SECTION 1

Yep, you're going to have to plunk down \$1.75 again in January in order to vote in Texas next year. That's what the majority decided in last week's election.

We had decided that public sentiment for keeping the poll tax had changed from last year's referendum, but we thought it might have been a closer vote than it was.

When you consider that the only people who were eligible to decide the issue were the ones who thought enough of their voting privilege to pay the poll tax last January for a really off year, 1963, it's not too surprising that the tax stayed in.

It was just one of those cases where Texans preferred to remain individualists. While some states ridicule the poll tax (some of these probably have a state income tax), Texans said to them: "It's worked for 60 years, so why change it?"

Just because we were part of a small minority wasn't deemed a good enough reason to change the law. That's rugged individualism.

Friona High School had a group of busy boys the other day. First, there was football practice. Then some of the boys hustled over to practice for the district FFA leadership contest to be held this weekend. Afterwards, part of this bunch hurried to the junior play rehearsals. The play will be presented Saturday.

Somehow or other, in between activities, I suppose the boys found time for supper and lessons. I'd like for them to tell me their secret. Sometimes on Tuesdays and Wednesdays I develop just such a schedule.

Speaking of the FFA leadership contests, David McVey and Benny Pryor will have six teams primed for the annual onslaught on leadership contests by Friona FFA members.

Last year the boys won more banners than you could count on both hands, including the school's sixth first-place banner in the state FFA leadership contest.

McVey said he was told at the state contest last year that Friona has won more state banners than any other school in Texas. He pointed out that grade school principal J. T. Gee, when he was chapter advisor, had teams winning first-place in the state finals in 1950, 1951 and 1957. His teams also won a second in 1953 and a third in 1954.

Since then, Friona has taken first place at state in 1962 (two banners) and 1963, and had a third in 1961 and a second last year.

McVey points out that when he was at Anton, his teams often clashed with Gee's in the area contest. One had to lose, so this cut down on the number of state banners won by both.

They're going to have to build more walls to display the banners pretty soon. The Ag department has two rooms with the four walls pretty well covered with the awards. We think this speaks pretty well for the Vocational Agriculture Department and its leadership.

Think the success of the Chieftain football team hasn't had several effects? Baker Duggins says he believes it has even helped the girls coming out for basketball this year.

The Squaws played an exhibition game at the Flying Queens' clinic in Plainview last Saturday, and Duggins was able to watch his players under game conditions.

"I think they have a lot more poise than they usually have this time of year. It usually takes a month or so to develop their confidence," he says.

Duggins added that for one thing, from a coaching standpoint it was more fun to be at the clinic, having a winning football team to talk about. "Friona is being regarded higher," he said.

Tullis, Muleshoe and Canyon schools will go into class AAA

(Continued on Page 2)

OLD SMOKEY? . . . It's a mountain, all right, but a mountain of grain piled at West Friona Grain Company. The new Friona

elevator joined the older grain dealers in having to dump tons of maize on the ground.

PERFECT FALL

Yields Are Close To '62 Production

BY BILL ELLIS
Editor, Friona Star

The maize harvest is about over in the Friona area, and another good chapter has been added in the success story of this number one cash crop of the area.

Parmer County led the nation in production of grain sorghum

Friona Lanes Won't Be Closed - Hicks

Announcement was made this week by J. E. (Ed) Hicks of Friona that he is in the process of selling his bowling alley, Friona Lanes, and that the business will not be closed November 15 as had previously been announced.

"I am very pleased to say that I have been successful in effecting a sale of the business and that a bowling alley will be maintained in Friona," he said.

"The people of this area have been wonderful to me and many have expressed concern that I planned to close Friona Lanes, so I am especially happy that something has been worked out to prevent this."

The sale is not final as yet, Hicks said, and he will maintain ownership and operation of the business until December 1, at which time the business is scheduled to change hands.

An announcement of the new ownership, together with the management arrangement, will be made in The Star soon, according to Hicks.

WATKINS, MONROE

Pair Tied In Contest With One Week Left

Kenneth Watkins and Clarence Monroe go into the last week of the Friona Star's football contest all tied up in the race for two tickets to the Cotton Bowl game January 1 and \$55 expense money.

Both Watkins and Monroe are tied with 74 correct games after 10 weeks, and have a four-game lead over the third-place contestant.

In case a tie develops in the race for the contest's grand prize, the tie-breaker games will be checked on all entry blanks of the tie-parties for the whole season. The one who correctly picked the tie-breaker game from a won-lost standpoint will be declared the winner. If contestants are still tied, the total point spread on the tie-breaker games will be added, with the contestant having the lowest score being the winner.

In last week's contest, four entrants tied for first place, missing the score by 14 points. These were Monroe, Raymond Milner, Mrs. Mike Ellis and Mrs. B. C. Hartwick. Other contestants correctly picking seven games were Jarrell Wright, Neel Lyles, Dale Williams, Eugene Ellis, Buford C. Hartwick, Pamela Hartwick, Maynard Agee, Watkins, and Karen Agee. The first four divided all three places of prize money, and were awarded \$2,500 each.

In the race for grand prize in the contest, C. H. Vezzey remains in third place, with a score of 74. Three members of the Agee family—Maynard, Mildred and Karen, are tied with scores of 69.

Ellis Infant Buried Friday

Graveside rites for Michael Brent Ellis, infant son of Mr. and Mrs. Mike Ellis, were conducted at Friona cemetery at 10:30 a.m. Friday. Rev. Russell McAnally, pastor of Friona Methodist Church, was officiating minister.

The baby, who was stillborn at 2:00 p.m. Thursday at Parmer County Community Hospital weighed 7 lbs. He was the first child for the couple.

Survivors, besides the parents, are Mr. and Mrs. Joe B. Douglas and Mr. and Mrs. Eugene Ellis, grandparents, all of Friona; Mrs. Sarah Vernon, Friona, Mr. and Mrs. Albert Ellis, Lubbock, and Mr. and Mrs. Marion B. Fite Sr., Wildorado, great-grandparents.

Burial was in Friona cemetery under direction of Claborn Funeral Home.

DADS TO BE HONORED

Chieftains Wind Up Successful Year Friday

The Friona Chiefs will close out their best football season in modern history (if not best ever) tomorrow night when they host Olton at Chieftain Stadium. Gametime is 7:30 p.m.

The game has been designated "Dad's Night," and fathers of the players will be honored in pre-game ceremonies, starting about 7:10 p.m.

The Chiefs, with a chance for a 9-1 season record, could nail down second place in district by beating the Mustangs, and should Dimmitt upset Muleshoe, could still tie for the district championship.

The best either Friona or Olton can hope for is a tie for the title, and in any event Muleshoe would represent the district in the playoffs, since the Mules beat both teams. So the game will be one of prestige

for both the Mustangs and Chiefs.

HOSPITAL FUND

Drive Chairman Predicts Victory

Charles Allen, fund drive chairman for the Parmer County Community Hospital, said this week that with the grain sorghum harvest out of the way, he believed that the drive team members could be "re-

charged," and was confident of reaching the goal established at \$50,000.

"It's going to take some gifts of \$100 and \$500, not just those of \$5 and \$10, though," Allen pointed out.

Currently, the drive stands at around \$13,000. Allen reminded the residents of Friona of what an asset the hospital was to the city. "It has quite a staff of employees—which produces a good payroll, and when people come in to the hospital, they usually do other business in town," he said.

People want and expect good hospital facilities, just as they want good schools and churches, Allen said.

beating. However, the 25-8 win by Olton in the final game last year was the closest district game the Chieftains had.

Friona has already topped the win mark for any season in the last 19 years at FHS, and the Chieftains will be trying to leave next year's team something to shoot at.

Coch Don Light's squad, win or lose, has already won eight more games than the team won either of the past two years, replacing a 27-game losing streak with an eight-game winning streak to begin the 1963 season.

This season will mark the first winning record at Friona since the 1958 team finished with a 6-3-1 mark, and the most wins in one season since the 1951 and 1952 teams had identical 7-2 records.

For the second straight week, Friona will be facing a tough opponent. The Mustangs grabbed a 13-0 lead against Muleshoe before bowing 21-13, and had another possible touchdown nullified. They are the only district team which has scored against the Mules.

(Continued on Page 2)

NOW TWO WEEKS

Christmas Holidays Changed For School

The Christmas holidays at Friona High School were extended to two full weeks at the regular meeting of the Friona School Board Monday night.

As it now stands, school will dismiss on Friday, December 20, and resume classes on Monday, January 6, 1964. Originally, the school had planned one full week plus New Year's Day as the holiday schedule.

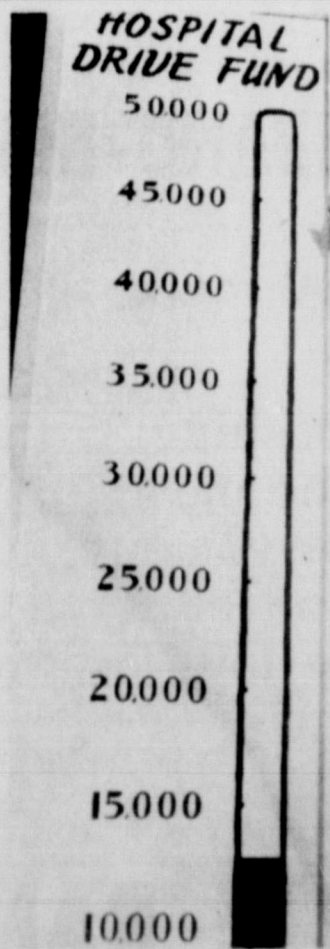

This will necessarily extend the school year from May 22 to May 29, 1964, the board pointed out. This will allow a total of 177 teaching days, with 175 being required, allowing two extra days in case of extreme bad weather or other circumstances not known about at present.

It was reported that tax collections for the month of October totalled \$58,049.60.

The Friona school cafeteria workers' salaries were raised from \$6.50 per day to \$7 per day.

Ed Young, representing the accounting firm of Glover, Graham and Brown, presented a report on the audit of the school's books for the 1962-63 school year. His report was approved by the board.

Superintendent of Schools Alton Farr gave his monthly financial reports on the various school funds.

NEEDS TO CLIMB . . . Charles Allen, chairman of the Hospital Fund Drive, indicates the goal established for the drive as shown on the "thermometer" located in the City Park. The drive has a long way to go to reach the goal, but Allen is confident that the goal will be raised.

HERE'S THE PLAN . . . Bobby Braddock (Carol Struve) goes over strategy with members of the "Dirty Dozen" football team in a scene from the Junior Play, "The Magic Touch." Left to right are Larry Buckley, Carol, Joey Taylor and Dennis Howell. They recommend that you see the play Saturday night at 7:30, high school auditorium.

"Hot Check" Conference At Muleshoe Tonight

In order to increase the understanding of the new "hot check law" now in effect and decrease losses of area merchants due to worthless checks, the Muleshoe Chamber of Commerce is sponsoring a conference on handling of checks Thursday night in Muleshoe at the high school auditorium, beginning at 8 p.m.

The public is invited, and attendance is expected from four counties, since the meeting is co-sponsored by the District and County Attorneys of Bailey, Cochran, Lamb and Parmer counties.

Discussion will cover ways to prevent accepting worthless checks and ways to collect on returned checks. Expert advice will be given by Joel Teasdale, Chief, Identification and Criminal Records Division, Texas Department of Public Safety, and Alonzo Miller, District Check Collection Specialist, Piggly-Wiggly stores, Lubbock.

A question and answer session will follow their presentation.

