LISTEN TO LUKE

By Albert:---

For years we have heard that if you have cats around you won't have snakes! So we always managed to have some scrawny gray specimen hollering its head off at our back door for a handout. And for years we complied and fed the animals, figuring that they were earning their keep, because we didn't have a veritable snake den around the house that we knew of.

Then, recently we began to get suspicious! We began to wonder if the tales of cats - no snakes were correct and if we were not being duped by the Cat Lovers' Association of the World, and Particularly of the U.S. so that we would help to continue the population of the feline good-for-littles.

Our apologies to all the cat lovers!

We have a little dachshund female that is a 400% better snake dog than all our feline friends are snake cats. She has "bayed" two copperheads in our back yard in the last year and we killed two other copperhead snakes before in our back yard before we inherited the little sausage dog and there is no telling how many "snake finding" cats wandering around and looking for another hand-out.

The first viper found by the "snakehound" was in the middle of the yard. The second was well-hidden under shrubbery but in the late afternoon - Saturday.

Yours Truly was mowing the grass and possibly would have trimmed under the watchful eye and penetrating fangs of the snake had the "vibora perro" not found it.

Needless to say, she - the dog - has eaten well since Saturday and she hasn't had to beg for her food - although she can sit up!

Maybe if the cats get a little hungrier they will pay attention to the snakes in the backyard. Or maybe in our research we will find that a cat is blind to snakes or deaf to rattles - and then no telling what will happen.

We have known of dachshund dogs that killed cats!

According to Sheriff Bill C. Cooksey, there is some planning being done for the changing of the intersection of US90 and US285 just west of Sanderson. This intersection has been the site of several accidents and near-ones, and the sheriff has been trying for some time to get something done there to eliminate a possible hazard to motorists.

A light was thought to be a possible solution, but this request or suggestion was turned down by the Texas Highway Department, according to the sheriff. He said that a study was made and that there are now plans for the re-doing of the intersection.

We heard this the other day and pass it on: I do not let any man's action irritate me so much as my own!

Work Begun On Stadium Projects

Work began last week on the construction of bleacher seats and a press box on the north side of the football field. W. W. Sudduth and O. T. Sudduth received the contract from the school board.

There will be five tiers of concrete bleachers added to the existing tiers in the center of the field. The new seats will be an upward and northward extension.

The call for bids specified the tiers to be approximately 94 feet wide, with seats 30 inches wide and 12 inches high.

A press box, specified to be six feet by 12 feet will be on the top row and in the middle of the new part of the stadium. It will have a glass front with a wooden cover and railing around the top so that the top of the press box may be used for picture taking.

Longer School Year May Cut Some SS Income

Texas school teachers and other school employees who are social security beneficiaries may not receive the usual three full months' social security benefits this year because of the extension of the school year, according to H. P. Thomas, social security manager.

Under the new Minimum Foundation Program, students in Texas are required to attend classes 180 days; classroom teachers will work 190 days; counselors and administrative personnel will work 200 days. The longer school year, plus teacher workshops which precede the actual classroom work will mean that teachers and others may begin work in August, rather than September.

Social security benefits are paid to beneficiaries who do not earn more than \$140 in a month. It is believed that beneficiaries who are school teachers, counselors, administrative personnel, and some other employees - may earn over \$140 in August. In such cases, the benefit check normally received on September 3, will not be due.

Daily wages of school employees can be computed in the following way. Divide the annual salary by the number of working days. For example, an annual salary of \$5,700 divided by 190 days (classroom teacher) equals \$30 per day. Therefore, a teacher with the salary of \$5,700 who works 5 days in August, will earn \$150 and will not be entitled to social security benefits for August. All beneficiaries who believe their earnings will exceed \$140 in August should notify the social security office.

Additional information is available at your nearest social security office. The telephone number for the Odessa office is 332-2423.

Downie Street, the "main drag" of Sanderson at that time, greeted train travelers as well as other visitors as the business district of the town. The coal bin behind the Sanderson State Bank was a familiar sight at that time. The Terrell Hotel housed the postoffice and prior to the construction of the courthouse, was the site of some offices for the county officials. Next to the hotel west was the Ellis Winkler store.

Mr. and Mrs. Donald Tulk and children have moved from the Bill Lea rent house to the Marvin Allen rent house on Cargile Street.

Mr. and Mrs. A. K. Bradford are residing in the Savage rent house south of their home.

While on their vacation, Mr. and Mrs. C. O. Cash with Mitzi and Jim visited relatives and friends in El Paso and Rockdale.

Mrs. Mary Alice Townsend and her mother, Mrs. J. W. Happle have returned home from San Antonio where Mrs.

Happle received treatment and a brace after fracturing a vertebrae in a fall at their home recently. She is reported doing satisfactorily.

Mr. and Mrs. Willie Pena and three daughters spent a part of their vacation with his mother, Mrs. Edubijes Escamilla, and her parents, Mr. and Mrs. Pedro Guzman, and all of them went to Amistad Lake for an outing while here.

Mr. and Mrs. Paul Murr attended the wedding of his sister, Mrs. Kay Murr Black, of Junction and Sgt. Kenneth L. Sagebiel in Ciudad Acuna, Mexico on Wednesday, July 15.

Mrs. W. L. Babb returned to her home after receiving medical treatment in a Fort Stockton hospital.

Mr. and Mrs. G. G. Esqueda have returned home after a three-weeks' vacation trip.

They went with their daughter, Mrs. W. D. Smith and children, who had been visiting here, to their home in Excelsior, Minn., and made several sight-seeing trips from there, including a trip to Canada. They came back by plane.

Mr. and Mrs. D. K. O'Keefe made trips to Denver City and El Paso last week to visit relatives. They returned their granddaughter, who had been visiting here, and brought their nephew, Bobby Harrelson, of Las Cruces, N. M., to Sanderson with them for a visit.

Mr. and Mrs. Andrew Marquez Jr. of Del Rio visited his

parents, Mr. and Mrs. Andres Marquez Saturday enroute to California and Las Vegas, Nev., on vacation. They were accompanied by Mr. and Mrs. Joe Pena of San Antonio, all former residents of Sanderson.

Supt. of Schools Carroll B. Card and family were in Austin last week for a workshop for school administrators.
