Our advice to farmers who would like to see it snow more in Farmer County in the winter time would be for them to schedule more farm meetings for the Hub Community Center.

Two weeks ago on Monday night the Farmer County Irrigation Gas Users held their annual meeting at Hub. That was the night the Friona area received two inches of snow, although it was sort of a "spotty" fall.

Then this week, with an important meeting featuring Dr. Allen Wiese of the Texas Agriculture Experiment Station in Bushland, talking on herbicides, the entire county was hit with a good snowfall Sunday night.

Monday's meeting at Hub was well-attended, with some 160 farmers in attendance, despite there being two or three inches of snow on the ground.

Dr. Wiese gave the men some pointers on the recommended usages of herbicides for both cotton and maize land.

The Bookmobile will make its regular stop in Friona Saturday. The mobile library will be parked at its regular place adjacent to the City Park from 1 to 4 p.m. Anyone wishing to return books or check out books is invited to do so at that time.

Friona has been one of the places which uses the bookmobile services the most on the four-county route.

Thursday the bookmobile makes its regular stop at Oklahoma Lane, Rhea and Black, and on Friday it makes its regular trip to Hub, White's Elevator, Lazbuddie and Clay's Corner.

Pete Hollis, scoutmaster for Friona's Troop 56 of Boy Scouts, states that he would like for a Friona man to volunteer to help him with the Scouts, who meet once each month. Hollis says that he is getting two or three new boys each month, and that with the increasing number of boys, he can use some assistance.

Hollis formerly had the late Bill Buchanan as an assistant scoutmaster, and since his death has had the troop to himself. Anyone who has a few minutes to spare and enjoys working with boys should call Pete at 247-3068.

City manager A. L. (Jake) Outland says that the city is having to begin a new "hard nosed" policy toward people who are late paying their water bills. The city is adding a 10 per cent penalty on bills which aren't received before the 11th of each month.

Also, the city is going to enforce more tightly its rule for cutting off service if bills aren't paid by the 15th. Some local citizens found to their chagrin that the 10 per cent ruling isn't postponed if payment is made on the 11th of the month when the 10th falls on Sunday, as it did in January. Evidently when that happens, the 9th of the month becomes the deadline for paying in person, or you should go ahead and mail it on Sunday, if you haven't already.

The city council has voiced approval of this policy, and perhaps it will help turn the tide in delinquent bills. The number of delinquent bills for January stood at 162, compared to 74 the previous January, 66 the previous year and 63 the year before that.

Proof that the Friona Squaws competed in one of the toughest districts in the state this year can be seen in a rating of the top teams in the state in a recent publication by the Texas High School Girls Coaches Association.

The rating, which placed the defending state champion Squaws at the top of the list in class AA, had three other members of District 3-AA in the top teams. Right behind Friona, Floydada was rated in second place.

Abernathy was ranked fourth, and Dimmitt was rated eighth. Other ranked teams which Friona fans will recognize included Little Cypress, fifth, and Spearman, sixth. Little Cypress up-ended the 1962-63 Squaw team in the state semi-finals. Spearman, who was beaten in the 1964 regional meet, has won its district title for the fifth straight year.

This year, there will be a state championship playoff for girls teams in AAA classification.

SUBDIVISION REGULATIONS

Council Lays Predicate For Amending Ordinance

City Ordinance 357 was discussed at length at the regular meeting of the Friona City Council Monday. After much discussion, Mayor J. C. Claiborn asked the assistant city attorney to work on alterations for the ordinance, and called a special council meeting for February 22 to discuss the measure.

"WET" VARIETY

Area Gets 4 To 6 Inches Of Snow; Farms Helped

A nice four to six inches of snow fell in the Friona area Sunday and Monday nights, bringing optimism to both wheat farmers and row crop farmers alike. The snowfall left behind the most moisture which had fallen at one time in practically six months.

Official measurement at the City of Friona registered four and one-half inches of snow, three falling Sunday night. Moisture content was measured at .47 for the two nights, although the .23 reading on Monday's snow was believed light.

The official moisture content is taken from melted-down snow which falls into the city's gauge, which has a mount about four inches wide.

At any rate, the snow, like the two inches which fell some two weeks ago, was of the "wet" variety, and most farmers were lauding its beneficial value. Farmers were hoping for more of the same from the cold spell which was expected in late Wednesday.

This week's snow no doubt was much more beneficial than the one which fell almost exactly a year ago this week, although that snow was measured officially as 14 inches in Friona. Last year's snow wasn't nearly as wet as this one, and drifted with the wind, so that most of it ended up in narrow ditches or at turnrows.

