VOLUME 67, NUMBER 27

SANDERSON, TERRELL COUNTY, TEXAS 79848

JULY 30, 1970

LISTEN TO LUKE

By Albert---

We had a suggestion recently from a reader that may be the answer to some of the problems that we mentioned in this column recently - that of ridding many lots of old car bodies, etc. This reader suggested that we print a tear-out to be mailed or given to the commissioner of Precinct 1, Frank Weigand, who stated that he would haul off old car bodies from lots to help in the clean-up efforts if he had permission to do so. So here goes! On Page Two there is a tear-out to be filled in and given or mailed to the commissioner so that he will have permission to haul off the car bodies.

If there are any suggestions others may have that are practical and feasible, we will be glad to give them voice.

The county government is not in the vacant-lot-clearing business - and should not be. And more than likely by law they cannot be. There are many lots over town that need cleaning of brush, debris, garbage, etc., but it is not the county's responsibility to do the cleaning. The effort to help out to some degree by hauling off the car bodies should not grow into lot-clearing unless the landowner is willing to pay for the use of the machines and men. It is our understanding that this is altogether proper. It was the last time we made inquiry.

We are not trying to take over any responsibility of the "Chief Fault Pointer-Outer" - and we have never had any philosophy of "Sanderson - Love It or Leave It". Sanderson is like any other town, city, state or nation in that there can be opinions about needs for improvement without any degree of dissatisfaction that would make us want to leave without said improvements being made. And while these opinions may not always be the majority or even may not be valid by some people's standards, each of us is entitled to that opinion.

If, by the use of an appeal to pride, or duty, or responsibility, need, obligation, cleanliness, appearance, or whatever the reason, we are able to get something done in this vein, we feel that the town - not our ego or sense of accomplishment - will be benefitted. If there is something that could be done by persuasion or leadership by the various civic or women's clubs, we will give voice to their plea if it is wanted.

Somehow, some way, let's clean up Sanderson!

There has been a sizeable group of visitors coming to Sanderson for the summer's roping programs sponsored by the Sanderson Rodeo Club.

We acknowledge the efforts of the Rodeo Club to furnish this means of recreation for the roping fans and for the good it does to our town to have these visitors come in. We hope they have and will continue to have a good time during their stay here and that they enjoy their visit.

Year-Long Pencils at The Times

School Opening Details Are Set

The Terrell County Independent School District will begin the school year with a week of in-service and work days for the teachers. Effective this year the teachers will have an additional 10 days of in-service work.

One major change will be the relocation of the superintendent's office to the elementary building. This change will reduce the faculty by one and will be a savings to the school district. Another major change will be the moving of the fifth grade, as a self-contained unit, to the junior high building.

The following schedule will be followed for registration:

August 18 - Seniors, 8th grade, kindergarten at 9:00 a. m.; juniors, 7th grade, 3rd and 4th grades at 1:30 p. m.

August 19 - Sophomores, 6th grade, 1st and 2nd grade at 9:00 a. m.; freshmen, 5th grade, 1:30 p. m.

Students are asked to bring a pen and pencil to registration and be at the proper place on time. Students will fill out age, grade, and registration cards and be given insurance forms. When the A. G. R. card is signed by the parent and is properly filled out, books will be issued. Early or late registration will be done only in emergency cases.

Wayne Mitchell, high school principal, should be contacted in case a student needs to register early or late and he will take care of emergency registrations for junior high school students as Jack Cosby, junior high principal, will still be enrolled in school during registration. Supt. Carroll B. Card will handle emergency registrations for the elementary students in the principal's office of that building.

High school students are asked to report to room 1 in that building; junior high students, to room 1 in that building; and elementary students will meet in the auditorium in that building.

All students who will be five years old on or before August 31 and plan to attend kindergarten should bring a birth certificate to registration. First grade students enrolling in the local schools for the first time should also bring a birth certificate to registration.

Effective Sept. 1, 1954, all students beginning in the first grade must show proof that they have been vaccinated against smallpox or show doctor's certificate that the student is immunized or that vaccination would be considered injurious to the health of the student.

Electric cooking is cooler cooking because it's flameless. Electric surface cooking units transfer heat by direct metal-to-metal contact with utensils. The heat goes into the utensils and the food, not into the kitchen air. And because the electric oven is flameless, it needs no flow of air through it to support combustion. The oven is insulated all around—including the bottom—to keep heat inside and out of your kitchen. See the cooler-cooking flameless electric ranges at your dealer's soon.

NUMBER ONE ON THE BALLOT (HJR30)
General Election Nov. 3, 1970

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Subsections (5), (6), (7), (8), (9), (11), (12), and (13), Section 1-a, Article V, Constitution of the State of Texas, be amended to read as follows: "(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceedings shall be by majority vote of those present, except that recommendations for retirement, censure, or removal of any person holding an office named in Paragraph A of Subsection (6) of this Section shall be by affirmative vote of at least five (5) members."

"(6) A. Any Justice or Judge of the Appellate Courts and District and Criminal District Courts, any County Judge, and any Judge of a County Court at Law, a Court of Domestic Relations, a Juvenile Court, a Probate Court, or a Corporation or Municipal Court, and any Justice of the Peace, and any Judge or presiding officer of any special court created by the Legislature as provided in Section 1, Article V, of this Constitution, may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any person holding such office may be censured, in lieu of removal from office, under procedures provided for by the Legislature."

"B. Any person holding an office named in Paragraph A of this subsection who is eligible for retirement benefits under the laws of this state providing for judicial retirement may be involuntarily retired, and any person holding an office named in that paragraph who is not eligible for retirement benefits under such laws may be removed from office, for disability seriously interfering with the perform-

ance of his duties, which is, or is likely to become, permanent in nature."

"(7) The Commission shall keep itself informed as fully as may be of circumstances relating to the misconduct or disability of particular persons holding an office named in Paragraph A of Subsection (6) of this Section, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court."

"(8) After such investigation as it deems necessary, the Commission may in its discretion issue a private reprimand, or if the Commission determines that the situation merits such action, it may order a hearing to be held before it concerning the removal, or retirement of a person holding an office named in Paragraph A of Subsection (6) of this Section, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the record and report of a Master, the Commission finds good cause therefor, it shall issue an order of public censure or it shall recommend to the Supreme Court the removal, or retirement, as the case may be, of the person in question holding an office named in Paragraph A of Subsection (6) of this Section and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission."

"(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order public censure, retirement or removal, as it finds just and proper, or wholly reject the

recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary."

"(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any person holding an office named in Paragraph A of Subsection (6) of this Section, against whom a proceeding is instituted to cause his retirement or removal, due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the person holding an office named in Paragraph A of Subsection (6) of this Section in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed."

"(12) No person holding an office named in Paragraph A of Subsection (6) of this Section shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal."

"(13) This Section 1-a is alternative to and cumulative of, the methods of removal of persons holding an office named in Paragraph A of Subsection (6) of this Section provided elsewhere in this Constitution."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1970, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment relating to the removal, retirement, or censure of Justices, Judges, and Justices of Peace under prescribed circumstances."
