VOLUME 68 NUMBER 35

SANDERSON, TERRELL COUNTY, TEXAS 79848

OCTOBER 1, 1970

## LISTEN TO LUKE

Albert:---  
We led off the column last week with the information about the free Rubella or German measles inoculations to be given on October 29. There is no better way to lead off this week, too! The shots are especially for those from age 1 to 2, but any other person may receive them by contacting county Health Officer Dr. A. Clanton immediately. Local immunization will help eliminate the diseases in Sanderson possibly. If the rest of the nation follows our lead - how about that! - then the disease could go the same way tuberculosis, smallpox, and polio.

Encourage your friends with small children to take advantage of this possibility. See what they do!

For those who may not know yet, The Times is minus its eighth hand this week, in more ways than one. Mother had a freak accident which was painful, discommoding, and close. She stepped in the middle of a mat in the garage. The cat squealed and began trying to get out from under the foot, all of which startled Mother and she jumped to escape the cat and confusion. She fell against the door and it slammed in her right hand, badly mangleing the last three fingers. Many stitches and anxious hours later the fingers are healing nicely and the stitches are out, but the tenderness and stiffness will remain for some time.

Please forgive any shortcomings in the news this week that may be the result of her incapacity.

Our little dachshund did it again! She bayed another copperhead in our back yard! It was the biggest of the species that we have ever seen.

For a time we were interested in the eradication of weeds as a possibility of eliminating the hazard of snakes, now we might be concentrating on the snakes first. This is the third one the little dog has bayed in our back yard this year. She eats well around our house.

And speaking of weeds, some sort of planning is to be made at a meeting tonight in an effort to do some cleaning up in Sanderson. We hope that the drive has some measure of success.

The eradication of weeds is not like the measles shots, it has to be done on an individual basis. Friends can encourage and persuade, set the example, and even offer to help in some ways, but it has to be a determination of the individuals involved.

Remember to speak kindly of your enemies and be kind to them - you made them that way.

Mrs. Tol Murrh is at home and recuperating satisfactorily following surgery in Dallas to repair a hip joint which had been implanted previously.

Rev. Fred Blake

... to hold revival here  
The First Baptist Church of Sanderson will have a revival beginning October 4-11 with services twice daily - at 7:00 a. m. and 7:00 p. m.

Rev. Fred Blake, pastor of the Trinity Baptist Church in Levelland, will be the evangelist for the series of special services. The music director will be A. D. Jackson of Fort Stockton, who will have special music for each service.

The public is cordially invited to attend the services and a nursery will be provided during the evening services.

Monday night will be "family night" with recognition given to complete families who are present. Wednesday will be "youth night" with the young people bringing special music at the service and a fellowship period for all the young people after the service.

Saturday at 6:00 p. m. a hot-dog supper for all juniors will be at the church and all juniors will remain for the evening service.

### Magnetic Clips at The Times

The first old picture that we ever used is the one printed at right and it had no names with it as identification. W. H. Savage loaned us the picture and we now have identified some of the pupils in the first school in Sanderson, located, according to other old pictures, and by orientation with the buildings to the east, across the street from the present Sanderson State Bank building. The home of the A. B. Gates family, which was recently razed, can be seen in the background, and in the original picture and substantiating pictures, the school was across the street from the Ed McGinley home, where the bank now is. The picture, made in about 1900, shows Miss Nettie Carpenter, teacher, standing at far right on third row. On the back row is W. E. Lea, John Savage, Nellie Bunham, Myrtle Duncan, Della Young, Edna Ellis. On the second row is Opal Boozer, Fred Savage, Roy Boozer, Dolly Savage, the first four. Other children in the picture include some from the Stansell, Patrick, and Warzbach families and those of whom time has erased all identification.

## Rainfall Near 4" In Three Days

Rainfall was continuous in Sanderson and over all of West Texas from Friday to this writing on Monday. Almost four inches of rain was recorded locally, all of which ran into the ground.