The fall was somewhat heavier to the north and west of Friona, where more than six inches fell in places, and was lighter in the Lazbuddie area, where two to four inches were the extent of the fall this week.

The .47 inches of moisture for February, with less than half the month gone, is already more than last February, as only inches were officially measured.

The temperatures in Friona during the past week were as follows:

Table with 4 columns: Date, Max, Min. Rows for Feb 4-10.

Present ordinance, a developer must stand practically all the cost in developing a new subdivision.

Mayor Claiborn pointed out that considerable thought and study had been put into the present circumstances of growth and expansion of the city, and it was believed that the ordinance should be altered to some extent to allow city funds to be utilized in the participation of costs of water and sewer mains of future developers, provided the developer bring the area within the city limits.

Nelson Welch, who is interested in developing his subdivision (Welch Acres), pointed out that the present ordinance does not provide for homes to meet FHA or GI loan requirements.

The assistant attorney was authorized to alter the existing ordinance to suitably fit these requirements, and allow for the city's participation in utility costs on a contract basis.

In other business, City Manager A. L. (Jake) Outland was authorized to proceed with the solicitations of bids for a new patrol car for the city.

Albert L. Wolfington, new employee of the city's Water Department, was introduced to the council, and after a brief explanation of his work in the department, his employment was approved.

After noting that a two-year appointment term of the city planning - zoning commission had expired, and that chairman Joe B. Douglas is moving from the city limits, a motion was approved re-appointing the commission for two years, naming S. H. Osborn as chairman and Carl Maurer as the new member.

Noting a letter from the city engineer in connection with the annual street sealcoating maintenance program, the council passed a motion to enter into the contract of work at the existing rate of 11 and one-half cents per square yard.

In his monthly summary of activities, Outland stated that 212 second tax notices were sent out January 15, and a day and one-half were spent calling on the telephone attempting to get taxes in by the Jan. 31 deadline.

Yet, the collection of 96.0 per cent of the \$78,927.29 roll was 1.5 per cent less than the average for the last four years.

Only three building permits were issued during January, all for new residences, for a total estimated cost of \$52,500.

Water department records showed that seven new water taps were made with one inactivated, to bring the total active meters to 986 at the end of the month.

The electric motor from well number three was removed and taken to Amarillo for repair Jan. 14. The main bearings were replaced, the motor cleaned, repainted and the core dipped, at a cost of \$169.

Four fire calls were made during January, according to department records. Three were within the city limits of

truck and were nowhere to be found. Investigations Friday morning disclosed that between \$200 and \$300 in silver was missing from a safe at White's Super Market, which had been broken into. Burglars gained entrance to the super market by prying open the front door.

Also missing were rolls of old nickels and dimes, which Ed White, owner of the super market had collected.

Officers also reported that Pioneer Natural Gas Company had been broken into, but that nothing was missed.

WHITE'S BURGLARIZED

Suspected Burglars Fire Shotgun Blast At Officer

The series of robberies and break-ins reached the serious stage early last Friday morning, when a trio of suspected burglars fired a shotgun blast at Friona night patrolman Gary Darragh.

About 2 a. m. last Friday morning, Patrolman Darragh turned north up Euclid Street, off Fifth, and met a pick-up truck belonging to the City of Friona. Curious as to why the pickup was out so late at night, Darragh turned to investigate.

The truck sped out of the city, heading southward on State Highway 214. Darragh followed. Near the Friona Farmers Co-op

gin, the suspected burglars made a U-turn and headed back toward town. They continued east at the intersection south of town, and drove past Ramza Boggess' place and at about this point the occupants of the pickup fired a blast in Darragh's direction.

Having been given good warning that the men were armed, Darragh decided to summon aid. He radioed police chief Bill Morgan and also the Hereford police department, as the vandals turned into a turnrow and turned off their lights.

By the time help arrived, the trio had abandoned the pick-up

truck and were nowhere to be found.

Investigations Friday morning disclosed that between \$200 and \$300 in silver was missing from a safe at White's Super Market, which had been broken into. Burglars gained entrance to the super market by prying open the front door.

Also missing were rolls of old nickels and dimes, which Ed White, owner of the super market had collected.

Officers also reported that Pioneer Natural Gas Company had been broken into, but that nothing was missed.

INVESTIGATES... Farmer County Sheriff Charles Lovelace is shown at the safe at White's Super Market which was broken into last Thursday night. The sledge hammer on top of the safe door was used to break the safe open. The crowbar was used to pry open the store's front door.

GOOD BEGINNING... Mel Williams (left) and James Anglin (right) exchange a handshake while holding a basketball signifying their first year as head coach of the girls and boys teams respectively. Each coach had a significant first year, as both teams have won district championships.

