FOOTBALL FEVER. . . Football practice doesn't begin until Monday, but the Friona High School cheerleaders have the jump on the team. The cheerleaders for 1963-64 are (top to bottom) Nan Lillard, Carolyn Herring, Monte Sue Welch, Cheryl Neill and Sharon Dean, forming the Chieftain "totem pole."

FOR GRID SEASON

Chiefs Set To Begin Workouts On Monday

Football workouts will begin Monday at 8 a.m. for the 1963 Friona Chieftains. At that time, football equipment will be issued, and two workouts per day will be held until the first day of school, September 2.

A complete new crew of football coaches will greet the varsity players, Don Light, formerly of Stinnett, is the new head coach, Bob Owen, also formerly of Stinnett, will assist, and C. W. Dukes, who comes to Friona from Sundown, will round out the staff.

The coaches will host an open house at the field house Sunday afternoon between the hours of 2 and 4 p.m. "We hope that all the parents especially will come by, so that we can meet them, and so they can see our set-up," Light said.

"Probably many of the parents have never seen our facilities in the field house, and this will allow them to inspect it, and see the equipment in which their boys will play," he continued. The new head coach emphasized that the reception

would be very informal. Light compiled a record of 38-16-3 while at Stinnett, advancing to the state class A semi-finals one year, and the quarter-finals another. He is a graduate of West Texas State College.

Owen, a 1959 graduate of Midwestern University, was assistant to Light the past two years at Stinnett. He will work particularly with the interior line for Friona. Both Owen and Light will work with the freshman team, which will not start working out until school starts.

Dukes, who will also be head coach of the boys' basketball team, will work primarily with the ends at Friona High School. A graduate of Texas Tech, Dukes has 14 years of coaching experience. Although he is noted primarily for his success with his girls basketball teams, he served as assistant football coach at Sundown, and also had a very successful record with his football teams at Lazbuddie High School, where he handled the entire athletic program.

Light said the freshmen will not begin workouts until September 2, so as not to make their season too long and boring. The (Continued on Page 2)

Miller Takes Kress Position

Kenneth Miller, head coach of the Friona High School Chieftains the past two seasons, has accepted a position as assistant coach at Kress High School, it was announced this week. Miller replaces Harold Sides, whose resignation was given to the Kress school board last week. He will assist Leo Fields in coaching the Kress Kangaroos.

Miller was at Groom High School before coming to Friona. He coached two district winners at Groom, and won the regional championship once. Misfortune befell him at Friona, as the Chiefs failed to win any of the 20 games during which he was head coach.

Chamber Meets With Chairmen Of Maize Days

All Maize Days committee chairmen are to meet with the Friona Chamber of Commerce tonight at its regular meeting at 8:30 p.m. at the Community Room of Friona State Bank.

Each chairman will discuss his needs to the chamber, as further Maize Days plans are laid, according to Porter Roberts, general chairman of the celebration.

Roberts announced the appointment of Fobbie Osborn as chairman of the beard-growing contest, filling the last vacancy of committee chairmen.

WILLIS GIDDENS

Director Hired For Friona Band

Willis Giddens, 28, was hired as band director for Friona High School for the 1963-64 school term, replacing Lowell Bynum, director for the past three years, who resigned last week to accept an administrative position at Cooper Elementary School near Lubbock.

Giddens, who is single, received his BA degree at McMurry College in 1957, and his MA degree in 1960 from West Texas State College. He has been band director at Shamrock High School for the past six years.

A member of the Methodist Church, Giddens is a native of Littlefield, where he graduated from high school.

"I am pleased to be here, and am looking forward to a good year," Giddens commented. He pointed out that he was a close personal friend of Bynum, so

WILLIS GIDDENS

had been keeping up pretty well with what Bynum had been doing at Friona.

ON SMU CAMPUS

Cheerleaders Leave For Annual School

Five Friona High School cheerleaders for 1963-64 will leave Saturday for a week of instruction at Southern Methodist University, sponsored by the National Cheerleaders Association.

The cheerleaders for 1963-64 are Carolyn Herring (head), daughter of Mr. and Mrs. D. C. Herring; Sharon Dean, daughter of Lester Dean; Nan Lillard, daughter of Mr. and Mrs. Harold Lillard; Cheryl Neill, daughter of Mr. and Mrs. Kenneth Neill, and Monte Sue Welch,

daughter of Mr. and Mrs. Nelson Welch.

Carolyn and Cheryl are seniors, Nan and Sharon are juniors, and Monte Sue will be a sophomore this school term. While at the school, the girls will receive instructions in yells, stunts and conducting pep rallies. Leonard Herkimer of SMU is sponsor of the school.

The delegates to the school stay in the SMU dormitories while the school is in session. The girls will return to Friona on Friday, August 23.

Moseley To Fill Out Tax Assessor's Term

Hugh Moseley, former County Clerk of Parmer County, was appointed to finish out the unexpired term as County Tax Assessor-Collector in the regular meeting of the county commissioners Monday. There were three applicants for the position.

Moseley will finish out the term of Lee Thompson, who resigned recently. The appointment will be effective September 1, at which time the tax assessor-collector's term will have a year and four months to run.

Since his last term as coun-

ty clerk expired, Moseley has been working as bookkeeper for Friona Feedyards, Inc. He served two four-year terms as county clerk.

In other business by the court Monday, it requested a total of \$33,652.51 from the state through the Lateral Road Fund, part of the gas tax refund program.

A jury of view was appointed to inspect the road of Estis T. Bass and others. Members of the jury will be Charles Howell, W. M. Massie, Herschel Johnson, J. E. Knight and Denver Smith.

Club Invites Public To "Practice Shoots"

A practice shoot will be sponsored by the Friona Gun Club at the Trap House east of the city each Thursday night, according to C. L. Lillard, secretary of the club.

A charge of \$1.25 per round for 25 birds will be made, Lillard said.

"This is good practice for everyone who likes to hunt birds. Women are welcome to come out and try their skill. Many enjoy trap shooting," he said.

The club is sponsoring a team shoot Saturday night beginning around 8 p.m. Teams are expected from Plainview, Dimmitt, Bovina, Lariat, Clovis and Edmonson. In addition, Friona is planning to enter two teams.

After the team shoot, a ham shoot will be conducted, with

everyone eligible to enter. Shooters will be classified according to their ability.

Water Use Hits Peak In July

An average of over a million gallons of water per day were used by Friona residents during the month of July, according to figures released this week by the city manager's office.

Water department records revealed that 31,307,800 gallons of water were pumped during the month, an average of 1,009,929 gallons per day.

The single high consumption was on July 24, when 1,481,500 gallons were pumped.

Preliminary Approval Is Given Proposed Budget

The Friona City Council gave its preliminary approval to a \$191,524 budget for the fiscal

year 1964 in its regular meeting Monday night.

The council also awarded contracts totalling \$5,474 for pipe, valves and fixtures to three firms. In other business, the council approved the second reading of proposed Ordinance number 357, dealing with subdivision regulations, extended Pioneer Gas Company's franchise in the city to 1984, and

approved placing five new street lights on Grand Avenue between Fifth and 11th Streets.

The proposed budget is an increase of \$22,440 over last year's figure of \$169,084. The budget increase is to be taken care of without a city tax raise. Assessed evaluation of Friona's taxable property this year is \$5,506,900, compared to \$5,131,116. The tax levy this year

will be \$71,590, compared to last year's \$66,704.

Included in the new budget will be pay raises generally averaging three per cent increases for city employees.

In other business, the council awarded contracts for pipe and supplies to two Amarillo firms and a Birmingham, Alabama concern. A contract for (Continued on Page 4)

Midge Situation Termed "Dangerous" By Coker

County Agent Deryl Coker this week sounded a warning to grain farmers as to the presence of Sorghum Midge in Parmer County.

"Sorghum Midge populations have built up at a tremendous rate during the past 10 days and we have reached the point in most locations in the county where it could be dangerous or costly not to spray grain sorghum that blooms from now on," Coker stated.

"Heavy midge populations have been found south of Farwell, and in the Friona-Black area in some fields. Also, midge have been found in the Oklahoma Lane community," he said.

Coker pointed out that previous work has shown that the heaviest egg-laying by midge usually begins about the third day following sorghum head emergence from the boot. Chemical control depends upon the destruction of the adult female before egg-laying begins. Thus, each sorghum head must be covered with insecticide within three days after emergence from the boot to prevent egg-laying within its spikelets.

