

# FHS Homecoming Game Scheduled Friday Night

## FIVE SEEK CROWN

### Queen Crowning Set Pre-Game

Homecoming activities will be held at Friona High School Friday night, with the Friona-Bovina football game as the main attraction, and the crowning of the 1963 Football Queen at FHS ranking as a close second.

School officials decided against holding a bonfire in conjunction with the activities, due to several conflicts tonight, including a "B" team football game at Boys Ranch, and a freshman game against Spring Lake here.

Preston Smith

### Smith Here For Lions' Ladies Night

Lieutenant Governor Preston Smith of Lubbock will be speaker for the annual Ladies Night program of the Friona Lions Club tonight at 7:30 p.m. at the school cafeteria.

Smith and his wife will be guests of the club for a reception following the program. It will mark the first appearance in Friona of the lieutenant governor since his election last November.

"We are fortunate in having Lieutenant Governor Smith as our speaker tonight. I hope that our club members and their wives will turn out 100 per cent for the program," stated Flake Barber, president of the Lions Club.

### Gospel Meetings Continue Here

There will be only four more discourses on the book of Revelation at the Church of Christ on Tenth Street by P. C. Key of Bryan.

Interest in these gospel messages has been good and area residents are invited by elders and members of the church to avail themselves of the opportunity to hear this speaker discuss the final chapters of the book.

One change in the proceedings from former years will be the queen's coronation in pre-game ceremonies, slated to be held at 7:40 p.m.

Five Friona High School girls are candidates for the queen's throne. They are Wessie Hand, daughter of Mr. and Mrs. Johnny Hand. She will be escorted by Gary Renner, Marcy Lynn Massie, daughter of Mr. and Mrs. W. M. Massie, is to be escorted by Tommy Baxter, Mary Ethel Wilson, daughter of Winston Wilson, will be escorted by S. D. Baize, Rose Ann Greeson, daughter of Mrs. Lester Dean, will be escorted by Glen Herring, Merylene Massie, also daughter of Mr. and Mrs. W. M. Massie, is to be escorted by Everett Gee. All of the candidates are seen-

(Continued on Page 2)

ONE WILL REIGN . . . One of these five Friona High School students will be crowned Football Queen in pre-game ceremonies Friday night. Standing are Merylene Massie, Mary Ethel Wilson and Rose Ann Greeson. Seated are Marcy Lynn Massie and Wessie Hand.

## COUNTY RIVALS

### Mustangs Seek To Upset Unbeaten Friona Eleven

The Bovina Mustangs will furnish the opposition for Friona's Homecoming game Friday night, and the Mustangs will be bidding to put a crimp in the 5-0 record posted so far by the Chieftains.

Apparently the Mustangs, who started off rather slowly, may have the team to do just that.

"We think they are equal or better than the Bovina team of

a year ago," Coach Don Light said this week. "It will be a different type of offense than we have faced this year," he added, speaking of their unbalanced line.

Coach Robert Taylor, who scouted both Bovina and Happy, said that the Mustangs appeared to be a much better team than Happy. It was pointed out that Bovina did a good job controlling the ball in their game against Meadow last week, with the losers getting the ball just three times the last half.

Bovina was hurt in early games in that they had key players out of action. They lost the season opener to Springlake, 25-8, then fell to Farwell, 46-0, in a game where their sparkling fullback, Tally Kelso, was injured.

Since then, with players getting able to play, they have beaten Whitharral, 45-6, Amherst 26-0 and Meadow, 14-0, on consecutive Fridays. Chances are the Mustangs will be "fired up" to beat their larger Farmer County neighbor this week.

Bovina is expected to pass quite a bit -- probably more than any team faced to date. Then the hard-running Kelso keeps a team "honest" with his running to the inside.

David Anderson, a defensive starter, is quarterbacking the Mustangs this year. Also in the backfield are lettermen Dennis Johnson and Ronnie Kelso. Ends are Al Shamblin, who transferred from Fort Worth, and Phillip Lloyd, who lettered as a sophomore.

One major change for Friona will be at end where Wayne Jones beat out S. D. Baize for the starting role this week. Other wingman will be Larry Buckley. Tackles will be Mickey Wilson and Dale Milner. Guards are Numan Loadman and Bobby Sims. Center will be Joey Taylor.

The backfield will line up as usual, with Gary Renner calling signals, Milton Hargus and Doug Dodd at halfback, and Everett Gee at fullback.

Friona will be at full strength for the game, with the exception of end Glen Herring, who is still out with an injury. "We're been pretty fortunate on injuries so far, but we're knocking on wood," Light said.

### Bank Deposits Show Increase

Deposits at the Friona State Bank were up 9.2 per cent over their level of a year ago, a check of the bank's statement of condition as of the close of business September 30 shows.

Deposits on September 30 this year stood at \$5,126,457. This compared to the figure of \$4,691,382.70 on deposit September 28, 1962.

All figures on the statement showed an increase. Loans and discounts jumped from \$3,413,726.67 a year ago, to \$4,065,158.58. Total resources climbed from \$5,136,646.51 on the 1962 September statement to \$5,634,952.75 this year.

On the asset side of the ledger, U. S. Government Bonds totaled \$633,920.48 this year, as compared to \$436,234.13 the same time last year.

The bank increased its certified surplus from \$150,000 to \$200,000.

Charles E. Allen, vice president of the bank, stated that deposits at Friona State Bank had been at a good level all year, following its record deposit total the first of the year.

"We didn't make a good wheat crop for the second straight year, but anytime you have record crops like we did last fall, the economy is going to be better," Allen said.

### Fire Ruins Basement

A fire which struck the basement of Claborn Funeral Home at an early morning hour Tuesday ruined equipment belonging to Ruthie's Flower Shop, and did extensive damage to the basement and back portion of the funeral home.

J. C. Claborn, owner, credited fast work by the Friona Volunteer Fire Department as holding the damage down considerably.

"The damage was restricted to the basement and back of the building. There was no damage to the front at all," Claborn said.

Ruthie Fite, manager of the flower shop, said that the two rooms in the basement contained glassware and wedding equipment. Neither Mrs. Fite nor Claborn had come to an estimate of the amount of damage done by the fire at press

(Continued on Page 2)

### BREAKFAST FRIDAY

## Hospital Drive Slated To Begin

A kickoff breakfast for the Farmer County Community Hospital building fund drive will be held Friday morning at the Golden Spread Restaurant, according to Charles Allen, general chairman of the drive.

Allen stated that team captains, which have been appointed, will meet with the hospital's board of directors, to map out the campaign.

"We realize that everyone is as busy as they can be, and that it is a bad time to make a drive, but we feel also that we need to get started," Allen said.

It was pointed out that some of the team captains are farm-

ers, who are busy with the harvest season. But, with the expectation of bad days where farming activities are halted, these team members would be able to function.

It is planned to add a wing onto the west of the hospital, giving it 10 additional private rooms, at a cost of around \$63,000. The proposed rooms would be 12 by 14 feet with baths, and would be so designed as to convert into semi-private rooms when necessary.

Team captains announced thus far include Porter Roberts, Flake Barber, Mrs. Marty Mar-

inez, Andy Hurst, J. B. Buske, and W. B. Buske.

### Scouts Slate Candy Sale

Boy Scout Troop 56 will sell candy Saturday beginning at 9:30 a.m. to raise funds for troop activities.

The public is asked to contribute used or broken toys to the Scouts on Monday, which they will repair, and distribute to needy children for Christmas. Anyone wishing to donate toys should bring them to the rear of the American Legion Hall, between 7 and 8 p.m. Monday.

### KAREN AGEE

## Student Is Again Contest Winner

For the second straight week, a Friona High School freshman student was the winner in the Friona Star's Cotton Bowl Football Contest.

Karen Agee, daughter of Mr. and Mrs. Maynard Agee, won the first prize of \$5 by correctly picking nine games in last week's contest entry blank. She missed only the SMU-Air Force game, one which tripped up several entries.

Karen was the only entrant to correctly pick nine games. In second was Jackie Clark, a junior at FHS, with eight correct games. He placed second on the basis of the tie-breaker score, picking Friona to beat

Happy by 38-14. The actual score was 40-14. Gerald Shavor was third with eight correct, missing the tie-breaker by seven points. He guessed 34-13 on the score.

After five weeks, Clarence Monroe is leading the race for a pair of tickets to the Cotton Bowl game, with 37 correct games. Three players are tied for second with 36 games. They are Martell LeVeque, Mrs. Jack Clark and Kenneth Watkins.

Next with scores of 34 are Raymond Milner, Jack Clark, Jimmy Maynard, Waymon Wilkins and Mrs. Maynard Agee, Dennis Howell and C. H. Veazey have 33 correct.

## Jurors Named

Names of forty-eight county residents have been listed for petit jury duty. These persons are to report to the Farmer County courthouse Monday, Oct. 14, 1:30 p.m.

Listed are T. F. Taylor, C. L. Mahaney, Howard Hays, Jimmie Dixon, Sam White, L. R. Vincent, Leroy Johnson, Leon London, Harry Lookingbill, D. G. Hand, Mrs. Myron Hillock, Charles Sanders, Mrs. R. S. Burleson, Ovid Lawits, C. D. Noland and Earl Drake.

Also Royce G. Welsh, Kenneth Cass, Mrs. Bill Brandt, Earl Peterson, Raymond Houston, Lester Sims, Jimmie Charles, Mrs. R. D. Dale, S. A. Barbee, Eugene Ellis, Grady

H. Dodd, J. V. Bouldin, Weldon Dickson, Ivan Adkins, Mrs. Carrie M. McLearn and J. E. Vaughn.

Also Robert Armstrong, A. C. Clarke, D. M. McGuire, Jesse Walling, Mrs. Joe White, J. T. Eubanks, Mrs. Jimmie Seaton, Donald Shuman, Mrs. Elmo Dean, Mark Charles, Sid Kilgough, Scott Gober, Ray Dean Fleming, C. V. Potts, E. L. McCutchan and Larry Fairchild.

Six civil cases are on the court docket for Monday as well as three criminal cases.

### Harding Seeks Re-election

TO THE PEOPLE OF FARMER COUNTY

I take this means of announcing that I will be a candidate for re-election to the office of County Attorney of Farmer County, Texas, in the Democratic Primary May 2.

I appreciate the opportunity of having served as your County Attorney this past term, and would appreciate your vote and the opportunity to serve a second full term in this office.

If elected, I will continue to carry out the duties of this office to the best of my ability. I thank the people for the cooperation given me during this past term.

HURSHEL R. HARDING

### Four Plead Guilty; Sentenced

Four persons were sentenced in district court Friday by Judge Pat Boone after pleading guilty as charged.

Receiving suspended sentences were Joe Dawkins, four years, theft; Israel Leija, four years, forgery.

Sentenced to five years each in the penitentiary for burglary of the Cooper Gin were Billy Ray Cox and Guillermo Brinoses. They will be taken to Huntsville to begin serving their sentences in the next few days.

READY FOR FAIR . . . The Friona High School band will leave Sunday for the State Fair of Texas, where they will perform on Monday. Those who seem to be "jumping the gun" on the rest of the band are Jan Hansen (in bus), Kay Coffey (in door), Pat Burton (left) and Charlotte Nettles.

BREAKING GROUND . . . Members of the Tenth Street Church of Christ are shown with George Taylor (left) as preliminary dirt work was begun for the church's new building this week. From the left are Taylor, Edgar Walters, Calvin Martin, Richard Perkins and A. H. Hadley.

## OTHER PAVING SOUGHT

# Paving Project Planned For Two City Additions

The Friona City Council voted at its meeting Monday night to authorize City Manager A. L. (Jake) Outland to solicit bids for paving in the Drake and Ethridge additions, and to establish an escrow fund amounting to \$5.14 per linear foot. Consulting engineer for the city, M. R. (Red) Smith, recommended that the city proceed with advertisement for bids, so that some work may be done on the project before winter weather prohibits such work.

"This will be an excellent opportunity for the city to get other paving done which it needs, while the contractor is here," Smith stated. Residents of a block who wish to have it paved are urged to get together and decide if they wish to pay the paving costs and get in on this program.