FHS Teams Record Twin Championships

Simultaneous district championships -- something of a rarity at Friona High School -- have been recorded by the boys and girls basketball teams, giving Friona two teams in the playoffs for the first time in 20 years.

The last time this happened was in the 1944-45 season, when the Chieftains finished second in the district tournament, an achievement which allowed them to play in the regional meet, while the Squaws won the county and district tournaments and finished third at the state meet.

About the only other time this happened was back in the basketball seasons of 1934-35 and 1940-41, when both boys and girls teams won the county championship, advancing them to district tournaments.

The current season is the only time since teams from Friona High School have competed under the classification system that both teams won their district championship.

While it's something of a historic championship for the Chiefs, it's another in a long line of success stories for the Squaws. For instance, it is the third straight district championship for the FHS girls, seventh in nine years, ninth in the last 13 years, and 17th such title won in the last 25 years by girls teams at the school.

This achievement is even more impressive when it is considered that many of these years the Squaws have been in the same district

with such teams as Dimmitt, which has battled to the state meet three times the last 10 years (same as Friona), and Tulia, which has made it twice in that time.

The three schools of Friona, Dimmitt and Tulia furnished the state representative from this region eight times in the last 11 years. The local teams will play winners of District 4-AA in their bi-district (first round regional) games. The Squaws will play the Slaton girls, who beat out the Post team, winners the past two seasons.

The Chieftain opponent is unknown as yet, with three teams, Denver City, Morton and Slaton in the running for the title.

The last time the Friona Chiefs won a district title, they had to defeat the Amarillo Sandies in a district tournament at Canyon (1935-36). So, it has been a long dry spell for the boys division at Friona High School.

Dates and sites are to be worked out on the bi-district games for both teams. The Chiefs will play either Feb. 22 or 23, and the Squaws will play their game the following week, either March 1 or 2.

District 3-AA had an earlier start than most of the other districts, and hence finished up their round-robin schedule earlier than most. Also, there were no ties for the championship to slow down the procedure for naming the district champion.

High School Coaches Are Offered 2-Year Contracts

Friona Independent School District's board of trustees voted to offer the four high school coaches two year contracts. Of the coaches, Don Light and Bob Owen are currently finishing their second year in Friona, while James Anglin and Mel Williams are in their first year at FHS.

In other business, the board authorized the school architect, Herbert Brasher, along with Superintendent of Schools Alton Farr to negotiate with the Vibra-Whirl Company of Pan-

handle on the possibilities of the company building Friona High School's football stadium.

Tax assessor-collector Porter Roberts stated that 95.8 per cent of the current school taxes have been collected, amounting to \$350,695.73.

The board authorized the purchase of auditorium and other furniture and kitchen equipment for the new high school building.

Brasher, along with Construction Superintendent Ralph Ball met with the school board Monday, and reported that construction on the new \$1.25 million facility is proceeding according to schedule, and in fact was ahead of their projected schedule.

A trustee election was ordered for April 3. Two of the current trustees' terms are expiring. They are W. R. Mabry and Ellis Tatum. Deadline for filing for the election will be March 3.

J. P. Ready, who has been bus foreman for the past four and one-half years, submitted his resignation.

TALKING ABOUT WEEDS... County Agent Joe VanZandt, left and Dr. Allan Wiese are shown talking on Monday prior to the meeting at the Hub Community Center where Wiese addressed a large group of Farmer County farmers on the use of herbicides.

Bi-District At Plainview

Coach Melvin Williams met with officials from Slaton yesterday regarding the Friona Squaws' bi-district game. The Slaton girls are District 4-AA winners.

The date of the game wasn't fixed by press time, since the prospective gym has to be checked out for dates, but it was agreed to hold the playoff game at Plainview High School's gymnasium.

In the meantime, the Squaws have warmup games scheduled with Springlake, District 3-A winners, at Springlake Friday and here on Tuesday. Friday there will be two girls games, beginning at 6:30, and Tuesday it is hoped the Chieftains can arrange a practice game to go along with the Squaws' tilt.

1746 Residents Pay Poll Tax

A total of 1746 persons paid their poll taxes, to become eligible for local, school, county and state elections for 1964, county tax assessor-collector Hugh Moseley.

The number was considerably below last year's total, which saw voters pay their poll taxes in near-record numbers (over 2,700 in the county), although the number is always higher for general election years.

The 1965 total eligible voters compares favorably with the last "off year" as far as elections are concerned, 1963, when a total of 1870 poll taxes were issued.

The current number has been bolstered by 37 exemptions which have been issued. Persons over 60 are eligible to vote without registering in Parmer County.

WITH FRIDAY EVENT

Farm Bureau Launches Local Membership Drive

Parmer County Farm Bureau is to stage a county-wide drive for members, according to Don Gerles of Bovina, membership chairman.