Bobby Airhart, Muleshoe Chamber of Commerce president, urges that not only proprietors and managers attend, but also clerks, cashiers, and any other persons who accept checks.

Starlites--

Continued from Page 1)
after this season, which doesn't have a bracket for girls basketball, but this isn't expected to put a damper on the sport for any of the schools.

"All three of the schools want to continue playing girls basketball. They will have to continue playing in a class AA district for this sport only, and we're sure something will be arranged. We're glad to see them continue. We'd hate to lose a good natural rivalry such as against Tulla and Muleshoe," Duggins commented.

We learned this week that Singer Sewing Machine Company's Clovis office will open a branch office in Friona, with a full-time representative living here effective December 1.

The local representative, Tom Owens, will be working out of Foster's until that time. The area to be serviced from the Friona branch will include Hereford, Dimmitt, Muleshoe, Bovina and other surrounding points.

We're happy to have this office in Friona, and hope Mr. Owens will have a minimum of trouble locating a home and office space.

Chiefs--

(Continued from Page 1)

Oilton will bring a 6-3 record into the game. The Mustangs hold wins over Abernathy, 28-14, Springlake, 48-0, Hale Center, 20-6, Lockney, 49-36, Dimmitt, 13-0 and Morton, 26-8.

Losses have been to Floydada, 14-0, Tulla, 24-14, and Muleshoe, 21-13.

Oilton is a passing team. They are led by sophomore quarterback Joe Priest, who started every game last season as a freshman. Other top players include halfback George Jones and fullback Joe Castello.

"The trouble with them is,

BY LARGE MAJORITY

City, County Votes To Retain The Poll Tax

Friona and Parmer County joined Texans in voting to keep the poll tax last Saturday. Like the rest of the state, county voters carried just one of the four amendments (welfare), and that one by a very slight majority.

Countywide, the voters rejected repealing the poll tax by a 523-116 vote, or about four and one-half to one. In Friona, the vote was 137-29 against.

At Black, the poll tax vote was 25-5 against repeal. It was 17-3 at Lakeview, and 91-22 at Lazbuddie. The "closest"

vote was at Rhea, where the tally was 15-6, still more than 2-1 against repeal.

The number two amendment, which seeks to liberalize the requirements for eligibility in the state's program for needy aged, blind, children and disabled persons, allowing more expenditures for this purpose, carried by a seven-vote margin in the county, 292-285.

This amendment was given approval in four precincts, Friona, Oklahoma Lane, Bovina and Lakeview, while Farwell, Black, Lazbuddie and Rhea voted against it.

The amendment to allow Jefferson County to set up retirement programs in political subdivisions in the county was defeated 365-113 countywide, with all precincts going against. Likewise, number four, which would have set aside \$150,000,000 in state bonds to finance and extend the veterans land program, lost by 344-227 with all precincts going against.

There were 641 total ballots cast, including five absentee, about one-third the number which voted last November, although state and district officials were on that ballot.

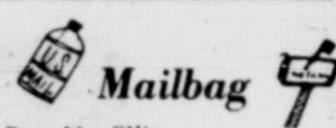

HOW THEY VOTED

	Poll Tax		Welfare		Jefferson		Veterans		Total
	Yes	No	Yes	No	Yes	No	Yes	No	
Absentee	5	5	5	5	5	5	5	5	5
Farwell	9	108	39	65	24	73	32	71	117
Friona	29	137	84	66	39	97	74	78	168
Okl. Lane	12	27	18	13	6	19	19	14	40
Black	5	25	13	17	2	21	5	22	30

Lazbuddie	22	91	40	60	7	57	32	66	113
Rhea	6	15	9	11	3	16	7	13	21
Lakeview	3	17	11	8	8	12	10	9	20
CO. TOTALS	116	523	292	285	113	365	227	344	641

if we concentrate on stopping their passing, they will run the ball and beat us," Coach Light says. "They're going to be tough. They are a well-balanced team," he commented.

Mickey Wilson, who hurt a shoulder in the Muleshoe game, will be out of action. Either Ray Braxton or Danny Black will start in his place.

Team member Glen Herring underwent an operation in Lubbock Tuesday, removing a cartilage in his left knee.

Dear Mr. Ellis:
We of the Elementary School would like to express our sincere appreciation to you and your staff for the splendid coverage you have given our school activities this year. Thanks a lot.
Sincerely,
J. T. Gee
Elementary Principal

'64 Jet-smooth Luxury CHEVROLET

Chevrolet Impala 4-Door Sport Sedan

Now how are the high-priced cars going to explain this!

Here are looks, luxury and comfort that you'd expect to set you back plenty—if they came from anybody but the people at Chevrolet.

Fresh-minted styling with clean uncluttered lines that give the '64 Jet-smooth Chevrolet its feeling of new length and lowness. Rich new interiors with supple fabrics. Foam-cushioned front and rear seats and door-to-door carpeting—now standard in all models, including the

modestly priced Biscaynes. And, of course, the niceties of Body by Fisher craftsmanship.

You've got a wealth of power to pick from—engines from a peppery 140-hp 6 to a 425-hp V8! And you've got the '64 Jet-smooth ride to cushion you from road noise and vibration.

Been promising yourself luxury like this someday? Your someday is here, as your dealer will gladly show you. *Optional at extra cost.

Clayton Appointed To Soil, Water Committee

House Speaker Byron Tunnell has announced the appointment of Representative Bill Clayton of Springlake to the Interim Committee on Protection and Development of Soil and Water Resources.

The three man committee, provided for in a Resolution authored by Rep. Clayton, is directed to study the problems incurring as a result of the growing shortage of water in the state with the responsibility of offering new methods of pro-

tecting the vital natural resources of both water and soil within Texas.

In making the appointment, Tunnell commented, "Rep. Clayton, in this, his first session in the Legislature, distinguished himself in his service as a member of the Committee on Conservation and Reclamation. His keen interest in problems of conservation should promote valuable action from this committee."

Friona To Host Regional Group

The monthly meeting of the Panhandle Regional Water-Sewer Association will be held at 7:30 p. m. today at the American Legion Hall.

A representative from the Bureau of Reclamation will be the featured speaker. He will discuss the Canadian River project.

Three city employees attended the West Texas Regional Water-Sewer refresher school sponsored by the Texas State Health Department the first three days of the week in Lubbock. They are Clyde Fields, Pete Hollis and Howard Love.

Attendance Good At Educational Program

A large number of adults and about 50 students attended the Educational Council meeting in the auditorium at 3 p.m. Sunday. A report on a study made by local citizens concerning some of the problems facing parents and children was handed to each person present.

Dr. Hugh Pennal of Amarillo, guest speaker, was introduced by Dr. Lee Cranfill. Following the talk there was a question and answer session in which adults and students partic-

ipated.

A questionnaire was passed out to parents and the overwhelming majority endorsed the program of study and education which is being planned.

At the close of the meeting parents of each class from sixth grade through senior class met in individual groups and elected class representatives to attend future sessions of the organization.

Dr. Cranfill, spokesman for the group, encourages any adult in the community to attend meetings of the council, whether he is a parent or not. He also pointed out that parents, even though they were not elected representatives from any class, should feel free to attend meetings at any time.

Notices of future meetings will be carried in the Star.

NOW MAW . . . A sample of the fun which is in store at the Classroom Teachers' talent show next Thursday (November 21) are these two members of the cast. In this case, "Maw" is Gladys McVey, and "Paw" is Bill Wooley.

County Officer Is Conventioneer

Ruby Nell Bruns, county Republican vice-chairman, attended the Texas Federation of Republican Women's biennial convention in Houston October 27-28. Some 500 women attended.

Among dignitaries attending were John Tower, U. S. Senator from Texas, the Honorable William E. Miller, U. S. Representative,

40th District, New York, chairman of the Republican national committee, and Ed Foreman, Texas congressman.

Accidents in farm homes take approximately 2,600 lives each year. Falls lead the list. Anchor scatter rugs with skid-proof backing, and keep stairs uncluttered and well-lighted.

Enforce the rule of no extra riders on farm machinery. Small children are often injured by machinery in driveways and work areas. Keep them out of these areas unless closely supervised.

Modern Study Club Has Colorful Program

Using the quotation "Come catch a rainbow, make it your own, and build a house of color, where it's fun to be at home," the theme of the Tuesday evening meeting of Modern Study Club at Federated Club House, the program was presented by two guests and three members.

The meeting was opened with prayer by Willard Stewart, Susie Spring, daughter of Dr. and Mrs. Paul Spring, and Deann Dickson, daughter of Mr. and Mrs. Weldon Dickson, presented piano solos.

"Use of color in the home," was narrated by Mary Kate Zeman and Beth Thompson as Gerry Taylor showed color slides showing different color combinations in furnishings and accessories and the effects that may be obtained by using different colors.

During the brief business session plans were made for sending Christmas gifts to the Wichita Falls State Hospital. Hostesses, Wana Brewer and Louisa Wilson, served refreshments to one guest, Betty Talley, and 21 members.

GUEST ENTERTAINERS -- Susie Spring and Deann Dickson were guest entertainers at the Tuesday evening program of Modern Study Club. These young ladies presented piano solos.

COLORFUL IDEAS -- Gerry Taylor, Mary Kate Zeman and Beth Thompson presented a number of different ways of using color in different combinations to create more beauty in your home at Modern Study Club's Tuesday evening meeting at Friona Federated Club House.

Tasting Bee Friday Evening

Arrangements have been completed for a Tasting Bee in the school cafeteria Friday evening. Everyone in the community is invited to attend the Tasting Bee for supper before attending the Chieftain-Olton football game by members of Friona's Future Homemakers of America chapter.

Tickets are on sale by members of the organization or may be purchased at the door. Serving will begin at 5 p.m.

Accidents kill one farm resident every 47 minutes. Every 33 seconds a farm resident suffers a disabling injury.

Ball moss growing on trees in Texas is related to the pineapple.

Of Interest To THE WOMEN

Lodges Host Joint Thanksgiving Dinner

One of the highlights of the year for members of Friona's Rebekah and Oddfellow lodges was a joint Thanksgiving dinner beginning at 1 p.m. Sunday at Oddfellows Hall. Friends of the members were special guests.

Fall flowers and fruit arrangements were used for table

decorations. Turkey with dressing and traditional dishes were served.

Those signing the guest register were Rev. Gifford and Mrs. Towle, both missionaries in India, Mr. and Mrs. Carl C. Maurer, Mrs. Lillie Taylor, and Mr. and Mrs. Minnie Orr and Mr. and Mrs. Bert Romer,

Maquakets, Iowa.

Also Guy and Ora Lee Smith, Lela Balmum, Mr. Wright and Pauline Blaxom, Clovis; Mr. and Mrs. Lewis Pederson, Baltvea, North Dakota; Mr. and Mrs. Charlie Wise, Otis Massey, Mr. and Mrs. Sam Williams, Mr. and Mrs. Roscoe Parr and Roscoe Jr. and Mr. and Mrs. Charlie Wise and Randa Allen.

Also Mr. and Mrs. Floyd Brookfield, Ronnie and Joan Gail, Mr. and Mrs. Lee Renner and Dickie Lee, Mr. and Mrs. Joe Moyer, Luther Scales, Shirley, Dian and Tommy; Mr. and Mrs. Cayson Jones and Mrs. I. V. Day.

Also Mr. and Mrs. Jay Sanders and David, Mr. and Mrs. H. G. White, Mildred, Melva, John and Ruede Rule; Lucy Jones, Mr. and Mrs. Raymond Adams, Mrs. Waymon Wilkins, Andrea, Dixie, Charlie and Eddie, Alan Zeman and Mr. and Mrs. Bud Reed.

