LISTEN TO LUKE

By Albert---
We had no more than printed the prayer on growing old" last week, when we made a good error in the same paper that forces us to admit the fact of an error and correct it.
This is not our first error, nor is it our first correction or admission. It is just the first of a new series of errors. But we are glad to correct it, because it is a more interesting reading.
The error concerns the picture in the lower right hand corner of the page and the caption above

It is self-explanatory!

We wish that everyone had to publish at least one newspaper. It is interesting. Some people are so very nice in calling attention to mistakes, and they are glad to give the right information. Some treat the error as though it might stop the world's turning.

It is most gratifying to all of the people of the county to know that we could raise \$40,000 in cash in so short a time when the need was so urgent.

This is much better than was anticipated by those who knew of only one other such experience that was tried.

It takes team-work, work, and more work, on the part of many people, to get the job done, but the job was done, and all have justifiable pride in the knowledge that they did a job well.

It should be encouraging to a doctor who is considering Sanderson as a location, to know of such a fact and that there are the kind of people here who can and will accomplish such a project in so short a time.

For the information of our out-of-town readers, summer weather has set in for sure in this part of the state. We don't have an official thermometer, and we are sure that our temperature does not exceed that of Presidio, and if it did we wouldn't tell anyone about it! But it has been hot!

We have grandson Shawn with us for a couple of weeks and outside of enjoying the visit, we are learning some things.

We have wondered a long time for whom the TV commercials were geared. Now we know!

Whether it's cartoon time, or Lassie, or whatever, nothing is so appealing to him as the commercials!

He is even an avid watcher of "As the World Turns" because of the commercials that make the adults so mad because they interfere with the story.

And the fantastic claims of the manufacturers of toothpaste, detergent, soap, et al, are all very realistic to him. He believes them.

Thirty-One Seniors Receive Diplomas

Thirty-one candidates for graduation, 21 boys and 10 girls, were presented by Supt. Ken McAllister Tuesday evening at the Sanderson High School's graduation program. The diplomas were conferred by Carlos Dunn, secretary of the school board, to Bill Adams, Bobby Allen, Price Arredondo, Atilano Bravo, Isidoro Calzada Jr., Robert Calzada, Yolanda Calzada, Suzanne Downie, Carla Dunn, Simon Fuentes Jr., Elia Garcia, Billy Golden, Ersilia Gonzalez, Steve Harkins, Travis Harkins, Danny Hodgkins, Gene Hope, Wesley Jones, Joe Lopez, Billy McSparran, Joe Mendez, Lydia Munoz, Ruperto Perez, Alejandro Romo, Antonio Salas, Janie Sanchez, Pam Stavley, Jodie Kay Tronson, John Whister, Terry Whistler, and Gilbert Valles.

The high school band, directed by Kirke McKenzie, played the processional and recessional marches.

Janie Sanchez gave the invocation and Bobby Allen the benediction.

The class song "Climb Every Mountain" was sung. Jodie Tronson and Suzanne Downie sang a duet "May You Always".

Since Travis Harkins, class president, was the salutatorian, Miss Pam Stavley, vice-president, gave the class address. Miss Carla Dunn was the valedictorian.

Travis Harkins presented the class gift, a check for a trophy case and a bulletin board in memory of the late Harry Harkins, his twin brother.

A. J. Riess, principal, presented the senior awards.

MC Money Is Drawing Interest

Money that has been contributed or loaned to the Trans Terrell Medical Center is now and will be drawing interest until it is needed for the construction of the building, according to Judge R. S. Wilkinson, treasurer.

On May 10, \$29,924.56 was deposited in the Sanderson State Bank and began drawing interest as of that date. The balance of the cash on hand will be deposited in the savings account also before the 10th of June.

"This will make just over \$34,000.00 in the savings account," Wilkinson said.

There is now \$6,204.00 that is pledged to the fund and \$33,962.06 in cash.

"The 6¢ was contributed by some children," Harkins said, "and that balance has stayed with us during almost all of the drive. We feel that it might be lucky for us, and every effort of individuals to add 4¢ to it has been turned down."

SCOUT TROOP ORGANIZED

Five boys have registered as Boy Scouts since the recent re-organizational meeting with W. C. (Bill) Burk as scoutmaster. They are Damon Harrison, Ronnie Stewart, Steve Litton, Barton Harkins and David Bolinger. T. J. Stewart is the assistant Scoutmaster.

C. B. Card will take the boys to a scout camp next Sunday and they will be gone for a week. The camp is at Camp Sol Meyer.