Under ideal conditions of uniform heading, a single well-timed insecticide application should give good midge control. However, it is realized that many fields will not head uniformly and two to three applications at three to four day intervals may be necessary for effective control.

Both Endrin and Toxaphene may be applied only once each season to grain sorghum. If

either of these chemicals are used for the first spraying, Sevin should be used for additional applications, the county agent recommended.

"Any grain sorghum that hasn't bloomed should be observed very closely and if any signs

of midge is present, it would probably be feasible to use an insecticide, Coker said.

"The sorghum midge can cut the profit out of grain sorghum, so don't let this little orange insect rob you of your profit," he concluded.

Star Wins Top Newspaper Prize

For the second time in three years, the Friona Star brought home the "General Excellence" award from the annual West Texas Press Association convention, which was held in Abilene the past weekend.

The award, highest given by the association, was first won in 1961, based on issues edited by Dave McReynolds. Ironically, the Star had to beat out another McReynolds - edited newspaper, the Stratford Star, to claim its latest honor. Stratford's newspaper placed second in the contest.

The award was for newspapers in communities of 3,000 population and under. Winning the award for communities over 3,000 population was the Ochiltree County Herald at Perryton.

The Hereford Brand, perennially in the winner's circle, came in for two awards. The Brand was first in editorials in its division, as well as news pictures. It also was third in

advertising composition. For winning, the Star was presented a handsome trophy. (Continued on Page 3)

Junior Golf Meet Scheduled

Friona Country Club will stage the first in what it hopes will become an annual junior tournament next Tuesday and Wednesday, August 20-21.

"Everyone who will be a senior in high school this year or younger, is invited to participate," said Joe Coronado, club pro.

Coronado said he hoped to have at least four flights, and would have one flight for girls. The other flights will be divided along the lines of ages 9-11 (pee-wees), 12-13; 14-15; and 16 and above. Youngsters from neighboring communities are also invited to enter the tournament.

PIC OF THE PLAINS . . . Friona Star editor Bill Ellis admires the trophy the Star received in the "General Excellence" division of the West Texas Star Press Association contests. Ellis looks over the winning entries.

Truck Sold To City Of Bovina

The City of Friona recently completed the sale of its old trash truck and packer body to the City of Bovina at the price of \$2,500.

After a special city council meeting July 26, an offer was made the Bovina council, and their mayor delivered a check in the specified amount on July 30.

The truck which Bovina had been using became irreparable.

Chiefs --

(Continued from Page 1)

freshmen will check out their equipment at 10:30 a.m. on Thursday, August 29.

Several lettermen will be among the squad which shows up on Monday, although Light says the number of lettermen one team has as opposed to another "can be deceiving. I think we'll have around 16 returning lettermen," he said. He explained that schools have various means of determining how a player "letters," so that to compare the number of lettermen between schools can be misleading.

As to the finish of District 3-AA, of which the Chiefs are a member, Light said the general feeling is that Muleshoe will defend its title of a year ago, with Morton and Olton challenging. "Dimmitt and ourselves follow," he said, hinting that the assignment would be to change the order as much as possible.

Light says the team's strong point this year could be its size. Several husky boys will move up to the varsity from last year's freshman team, to put it in much better physical condition than the team was a year ago.

As for the weakness on the team, Light said the fact that the boys would be introduced to a new offense would take a little time. (Light teaches a straight T, the Chiefs have been running a Wing-T the past two years.)

"Also, the kids must overcome the effects of this losing streak. They have to become convinced that they can win a game just as easily as they can lose," he said.

And Monday at 8 a.m., the convincing sessions will begin.

PUBLIC NOTICE

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1963. SENATE JOINT RESOLUTION NO. 16 proposing an amendment to the Constitution of the State of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Three Hundred Fifty Million Dollars (\$350,000,000.00) providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of the State of Texas be amended to read, respectively, as follows: "Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas, performing governmental duties which has been designated the Veterans' Land Board; said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except those specified herein. Said Board shall be composed of the Commissioner of the General Land Office and (1) two citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature and such shall be in full and no other compensation shall be made or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for issue and sell not to exceed Three Hundred Fifty Million Dollars (\$350,000,000.00) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000.00) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest shall be issued in such form, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half percent (4 1/2%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchaser's agent, be in full and no other compensation shall be made or may hereafter be prescribed by the Legislature.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the moneys attributable thereto) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which shall be set aside and remain in a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the

principal and the interest thereon, together with the expenses herein authorized, of any other bonds hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the intent of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be sold at the lowest price obtainable to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose and the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, and at such prices and rates of interest and under such rules and regulations as are now or may hereafter be provided by law to Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940 and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who, at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold or resold; by said Board, for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956 shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional bonds, to be sold as provided herein, until December 1, 1963; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1963, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1963. SENATE JOINT RESOLUTION NO. 1 proposing an amendment to the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 4 of Article VI of the Constitution of the State of Texas be amended to read, respectively, as follows:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in this state one year next preceding an election and the last six months within the district or county in which such person offers to vote, shall be deemed a qualified elector, provided that any member of the Armed Forces of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces and provided further, that before offering to vote at an election a voter shall have registered if required by law to do so. The Legislature may authorize absentee voting. This Amendment shall take effect on December 1, 1963.

"Section 4. In all elections by the people the vote shall be by secret ballot. The Legislature shall provide for the numbering of ballots and make such other regulations as may be necessary to detect and punish fraud and preserve the purity of elections, and may make by law for the registration of all voters. Should the Legislature enact a registration law in anticipation of the adoption of this Amendment, such law shall not be invalid by reason of its anticipatory character.

"Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"FOR the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

"AGAINST the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1963. SENATE JOINT RESOLUTION NO. 16 proposing an amendment to the Constitution of the State of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Three Hundred Fifty Million Dollars (\$350,000,000.00) providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund and providing for an election and the issuance of a proclamation therefor.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such lands; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by said Board from the sale or resale of any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States, until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the moneys attributable thereto) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which shall be set aside and remain in a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the

principal and the interest thereon, together with the expenses herein authorized, of any other bonds hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the intent of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be sold at the lowest price obtainable to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose and the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, and at such prices and rates of interest and under such rules and regulations as are now or may hereafter be provided by law to Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940 and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who, at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold or resold; by said Board, for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956 shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional bonds, to be sold as provided herein, until December 1, 1963; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1963, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such

Pampa Golfers Steal Local Golf Spotlight

Max Hickey of Pampa, one of the early favorites, won the second annual Friona Invitational Golf Tournament with a one-under par 71.

Force Base, Hatcher beat David Carson of Friona, 3-2. Local golfers, who dominated most of last year's initial tournament, failed to win a trophy this year.

Two teams tied for runnerup spot with a 59. One of the teams was made up of Hatcher, Elmo Stover, Clovis, Ken Peterson, Littlefield, and Chic Conway.

GOLF WINNERS... Joe Coronado, Friona Country Club pro, presents prizes to the winners in Friona's Invitational golf tournament last weekend.

Jaycees' Appaloosa Show "Disappointing"

A disappointing turnout of 32 entries was the case in the first Appaloosa Show sponsored by the Friona Junior Chamber of Commerce the past Saturday.

was the grand champion mare. Another of Wright's horses, Tonto's Chief, was judged the top 1963 stallion.

Star -- (From Page 1) June Floyd, Star society editor who represented the newspaper at the convention, accepted the award.

Budget

(Continued from Page 1)

\$4,725 worth of six-inch and two and a quarter-inch pipe was awarded McWane Cast Iron company of Birmingham.

Clowe and Cowan of Amarillo was low bidder on a new supply of valves at \$427. Morrison Supply, also of Amarillo, was awarded the contract for fixtures totalling \$332.

Certain amendments were made to the proposed ordinance 357, as recommended by city attorney Bill Sheehan, and city consulting engineer, Red Smith. The ordinance gives the city more control over subdivisions within a one-half mile radius of the city limits.

The franchise of Pioneer Natural Gas, which would expire in 1964, was extended 20 years until 1984, on request of Ralph Shirley, manager of the local office. "The request is one being made and granted throughout the area. With extended franchises, Pioneer is better able to borrow money on long-term contracts," Shirley explained.

The council accepted the request of a petition to place street lights on Grand Avenue at the intersections of Sixth, Seventh, Eighth, Ninth and Tenth streets, to provide lighting for this well-used street.

A report was given concerning the board of equalization meeting Monday morning. No one appeared before the board to contest their taxes for 1963-64.