OFFICIAL VISITS -- Mrs. Robert N. Tipps, Denver City, first vice-president of Caprock District of Texas Federation of Women's Clubs, visited in Friona and presented a workshop for members of local federated clubs and their guests. She is pictured here with Mrs. Sloan H. Osborn, Mrs. Walter R. Riethmayer and Mrs. Wesley Hardesty.

Workshop Conducted For Federated Club Women

Mrs. Robert N. Tipps of Denver City, first vice-president of Caprock District of Federated Women's Clubs, conducted a workshop for federated club women in Friona Saturday.

Leading topic of discussion was the hows and whys of club reporting.

Twenty-two local women and two guests, Mrs. Gil Lamb and Mrs. O. M. Jennings, Muleshoe, attended the morning

meeting in Fellowship Hall of Friona Methodist Church.

Mrs. Newman Jarrell Jr. was chairman of arrangements. The three federated clubs in Friona are Progressive Study Club, Modern Study Club and Friona Women's Club.

Presidents of the respective clubs are Mrs. Walter R. Riethmayer, Mrs. Sloan H. Osborn and Mrs. Wesley Hardesty.

HOSPITAL NOTES

ADMISSIONS TO PARMER COUNTY COMMUNITY HOSPITAL SINCE NOVEMBER 6, 1963.

C. R. Elliott, Bovina, Mabelle Hartwell, Friona, J. A. Ostertag, Iowa; Cleles Perez, Jr., Friona; Pamela Grissom, Bovina; Manuel Rendon, Jr., Friona; Margarita Ramirez, Friona; Martin Garza, Friona; Ima Lee Hadley, Friona; Ernest Darden, Friona; Mrs. J. R. Caldwell, Friona; Mrs. Rex Cowart, Friona; Kyle Ray Harris, Bovina; and Adam Arevalo Jr., Friona.

DISMISSALS:

Inez London, Lola Telles & baby girl, J. A. Ostertag, Mrs. J. P. Jones and baby boy, Mrs. Richard Moore and baby boy, Mrs. Bobby Hudson, Jimmy Snead, Ricky Davis, James P. Macon, Mrs. F. S. Pounds, Pam Grissom, Andrew Wilson, Jack Templar, Mararetta Ramirez, C. R. Elliott, Robert Saiz, Mrs. Andrew Wilson, Ima Lee Hadley, Cleles Perez, Jr., Mrs. Mike Ellis, R. T. Eastman, Mrs. Delbert Vaughn and Adam Arevalo, Jr.

4-H Club Names New Officers

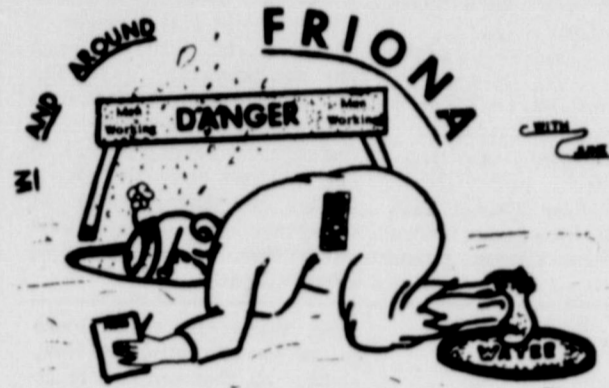

The Friona 4-H Club held the first meeting of its new year November 11. Deryl Coker, county agent, discussed the program for the coming

year with the club.

Officers elected were president; Brian Jameson; vice president; Randy Ellis; secretary; James Schlenker, council delegate; David Reeve; alternate council delegate; John Hoover and reporter Risa Howell.

Mr. and Mrs. Frank Stone of Lubbock were weekend guests in the home of Mr. and Mrs. Bill Ellis and daughter, Laura. The Stones, parents of Mrs. Ellis, returned home Monday.

Over 570 species of grass are native in Texas.

Most of the advertising material which comes to the office quickly finds its way to the trash container, but last week there was one exception.

Following the announcement of a wedding in the family coming up in December, a lot of samples of wedding invitations, napkins, thank you notes and other such items began to come in. I'm too curious to ever put anything in the trash without looking at it first, and last time this practice really paid off.

A package of samples from N.L.-ART CO., HOUSTON contained some very beautiful and unusual items. I particularly liked the napkins and had already ordered invitations, so answered the advertisement with an order.

I was more than pleased when I received the order early this week, but wasn't expecting the interesting note which came with the invoice.

Upon seeing the postmark on the order, the owner of the company, Ira Jenkins, who was principal of Friona High School in 1925 wrote a note. Apparently he left the teaching field soon after he left Friona because he wrote that he had been in the engraving business 35 years.

He indicated that he enjoyed living in Friona very much and remembered the Goodwine family, with whom he boarded, as well as a number of former students.

Veteran's Day was very quiet in Friona. Most business firms were open as usual and there was no formal observation of any kind. Old timers were heard contrasting the difference between Veteran's Day 1963 and Armistice Day 1918.

As the sun was shining brightly here and the temperatures were in the upper seventies, Mrs. A. O. Drake remembered the severe winter that followed a long summer drought that year. It was so dry there was no maize, so farmers summer tilled the fields and planted wheat that fall.

A blizzard came a few days after Armistice and it was more than 90 days before anyone saw the ground again. She went on to say that a bumper wheat crop was harvested in the summer of 1919 and that the price was very good.

Much time and effort is being spent by Mrs. Dalton Caffey and Mrs. David Eddington and their

Future Homemakers of America on the Tasting Bee which begins at 5 p.m. at the school cafeteria Friday. The food is being prepared by the girls and will be served buffet style until 7 p.m.

This arrangement should be very convenient for all football fans. You can park your car, eat your supper, then go to the game from the cafeteria.

Everyone is invited to support this effort and tickets may be purchased at the door. They are also available from members of the organization.

My apologies this week go to Mr. and Mrs. Jim Stell, Mr. and Mrs. Robert Wright and Mr. and Mrs. Calvin Martin. I really "goofed" last week when I moved Mr. and Mrs. Stell into Martin's house when in reality the Wrights moved in.

It is just that I misunderstood Mrs. Martin when she said "the butcher at Piggly-Wiggly." In my thinking it came out "the butcher at White's."

Since I know Mrs. Stell doesn't like to move, I'm guessing she was glad the report that she was moving wasn't really true. Sorry folks.

Ideas are very much like children... Your own are wonderful.

Christmas Party Planned Monday

Members of the Ruth Sunday School class of First Baptist Church met in the home of Mrs. Bob Knight Monday afternoon for their regular monthly business and social meeting.

Mrs. T. I. Bursleson Jr. presented the devotional. A committee report was given. Plans are being made for a Christmas party to be held at Friona Country Club at 7 p. m. December 5.

Guests In Brown Home

Recent guests in the home of Mr. and Mrs. Matt Brown and children, Steve and Gloria, have been Mr. and Mrs. H. L. Brown, of Oakland, Calif. The Browns are Mrs. Brown's parents.

Weekend visitors were Mrs. Beck Murray Jr. and children, David and Nancy, and Mr. and Mrs. George Brown and son, Bryan, all of Byers, Texas.

BOOK ADVICE . . . Mrs. Beryl Fish of Route 1, Friona, seeks advice from Lawrence Abernathy, publishers' representative, who was in Friona Tuesday at the book display in conjunction with American Education Week's open house. Second and fourth grade parents will be invited to visit the schools today.

Friona FFA Enters District Contests

The District Future Farmers of America leadership contests will be held at Muleshoe Saturday, and Friona FFA chapter will be hoping to equal their showing of last year when they won four district championships in six contests.

Once again Friona will be entering all six contests. They are senior and junior chapter conducting, senior and junior farm skills, FFA quiz and radio broadcasting.

Last year, the farm skills, radio broadcasting and FFA Quiz teams won the first-place district banner. The skills teams went on to win first in

the area contests, advancing to the state contest, where the senior team won first and the juniors took second - place ribbon.

David McVey and Benny Pryor are chapter advisors.

Leadership Teams going to Muleshoe, Saturday, include: Junior Farm Skills -- Mike Woolley, Mike Smith, Don Hoover, Tommy Jarecki.

Senior Farm Skills -- Joey Taylor, Jackie Clark, Danny Murphree, John Taylor, Travis Graves, Larry Johnson.

Radio Broadcasting -- Ronnie Brookfield, George Rushing, Don Collier.

FFA Quiz -- Bobby Jordan, Bob Carrothers, Jim Bob Jones, Mike Riethmayer, James Sides, Terry Fite, David Jones.

Senior Chapter Conducting -- Jerry Cass, Dale Milner, Mike Wilson, Jackie Stowers, Irvin Brooks, Gary Hand.

Junior Chapter Conducting -- Joe Murphree, Jimmy Grimsley, John Baker, Dennis Fallwell, Bill Weatherly, Danny Nettles, Danny Parker, Johnny Claborn.

Young Demos Name Delegate

Parmer County Young Democrats raised \$100 to buy one ticket to President Kennedy-Vice President Johnson Appreciation Dinner in Austin November 22 at a regular monthly meeting Tuesday night at Hub Community Building.

Mrs. Wyle Bullock, state committeewoman from 30th Senatorial District, spoke to the Young Demos on history of the Democratic Party.

Mrs. Clayton Graef, wife of the president of the organization, was named to attend the appreciation dinner in Austin on behalf of the club.

Leon Smith, Jr., vice president, presided at the meeting in the absence of Graef.

The club is open to all Democrats between ages of 16 and 35.

Next meeting of the group will be December 10. It, too, will be at Hub.

Yields--

(Continued from Page 1)

Tuesday.

At Black Grain Company, Paul Fortenberry said "This is a pretty fair crop. The harvest should be finished by the end of the week. Some are making lighter yields than last year, some better."

Weldon Stringer of Hub Grain Company felt that most of his customers felt their yields were "just a little under" last year's crop. "However, some said they made better crops this year," Stringer added.

Lillard Accepted By ACC Club

Jim Carl Lillard of Friona was recently accepted as a member of Phi Delta Psi social club at Abilene Christian College.

Lillard is a sophomore pre-dental major.

The 1962 graduate of Friona High School is the son of Mr. and Mrs. H. M. Lillard of Friona.

Cotton Wage Is Set At \$1.75

The Texas Employment Commission in Littlefield last week set the prevailing wages for holl pullers in Parmer County at \$1.75 per hundred.

Farmers using Bracero labor are reminded that in order to continue using them, they must pay the prevailing wage. The prevailing wage was effective as of Wednesday, November 6, so farmers who haven't paid \$1.75 per hundred since last Wednesday owe their workers the difference for cotton pulled since then, according to one labor official.

So, that's the way it looks to the elevator officials. Now, about all that remains to be done is tally up the totals. When official figures are announced, they undoubtedly will show that Parmer County's number one cash crop once again rang the bell.

CITY REPRESENTED

One Texas A&M University student is listed as a resident of Parmer County, a newly-released report of Registrar H. L. Heaton indicates. He is Don B. Clements of Route 2, son of Mr. and Mrs. R. G. Clements.

Jayson Bancare® Is The Wash-Wear Shirt That Irons Itself As It Washes And Dries!

Boosters Schedule Important Meeting

Next Monday's meeting of the Friona Booster Club will be an important one, states J. C. Claborn, president.

In addition to watching the films of the Friona-Olton game, the group will vote for its choice for the "Fighting Chieftain" award, which it instigated last year.