\$40,000.00 Goal Is Reached In Drive; Campaign For Doctor Is Intensified

The goal of \$40,000.00 for the Trans-Terrell Medical Center was reached on Monday of this week, three weeks and two days following the kick-off for the drive.

The announcement was made by Chairman Sid Harkins at a meeting of all of the committees at the courthouse at 5:00 o'clock Monday. The blowing of the siren for eight blasts heralded the news to the town. The sign at the Turner Hotel showing the progress of the fund collections also was changed to indicate a completion of the drive.

Harkins asked for a report on the doctor procurement committee and they reported that they had received lists of doctors who were interested in a move and had contacted all of the potentials by mail, sending them the information that would reveal both the need and the advantages of a practice here. Posters to put on bulletin boards in hospit-

als of the country are being prepared.

It was stressed that the notes that are available in the drug store, at Kerr's, and at Morrison's, are for all local citizens to put in their personal letters to friends and relatives, saving both time and effort and making an appeal for help in locating a doctor for the county.

The help of all of the people of the county is needed in the procurement of a doctor, and any suggestions or aids that may be offered will be well received.

It was pointed out that the drive for funds, while it was now closed, did not mean that the campaign was over and that no more money should be collected or turned in.

The estimate of \$40,000.00 for the building was an estimate only, and that there was a possibility that there would be some additional expenses or costs involved in the building.

As has been firmly stipulated before, no money has been or is planned to be spent on anything except the building and possibly some small costs involved in that transaction. There has been no deal closed on a building site as yet, and it is not yet known what will be the cost of land on which to put the medical center.

A full accounting of all money contributed or loaned and spent is planned.

Baccalaureate Sermon Given 31 Graduates

The Baccalaureate sermon for 31 members of the senior class of Sanderson High School was on Sunday night in the auditorium.

The processional and recessional marches were played by Mrs. Kirke McKenzie.

Price Arredondo gave the invocation and Isidoro Calzada Jr. gave the benediction.

Three songs were sung by the continued to back page

Billy McSparran Special Speaker At Scout Conclave

The 3,000 adult volunteer delegates at the annual meeting of the National Council, Boy Scouts of America being held in Dallas last week, took a brief respite from their intensive series of reports and planning to hear five young men, examples of the scope and effectiveness of today's Scout program.

Billy McSparran, member of Sanderson Explorer Post 160, was one of the five.

McSparran told of last year's floods when Scouts and Explorers saved over 30 lives and did other outstanding emergency service. He said that because of emergency service training in his Explorer post, the members were able to help mobilize the community, assist with emergency housing, secured needed medical supplies, and helped with the tremendous cleanup, including recovery of bodies and personal property.

McSparran was chosen to represent the Explorer Post 160 after several of the members were interviewed following a story of the efforts of the Scouts which appeared in a Scouting magazine.

He is the son of Mr. and Mrs. Gene McSparran and a member of the graduating class of Sanderson High School.

The McSparrans took him to Midland to be by plane to Dallas and spent the night so they could return him to Sanderson Saturday.

Culture Club Has Program On 'Areas Of Concern'

Concluding the year's programs on "Spotlighting Areas of Concern", the Sanderson Culture Club's program for May was on "Conservation-Local Flood Control". The club meeting was Thursday afternoon in the home of Mrs. H. E. Ezelle with Mrs. H. C. Goldwire as co-hostess.

Mrs. N. M. Mitchell introduced the guest speakers for the afternoon, Darwin Schrader of the Soil Conservation Service and County Judge R. S. Wilkinson. With the use of an aerial map and charts, Mr. Schrader gave a clear picture of the cause of the Sanderson flood of June 11, 1965, with water from Rattlesnake Draw and Three-mile draw, both fed from heavy rains over the watershed, converging with the water that had fallen locally and it was suddenly more water than Sanderson Draw or Canyon could contain. "Just thirty minutes would have made a vast difference", he stated, "for in that much time, even one of the canyons or draws could have drained off a tremendous amount of water." He also gave an idea of the retaining dams that were being considered for the flood relief project still in the planning stage as a U. S. government project and stated after a question that he hoped even one dam might be completed within the next five years with ten sites being considered as possible locations for dams. Judge Wilkinson supplemented his remarks with a summary of the plans for local participation in flood control and both men answered questions from the audience.

Mrs. S. D. Harrison, president, led the members in reciting the Lord's Prayer to open the meeting. Mrs. Ezelle, acting secretary, read several letters from members of the National Honor Society expressing their thanks and appreciation for the trip to the Fort Davis Park when Mrs. Lyndon B. Johnson made her recent visit.