The council approved payment of \$276 to Friona Motors for repairs to the patrol car engine. The group heard the request that the \$9,600 fire and extensive coverage insurance policy on the city's maintenance barn be renewed, but recommended that the coverage be reduced to \$7,000.

Council tabled a petition from Bessie Drake and others, requesting the closing of an alley in the Drake addition. It rejected a similar request from Continental Grain Company to close Fourth Street between Main and Euclid.

The group heard a letter from K. C. May, Santa Fe Railway Superintendent in Amarillo, in which he stated that the automatic gate requested for State Highway 214 at the crossing at South Main may be installed in the near future, perhaps in "the next two or three months."

In his monthly summary to the council, City Manager A. L. (Jack) Outland reported that there were 12 changes in ownership during July. Ten purchases and 97 work orders were processed during the month.

Other reports, by departments, included the following: Water department--Five new water services were installed and one old service reactivated to bring the total meters in service at the end of July to 904. A small leak in the water main in the 500 block of Main Street was repaired on July 16, with a minimum of traffic interruption.

Sewer department--Records show that approximately 4,886,376 gallons of sewage was pumped during the period for

an average of 157,625 gallons per day. There were 956 kilowatt hours of electricity utilized at a cost of \$19.12. There were two new service taps made to bring the total to 822 as of 31 July.

There were six stoppages cleared during the month and approximately six days were spent at the plant clearing weeds. The consulting engineer visited the plant on the last day of the month and seemed pleased with its appearance and operation.

Fire department--Only four fire calls were made during the month; all were outside the city limits for a total estimated loss of \$4,850.

Three members of the department, Clyde Fields, marshal; Glenn Evan Reeve, Jr., assistant chief and J. C. Blankenship, captain attended the Annual Fireman's Training School, Bryan, July 22-26.

Police department--There were 19 arrests made during the month, 16 for traffic violations, and 3 for vagrancy and investigation. One break-in and one theft was reported. Six accidents were investigated, no injuries nor hospitalization. There were two accidental deaths: one drowning, one auto accident, both on private property.

The motor on the patrol car went out on July 11. Complete renovation to include a returned crankshaft was made and the car put back into service on July 16.

The Radio antenna was removed to atop the old water tower on July 15. This improved clarity and distance of reception and transmissions of radio traffic.

Park - cemetery department--The park was mowed twice and watered once before the rain of July 27.

There were six interments made at the Cemetery during the period. Two babies, Infant Rodriguez on July 3 and

Baby Pancho Lopez on July 23. The four adults were Mrs. Ola Sheets, 5th; Mrs. Otis Massey, 12th; Mrs. Florence Day, 14th; and Mrs. J. B. Williams on the 26th.

Street department -- Three days were spent spreading gravel on the newly sealed streets; unpaved streets and alleys were run with the grader and two day spent in maintenance at the dump grounds. End street abutment repairs were made in Drake Addition and the maintenance of equipment utilized three days.

Sanitation department--Refuse collections continued according to schedule. Many calls were received for weed cutting-removal and hauling of brush and tree trimmings. Only one mosquito dusting run was made during the month, that on July 1.

GETS AWARD... David McVey of Friona High School was awarded the distinguished service award of the vocational agriculture teachers association by Ralph S. Moser of Stephenville, president of the organization. Presentation was made at the recent convention.

LEGAL NOTICE

THE STATE OF TEXAS

To: S. K. Lillard, Stanton R. Lillard, and A. B. Carroll, and should either of them be married, then their unknown wife or wives, and should any of said aforementioned parties be deceased, then their unknown heirs or legal representatives, Defendants,

Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 9th day of September 1963, at or before ten o'clock A.M. before the Honorable District Court of Parmer County, Texas, at the Court House of said County in Farwell, Texas.

Said Plaintiff's Petition was filed in said court, on the 30 day of July A.D. in 1963, in this cause, numbered 2390 on the docket of said court, and styled, GEORGE C. TAYLOR, JR., Plaintiff, vs. S. K. LILLARD, ET AL, Defendants.

The names of the parties to the cause are as follows:

GEORGE C. TAYLOR, JR. is Plaintiff and S. K. Lillard, Stanton R. Lillard, and A. B. Carroll, and should either of them be married, then their unknown wife or wives, and should any of said aforementioned

parties be deceased, then their unknown heirs or legal representatives, are Defendants. A brief statement of the nature of this suit is as follows, to wit: Suit in trespass to try title, Plaintiff alleging that he was the owner in fee simple and in possession of Lots 4 and 5, of Block 75, of the Original Town of Friona, Parmer County, Texas, on the 15th day of July, A. D. 1963, and that thereafter Defendants entered thereon and ejected him therefrom, and likewise invoking the 10-year statute of limitations so far as same applies to land titles in the State of Texas, and praying for title to and possession of said property, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 30 day of July A.D. 1963.

Attest: Dorothy Quickel Clerk, District Court, Parmer County, Texas.

come to church sunday

Why I Ought To Go To Church. PS. 34: 3.
If there is a God he ought to be worshipped. Man must worship something. He then worship the Sun, moon, various images, etc. We ought to go to church to worship God. But someone may say, We can worship just as well at home or in the field. It is true that one may worship God anywhere. But such worship does not take the place of public worship in the house of God.
You can build a fire out of one stick, but it does not give the same warmth and glow as the fire where sticks are thrown together. In the house of God, in public worship hearts and souls blend together in praise and thanksgiving and they are inspired to higher and better things.
Rev. I. S. Ansley.

Colorful Careers Ended By Two Local Teachers

By June Floyd Staff Writer

Recent retirement of two local first grade teachers marked the end of two teaching careers which had many things in common. Mrs. Ethel Bengier and Mrs. Irma Stark began teaching about the same time in

rural schools in the Oklahoma Strip and taught their last few years in the Friona school. In addition to seeing many changes in educational processes, these two assisted with many projects for improvement of facilities in the schools in which they taught. Changes evi-

denced during the time they were teaching were most varied. In recalling interesting and amusing events the two agreed that changes in every phase were as different as the changes in modes of transportation. During their first teaching years, each of them walked to school as did most of their students.

Mrs. Stark graduated from Moorland High School in the spring of 1919 and began teaching in a two room school that fall. At that time any high school graduate who could pass the state teacher's examination was awarded a third grade teaching certificate. At the end of the first successful year of teaching Mrs. Stark took another examination and upon passing it was awarded a second grade certificate. She earned her bachelor of arts degree by attending summer school at Northwestern State Teacher's College at Alva while she was teaching during the school months.

After teaching a few years and keeping her teaching certificates current by taking state examinations, Mrs. Bengier began her college work at Panhandle A&M College at Goodwell, Okla. She later transferred to the Teacher's College at Alva, Okla., and completed requirements for a bachelor of arts degree.

After teaching seventeen years in Oklahoma Mrs. Bengier moved to Friona and didn't teach for a year or two. However, during World War II teachers were badly needed so she "came out of retirement" and began teaching again at the beginning of the second semester of the 1942-43 school year. In the rural schools she taught all eight grades and during her first few years here she taught in the lower grades. Then she began teaching first grade in the fall of 1944 and taught the beginners from then until the end of the 1962-63 term with the exception of one year.

Mrs. Stark first taught the upper four grades in a two room school before moving to Parmer County then began teaching in the Black school in the fall of 1943 and continued until after that school was consolidated with Friona. The first year Black was consolidated Mrs. Stark and another teacher conducted classes at the same location and hot lunches were transported from the Friona School cafeteria each day. In the fall of 1950 she became a regular first grade teacher in the local school and continued in the same position until the past school term.

Upon being asked about future plans, Mrs. Bengier said, "I'll have no trouble keeping busy. There are a number of things I enjoy doing that I just haven't had time for in recent years. Think I will begin with beautifying my yard."

Mrs. Stark's answer was almost the same. She and her husband, Wayne E. Stark Sr., who retired recently after working for Santa Fe Railway 41 years, have plans for doing some traveling.

Asked why these two teachers chose teaching first grade, each of them replied that after teaching beginners a few years she had no desire to change after being advised by her principal that she was needed in that particular place.

Some changes seen by Mrs. Stark and Mrs. Bengier have been as follows: drinking fountains to replace water buckets and dippers; modern plumbing facilities instead of none at all; building custodians and controlled temperatures replacing teachers serving as janitors carrying in kindling and coal and carrying out ashes and soot; teachers for each class rather than one teacher teaching eight grades. Also classrooms used for only one purpose whereas they were formerly used for protracted meetings, Sunday School and church services, motion picture shows and other community activities; school buses

LOTS OF MEMORIES . . . Friona teachers who retired during the past term of school, Mrs. W. B. Stark and Mrs. John Bengier, have a lot of reminiscing to do on their teaching careers, which they reviewed recently for a Star reporter.

replacing saddle horses or horses and buggies; higher education requirements for teachers and inauguration of audio visual teaching methods.

