pictured on the front of The Times last week. It is the one at the end of Downie St. just below the bulk stations of the local gasoline consign-

ment. There was, prior to the rain, a dirt fill cut through the canyon proper and an extension of Downie St. The cut-away soil that was on the left of the picture is the lower part of the road well as the dirt fill to either side of the road.

—  
We feel as though certain manufacturers think the American televisioning public is much of nuts.

There is really no proper way to wash clothes any more. We have 10-foot ceilings, balconies, oceans, etc., to be sure clothes are the whitest possible, and with a little care and a good sunning, just any wash looks good.

The same thing is true in the use of tooth paste, one wonders, what will happen if we brush after every meal still use that kind of tooth

paste almost ridiculous in so many of such highly competitive fields.

According to the TV, one is able to have fun any more when one drinks a certain amount of beer, and then it's only fun if you don't smoke the cigarette, and you will feel better if you don't drink a certain amount of soft drink along with it, even if it doesn't refresh you. Some soft drinks are supposed to, and no bottled drink is as "brisk" as does tea.

Headaches can be cured with certain pain-relievers if you take a certain type of headache, namely the hammering type, the electrical type, or the other type that is reached by only one of the many pain-relievers.

—  
I suppose that is why we are attracted to one of the tissue ads. at this moment of softness is brought to you by — tissue".

—  
I don't know about the tissue, but you can't beat the ad.

—  
I know some people who break the same way — they break the stillness about every 15 minutes blaring their own little commercials.

—  
I know people don't realize their car is dingy if it is; or that their teeth feel fuzzy, or that they are having a good time, refreshed, or young. A few people need to give their own personal commercials,

—  
The local highway department's engineering offices have been closed and all employees of that group have moved out of Sanderson.

—  
I enjoyed having them in the community, we enjoyed the fact they were doing here, on the job, and we will miss them.

—  
I wish we had more high-speed construction work going on in this area and could keep it with us.

## Prime Deer Hunting In Store for Area

Sportsmen seeking either trophies or meat apparently will be satisfactorily served this fall on the basis of a preliminary survey by the Texas Parks and Wildlife Department.

E. A. Walker, assistant director for wildlife, said the study indicates "better than average growth of antlers which are dependent upon favorable food supplies from late winter until August." He added: "The acorn crop is excellent in some areas and not so good in others. If the acorns do mature, it can be expected that fat deer will be abundant in those areas where acorns are plentiful."

Walker concluded: "Over-all it appears that the Texas hunter can look forward to a good hunting season this fall. It is anticipated that there will be an abundance of most species of game."

Even the east Texas squirrel crop is of bumper proportions and the general roundup came as the dove harvest got off to a reportedly fine start.

The assistant director noted some negative angles such as: "There are a few isolated areas within the whitetail (deer) range, primarily in the Edwards Plateau, where excellent fawn crops, coupled with abundant brood stocks, have resulted in too many deer on the range. Some scattered die-offs are occurring at this time in these areas, primarily because of the fact that the weather has turned dry and the supply of green succulent deer feed has drastically diminished. Malnutrition in these specific areas is considered to be primarily responsible for the moderate die-offs occurring. Parasitism is also involved."

But in the main the big game outlook is good, reported Walker, adding: "Elsewhere in the state, in north central, east central, southeast and south Texas hunting prospects for deer are considered to be excellent. It is estimated that there are in the neighborhood of 2,250,000 whitetails in the state to support the 1965 hunting season."

"Mule deer populations in Trans-Pecos and Panhandle regions appear to be in excellent condition and deer are more plentiful in these areas than in the fall of 1964. The total mule deer population in the state is estimated to be in the neighborhood of 100,000 head."

## Dist. Welfare Office Moves to Stockton

A new district office for a State Welfare Department supervisor directing the work of six case workers is being opened in Fort Stockton.