Mrs. N. M. Mitchell and Mrs. W. H. Savage gave the highlights of the recent meeting of the Western District, T. F. W. C., in Pecos. Yearly reports were given by the officers and Mrs. Harrison's report of the achievements of the club and aspirations of the club for next year was very interesting.

Another area of concern, the mounting struggle between the population increase and the food supply of the nations of the world, was given from the General Federation News by Mrs. L. H. Gilbreath who stressed the fact that within four years it is predicted that there will be a critical food shortage among some of the countries of Eastern Asia particularly.

After adjournment refreshments were served from a tea table covered in an ecru hand-crocheted cloth over pink and centered with an arrangement of pink and red roses and pink carnations in a silver bowl, flanked by pink tapers in silver holders. Mrs. E. E. Farley served the molded salad and Mrs. Harrison was at the silver tea and coffee service. Assorted pickles, cookies, cakes and tiny buttered hot rolls were also on the table.

There were three guests at the meeting, Mesdames F. L. King of Lafayette, Calif., Mrs. Lillian McAllister and Mrs. Leola Hill, also four other members, Mesdames A. D. Brown, E. H. Jessup, Mary Cox and H. A. Smith.

Mrs. Sid Harkins Leads Program For W.O.C. Monday

Mrs. Sid Harkins presented the program on the birthday of the Presbyterian Women of the Church when the general meeting was held in the home of Mrs. S. D. Harrison Monday afternoon. The special offering this year goes to a home mission project in Eastern Kentucky.

Mrs. David Mitchell, president, opened the meeting with a prayer and a devotional on "Keeping Your Faith Up To Date". Announcement was made of the change of the next general meeting to June 18, at which time there will be a joint meeting of the men and women of the church to observe "family night" at the ranch home of Mr. and Mrs. David Mitchell.

Mrs. W. E. Hill reminded the women of the cookies which are to be furnished for the Daily Vacation Church school from June 14 through June 28.

During the social hour, the hostess served German's chocolate cake, topped with whipped cream, and iced tea. Also present were Mesdames A. C. Garner, E. E. Harkins, N. M. Mitchell, W. H. Savage, Pinky Carruthers, Bob Moon, Leola Hill, C. C. Mitchell, E. F. Pierson, R. S. Wilkinson, and Bill Smith.

Seniors Honored At Downie Ranch

Saturday evening Miss Christine Downie invited all of the Sanderson High School teachers and their wives and husbands and several friends to a dinner at her ranch home honoring her sister, Miss Suzanne Downie, who is a member of the graduating class.

Mrs. Jose Fuentes was at the bride's book to register guests.

A bride doll flanked by pink candles in crystal holders and pink flowers formed the centerpiece on the lace-covered table for the serving of refreshments of sandwiches, cookies, chips, fruit salad and punch.

THEIR LAST FULL MEASURE

A DAY TO REMEMBER

The muffled dirge of a military band . . . the rhythmic cadence of marching men . . . the creaking, squeaking of the caisson . . . the nervous clatter of horses hooves all break the tense silence as the cortege slowly wends its way toward its final destination in the National Cemetery in Arlington.

The trees are beginning to weave their natural canopy of green over the Virginia landscape, the floral plants are in bloom, and in the distance one may see President Kennedy's resting place, the Lee Mansion, and the Tomb of the Unknown Soldier.

Slowly paced through the winding streets amid the thousands of small headstones nestled close to the turf and bordered by the trees about to flower into protective shade, the impressive procession passes. Suddenly it halts. The precision-like steps of the pallbearers are heard against a murmuring silence. And as they lead the mourners to the gravesight "Lead Kindly Light" is heard softly in the background. At the grave a man of God says a prayer. On a far hill—the sharp clicking of rifle bolts is heard—three sharp reports from the firing squad—and the poignant rendition of Taps is sounded. The pallbearers in meticulous precision remove the flag—and snap each fold into place. The commanding officer presents the flag to the next of kin.

This is but one day—in one place—but all over America on May 30th the nation pays tribute to the military dead.

Mrs. H. P. Boyd and Mrs. O. J. Cresswell went to San Angelo Tuesday to visit with relatives and friends for a few days. Mrs. T. J. Stewart returned home Friday from El Paso and is recuperating satisfactorily from surgery.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

Under the laws of the land at present an illegitimate child is worth more than other children.