The drive will be launched off with a Kick-Off supper at Farwell Friday, Feb. 12 at 7:30 p.m. at Cathy's Restaurant, Gerles said. Attending the rally will be community membership captains and workers from all over the county, the membership chairman said.

Kick-Off speaker will be Mack Guest who is Regional Fieldman for the American Farm Bureau.

Parmer County Farm Bureau now has 494 members and will

be out to increase this number to 560. The drive is a part of a statewide effort to enroll 100,000 members in the Texas Farm Bureau in 1965. The state organization ended 1964 with 92,552.

Governor John Connally has proclaimed Feb. 8-13 as "Farm Bureau Membership Week" in Texas and County Judge Loyde A. Brewer has designated a similar observance for this county during the same period.

Three area-wide kick-off rallies were held over the state earlier this month -- Feb. 2 in San Antonio and Feb. 4 in Lubbock and Dallas. Farm Bureau officers and member-

ship workers from this county attended the rally in Lubbock. Attending were: Mr. and Mrs. Joe Owen, Mr. and Mrs. Don Gerles, Mr. and Mrs. Bill Brandt.

Offices of the Parmer County Farm Bureau are: Harry Hamilton-Friona, Don Gerles-Bovina, Jim Dixon-Friona, John Armstrong - Farwell, Bill Brandt-Friona, John Dixon-Bovina, Frank Hinkson - Muleshoe, Charles Hough - Friona, W. Guest served on the Georgia Farm Bureau staff more than eight years, joined that staff in August of 1951. He served as area field representative and state legislative director.

Clubs represented were Black, Lazbuddie, Friona, Hub, Midway, Northside, Oklahoma Lane and Rhea.

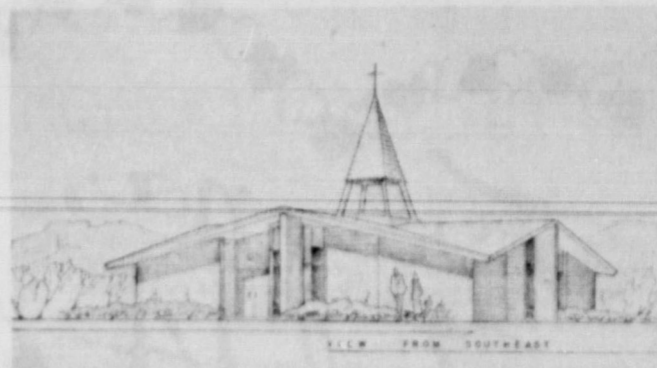

Mrs. Joel White, Farwell, gave a report on the district planning meeting in Amarillo Jan. 29. The district meeting will be held in Canyon April 8.

Plans are being made for workshops in 4-H, recreation, family life, health, safety and citizenship.

A training meeting for all council and committee members will be conducted at the courthouse from 10 a.m. to 2:30 p.m. February 16.

Recommendations for the year were read and approved.

What Lutherans Teach ---

By Fred Beversdorf, Pastor ---

"All Scripture is given by inspiration of God" 2 Tim. 3, 16.

We have said so far that the Lutheran Church is based on three main teachings which are fairly easy to remember: (1) Grace Alone (2) Faith Alone, and (3) Scriptures Alone. We wish to discuss the third one today.

Paul writes the above-mentioned words to Timothy. He is really referring to the Old Testament. The Greek words for "All Scripture" mean "All the writings" or "All the words". This means then that every word in the original Hebrew was inspired by God.

Jesus put His stamp of approval on the Old Testament also when He said, "Scripture (the writings) cannot be broken." John 10, 35.

But what about the New Testament? These books were carefully gathered together by the early Christian Church. They followed the rule that a letter or book had to be written by an apostle of Christ or one whom the apostle taught. This is how, together with prayer and the guidance of the Holy Spirit, the New Testament canon was brought together.

The Lutheran Church accepts these 66 books as we know them in today's Bible as inspired by the Holy Spirit in the original languages and in the original manuscripts. It places the wisdom and teachings of the Bible ABOVE the plane of authority of any other book or any writing

of any other man or men. Thus it says "Scripture Only" as the source of all doctrine.

We may consult other men's writings. They may help throw light on God's book. But when contradictions occur, the Bible becomes the final authority.

We trust it completely. We believe in studying it in the original languages to come closest to the truths espoused therein. In it we find the Savior and Lord, Jesus Christ, and the directions for living a life pleasing to our Heavenly Father.

Corvair by Chevrolet

The beauty of it, of course, goes deeper than the things you don't get. There's the other side of the coin--what you do get in their place.

