LISTEN TO LUKE

by Albert:---

We heard quite a bit of comment about the news story from long. Richard White's office about the fact that we were a town of about 50% indigents. And all of the people who said anything to us felt the same way we did. They did not believe the story as it was written. No wonder there is the accusation of a credibility gap. We get fed stuff from every angle that is not all of the truth.

One would only have to look at the school facilities that we have here to realize that if half of our citizens are as poor as the story indicated then either the other half has a heck of a lot of money or all of the money is in the hands of the children or those whose children are no longer in school.

A recently re-vamped high school building with many new additions and changes, a new shower room, locker rooms, coaches' office, boiler room added east of the high school at the same time a \$200,000 7-classroom air-conditioned junior high school building was built on newly-acquired land, newly-acquired administration building downtown, a very-recently built elementary school, a home-making cottage, a band hall, superintendent's home, a teacherage, newly-acquired land that will contain a recently-started track and the proposed acceptance of the maintenance and upkeep of a new field house that is planned by the Eagle Boosters all adds up to a pretty-well-equipped school facility in our opinion, and this does not include several school buses, and all of the equipment used in the school rooms, gym facilities, administration building, etc., etc.

It just doesn't make sense to me that half of our kids are destitute.

In a conversation with Supt. Carroll Card last Thursday, some of the facts of the whole thing were brought to light and it was what he had thought the facts were: the under-\$2,000-a-year figure was the basis for figuring the income of the families without children and each child counting so much as taken from the base income so that a family with \$5,000 income and several children would be considered under \$2,000. Then, too, the undereducated were considered in the figure of 199. In other words, all of the facts were not presented in the story we got.

But one thing is sure, and we have thought so for a long time when the federal government gets into something like education, there are going to be a lot of details, lots of unknown quantities, lots of gaping holes, and lots of restrictions and obligations, and worlds of details.

The requirements of the Texas Education Agency almost demands participation in most if not all of the federal aid to schools programs and while there are some things that are available that otherwise would not

Incentive Payment For Wool, Mohair Received Recently

Terrell County sheep and goat raisers received \$367,942.49 in production incentive payments on 1969 wool and mohair sales when checks were mailed from the ASCS office in Alpine on April 8, according to Clarence Jessup, ASC committee chairman.

Seventy-four producers received \$342,979.56 on 984,903 pounds of shorn wool and 2,470,124 pounds of unshorn lambs. In addition, promotion deductions of 1 1/2¢ per pound on shorn wool and 7 1/2¢ per hundredweight on unshorn lambs totaled \$18,259.58. The promotion deduction is administered by the American Sheep Producers Council, Inc., and is used to promote and increase the woolen and lamb market.

Wool payments have been made annually since the National Wool Act of 1954 was passed by Congress. Price support for the mohair industry has been offered for the same period of time, but there have been only six years when payments have been necessary to bring the national average price up to the support level.

Fifty-three mohair producers this year received \$24,962.93, and they contributed 1 1/2¢ per pound on 232,400 pounds of mohair for the self-help program to promote mohair sales and use for a total of \$3,486.03.

The 1969 incentive price for wool was 69¢ per pound. The national average price received by growers was 41.8¢. This necessitated a payment rate of 65.1 per cent applied to the net returns of the ranchmen. The payment of incentive on wool left on live lambs sold is based on the payment rate for shorn wool and this year totaled \$1.09 per hundredweight.

The national average price received for mohair in 1969 was 65.1¢ per pound in contrast to the desired price of 77.4¢; therefore, the payment rate for mohair was 18.9%.

New Arrivals . . .

To Mr. and Mrs. Don Little of College Station was born a daughter, their second child on Monday, March 30. Her birth weight was six pounds and one ounce and her name is Nicole Renee.

Mr. and Mrs. Joe Little of Richmond, the paternal grandparents, are former Sanderson residents.

DR. CLANTON NAMED RAILROAD PHYSICIAN

Dr. Gandy, head of the medical department of the Southern Pacific Railroad, was in Sanderson last week for an interview with Dr. A. N. Clanton, and the local physician was named examining physician for the Southern Pacific in Sanderson.