"We especially would like to see numerous 'leave out' areas paved at this time," Outland said, referring to numerous gaps in residential areas, where owners have not previously cared to have paving.

He stated that he would coordinate the paving areas from the City Hall. "It is not so much a matter of telling us, as it is getting the money on deposit," Outland pointed out. The city shares in paving costs up to 15 per cent, as well as laying all water and sewer lines.

It was the hope of the council that a contract might be let at their next meeting November 4, so that curb and gutter work might begin soon thereafter. This also would probably enable some new houses to be started in both additions.

The engineer recommended that the city lump the two additions together and let the contract, so that contractors would have a greater incentive to bid on the combined jobs. The council also authorized Outland to seek bids on the purchase of a new police car. The group discussed the possibility of securing another site for a city well to keep abreast of the city's water needs.

In other business, councilmen approved the purchase of a GMC pickup from Galloway Im-

plement Company for \$1549. Galloway submitted the low bid on the truck. The Fire Department was authorized to buy a new signal light and siren for its new emergency truck, in the amount of \$276.

Payment was authorized in the amount of \$1084.41 for workmen's compensation liability insurance through Rushing Insurance Agency, covering city employees.

Outland called the council's attention to the new stop sign erected by the City at Grand Avenue on Sixth Street, where yield signs formerly were in effect. He said the signs were changed upon request of citizens living to the west of Grand Avenue. A new home being constructed at Sixth and Grand made the old "yield" signs dangerous, because of the jog in Sixth Street.

In his monthly summary of activities, Outland stated that the task of water-sewer-trash billings was compounded the past month by the end of the fiscal year, which required the complete renovation of all accounts in the utility ledger and meter books. Also, the mailing of the annual tax notices made the administrative load greater, he said.

Other activities reported by the city manager included the following:

Water department--Records show that 17,552,900 gallons of water were pumped and 18,472,000 gallons accounted for in sales. This again indicated an efficiency in the distribution system of 105 per cent, however, this may be accounted for by the overlap in the meter reading dates and the billing calendar month. This computes to an average of 585,097 gallons per day and is comparable to last month's production. There was only .44 inch of rainfall over four different days during the month.

There were seven new water services made and one old one discontinued for a net gain of six, making the total active services of 912 as of 30 September.

Joe Hackler, Municipal Department, Fire Prevention and Engineering Bureau of Texas made a thorough and complete evaluation of City of Friona's fire prevention and control

ability on September 16-17. He was very well pleased with the water production, storage, distribution capability and with flow pressures measured under simulated fire usage conditions.

Howard J. Lobb, Black & Vestch Consulting Engineers, Kansas City, visited with the department all day 25 September. His firm is making a study of the underground water supply capability of the area (Texas Panhandle) well draw-downs over the past years with the possibility of production-refining of salt water for domestic purposes in the ultimate future.

Sever department--Records show that approximately 4,727,800 gallons of sewage were pumped during the month for an average of 157,593 gallons per day. There were 925 kilowatt hours of electricity used at a cost of \$18.50.

There were seven new sewer taps made to bring the total of active sewer taps in service to 834 as of September 30, 1963.

There were twelve stoppages corrected, three of these in six inch mains. One manhole was built and a concrete sewer clean-out installed for the Friona Schools to assist in their repeated sewer problems.

Fire department -- There were only two fire calls made during the month. One inside the city limits, Friona Wheat Growers, estimated loss of \$250, and a combine at the O. B. Blake farm for an estimated loss of \$100.00.

Chief Ralph Shirley and three members of the department attended a civil defense meeting in Bovina September 30.

Police department -- There were eleven arrests made during the period. Seven of these for traffic violations, two for drunkenness, one vagrancy and investigation and one driving while intoxicated.

Four accidents were investigated with no injuries nor hospitalization. There were three man-nights of jail occupancy but with no food costs.

The patrol car went out of service on night of September 28. A new oil pump was installed and it was put back into service on September 30.

Park - cemetery -- There

were two baby interments made during the month. A colored child, Brenda Joyce Polk on the 5th and a Latin American child, Besenta Tamon Careilh on the 9th.

Assistance was given in the Maize Days preparation by mowing the weeds from a vacant lot south of the Hospital and removing one tree from the park so that the area would accommodate another carnival ride.

Street department--Routine maintenance in way of street sweeping, grading and pot-hole patchings were carried out. Drainage was improved at the

north end of Arrah street and in the alleyway of Block 49, Original Town.

A street cut caused by water main repair, 200 block West 8th was resurfaced on the 26th. The State Highway department cut out and resurfaced the south side of the intersection, 11th and Main, on 24th. A new yield sign was placed at 6th and Washington after reports of near collisions occurring at that intersection.

Sanitation department -- In addition to the daily trash collections with the packer-body truck, two days were utilized with the dump truck lifting tree limbs and weed cuttings. Two mosquito dustings were run, one on 4th and other on 23rd of the month.

Rafel Gonzales, sanitation operator, was injured on 24th while loading a truck tire into the packer-body the resiliency of the tire kicked back and dislocated the thumb of his left hand. He lost five days work time to this accident.

## Star Flashbacks

### FRIONA STAR FLASHBACKS

(From the files of the Friona Star)  
ONE YEAR AGO--October 11, 1962--The Friona City Council gave its approval Monday night to an engineering firm to draw up preliminary plans for a second overhead water storage tank for the city.

THREE YEARS AGO--October 13, 1960--Frionans went fleeing about 4 p. m. with the tornado siren screaming in their ears as a twister bore down on the community. Floyd Dameron, who farms near Friona, was the only injury; damage amounted to \$400,000.

FIVE YEARS AGO--October 9, 1958--Representatives from General Telephone met with members of the City Council in its regular meeting Monday night, to voice several objections to the planned construction of a television cable in Friona.

### Fire --

(Continued from Page 1) time.

"We feel real fortunate about the whole thing. It could have been a lot worse," Claborn said. It was probably lucky for Claborn that he was spending the night at the funeral home. At about 2:20 a.m., he was awakened by the smell of smoke. His bedroom door was closed, and when he opened it, he saw the hallway full of smoke.

Claborn radioed City Patrolman Travis Clements on his two-way radio which he has in the bedroom. He stated that he did some checking and then went out the window in his bedroom. By the time he got out, he said, members of the Fire Department were arriving.

Fire Chief Ralph Shirley pointed out a stroke of luck in extinguishing the fire. Access was needed to the basement, and the department had to make a hole in the brick wall at the north side of the building. Luck was with them, as they hit a place where a window had been in the building before it was bricked.

"That was a miracle if there ever was one. It helped tremendously in bringing the fire under control," Shirley said. Enemies are the heritage of success. Nobody envies a failure.

No problem will go away just because its feelings are hurt at being ignored.

Don't cuss the climate. It probably doesn't like you any better than you like it. --Don Marquis

There's no limit to the height a man can attain by remaining on the level.

A life lived just to satisfy one's self never satisfies anybody.

### Moseleys Attend Funeral Service

Mr. and Mrs. David Moseley and Mr. and Mrs. Jack Moseley were in Mineola, Texas, Monday of last week for the funeral of Cliff Moseley, who was David's brother and Jack's uncle. On their return trip they visited Kay Johnson, daughter of the Herschel Johnsons, who is a freshman student at Texas Women's University, at Denton.

### Queen --

iors with the exception of Merylene, who is a junior.

Mickey Wilson will crown the 1963 queen, Janet Buckley Claborn, last year's football queen at FHS, will present the bouquet, Jimmy Murphree will act as crownbearer.

In further pre-game ceremonies directly following the queen's coronation, the invocation will be given by Ronnie Procter. As the Frions High School band plays the national anthem, the flag will be raised by Eldon Long and Joe Mabry. Bobby Jordan will lead the pledge to the flag.

The senior class is sponsoring a chili supper from 5 to 8 p.m. Friday. Class members are also selling mums as a class project. It is reported that over 400 have already been sold. Ex-students will be recognized at the game.

Detachments of U. S. Marines were detailed for the protection of Naval Bases obtained from the British through Lend Lease in 1941.

Whoso trusteth in Jehovah, happy is he. (Prov. 16:20)  
The true road to worth-while and happy experiences lies through the placing of our plans in God's care.

BEST MAN . . . Dennis Howell plays the best man at a wedding, who is so petrified with nerves that he says to Ellen (Mary Ann Roberts): "Ellen, can you tie a bow? My hands are shaking so I can't manage it." The production, by the Friona Thespians, will be given Oct. 18.

TRUTH THROUGH KNOWLEDGE. . . Judy Noonan, left, of Wichita; and Linda Schilling, of Rt. 1, Friona, are shown preparing for Cap and Gown Day, which was held recently on the campus of Sacred Heart College, Wichita, Kansas. Highlight of the ceremony was the investing of each freshman in academic cap and gown. The ceremony symbolizes the beginning of the search for truth through knowledge. Arlene and Janice Diller, Hereford, also participated in the ceremony.

**Ballet Classes Planned**

Plans are being made by Angela Galloway of Clovis for ballet classes in Friona. She has studied with some of the well known teachers of ballet in the nation and is a former pupil of Maria Tallchief. A meeting has been slated at Friona Country Club House at 7 p. m. Tuesday, October 15 and anyone interested in classes for beginners, advanced beginners, intermediates or professionals is invited to attend.

In private life Angela is Mrs. Bill B. Galloway, civilian manager of the base exchange at Clovis Air Force Base. He grew up in Clovis and attended school there. The couple has three sons, Mikhail, Mark and Frank.

There are a lot of good ways to become a failure, but never taking a chance is the most successful.

Hot, for sure . . . if you have a Gas water heater! Gas replaces hot water as fast as you use it (for one-fifth the cost of the other kind). If you're not getting all the hot water you want when you want it . . . bring your hot water system up-to-date with a new super-fast recovery Gas water heater. You'll be in hot water all the time.

HAPPY FALLS, 40-14

# Chiefs Scalp Cowboys; Chalk Up Fifth Straight

The year of 1963 will go down as one in which the Indians whipped the Cowboys. Friona's version of Indians, the Chieftains, caught the Cowboys off guard for the second straight week last Friday, and added another scalp to their collection.

This time it was the Happy Cowboys who fell prey to the wandering band of Chieftains, by a score of 40-14. By winning, the Chiefs pushed their season record to 5-0. It marked the first time since 1957 that the Chiefs had won five games in a row.

The Chiefs lost no time in taking a lead in the game, scoring in less than two and a half minutes after taking the opening kickoff. Milton Hargus returned the kick to the 30-yard line, and was shaken upon the tackle.

Everett Gee gave the Chiefs three straight first downs the first three times he carried the ball, and Friona moved to the Happy 38-yard line in seven plays. From there, left halfback Doug Dodd shot through the line and outraced the Happy defenders on a 38-yard touchdown run. He also booted the point, and Friona led, 7-0.

Happy gained five yards in three plays, and was forced to punt. The punt rolled to the Friona 17, and deep in their own territory, the Chieftains took over. With Dodd, Hargus and Gee taking turns, the Chiefs began the 83-yard march for a touchdown. They scored it with 1:05 left in the quarter, with quarterback Gary Renner sneaking it across from the one. Dodd's kick made it 14-0.

A big play in the drive was a 22-yard pass from Renner to S. D. Balze on a third-and-seven situation. Balze made a fine leaping catch to keep the drive alive.

Happy was again forced to punt after receiving the kickoff, and Friona took over on their own 36-yard line. Renner raced 36 yards on the option play to put the ball deep in Happy territory, at the 22. Four plays later he passed to Dodd in the end zone, and Douglas gathered it in for the TD. Happy fullback Jim McManigal barreled through to

RENNER FOR GAIN . . . Quarterback Gary Renner is shown picking up a gain, as Happy fullback Jim McManigal comes up

block his extra point kick, but Friona had a 20-0 lead.

Before the half ended, Happy began a drive that resulted in a touchdown. The Cowboys picked up their initial first down of the game when Mark Maynard made an 18-yard gain, after bouncing the ball around basket-ball-style in the process.

The Cowboys got a break after driving to the Friona 34-yard line, when a roughing penalty against the Chiefs gave them the ball at the 19. A pass play set the Cowboys up on the one-yard line, and from there, quarterback Eddie Moudy went across, the kick was good, cutting Friona's margin to 20-7 at the half.