Take the no window post, for example. What you do get is hardtop styling--with curved frameless side windows--in every Corvair closed model.

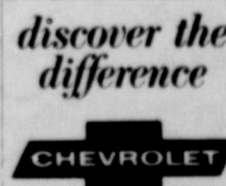

The transmission and driveline hump you don't get means more foot room. Thanks to Corvair's rear engine, the floor is practically flat.

No radiator--the engine's air-cooled--also means no water, no antifreeze and no hose leaks to worry about. All

of which add up to some more important pluses.

Power steering? Power brakes? Corvair needs them like a centipede needs crutches. With most of the engine weight on the rear wheels, the front ones are free to steer easily. And stops are quick and sure--with no nosediving.

Come on down to our showroom and discover the difference.

Modern Study Club Speaker Discusses Life In Russia

Rev. J. Frank Perry, pastor of First Methodist Church in Muleshoe, was guest speaker at the Modern Study Club meeting last Tuesday evening Federated Club House.

"Roving in Russia" was the program theme for the evening and Rev. Perry spoke on his 21 day tour of Russia in the Sum-

mer of 1962. He also showed slides and souvenirs of his trip. Mrs. Charles Allen gave the invocation and Mrs. Frank Spring introduced the speaker.

Rev. Perry has lectured on conditions in Russia approximately 300 times since his return. He was one of several churchmen from America who took the tour. He tells of breaking away from his companions and exploring on his own in order to see the true way of life in Russia.

Rev. Perry noted that Christianity is very scarce in Russia. Only the elderly people still believe in God. He showed a collection of stamps, posters and post cards, all containing the words "world peace." He explained that this type of Communist propaganda is used everywhere and on everything in Russia.

"There are so few cars in Russia that people walk everywhere," he noted. He told of the

long, long lines that people must go through to buy anything; groceries, bakeries, department stores, etc. He also told of the many hundreds of people who visit Lenin's tomb everyday. They come to gaze on the embalmed body of their dead hero, whose clothes are changed every six months or so.

Rev. Perry has gained a great interest in the Russian people through his trip there. He is subscribing to several types of Russian literature in order to keep abreast of the times and happenings in that country. He holds out hope that Russia will again someday become a Christian nation.

Hostesses for the evening were Mrs. Ralph Wilson and Mrs. Mary Lou Cason. They served cream cheese cherry pie, coffee and tea. Guests were Frank Spring, Howard Ford, Roy Miller, Dave Thompson, Charles Allen, Otho Whitefield and Mrs. Claude Osborn.

Eight Auxiliary Members Recognized In Coronation

Progressive Study Club Holds Costume Fanfare

The Progressive Study Club entertained members and their husbands with a "Costume Fanfare" Tuesday evening in the Club House. The couples came dressed as their hearts desired. Mr. and Mrs. Bill Ellis opened the program with a "costume party" routine and a group sing. The Ellises won the King and Queen of Hearts award for their beatnik costumes. Mrs. Andy Hurst, who came dressed as Santa Claus, won the Knave of Hearts award. Costume judges were Mr. and Mrs. Wesley Barnett and Mr. and Mrs. M. C. Osborn.

Frionans Attend LCC Lectureship

Frionans attending the Eighth Annual Lectureship at Lubbock Christian College were Mr. and Mrs. James Procter, Mrs. Johnny W. Hand, Mr. and Mrs. Nelson Welch and Mr. and Mrs. C. J. Horton.

Also Mr. and Mrs. Elvin Wilson, Mrs. R. E. Snead, Mrs. Rex Blackburn, Mrs. James Mabry, Mrs. Beardean Broyles, Mr. and Mrs. J. B. Taylor and Mrs. Joe F. Miller.

Club Program Features Household Cleaning Hints

Highlight of the Thursday afternoon meeting of Black Home Demonstration Club in the home of Mrs. John Bengier was a program on household cleaning presented by Mrs. Ellis Tatum and Mrs. Rosco Ivie. Proper procedures on cleaning kitchen appliances and equipment were outlined. The importance of using mild cleaning agents on stoves, refrigerators, washers, dryers, and other appliances was stressed. It was pointed out that the mildest cleaners will beautify metal longer.

Mrs. K. E. Deaton was accepted into the club as a new member.

A member of the finance committee reported that profit from a lunch served at a recent sale amounted to \$79.

Others present were Mesdames Ralph Price, Lloyd Prewett, J. R. Braxton, Helen Fangan, F. W. Barnett, Royce Welch, Harry Lookingbill, Johnny Mars, Beryl Fish, J. B. Snead, Bill Carthel and Travis Stone.