Mrs. Margaret Weyrauch, former case worker with the Aid for Dependent Children's division at Marfa, will be the supervisor, it was announced Wednesday by Miss Etta Carlock of El Paso, regional welfare director.

Pecos County agreed to provide office space for the new district supervisor, and it is being located in the south side of the Crompton Building west of the Pecos County Courthouse. County Judge Walter Buenger said.

The six case workers to be in the new 18-county district are located in Fort Stockton, Monahans, Pecos, Rankin and two in Marfa. A worker for Rankin is yet to be named. Ben Peeler is in charge of the Fort Stockton office.

A fulltime secretary will be needed in Fort Stockton, and a person with shorthand capability is wanted by Mrs. Weyrauch, who will move here from Marfa.

Counties in the direct include Sutton, Crockett, Schleicher, Irion, Reagan, Sterling, Glasscock, Upton, Crane, Ward, Winkler, Reeves, Jeff Davis, Culberson, Presidio, Brewster, Terrell and Pecos.

## Ranchers Go Into Winter With Moist Ground

The ranchmen of this area go into the winter season this year with one of the best chances of good winter feed than in any winter for the past several years.

September held true to form finally by going out with a rainy ending. There was another shower Wednesday afternoon of last week to add to the moisture received earlier.

With the warming trend that followed the showers, there has been a noticeable amount of shoots of grass and weeds coming through the earth.

While the rains have been inconsistent in nature of falling, and in amounts and location, it is understood that most all of the county has received beneficial rains during the past two or three weeks.

## Sonora To Host Eagles Friday Night

Sonora will be hosts to the Sanderson Eagles Friday night of this week in a district game.

The game will begin at 7:30 and is expected to be another tough game for the Eagles.

The Eagles are not yet up to full strength with injuries having taken their toll among the players during the past few weeks.

Ira Moses returned home last week from a Houston hospital where he had a post-surgical check-up on his ear and reports his hearing much improved.

## Big Lake Owls Down Sanderson By 36-0 Score

The Reagan County Owls won the game in Sanderson Friday night by a 36-0 score. The Owl fullback, Don Childs, and their halfback, Tommy Love, were the big guns for the Owls during the game. Each was responsible for two touchdowns. Their third score was on a pass from their quarterback, John Dolan, to end Clayton Henderson. Childs converted one of the extra points, a running play, Dolan ran one of the conversions over, and David Werst kicked two of the extras.

The Owls scored 16 points in the first quarter, 13 in the next period, went scoreless in the third period, and made seven in the final period.

One of the thrills for the Sanderson fans was in the second period when Bobby Allen stole the ball from the Owl quarterback on a handoff and broke out into the clear heading for the goal line. He was caught from behind on the Sanderson 35 and the Eagles worked the ball down to the Big Lake 8-yard line, but were unable to push the ball into touchdown territory and lost it on downs to the Owls at that point.

On the opening round of downs in the second half, Sanderson began offensive play on their 37 yard line and advanced to the 47 on the Owl end of the field, continued to back pag.

### SANDERSON REBUILDING

This is the first in a series of articles to be published showing the progress of the rebuilding in Sanderson. The photo at the bottom is from "The Communicator" the publication of the Community Public Service Co.

Pictured above are two houses that are in the process of being rebuilt after the June flood. The new house closest to the front is that belonging to Mrs. Carlos Pena and the second one belongs to Pilar Rodriguez. Both were demolished by the rushing water. The house on the corner belongs to Mrs. Jesus Marquez. The large mulberry tree to the left of the Pena house is the one shown in the picture at the left against which Frank Weigand's car is leaning.

**BADLY BATTERED CAR** sits on its side against a tree and into a house on the main street in Sanderson. The car was being driven through town when the flood hit and the driver barely escaped death or injury. He clung to a nearby utility pole and watched his car carried some 200 yards by the swirling angry waters.

