LISTEN TO LUKE

By Albert:--
 There has been so much happening this week that we feel we should comment about, it is difficult to know where to begin.
 In first the place, we had the observance of our 24th anniversary at our house this week and that is something that has happened. My congratulations to the wife for making this possible and also my eternal gratitude.
 One of the singular advantages of a newspaper publisher is that of having this means of publicly acknowledging such occasions.

We read with great alarm the account of the Supreme Court in one of the Eastern States disqualifying all existing juries and declaring it unconstitutional to require that a juror declare a belief in God.

This came about when a Buddhist was being tried in a case by a jury qualified on their declaration of a belief in God when his religion denounced the existence of God.

This could be magnified beyond all reason if things continue along such a line. For example: if a person's religion is such that wrong only exists in a person's mind, then there is no wrong and he can be tried for nothing.

Or if a person believes that it is not wrong to lie, then how can he be made to tell the truth or take an oath that he will, or require that others take or abide by such an oath.

Things could work into a worse mess -- if that's possible!

A conversation took place recently in Sanderson that went something like this!"

"I need the job badly, but I can only work for three weeks."

"Why? Are you going into the Army?"

"No. I can begin drawing my unemployment check."

We got a letter from Horace Shelton in Mineral Wells recently with a clipping he had taken from the Fort Worth Star-Telegram telling the story, or a part of it, of the life of Texas Ranger Captain Bill McDonald, Company B, Frontier Battalion.

Among the other facts related in the story, it is said that Capt. McDonald quietly backed down Bat Masterson at Sanderson.

We would like to know more about the story if there is anyone who can supply some of the details.

This is a new story to us in the history of Sanderson.

We keep reading of more and more demonstrations over the country and we wonder when the demonstrations are going to stop.

About the only thing that we can tell that is accomplished by the demonstrations is the fact that a lot of people are doing a lot of needless walking and they are causing law enforcement officers a lot of trouble.

A lot of the people who are so outspoken over the Viet Nam situation are the ones who were so outspoken in favor of the election of men who would carry on such a war. It seems that we don't get into wars to win them, nor do we try to win them after we get in them.

Mr. and Mrs. Herbert Brown and daughters, Elaine and Barbara, spent Sunday in Alpine.

Pvt. Johnny Hogg

Pvt. Johnny Hogg, son of Mr. and Mrs. Dalton Hogg, left Monday for Saigon. After completing his basic training at Fort Polk, La., he remained there for several months and was granted a leave of several days en route to Oakland, Calif., to join his outfit for overseas duty.

C of C Barbecue Honors Helpers From This Area

The Terrell County Chamber of Commerce was host to a barbecue dinner Saturday at the local football field to about 120 area men who were here during and after the flood to aid the citizens of Sanderson in various ways. The group included Texas Department of Public Safety officers, Texas Rangers, sheriffs and their deputies, rescue squad members, Texas Highway Department officials, Border Construction employees, Texas Highway Department maintenance employees, crews from the Southwestern Bell Telephone Co. and Community Public Service Co., and other individuals who were here from out of town to do what they could.

N. M. Mitchell, president of the Chamber, introduced the guests before the lunch was served by the Chuck Wagon Gang of Odessa.

The affair was intended to in some way show appreciation to the many people who were so generous with their time and efforts at a time when they were so badly needed.

.20 - Inch Rain Falls Sunday

About .20-inch of rain fell on Sunday afternoon in Sanderson. The rain came on the heels of a cold front which passed through this area Sunday.

Reports of heavier rains came from the north and eastern parts of the county and some hail was reported to accompany the rain.

Locally, the hard shower set in from clouds that were from the east, and it appeared that a heavier rain was in store, but it lasted only a few minutes.

H. E. Ezelle attended the fall convention of the 16th District of the American Legion in Fort Stockton Sunday. Mrs. Clyde Higgins, president of the local Auxiliary, attended both the Saturday and Sunday sessions of the convention.

Mr. and Mrs. James Caroline returned home Monday night after visiting their son, Jimmy, and for her to have a medical check-up in El Paso.

Absentee Voting On Amendments Now Possible

Absentee balloting for the Nov. 2 election on 10 Texas constitutional amendments began last Wednesday in the office of the county clerk, Ruel Adams.

Absentee votes can be cast until October 29.

Briefly, the amendments are as follows:

1. To increase the ad valorem tax for the college building fund.
2. To increase the veterans' loan fund.
3. To allow Texas to participate in the federal medical program.
4. To provide a 4-year term for the governor and other state officials.
5. To expand the investment of teachers' retirement funds.
6. To provide for student loans under the Texas Opportunity Program.
7. To exempt certain hospitals from ad valorem taxes.
8. To create a State Judicial Qualification Commission.
9. To allow the legislature to set certain salaries.
10. To provide 4-year terms for members of the House.