Mrs. Bengier said, "I wouldn't want to go back to the old way of doing things, but each set-

Parker Sets Interview For Patrol Prospects

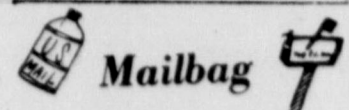

Patrolman Carol Parker of the Texas Highway Patrol today invited men in the Farmer County area who feel they are "just a little better than the average" to meet him at the City Hall in Friona between 8 p.m. and 9 p.m. on Monday August 26 to try out for a job

in the Patrol Service of the Texas Department of Public Safety. "There are good jobs open for young men between 21 and 35 who can qualify," said Parker, "and while we want men who are much better than average to fill them we will go along with those who are just a little bit better."

 "If you can meet the above qualifications," the veteran patrolman added, "come on in--the water is fine."

Dear Editor:
 It has been a pleasure to live in Friona and over the years become acquainted with the fine people who live here. My wife and I regret the move that will separate us from our many friends. However, we feel that it is a move that the Lord would have us make and for that reason we will be moving August 16 to Stinnett, Texas, where I will pastor the Assembly of God Church.
 I have appreciated the opportunity of working with the wonderful people of the local Assembly of God Church. For the past 5 years and 10 months, I have become attached to these folk to the extent that I shall never forget them.
 We would like to invite our friends to stop by and visit us anytime that they may be in Stinnett.
 Sincerely,
 Rev. & Mrs. M. Askins

Parmer Roads Included In New 70-mph Limits

"Virtually all" of Parmer County highways will come under the new 70-miles-per-hour daytime speed limit for passenger cars which will become effective August 23, according to Rhea Bradley, resident engineer with the Texas Highway Department.

The new speed limits will cover practically all highways which are not already zoned for lower speeds, and of course the speed zones which are in effect in city limits will remain the same.

Under the speed control law passed by the legislature this spring, all highways not zoned down by the Texas Highway Commission will automatically go to the new 70-mph speed on August 23.

This means that more than two-thirds of the Texas highway system will come under the new speed limit, according to an announcement from the Com-

mission. Approximately 41,500 miles of the state-maintained highway system will be allowed 70 mph limits.

The Commission recently passed a Minute Order which zoned some 18,640 miles of the highway system at a maximum of 60 mile per hour daytime and 55 miles per hour at night for passenger cars, effective August 23. These highways will be restricted to the lower speed limit because engineering studies indicate they are inadequate to accommodate a 70-miles-per-hour maximum.

The Commission's action followed a series of engineering traffic studies conducted throughout the state by the Highway Department's 25 highway districts.

A large percentage of Texas' vast Farm to Market Road System will come under the 70-mph maximum, although some of these roads (and some of the

older primary routes) will be restricted to the lower 60-mph maximum where conditions warrant.

July Building Permits Set Mark For Year

Ten building permits were issued by the Friona city manager's office during the month of July, establishing a new one-month high for the year of 1963, with estimated construction valued at \$96,450.

Included in the figure was a permit totalling \$52,000 for the construction of a food market, three new residences for an estimated value of \$38,500, four additions to residences at \$3,950 and two additions to business buildings for \$2,000.

Revival

A revival is now in progress at the First United Pentecostal Church at Fifth and Ashland. Evangelist Rev. and Mrs. J. L. Ellis of El Paso are singing, and Rev. Ellis is bringing the messages. The public is invited to attend the services, beginning at 8 p.m. nightly. Sunday services will begin at 7:30 in the evening.

REV. ALVIN ASKINS

Askings Will Leave Friona

Rev. Alvin Askins, pastor of the Assembly of God Church in Friona the past six years, announced this week that he would be moving to Stinnett this weekend, where he will pastor the Assembly of God Church.

Askins came to Friona in October of 1957. He has been active in the Ministerial Alliance, as well as other facets of the community.

"It has been a pleasure to live in Friona and become acquainted with the fine people who live here," Askins said.

ENJOYING CAMP . . . Pedro Peralez, right, who lives near Hub, was sponsored by the Friona Lions Club at the Texas Lions' Crippled Children's Camp at Kerrville this year. Peralez is shown talking with Bill Byerly of Dallas, one of the camp's counselors.

WELCOME TO FRIONA

Mr. and Mrs. Ray Dorrrough are in the process of moving to Friona from Clovis, N.M. Dorrrough is the new manager of the Aztec Drive Inn. He was in the cafe business over three years in Clovis, operating "Ray's Cafe" there. Although reared in Elk City, Oklahoma, Dorrrough says West Texas is home to him. They have lived previously in Abilene and Lubbock. "I like people; like to feed them, meet them and hear them gripe," Dorrrough says.

WHAT KIND OF A NUT IS HE?

News From LAZBUDDIE

BY MRS. C. A. WATSON

Birthdays: Ruban Flores, David Wimberley, Lonnie Keeth, Myrtle Gilmore, Carmelita Maddox, Datin Kirby, Karen Paul, Dorothy Mor-

gan, Terry Haltron, Dale Gallman, and Betty Pierce.

Visiting in the Rufus Carter home Sunday evening were Mrs. Eugene Morton and Mary of Muleshoe.

Mr. and Mrs. Rufus Carter attended the Clancey and Carter family reunion at Palo Duro Sunday.

There were 56 present for the occasion. The Carters reported that they all had a very enjoyable time.

Lazbuddie School students should remember that all classes will register Friday morning, Aug. 23, for the fall school term. The buses will run at the regular time Friday morning.

The Hall family reunion was held at Mackenzie State Park in Lubbock, Sunday, Aug. 4. Attending from this area were the Troy Charrocks, the Gary Dales, L. R. Halls, Mrs. Kenneth Hall and children, and also Brenda and Brent Hall from Hub. About 58 were present. Sunday guests in the L. R. Hall home were the Leroy Thompsons of Muleshoe and Mike Line of Oklahoma.

Visiting this week with the Luther Halls is Mrs. Hall's sister, Mrs. T. B. Matney of Vernon.

The Rev. Calvin Beach of the Lazbuddie Baptist Church is in Brownfield this week conducting a revival. Rev. Burdett Hitt, Brownfield, was guest speaker at the Lazbuddie church in the absence of Rev. Beach.

Visiting the D. L. Schumanns is Mrs. Schumann's sister, Mrs. Melvin Nichols, Wichita Kansas.

Mr. and Mrs. Silas Short and family of Cotton Center visited the Orville Burnetts Sunday.

Mr. and Mrs. Charlie Watson visited the Primitive Baptist Church in Clovis Sunday, for the morning services.

Mr. and Mrs. Jess Pendergrass are in the process of moving to their new home near Muleshoe this week.

Visiting the Edd O'Hair's Sunday, were the Albert Campbells, of Lubbock, Pete O'Hairs, of Springlake, and the Dwain Jones family, of Earth.

Mr. and Mrs. J. D. Carpenter Jr. are in Olney this week on business and visiting relatives.

Returning Saturday from a week's vacation at Cedar Lake, Colo. were the Donald Littlefields, the Gene Pettys, and Burlene Broyles, Mr. and Mrs. O. F. Burnett and family, the Jake Loop family and the Oran Broyles. The Jake Loop family has been visiting in this area also.

Mr. and Mrs. Jess Pendergrass, Susan and Stella, attended the Golden Wedding anniversary of Mr. and Mrs. H. V.

AT DAY CAMP . . . These girls are washing dishes the rugged way at the Girl Scout day camp last week at the Ralph Wilson farm. From the left are Amelia Sims, Kay Riethmayer and Janet Mingus.

Watts and children, of Farwell, are also visiting her parents. James H. Carpenter, of Houston returned home Monday after several days visit with the D. Carpenters.

Rev. Donald Davidson was guest speaker for the Methodist men in Perryton Monday night.

The Rev. and Mrs. Davidson attended the Davidson reunion held at Slaton, Aug. 3. Eighteen were present. The reunion was held at the Rev. Rollo Davidson home in Slaton.

Mrs. Fay Gaugell, Ft. Myers, Fla., is visiting her nephew, Rev. and Mrs. Davidson, this week.