Dog Registration Lists Only 15

Dog registration in Sanderson is lagging, according to Mrs. Ginette Litton, county treasurer, who reported only 15 tags sold last weekend. She urged all dog owners to have their animals registered to comply with the law.

Registration of dogs in the county is required by a law passed by the commissioners court recently in an effort to rid the town and county of stray and unwanted dogs. It also was an effort to stop the wasteful killing of livestock near Sanderson by dogs that were roaming over the entire area.

It has been recognized and pointed out that the registration does not prevent the killing of sheep by dogs, but it helps local officials to determine which dogs are strays and unwanted so that they can be eliminated to prevent the abundance of animals to roam the streets and surrounding pastures.

It has also been pointed out and demonstrated that with the build-up of stray dogs and their straying ways that cases of hydrophobia or rabies have been found and the dangers of this disease spreading to wanted animals or to humans is always a serious one.

The cooperation of the public is urgently sought in helping to prevent this build-up of stray dogs and the subsequent hazards.

The "dog law" also requires the penning or tying up of dogs during the hours of darkness.

Mrs. Cruz Marquez visited in San Antonio with relatives last week, including her son-in-law and daughter, Mr. and Mrs. Domingo Aguilar.

Eagles 5th In Track At District Meet

The Sanderson High School track team was fifth in the district meet in Clint last weekend following Rankin, Van Horn, Socorro, Clint, and in front of Iraan.

Rankin racked up 140 1/2 points, Van Horn had 130, Socorro 73 1/2, Clint 62, Sanderson 47, and Iraan 35.

Blain Chriesman was sixth in the shot put.

Leslie Hall was fourth in the pole vault.

Chriesman was third in the discus with Randy Louwien 5th. Damon Harrison placed fifth in the 120 high hurdles.

Manuel Olivas was second in the 440-yard dash and second in the 220-yard dash.

Raul Ybarra was fourth in the mile run.

The mile relay team, composed of Ronnie Stewart, Mack Turner, Hector Chalambaga, and Olivas, came in third.

1164 Vehicles Registered Here

There are 1,164 vehicles registered in Terrell County, according to figures from the office of Sheriff Bill C. Cooksey the first of the week.

There are 607 passenger cars, 437 trucks, and 120 other vehicles, including trailers, motorcycles, etc.

April 1 was the deadline for the installation of new license plates on all vehicles in the county now in operation.

Mr. and Mrs. Elmer Hamilton and three children have moved to one of the rent houses belonging to Mrs. Wade Harrell. They are former residents of Tucson, Ariz.

Absentee Voting In Primary To April 28

Persons needing to vote absentee in the first Democratic Primary may do so between April 13 and 28, according to information received last week by The Times. The ballots are printed and voting absentee will be in the office of County Clerk Ruel Adams during the regular office hours.

Locally, the office of county judge is contested. Incumbent R. S. Wilkinson is seeking reelection and he is opposed by P. G. Harris Jr.

On the district level, George M. Thurmond is seeking the unexpired term of district judge caused by the death of his father Roger Thurmond recently. He is opposed in that race by Mike V. Gonzalez. Both men are from Del Rio.

Also on the district level is the race between the incumbent Richard C. White, representative of the 16th District, and Raymond Telles.

Other offices on the state level that have more than one candidate include:

For U. S. Senator: Ralph W. Yarborough and Lloyd Bentsen.

For Attorney General: Crawford Martin, David H. Brown.

For Commissioner of General Land Office: Jerry Sadler, Fred Williams, Bob Armstrong.

For Railroad Commissioner: Ben Ramsey, Connie Lawson.

For Supreme Court of Texas: James G. Denton, Matt Davis, Hawthorne Phillips.

LET OUR AREA DEVELOPMENT DEPARTMENT HELP

The communities we serve can count on the cooperation of our Area Development Department in efforts to attract new business and industry. This department works closely with chambers of commerce, industrial foundations and other groups interested in industrial development.

Why do we do it? New industries mean new jobs, additional tax revenues, new dollars spent for homes, goods and services. We want to do our part to help the communities we serve grow and prosper. We think it's not only good business, but part of our citizenship responsibility.