"Dear Sir: you never past me in grammar because you was prejudice but I got this here athletic scholarship any way. Well, the other day I finely got to writing the rule's down so as I can always study it if they ever slip my mind."

1. Each pronoun agrees with their antecedent.
2. Just between you and I, case is important.
3. Verbs has to agree with their subjects.
4. Watch out for irregular verbs which has crope into our language.
5. Don't use no double negatives.
6. A writer musn't shift your point of view.
7. When daungling, don't use particples.
8. Join clauses good, like a conjunction should.
9. Don't write a run-on sentence you got to punctuate it.
10. About sentence fragments.
11. In letters themes reports articles and stuff like that we use commas to keep a string of items apart.
12. Don't use commas, which aren't necessary.
13. Its important to use apostrophe's right.
14. Don't abbrev.
15. Check to see if you any words out.
16. In my opinion I think that an author when he is writing shouldn't get into the habit of making use of too many unnecessary words that he does not really need in order to put his message across.
17. In the case of a business letter, check it in terms of jargon.
18. About repetition, the repetition of a word might be real effective—take for instance, Abraham Lincoln.
19. As far as incomplete construction, they are wrong.
20. Last but not lease, lay off cliches.

In recent resident transfers we came out even with the Stratford area. Chris and Alma Goetz, who had lived in the Rhea community a number of years, moved to the Sherman County capitol and Bill and Sue Ferguson moved to Friona. The Fergusons may fall in the category of the first Frionans who moved to Stratford returning to Friona. They are former residents of our city and it is certainly fine to have them back again.

Although we regret losing the Goetzs, we wish them well in their new location.

Mrs. Joe Johnson apparently prefers sunny Florida to snowy West Texas at this time of year. She is visiting her son, Nolen, and his family, who live in the land of almost perpetual sunshine.

I've forgotten who first said, "This is a small world," but the statement comes to my mind real often. Tuesday evening I was visiting with Mrs. Frank Matlock on the telephone. I don't know her and was real surprised to learn that I knew her more than 30 years ago. Her father, who has been dead a number of years, was pastor of Hart Methodist Church when I lived between Dimmitt and Hart in 1930. Her mother, Mrs. R. B. Walden lives with the Matlocks.

Every man has a right to his own opinion, but never a right to be wrong in his facts.

Lewis Parsons is home after receiving his discharge from the U. S. Navy. Parsons spent four years in the service, two and one-half in Japan.

Parsons attended Friona schools, completing his high school degree in the Navy, entering in February, 1961. He is the son of Mrs. John Allen, Jr.

He is currently visiting at 222 Seventh Street.

Mr. and Mrs. J. T. Gee met Mr. and Mrs. Owen Houston, Robin and Jay of Morton in Muleshoe Friday evening for a visit. Mrs. Houston is the daughter of the Gees.

Kay Burleson Listed In Most Beautiful

Texas Tech's ten most beautiful women students, selected in recent competitions, will be featured in full-page fashion pictures in the "Madelmoiselle" section of the 1965 edition of La Ventana, college yearbook.

The contest is sponsored each year by La Ventana and Sigma Delta Chi, men's professional journalism society.

Among the top ten was Kay Burleson, daughter of Mr. and Mrs. T. I. Burleson of Friona.

Miss Burleson is a junior majoring in English. Her activities include Army Brigade Sweetheart, 1963-1964 and Gamma Phi Beta social sorority. She organized the "Army Blues," a new girls' drill team on the Tech campus.

Included in her honors are Area Miss Colt 45; 1st Runner-up, Maid of Cotton Contest; finalist in College Co-ed of the Nation; and finalist in Miss Wool of Texas contest.

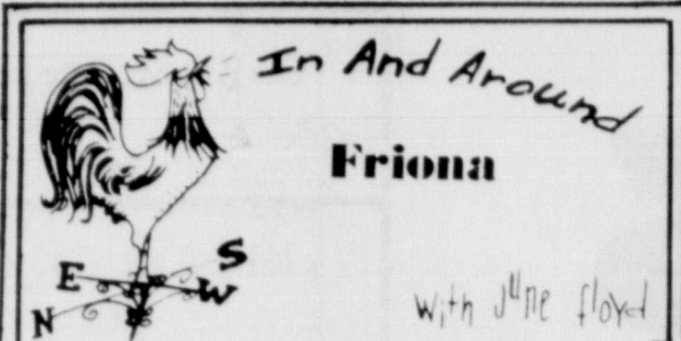

She was sponsored for Miss

Playmate by Pi Kappa Alpha, social fraternity.

Miss Burleson is a 1963 graduate of Friona High School, was Maize Days Queen in 1961 and

Deaf Smith County Rural Electric Queen in 1962. In high school she was a member of the Squaws and was an all state guard in 1963.