Parties Honor Little Leaguers

Members of Ethridge-Spring Agency little league team were guests of honor at a weiner roast and a swimming party last week. The swimming party was at Friona Dive in Saturday evening. Mothers of the players served a covered dish supper. Team members and parents present included Mr. and Mrs. Glenn Harrelson, Joe Dean and Mickey; Mrs. P. C. Aragon and daughters, Leo Aragon; Mr. and Mrs. Bob Noyes, Mike and Jerry; Mr. and Mrs. Paul Hall, Roxanne and Brian; Weldon

Peace, Mrs. Buck Fallwell. Also Mr. and Mrs. Joe A. Walters, Mark, Loren and Regina; Mrs. J. D. Carrothers, Bill and Cathy; Mr. and Mrs. Dan Keolzer and son; Mr. and Mrs. Gerald Shavor and daughters, Mr. and Mrs. Bill Stewart; Major and Mrs. John R. Chandler and sons; and Mr. and Mrs. Flake Barber, Kelly, Tracy, Tom and Bud.

Co-hosts for the weiner roast in the home of Mr. and Mrs. Bob Noyes Thursday evening were Mr. and Mrs. Joe A. Walters.

Others present were Mrs. P. C. Aragon and Leo; Brian Hall; Weldon Peace; Larry Fallwell; Mike and Jerry Noyes; Mark, Loren and Regina Walters; Dan Keolzer and Mr. and Mrs. Gerald Shavor and daughters.

Frionans Attend Dixon Reunion

Mr. and Mrs. C. W. Dixon and Mrs. Ray Landrum of Friona and Mr. and Mrs. Jim Dixon and children of the Rhea Community attended the annual Dixon Reunion at MacKenzie Park in Lubbock August 5 and 6.

The five sons of the late Mr. and Mrs. W. S. Dixon and other relatives were present. Others attending included Mrs. L. F. Blair, College Station; Thelma Schenault, Millican; Mrs. Betty Maye and children and Jack Isaacs, Lubbock; W. H. Dixon, Texon and Mr. and Mrs. E. O. Dixon, Hereford.

Also Mr. and Mrs. Elmer Dixon, Mr. and Mrs. Weldon Bradley and family, Mr. and Mrs. Carl Bradley, Dimmitt; Mrs. Bill Batley and sons, Plainview; Mr. and Mrs. O. H. Dixon and daughter, Canyon; and Mr. and Mrs. James Worthington and daughters, Fort Worth.

Also Mr. and Mrs. Joe Talley and son, Midland; Mr. and Mrs. Lynn Dixon and son, Marfa; and Mrs. Jim Dixon and family, Hamilton.

Of Interest To THE WOMEN

Local Church Group Attends Camp Meet

A large number of members of United Pentecostal Church attended annual Camp Meeting in Amarillo last week. The following attended one or more sessions:

Rev. and Mrs. Frank Baber and Barbara, Mrs. Irma Stanford, Mrs. Jim Griffith, Mrs. Frank Griffith, Mrs. Elaine Massey, Mrs. Wilbert Varner, Debbie and Janet, Richard Eubanks, Mrs. Sam Rule and Patsy, Marcella Massey, Mrs. Mattie Green and Mrs. Pearl Johnson.

Also Mr. and Mrs. Earl Dunn and family, Mrs. Eula McDonald, Mrs. E. E. Deaton and Bernie, Mrs. James Eubanks, Mr. and Mrs. George Long and children, Mrs. J. B. Buske, Mr. and Mrs. P. W. Hughes and Mrs. Calvin Leonard and family.

Mr. and Mrs. Calvin Martin attended funeral services for Mrs. Charles Martin, Berlin, Okla., Saturday, Mrs. Charles Martin was a niece of Calvin Martin.

Barbara Carter, Scottsdale, Ariz., former roommate of Pat Foster, was a weekend visitor in the Wesley Foster home. She returned to her home Tuesday.

Drake Families Have Visitors

Recent visitors in the homes of Mrs. A. O. Drake, Mr. and Mrs. Arthur Drake and daughters and Mr. and Mrs. Earl Drake and sons have been Mr. and Mrs. Bert Drake and sons, Earl and Don, of Blockton, Iowa, and Mrs. Frances Howard, Abernathy, Mr. and Mrs. Earl Drake and Bobby returned recently after a vacation trip to the West Coast. They were accompanied by Mrs. A. C. Winchester, Houston, mother of Mrs. Drake.

In Los Angeles they visited in the home of Mr. and Mrs. Don Livings, formerly of Friona. They also visited several points of interest including Disneyland, Grand Canyon and Hoover Dam.

Mr. and Mrs. Calvin Martin spent several days early last week visiting in the home of Mr. and Mrs. Eugene Nidey and daughters at Campo, Colo.

A psychologist is a person who uses \$2 words to explain a failure caused by laziness. Buffalo News.

Engagement Announced—Mrs. Elaine Massey has announced the engagement and approaching marriage of her daughter, Marcella, to Richard Eubanks, son of Mr. and Mrs. James Eubanks. Wedding vows for the couple will be read at 7 p.m., Saturday, September 7, at United Pentecostal Church by Rev. Frank Baber, pastor. Invitations are not being mailed locally, but friends of the couple are invited to attend the ceremony and reception following.

Bridal Showers Fete Linda Jo Castleberry

Miss Linda Jo Castleberry, who will become the bride of Bob Whitson August 30, was honoree at two showers last week.

Mrs. Jerry Rankin and Mrs. Bill Baxter were hostesses at a lingerie shower in the Rankin home Saturday afternoon.

Refreshments of cookies, lemonade, punch and nuts were served from a table covered with a white linen cloth and centered with a blue and white floral arrangement.

Miss Castleberry was also honored with a bridal shower in Calvary Baptist Church parlor August 3. Hostesses were Mesdames Ralph Roden, Bill Baxter, Mae Magness, Cur-

tis Murphee, W. S. Crow, James B. Collier, Clarence Monroe, Sam Bailey, Ralph Taylor, Bill Sheehan and Leonard Coffey. The serving table was covered with a cloth of satin and tulle and centered with an arrangement of blue and white mums. Individual cakes with blue icing and white wedding bells and streamers were served with punch and nuts. Silver and crystal appointments were used.

Those attending and sending gifts were Mesdames Wayne Harris, Ralls; Mrs. Jack Whitson and Mrs. Francis Whitson, Spearman; Mrs. Aubrey Castleberry, Morton; Mrs. Maurice Cain, Ropesville; Mrs. J. H. Eubank and Mrs. Don Strin-

ger, Clovis; and Mrs. Dennis Bennett.

Also Mesdames G. B. Buske, Herbert Day, C. W. Wright, Frank Truitt, Jack Moseley, W. F. Buske, Danny Smith, Harold Balls, Joe Talley, Earl Hawkins, Cayson Jones, Bud Milligan, O. C. Rhodes, David Smith, Paul Coker, Noyle Wood and C. W. Tannahill.

Also Mesdames Elmer Euler, Audye Wiley, J. C. Claiborn, Marion Fite, Hank Outland, Gilbert Boatman, James McLean, L. B. McClain, L. G. Blake, Bill Turner, Elroy Wilson, E. H. Lewis, Hop Lewis, Jo Ann Beard, C. W. Dixon, Dalton Caffey, A. L. Black and A. O. Drake.

Also Mesdames L. E. Blake, A. T. Stowers, T. I. Burleson, Hoyt Smith, Don Clements, H. A. Hyde, Clyde Scarborough, Joe Tongate, Thomas Parson, Paul Daniel, Allan Wingham, Johnny Mars, Allen Stewart, J. W. Eubank, W. D. Buske, Max Self, Ernest Osborn, Doyde Barnett, Billy Bell and Clayton Taylor.

Also Mesdames Bill Stephens, Lee Jesko, Charles Howell, Nelson Welch, Bill Kent, Charles Allen, W. E. Stringer, Billy Dean Baxter, Claude Osborn, Rene Snead, O. L. Rankin, George Taylor, U. S. Akens, Claude Edelman, Earl Drake, Marvin Jordan, Clyde Weatherly and an Orville Blake.

Also Mesdames Roy V. Miller Sr., Jerry Loflin, Jimmie Castleberry, Ronnie Castleberry and Ray E. Castleberry.

Also Pam Roden, Janice Wright, Mary Ann Boggess, Debbie Hawkins, Mikie Welch, Jimette McLean, Terri Lynn Wilson, Darla Howell, Kitty Blake, Betty Drake, Helen Stowers, Elaine Parson, Lois Ann Moyer, Cynthia Caffey, and Kay Burleson.