All reports available indicated a similar amount of rainfall over the county and there were no reports of any run-off.

Many parts of Terrell County were reported being extremely dry and sorely needing moisture. Maximum penetration of the moisture, because of the manner in which it fell, gave promise of a good weed crop to go inot the winter on area ranges.

There has been no time locally then the moisture was not falling since Friday afternoon late and there has been little obvious change in the rate of the fall.

The temperature has been in the mid-40s with a very small range of difference between day-time and night-time temperatures.

Charles Stegall, who ranches just to the north of Sanderson, reported a large loss of goats which were sheared on Thursday and Friday.

W. H. Ivy, who was recently named manager of the West Texas District of Community Public Service Co., was in Sanderson Friday of last week on business. He is a former resident when he was employed by the company locally.

## Eagles Beat Class B Grandfalls; To Host Balmorhea On Friday

The Sanderson Eagles upped their winning streak to three games this season by romping over the Class B Grandfalls Cowboys there 22-0 Friday night of last week. A little rain fell during the latter part of the game.

Fullback Manuel Olivas hit pay dirt first for the Eagles in the second period when he went over the goal line for six yards and six points. He also ran over the two extra points conversion.

In the third period Olivas scored again from inside the 10 and also converted the two extra points. The score was early in the third frame and a good defensive battle ensued during the rest of the period. The offense of neither team was able to offer a threat until the Eagles penetrated deep into Cowboy territory just before the end of the game and Leslie Hall, Eagle halfback, scored the final tally from inside the

10. The try for the extra point failed.

The starting Eagles were Robert Barron, Blain Chriesman, Randy Louwien, Brad Harrison, Damon Harrison, Ray Arredondo, and Steve Litton on the line from left to right; and in the back field were James Druse, quarterback, Leslie Hall and Bill Littleton halfbacks, and Manuel Olivas, fullback. Defensive players and substitutes included Santiago Flores Jr., Ikey Billings, Kendrick Harrell, Nelson Cooke, Roger Sanchez, Raul Ybarra, Ronnie Stewart, and Juan Saenz. Jim Cash, who has an injured back, will probably be out of his third game this week, according to Athletic Director Willie Myers, who added that he would probably be able to make the Brackettville trip.

The coaching staff, Myers, Tommy Hall, and Bobby Nicholson, stated that they were well-pleased with the defensive effort of the Eagles last week, but that they lacked some spark in their offense.

Sanderson made 130 yards in total offense against the Cowboys who had 119, but led in first downs 10-5. Druse tried five passes, completing three for 70 yards, according to Coach Myers.

Sanderson will host the Balmorhea team, a Class B school, here Friday night and make an effort to keep their winning ways working. The opening kick-off is at 8:00 p. m.

### Tax Bills Mailed Propoerty Owners

Tax statements have been mailed by the tax assessors and collectors of the Terrell County Independent School District and Terrell County - A. H. Zuberbueler, and Mrs. A. J. Hahn Jr., for the two taxing agencies in the county that levy taxes.

The larger of the two assessments in the county is the school district, which has a total of \$331,585.20 levied in taxes and there were 1,328 statements mailed. Mr. Zuberbueler reports that about 98% of the taxes levied have been collected each year since the division of the assessing and collecting from the county at the time of the formation of the independent school district which levies and collects its own taxes.

The county tax office mailed out 1,303 statements for a total tax levy of \$111,675.12. This figure also includes the state taxes that are collected by the county based on a 37¢ tax on each \$100 valuation.

There is a total valuation of \$8,563,400.00 on the county's tax rolls, which is different from the school's tax rolls, due in part to fact that the schools' rolls includes automobiles that are not on the county's roll.

The amount of money levied by the two is also different due to the rate that is set by the school board and the county on the total valuations rendered or levied.

Property owners or tax payers are offered a discount for the early payment of county taxes, but not for school taxes.