This somewhat whimsical situation was recently highlighted by an editorial appearing in the Union County Leader in New Mexico. The editor

pointed out that under the Aid to Dependent Children, the government will pay out more than \$800 per year for the upkeep on an illegitimate child. But for income tax purposes, only \$600 is allowed to a family for each legitimate child.

The New Mexico editor also pointed out that under the Cuban refugee program a minimum of \$1200 per year is paid for each refugee child's upkeep, but if the child is attending school an extra \$1000 per year is allowed.

In addition the editorial states that in the Federal Job Corp. the government spends \$7000 per year per child.

And according to government figures, the VISTA program, (Volunteer in Service in America) spent \$3.1 million in the last fiscal year to turn out only 202 trainees, indicating that in this government agency the cost of training one child runs to more than \$15,000 per year.

Thus, the editor asks "How

in the world do you expect parents to provide all these things plus clothes, recreation, books, medicine . . . for \$600 per year? With your own figures you admit it can't be done.

This editorial poses some very pertinent questions. The question is magnified when it is realized that the government costs per child cited at actual outlays, while the tax deduction granted for a child in a family is only \$600, which means that cash savings is only the sum arrived at by multiplying the \$600 by the tax rate. For example the actual cash for a child on a 15% income tax bracket is \$90.

Recently in the Congress there was again defeated an amendment to the tax revision bill which would have permitted parents to take a small extra exemption for children attending college.

Purportedly, the present aim of the government is to encourage more education. But more education for whom?

For example, as cited by the New Mexico editor, a Cuban refugee child is given an extra \$1000 if attending school, but the American middle class family, which pays largely for Cuban students, gets absolutely no breaks of any kind.

It would almost appear the Great Society has a great aim.

That is to develop the non-demonstrating middle class into an illiterate class while increasing the crudition in the ranks of the pickets and demonstrators.

Pushing Another Car

Trapped in a tight parking space, a motorist decided to push against the car behind him. He glanced into his rear view mirror, then started moving backward.

Unhappily, his quick look hadn't shown that the woman who owned the other car was just opening her door to get in. As he pushed her car, the open door struck and injured the woman.

She sued later for damages, and the man was held liable for his failure to take a better look before pushing.

"Such a maneuver," said the court, "is dangerous and should not be undertaken until safety has been made reasonably certain."

Whenever you set a second car in motion with your own car, you suddenly expand the scope of your responsibility. One judge put it this way:

"In so handling two cars, the driver must be as mentally alert and as physically responsive as a western cowboy riding two horses Roman fashion."

On the other hand, pushing another car is not wrong if you proceed with care. Even if there is an accident, you are ordinarily not liable if you were not negligent. For example:

A kindly motorist offered a push to a man whose car had stalled in the street. After pushing it about 20 feet, he let the front car roll ahead on its own momentum. The driver reached the corner, turned—and hit a woman pedestrian.

In due course the injured woman sued the good Samaritan, arguing that he had provided the original impetus to the car that struck her. But a court held him not liable, since the accident happened after he had broken off "control" of the front car.

As a rule you may assume, in pushing, that not only the other driver but also the car itself will behave in a normal manner. Consider another tight-parking-space case:

Here, the motorist nudged the car ahead, little suspecting that it had been left in gear with the ignition on. The motor caught—and, as he watched in helpless horror, the car crossed the street and crunched through a plate glass window.

But again, the motorist was held not liable for the damage done, since the front car's behavior was so unexpected.

Thus, in judging your liability for pushing another car, the law requires you to allow for dangers that may fairly be anticipated—but nothing more. The law demands foresight. It does not demand clairvoyance.

Following the reading of the scripture, the 98th Psalm, by Steve Harkins, A. J. Riess, principal, introduced Rev. J. C. Hancock, Pastor of the First Baptist Church, who was speaker for the occasion.

For the introduction to his sermon on "A Little Hunk of Honey", Rev. Hancock told the story of the journey made by the sons of Israel into Egypt to buy corn, taking their youngest brother, Benjamin, with them. Israel, hoping to win favor of the governor of the land, who was his son, Joseph thought to be dead, said to the sons: "Take of the best fruits in the land in your vessels and carry down the man a present, a little balm and a little honey, spices, and myrrh, nuts, and almonds." "I believe we need a hunk of honey, good humor, which is good medicine with which to face life today with all of its heartaches, disappointments, trials, troubles, tensions, even death itself," he stated. "This is an age of aspirin, anacin, and tranquilizers. A hunk of honey, good humor, and a lot of it, is needed. You are going to be misunderstood, your motives will be questioned. In planning your life, always plan to take along a hunk of honey."