J.W. Baxters Have Out-Of-Town Visitors

Recent visitors in the home of Mr. and Mrs. J. W. Baxter and other relatives have been Mr. and Mrs. Miles Robbins, Blunt, S. Dak.; Mr. and Mrs. Jess Weatherly and Mr. and Mrs. Ernest Weatherly, Loretta and Ernest Jr., Portland, Oregon.

Also Mr. and Mrs. F. L. Clark and Mr. and Mrs. Earl Clark, Dillie, Sharon and Brenda and Mr. and Mrs. Jack Russell, Elk City, Okla.; Mr. and Mrs. Bob Weatherly, Bob Jr. and Jerry, Herman, Neb.; and Mr. and Mrs. Clarence Baxter, Rye, Colo.

Host couples for a family dinner at Federated Club House Sunday were children of the J. W. Baxters and their husbands

and wives. They were Mr. and Mrs. Bill Baxter, Mr. and Mrs. Louis Baxter and Mr. and Mrs. Calvin Martin, Friona.

Also Mr. and Mrs. Lonnie Baxter and Mr. and Mrs. Charley Baxter, Clovis; Mr. and Mrs. Miles Robbins, Blunt, S. Dak.; and Mr. and Mrs. Clarence Baxter, Rye, Colo. Eighty-five relatives were present for dinner and an afternoon of visiting. The Bill Baxters were hosts at a picnic supper in their backyard Monday evening. Sixty-one guests were present.

Mr. and Mrs. Larry Martin, honored the visiting relatives with dinner in their home Monday. Thirty-eight were present. Tuesday the J. W. Baxters, Bob Weatherly and Miles and Nora Robbins were luncheon guests of Mr. and Mrs. Lonnie Baxter in Clovis and supper guests of Mr. and Mrs. Calvin Martin.

The Weatherlys from Portland and Clarks from Elk City left Tuesday and the other visitors plan to be here several more days.

Three Frionans Seek Degrees

Three persons from Friona are among the nearly 200 candidates who are seeking degrees at West Texas State's summer convocation, August 22.

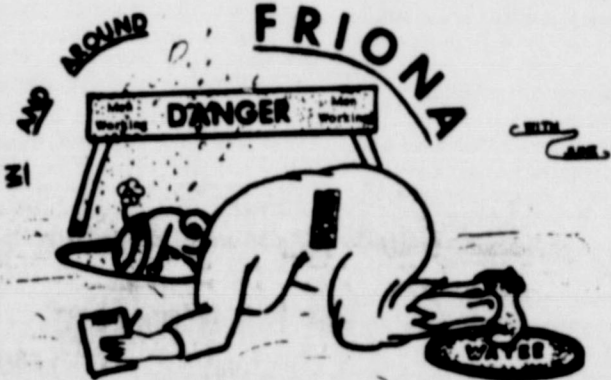

They are Martha Evelyn Bates and James Lowell Bynum, who are candidates for Master

of Education degrees, and Maurine Dunn, who is a candidate for the Bachelor of Science degree.

Mrs. Bates has been a fifth grade teacher in the local school several years and Mrs. Dunn has been teaching first grade. Bynum, who has been Friona High School music director three years, recently resigned to become principal of Cooper Elementary School in Lubbock County.

Summer convocation is scheduled at 8 p.m. in the field house and marks the last graduating class of West Texas State College, since the institution will be designated West Texas University after September 1.

Dr. David W. Mullins, president of the University of Arkansas, will be the commencement speaker.

Anyone who desires to see the Golden Spread with its Sunday best on should take a long drive in any direction about now. I'm sure the mountains of New Mexico and Colorado are beautiful, but for color there just isn't anything prettier than growing crops in the Panhandle of Texas.

Cotton isn't as large as it usually is at this time of year, but it is loaded with squares, blooms and tiny bolls. Maize is in several stages and several different kinds of vegetables are growing in almost every community.

In contrast to the many shades of green the freshly plowed wheat land, which is almost ready for drilling, is various shades of brown.

Add to this the many different kinds of trees, shrubs and flowers and you have a very colorful overall picture. You just have to see it to appreciate the beauty!

Friona's population keeps shifting. The John McAllisters recently moved into a new home in the Drake addition. Cleatus Rhodes and Karron Knight are busy making preparations for their September first wedding and re-decorating the house vacated by the McAllister family for their first home.

Bob Spohn, who has lived west of town for a number of years,

Guests in the home of Mr. and Mrs. A. L. Outland and Linda this week are Mrs. P. R. Pitchford and son, Robert Daniel, of Norman, Okla. Mrs. Pitchford is the daughter of the Outlands.

is making plans to become a city dweller. He has purchased the house Oscar and Joan Hellman live in and will move into it as soon as the Hellman's new home in the Drake addition is completed.

Friona High School students as well as their parents and other residents of the city were very disappointed upon learning that Mr. Bynum, the band director for the past three years, had resigned.

The Bynums will be moving to Woodrow, or maybe it is Cooper. He will become principal of the Cooper elementary school in the southern part of Lubbock County. It seems that the town is divided about half and half. That is, some things in the small town are named Cooper and others Woodrow.

In spite of the fact that most of us hate to see the Bynums go, we wish them well in their new undertaking.

The Two Classes: We have had from the beginning of time two classes of people—the wise and the foolish—and these two distinctive personalities will likely continue to exist to the end of time.

Those who use their mentality, discriminate in choosing the finer and better things of life, have for their watchword, "Preparedness."

The foolish class is impulsive, and falls headlong into any project without thinking it through.

The following story is to the point: Some years ago, King Carol (Continued on page 4)

Brookfield To Receive Degree

Wilbur Ray Brookfield, son of Wilbur Brookfield of Lynwood, Calif. and Mrs. Ruby Brookfield, Friona, is a candidate for the master of arts degree at the 38th annual summer commencement, Friday, August 16, at Adams State College in Alamosa.

He is a grandson of Mrs. Kate Brookfield and Mrs. Ruby Wood.

There are 109 candidates for the bachelor of arts degree in liberal arts and education and 61 candidates for the master of arts degree at the college.

Overnight Guests

Earl Cavanaugh and Col. and Mrs. C. N. Massey were overnight guests in the home of Mrs. Pearl Kinsley recently. The visitors, cousins of Mrs. Kinsley, are moving to Louisiana.

Fertilize cotton cheaper with Monsanto Anhydrous Ammonia from

RHEA GRAIN AND FERTILIZER INC.

Phone Friona 2701 Or Parmer 3196

You want cotton-producing nitrogen—not the package. With Monsanto Anhydrous Ammonia there are no bags to tear, tote or tip—you save the cost of bags and bagging. Better yet, Monsanto Anhydrous Ammonia is 82.2% nitrogen, so you get more nitrogen per pound than with any other carrier. Monsanto Anhydrous Ammonia is easy to apply... saves your time and labor. We can help plan your complete fertilizing program with Monsanto Anhydrous Ammonia—why not call or stop in today?

County Is "Fly Bombed" After Screwworm Case Is Certified

One hundred thousand flies were purposely released to swarm over a section of Farmer County Friday.

But they were special flies. For the next 72 hours, they were expected to seek out and mate with the flies already in the area -- and by so doing, to serve as one of the final steps in eradicating the screwworm in Texas.

The flies were sterile -- made so with the use of radiation -- and released from a plane about three miles south of Bovina. Since the female screwworm fly will mate only once during her lifetime, mating with a sterile fly serves to literally breed the pest out of existence.

The entire operation is timed with such precision that the

sterile flies are released within hours of the time that the flies in the area mature. When a case is reported and samples are certified as screwworms, the age of the worm is fitted into the life cycle of the fly and the time of maturity is fixed. The fly drop is then planned to coincide with the emergence of the flies in the area.

The flies released in the county Friday were flown in from Sweetwater Friday morning. The plane carried 1,500 six by six by two inch boxes containing 400 flies each. A special chute in the plane kicks the boxes out at timed intervals and opens the boxes as they leave the plane.

Wednesday, July 31. It was certified by August 6, the cattle were sprayed August 7, and on August 9 the sterile flies were dropped.

Money alone will not do the job -- will not wipe out the screwworm menace -- your vigilance is a must, the screwworm official said.

"If you are to receive any return for your dollars contributed to the screwworm eradication program, your help is most important," they said. Officials of the program have said that they depend upon the individual farmer and rancher to report to them the location of worm outbreaks and to supply them with a sample of worms from the wound for certification as screwworms.