**Personals . . .**

Gene Thompson has purchased the two houses on E. Mansfield Street from the Joe Kerr Estate and is dismantling them, planning to move the lumber, etc., to his property and later make an addition to his home.

Mrs. E. P. Sanders of Lubbock visited here last week with her parents, Mr. and Mrs. B. L. Van Cleave, returning home on Friday.

Mrs. Bill Goodwin and her parents, Mr. and Mrs. B. L. Van Cleave, returned home last week from Tyler where they had visited with Mrs. Goodwin's son, Sammy Goodwin, and the Van Cleave's granddaughter, Mrs. T. L. Colston, and family and with Mr. and Mrs. Henry Mansfield. The Van Cleave's granddaughter, Mrs. Jimmy Dunn, with her husband and children of Fort Worth, also joined them there for a visit.

Mr. and Mrs. Jim Neal were in El Paso last week for her to have dental surgery. She went to Fort Stockton Monday to have dental treatment.

Mr. and Mrs. Herbert Brown returned home Tuesday from El Paso and she is making satisfactory recovery from recent gall bladder surgery.

Mr. and Mrs. Edward Welling have gone to Mesa, Ariz., for the winter.

Mr. and Mrs. Marion Batson spent several days at Falcon Lake on a fishing trip last week.

H. E. Fletcher and L. H. Fletcher visited on the ranch with their sister, Mrs. Dave Medley, and family near Fort Davis Monday.

Mr. and Mrs. Aubry Harrell and children visited in Alpine last weekend with her mother, Mrs. Terry Beckett, and then

went to Big Bend Park Sunday to visit with Mr. and Mrs. Cliff Wilson, and daughters.

J. R. Chisholm, minister of the local Church of Christ, was in a Fort Stockton hospital for several days last week.

Mrs. Jim Powers spent several days with Mrs. T. H. Eastman this week.

Mr. and Mrs. Bobby Speer and son have moved from the Nance rent house to the upstairs living quarters at the Cooke's Food Market where he is in the meat department.

Mrs. W. W. Denson and daughter, Sylvia, of San Antonio are guests in the home of her brother, Ernest Couch, and family.

Mr. and Mrs. W. G. Downie and daughters, Christine and Suzanne, and Elizabeth Turner went to Brownwood last weekend to see the Howard-Payne-Abilene Christian College football game.

Mr. and Mrs. Bob Allen and Bobby went to Brownwood to attend the football game. Miss Vicki Allen met them there for a visit, also their son-in-law and daughter, Mr. and Mrs. James Crowder, all of whom are ACC students. The Allens went on to Abilene and spent Sunday with the Crowders.

Mr. and Mrs. Irvin Robbins have bought the Attaway home and will occupy it in the near future. The Attaways are moving to the Manuel Rubio home.

Mr. and Mrs. V. G. Ross returned home Sunday from Houston where she had visited her granddaughter, Mrs. P. H. Johnson, her husband and infant son for three weeks. Mr. Ross joined her there and had plastic surgery.

Mrs. Ira Moses is in an Alpine hospital where she has been receiving medical treatment for two weeks. Her sister, Mrs. Audie Murrah of Junction, is with her husband and children while she is away.

### H-D Club Meets All Day Tuesday

Mrs. M. W. Duncan, president, called the meeting to order and led the group in reciting the Club Prayer and Creed when the Ranch Home Demonstration Club met in the Legion Hall Tuesday morning.

Plans were made for the Christmas luncheon with each member to bring a gift which she has made and costing not more than \$2.00 and also a white elephant gift.

The club is invited to attend the Fun Festival to be given by the Home Demonstration Club of Imperial Thursday, October 21, and all members will meet at the home of Mrs. M. W. Duncan at 8:00 a.m. to go from there. Miss Eva Billings was named chairman of the telephone committee for the project.

Further plans will be announced for the tailoring workshop to be held on the second and third Tuesdays of November under the direction of the home demonstration agent, Mrs. Willene Siler. Club members as well as anyone interested may attend the classes for which there will be no charges.