Good defensive play forced Happy to punt after the second half started, and Friona began a 58-yard touchdown march. Renner gained 12, Hargus 13 and Dodd 14 yards during the

drive, and Renner got the final nine for the touchdown, his second of the game and fourth in the past two games. Dodd kicked true, and the score with 8:22 to play in the third quarter was Friona 27, Happy 7.

The teams traded possession of the ball, and Friona was forced to punt, but Gee got off a 56-yard beauty, which rolled to the Happy 12-yard line. Happy couldn't move the ball, and a short punt gave Friona the pigskin at the Cowboy 28.

It began to look as though Friona wouldn't be able to cash in on this break, as a clipping penalty set them back, but on a fourth down play, Renner passed to Dodd for 18 yards, and a personal foul put the ball on the Happy nine.

From there, Renner passed to Tommy Baxter for the score, and Dodd's boot made the score 34-7 with 2:07 to play in the

quarter. Jerry Cass intercepted a Happy pass to put the Chiefs back in business. Hargus ran 28 yards to the Cowboy 11, but here the Chiefs bogged down. Finally on fourth down, Dodd tried a field goal from the 27, which would have covered 37 yards counting the endzone, and it barely missed. It had the distance, but was off to the left a fraction.

Early in the final quarter Friona took over on their 43-yard line. Renner passed to Hargus for 28 yards, and with reserves taking over, the Chiefs continued their offensive thrust.

Halfback Danny Murphee skirted right end, and sped 23 yards for a touchdown. Tex Phipps ran the points, but an infraction nullified the run.

Happy got into the scoring column for the second time, going 58 yards in three plays. The big fullback, McManigal, rambled 40 yards for the score. Up until that time, Happy had minus yards rushing and no first downs the second half.

The rest of the game, Friona reserves battled on even terms with Happy. The Cowboys took to the air, and the Chieftains intercepted two passes in the

# Of Interest To THE WOMEN

KAREN O'BRIAN

## Karen O'Brian Is Advisor

Six sophomore students at South Plains Junior College at Levelland have been chosen dorm wing advisors at Sue Spencer Hall. Among the group is Karen O'Brian, daughter of Mr. and Mrs. Russel O'Brian. Karen, a 1962 graduate of Friona High School, is an elementary education major at South Plains.

## Third Son Born To Jimmy Cruces

Mr. and Mrs. Jimmy Cruse of Pierre, So. Dak., became parents of a baby boy at 11:54 p. m. Sept. 30. He was named Neal Miles and weighed 8 lbs. 6 ozs.

Other children of the couple are Linda, Mike, Sheryl and Jim Bob. Grandparents are Mr. and Mrs. N. M. Cruse, also of Pierre. The Cruse families lived at Friona before moving to South Dakota.

Mrs. Cruse, the former June Moody, is the niece of Mr. and Mrs. David Moseley.

DELEGATES TO CONVENTION pose with Farmer County Home Demonstration Agent Cricket Taylor. Mrs. Gene Welch, Mrs. Walter Kaltwasser and Mrs. Ralph Price, standing behind Mrs. Taylor, were Farmer County delegates to the state Home Demonstration Convention in San Antonio.

## County HD Convention Convenes In Friona

The annual Farmer County Home Demonstration Club convention was held Monday in Fellowship Hall of Friona Methodist Church. The meeting be-

gan with a business session during which new officers were elected.

Mrs. Ralph Price was elected chairman. Others to serve with her are Mrs. Jack Shirley, vice-chairman; Mrs. Henry Haseloff, secretary; Mrs. H. R. Cocanougher, treasurer; Mrs. Demp Foster, reporter; and Mrs. John D. Sanders, parliamentarian.

A salad luncheon was served to 78 persons at noon. Guest entertainers were Eva Miller's Trebelaires. A skit followed a reading by Mrs. Travis Stone. Mrs. Ralph Price, Mrs. Gene Welch and Mrs. Walter Kaltwasser, delegates to the recent state convention at San Antonio presented reports.

Yearly reports were given. Some projects on which club members worked during the year were furniture refinishing, child care, cooking, sewing,

landscaping, first aid, good groom and China painting.

Outstanding events in which the organization participated during the year were a polio clinic, assistance with foreign exchange student program, flower arrangement demonstration by professional, improvement in dental health assisted by Dr. Loyd Shackelford.

Also weight control through TOPS, assistance to Portales Childrens Home, presentation of heart machine to hospital, shower for family whose home and possessions were burned, farm sale lunches, donation of money to Warm Springs Foundation and National Foundation for Research, the district I convention.

LEADERS FOR COMING YEAR -- These eight home demonstration club members will direct activities of the county wide HD organization during the coming year. They are:

(Standing) Mrs. H. R. Cocanougher, Mrs. Henry Haseloff, Mrs. Demp Foster, Mrs. Walter Kaltwasser. (Seated) Mrs. John D. Sanders, Mrs. Ralph Price and Mrs. Jack Shirley

## Eastern Stars Attend Meeting

Mrs. Lillian McLellan, Mrs. Claude Miller and Mrs. Billy Joe Mercer attended the Grand Chapter of Texas meeting in Dallas last week. Mrs. Mercer, worthy matron, and Mrs. Miller were voting delegates.

The next annual Grand Chapter meeting will be in Lubbock in 1964. Mrs. Nell Culpepper, Hereford, will serve as District Deputy this year.

Mr. and Mrs. Billy Joe Mercer and children, Leesa and Tim, were accompanied to Paris by Mrs. Lillian McLellan

where they were guests in the home of Mr. and Mrs. T. W. Martin, parents of Mrs. Mercer.

Mercer and the children visited in the Martin home while the ladies attended the Dallas meeting. Recreation included tours of the Eastern Star Home at Arlington and a tour of Six Flags Over Texas.

Mrs. Miller drove to Dallas with Mr. and Mrs. Carl Rea of Bovina. The Reas were delegates from the Bovina chapter.

## Frionans Visit In Clarendon

Mr. and Mrs. Oscar Baxter, Willene and John, and Mrs. Troy Young and children spent the weekend visiting in the home of Mr. and Mrs. Boyd Pipes and son Boyd Jr. at Clarendon.

They were met at the Pipes home by Mrs. Curt Segriest and sons, Gary and Larry, of Elk City, Okla. Mrs. Pipes is the former Carolyn Sue Baxter and Mrs. Segriest is Mrs. Baxter's sister.

## Long Time Residents Plan Oklahoma Move

Mr. and Mrs. Jasper Bess, who have lived west of town about 40 years, have sold their farm and are making plans to move to Ada, Okla.

Mrs. D. N. Jones and Mr.

and Mrs. Clarence Bess, all of Ada, have been visiting in the Bess home. Mrs. Jones is a daughter of the couple, Bess is their son.

Mr. and Mrs. Bess observed their 60th wedding anniversary the 30th of August and he will have his 83rd birthday Saturday, October 12.

A birthday dinner was served in the Bess home Monday. Guests were the visitors from Ada and Mrs. Albert Rolan.

## Scouts Qualify For Badges

Final requirements for cyclists badges were completed Saturday by a number of members of Girl Scout Troop 105. The girls met in town and rode bicycles to the Glen Mings farm, five miles southwest of town for an all day meeting.

Mrs. Ronnie Castleberry and Mrs. Billy Dean Baxter, leaders

of the troop, sponsored the trip.

Girls taking part in the day's activities were Brenda Blackburn, Debbie Baxter, Kathy Bandy, Pat Roberts, Bennie Lynn Hannold, Vickie Payne, Mary Scales, Doris Ferguson, Carolyn Hutson, Shirley Johnson and Janice Clark.

## Large Crowd Attends Back To School Night

Over 200 parents of first and second grade students were present for the Monday evening "Back To School" night.

Principal J. T. Gee said, "Parents come because they wanted to and seemed to enjoy it."

Over 400 parents of students in the first four grades became better acquainted with their child's teacher and gained a better understanding of what their child can learn this school year. They also became better acquainted with other parents.

Teachers who were hostesses at these "Back To School" nights are Mesdames Casey Dunn, Harvey Neal, Barclay, Mabel Jones, Tommy Paris, Otho Whitefield, Travis Harrell, George Treider, Taft Lovett, Troy Ray, Loyde Brewer, Lois Miller, David McVey, Aubrey Rhodes, James Hamilton, Tom Bandy, Skipper McNeal, John R. Cook and Tom Carroll and Miss Jo Phillips.

Parents helped teachers by serving refreshments and registering guests. Grade chairmen and room mothers cooperated in making all arrangements.

There were 35 children in the nursery Oct. 7. Mrs. Aubrey Rhodes, Miss Jo Phillips and Berna Gay Bennett were volunteer nursery workers. Last week Mrs. Mabel Jones and Mrs. Tommy Paris took care of the nursery.

Elementary school parents will be invited to visit their child's room during American Education Week, November 11-13. Plans are not definite yet.

but parents will probably be invited to come at a set time for a particular class on a day designated for that grade.

School visitation for elementary school parents is being moved from March to November to enable parents to learn more about activities earlier in the year. This plan will also meet fewer conflicts for parents who have junior high and high school students.

## Mrs. Bill Stephens Heads Calvary WMU

Mrs. Bill Stephens, who was recently elected president of the Calvary Baptist WMU, and other officers were formally installed in a candlelight service by Mrs. Mae Magness Monday evening.

Using mirrors as props Mrs.

Magness challenged each officer to let Christ always be reflected in her life.

During the social hour, which followed the installation, refreshments of punch and cookies were served from a lace covered table. Fall decorations were used.

Officers installed were: Mrs. Stephens, president; Mrs. O. C. Rhodes, vice-president; Mrs. Sam Bailey Jr., secretary-treasurer; Mrs. Herbert Day, YWA director; Mrs. Clarence Monroe, GA director; Mrs. Thomas Parson, sunbeam director.

Also Mrs. Bill Sheehan, colored subeam director; Mrs. Audye Wiley, prayer chairman; Mrs. Ray Castleberry, stewardship chairman; Mrs. Elmer Euler, commission chairman; Mrs. W. E. Cumpton, mission study chairman; Mrs. H. A. Hyde, publicity and social chairman.

Others present were Mrs. Charles Howell, Mrs. D. J. Peters, Mrs. John Cole and Mrs. Mary Franks.

When a man finds no peace within himself, it is useless to seek it elsewhere.

So live that you help to answer the world's problems -- not add to them.

## Troop Gets New Leader

Nergis Yazgan, who will be an assistant leader for Girl Scout Troop 93, read the Girl Scout promise and laws in Turkish at the Monday afternoon troop meeting at Sixth Street Church of Christ annex.

Guests were members of Brownie Troop 238, who will be fly-ups this month. The program was designed to assist the Brownies in crossing the bridge into scouting.

There will be a re-dedication ceremony at the home of

Mrs. Pearl Kinsley Monday of next week.

Visiting leaders present were Deke Kendrick, Juanita Dickson and Martha Mae Pruett. Mrs. J. E. Knight and Mrs. Joe Mann, troop 238 mothers were also guests.

Sue Rector and Genevra Riethmeyer, leaders of the troop directed activities.

If you can't have the best of everything, make the best of everything you have.

of the area and in for a real treat.

Have you bought your bulbs this fall? If not, call a member of Modern Study Club and place your order for tulips, hyacinths or daffodils. This project, which was started last fall, has added much to the beauty of the town and will be an annual affair.

The next few weeks will be ideal for putting bulbs in the ground and a large supply is available. They will be on sale at Foster's and Mary Lou's so anyone interested in beautifying premises may obtain them.

Does anyone need large glass jars with lids? Our neighbors, Plains Publishers, has a supply of large wide mouth jars they would be most happy to share with anyone who wants them for pickles or other things for which large jars are desired. Just come by and pick them

up as long as they last.

When the subject of lawns comes up, I always think of the following story: "An old gentleman who took particular pride in his lawn was distressed at the increasing number of dandelion plants he dug up and threw away. He tried everything he could think of, and followed all the suggestions of his friends, but the effort seemed futile.