Additional fly drops are planned in the same area every eight days until three drops are completed and 300,000 flies have been released.

The eradication program works swiftly. The Farmer County case was reported on

And there are too many cases going unattended too, according to the program representatives. These cases are passed over because the owner of the infected stock did not submit a sample of the worms for certification.

THE HIGH PLAINS FARM AND HOME

At Home In Farmer County

By CRICKI T. B. TAYLOR
County HD Agent

One of the most dreaded jobs, I believe, of the average homemaker is that of cleaning the oven. Here are a few tips that may help:

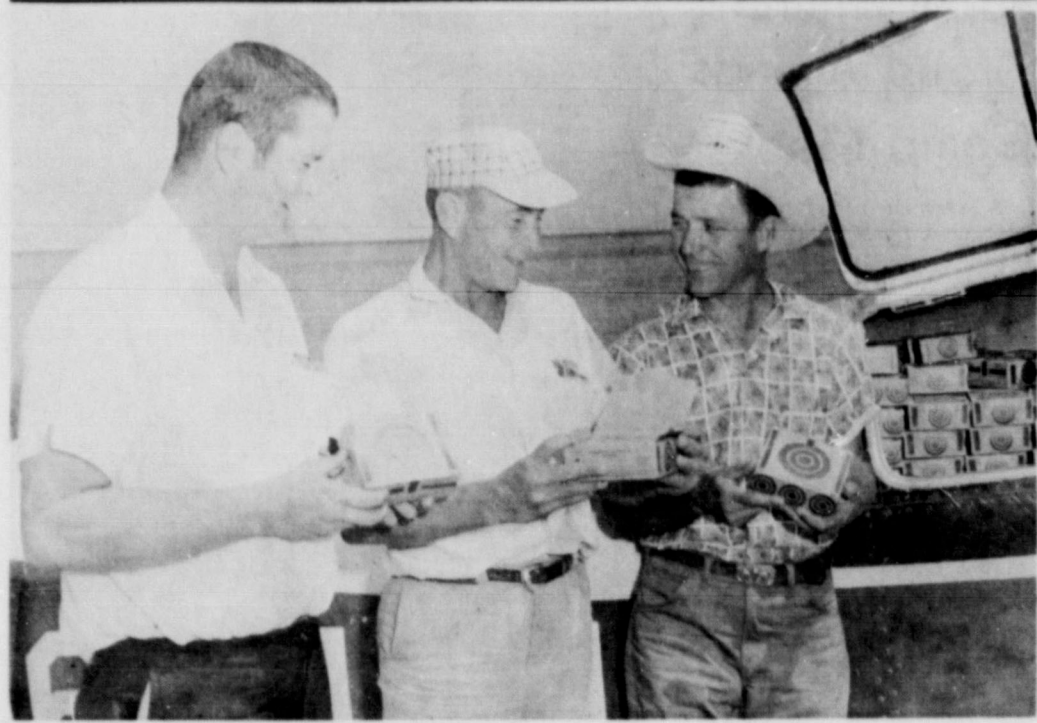

Simplify the task. Make use of the "keep-clean" tricks described below and tackle spills and splatters as they occur.

Keep the job to a minimum: Using low roasting temperatures (not over 325 degrees F.) and taking care not to overfill casseroles, so they won't bubble over, are both helpful. So will leaving the oven door open to cool after use, to prevent further baking-on of "splatters." A small cookie sheet covered with aluminum foil kept in the oven at all times on the bottom rack, can serve as a drip catcher. When it gets dirty, replace the foil. (Never line oven with aluminum foil -- it may be fused to the bottom and it does cut the even distribution of heat in oven.)

Chemical oven cleaner put chemistry to work. They are powerfully formulated to soften and dissolve baked-on grease, crusty film and splatters of all kinds. Only a very dirty oven requires a second application of oven cleaner or special rubbing of heavily spotted areas with a steel-wool soap pad. These are potent cleaners and require careful handling. So be sure to follow the manufacturer's directions carefully.

Use Household Ammonia: Equip a bottle of ammonia with a sprayer top, and spray oven thoroughly -- tops, sides, bottom -- the night before oven cleaning. The next day, cleaning with a little ammonia in the sudsy cleaning water and a light application of steel-wool soap pad finishes up the job. You can also place a saucer or other small container of household ammonia in the warm oven immediately after use.

(Continued on Page 8)

ANTI-SCREWORM weapons, in the form of sterile screwworm flies, were released in the area Friday by this team. Left to right are Jack Benton, pilot, and Jay Neepser of Sweetwater, and Rueben Birkelbach, inspector for the screwworm eradication program.

July Demand Hikes Fed Cattle Prices

A good demand for all classes of fed cattle through most of July helped push prices upward during the month. Dullness in the trade was noted toward the close of the month, but prices for Good and Choice slaughter steers 950 pounds up looked \$1 to \$2 higher compared to late June. Heifers were also in good demand and prices improved 50 cents to

\$1.50. Good and Choice steers 975 - 1100 pounds were selling at about the same price levels as they were at the close of July 1962, according to information from the Texas and Southwestern Cattle Raisers Association.

The Cattle on Feed Report released at mid-month indicated an increase in the number of cattle and calves on feed in Texas and the 28 major feeding states. The latest Texas Feedlot Report summary published by the Cattle Feeders Division of the Texas and Southwestern Cattle Raisers Association pointed out that this was a depressing factor in the market, and prices for most classes of slaughter cattle were only about steady the latter part of July.

Inexperience Causes Much Crop Damage

Absentee ownership and "weekend farmers" have created a unique problem in Texas agriculture this year.

Already this season, some 7,000 to 8,000 acres of Texas cotton has been affected by damaging doses of hormone-type herbicides such as 2-4D and 2-4,5T. Field investigations by Texas Department of Agriculture inspectors reveal most of the effect is caused by "new" or part-time farmers who are not acquainted with the dangerous potential of the chemicals.

Modern herbicides have been a real boon to farmers and ranchers in recent years in the constant fight against choking weeds and moisture-sapping brush. But when mishandled, the chemicals can be as harmful to susceptible crops as a raging fire. It has taken several years of experience with the herbicides by farmers and commercial applicator companies to develop proper safety techniques in field operations. Under certain wind conditions, the spray has been known to

drift and cause noticeable damage to crops as far as 15 miles away.

This year, a new pattern of crop damage from the careless use of weed killer chemicals emerged. Investigators checking field damage reported that most of the careless spraying had been done on Saturdays and Sundays. They immediately set out to discover why these two days of the week resulted in more damage reports than the other five. The answer wasn't long in coming.

Some areas, but not all, of Texas are in a regulated zone where the use of weed killers

is strictly supervised. In the regulated areas, spraying must be applied only under the direction of TDA personnel. Most of the damage occurred, however, in areas that are uncontrolled.

Commissioner John C. White has urged new landowners to use extreme caution in herbicide applications. Follow directions on the chemical containers and consult with those who have had experience with weed killers, he said.

Do 10 hours' work in 8 with the Case-o-matic 830!

Here's where power pays off by the clock -- and by the acre.

Few tractors can equal a Case 830's work capacity... even in regular drive. Its big-bore, long-stroke engine digs down for extra lugging ability that adds mule-power to rated horsepower. In average soils it whips 5 or 6 bottoms along at a time-saving clip.

When you hit a tough spot, flip it into Case-o-matic Drive... on-the-go. Instantly -- automatically -- the torque converter adds up to 100% MORE pull-power. No clutching, shifting or stalling. And the extra power is metered out without waste -- without damaging strain.

The Case-o-matic 830's reserve pull-power lets you work in a higher gear... add an extra bottom... pull wider or heavier implements. You owe it to yourself to try one.

We're ready to Demonstrate!

HOMEMAKING TIPS:

If homemaking tasks are planned by the week and family members agree to assume certain responsibilities on certain days, some of the most disliked household jobs will be found more desirable or at least more satisfying, and perhaps more appreciated by the family.

If you prize the bright red color of fresh meat, one way to preserve it is to brush the meat with vegetable oil before storing it in the refrigerator.

To avoid that unappealing "massed" effect when cooking macaroni, noodles, spaghetti or rice, add one tablespoon vegetable oil per quart of boiling, salted water. The oil also prevents the water from boiling over.