Mr. and Mrs. Miles Robbins of Blunt, South Dakota are visiting in the home of Mr. and Mrs. J. W. Baxter. Mrs. Robbins is a daughter of the couple and she and her husband are former Friona residents.

It seems that almost invariably we have snow the first week in February. Since it has been so long since we have had any kind of moisture, most of us are glad to see our annual white cover. Farmers who are at home right now are enjoying having a few days when it is literally "too wet to plow."

Jack Tomlin and a large number of farmers in the area are fishing way down south and may not even know it has snowed up here. I'm wondering if they deliberately planned the fishing trip to coincide with our usual snow-time weather.

Probably newspaper people are more conscious of misspelled words, poorly constructed sentences and other grammatical errors than people in any other profession except that of teaching English.

When I was in high school, I was real glad when teachers chose to give true and false tests or multiple choice tests. Now I'm not so fond of them. High school graduates would be much more capable of expressing their ideas if they were required to answer every question on every test with a complete sentence.

The following article is probably an over-exaggeration, but it has a point. It came to my desk in a round about way from Pasadena City College and is entitled "Letter from a triple-test grammarian."

It goes like this:

Lazbuddie Church To Hold Gospel Meeting

C. L. Kay of Lubbock will be the guest speaker at the Gospel Meeting at the Church of Christ at Lazbuddie which will be conducted February 14-21.

Weekday services will be held twice daily, at 8:30 a.m. and 7:30 p.m. Sunday services are held at 11 a.m. and 6 p.m., with Bible classes beginning at 10 a.m. on Sunday.

In 1961 and 1962, Mr. Kay

was awarded the George Washington Medal of Honor, presented by the Freedoms Foundation at Valley Forge.

"His greatest desire in life is to serve Christ as a faithful servant. His greatest message is the freedom found in the cross of Christ," states Gailther Vandiver, local minister at the Lazbuddie church, who invites the public to attend the meetings.

Lazbuddie Resident Buried Saturday

Funeral services for Mrs. Lula Webb, 81, mother of Mrs. Marvin Mimms of Lazbuddie were conducted in the Emma Church of Christ at Ralls Saturday, Feb. 6.

Mrs. Webb, who had made her home with Mr. and Mrs. Mimms about 2 1/2 years, died at her home Thursday evening.

Survivors include two other daughters, Mrs. Isla Robertson, Lubbock, and Mrs. Arlene Ihnfeldt, Colorado Springs; one brother, Emery Wilson and one sister, Mrs. Cloia Baker, both of Itasca, Texas; nine grandchildren and 20 great-grand-

children. Pallbearers were John Hays and John Blackburn, Friona; J. L. Ivy, Harvey Blackstone, G. W. Mimms and Dalton Mimms, Lazbuddie; and Dewey Wells Jr. and L. L. McDermott, Ralls.

Mr. and Mrs. Marvin Mimms are former Friona residents and Mrs. Webb was a frequent visitor in their home when they lived here.

Burial was in Ralls cemetery.

FRIONA WON Friona - Olton Games Had Championship Air

Even though both were playing second-division teams, there was a championship air about both the Friona High School Chieftains' and Squaws' games at Olton last Friday. Perhaps it was because both teams used the games to clinch their respective district championships.

The Squaws had the most trouble, as was anticipated. The Olton girls, although holding just two district wins prior to the game, had downed Floydada on the Whirlettes' court the Tuesday after Floydada had upended the Squaws.

The Squaws jumped into the lead, 3-0, and 5-1 early in the game. Olton rallied to tie the count at 5-5. Friona recaptured the lead at 7-5, only to have the "Fillies" rally to take an 8-7 lead with two minutes left in the first quarter.

Cindy Ingram's basket gave Friona a 9-8 lead. Olton made it 10-9, and Miss Ingram's lay-up made it 11-10. Friona. However, Olton's Sherry Caddell connected on a

set shot at the buzzer, was fouled, and her free throw gave Olton a 13-11 first quarter lead.

After Friona tied the score to start the second quarter, the Olton girls vaulted into their longest lead of the game at 19-15. The Squaws rallied to tie the score at 19-19, and by halftime had forged ahead, 24-22.

Janet Rushing, who had entered the game midway through the second quarter, started on offense in the third quarter, and she and Teto Jennings sparked the Squaws as they began to pull away.

With the team holding a six-point lead at 32-26, Linda Davis scored a lay-up, Miss Rushing scored two jump shots and Miss Jennings two hook shots to run Friona's lead after three quarters to a commanding 42-26.

The home team fought valiantly, but could trim Friona's final margin to only 13 points, 55-40.