Mrs. C. T. Wrinkle gave a report of the recent Pecos County Council meeting in Fort Stockton. For a fund-raising project, the council will have cookbooks for sale at the stock show in January and a charge of 25c will be made for anyone desiring to enter a recipe in the book. Mrs. Wrinkle or Mrs. Duncan may be contacted in regard to the recipes.

Mrs. H. E. Gatlin gave the invocation before the luncheon was served by the three hostesses, Meses. Jack Hardgrave, Lee Dudley, and A. C. Garner, with the sandwiches brought by the members.

The Hallowe'en motif was noted in the decorations with autumn leaves and pumpkin jack-o-lanterns down the center of the tables. Hallowe'en motifs were also on the mantel, centered with a large owl.

In the afternoon, Mrs. L. H. Gilbreath gave the educational talk on "Diabetes, the Sneaky Disease". The Mizpah benediction was recited in unison to close the meeting.

Other members present were Meses. Greene Cooke, H. P. Boyd, K. H. Stutes, D. L. Duncan, J. L. Schwalbe, and J. Garner, Mrs. H. G. Cates was a visitor.

Mrs. J. D. Nichols returned home last week from a visit with her daughter, Mrs. Bernice Peace, in San Antonio where she had her eyes checked for glasses and also in Uvalde with her son-in-law and daughter, Mr. and Mrs. Seth Davenport.

Mrs. V. W. King spent several days at home in Alpine last week to have dental work.

**Proposed Changes in Constitution Are Explained**

Voters of Texas will go to the polls Nov. 2 to decide the fate of ten proposed State Constitutional amendments.

The ten proposals are part of 27 approved for vote by the recent 59th Legislature. One was voted on (and failed) Sept. 7. The remaining 16 will be up for vote of the people next year.

The ten proposed amendments to be voted on Nov. 2 are described briefly below in the order in which they will appear on the ballot:

**Number One**—provides for a method of payment for acquiring, constructing and equipping buildings and other improvements at certain state institutions of higher learning. It raises state ad valorem tax from 5 to 10 cents per \$100 evaluation and removes a restriction that none of proceeds be used for auxiliary enterprises. The interest rate on bonds or notes is increased from 3 to 4 percent per year. The Constitution now contains set dates for the maturing of bonds for which is substituted a ten-year period.

**Number Two**—would increase Veterans Land Fund from \$200 million to \$400 million.

**Number Three**—permits Legislature to appropriate funds for use in the following categories: (1) needy aged, (2) needy individuals who are permanently and totally disabled, (3) needy blind, (4) needy children, and caretakers of such children. It would raise the appropriation limit for such purposes from \$52 million to \$60 million.

**Number Four**—provides for four-year terms of office for Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of General Land Office, Secretary of State, and any statutory state officer who is elected by the electorate at large, unless a term of office is otherwise specifically prohibited in the State Constitution. These offices are limited to two-year terms at present.

**Number Five**—would create an agency of the State of Texas Teacher Retirement System.

**Number Six**—would provide for an \$85 million Texas College Student Loan Fund available to qualified students attending institutions of higher learning.

**Number Seven**—would exempt certain charitable organizations from local ad valorem taxes provided the organization met certain conditions and expended at least \$1.5 million annually for free medical and hospital care for Texas citizens. Limited to counties having a population of 1,240,000.

**Number Eight**—requires automatic retirement of certain district and appellate judges at age 75, or such earlier age not under 70, as may be required by law. Would also create State Judicial Qualifications Commission. This provision would empower Supreme Court of Texas, at its discretion, to retire such judges for disability and to remove them for misconduct upon recommendation of the Commission created by the amendment.

