## LISTEN TO LUKE

By Albert:---  
... and if you think I didn't do something, get in line to buy your turtleneck or mock turtleneck sweater.  
And there were others who bought one or more for Christmas who had one or more before Christmas who said that they were going to break out in their turtlenecks soon, since I had broken the old-age ice.  
What most people don't know is that since the shirt was a gift from the ever-loving daughter, I had no choice but to wear it. I hope she doesn't give me the shirt with lace front and cuffs. I reserve the right to refuse to wear some things!

We read in a daily paper last week where a federal building was proposed for Johnson City. This intrigued me, so I looked in the "old faithful" Texas Almanac to see where the town was and other details so that we could propose such a move if when Sanderson ever got big. Were we surprised!  
Johnson City has an estimated population of 800, is a county seat town of Blanco County, and the Almanac says is a rural trading and tourist center. The cost of the building was \$250,000, according to information received.

We wonder what other little towns in the nation are going to qualify for such a distinction as a federal office building. Of course, the two that we have here are fairly common in West Texas - the post office and the Patrol Building.

Be sure and register at the courthouse to be eligible to vote during the year. There is a short time left - only until the 31st day of the month.

Several people are wondering what happened to the prospective doctor that was going to come to Sanderson and look the situation over. Well, the doctor was not immune - as are many other thousands of people - from the flu. And that is what prevented him from coming out at the time planned. He stated that when he was able to plan another trip he would get in touch, and it is information that we are waiting.

## STATE VEHICLE DESTROYED IN FREAK ACCIDENT

The passenger car assigned to the Conservationist David Frauss was destroyed while parked in front of his house about midnight recently.  
Ricky Moses was going north on First Street and, according to reports, dropped a lighted cigarette. While trying to retrieve the cigarette the car went to the left side of the street and the state vehicle head-on. Both the vehicles received extensive front-end damage and were said to be "totaled".  
Moses was treated for minor injuries in Fort Stockton.

## Eagles Lose Out In Big Lake Meet

The Sanderson High School Eagles lost out in the Big Lake invitational tournament last weekend.

Bill Littleton was high scorer in both games with 17 and 14 points, Oscar Villegas scored 10 in each of the games, and Leslie Hall hit for double figures - 10 - in the second fray.