The player who receives the award gets a trophy to keep. In addition to having his name engraved on a plaque which

stays at Friona High School. Last year's winner was Mickey Wilson.

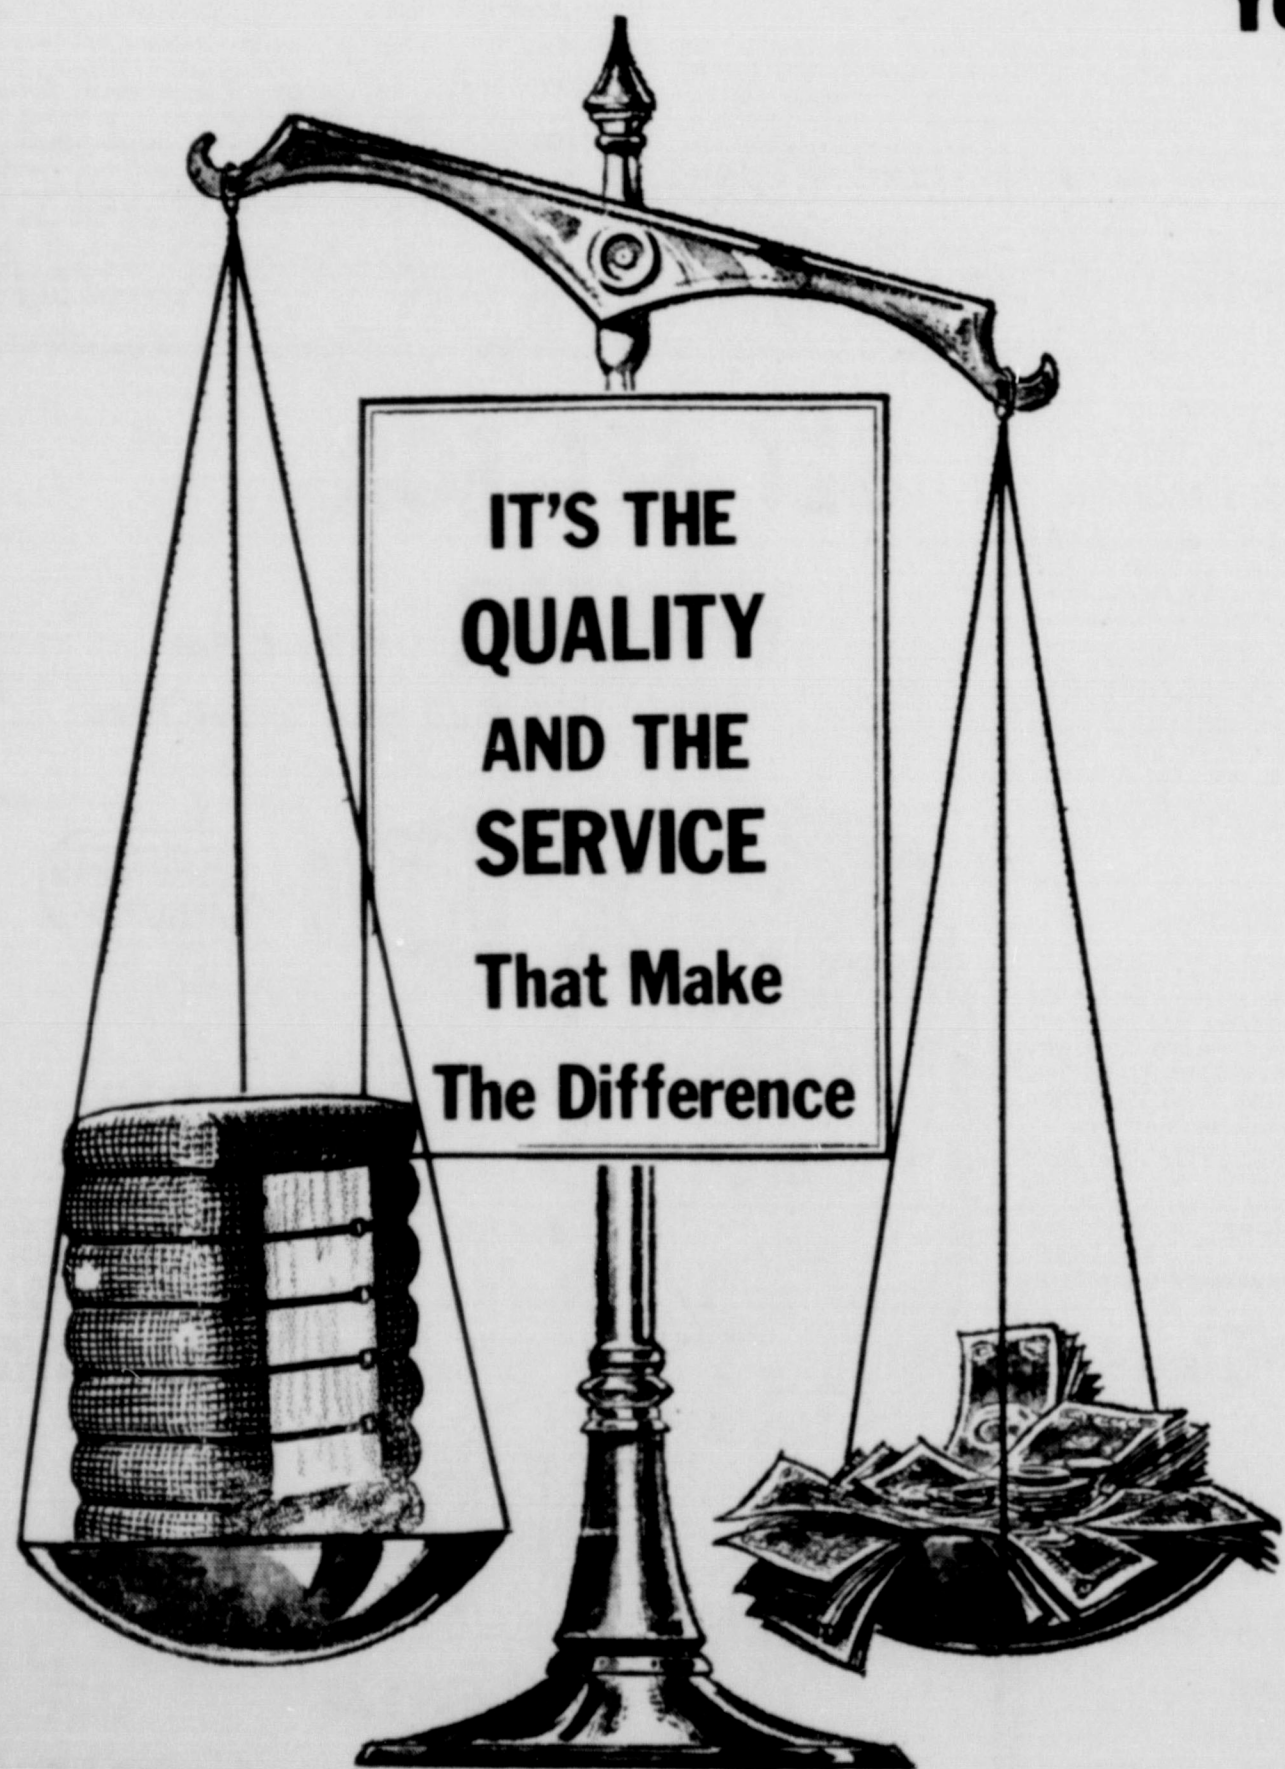

"We want to encourage all the fans to attend the pep rally this Friday at the high school gymnasium," Claborn said. The rally will begin at 3:30 sharp, according to school officials.

At the meeting this week, the Boosters voted to present each of the Friona coaches with a new suit of clothes in appreciation of the work done this year.

Chieftains Defeated, But Maintain Their Poise

The bubble finally burst for the 1963 Friona Chieftains, but the Chiefs proved that even in defeat they are champions. Friona lost the crucial district football game to Muleshoe, 13-0, but forced the hometown Mules to go the limit in order to win the game.

The Chiefs had several chances to "crack" in the game, as early fumbles put their back to the wall in the opening period. But Friona rose up to hold the Mules' offense, and drew the plaudits of their supporters by sending the Mules to the dressing room with just a 0-0 halftime tie to show for having the ball four times in Chieftain territory.

But Friona's offensive capability didn't come through as sid its defense, and Muleshoe was finally able to push across a score, and added another late in the game when Friona was forced to gamble to keep the ball.

As it was, the Mules were held scoreless for 33 and one-half minutes. They finally cracked the ice with 2:30 to play in the third quarter. It was the first time a district opponent had held the Mules scoreless until halftime.

Things looked good as Friona won the toss and elected to receive. Six times this year,

the Chiefs have driven for touchdowns the first time they had the ball. But the break turned into a bad one.

Tommy Baxter fielded the kick, fumbled it, went back to his five-yard line, and seemed to have things under control as he headed upfield. But a bone-jarring tackle at the 16-yard line separated Tommy from the ball, and the Mules pounced on it.

Friona rose to the occasion. Three running plays netted the Mules five yards, and on fourth down, a pass was out of reach of the intended receiver, and the Chiefs took over on their own 11-yard line.

Gary Renner, Everett Gee and Doug Dodd carried for the game's first down, and Baxter's nine-yard run put the ball on the 30. But two plays later another fumble gave Muleshoe the ball back.

This time the Mules lost yardage on three plays, to the 32. Proof of their respect for the 1963 Chieftains is seen in the fact that they elected to punt from the Friona 32-yard line. Trying for a coffin corner, the Mule punter barely missed, and the ball came out to the 20.

Three plays found Friona advancing the ball just seven yards to the 27, and the Chiefs had to punt. A Muleshoe player

rushed through to partially block the punt, and the Mules took over on the 50-yard line.

The Mules finally made a first down, but lost the ball on a fumble at the Friona 30. Renner ran seven yards, and Gee 11. Friona made a first down at their own 46 as the first quarter drew to a close.

Three running plays advanced the ball to the Muleshoe 47-yard line. Gee punted from that point on fourth down, and the ball barely rolled into the end zone, giving it to the Mules at their 20. Muleshoe picked up another first down, but they were forced to punt again.

Friona took the ball at their own 43-yard line. Two plays gained just two yards, and the Chieftains elected to quick-kick on third down. Gee didn't get a good roll, and the Mules took over on their 20 once again.

This time the Mules had their longest drive of the first half, going for three first downs to the Friona 47, but again lost the ball on a fumble.

Dodd picked up two yards to the 49, and then Gee ran 10 yards to the Muleshoe 41. This turned out to be as far into Mule territory as Friona was able to advance all evening.

Dodd's blockers failed to function, and he was nailed for a four-yard loss, and on third down a passing attempt failed to click. On fourth down, Gee punted to the Mule six yard line, and the clock ran out for the first half with the Mules deep in their own territory.

The second half started out to be much the same as the first. Muleshoe received the kick, picked up one first down, and then punted. A fine punt of 50 yards came off the Mule kicker's toe, and Hargus decided to field the ball inside the five, returning it out to the 14.

The Chiefs ran the ball out to the 21, but a Renner pass was intercepted by Mule quarterback Ken Heathington, and he ran it back to the Friona 32.

Again the Chieftain defense was challenged. Muleshoe advanced to the Friona 14 yard line, but a fumble slowed things, and the Mules were

faced with a fourth-and-ten situation on the 14. A field goal was attempted from the 21, which would have been 31 yards counting the end zone, but it fell short and a bit wide.