Jay Robinson of San Antonio has been visiting his grandparents, Mr. and Mrs. J. T. Williams, for several days.

### Cong. White Asks Investigation Of Mail Service

Word was received from the office of U. S. Representative Richard C. White Monday that an investigation has been ordered into an alleged deterioration of postal service.

The report was given by Rep. White and W. E. Purcell, representative from Wichita Falls, to the chairman of the House Post Office and Civil Service Committee.

A representative of the committee will be in El Paso soon to hear of deterioration or reports of deterioration in the mail service.

The alleged reduction in the quality of the mail service is that of a national scale, rather than a local situation, according to the representative.

### SP's Tri-Weekly Passenger Trains Begin Schedule

Southern Pacific's "Sunset" passenger trains will begin operation on a three-times-a-week, rather than daily, schedule in each direction between New Orleans and Los Angeles Oct. 1.

At the same time, the railroad reported sleeping car, dining and lounge service will be restored to the Sunset.

The SP announcement follows an order by the Interstate Commerce Commission in Washington, D. C., that the three-times-a-week operation may be instituted, on the schedule posted earlier by the railroad, pending later ICC investigation of the changes.

Westbound trains will leave New Orleans on the 2,030-mile trip each Monday, Wednesday and Friday, SP said. Eastbound trains will leave Los Angeles each Tuesday, Friday and Sunday. Arrival and departure times will remain as presently established for all stops.

Mrs. Melinda Edwards and children, Shaun and Shannan, of Odessa visited here last weekend with her parents, Mr. and Mrs. J. A. Gilbreath.

Mrs. Ernest Massey is at home after receiving treatment for a back ailment in Fort Stockton. She will be at home in bed for two weeks.

S/4 JIM ROARK IN VIETNAM  
Word was received from Mrs. H. H. Shelton of Weatherford that her son, Spec. 4 Jim Roark had arrived in Vietnam. He left Oakland, Calif., by jet and arrived in Anchorage, Alaska, where they stayed over 24 hours due to engine trouble. He reported Alaska to be very beautiful and very cold. They went from there to Okinawa where it was hot and humid and stayed over night, flying to Vietnam the next morning - three hours flying time.

The Roarks formerly ranched in this area.

Mrs. R. S. Wilkinson has been in Cuero with her mother who is ill.

# 1971. Buick introduces a new set of values.

Value, not gimmicks or ornamentation, sells cars. More people have been coming to Buick each year for just that reason. Buick concentrates on value. And this year, Buick introduces a new set of values. Features that will help make your new Buick perform better,

last longer and get you more of a return on your investment at trade-in time.