**Number Nine**—would allow

Legislature to set annual salary of Lieutenant Governor and Speaker of the House. They now receive the same compensation as legislators. The proposal sets the per diem allowances for Legislators at \$20 per day for the first 140 days of each regular session, and for 30 days of each special session. As Constitution now stands, legislators are paid a per diem of \$25 per day for the first 120 days only of each regular session. The second part of this proposed amendment deals with vacancies in the office of Governor and Lieutenant Governor.

**Number Ten**—would establish a four-year term of office for State Representatives in lieu of present two-year terms. It would provide that half of State Representatives be elected biennially.

Mrs. J. D. Nichols returned home last week from a visit with her daughter, Mrs. Bernice Peace, in San Antonio where she had here eyes checked for glasses and also in Uvalde with her son-in-law and daughter, Mr. and Mrs. Seth Davenport.

Mr. and Mrs. W. T. Bondurant of San Antonio were weekend visitors with her son, W. G. Downie, and family.

Statement of Non Discrimination

Big Bend Telephone Company has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meeting of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, the Rural Electrification Administration or this organization, or all, a written complaint. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations.

Clyde L. Whistler  
South China Sea  
Seaman Apprentice Clyde L.  
Whistler, son of Mr. and Mrs.  
C. L. Whistler of Sanderson, is  
participating in operations in  
the South China Sea off the Viet  
nam coast while serving aboard  
the attack aircraft carrier USS  
Bon Homme Richard.

On August 17 the crew of Bon  
Homme Richard paid a two-  
week visit to the port of Yoko-  
hama, Japan, followed by a five-  
day stay in Sasebo, Japan, for  
shipboard upkeep and rest and  
relaxation for the crew.

Prior to visiting Japan, Bon  
Homme Richard spent 30 days  
of continuous operations off the  
coast of Viet Nam where her  
aircraft conducted daily strikes  
against VC emplacements.

**FTA To Sell Candy**

# NOW! '66 CHEVROLETS

Caprice Custom Coupe

## NEW CAPRICE BY CHEVROLET

Custom Coupe, Sedan and two luxu-  
rious new Custom Wagons now. Liquid  
smooth ride. Power you can order just as

smooth and pin-drop quiet. Turbo-Jet  
V8 engines that go all the way up to 425  
hp. Shimmering new interiors. The look  
of hand-rubbed walnut trim. Elegance  
everywhere. Made by Chevrolet, so you  
know what a beautiful value it must be.

IMPALA

## NEW CHEVROLET JET- SMOOTHER

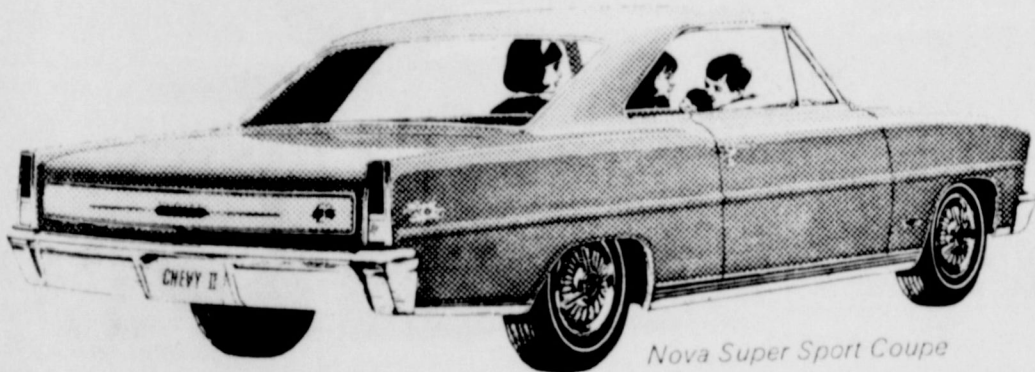

We've again specially tailored those coil  
springs at every wheel to each body style.  
We've put in new softer shock absorbers. No  
Chevrolet has ever had a ride like this.  
Power begins with a thrifty Six at 155 hp,  
and goes on from there. Turbo-Jet V8's  
available at 325 hp, 390 hp and 425 hp in  
all the new Impalas, Bel Airs and Biscaynes.  
Model shown: Impala Super Sport Coupe.

