SANDERSON, TERRELL COUNTY, TEXAS 79848

LISTEN TO LUKE

Albert:--
We have always read that a picture is worth a thousand words - so we tried it last week! We printed a picture of the clean-up work at Santa Rita cemetery and of that which had been done on the south side of Oak Street just west of the bridge on the east side of town where the flood had washed away the entire block of houses. The results of the work were impressive and so were the responses from the publication of the pictures without words. Some people are continuing their efforts to clean up parts of town that were not finished during the time that was designated for cleaning up. There has been a lot of tumbleweed cutting and otherwise cleaning up of trash and weeds that has helped greatly in the appearance of the town. ---
There are some coat-holders in town. We have had several suggestions recently about like: "Why don't you say something in your column about so-and-so?" It's a good idea, but nothing would be accomplished except making someone unhappy if I were to say something about so-and-so. ---
What a lot of people don't think about is the fact that if one person speaks out in opposition to some proposition, that he is not the only one who disagrees, each disagrees with the other. It always takes two to have a disagreement - and usually three, including the coat-holder. ---
One thing we will speak out on - the next time a local merchant doesn't support your local organization as much as you think he should, think back and see if you have supported your local merchant as much as you should have? We heard such a conversation as this last weekend and it impressed us even more that we were formerly impressed, if that's possible. ---
"Why don't the local merchants do something about it", is the tone of many comments that are made from time to time by different ones when there is something that the merchants possibly could be involved in more deeply. Or "so-and-so didn't contribute to the --- fund, or not very much, at least." But so-and-so's ability to contribute to the support of the community is directly related to the support that is given so-and-so. ---
Those who missed the talent show sponsored by the Band Boosters at the high school last Saturday night missed a real treat. The program moved rapidly and the acts, skits, and performances were all very good. ---
Mrs. W. H. Goldwire was the chairman of arranging the show and she and her committee did a yeoman job. ---
The type of entertainment that was provided was so noticeably different in its tone and refreshing to witness. ---
We personally were gratified, entertained, and satisfied.

Eagles Beat Clint 20-0 Here; To Trek To Socorro This Week

The Sanderson Eagles hosted a scrappy but small Clint football team Friday night of last week and won 20-0. Sanderson is now tied for second place with Rankin and Iraan, with Van Horn virtually assured of the district title, having beaten Rankin Friday night in a come-from-behind effort 15-8. There was some difficulty in getting the game under way between Sanderson and Clint as the opening kick-off by Clint was out of bounds and the Lions were penalized 5 yards. The next kick-off effort found one of the Eagles off-sides and they drew a 5-yard penalty which put the ball back at the Lions 40-yard line for the third kick-off try. The ball went to

Manuel Olivas who ran about 90 yards for a score to blast open the game. Santiago Flores Jr. ran the two extra points in following the first touchdown. The balance of the first half was a series of extreme efforts by both teams to put together a scoring drive, all of which ended in the exchange of the ball by punts or loss on downs. The Lions failed to make a first down deep in their own territory in the third period and Sanderson got the ball, subsequently ending in a 9-yard run by Leslie Hall to the end zone. The try for the extra point failed. In the final period the Eagles were forced to punt and then recovered the fumbled reception, setting up the possibility of their third score for the night which was made by Olivas on a 5-yard carry. There were some long running plays, pass interceptions, and exchanges on fumbles that furnished some thrills for the large crowd that attended the game. The Sanderson Eagle Band was responsible for the entire half-time show which was a marching routine while playing and one twirling routine number by the majorettes. The Eagles will go to Socorro for their next game and will host the Rankin Red Devils in the last regularly-scheduled game. Hunters and game as was seen several years ago is shown in the picture below, Mr. and Mrs. W. R. "Son" Turner and Carrie Marie with one "trophy" and one "eating" buck. The hunters were well armed for whatever type game they encountered. Mrs. Turner furnished the picture for our use.

Jr. High Gridders Win at Imperial

Danny Montalvo took the opening kick-off in the Junior High football game in Imperial last week and ran 80 yards for a touchdown to start the little Eagles on a 40-0 win. Their record now stands 3 wins and 2 losses.

In the second quarter, Jack Crosby went into the end zone for 6 points on a handoff, and Norval Clark ran the conversion. In the same period, Clark ran over another six-pointer and with the failure of the lads to make good this PAT effort, the half-time score was 20-0.

In the third period Montalvo ran an Imperial punt back for 6 points and Crosby made the 2-point conversion. Six more points were added by Tony Calzada on a pass play. Ricky Ochoa accounted for the final tally, in the final period when he caught a pass for a score.

Coach Norman Gladson is reported to be well pleased with the efforts and results of the boys who played in the game.

The starters were Montalvo, quarterback; Crosby, fullback; Clark, right halfback; Ricky Marquez, left halfback; Paul Hinkle, center; Kendall Billings, right guard; Ja Chriesman, right tackle; Tony Calzada, right end; Steve Couch, left guard; Mario Arredondo, left tackle; and Ricky Ochoa, split end.