The dandelions were getting ahead. Finally, in desperation, he wrote to the Department of Agriculture of the United States, told them what he had done and begged them to give him a way to save the lawn he loved so much.

In due course, the answer came back. The Department of Agriculture suggested that he learn to love the dandelions too.

There is an old saying that what can't be cured must be endured, and perhaps we are

wise if we learn to accept the inevitable with good grace."

I like Edgar A. Guest's definition of private enterprise. It goes like this: The power to choose the work we do

To grow and have the larger view  
To know and feel that we are free  
To stand erect, not bow the knee,  
To be no chattel of the State  
To be the master of our fate,  
To dare, to risk, to lose, to win,  
To make our own career begin,  
To serve the world in our own way,  
To gain in wisdom, day by day,  
With hope and zest to climb,  
to rise:  
THAT is private enterprise.

In 1921 and 1926, during a violent outbreak of armed robbery, the U. S. Marine Corps provided a force of several thousand men to guard the U. S. Mail throughout the country.

Interest in the "Back To School" programs in the elementary school has been very good. Parents turn out in large numbers to attend sessions during which they learn some of the methods being used to teach the children.

The past two Monday evenings large numbers of parents have attended the sessions. Reports indicate that many changes have been made since

most parents were grade school students and many of the changes are improvements.

The newly formed Friona Classroom Teachers Association is a group that will probably be hearing more from in the future. Plans are being made for some kind of show later in the fall. Many members of the organization have numerous talents, so residents

RE-ELECTED . . . Harry Hamilton, left, was re-elected county Farm Bureau president at the county convention Monday. Don Gerles, right, was elected to a director's post in the Farwell area.

## Hamilton Re-elected Farm Bureau President

Directors were elected, and a set of resolutions to the state Farm Bureau convention were adopted at the 15th annual meeting of the Farmer County Farm Bureau in Friona Monday night. One new director was elected, Dod Gerles will replace Vernon Symcox in the Farwell area, Harry Hamilton was re-elected county president.

Other directors elected were Frank Hinkson (Lazbuddie area), James Norton (North Bovina area) and Charles Hough (South Friona area). Directors with a year left to serve are J. T. Jones, Bovina; Jim Dixon, North Friona; Grady King, Lazbuddie; John Armstrong, Farwell and John Henderson, Black.

### Mrs. White Speaks To Young Demos

Mrs. Ken White, New Mexico state Democratic committee-woman from Clovis, was guest speaker at a regular meeting of Farmer County Young Democrats Tuesday night at Hub Community Center.

Mrs. White was high in her praise for the Kennedy administration and condemned the John Birch Society in encouraging her audience to work in support of the Democratic party and its candidates.

Frank Spring, a student at University of Texas, was elected representative of the Farmer County Club to the state executive committee.

Leon Smith Jr., vice president of the organization which was formed only last month, presided in the absence of Clayton Graef, president. Smith introduced Mrs. White.

Club members voted to rotate monthly meetings of the club in various county communities in order to encourage membership. The November meeting, however, will be at Hub. Meeting date is November 12, Time is 8 p.m.

The organization is open to all Democrats between the ages of 16 through 35. Annual dues are \$2.50 per member.

will be elected at the local meeting there.

The following resolutions were passed by the convention, for recommendation to Texas Farm Bureau:

**NATIONAL ISSUES**  
**TAXES**-- 1. Be it resolved that PCFB opposes any tax reduction proposal, such as HR 8363, which would reduce taxes while increased deficits are contemplated. Tax reduction should be accompanied by a reduction in federal spending.

**GRAZING VOLUNTARILY LAID OUT LAND**-- 2. Be it resolved that PCFB opposes the practice of allowing grazing of lands previously in the soil reserve, but which still draw payment on the basis of voluntary reduction of basic crop acreage.

**SEDIMENTATION FACTOR IN WHEAT GRADING**-- 3. Be it resolved that PCFB favors elimination of the sedimentation factor in the grading of wheat.

**COTTON PROGRAM**-- 4. Be it resolved that PCFB urges support of the Ellender cotton bill, and opposes alternate plans presently proposed.

**LIMITING CONSECUTIVE TERMS FOR ELECTED PERSONS**-- 5. Be it resolved that PCFB favors legislation on the national level limiting elective offices on all levels to two consecutive terms. This proposal would seek to give each elected official equal opportunity to represent the people who elect him, without regard to seniority.

**CIVIL RIGHTS**-- 6. Be it resolved that PCFB opposes the public accommodations section of the civil rights bill.

**WHEAT TO RUSSIA**-- 7. Be it resolved that PCFB supports the wheat sale to Russia for cash at a non-subsidized price.

**STATE ISSUES**  
1. Be it resolved that PCFB urges that there be a called session of the Texas Legislature for the purpose of redistricting the state for congressional representation.

2. Be it resolved that PCFB favors legislation on the state level, limiting elective offices to two consecutive terms.

3. Be it resolved that PCFB opposes any person's being denied the right to vote, an education, or the right to work

because of race, creed or religion, enforcement to be left to individual state.

4. Be it resolved that PCFB favors legislation giving Irrigation Gas Users the right to appeal to the railroad commission on their gas rates.

LEGAL NOTICE

NOTICE TO BIDDERS

Sealed proposals addressed to the Honorable Mayor and City Council of Friona, Texas, will be received at the office of Arley L. Outland, City Manager, City Hall, Friona, Texas, until 7:30 p.m., November 4, 1963 for furnishing all necessary materials, machinery, equipment, superintendence and labor for constructing certain street improvements consisting of approximately 9,600 feet of curb and gutter, 18,000 square yards of Street Paving, and other incidental items of work for the City of Friona, Texas. The project consists of approximately twelve (12) blocks of street paving.

Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without recourse to the order of the City of Friona, Texas, in an amount not less than five percent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bonds and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Proposal Bond will not be considered.

The Successful Bidder must furnish bonds on the forms provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Sureties acceptable to the Owner. All lump sum and unit prices must be stated in both script and figures. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. The Owner

reserves the right to reject any or all bids, to waive formalities, and to accept the bid which seems most advantageous to the City's interest.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done.

Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45, (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing minimum rates of wages is set forth in the specifications.

Information for bidders, proposal forms, plans and specifications are on file at the office of Arley L. Outland, City Manager, Friona, Texas, and are on file and may be secured from Parkhill, Smith & Cooper, Consulting Engineers, 201 Avenue R, Lubbock, Texas.

THE CITY OF FRIONA, TEXAS By Raymond L. Fleming, Mayor

NOTICE TO BIDDERS

Sealed proposals addressed to the Honorable Mayor and City Council of Friona, Texas, will be received at the office of Arley L. Outland, City Manager, until 3:00 p.m., November 4, 1963, for furnishing all necessary materials, machinery, equipment, superintendence and labor for constructing certain Water Works and Sanitary Sewer Improvements. The principal items of work are as follows: WATER WORKS IMPROVEMENTS - 1,305 feet of 6", 1,360 feet of 4" water mains including the necessary valves, fire hydrants and fittings; and SANITARY SEWER IMPROVEMENTS - 2,460 feet of 6" V. C. Sewer mains - 0'-8" depth of trench, and including the necessary manholes, cleanouts

and other appurtenances.

Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without recourse to the order of the City of Friona, Texas, in an amount not less than five percent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bonds and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Proposal Bond will not be considered. The Successful Bidder must furnish bonds on the attached forms in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as surety, or other Surety or Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities, in case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done. Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45 (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing wage established by the Owner. Said scale of prevailing minimum rates of wages is set forth in the specifications.

Information for bidders, proposal forms, specifications and plans are on file at the office of Arley L. Outland, City Manager, Friona, Texas, and are on file and may be secured from Parkhill, Smith & Cooper, Consulting Engineers, 201 Avenue R, Lubbock, Texas.

come to church sunday

"The Church" Matt. 16:18 The Church should be a home for each believer in Jesus Christ; Where rest of the soul can be found, where friendship and sympathy and love abide. It should be a place where men and women, boys and girls are appreciated and understood. And where the most sacred confidence are possible. There should always be a place where the human soul can find an earthly refuge in its need. Our Churches should carry out the full spirit of Jesus when he said, come unto me all ye that are weary, and heavy laden, and I will give you rest. If our Churches become a club for a few, and special ones, then, it is failing its mission. The Church should be a home for the rich and poor, old and young, weak and strong.

**Champion Barrow**--Bobby Gleason.

**Bobby Redwine** won 1st. in steers.

**J. K. Adams, Agriculture Agent** from Bailey County was Judge.

**Gas Users Association Calls County Meeting**

The Parmer County Irrigation Gas Users Board of Directors met at the Bovina restaurant at 6 a.m. on October 3, pursuant to a call from its president, Bruce Parr, who is President of the Parmer County Board and also President of the Board of Directors of the Plains Irrigation Gas Users Association, made up of one director from 14 West Texas counties.

Present at the meeting were Fred M. Burch, E. T. Ford, Keith G. Brock, D. L. Carmichael, Ellis Tatum, Clyde Weatherly, Wendel Christian, Gilbert Kaltwasser, Vernon Syncox, and Bruce Parr.

R. C. Godwin, Secretary-Treasurer of the Plains Irrigation Gas Users Board from Hereford was present along with John D. Atkin, the Plains Association's attorney. Godwin and Atkin gave a summary of the gas users most recent activities and brought the Parmer County Board members up to date.

Parr discussed with the Board a letter received by the PLAINS Gas Users Board from Pioneer Natural Gas Company and it was felt generally by the Board that a county-wide meeting should be called and some decision with respect to the letters from Pioneer made at the County meeting.

The meeting was fixed for Thursday, November 7, at 7:30 p.m. in the Bovina High School Cafeteria and Parr requested each director to make every effort to have all of the irrigation gas users in Parmer County advised of the meeting before November 7 and to have as many present as possible.

F. H. Hadley

### F.H. Hadley Marks Birthday

F. H. Hadley, long time resident of Friona, marked his 95th birthday Thursday. No formal observation was made of the event, but relatives met in his home that afternoon for home made ice cream and birthday cake.

Those present were Mrs. Albert Cannon, Mrs. Donn Tims, Larry and Ricky, Mrs. Leo Balls, Mrs. Gibbie Trigg and Carl Hadley all of Friona.

Also Mr. and Mrs. L. D. Cannon, Mrs. Marvin Gaddy and Donnie of Muleshoe, Hadley makes his home with his son, Carl, in the east part of town and is a retired farmer.

Artist's sketch of proposed building for Tenth Street Church of Christ

## Construction Begins On New Church For Friona

Ground-breaking services were held this week for a new building for the Tenth Street Church of Christ in Friona. The new church building will be built at the same location, at the corner of 10th and Euclid. The Church building will be 73 by 40 feet in dimensions, and will be of brick construction. It will be of a modern architectural design. The interior of the building will be of brick with laminated arches, sprayed acoustical ceiling, indirect lighting, refrigerated air conditioning and central heating system.

Plans call for the present church building to remain intact, with services continuing as usual during construction of the new building. The new structure will be located in the center of the lot. An all-weather hard surface parking lot will encompass the building when it is completed, with the old building to be moved to allow additional parking room.

Members of the building committee for the church include Oscar Baxter, Edgar Walters and Calvin Martin. Church trustees are Richard Perkins, A. H. Hadley and Walters.

The first U. S. Marine Corps unit was a ship's detachment assigned to the "Cabot" in December, 1775.

First American Marines in European waters during the Revolution were those serving aboard the "Reprisal" This vessel took Benjamin Franklin to France in 1776 and later captured several British prizes.

Total construction cost will be approximately \$40,000.

LOVERS . . . John Carteret (Bob Welch) says to Moonyeen Clare (Cheryl Neill) "Do you realize I asked you to marry me the very first day I met you, and you said 'yes'?" The scene is from "Smilin' Through," to be presented by the Friona Thespians at the high school auditorium October 18 at 7:30 p.m.

ATTEND OPENING . . . Jack Pistocco, left, Oldsmobile District Manager from Amarillo, and Bert DeBaun, right, district manager of International Harvester Company, Amarillo, have coffee with Wesley Barnett, manager of Farmer County Implement Company, at the Friona company's grand opening last Friday.