## NEW CHEVELLE SUPER SPORT 396

New 300's. New 300 Deluxe models. New Malibus. And two  
new Super Sport 396's—coupe and convertible—with en-  
gines that tell you exactly what kind of Chevelles they are.  
Both are available with 396-cu.-in. Turbo-Jet V8's, either  
325 hp or 360 hp. And both come with special hood,  
grille, suspension, emblems, red stripe tires, floor-mounted  
shift. Twelve beautiful new Chevelles in all—and all as  
new inside as they are outside, headlamps to taillights.

Nova Super Sport Coupe

Corsa Sport Coupe

## ALL NEW CHEVY II

It's so different, we should really call it the Chevy III. Roofs are swept  
way back on coupes. Fenders, grille, hood, taillights and bumpers are  
new on all seven models. Interiors are richer. Power available up to a  
350-hp Turbo-Fire V8. You can even order headrests for the front seats  
and Mag-style wheel covers. What's the economical, dependable Chevy  
II coming to? A lot of smart '66 car buyers, we figure.

## '66 CORVAIR UNIQUE

Still America's only rear-engine car. And with the special  
steering and suspension you can add, there's no better  
way to rid yourself of prematurely gray driving. Lots new.  
Corvair, like all the '66 Chevrolets, has a padded dash,  
seat belts front and back, new fully synchronized 3-spe  
Corsas, Monzas, 500's. Get one. Stay young.

**Rummage Sales to Resume**  
 The American Legion Auxiliary will resume rummage sales this weekend at the Brown Bldg. adjacent to the fire house.

Mr. and Mrs. Bobby Littleton visited their parents, Mr. and Mrs. Vic Littleton, and Mr. and Mrs. W. J. Morris, last weekend. He is attending school at Denton and she is teaching in Dallas.

Kenneth Moses, Texas Western student, has returned to his classes after having an emergency appendectomy ten days ago.