Friona made four yards in two plays after putting the ball in play from their 20, and again chose to quick-kick. Muleshoe took over on its 40-yard line. The Mules made a first down to midfield, and then came up with their biggest offensive play.

Quarterback Heathington got outside left end on a rollout, and raced 43 yards before being forced out of bounds by Hargus at the Friona seven. This time the Mules were not to be denied, however, and on third down, Clifford Gray plunged over from the one. The kick try was blocked, leaving Muleshoe with a 6-0 lead.

It marked the first time Friona had been scored on in the third quarter this year.

The Chiefs finally completed their first pass of the game, when Renner hit Hargus for a 16-yard play as the third-quarter ended. Friona was again forced to punt, though, and Gee got off a good 42-yard boot.

Muleshoe returned the favor moments later, with a punt that Friona let roll to the Chieftain nine-yard line.

A 15-yard penalty for roughing the kicker gave Friona life on their own 25-yard line, and Hargus' 12-yard run, longest of the game for Friona, advanced it to the 37. Friona faced a fourth down at their 44, faked a punt but it backfired, as Renner was downed for an eight-yard loss.

Muleshoe took advantage of the lowered spirits to score its second touchdown, half-back David Jones scampering 25 yards for the score. This time Heathington's kick was good, and Muleshoe led, 13-0, with 1:25 to play.

Friona just had time for a couple of long pass attempts, which went incomplete. The Chieftains, who had lost nine games by this time last year, were in the unique position of having a long winning streak

Bufs Are Idle For Two Weeks

West Texas State University will have to wait three weeks before its football team can play another game. The Buffaloes are idle until November 30 when they travel to El Paso to meet the Miners of Texas Western.

West Texas State came out of Saturday's contest with New Mexico State University with a 24-24 tie. The Aggies went wild in the fourth period, taking advantage of a couple of fortunate breaks, to score 17 points and tie the Bufs. The tie score offset great performances by Jerry Richardson, Ollie Ross, Bill Lorange, Charlie Daves, John Varnell and many other members of the Buffalo squad. West Texas jumped out to a 17-0 halftime lead, but the ball took some funny bounces, as it has in almost every game this season, the Aggies were able to take advantage when the ball bounced their way.

Raiders Seek Fifth Win Against Miners

Texas Tech, already assured of equaling its best record in eight years, seeks to go over the 500 mark by downing Texas Western in El Paso, Saturday night.

El Paso hasn't been the easiest place for Tech teams to win. Texas Tech holds a slight edge -- 4-3-1 -- over Miner elevens in the Border City, but has lost four while winning only one Sun Bowl contest there.

Records fell in all directions as Texas Tech trounced Kansas State 51-13 here last Saturday to send its season mark to 4-4. The best mark a Tech team has compiled since 1955 was 4-6

in 1959 and 1961.

H. L. Daniels' field goal, his eighth of the season, gave him undisputed possession of the Southwest Conference one-season mark and increased the career mark to 14. Also, eight is the most any SWC school is credited with.

Play Today

Friona's B-team will close out its 1963 season at home with Boys Ranch today. The has won over Tucumcari and Portales. When the two teams met at Boys Ranch, the score was 18-14 in favor of the Ranchers,

CARD OF THANKS

Words are inadequate to express the appreciation we feel for all expressions of friendship and sympathy we received from neighbors and friends following the birth and death of our son and grandson, Michael Brent Ellis.

We are deeply grateful to the nurses at Farmer County Community Hospital and want everyone to know that everything done in our behalf will long be remembered.

Mr. and Mrs. Mike Ellis
Mr. and Mrs. Eugene Ellis
Mr. and Mrs. Joe B. Douglas 7-1tc

Coconut palms can be grown near Brownsville.

Washington palms taller than 100 feet have been grown in the Lower Rio Grande Valley.

CARD OF THANKS

I want to thank my friends for the kindnesses shown me during my illness. I appreciate the flowers, cards, visits and everything which was done for me.

I would especially like to thank Dr. Lee Spring and the nurses for the wonderful care I received and the blood donors, Roy Wilson and Leon Coffey. May God bless each of you.

Mrs. Lucy Vestal 7-1tp

"THOU HAST ANSWERED RIGHTLY" (Luke 10,28)
A lawyer has questioned Our Lord, wondering if there were not some novel step to be taken, some new place to visit, some person to consult in order to be saved, Jesus brought out the answer by leading the lawyer to affirm the everlasting truth that lies at the basis of all religion: "Thou shalt love the Lord thy God with thy whole heart, with thy whole soul, and with thy whole strength, and with thy whole mind; and thy neighbor as thyself." Our Lord's approval of this answer obviates the need of further questioning by us, or by anyone.
Love is "the fulfilling of the law." With love, every duty is accomplished; without it, none. The divine law demands simply that one should live out all that is implied in this fundamental commitment-an obligation that cannot be misunderstood, that admits of no escape, no excuse. When we love as we should, we consecrate all our strength to making God's interests supreme; and we place our neighbor before ourselves.
If I could but make this ideal my own! If I could but reflect in my conduct, as the Holy Men of the past have done, the implications of the faith which is mine as well as theirs! For one blessed moment at least, I see now what the old mystic saw centuries ago when he wrote in "Praise of Love": "Tell me, O heart of man, wouldst thou prefer to rejoice always in this world, or always to be with God? Whichever pleaseth thee best, that choose . . . Love, then, that thou mayst be able to choose; love more fervently that thou mayst be able to choose more happily; love God, that thou mayst be able to choose God; for it is by loving that thou dost choose."

News From LAZBUDDIE

BY MRS. C. A. WATSON

Mrs. Fritz Ihnseldt, Holly, Colorado, visited her sister Mrs. Marvin Mimms and family recently.

Visiting Mrs. T. D. Reed Sunday were Mr. and Mrs. Boots Reed and Doyle, Pacos, Mr. and Mrs. Fred Clemmits and Tommy, Muleshoe, Mr. and Mrs. Hedy Russell from Brady, Mr. and Mrs. J. Matthews and children and Mr. and Mrs. Olan Ivy and Gail, Lazbuddie.

Johnny Mitchell, son of Mr. and Mrs. Euel Mitchell received a broken nose at Hart Friday night. He was taken to Littlefield and was hospitalized until Sunday.

Mrs. Oran Broyles went to Amarillo Tuesday of this week to see a bone specialist for a foot ailment.

Mr. and Mrs. C. C. Matthews left last week for Bucannon Dam where they will spend the winter.

A. E. Newsome was the winner of 5000 Gunn Bros. stamps given by Cashway Grocery Saturday.

Charles Vaughn and son, Bruce, El Paso, visited his mother, Annie Vaughn and sister, Myrtle Steinbock, the T. D. Vaughns and Mr. and Mrs. R. G. Treider.

Mr. and Mrs. Raymond Treider Jr. and children left Saturday for Okmulgee to visit her grandmother, Mrs. Sneed, who had a heart attack and is in poor condition.

Mr. and Mrs. H. C. Lee and granddaughter, Shirley from Progress visited Mr. and Mrs. T. L. Byrd Sunday afternoon.

Mrs. James Marler and daughter, Tresa Sue, Amarillo visited her parents Mr. and Mrs. E. C. Ketchum while her husband attended the Federal Land Bank Convention in Colorado Springs this week.

Spending Sunday with the E. C. Ketchums were Wanda Ketchum, Lubbock and Mrs. Mona Davidson and Cindy, Amarillo, Edward Ketchum, Amarillo, and Thomas Ketchum, Canyon.

Rev. and Mrs. Calvin Beach left Monday for San Antonio where they will attend the Baptist Convention this week.

Mr. and Mrs. John Littlefield visited their son Carroll in Ft. Collins, Colorado last weekend. Carroll is attending college there, majoring in wild life management.

Mr. and Mrs. Preston Cargile and children, Lariat, spent Sunday with her parents, Mr. and Mrs. Charlie Watson.

Congratulations to Loma Gustin for being crowned Queen of the Six Month in the Tops Club held in Muleshoe last week.

A queen is crowned every six months for meeting all the requirements of the Tops Club rules best. Loma received all the money the members put in the Club's Piggy Bank as well as receiving gifts from several merchants in Muleshoe.

Eva Hattaway, Amherst is spending this week with the Leon Smith Sr., family and the J. V. Bouldin family.

Mr. and Mrs. Darrell Jennings, Lubbock visited the week end with the J. B. Jennings family and James Robinson family.

Birthday greetings to Palma Hawkins, Peggie Mayhew, Jennie Steinbock, Judy and James Koelzer, Kim McDonald, Bobbie Matthews, J. J. McDonald, Dodavah Lawrence, Angelo Trevina, Ann Blackstone, Susie Whitfield and Elaine Vanlandingham.

Pat Chitwood and Linda Weaver visited with Pat's

Frionans Are Members Of WT Honor Society

Robert Buell Sanders of Friona, and Mary Lemmond of Avery (formerly of Friona) were among 56 new members initiated into Alpha Chi, national honor society at West Texas

State University. Membership in the society is comprised of the upper ten per cent of the junior and senior classes.

Sanders is the son of Mr. and Mrs. Buell Ernest Sanders of Friona. He is a junior majoring in speech, and is a member of Mary E. Hudspeth, campus honor society for freshmen and sophomores.

Miss Lemmond, daughter of Mr. and Mrs. Guy Lemmond of Avery, is a junior speech major. She is a member of Pi Kappa Delta, honorary forensics fraternity; Kappa Pi, honorary art fraternity; Buffalo Masquers, campus drama fraternity; and Mary E. Hudspeth, campus drama fraternity.

WELCOME TO FRIONA

Mr. and Mrs. Warren Conner and daughters, Connie, 4, and Cathy, 2, are pictured here in their home at 1105 Elm Street. The Connors recently moved from Dallas to Friona. Conner is associated with Bill Sheehan in his law office. He is a graduate of Southern Methodist University at Dallas, but grew up in Seay, Texas. Mrs. Conner is a native of Dallas.

Livestock Survey Begins This Week

Rural mail carriers from the Friona post office will leave some livestock survey cards along their routes beginning Friday, November 15.

"Information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms," Postmaster Martha Clements explained.

Rural carriers distribute the cards at random in boxes along their routes.

"This means that not every box will get a card," Mrs. Clements said.

"For this reason, it's important for everyone who gets a card to return it filled out so that USDA can get a true sample of the State's livestock holdings."

Carriers assisting with the survey are Noyle Wood, Route 1; Mrs. Claude Blackburn, Route 2; and Lewis Gore, Route 3.

Facts and figures secured in this survey are the basis for Texas and National pig crop report and inventories of livestock and poultry on farms as of the first of the year. Stockmen and many others use this information in making business decisions.

Survey results will be widely distributed through Texas Crop and Livestock Reporting Service releases, newspapers, farm magazines, radio and television.

Girl Scout Notes

Girl Scout Troop 93 met Monday of last week at Sixth Street Church of Christ annex and discussed progress being made on "Sign of the Arrow" and "Backyard Fun" badges.

The assistant leader, Nergis Yazgan, taught the girls to say several words in Turkish, her native language.

School Menu

November 18-22, 1963

MONDAY: Macaroni and cheese, blackeyed peas, buttered beets, carrot sticks, blackberry cobbler, hot rolls and butter, milk.

TUESDAY: Hot dogs, potato chips, pickles, brownies, milk.

WEDNESDAY: Pinto beans, cheese sticks, greens, onions, corn bread, bread and butter, apple cobbler, chocolate milk.

THURSDAY: Pork chops, rice, green beans, cabbage slaw, banana pudding, hot rolls and butter, milk.