JAMES G. WARD, superintendent of schools at Lazbuddie, is shown receiving the distinguished service award of the Vocational Agriculture Teachers Association of Texas by Ralph S. Moser of Stephenville, president of the organization. The award was in recognition of Ward's dedicated service as a school administrator.

Howard Will Edit Farm Magazine

Appointment of Orville E. Howard, former farm and ranch editor of the Globe-News at Amarillo, as Southwest News Editor for the new SOUTHWEST RECORD STOCKMAN, has been announced by Harry Green, Jr., publisher. The appointment was effective August 1.

HOWARD

Howard will headquarter in Amarillo at the Southwest Record Stockman's office, 601 NW 8th Ave., on U. S. Highway 66. The Southwest Record Stockman, a weekly livestock business newspaper for Texas, Oklahoma and New Mexico, is a Southwestern edition of The Record Stockman, 74-year-old weekly livestock paper of Denver. First southwest edition will be published August 22.

Also devoting full time to the Southwest Record Stockman will be Ed Meacham, southwest field editor who will headquarter at Amarillo. Assisting from the Denver office will be Ross Miller, director of field service for The Record Stockman; Don Biggs, well-known southwestern livestock editor; and Parley Jensen, former managing editor of the New Mexico Stockman.

Howard owns a stock farm in the Kiowa Valley of Beaver County, Oklahoma, on which he runs commercial Herefords. His hobbies are photography and writing "off beat" feature articles.

Howard, his wife and their four children make their home at 2100 South Harrison in Amarillo.

BAKE SHOW WINNERS in Farmer County's 4-H Club contest are, left to right, Janis Billingsley, Farwell, first; Kathryn Gober, Farwell, third, and Cheryl Ramage, Lazbuddie, second.

Janis Billingsley Takes Bake Show Honors Again

Janis Billingsley of the Farwell 4-H Club, won top honors in the Farmer County 4-H Club Bake Show for the second straight year in the show held last Thursday in Friona.

Cheryl Ramage of Lazbuddie was judged second, and Kathryn Gober of Farwell placed third. Miss Ramage will represent the county in the district bake show in September, since rules prohibit Miss Billingsley from entering the district show again. She won the first-place award of \$100 last year.

There were only nine entrants in the county show. Each girl made and exhibited two baked products, whole wheat rolls and plain butter cakes. Scores were based on the baked products and the 4-H Club record books. Blue ribbons were awarded in three age groups. Winner in the 9-10 age group was Ann Blackstone. In the 11-12 age group, Miss Ramage and Shelia Vaughn were winners, and in the 13 and over group, Misses Billingsley and Gober. County winners were chosen from the entire group, regardless of age.

All other participants received red ribbons. These were Risa Howell, Janice Miller, Kathy Coker and Katie Blackstone. Judges for the show were Mrs. Pete Jesko, Mrs. Henry Ivy, Mrs. Bill Buchanan and Mrs. Jimmy Briggs.

About 3.4 million farmers in the U. S. manage 165 million acres of timberland.

NEWS FROM THE FARM BUREAU BY RAYMOND EULER Next Thursday, August 22, will find two outstanding Farmer County High School students on the campus of Sam Houston State Teachers College for the first Texas Farm Bureau High School Students Seminar.

They are Miss Jane Bradshaw, of Farwell, and Miss Linda Rector, of Friona. Assisting Farm Bureau in sending these students to the seminar is Worley Grain, of Farwell, Mrs. Vernon Symcox, chairman and Mrs. Walter Kaltwasser compose the citizenship committee which made arrangements for county participation in the seminar.

Paul Harvey says: "All other nations of the world don't have a combined debt as big as ours. Add up the total debt of all 112 other nations and of the world, and the United States owes \$25 billion more than that! We owe \$305 billion! Yet, 101 of these nations are still getting aid from us. It just doesn't make sense." We still have a few Farm Bureau policy books available in the office. They are especially for those wishing to know what Farm Bureau stands for. Both Texas and national policies, arrived at by the membership last November, are printed in full. You may have one for the asking. Do you remember? USDA announced in December, 1954, its intentions of setting grain sorghum supports at 60 per cent of parity. American Farm Bureau asked for 75 per cent, but

Spohn, Lot 2, Blk. 72, Friona DT, C. H. Steele, et ux, First Fed. Sav. & Loan, Lots 1 thru 9, Blk. 1, L & N Add., Lots insisted on a minimum of 70 per cent and GOT it for farmers... Ten years ago, Farmer County Farm Bureau directors organized and put into action a bindweed eradication committee. County commissioners furnished 4,500 pounds of chemicals the first year. All groups-railroad, highway, ASC, Extension Service chemical dealers and others have cooperated continuously since, keeping the bindweed menace under control. Texas Farm Bureau presented a check for seventy five dollars to the Friona Fire Department for making a call in the country when a butane tractor fire was reported at the Anthony farm. This is another rural service being promoted by Farm Bureau for its insureds and local fire departments. The volunteers work free, and are entitled to enough money to provide the best possible equipment. CONSIDER THIS: A fool's wrath is presently known; but a prudent man overcometh shame. Proverbs 12:16.

FEEDING FORMULA Animals on high carbohydrate and low roughage rations eat more and thus gain more during hot weather. A high roughage ration heats the animal's body more during digestion than does high carbohydrate feed and the animals therefore consume less feed.

Farwell Gin Burglars Caught; Records Lost

Two men were in custody in Parmer County jail Tuesday, and were scheduled for arraignment and bound over to the grand jury Wednesday, in connection with two burglaries in Farwell, according to Chas. Lovelace, sheriff. Billy Ray Cox, 21, of Camden, Ark. and Guillermo Briones of Culver, Ind., also 21, are in custody.

The men were picked up Tuesday morning, charged and warrants issued, after items taken in a burglary of Cooper Gin were discovered in a car parked in Bovina.

Several items were found including a calculator, electric welder, log chains, chain hoist, welding equipment, tools, clothing, stamping machine and other items, which were recovered.

But officers said that records and ledger books belonging to the company were burned, which might run the loss to around \$8,000 or \$9,000. Officers found the ashes, all that remained of the company's records, late Tuesday night.

The Coopers have requested that farmers who have accounts with them contact them as soon as possible, so that the tedious job of piecing the records back

together can be begun. The men burned the records on a dirt road between Farwell and Bovina east of the railroad track. Besides records of accounts receivable, important insurance papers were included.

With remodeling underway at the new gin, located north of Farwell, the buildings where the items were housed were not locked. Both men had been working in the area and Briones had worked for Cooper. When the robbery was reported, officers decided to find where the men were staying and found the large items still in the car.

Items taken in a break-in at the Humble Station on the Amarillo Highway Saturday night, including oil and other items were recovered also. The rear window of the station was forced to gain entry.

One of the men had been in this area about a month and the other had been here 2 months.

In And Around--

(Continued from page 1, Sec II) of Rumania told how he had selected fourteen of the brightest young men in Rumania for training in the government service. Seven he sent to England and seven to America, to study the economic and political systems of the two countries.

"The seven who went to England were very wise," said Carol, "and they all have important posts in Bucharest. But the seven we sent to America were wiser still--they stayed in America.

Maize Days is less than five weeks away. Have you begun making preparations for this event? If not, it is time to get busy. Committees have been appointed and a lot of work has been done, but more needs to be done.

Any persons who has ideas for making this year's event the best one ever should contact a committee member so that the celebration will truly be representative of the entire community.

If at first you don't succeed, you are running about average.

McSpadden

Funeral Held

In Lubbock

Mrs. Ida McSpadden, 75, a former Bovina resident, died at 1:45 a.m. Sunday in Lubbock following a year's illness.

She was the mother of Owen McSpadden of Bovina.

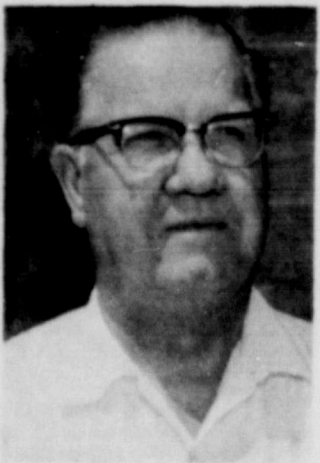

She resided with a daughter at the time of her death.

Funeral services were conducted Tuesday morning in Lubbock with Rev. C. C. Doren, Methodist pastor at Whiteface, officiating. Burial was in Lubbock.

Survivors include two sons, five daughters, 17 grandchildren and two great-grandchildren.

There is something to be said for the good old days when neighbors shared their fruits and vegetables, their joys and their sorrows.