Ranch Club Hears Program on 'Drugs, Driving Dangers'

Mrs. J. L. Schwalbe, president, opened the meeting with prayer when the Ranch Home Demonstration Club met last Tuesday in the Legion Hall. The "thought for the day" was given by Miss Eva Billings.

Mrs. C. T. Wrinkle, Triple E chairman, announced the Pecos County Council meeting and salad luncheon in Fort Stockton on April 21; the district meeting in Midland on April 28 with the Pecos County clubs giving the safety workshop and Jimmy Rhoades discussing "Defensive Driving". She read a note from Mrs. Judy Hock Beall, a former H. D. agent, stating that she and her husband were now living in Albuquerque, N. M., in a new mobil home.

Mrs. Mark Duncan presented the program on "Drugs, Driving, and Danger" and a roundtable discussion followed.

Mrs. C. T. Wrinkle gave the invocation for the lunch when the hostesses provided the drinks to add to the covered dishes brought by the members. Mrs. Schwalbe made a birthday cake for Miss Eva Billings and Mrs. K. H. Stutes in observation of their birthdays and it was served also.

Mrs. Homer Crosby discussed textile painting in her presentation of "show and tell".

J. L. Schwalbe showed a cancer film supplied by Mrs. Stutes.

Mrs. Albert Peak directed the recreation period.

Other members present were Mmes. Jack Hardgrave, J. W. Carruthers Jr., J. Garner, E. H. Jessup, Jesse Olivia; also five guests, Mmes. M. A. Walker of Carlsbad, N. M., J. D. Orta, V. G. Ross, J. D. Nichols, and C. P. Peavy. Rev. Walker, Mr. Schwalbe and Mrs. L. H. Gilbreath were luncheon guests.

For decoration, there was a large arrangement of stock on the mantel.

Marking Pencils at The Times

NOTICE OF HIGHWAY IMPROVEMENT

The Texas Highway Department offered an opportunity for a public hearing to be requested by publication on March 19 and 26, 1970, of a notice reporting the proposed development of Ranch to Market Road 3166 from Farm to Market Road 1217 (State Highway 349) 28 miles north of Dryden to approximately 3.3 miles east. No requests for a public hearing were received; therefore, the District Office of the Texas Highway Department, at Odessa, is considering all of the engineering data and other information received in connection with the development of this project for approval of the proposed ROUTE AND DESIGN.

The proposed project is for the reconstruction of an existing county road to provide for a two lane highway. Approximately 120 feet of right of way will be required to provide for current design requirements established by the Texas Highway Department.

Maps and other drawings showing the proposed location and geometric design and all other available data concerning the development of this project may be inspected and copied at the Resident Engineer's Office on West 5th Street at Box 949, McCamey, Texas.

are all opinions of different people and none is absolutely correct.

One thing is sure, the quality of the students is a reflection of the quality of the system!

We watched and read with a lot of interest all the arguing about the approval of the nomination of Judge Carswell to the Supreme Court. We gathered that he was not approved because of his biased opinions about racial issues.

We wonder how could this be different from those who were biased in their voting against him because of his prejudices? Who in the Senate does not have prejudices and because of this is qualified to sit in that chamber? Had Judge Carswell been prejudiced in a agreement with their prejudices he would sure have been nominated. This was his greatest fault!

be available, there is also a waste of some things that go along with it. And there is always the fact that a school can become so involved in the concerns and considerations of a federal program that its primary purpose is forgotten or given a second-place consideration.

The schools were instituted to give an education to the youth.

From here on - getting into what is an education, what does it take to furnish an education, what is important and how important is this compared to that,

We wired Dave Brubeck's car for sound. And sound is sacred to Dave.

"Manual sound" isn't it, but it's not the speakers with power and...
That's what the stereo system does in Dave Brubeck's car. It keeps the new "beat" in precise ground. The head cap measured in inches. The speaker cones and magnets vibrate. And sound is...
If you're tired of station identification. Another commercial. And another commercial. And another commercial. Now you get the sound. And sound is sacred. Amen, Dave.