FRIDAY: Barbecue, potato salad, green limas, pickles, apple sauce cake, hot rolls and butter, milk.

Monday of this week the group met at the same place and made a Scout's Own trip to the location of the new Scout Home. After arriving at the location, they sang "Loyalty To Future Scout Home."

A flag ceremony in observation of Veteran's Day was held. Melva Rule was flag bearer. Gail McAllister, Carleen Green, Susan Vestal and Maris Ramos were color guards and Carls Mann was color protector.

Susan Vestal told the story of "The Star Spangled Banner" by Francis Scott Key, Kay Flethmayer read "Living Day By Day" from "Leaves of Gold."

A salute to American folk songs followed. Vonnie Brooks conducted "Camptown Faces" as a band composed of Vicki Knight, saxophone; Roxanne Hall, Amelia Sims, Fomalee Pector, Myra Sue Day and Andrea Wilkins, clarinets; Janet Mingus, Kay Flethmayer and Kelly Barber, flutes.

The girls then went to their secret hiding place where Nergis Yazgan and Glenda Mingus had built a campfire. Patrol 1 directed songs and Patrol 2 directed games.

Parmer Gas Users Reject Pioneer Gas Proposal

Entire County Well Represented At Meet

Parmer County farmers, representing every section of the County, held a meeting at the Bovina School cafeteria, Thursday night, November 7th and heard a letter read from C. I. Wall, president of Pioneer Natural Gas Company to Bruce Parr, President of Plains Irrigation Gas Users.

The letter suggested that the users agree (1) that 7.45% rate of return based on the fair value which findings were calculated by rate accountants hired by the gas company was a reasonable rate of return for the irrigation farmer, and (2) that the method of allocation used in Docket No. 300 before the Railroad Commission be the basis of any check and study.

The letter from the president of Pioneer was written in response to requests from gas users that Dr. E. A. Steinberger, the rate consultant hired by the High Plains Irrigation Gas Users, be permitted to check the work papers of the rate accountant used by Pioneer.

Bruce Parr, president of the Parmer County Gas Users Association and also president of the board of directors of Plains Irrigation Gas Users Association addressed the group and explained that the exchange of letters resulted from conferences held with officers of Pioneer by the Plains gas executive committee.

He pointed out to the group that Pioneer was advised at these meetings that before any figures would be accepted by the Association, the basic figures for any conclusions would have to be checked by Dr. Steinberger.

He also pointed out that it would be "entirely unjust and unreasonable to suggest that the gas users or any irrigation farmer be bound by any finding in Docket No. 300 since Pioneer made every effort possible to exclude the farmers from the hearing itself and since no farmer was a party to the suit as such and irrigation rates were not in question at that hearing."

Docket No. 300 was an application by Pioneer to fix a gas rate to the majority of the cities served by Pioneer.

After much discussion with respect to the letter, the group unanimously voted to recommend to the board of directors of the gas users that the proposals be rejected.

Parr then called on John D. Aikin to bring the Parmer County farmers up to date on

the most recent activities of the Association.

Parr explained that he had served on the board of directors and/or the executive committee of the board ever since the organization of the Association and that during that entire period, numerous efforts had been made to compromise what he termed an unreasonable rate being charged for irrigation gas and to substitute "some equitable contract for the ridiculous 30-day agreement presently in effect between Pioneer and Plains Irrigation Gas Users," but that these efforts have come to no avail.

He reviewed the various meetings of the board of directors and the executive committee as well as the meetings with officers of Pioneer during the summer of 1963.

His remarks were followed by a brief summary of the legal complexities involved in the gas users' problems and a brief explanation of the history behind Docket No. 300. A letter from Pioneer was then read to the group.

Aikin explained that the directors of Plains Gas Users had always taken the position that the only thing that farmers wanted or needed was the same protection offered cities, towns and villages under the regulation of the Railroad Commission. It was explained that the sale of irrigation gas to farmers by Pioneer constitutes an unregulated monopoly permitting Pioneer to charge any price they desire for irrigation gas.

W. L. Edelman expressed his appreciation on his own behalf and for the farmers of the county for the work done by the officers, directors and committees of the board of directors of Plains Irrigation Gas Users Association, and expressed the opinion that "if the board continues to use good judgment and leaves no stone unturned the farmers in the High Plains will ultimately gain the right to obtain natural gas at a fair price."

Americans Buy Meats Confidently

Americans can have confidence in the meat they buy in today's markets, says Ed Uvecek, livestock marketing specialist at Texas A&M University.

It is examined for wholesomeness by means of an inspection system and has been systematically graded to indicate quality differences, he says. Inspection and grading are the two most important areas in the marketing of livestock and meat in this country.

A new Texas A&M University Extension leaflet, L-585, explains each inspection stamp used in the state and the differences in the U. S. Federal meat grades. The various inspection stamps are examined in detail and the meaning of the lettering on each is explained.

The publication also traces the recent changes which have occurred in the Federal grades for each species. A special section explains the USDA dual grading system which was in effect for a one year trial period, from July 1962 to July 1963. The USDA is presently proposing that the yield grade portion of the dual system be incorporated into the old grading system.

A copy of this leaflet can be obtained from your county agricultural agent or by writing the Department of Agricultural Information, College Station, Texas.

THE HIGH PLAINS FARM AND HOME

'THE PRETTIEST FALL I HAVE EVER SEEN'

Those were the words of just one Parmer County farmer last week, but they are representative of the attitude of every farmer on the irrigated High Plains.

Although the growing season is "officially" over with the

first frosts occurring last week, the blessings of sunshine and dry weather are still with the area.

Parmer County area farmers have needed no urging to get into action with the advent of this extremely helpful attitude on the part of Mother Nature.

They have blitzed the 225,000-acre grain sorghum crop with an army of combines and trucks that may well set another record in speedy harvest -- and in recent years the time has been whittled to almost an eyeblink compared to a generation ago.

By the middle of this week, harvest is expected to be approximately three - fourths completed. Grain is going on the ground in every community in the area, as filled-up storage and an excruciating shortage of boxcars for shipping out leaves warehousemen and farmers with no alternative but to "rick it".

Cotton has opened beautifully now that it has felt the sting of frost, and although wholesale stripping is perhaps another week or two away, enough cotton from hand-pulled fields and early - maturing fields suitable for stripping is coming in to keep the gins turning.

If cotton maintains its present excellent condition--and again, weather is the determinant here--the stripping machines are expected to duplicate the feat of the grain combines and harvest the 1963 cotton crop in record time.

At Home In Parmer County

By CRICKET B. TAYLOR
County HD Agent

The gold star 4-H boy and girl were selected at the county achievement program Saturday night. This means that they were outstanding in their project work and 4-H activities. Janis Billingsley and John Gulley are 1963 Gold Star winners in Parmer County.

The success of a boy or girl in 4-H work depends to a large extent on his or her parents interest in helping the youngster decide on projects which will best suit the family and home situation.

A good example of parent interest is found in the Leon Billingsley family. Janis is the fourth gold star winner in this family, her mother was a gold star winner and 4-H member and is now a 4-H leader, the grandmother of Janis, Mrs. E. W. McGuire was also a 4-H club leader.

Now that the 4-H achievement program is over, thoughts turn to 1963 plans and projects. Meetings will be held this month to enroll new members where accompanied by parents. For those not so familiar with 4-H work there may be questions like these.

What is 4-H? This may be answered by saying "it is a group of young people learning to work and plan together under skilled leadership."

Who is eligible? Any boy or girl whether town or rural between the ages of 9-18 may join a 4-H club by agreeing to work on a project and follow 4-H ideals and standards. The main requirement is a willingness to learn by doing.

What do they do? They carry on a wide variety of projects in agriculture, home economics, citizenship, and personal development. Developing character and good citizenship are long range goals.

Who's behind it? The 4-H program is part of the nationwide educational system of the cooperative extension service of the US Department of Agriculture, the state land-grant colleges, and county government. Local people, public spirited men and women serve as volunteer leaders trained and assisted by county extension agents in carrying out project work.

Meetings - Democracy In

Action: Here boys and girls learn and practice the fundamentals of our form of government. The educational part of a club meeting centers around individual projects and activities. Most of the work is centered around the home and family.

Your county agents located in the courthouse at Farwell can tell you how to get a 4-H club started or give further information on club work.

It's cotton-pickin' time in Parmer County, and a boy learns a lot about the work there is to do in the world when he's got a cotton sack over his shoulder. This is Jerry Ancira of Bovina who has weighed in his harvest and is unloading it into a trailer.

Cricket Taylor, Parmer County HD Agent, congratulates Janis Billingsley and John Gulley for being named County 4-H Club Gold Star award winners. Janis is the fourth member of her family to win the coveted award.

Janis Billingsley-John Gulley Named Parmer County Gold Star 4-H Club Award Winners

Selected as 4-H Gold Star girl and boy in Parmer County this year are Janis Billingsley 14, daughter of Mr. and Mrs. Leon Billingsley, Farwell and John Gulley also 14, son of Mr. and Mrs. Davis Gulley, Lazbuddie.

They were presented with their awards by Joe Harbin, electrification advisor for the Bailey County Electric Coop, assisted by Cricket Taylor and Deryl Coker, local extension service agents, at the 4-H Club achievement program held at Hub Community Center Saturday night.

The gold star award is the highest award to be given a boy

or girl on the county level. Janis and John will be honored along with other county gold star winners at the district 4-H club banquet in Amarillo Nov. 16. They will be accompanied to the banquet by their parents, and also Cricket Taylor and Deryl Coker.

Janis Billingsley has been a member of the Oklahoma Lane 4-H club for six years where she has been active in all phases of club work. Her projects include clothing, foods, safety, poultry, and electricity. She is a junior leader and a member of the junior leaders 4-H leadership club. In 1962 she won first place in the district bake show and received a \$100 bond.

John Gulley has been a member of the 4-H club for three years. His projects have included soil and water conservation, community improvement, electricity and field crops. He has won first in district on two demonstrations and second on one demonstration. He has presented demonstrations on all projects with the exception of field crops.

Award medals were presented to the highest scoring boy and girl in specific projects and project pins were given to those boys and girls completing project requirements. Adult leaders were presented with leadership pins.

- 4-H award winners were: Achievement: Katie Blackstone, Dale Blackstone; Beautification of the Home: Bruce Billingsley, Bernhard Elinger; Beef: Bobby Redwine, Dale Schueler, Wayne Schueler; Clothing: Sherree Rundell, Martha Coffey, Tina Rundell; Dress Revue: Judy Koelzer, Cheryl Kaltwasser; Electric: John Gulley; Field Crops: Danny Miller, Randy Bush, Bobby Redwine, Steven Foster, Curtis Drager, Raymond Drager, James Gulley.

Food and Nutrition: Cheryl Farnage, Janice Miller, Kathryn Cober, Ann Blackstone.

Garden: Byron Jamerson, Home Economics: Janis Billingsley, Kathy Coker, Shelia Vaughn.

Swine: Timmy Foster, Floyd Schlenker, Sam Morton, James Schlenker.

Public Speaking: Jill Mimms; Tractor-Garry Foster.

Rev. J. L. Bass, pastor of First Baptist Church in Farwell, was guest speaker for the evening. He stressed the need of training for service in order to lead a full life and also said training received as a youth was essential for one to achieve his highest potential. "One gets out of life what he puts in," said Rev. Bass.

Master of ceremonies was D. H. Foster, president of the county 4-H council. The 4-H pledge was led by John Gulley and other entertainment was furnished by 4-H clubs from over the county. The numbers included singing, piano selections, accordion numbers and stunts.