### Juniors Plan "Work Day"

The Friona High School Junior class will stage a work day Saturday, October 19. Class members will hire out on that day for whatever jobs are required of them, at the rate of \$1 per hour.

Orders will be taken by phone to the following numbers in Friona: 2771, 4701 and 4872.

Junior class officers this year are Milton Hargus, president; Joey Taylor, vice president; Janell Daniel, secretary-treasurer, Carol Struve, parliamentarian, and Nan Lillard, reporter.

**BE A GOOD FISHING GUEST**

"One of the most successful anglers I know," writes a gentleman in Colorado, "makes a point of berthing his fishing abilities. Yet his experiences are amazing."

This letter was sent to the fishing authorities at Mercury Outboards, who felt it contained a message that might be of help to many of us.

It seems that this fisherman has an uncanny knack of discovering outstanding fishing wherever he went, and in some of the most unlikely places.

Whenever he drove into a new town, he would visit the local sporting goods store. "Dear you fellas have good fishin' hereabouts," he'd inquire, even if the map failed to show a body of water large enough to hold goldfish for miles around. Someone would usually "reckon there was."

Then, very casually, he let it be known he liked to fish, but, being a stranger, he needed help in getting headed in the right direction. Once his sincerity was established, he'd be referred to one of the town's most avid anglers.

Then it wouldn't take long to wangle an invitation to "come along in the morning and I'll show you some real fishin'." Many times he'd end up at a farm pond, once a stock watering tank, but always there was adventure and another new friend.

This man practiced two important things: (1) give others a chance to demonstrate their skills and knowledge, and (2) tarry long enough at every crossroad to investigate its fishing possibilities.

In addition, he was always ready to leave on time, cheerfully carried his share of the trip's expenses, provided his own tackle, took his turn at the motor, and kept his mouth shut about how great "fishin' was back home."

**LAZBUDDIE HOPES FOR WIN**

**Longhorns Host High-Scoring New Deal For Homecoming**

The Lazbuddie Longhorns will meet the New Home Leopards in their Homecoming game at 8 p.m. Friday night.

Charlotte Seaton, Linda Gleason and Marianna Gammon are the finalists for Football Sweetheart in pre-game ceremonies of the Lazbuddie-New Home game Friday.

A bonfire and community pep rally will be held at 6:45 north of the football stadium.

"New Home is real tough. They have the top scorers for class B in the area in a couple of fellows named Brown and McClung. They are averaging 54 points per ball game," said Lazbuddie Coach Charley Walton.

Lazbuddie beat the Leopards, 32-0 last year, and Coach Walton hopes the Longhorns can repeat with a win. "There should be a lot of points scored," he says.

Lazbuddie had to settle for a

12-12 tie at Amherst last week, after taking a 12-0 lead in the first quarter. The Longhorns led 12-6 at halftime.

Johnny Mabry scored first for Lazbuddie on a 17-yard run, Mac Brown scored the second Longhorn TD on a nine-yard pass from Kenneth McGehee. Both point tries running failed.

STATISTICS		
Lazbuddie		Amherst
16	First Downs	9
165	Yards Rushing	140
22	Yards Passing	35
187	Total Offense	175
2/6	Passes completed	2/7
0	Passes intercepted	1
0	Fumbles Lost	1

INDIVIDUAL RUSHING		
	TCB	YDS
Brown	19	64
Bradshaw	13	64
Mabry	16	53
McGehee	7	-13

Amherst scored on a 24-yard pass play before the half-ended, and tied the game on a 43-yard run in the third quarter.

Mac Brown, Lloyd Bradshaw, Lewis Seaton stood out for the Longhorns.

"We were fortunate enough to control the ball most of the time, running 60 plays from scrimmage to their 32," Walton said. "We feel that we'll have to control the ball again this week."

In order to beat New Home," he added.

New Home beat New Deal, a team that downed Lazbuddie early in the season, but Walton said he felt his team had come a long way since then. "We don't think they are as tough defensively as Amherst was, but we'll have to have an outstanding performance to win," he concluded.

**Seventh Wins, Eighth Ties Dimmitt Teams**

The Friona seventh and eighth grade teams came out with a win and a tie in games with Dimmitt Tuesday night.

In the eighth grade game, the score was 0-0 at the half, with Dimmitt scoring in the third quarter to take a 6-0 lead. In the final quarter with less than two minutes to play, Delbert Davis scored on a 15-yard run to tie the game, but the extra point attempt failed. Friona kicked off, regained possession of the ball, and had driven to the Dimmitt 10-yard line as the game ended.

Coaches said the Braves played an outstanding game on defense.

The Friona seventh graders threatened in the first half, but were never able to score because of fumbles. Score at halftime was also 0-0 in that game.

In the third quarter, Johnny Barker ran up the middle 40 yards for a touchdown, giving Friona a 6-0 lead. Later in that quarter, quarterback Mike Dukes swept end for 30 yards and a TD. Barker ran the points, for a 14-0 lead.

In the final quarter, Joe Perez

ran 20 yards for the score, and added the extra points, for the final margin of 22-0.

"Our blocking on offense was much improved over our last game," said Robert Taylor, coach. Outstanding on defense were Mike Pavalus, Delbert Brookfield and James Schlenker, helping keep Dimmitt from running outside.

Next games for the two teams will be Thursday, October 17 at Morton.

LAZBUDDIE CAPTAINS... Coach Charley Walton, left, and Bobby Robbins, far right, discuss tactics to use against New Home this week with the Longhorn co-captains. The captains are Kenneth McGehee and Mac Brown.

**Surprising Raiders Host TCU's Frogs**

Texas Tech's surprising Red Raiders face a highly respected foe, Texas Christian's Horned Frogs, in Jones Stadium at 7:30 p.m. Saturday.

On the heels of an upset shutout, 10-0, over Texas A&M, Coach J.T. King's Raiders will be confronted by a Frog eleven rallied by an 18-3 loss to Arkansas in Fayetteville.

After three games the sophomore-flavored Raiders, with a 2-1 record, have captured one more victory than they did all last season. Tech opened with a 16-7 win over Washington State before bowing before Texas 49-7 a week before the rebounding win over A&M.

TCU, returning 28 lettermen from the team that blasted Tech 35-13 last fall, took its first two games, by 10-6 over Kan-

sas and by 13-0 over Florida State (earlier conqueror of highly touted George Mira's Miami). TCU battled Arkansas on even terms but fumbles and interceptions damaged the Frog cause.

Texas Tech's win over Texas A&M was the first Raider victory in Lubbock in the 22-game series. On four previous occasions here A&M had captured the contest.

Fullback H. L. Daniels tied a Southwest Conference record established 41 years ago when he booted a 37-yard field goal in the first quarter. He now has 10 field goals for his career, a mark set by Baylor's Wesley Bradshaw in 1921-22. Minutes later, end David Parks made a diving catch in the end zone of a 46-yard pass from quarterback Ben Elledge.

**Clothing Fires Kill**

One of the most dangerous fires is the clothing fire. Each year burns from clothing fires cause hundreds of deaths, thousands of serious, often disfiguring, injuries. Most frequent victims are children and the elderly.

A helpful prevention measure is care in clothing selection. Heavy, smooth-surfaced fabrics resist burning better than lightweight, long-napped ones. Designs avoiding billowing folds of material and long, loose sleeves reduce chances of clothing catching fire.

Most important of all is to

appreciate that just about any clothing can burn, that a flame, spark or other intense heat may start it, burning, and the burning may be so dangerously rapid that the wearer is enveloped in flame.

Safety from clothing fires calls for watchful care in all activities around stoves, heaters, fireplaces and outdoor fires, and in using matches and smoking materials.

If clothing does catch fire, the first and life-saving rule is this: DON'T RUN - ROLL ON THE GROUND OR FLOOR. SMOTHER THE FIRE WITH A COAT OR BLANKET.

AT MID-SEASON

# Hargus Leads Chiefs In Rushing Statistics

Milton Hargus, junior speedster for the Friona Chiefs, leads the team in yards gained rushing through the first five games, a tabulation of statistics kept by the Friona Star revealed this week.

Hargus, who thrilled Friona fans with two spine-tingling runs from scrimmage of 92 yards in each of the first two games, has carried the ball 50 times and gained exactly 500 yards, for a flat average of 10 yards per carry.

Everett Gee, senior fullback, is the second leading ball-carrier at the season mid-point. Gee has carried the pigskin

58 times and gained 367 yards, for an average of 6.3 yards per carry. The Chieftain fullback has already gained 87 more yards than he did all of last season, when he finished second after being slowed by an injury.

Halfback Doug Dodd, who won the team rushing title last year as a sophomore, stands in third place after five games. He has carried the ball 45 times and gained 264 yards, a 5.9-yard per carry average. This is a yard per try better than his last year's figure, which led the team. He averaged 10 yards per try in the team's last game.

In the first five games of the season, there have been four players leading the team in yards rushing for various games. Hargus led against Farwell and Sudan. Tommy Baxter led in the Memphis game. Gee led at Plains, and Dodd was the leader in the Happy game.

As a team, the Chieftains have picked up 1483 yards rushing, an average of 297 yards per game. This is 177 yards more than Friona gained for the entire season last year.

On defense, Friona has given up 586 yards rushing, or only

117 yards per game on the ground.

Following are Friona's individual rushing totals for the first five games:

Player	TCB*	YDS*	AVG*
Hargus	50	500	10.0
Gee	58	367	6.3
Dodd	45	264	5.9
Baxter	17	126	7.4
Renner	37	123	3.3
Murphree	4	40	10.0
Lyles	8	32	4.0
Phipps	6	29	4.8
Ellis	1	7	7.0
Snead	1	-8	0.0
Totals	227	1480	6.5

\*TCB--times carried ball; YDS--net yards gained (total yards gained minus yards lost); AVG--average per try.

# FHS Backfield Features Balanced Scoring Attack

All four starting backfield men for the Friona Chieftains are within two points of each other in scoring, as the Chiefs reached the season midpoint.

Everett Gee and Doug Dodd are now tied for the leadership with 32 points each. Next are Milton Hargus and Gary Renner, who each have scored 30 points. Gee scored his 32 points in the first three games, and hasn't scored in the last two contests.

Dodd scored 16 points in the Happy game last week to tie Gee for the leadership, scoring two touchdowns and four extra points.

Dodd was last year's scoring leader with 20 points for the entire year. At midpoint this season, four players have already scored at least 30 points.

The Chiefs have amassed 142 points, more than the past two seasons combined, on 21 touchdowns and 16 points-after-touchdowns. The Chieftains

have converted 14 times, but two of the conversions were by running.

Hargus scored all 30 of his points the first two games. Renner has come on in a flash, scoring 18 points in the last two games.

The Chiefs have had pretty balanced scoring per quarter as well as by players. They have scored 81 of their points during the first half of action, and 61 in the last half.

Friona, meanwhile, has given

up 49 of its 68 points in the first half of play, and has yet to be scored upon in the third quarter.

Following are the scoring leaders for the team:

Player	TD	PAT	TP
Gee	5	2	32
Dodd	3	14	32
Hargus	5	0	30
Renner	5	0	30
Baize	1	0	6
Baxter	1	0	6
Murphree	1	0	6
Totals	21	16	142

Scoring by Quarters  
Friona 41 40 28 33--142  
Opponents 21 28 0 19--68

Chiefs--

(Continued from Page 1)

latter part of the game to thwart their further scoring threats.

For the second time this season, the Chieftains rolled up over 400 yards total offense. As a matter of fact, the 408 yards equalled their output at Memphis. The team completed more passes (5) than it has in any previous game, with four different players catching passes. Friona scored two of its six touchdowns by passes.

Quarterback Renner figured directly in scoring four of the six TDs. He scored two himself, and passed for two others.

The 40 points were the most scored by Friona this year, and in fact were the most scored by a Friona team since the Chiefs beat Amherst, 56-6 in the second game of the 1958 season.

Friona has now scored 142 points for the season, more than the last two years combined, and has allowed 68 points, whereas last year at this time they had given up 165 points, while scoring only 32.

## How Friona's Opponents Fared

(Following are the results of Friona's 1963 football opponents in their games last week. Friona opponents are listed in all capital letters).