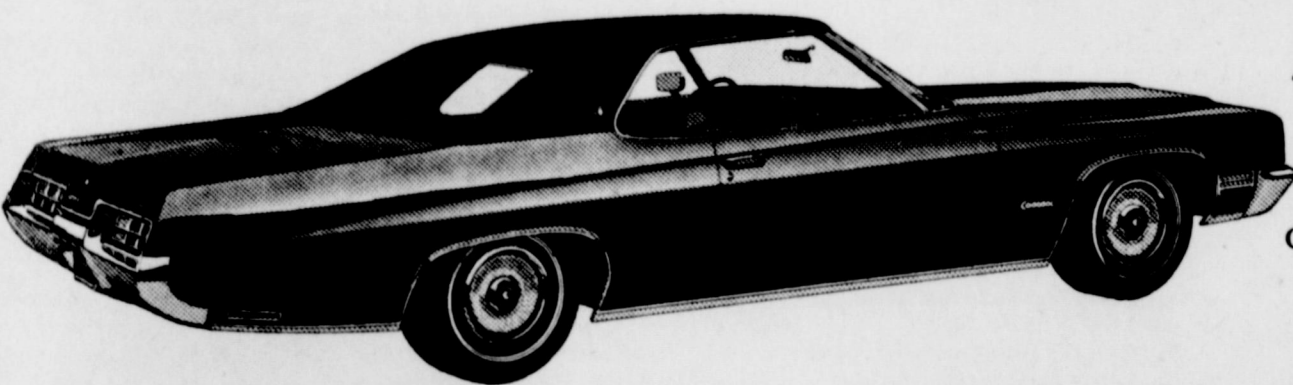

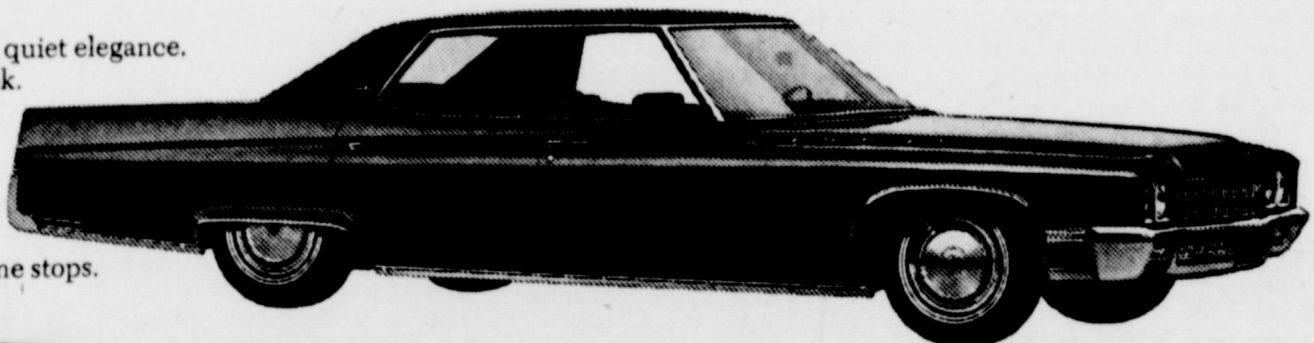

Only a Buick dealer can offer you our new set of values. So, test your values against our new ones. Then ask yourself this simple question. Wouldn't you really rather have a Buick?

## Something to believe in.

**1971 Buick Riviera.** A totally new design concept. And that's not all. Riviera offers MaxTrac, an exclusive power control system you can order with its own on-board computer. It helps you get securely over slick surfaces by reducing rear-wheel slipping. The new body features side-guard beams for protection, a bigger trunk, and a driver cockpit with a control center designed around the driver for new ease and convenience.

**1971 Buick Electra 225.** A new interpretation of quiet elegance. We've improved our Electra everywhere you look. There's more room in every direction, interiors that can be appreciated as much for their durability as for their beauty and comfort, even a new balanced braking system. A unique valve proportions braking force front to rear to help give you quick, smooth straight-line stops.

**1971 Buick Centurion.** This is our newest Buick, a city car with sleekness and grace as well as muscle. It features more nimble variable-ratio power steering, power front disc brakes, Full-Flo ventilation, and a vinyl roof on the Centurion Formal Coupe as standard equipment.

**1971 Buick Skylark Custom.** This is the car that has set the pace for value in its price class. Rocker panels that wash and dry themselves, big-Buick room and comfort inside, a cooling system that should never overheat, inner fenders that protect the outer fenders, and a modest price have put our Buick Skylark traditionally among the resale leaders in its class.

**1971 Buick LeSabre.** An incredible new offering of Buick value. The LeSabre, like the Riviera, Electra and Centurion, features AccuDrive, a new version of the directional stability system we pioneered. It will help give you smooth handling.

**An Important Improvement.** Every new Buick engine is now designed to run smoothly and efficiently, and with lower exhaust emissions, on no-lead and low-lead gasolines. And every Buick V-S engine will have exclusive nickel-plated exhaust valves for smoother operation and longer valve life, and a new time-modulated choke to help give quicker warm-up and a more consistent fuel mixture.