Football District Set For 1966

The districts have been set for the 1966 football season, according to information received this week from the Interscholastic League.

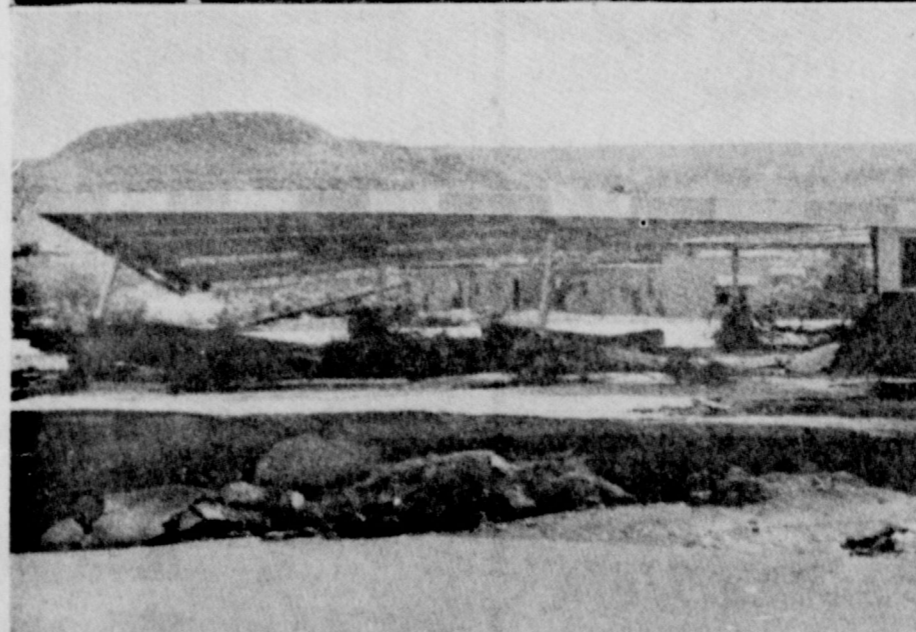

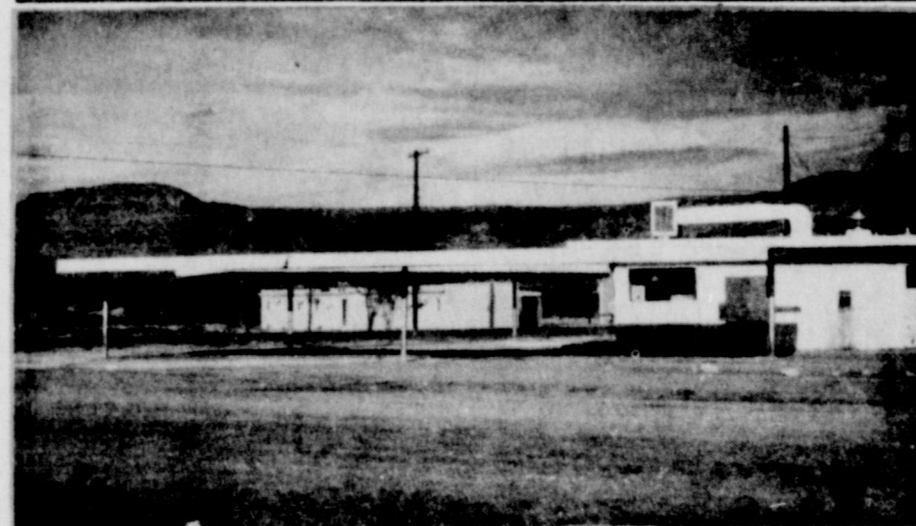

Sanderson will be in District 8 with Eldorado, Iraan, Junction, Menard, Ozona, Rankin, and Sonora.

Big Lake is going into Class AA next year and will be in the same district with Marfa and Alpine.

Drilling News -

The Mississippi River No. 1 Hardgrave wildcat was last reported to be drilling below 9,486 feet.

Funeral Services For H. A. Smith In San Antonio

Funeral services were held in San Antonio last Wednesday afternoon for Herbert A. Smith, 80, who died in a San Antonio hospital Tuesday after a lengthy illness. Interment was in the Anchor Masonic Cemetery in that city.

Pallbearers included Walter G. Downie of Sanderson.

Besides his widow, Mrs. Octavia Downie Smith, he is survived by a son, Russell B. Smith, of San Antonio; and two brothers, Ralph W. Smith Sr. of Dallas, and Carlos V. Smith of Waco.

He was a life-long member of the Methodist Church, a past-president of the Sanderson Rotary Club.

Rankin To Host Eagles Saturday

The Rankin Red Devils will host the Sanderson Eagles Friday night of this week. The game is scheduled to begin at 7:30.