FARWELL 33, Portales 14
PLAINS 9, SUDAN 0
BOVINA 14, Meadow 0
TULSA 33, DMMITT 0
MORTON 19, Sundown 6
HEREFORD 13, MULESHOE 0
OLTON 49, Lockney 36

FOOTBALL EXPERTS... Karen Agee, left, and Jackie Clark, right, show Coach Don Light their checks as winners in the Friona Star's football contest last week. Karen proved that girls are good predictors by winning first prize. Jackie was second. Both are Friona High School students.

Friona

West Friona Grain Incorporated---from nothing to a modern grain elevator in a few short weeks.

**NEW MODERN FACILITY**

**West Friona Grain Was Made Reality In Hurry**

The West Friona Grain, Incorporated, is now open for business, a mere three months after the company decided to build, and less than two months since construction began.

Panhandle Steel Buildings of Amarillo, who built the elevator, take pride in the short length of time it took them to construct the elevator.

"It's the fastest job of its kind with which we have ever been connected," states Alvin Whitehurst, superintendent. Sonny Winters served as supervisor on the job.

The new elevator has a capacity of half a million bushels. It is 100 feet wide by 180 feet long, with 24-foot side walls. By Friday, all work on the ele-

vator is to be finished.

There are two tanks with 14,000 bushel capacities apiece. The elevator has a 1,000 bushel-per-hour Shanzler dryer. The new office measures 24 by 48 feet. A 60-foot truck scales accommodates the farmers.

"We have the equipment to do whatever we need to do. I don't know if we set a record on the length of time we went into business, but we have as nice an installation as there is in this part of the country," stated O. L. (Mac) McMurtrey.

McMurtrey, manager, states that the company would be happy to have anyone come by to look at the facilities.

But the builders didn't waste any time. In four weeks from the time the foundation was laid,

the company had received its first load of grain.

Directors held a meeting last July and decided to build the elevator. The contract was let the first part of August, and construction began about the middle of that month.

Other employees are Harold Taylor, office manager, Mrs. McMurtrey, bookkeeper, Mrs. Eddie Hall, bookkeeper, Edward White, Tony White and Jesse Alcorn, operators.

Directors for West Friona Grain Company include John Renner, J. B. Buske, Paul Hall, Ralph Shelton, Van Nichols, W. S. Ingram, Lawrence Blake, Clyde Weatherly, J. E. Knight, and J. W. McMahan.

O. L. McMurtrey

**WELCOME TO FRIONA**

Mr. and Mrs. Melvin Ware moved to Friona recently from Amarillo. He is employed at Maurer Machinery and his wife, Faye, is an employee of Rockwell Brothers & Co. Lumbermen. They have no children and are Baptists. When asked why they chose to move from Amarillo to Friona, they told a Star employee, "We just like living in a small town."

### Has Latest Thing

The scales for the new West Friona Grain Company is equipped with the new "auto-range" automatic unit weighing device. It is the first scale in the entire Panhandle area to be so equipped, states Tom Hadaway, of the Toledo Scale Company, Amarillo.

Toledo Scales is one of the contributing companies in Friona's newest elevator, which is now receiving grain.

### School Menu

OCTOBER 14 - 18, 1963

MONDAY: Creole spaghetti, blackeyed peas, buttered beets, cabbage & carrot salad, apple cobbler, rolls & butter, milk.  
 TUESDAY: Steak & gravy, potatoes, green beans, lettuce wedges, rolls & butter, cake, milk.  
 WEDNESDAY: Meat sandwiches, potato salad, Jello salad, tossed green salad, ice cream sticks, milk.  
 THURSDAY: Tamales, pinto beans, greens, onions, apricot cobbler, cornbread, bread & butter, chocolate milk.  
 FRIDAY: Turkey, dressing, buttered asparagus, cranberry sauce, applesauce cake, rolls & butter, milk.

## 475 Attend Opening Of P.C. Implement

The guest register at Parmer County Implement Company's Grand Opening Friday showed that 475 persons visited the plant, inspected all departments and offered congratulations and good wishes to the firm in its new location.

Winners of door prizes at Grand opening Friday were as follows: IHS toy tractor and plow, Mrs. J.E. Young; seat belts installed, Joe Collier; cross 3x8 cylinder, Jack Patterson; Dart 6 or 12 volt battery charger, Gary Hand; spotlight, John Taylor.

IHC toy dump truck, Edwin Ramey, Dimmitt; 12 volt auto-lite battery, John McAllister; two white sidewall tires, Ray Landrum; case of anti-freeze, J. L. Shaffer; set floor mats,

Mike Fallwell.

Out of town visitors included Bill Blair, Amarillo, Ron Hunt, Denver, Bob Fielding, Amarillo, Bert Debaun, Amarillo, Dave Roberts, Lubbock, Bob Roenner, Plainview, Bill Hunt, Plainview, Jim O'Conner, Amarillo, Frank Miller, Amarillo, L. A. Smith, Amarillo, Roy Steigler, Lubbock, Jack Pistocco, Amarillo, Jimmy Tubbs, Lubbock, Noble Graves, Plainview, J. W. Hamby, Plainview, Jerry Caldwell, Plainview, Ed Lyles, Amarillo, Jim Stone, Tulla.

The Parmer County Implement Company staff was pleased with turnout for their opening and wish to thank everyone for flower arrangements, attendance and cooperation.

SEE NEW OLDS . . . Looking at the 1964 Oldsmobile are (inside car) Bob Rule and W. D. Buske (standing, center), Parmer County Implement salesman are Henry Lewis and Hoyt Smith.

## Tommy Sanders Honored At Wayland College

Named to the AGATES, a select group of sophomores at Wayland Baptist College, is Thomas Jay Sanders, son of Mr. and Mrs. John D. Sanders, Friona.

As one of a group of 21 students chosen by WBC President Roy C. McClung, Sanders, a 1962 graduate of Friona High School, serves as a student counselor and guide for a group of freshmen students. The "AGATES," meaning "appointed guides to aid and temporarily encourage," were selected on basis of leadership, cooperation and academic standing.

Couples in the Plainview community are sponsors for the groups and invite them to their homes for informal social occasions as part of President McClung's plan to make orientation on and off the campus more pleasant for new students.

Sanders served as a guide for his freshman group on a recent tour of Plainview and will help plan a talent show in which AGATE groups will compete against each other. AGATES will stage a Field Day on the afternoon of Oct. 25, and the final planned program is Nov. 25 when the groups will again be guests of their community sponsors.

## Frionans Attend Alair Funeral

Mr. and Mrs. H. A. Hyde attended funeral services for T. S. Alair, long time resident of Springlake, at the First Baptist Church at Earth Monday, September 30.

Alair had lived in that area 37 years and visited here many times. His wife is a sister of H. A. Hyde.

**WELCOME TO FRIONA**

Mr. and Mrs. Melvin Ware moved to Friona recently from Amarillo. He is employed at Maurer Machinery and his wife, Faye, is an employee of Rockwell Brothers & Co. Lumbermen. They have no children and are Baptists. When asked why they chose to move from Amarillo to Friona, they told a Star employee, "We just like living in a small town."

### Has Latest Thing

The scales for the new West Friona Grain Company is equipped with the new "auto-range" automatic unit weighing device. It is the first scale in the entire Panhandle area to be so equipped, states Tom Hadaway, of the Toledo Scale Company, Amarillo.

Toledo Scales is one of the contributing companies in Friona's newest elevator, which is now receiving grain.

### School Menu

OCTOBER 14 - 18, 1963

MONDAY: Creole spaghetti, blackeyed peas, buttered beets, cabbage & carrot salad, apple cobbler, rolls & butter, milk.  
 TUESDAY: Steak & gravy, potatoes, green beans, lettuce wedges, rolls & butter, cake, milk.  
 WEDNESDAY: Meat sandwiches, potato salad, jello salad, tossed green salad, ice cream sticks, milk.  
 THURSDAY: Tamales, pinto beans, greens, onions, apricot cobbler, cornbread, bread & butter, chocolate milk.  
 FRIDAY: Turkey, dressing, buttered asparagus, cranberry sauce, applesauce cake, rolls & butter, milk.

## 475 Attend Opening Of P.C. Implement

The guest register at Parmer County Implement Company's Grand Opening Friday showed that 475 persons visited the plant, inspected all departments and offered congratulations and good wishes to the firm in its new location.

Winners of door prizes at Grand opening Friday were as follows: IHS toy tractor and plow, Mrs. J.E. Young; seat belts installed, Joe Collier; cross 3x8 cylinder, Jack Patterson; Dart 6 or 12 volt battery charger, Gary Hand; spotlight, John Taylor.

IHC toy dump truck, Edwin Ramey, Dimmitt; 12 volt auto-lite battery, John McAlister; two white sidewall tires, Ray Landrum; case of anti-freeze, J. L. Shaffer; set floor mats,

Mike Fallwell.  
 Out of town visitors included Bill Blair, Amarillo, Ron Hunt, Denver, Bob Fielding, Amarillo, Bert Debaun, Amarillo, Dave Roberts, Lubbock, Bob Roemer, Plainview, Bill Hunt, Plainview, Jim O'Conner, Amarillo, Frank Miller, Amarillo, L. A. Smith, Amarillo, Roy Steigler, Lubbock, Jack Pistocco, Amarillo, Jimmy Tubbs, Lubbock, Noble Graves, Plainview, J. W. Hamby, Plainview, Jerry Caldwell, Plainview, Ed Lyles, Amarillo, Jim Stone, Tulsa.

The Parmer County Implement Company staff was pleased with turnout for their opening and wish to thank everyone for flower arrangements, attendance and cooperation.

## Tommy Sanders Honored At Wayland College

Named to the AGATES, a select group of sophomores at Wayland Baptist College, is Thomas Jay Sanders, son of Mr. and Mrs. John D. Sanders, Friona.

As one of a group of 21 students chosen by WBC President Roy C. McClung, Sanders, a 1962 graduate of Friona High School, serves as a student counselor and guide for a group of freshmen students. The "AGATES," meaning "appointed guides to aid and temporarily encourage," were selected on basis of leadership, cooperation and academic standing.

Couples in the Plainview community are sponsors for the groups and invite them to their homes for informal social occasions as part of President McClung's plan to make orientation on and off the campus more pleasant for new students.

Sanders served as a guide for his freshman group on a recent tour of Plainview and will help plan a talent show in which AGATE groups will compete against each other. AGATES will stage a Field Day on the afternoon of Oct. 25, and the final planned program is Nov. 25 when the groups will again be guests of their community sponsors.

## Frionans Attend Alair Funeral

Mr. and Mrs. H. A. Hyde attended funeral services for T. S. Alair, long time resident of Springlake, at the First Baptist Church at Earth Monday, September 30.

Alair had lived in that area 37 years and visited here many times. His wife is a sister of H. A. Hyde.

**Hoblitzelle Award Search In Progress**

A pair of fortunate, hard working Texas farmers or ranchers engaged in unselfish tasks will find themselves next spring amid some unexpected glory reaping a bountiful harvest of green.

The two will receive the 1964 Hoblitzelle Awards for the Advancement of Texas Rural Life -- honors that will be conferred upon them during Texas Research Foundation's Awards Dinner at Renner on Wednesday, May 20.

"Search for the two men is underway through a team of statewide committees," Dr. C. L. Lundell, Director of the Foundation, said this week. "One recipient will be a junior farmer or rancher who is 35 years of age or younger. The other will be a senior who has passed his thirty-sixth birthday."

"One recipient will be a junior farmer or rancher who is 35 years of age or younger. The other will be a senior who has passed his thirty-sixth birthday."

There are five state regional committees -- one in each of the five areas of the State Association of Soil Conservation Districts. Nominations may be made to any member of the regional committee in the area where the candidate lives.

Members of each regional committee are the Area Vice President of the State Association of Soil Conservation Districts, a resident official of the Young Farmers of America, an Area Supervisor of Vocational Agriculture, a District Agent of the Texas Agricultural Extension Service, an Area Conservationist of the Soil Conservation Service and an outstanding banker.

All nominations for the honors must be submitted to the proper committee by December 1, 1963.