Refreshments were served by adult leaders at the close of the evening.

Do Big Shoes Cause Feet To Grow?

The above question was not submitted as a question. The mother told us that her daughter's feet were big because she had worn big shoes.

If she had been in a mood to be reasoned with (which she definitely wasn't) we could have pointed out that Hawaiian children wear no shoes at all most of their young lives but their feet are very short.

We would find it useful if big shoes did cause feet to grow because there are so many parents who would like to see the tiny feet of their children grow.

Until 1907 when the practice was outlawed, the Chinese bound children's feet to keep them small but the binding did not stop growth -- it just directed it so the feet became deformed knobs that would sicken the stomachs of anyone who saw them.

ROUND THE CLOCK FOR HARVEST

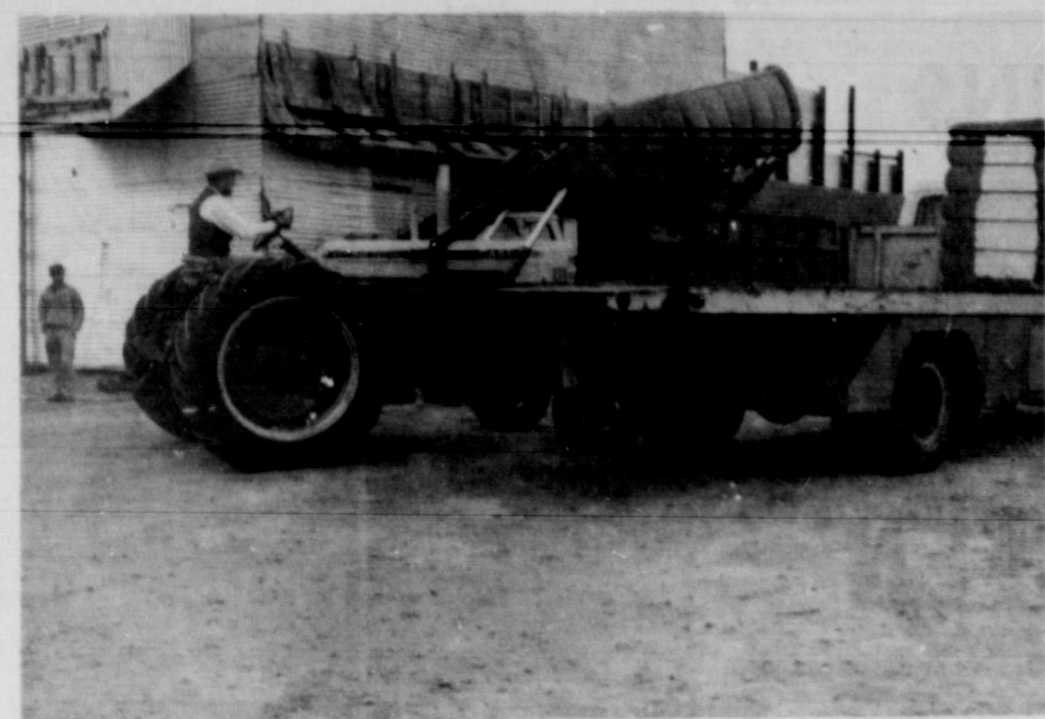

all of the year with all of the work involved is a time of joy for all, including the farmer, the elevator owner and the ginner who will each be able to leave a sigh of relief when the harvest is completed and with a smile say "It was well worth the effort," as they realize that their combined efforts have put money into the pockets of each.

It is at this time of year that all other things must be momentarily forgotten as men work round the clock shifts, skipping their usual daily bull sessions at the local coffee shops, where yarns are swapped and football games replayed to the satisfaction of each.

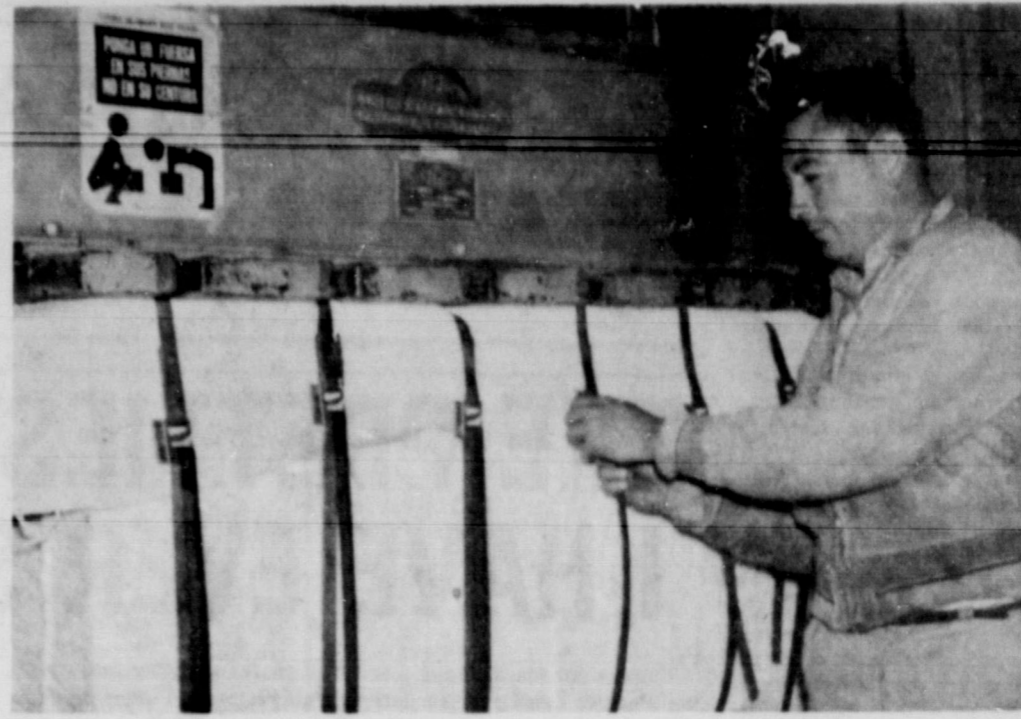

Roars of agony are heard as men postpone the long awaited fishing and hunting trips again and again and weary wives take over the chore of rearing the family singlehandedly for the few short weeks harvest is in progress.

Deep is something that the boss weary men seem to have heard of in the distant past and meals are often postponed for hours. Yet the echo reverberates from field to elevator and gin "Lets get the harvest out."

For the second consecutive year State Line Grain Co. is operating on a round the clock basis to enable the farmers to bring in the grain as soon as it has been harvested. Bill Dollar, elevator manager, says that ten men man the operation with

A front-end loader on a tractor takes the work out of loading 500-pound bales onto a waiting truck. On the tractor is Wendol Christian, gin manager.

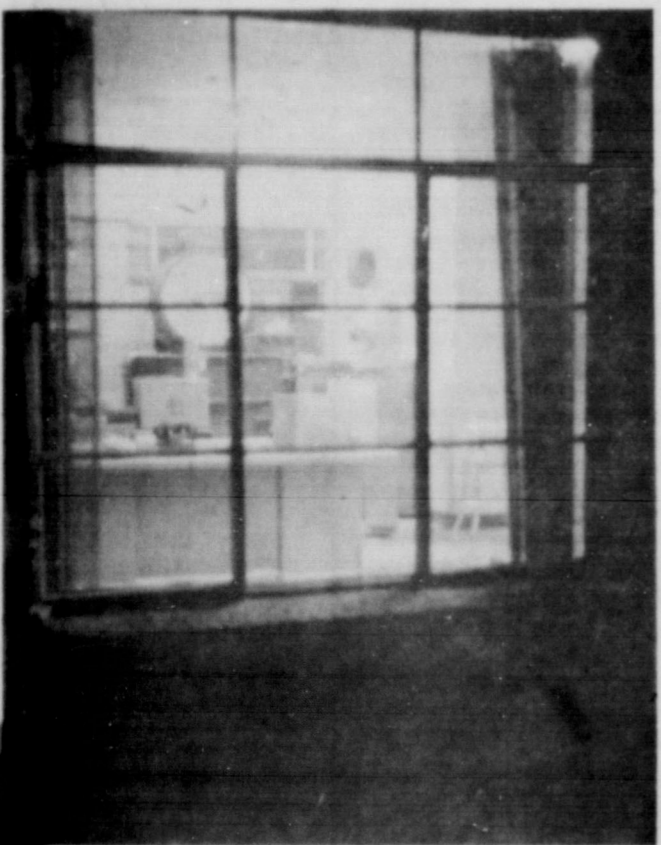

Henry Garcia, pressman at Oklahoma Lane gin, fixes the fasteners on the ties of a bale that is being compressed in the final step of the ginning process.

two five men crews working twelve hour shifts. Where do these men come from? The crews are made up mostly of transient workers who follow the harvest from one locale to another. Normally the elevator employs four men.

Dollar works with both crews and jokingly says, "I am now working 25 hours each day in (Continued on next page)

Floyd Coates, superintendent at Oklahoma Lane Gin, throws a switch and the equipment answers with a roar.

Bill Dollar, State Line Grain manager, waits for the scales to settle as another truck rolls on. This is a look through his office window at 11:30 p.m.

stead of the usual number," adding that his children have almost forgotten what he looks like as he spends so little time at home. The only time he gets home is for meals and most of them are postponed again and again, although he does not recall that he has missed a meal yet. "Sleep is something he could do more of," Dollar said

adding that most of his sleeping is done in snatches while standing."

The harvest season has been unusually long this year due in part to the weather conditions in the spring with planting delayed in some areas due to lack of moisture and the elements ruining young crops in other areas causing replanting. In addition to this, frost is later than usual this year and some crops cannot be harvested until frost falls.

Harvest will be completed in another two or three weeks, believes Dollar. He says that the yield is not as good as in previous years; however by end of the season he estimates that State Line Grain Co. will handle over a million bushels of grain.

Cotton harvest in the area is just beginning with all of the cot-

ton received at area gins during the past weeks of the hand pulled variety. With the fall of a killing frost all of this will change and gins will begin operating on round the clock basis to keep up with the pulling operations, after cotton strippers go into use.

The gin at Oklahoma Lane which has ginned only 50 bales to date is expecting to begin full scale operations in the next two or three weeks. The operation is under supervision of Floyd Coates, gin superintendent who is on call 24 hours a day, seven days a week during ginning season.

Coates is assisted in the operation by two crews, who work in 12 hour shifts. Employed on each of the shifts is a ginner, ginner's helper, two suction men, a yard man, a scale man, two press men and an extra

man who fills in where ever he might be needed. The men forget eating and sleeping for the period of time they are on duty.

The Oklahoma Lane Gin Co. co-owned by C. C. Christian, Troy Christian, Wendell Christian and Harold Carpenter maintains a complete service for the area cotton farmer; bringing in Spanish Americans from the valley each season to assist with harvest operations. These men are also used at the gin in different capacities.

All cotton handled by the gin is transported to Bovina with the cotton seed taken by truck to Lubbock. In addition to this the cotton burrs are returned to the farm of the owner to be used as a soil mulch if the owner so desires.

Cotton pours through the gin stands at Oklahoma Lane Gin. The peak of the harvest is probably two weeks away as yet.

Through the night the gleam of the yard lights at the elevators and the bobbing lights of loaded trucks pierce the dark of the

brisk fall darkness. Here a bobtail farm truck rolls onto the scales at State Line Grain in Texico-Farwell.

that the gin at Oklahoma Lane will handle about 50% of the 4,000 bales ginned there last season due to the shortage in acreage this year. Cotton acreage was cut by the government this year in addition to which the elements did their share in cutting the acreage still more. The yield this year is good considering weather conditions, says Christian.