## Absentee Voting Details Listed

Any qualified Texas voter eligible to cast an absentee ballot by mail may now make application to his county clerk for an absentee ballot for the Nov. 3 general election.

In order to vote absentee by mail in this election, a voter must: (1) be unable to appear Nov. 3 at the polling place because of sickness or physical disability; or (2) expect to be absent from his county of residence on Nov. 3 and during the county clerk's office hours throughout the period Oct. 14-Oct. 30, inclusive.

All applications for absentee ballots must be received in the county clerk's office not later than Oct. 30.

Details as to absentee voting procedure may be obtained from a voter's county clerk. Generally, these provisions apply:

A voter applying for an absentee ballot by reason of sickness or physical disability must mail his application to the county clerk. It should be accompanied by the voter's registration certificate, and by a certificate of a duly licensed physician, chiropractor or accredited Christian Science practitioner certifying to the voter's illness or physical disability.

A voter desiring to vote absentee by reason of absence from the county may either deliver or mail his application for absentee ballot to the county clerk. In the application, the voter must state that he expects to be absent from the county on election day and during the clerk's regular office hours for the entire period of personal appearance absentee voting (Oct. 14-Oct. 30). The absentee ballot then must be mailed to the voter at an address outside his county of residence. Also, the envelope in which the voter returns the ballot must be postmarked from a point outside his county of residence.

Voter registration in Texas this year hit an all-time high of 4,150,645. On Nov. 3, voters will express their preference in state, district and local races, as well as on 7 proposed state constitution amendments.

Mr. and Mrs. Haley Haynes of Canyon and Miss Beverly Farley of San Angelo were weekend visitors here with their parents, Mr. and Mrs. W. A. Haynes and Mrs. E. E. Farley.

## Fletcher-Ward Rites In Fort Worth Friday

Mr. and Mrs. Horace E. Fletcher left Tuesday on a wedding trip to Tahoe, Nev., where they will visit with Mr. and Mrs. T. E. Bryan for two weeks. The bride was Mrs. Hazel E. Ward of Fort Worth. Their wedding was Friday, September 25, in the home of friends, Mr. and Mrs. Harry B. Lynn, in the presence of a few close friends. They returned home Saturday.

Rev. A. V. Thompson officiated at the ceremony.

Mr. Fletcher is a retired roundhouse foreman and has lived in Sanderson practically all of his life.

The couple will be at home in Sanderson following their wedding trip.

## Local Group Will For Cancer Cause

A group of Terrell County citizens met on Tuesday, September 15, to organize a Terrell County Unit of the Texas Division of the American Cancer Society.

At this meeting held in fellowship Hall of the First Presbyterian Church in Sanderson, Mrs. Web Townsend was appointed as temporary chairman and Mrs. David Mitchell was appointed as temporary publicity chairman until the formal organizational meeting set for Tuesday October 6th at 7:30 p. m. at the Presbyterian Church.

Although Terrell County has been considered as being in an unorganized status, individuals within this county have been working extremely hard over the past 10 years to assist in the control of cancer. Not only have there been effective programs established in public education and service, but for eight consecutive years Terrell County has bettered the previous year in fund raising.

In order to project the services of the American Cancer Society in Terrell County, it is necessary that an active group of citizens associate themselves with this movement as members of the board. This is the purpose of the organizational meeting.

Any and all citizens of Terrell County who are interested in learning more about the problem of cancer or who would be interested in serving and working on the board of directors for this county are cordially invited to attend the organization meeting.

Mr. and Mrs. Wade Harrell brought his mother, Mrs. Roy Harrell, to Sanderson the first of the week to tend to business matters. She has returned to the Valley-Hi Nursing Home in Del Rio for further treatment.

John Burchett returned home Saturday after being hospitalized in Alpine for a back ailment. Mrs. Burchett, who had been visiting her sister, Mrs. V. W. King, accompanied him home.