Bill Adams received an injury to his knee again early in the game last Friday night against Iraan and is not expected to see any more action this year. Steve Harkins has an injured ankle that is expected to keep him out the rest of the year.

Bobby Allen, who was out of action against Iraan, began regular workouts Monday.

Tommy Gray has a broken collar bone and will be out for the rest of the season.

Michael Johnson, Flood Orphan, In North Caroline Orphanage

Word has been received from Rev. L. O. Henry, superintendent of the Church of God Orphan's and Children's Home in Hannapolis, N. C., that Michael Johnson is a resident there.

Michael was the sole survivor of the John Wesley Johnson family in the flood of June 11. The family consisted of the parents and six children.

IRAAN BLASTS EAGLES 40 - 0

The Sanderson Eagles lost the football game Friday night of last week to the Iraan Braves on the local gridiron by a 40-0 tally.

Sanderson was not able to begin a drive until the third period when they made their first first down of the game and punted after an 18-yard drive.

After recovering an Iraan fumble, the Eagles drove some 30 yards and then fumbled with Iraan recovering.

Iraan scored seven points in the first period, 19 in the second frame, seven in the third and seven in the fourth. The first TD was on a 33-yard run by Jim Bob Smith with John Joy kicking the extra point.

Joy ran 10 yards for the second TD and kicked the PAT. He also set up the next touchdown by using three passes to gain the 15 and then faked a pass and ran in for the score. The extra point try failed after a penalty against the Braves on the conversion try.

In the same period Joy threw a pass 30 yards to Ray Whitefield who ran about 15 more yards for the score. The Kick try for the extra point was no good.

At the beginning of the third frame there was an exchange of fumbles and a resulting score by the Braves made on a 1-yard run by Jack Hight.

In the last period, Edward Elliott went over from the 4-yard line and Joy kicked the extra to end the scoring.

Travis Harkins and John Whistler were added to the Order of the White Stripes for defensive work in Sonora and wore their white stripes on their helmets in the game against Iraan. Other White Stripes include Bobby Allen, Darrell Howard, Milton Hope.

The statistics for the game:

IRAAN		SANDERSON

OUT-OF-POCKET MONEY!

THE ROAD TO CENTRALISM

Since the new Department of Housing and Urban Affairs will be headed by a Secretary with Cabinet status, it might be well to speculate on the long-range effect on federal-state-local relations.

Will this action, along with the mandatory reapportionment of state and national legislative districts, help silence the voices of the small towns and rural areas in state and national legislatures? Will this move increasingly solidify federal intervention into problems once considered the sole province of city and state?

However, because it is sometimes difficult to obtain the necessary finances locally for community betterment, the temptation to run down to Washington for the funds seems to be the easy way out, even though the community many times loses control of civic projects in the process.

The fallacy of permitting more and more control of government to be centralized in Washington will become clearer in the days ahead. It is hoped that this community will weigh carefully the consequences, and will decide accordingly.

NOW! A WHOLE NEW SERIES OF ULTRA-LUXURIOUS CHEVROLETS

'66 CAPRICE

BY CHEVROLET

Caprice Custom Coupe—with exclusive formal roof line that comes on no other Chevrolet.

Caprice Custom Sedan—with superb new Body by Fisher elegance inside and out.

Caprice Custom Wagon—with fine new look of hardwood paneling on sides and tailgate.

Everything it takes to create a distinguished luxury car has gone into these new Caprices.

Beneath the formal styling elegance that sets the Custom Coupe apart, for instance, you'll find thick wall-to-wall carpeting, comfort-contoured seats and the look of hand-rubbed walnut on the instrument panel, glove compartment and inside door panels. You can order a finely instrumented console, together with new Strato-bucket front seats.

In the Custom Sedan, a new Strato-back front seat is available with bucket-type contours separated by a fold-down

armrest. And in the equally opulent Custom Wagons, offered in 2- or 3-seat models, you can even order carpeting for the cargo area.

Each model rides super Jet-smooth. And for incomparably smooth power, you can specify Chevrolet's advanced Turbo-Jet V8 in either a 396- or 427-cubic-inch version.

The price of it all? Somewhat more than you're used to paying for a Chevrolet. But less, as your dealer will happily confirm—than the select class of fine cars these new Caprices invite comparison with in every detail.

Where Grass Gets Its Food Told

by Darwin G. Schrader

Contrary to popular belief, grass doesn't get its food from the soil. The plant leaf is the food factory for the grass and is the only place that food for the plant's growth is manufactured. If the leaves of grass are continuously clipped by grazing livestock, they do not have a chance to manufacture food for growth, seed production and storage in the roots is where next year's grass growth begins.

If food for regrowth in the spring is not stored in the roots this year, next year's grass production is greatly reduced even if adequate moisture is present. If grazing by livestock is postponed until after frost, the grass will have a chance to make seed and store food for next year's growth.