**Big Lake Owls**

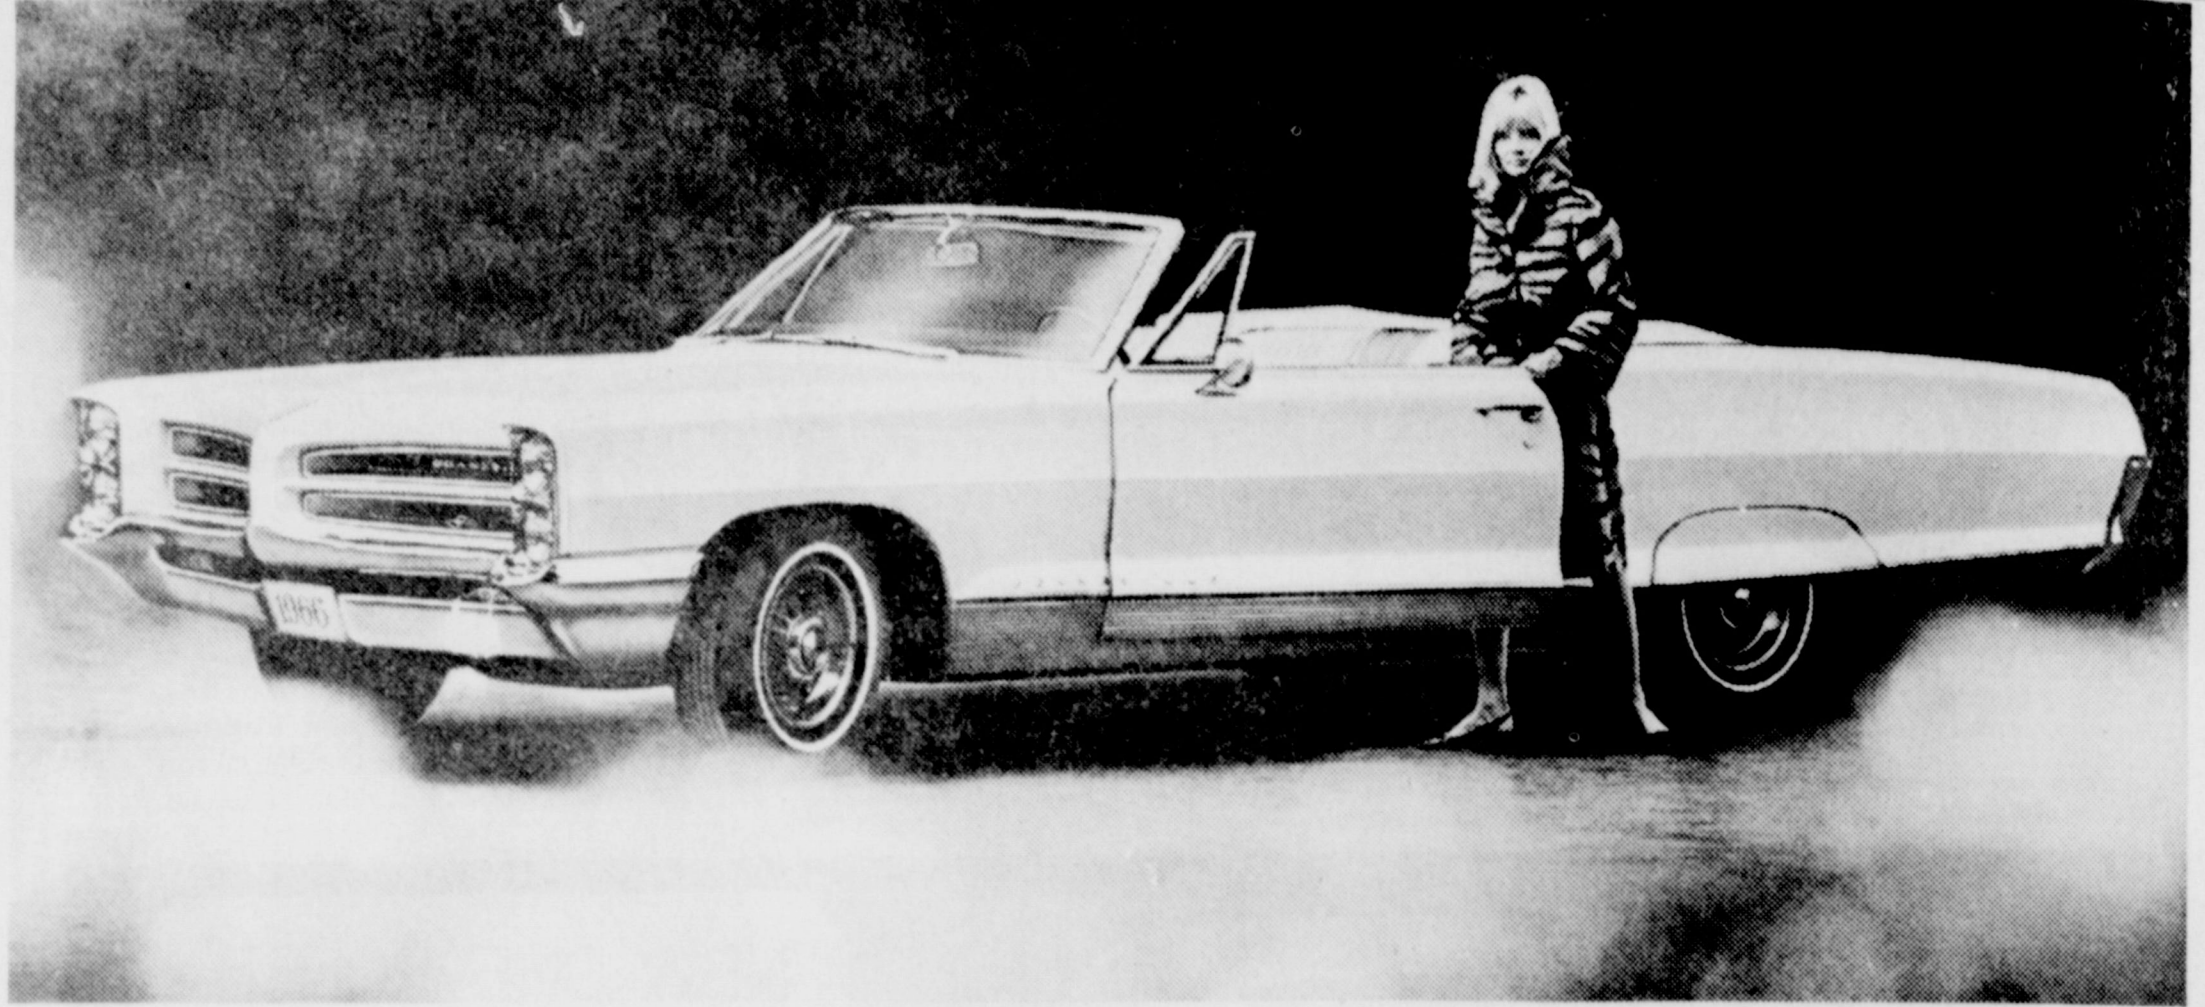

continued from front page

from where Ray Adams thrilled the fans with a 42-yard scamper down to the 5-yard line. Again the Eagles were unable to push into pay dirt and punted out.

The Eagle coaching staff introduced three "white stripes" Friday night: Derrell Howard, Ray Adams, and Milton Hope. These Eagles won a white stripe on their helmets in recognition of their efforts on defense in the games thus far this season. "The Order of the White Stripe" is en-

dowed by the coaches for yeoman service in this department of the game, according to Clay Barrow, head mentor for the Eagles.

The Eagles used their passing game more effectively and more often against the Owls than during previous games, and for local fans it was one of the best games of the season. The Eagles were without the services of Bill Adams, who is still out with a knee injury suffered three weeks ago, and Steve Harkins, who received a sprained ankle two weeks ago, and Simon Fuentes, who was injured in last week's game.

BONNEVILLE CONVERTIBLE

**The tiger scores again!**

It's dramatically fresh and new, but still very, very Pontiac. That's written all over it, from the no-doubt-about-it new front end to the trimly tailored rear. (Did you think for one minute that we'd leave out the unique Pontiac styling character you like so well? Never!)

Another nice thing about the '66 Pontiacs is that there are more of them—3 new super-sumptuous Broughams and 4 Venturas. And, of course, for you

other Pontiac lovers we've got a bright new Grand Prix, new Catalinas, new Star Chief Executives—all with new Wide-Track ride and improved cat-

quick handling. But you'll discover those things when you slip behind the wheel and turn a new '66 tiger loose. **Wide-Track Pontiac/'66**

GTO CONVERTIBLE

**and again!**

You're looking at the newest thing in tigers. Sleek, lean-muscled new style. New power that starts with a revolutionary new kind of six and ranges through four V-8's. Crisp curves shape the new silhouette, and the sports coupe sports a smartly recessed rear window.

Pontiac's revolutionary overhead cam six acts more like a V-8, looks like no six you ever saw, and still remembers that saving is what six buyers

buy sixes for. Delivers 165 hp (or you can specify the sports package which includes the 207-hp version). And it's standard on all Tempests,

Tempest Customs and Le Mans. V-8's? Up to 360 hp in the GTO. See all the '66 tigers in tiger country today. **Wide-Track Pontiac/'66**

Come to tiger country. See all the Wide-Track tigers at your Pontiac dealers.