The Old Timer

"Rich relatives seem to have one big advantage. They always live long."

Grain Sorghum Used In Emergency Feeds

Most of Texas is dry and much of the state is now faced with the problem of poor grazing, says Lel D. Thompson, animal husbandman with the Texas Agricultural Extension Service.

When this condition exists and the total feed intake of cattle must be supplied, probably the cheapest method is to supply energy by feeding sorghum grain, and limit the animal's intake with salt, explains Thompson. Although roughage is expensive and low in energy, some must be provided for proper ruminant digestion, he adds.

There are several alternatives for producers who have no pasture, according to Thompson. They can sell replacements if necessary, wean and sell calves as early as possible, cull low producers and confine animals to traps or drylots and feed them.

A mixture of 34 per cent ground sorghum grain, 33 per cent of a 41 per cent protein supplement, 31 per cent salt, and 2 per cent trace mineralized salt, can be self-fed. Cattle will consume about five pounds of this mixture daily depending on the quality and quantity of the roughage they receive.

However, such a mixture is deficient in Vitamin A, states Thompson. Mature cattle need

about 40,000 International Units of Vitamin A per head daily and the synthetic form may be fed, placed in the drinking water or injected into the animal, advises Thompson. It is not advisable to mix the synthetic form with mineral or high salt feed mixtures and to leave it exposed to air, sunlight and heat.

The amounts of roughage fed daily should be limited, due to their high cost and low energy value, and low quality roughages should be ground. Though grinding costs may be too high on other types of roughages, rice hulls must be ground to prevent intestinal irritations, says Thompson.

For more information on feeding of cattle during these times of stress, see your local county agricultural agent or write the Department of Agricultural Information, College Station, and ask for "Emergency Feeding of Livestock," B-218.

HOW DO THEY DO IT? - -

COTTON FARMERS LAUNCH MARKET COUNTERATTACK

Cotton farmers launched a determined counterattack yesterday to hold and expand markets for their fiber by approving research and promotion projects calling for expenditures of \$2.6 million during 1964.

Projects totaling \$1.8 million for promotion and \$800,000 for research were announced at a meeting here of trustees for the Cotton Producers Institute, a voluntary organization financed by growers across the Belt.

Trustee Chairman Russell Giffen, Huron, Calif., said promotion projects will seek to better inform U. S. housewives and others on what cotton products have to offer in appearance, performance, comfort and economy. Campaigns are scheduled for the late winter and spring season and next fall.

Mass women's magazines, a national newspaper supplement, network television, trade magazines, and newspaper advertising by local department stores that cooperate in a spec-

ial retail promotion in major markets will be used.

Aims of research projects are to cut costs of producing cotton, to improve quality of the raw fiber, and to produce new or improved cotton products, Mr. Giffen said.

The trustee executive committee reported recent inspections by its members revealed the Institute's current research projects generally are making good progress. Ten such projects were renewed for another year.

The projects deal with systemic insecticides, nitrogen in fruiting and growth, verticillium wilt disease, men's cotton suits, tests of fiber strength, warm cotton fabrics, biochemistry of the cotton plant, chemical treatment of fabrics, and comparison of cotton's qualities with other fibers.

Funds were budgeted for 11 new projects. They include research on methods of improv-

(1) luster of cotton fibers, (2) chemical weed control in

irrigated cotton, (3) herbicide use on johnsongrass and nutsedge, (4) controlling perennial weeds, (5) cleaning cotton and removing short fibers, (6) biological-chemical insect con-

trol, (7) controlling verticillium wilt by systemic fungicides, (8) adaptation of cotton plant to minimum temperatures, (9) soil factors affecting systemic insecticides, (10) fabric develop-

ment, and (11) forming and shaping cotton garments at will.

In reviewing Institute activities for the past year, trustees noted market surveys, conducted in conjunction with nationwide advertising, show consumers now are more aware

of the qualities offered by cotton products. Effectiveness of Institute promotion also has been recognized through a national award.

Mr. Giffen pointed out grower participation in the Institute is expanding in established lo-

cations and growers in new areas have plans to organize.

"This business plan is making solid progress. However, it is equally obvious that the competitive pressure facing cotton growers is increasing. We therefore must expand partic-

ipation in the Institute as rapidly as possible," he stated.

Texas trustees for the Institute are Roy Davis, Lubbock; LeFoy Durham, Plainview; Roy Forkner, Lubbock; and Jack Funk, Harlingen. Mr. Davis is a member of the executive committee.

16 Wheat Varieties Tested At Halfway

Sixteen varieties of wheat were tested at the High Plains Research Foundation in the 1962-63 season. Delbert Langford, Associate Agronomist at the Foundation, conducted the test at Halfway. Nick Vilim, Chief Chemist for the Producers Grain Corporation, completed the various analyses at the firm's laboratory in Amarillo.

Wheat quality was measured in protein, sedimentation value and in actual bread baking tests.

Results show that good baking quality is not necessarily associated with high protein or sedimentation values or vice-versa. Since the government loan price is set up on a schedule of premiums and discounts based upon protein and sedimentation, some poor quality wheat is bringing premium prices while other good quality wheat varieties are being sold at a discount.

Varieties which rated a premium price based on protein were Ottawa, Bison, Commanche, Triumph, Kaw, Early Blackhull and Caddo. Of these, Ottawa and Early Blackhull were poor in baking quality, and Triumph was only fair. Premium prices, based upon sedimentation values, included Ottawa, Tascosa, Bison, Commanche, Triumph, Kaw Karkof, and Early Blackhull. Again Ottawa, Early Blackhull and Triumph were not graded as "good" in baking quality.

Warrior and Rodco wheat rated discount prices on protein and sedimentation, but scored as "good" quality wheat in actual baking tests. Bison, Commanche and Kaw were the only varieties in the 16 tested that rated premium prices based on both protein and sedimentation which also graded "good" in the baking tests.

Report No. 74 from the High Plains Research Foundation also shows the top yielding wheat varieties during the past three years, plus the agronomic characteristics of these varieties which should be considered in selecting the best variety for profitable wheat production. Oat and barley tests are also included in the report. The research report has been distributed to all farmers and businessmen who give financial support to the Foundation's free enterprise research work.

Dr. Earl Collister, Director of the Foundation, stated that the practical results obtained from the wheat research program at the Foundation will add several million dollars to the economy of the High Plains and Panhandle areas.

Farm-City Week November 22-28

Accomplishments of farmers and agribusiness groups will be related to city dwellers as a part of the observances in Texas and other states of National Farm-City Week, November 22-28. Activities designed to give rural and urban residents a better understanding of their respective roles in today's complicated and competitive world will be included in the observances, reports the Texas Agricultural Extension Service.

Nationally, Kiwanis International is coordinating agency for the Farm-City Week observance. Dolph Briscoe, Jr. of Uvalde and Calvin Pigg of Ren-

ner have been named co-chairmen for Texas. They are encouraging widespread participation in activities which will encourage better understanding and neighborliness between urban and rural citizens.

Officials of the Extension Service point out that county Extension agents, 4-H Club members and leaders and county program building committees are putting the final touches on plans to participate in community and county activities. They will also cooperate with other groups and organizations, such as civic clubs, chambers of commerce, women's clubs, farm organiza-

tions, commodity groups and others.

The Extension officials and co-chairmen point out that agriculture in Texas, as well as the nation, is a dynamic industry. Last year in Texas the total value of agricultural products amounted to more than either the total manufacturing payroll, the total construction awards or the total retail trade payroll.

Texas annually produces crops valued at about one and a third billion dollars and livestock and livestock products with a value of more than one billion dollars. The total of all agricultural sales plus the value of products used at home brings the figure to \$2,447,000,000. Only oil produces a larger annual dollar, they say, and agriculture is the oil industry's largest customer.

Classing Office Samples 136,000 Bales To Date

The Lubbock U. S. Department of Agriculture Cotton Classing Office handled 53,300 samples last week to bring the season's total to 136,300 bales, according to W. K. Palmer, chairman at Lubbock. Mr. Palmer went on to say that at the close of business Friday, the Lubbock office had a carry-over of 12,000 bales.

Joe Brevard, chairman for the Lamesa office, reports 22,700 samples classed with a carry-over of 3,000 bales. The season's total for Lamesa is 69,000 bales.

At Brownfield, Wilburn Reeves stated that 9,700 samples had been classed for that area this week and they had a carry-over of 2,000 bales. To date

26,900 samples have been classed in Brownfield.

All three offices have classed 236,100 bales thus far. Last year on November 8th, 216,000 samples had been classed and there was a carry-over of 10,000 bales.

Average grades showed little change from a week earlier. Middling was the predominant grade classed in Lubbock, Middling Light Spotted was the main grade classed in Lamesa and Brownfield.

The percentages for the cotton classed in Lubbock were: 37 per cent Middling, 25 per cent Strict Low Middling, 18 per cent Middling Light Spotted, and 6 per cent Strict Low Middling Light Spotted. The other

14 per cent consisted of grades ranging from Strict Middling to Strict Low Middling Spotted.

The average staple ranged from 29.7 thirty-seconds of an inch at Lamesa to 30.2 at Lubbock. In Lubbock 15/16 inch was the predominant staple with 56 per cent. Fourteen per cent was 29/32 inch and 31/32 inch accounted for 23 per cent. Six per cent was 1 inch or longer.

Micronaire readings were excellent with 84 per cent 3.5 and above at Brownfield, 87 per cent at Lubbock and 98 per cent at Lamesa.

Market activity has been slow. The best demand was for light spotted grades of staple lengths ranging from 29/32 inch to 31/32 inch. Prices were quoted in the local markets at 25 to 50 points above the loan value. Middling 1 inch was still quoted at 32.50 cents per pound in the Lubbock market. Other prices were Middling Light Spotted 15/16 inch 30.10, Middling Light Spotted 31/32 inch 30.55, Strict Low Middling Light Spotted 15/16 inch 29.00 and Strict Low Middling Light Spotted 15/16 inch 29.00 and Strict Low Middling Light Spotted 31/32 inch 29.25.

Gin yard prices for cotton seed are generally \$52.00 to \$55.00 per ton. Sacked cottonseed meal ranged from \$75.00 to \$78.00 per ton. Bulk cottonseed hulls ranged from \$22.00 to \$23.00 per ton.

Screwworm Danger Not Over As Yet

The worst of the fall screwworm season may be over, but the danger period is far from being past, officials of the Southwest Screwworm Eradication Program have warned.

The dry weather which has been plaguing much of Texas has helped keep native screwworm fly populations down, eradication workers said. However, infestations could appear in many areas of the state that are now screwworm-free, if considerable rain is received and cold weather doesn't help keep down fly migrations.

The number of infestations reported to eradication headquarters at Mission last week was less than half of what it was three weeks ago. Counties

reporting the most cases are those that have had some rain in recent weeks, officials pointed out.

Eradication workers said nearly all of the cases are located in the southern parts of the state where screwworms have been known to be able to survive year-round. This makes it even more important that livestock producers take all precautionary steps to prevent additional cases from developing, they stated.

Measures recommended by eradication program experts that will aid in the battle to eliminate the screwworm from the Southwest include frequent inspection of livestock, treatment of wounds with smears and sprays and collection of samples from infested wounds so that positive identification of the insect can be made.

Sexually sterile screwworm flies are released near farms and ranches where screwworms are reported. The sterile males mate with native females, thus causing the eggs that are laid to be infertile and incapable of hatching.