Recent research on semi-desert rangeland has shown that the grass production can be increased 76 per cent in a four-year period by deferment and grazing not more than 40 per cent by weight of each year's growth.

Things to remember about the management of grass are:

1. 83 per cent of the food value of a grass plant is in the top 50 per cent of the plant. The grass plant needs the bottom 50

per cent for its own use and protection.

2. Next year's grass comes from this year's care. It comes from the food stored in the root system by the previous year's leaf growth.

3. From 20 to 30 per cent of the roots of a grass plant die off annually. If the grass is not allowed to replace these roots, the entire grass plant will die from starvation.

4. The extra grass plants produced by good grass management will reduce soil erosion. Top soil is the living quarters of the grass.

Seek Talent for Stage Show

The F. H. A. girls are putting out a call for talent for their stage show which will follow the Hallowe'en Carnival Friday, Oct 29.

The carnival is being sponsored by the Band Boosters and the talent show will be in the high school auditorium.

Anyone willing to participate in the show is requested to contact Yolanda Calzada, Merta Lopez, Patricia Dishman, or Jody Tronson at once.

Mrs. Web Townsend and her mother, Mrs. J. W. Happle, returned home Friday after spending several days in San Antonio attending to business matters.

5. The more grass present, the more grass will grow. It takes grass to grow grass.

6. Continuous heavy grazing kills grass by starvation.

El Buen Pastor Church Plans Benefit Barbecue Supper

The El Buen Pastor Methodist Church is having a benefit barbecue Saturday at noon at the Legion Hall. The proceeds will apply to the indebtedness on the repairs to the parsonage which was damaged in the flood.

Serving will begin at 11:30 according to the pastor, Rev. Moises Yanez, and plates to be eaten there or taken home will sell for \$1.00.

Beginning at 5:00 o'clock, the group will begin serving barbecue supper.

The ladies of the church have

made aprons which they will display and sell during the day.

The patronage of the public is cordially invited.

Mr. and Mrs. J. C. Green of Eagle Pass were weekend visitors with relatives including her brother and sister, Dick Sullivan and

Mrs. W. H. Grigsby, and families, and his sister, Mrs. Laughlin, and Mr. Laughlin.

Mr. and Mrs. Ray Caldwell were in San Angelo last week to have medical treatment. Mrs. Hugh Childress of Ozon is visiting her daughter, Mrs. Hagelstein, and family.

The 1966 Pontiac 2 Plus 2 (top photo) takes on more individual identity in 1966 as it becomes a separate Pontiac series available in either a hardtop coupe or convertible. The front and rear are easily identified with bright red 2 Plus 2 emblems on the hood and deck lid. The standard 2 Plus 2 engine is a 421-cubic-inch, four-barrel model with a three-speed manual transmission. The popular GTO also is a new series in 1966. It is available in the convertible model shown above as well as in a sports coupe and hardtop coupe. The 1966 GTO has its own unique design consisting of horizontal painted louvers on each side of the rear end panel. The standard GTO is powered by a premium-fuel 389-cubic-inch engine. Also standard are new projected design bucket seats.

THE FAMILY LAWYER

To Meet Crime's Challenge

Viewers-with-alarm have always found much to criticize in our system of criminal justice. How outrageous it is when criminals escape the punishment they deserve! How monstrous it is when an innocent man is convicted by mistake!

But such criticism often skips lightly over the toughest question of all: which man is guilty, which innocent? Everyone wants to be hard on the guilty and easy on the innocent. But, of necessity, we must

start the law's wheels turning before we really know which one we are dealing with.

For example: Should we strictly limit the right of policemen to search a private home? Should we keep questionable evidence out of the courtroom? Such rules will protect many an honest citizen from unjust harassment. Yet, the very same rules will also protect many a hardened criminal from being caught.

This basic dilemma, of having to deal with persons whose guilt or innocence is not yet settled, has always bedeviled the administration of criminal justice.

And in recent years, two major developments have added fresh stress and strain to the whole problem.

1) Important methods of law enforcement, long used in many sections of the country, have been held unconstitutional by the United States Supreme Court. Landmark decisions have left confusion and disarray in their wake.

2) Crime—brutal, sinister, sophisticated—has reached a record high.

Thus it has become urgent public business to both clarify and modernize our entire apparatus of criminal justice. To that end, a massive, unprecedented project is now under way.

Eighty of the nation's most eminent experts, assembled by the American Bar Association, are drawing up detailed guidelines—a set of national minimum standards—for lawyers and judges, prosecutors and police.

These guidelines, to cover everything from original arrest to final plea, should provide us with a system of criminal procedure that is both fair and effective. Such a system is, in itself, one of the mightiest

est weapons in the war on crime.

It is of course fitting that we should view with alarm any coddling of criminals or oppression of innocents. But with alarm only, not with despair. Solid progress is afoot.