The awards are donated by the Hoblitzelle Foundation of Dallas and presented at Renner by the Karl Hoblitzelle Agricultural Laboratory of Texas Research Foundation, administrator of the awards.

The Hoblitzelle Foundation was established in 1944 by Karl St. John Hoblitzelle, Dallas philanthropist, who has been active for half a century in civic, educational, cultural, patriotic and charitable movements.

Winners of the 1963 awards were Bill Lane, Comanche County dairy-livestock farmer

of Gustine, and Richard McAdoo Riley, Travis County dairyman of Del Valle, junior and senior respectively.

**NEWS FROM THE FARM BUREAU**  
 BY RAYMOND EULER

Farmers and ranchers do not need to feel inferior politically or otherwise when they look at their contribution to the economy in which they live and participate. The fact that they are a minority group should not make them feel that "There's no use in joining an organization or participating in policy development activities." Here is a break-down of moneys spent by farmers and ranchers in Texas each year: \$449 million for hired labor and machinery hire; \$389 million for seed, feed, plants, fertilizer and lime; \$310 million for livestock bought and livestock expenses; \$301 million for machinery purchased, repairs, maintenance; \$119 million for petroleum products; \$67 million for construction materials; \$57 million for miscellaneous crop expenses; \$147 million for all other expenses including interest and insurance. The grand total is \$1 billion, 148 million. Merchants, city congressmen, etc. take note. (And they do).

Bill Wedemeyer, Texas Farm Bureau Research and Education Director, questions the advisability of selling wheat to Russia with facts and figures: The amount of the 1963 wheat crop

More grain storage is being built every year to handle the ever-increasing Farmer County production of wheat and grain sorghums and especially the latter. Here a workman is completing installation of an electric motor on an auger high above the ground near the just-completed West Friona Grain company.

placed in the loan program by wheat producers through August 31 amounts to only 79% of the amount placed in the program on the same date a year ago. Also, according to the USDA's Grain Market News publication of Sept. 20, 1963: "Hard winter wheat advanced 4-5¢ a bushel reflecting light receipts and improved demand. Red wheat gained 8¢ with a strong demand for light offerings. Spring wheat went up 5¢ per bushel in Minneapolis as county selling continued light and both exports and domestic demand was good.

Durum wheat climbed 9 to 10¢ largely due to light offerings. White wheat closed six cents higher in the Pacific northwest as export demands became active and farm marketings continue to lag." Wedemeyer also shows that if the poll tax is eliminated \$2,239,189 would be eliminated from the state school fund; \$1,119,594 would be eliminated from the state general revenue fund. Remaining would be the 25¢ fee which provides \$559,797 local funds for collection of the tax.

CONSIDER THIS: Let a bear robbed of her whelps meet a man, rather than a fool in his folly. Proverbs 17:12.

Gifford-Hill Western workmen were busy late this week unloading steel beams which will be used in construction of the new office building being erected at the new plant site in east Farwell.

# GIFFORD-HILL WESTERN EXPANDS PARMER PLANT

Gifford-Hill Western, which began operation in the Farwell area in July 1955, is at the present time in the midst of an expansion program which when completed will house some of the most modern offices, shops and manufacturing plants in the entire Gifford-Hill Western Co. The present plant in Farwell was built during the period July 1955 through October of the same year. At that time the plant was adequate to take care of the irrigation pipe needs of the surrounding area; however with the expansion of the irrigation program in this and surrounding counties the facilities became inadequate to supply the demand for the concrete pipe which the company manufactures and installs.

The facilities under construction (to cost an estimated \$200,000) will include office space for the manager, a bookkeeper-receptionist, dispatcher, office clerk and an inventory clerk; the plant which will be equipped to manufacture not only the old mortar type concrete pipe but also the newer lock-seal pipe, that which fits together and is sealed with a rubber gasket, and a shop where fabrication work and maintenance of equipment will be done.

Site of the construction now underway is a tract of land covering 24.2 acres lying east of the present Gifford-Hill facilities. When completed the operation will be able to handle all irrigation needs of the area in the foreseeable future says, Buck Clarke, manager of the Farwell operation.

operations in Farwell in July 1955 with a crew of three men, a manager, salesman, and dispatcher, located in a small office on highway 70-84 in east Farwell. All pipe sold from that location was hauled in and installed by crews contracted from either the Lubbock or Plainview plants. In October 1955 when the Farwell plant was completed the operation was enlarged to include 25 men, who manufactured the pipe and installed it in this area.

The operation has expanded until at this time three salesmen are employed to cover most of a five-county area and additional offices are maintained in Hereford, Muleshoe and Portales. Other key men in the operation are a plant foreman, two foremen of the installation crews and a dozer operator, with plans calling for a second with the completion of the new plant, in addition to the office personnel.

At the present time a crew of approximately 55 men is employed during the slack season with an additional 30 men employed during the busy season, November through May. Other Gifford-Hill Western Co. plants are located in Plainview and Lubbock in Texas and in Roswell. Main office for the company is in Lubbock. The Gifford-Hill company has plants which cover a five-state area, including Kansas, Texas, New Mexico, Nebraska and Colorado which manufacture other types of pipe and construction needs.

Raw milk can be produced with a bacteria count of under 10,000 per cc with average conditions on Texas dairy farms. And with a little extra care in washing, cleaning and sanitizing equipment it can be reduced to less than 3,000. Milk temperature, the health of the cows, milking equipment, udders and teats, and the milking parlor should be checked when unusually high bacteria counts persist.

A good swine management program should include a boar lot of about one-fourth acre in size, with shade, water and a feeding area. Horse mounted patrols were employed by U. S. Marines in Santo Domingo and later in Nicaragua.

## Soil Testing Labs Being Kept Busy

The three soil testing laboratories operated by the Texas Agricultural Extension Service at College Station, Seymour and Lubbock tested 1,997 soil samples during July and August. The Service reported that the number was about normal for this season, but noted a sharp increase for August. This increase was attributed to the preparation of farmers for small grain planting and the fertilization of winter pastures. The four top counties in numbers of samples submitted for testing were Baylor with 254; Travis, 213; Throckmorton, 80; and Harris with 79. Six other counties submitted 50 or more samples and in order of numbers were Montgomery, Washington, Archer, Kaufman, Milam and Young. In addition, 9 samples were received from New Mexico, 8 from Oklahoma and 6 from Nevada.

A new service, water testing by the laboratory at Texas A&M University, has been offered since September 1, 1962. A total of 471 water samples were analyzed by the lab during the 12-month period ending August 31. Water analysis at the lab is made only on water used for plant growth or livestock consumption. Water to be analyzed for human consumption should be submitted to the Public Health Service in Austin, the lab technicians pointed out.

In connection with the submitting of water samples, the technicians said that samples should be sent to the lab in plastic containers. The containers should be rinsed with the water to be analyzed at least three times before being filled to prevent contamination. The samples should be well packaged for mailing. Several samples have been broken in transit during the past year because of careless packing. The counties submitting the most water samples were Tom Green, Childress, Fisher, Nueces, Kent, Frio and Scurry. In addition to the samples analyzed for Texas, 15 samples were received from California.

Justin McCarty adds just the right touch of sophistication to the jumper with the interesting shaped body lines, and the check plaid that combines black and white with thin lines of blue, red, or gold. The collarless, long sleeved blouse is acetate and rayon, the jumper, wool and Zefran acrylic. Sizes 6 to 16.

NO DOUBT ABOUT IT... THE JUMPER IS "IN"

# At Home In Parmer County

By CRICKET B. TAYLOR  
County HD Agent

How is your breakfast I.Q.? These cool fall mornings calls for a good breakfast, with so many activities planned for the day. A good breakfast is one that is attractive, tastes good, gives you energy and furnishes material for building the body. It will supply one-fourth to one-third of your daily food requirements. One cannot feel perky on an empty stomach. At breakfast it has been 12 or more hours since the body has had food and your body needs fuel to start the day feeling full of vim and vigor. Actually food is the most urgent need of your life and the most important influence on life.

There is a breakfast pattern to meet each person's need. A teenage girl does not need as heavy a breakfast as a teenage boy or his father. The office worker who sits at a desk does not need as heavy a breakfast as the very active homemaker, but all need breakfast. Breakfast is one of the quickest meals to prepare if planned ahead.

than a good hot biscuit. Some women tell me that they don't always have time to prepare hot biscuits and too, with only two in the family preparing such a small amount seems impractical. Here is a good way to overcome this problem. Try Whiz Biscuits. (Brown & Serve)

### WHIZ BISCUITS

12 cups all-purpose flour  
6 T. Baking powder  
3 1/2 to 5 1/2 C. milk  
2 T. salt  
1 1/2 cup shortening

Sift dry ingredients together into large bowl, putting salt and baking powder into first sifter load. Cut in shortening with pastry blender until evenly blended. Gradually stir in milk, enough to make a very soft sticky dough which pulls away from sides of bowl easily. Turn into floured board or canvas. Knead lightly until smooth enough to roll. This takes 40 to 50 strokes. Divide into 3 parts for easier rolling. Roll or pat 1/4 to 1/2 inch thick. Cut into biscuit shapes, various sizes for various uses.

Bake on ungreased sheets in very hot (450) degrees oven until faint flecks of brown shows on top, 6 or 7 minutes.

Remove to wire racks to cool. Store in plastic bags in the refrigerator or freezer. (Those you plan to serve right away, bake 12 to 15 minutes, to a golden brown.)

To finish baking the partially-baked biscuits which have been stored: Place in 450 degree oven 5 to 7 minutes, or until nicely browned.

Note: Biscuits rolled 1/4" thick bake just right for the various uses we suggest, including those you serve piping hot with butter.

Many products have been used to control pests on agricultural crops. Lime-sulphur, compounds of arsenic, lead, mercury and copper, coal tar products, soap, petroleum products, and plant extracts such as pyrethrins, rotenone, and nicotine are among them.

Small children are often injured while riding on farm machinery. They are also hurt in driveways and work areas and should be kept away from these areas unless properly supervised.

## Texans Lose Thousands Of Dollars To Termites

Few insect pests are more discouraging or annoying to a homeowner than hungry termites, says John G. Thomas, entomologist with the Texas Agricultural Extension Service. Texans lose thousands of dollars each year satisfying the enormous appetite of this tiny wood-chewing pest, he says. Nothing short of financial or natural disaster is more damaging to the homes of Texans in some areas.

Termites can literally eat a home to pieces if they are allowed to go unchecked, but they can be stopped by several methods, says Thomas.

Prevention is the best way to avoid trouble from termites he emphasizes. Provide good drainage, ventilation and floor clearance under houses not of slab construction. Remove wood, paper and cloth waste from around the house. Haul off excess piles of dirt and in short, remove the places where termites might live, he says.

Before the home is completed, effective control of termites can be assured by treating the soil under it with a recommended insecticide for the purpose. By working the chemical into the soil where control of the pest can be expected for at least five years, says Thomas.

For the house already infested, several insecticides are recommended. Five percent DDT and two percent chlordane are the two most common materials, but dieldrin, lindane, and sodium arsenite are also effective, says the entomologist. Injecting a .5 per cent gamma isomer of BHC in fuel oil into the tunnels of the termites is also effective, says Thomas.

A precaution on the use of any of these chemicals for-

### Houseflies Produce Attractant

Science has moved a step closer to biological control of houseflies with the discovery that female flies produce a chemical substance that attracts male flies, says the U.S. Department of Agriculture.

Entomologists have found that the substance is highly specific in its attraction, not attracting female houseflies or flies of other species. The Department says that though more work is needed before the attractant is practical, it could be a preliminary step in developing new ways to control this insect pest.

The substance may be used to lure male flies into traps, to poison baits, or to a chemical sterilant. A prime advantage of attractants is that any chemicals combined with them do not come in contact with people, crops, livestock, fish or wildlife, the USDA explains.

Scientists of the USDA tested the attractant with the use of a device which did not allow the male flies to see the females. Female flies were also frozen so that they made no sound and placed in the device and the male flies once again were attracted to them. From these tests researchers conclude that the smell emitted by the females was the attracting force.

Future work on the project will attempt to isolate, and chemically identify the substance and learn where it is produced in the female fly's body. By the use of such attractants USDA scientists hope to be able to develop insect control methods that are specific in their action and thus lessen the danger to beneficial forms of life.

## Freeman Schedules 13 Rural Report Meetings

Secretary of Agriculture Orville L. Freeman will begin Sunday, September 8, a series of 13 "Report and Review" meetings with farmers and other citizens in rural America in nearly every section of the country during the next two months.

"I intend to get out and talk with dirt farmer throughout the country, I want to listen to what farmers are saying and thinking, and to find out what individual attitudes are toward the

way programs are being administered, toward farm legislation, and toward the Department of Agriculture," Freeman said.

Here in Washington, the grass roots thinking from rural America is being drowned in a babble of voices. Farm organizations disagree as to what the farmer is saying as well as the kind of program -- or absence of program -- he wants. The Congress is sharply divided on legislation, and has been for years. Newspapers and magazines claim they know what the farmer is thinking and what is good for him, but you can get almost as many different opinions as there are magazines and newspapers.

"As a result, we are hearing more today from those who say they know what the farmer wants than we are from the farmer himself. Since I have been in public life, I have learned the best way to find the most practical program is to go to the

people directly. Personally, I look forward to these meetings with great pleasure and expectation.

"And I hope that as I listen to farmers, other people also will listen to what the farmer on the land is thinking and saying. The farmers of this Nation -- who feed us better and cheaper in proportion to our income than in any Nation today or in history -- have earned the sympathetic attention of the American people.

"We are moving through a period of profound and irreversible change in American history, not only in the city and factory, but in the towns and on the farms as well.

These changes flow from the same root cause -- automation and mechanization, products of an age of science and technology -- but the meaning and impact of these changes on the farmer are even less well understood than the changes in

the industrial segment of our society.

"Few Americans understand the dilemma of a farmer who wants to use all his land efficiently and to produce food to his maximum ability -- and yet who knows that if he does, he will produce more than can be sold at a fair profit. Yet this dilemma is being distorted, for the farmer is far too often pictured not in relation to the economic crisis he faces, but rather as a man who wants to be subsidized and pampered. The farmer wants to resolve his dilemma -- and he wants to do this even more strongly than do those who enjoy the benefits of our super-efficient agriculture."

The Secretary said the meetings are being arranged in small communities in 11 States selected geographically to reach nearly every major agricultural area in the Nation.

# Hospital Fund Drive Kicked Off In Friona

FRIONA, TEXAS

THURSDAY, OCTOBER 17, 1963

TEN CENTS

THE  
FRIONA

# STAR

VOLUME 42, NUMBER 3

16 PAGES

SECTION 1

## STAR Lites by Bill Ellis

A Hawaii vacation seems to be becoming the order of the day. One Friona couple, Mr. and Mrs. Woody Fleming, returned recently from a visit to the islands. Mr. and Mrs. Dan Ethridge left last Thursday for a three-week vacation, most of which will be spent in Hawaii.

We've been meaning for some time to comment on the Friona High School band's performance. Willis Giddens, who came to Friona this year as director, is doing a fine job, and the band has shown improvement each week.

I'm sure that the group, if it performed as it has at the football games this season, was one that Friona could be proud of as it performed at the State Fair in Dallas the first of the week.

Another thing we have intended to do is thank everyone for their participation in the Star's football contest this year. Participation is up considerably from last year, helped along, we'd suspect, by the success of the Chieftains, and the greater interest in football in general by Frionans.

We have over 140 persons who have entered the contest, which gives away two tickets to the 1964 Cotton Bowl game. Not all of the entrants have entered every week, but between 75 and 100 people enter each week, and interest seems to be holding this year.

We are amused periodically while peering over Advertising Manager John Getz' shoulder while he checks the entries each week. Sometimes people pick all the "upsets" for a particular week, then miss the games you'd expect them to pick correctly.

Sometimes, an entrant writes something amusing on their blank. This past week, for instance, the Texas vs Oklahoma game was included in the contest, with the explanation "at the Cotton Bowl" added on the contest schedule to further aid entrants. This must not have helped one particular contestant, for she wrote "Cotton Bowl" in the blank where the winning team was to be chosen.

This prompted the Star's commercial printer, Carlton Newell, to remark that perhaps the contestant didn't miss it so far after all. With over 75,000 fans at the game, Newell explained, the Cotton Bowl people stood to be the real "winner" in the game.

We heard that tickets to this particular game, which pitted teams ranked Number 1 and 2 in the nation prior to game-time, were being "scalped" at \$100 each.

If there is a record for cutting permanent teeth late in life, Eva Roberson is claiming it. Mrs. Roberson, 78, didn't lose her original right "eye-tooth" until she was about 40. Another tooth didn't come in, so she had a false tooth put in.

Just lately, however, the tooth finally made its appearance. On Tuesday of this week, Mrs. Roberson had to go to her dentist to have the tooth removed.

The dentist, Dr. W. M. Orr of Littlefield, has been practicing a long time, and says he thinks Mrs. Roberson is about the fifth person for whom he has removed a "late" tooth of this nature, but she is the oldest case of this type he had had. Others have been mere "children" of 60 years of age or younger.

Politicians are beginning to stir, as the season for announcing candidacies for primary races opened. County-wide of-

(Continued on Page 2)

FOOTBALL QUEEN . . . Rose Ann Greeson, daughter of Mrs. Lester Dean, was crowned football queen during pregame ceremonies at the Homecoming game last Friday.

## THREE PICK NINE

### Joyce Wilkins Is Contest Winner

Mrs. Waymon (Joyce) Wilkins emerged as first place winner in the Friona Star's weekly football contest last week. In a week which featured some "mild" upsets, Mrs. Wilkins correctly picked nine games.

Two other entrants, both members of the Friona Chief squad, also got nine right, and took second and third place in the contest. For the number of upsets, three entrants getting nine correct was considered a good showing. Only three other entrants out of the week's total of about 80 got as many as eight

games correct.

Dennis Howell, junior halfback on the Chieftain team, placed second, and Milton Hargus, also a junior halfback, was third. All had nine correct, and all missed different games. The tie-breaker score separated the first three places.

Mrs. Wilkins, who missed the Floydada - Dimmitt game, picking Floydada, missed the score by 12 points, getting Friona's 38 on the nose, but picked Bovina to score 12, and the Mustangs were scoreless.

(Continued on Page 2)

SECRET MEETING . . . Danny Wayne, played by Mike Baronowski, has come to say goodbye to Kathleen, played by Carolyn Herring. "It has long been my intention to ask a question of ye," says Danny. "Dear Me, how interesting! What can it be?" answers Kathleen. The scene is from "Smilin' Through," to be presented tomorrow night.

## Chiefs Have Open Date

"As far as we're concerned, we will be starting all over next week," Coach Don Light told members of the Friona Booster Club Monday night. The Friona Chiefs have an open date in their schedule this week. They open District 3-AA play next Friday at Dimmitt.

"We told the team that while their record to date is fine for non-conference, the season will mainly be remembered for how they do in the next four games," Light added.

The Chieftain Coach, speaking of the district schedule, said he felt the team could hold its own with any of the teams in district on a given night.

"We hope to win all of the district games, just as we have non-district, but we will take them one at a time," he said. Since the team had an open date, it was given Monday "off" from workouts.

Light was complimentary of his team's effort against Bovina, stating that he thought the team improved 100 per cent from its performance at Happy the preceding week.

"I thought our interior linemen did an excellent job—they whipped Bovina consistently," Light said.

Members of the booster club watched the Friona-Bovina game film. It was reported that the warm-up jackets ordered for the team are expected to be in Friona in time for the Dimmitt game.

Next Monday, representatives of the Southwestern Football Officials Association from Amarillo are to bring a program of rules interpretation to the club, and wives and any fans interested are invited to attend.

## OWNER ANNOUNCES

### Friona Lanes To Close Nov. 15

Friona Lanes will close its doors on November 15, announces Ed Hicks, owner. Hicks made the announcement Tuesday night, giving his employees 30-day notice of his intentions.

"It is my greatest regret that I take this action. I hope the people of Friona will understand my position and will feel kindly toward me, as I intend to continue to make Friona my home," Hicks said.

He said the reason for closing the bowling alley was strictly its financial standing.

"As of now, I have no idea what will go into the building. I would like to see the bowling alley stay there," said Hicks, who owns the building and equipment.

All leagues are requested to arrange their schedules so that they can wind up by November 15, Hicks said some of the team

YOUR BEST MEDICAL INSURANCE IS AN ADEQUATE COMMUNITY HOSPITAL. . . . . GIVE!

## Need For Rooms Is Stressed

A fund drive to finance an addition to Parmer County Community Hospital was begun in Friona this week. It is hoped that funds can be raised in a short time, so that construction on the much-needed additional rooms can begin soon.

Teams of local citizens began canvassing the city and area last weekend, and will have a breakfast meeting Friday morning to report the results of the first week's efforts.

Plans call for the addition of 10 new private rooms to the hospital, at a cost of approximately \$75,000. The rooms, which will measure 13 by 14-6, will be designed to convert into semi-private rooms, and actually give the hospital room for an additional 20 beds.

While there is no particular goal for the current drive, Charles Allen, general chairman, set a goal of at least \$5,000 for each team which is working, and there are 10 teams.

The hospital also has some lots on Highway 60 that it is interested in selling. Then, too, there is \$13,000 in the building fund at present.

H. E. Barnett, hospital administrator, pointed out that a contract cannot be let until a sufficient amount of money is available. With winter rapidly approaching, it is now doubtful that the addition can be constructed in time for the "rush period," but it is hoped that construction can begin before winter becomes too inclement.

Team captains for the drive include Andy Hurst, Flake Barber, Dick Rocky, C. V. Potts, Mrs. Claude Osborn, Mrs. Marty Martinez, A. L. Black, W. D. Buske, Porter Roberts and J. B. Buske.

At the kickoff breakfast last week, it was explained that the hospital is showing a 10 per cent increase in the use of its facilities this year over last.

## Lewellen Files

### For Re-election

POLITICAL ANNOUNCEMENT

Tom Lewellen, who is serving as commissioner of Precinct 1 in Parmer County, has authorized his announcement as candidate to succeed himself, subject to the action in the Democratic primary next May.

In making public his candidacy for re-election, Lewellen issued the following statement:

"In announcing my candidacy for nomination for commissioner of Precinct 1, subject to the will of the voters in the Primary next May, I wish to express my sincere thanks and appreciation to the people of Precinct 1 and the surrounding area for the cooperation given me in the past.

"If I am elected, I pledge a continuance of my best efforts to the duties of this job. I will appreciate your support."

TOM LEWELLEN

## School Hosts Parents Monday

A "get acquainted night" will be held Monday, October 21, for parents of fifth and sixth grade children at the Friona Junior High School building.

Parents are to meet at the home rooms of their children at 7:30 p.m. on Monday.

A similar night will be devoted to parents of 7th and 8th grade youngsters on the following Monday, October 28.

GIVING TO DRIVE . . . Among the first contributors to the Parmer County Community Hospital fund drive was the Friona Star. Shown presenting his pledge card to Ralph Roden, one of the fund team members, is Joe Osborn, owner of the Star.

## "SMILIN' THROUGH"

### Thespians Present Musical Tomorrow

The Friona Thespians Troupe will present a romantic musical, "Smilin' Through," tomorrow at 7:30 at the Friona High School Auditorium.

Admission will be \$1 for reserved seats; 75 cents for adult general admission and 50 cents for students.

Cast members include Bob Welch, Dennis Howell, Mary Ann Roberts, Carolyn Herring, Charles Fields, Mike Baronowski, Neel Lyles, Cheryl Neill, Karen Hughes, Lois Moyer, Tim Rhodes, Frieda Floyd, Roscoe Parr, Janet Stevick, Howard Rhodes and Monte Sue Welch.

The musical, which is presented in three acts, tells the story of a love tragedy which occurred fifty years before. A beautiful bride-to-be was shot

and killed by a rejected suitor. She vows she will come back in spirit to undo the wrong.

"Smilin' Through" the mist that separate the life here and hereafter, the spirit returns to aid a boy and girl of another generation of the families involved in the tragedy.

Mrs. L. E. McClain is Thespians sponsor.