The Chieftains, sensing their historic district championship,

spent a few tight minutes of the game getting warmed up. After three minutes of play, the team held a scant 4-2 lead over the Mustangs, winless in league play.

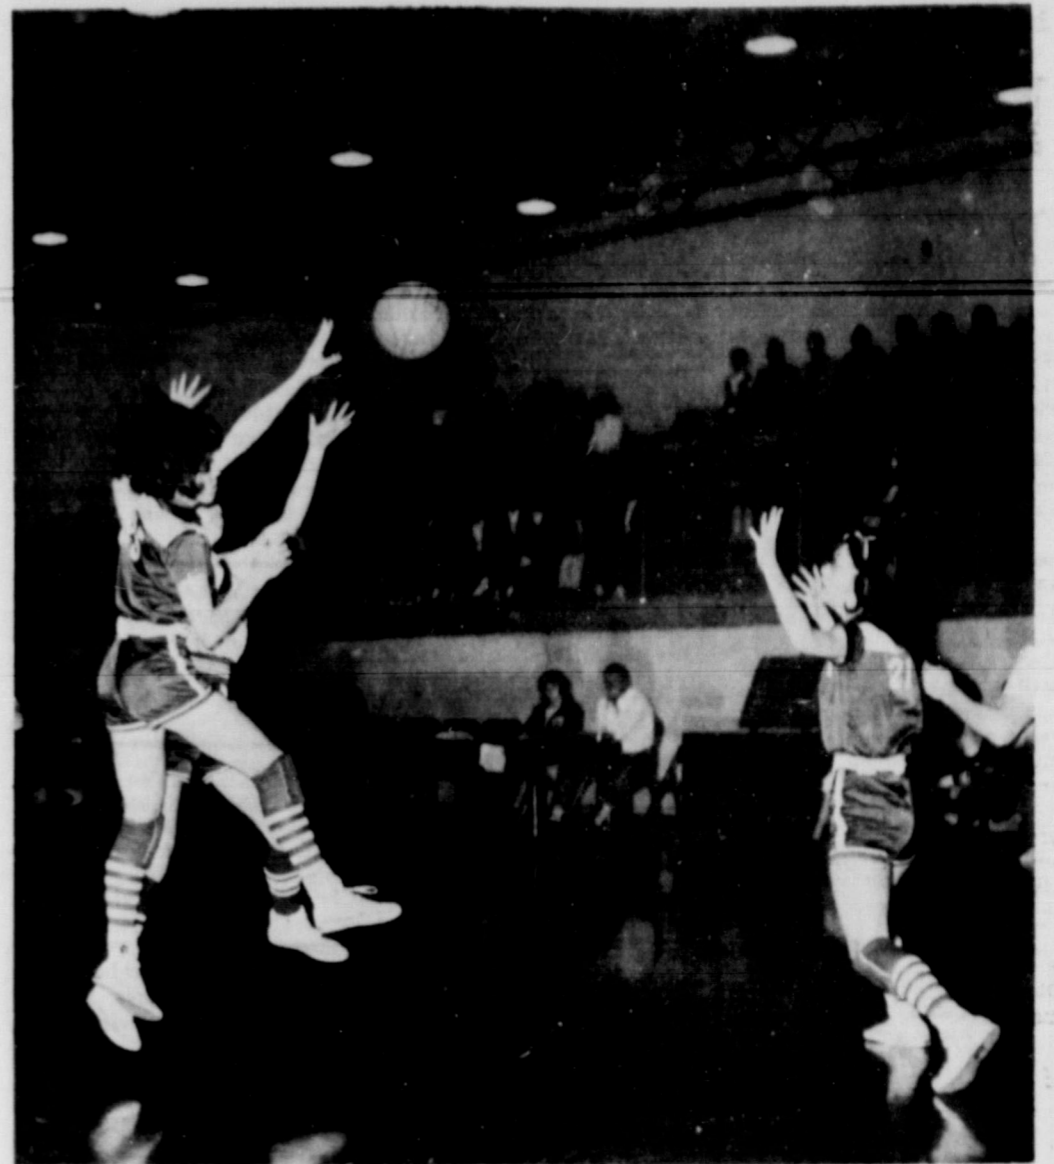

However, in a span of the next three minutes, Larry Buckley's tip-in, Ray Braxton's follow-up shot and Danny Murphree's jumper shot the Chieftains into a 10-2 advantage. It was 16-8 after the first quarter.

Friona had its slowest quarter the second eight minutes, and was matched point for point by the Mustangs, so that score at halftime was 26-18, in favor of the Chieftains.

Olton scored first in the third quarter, to cut the margin to six points, but Friona had other plans. Dale Milner rammed home a missed free shot, Murphree canned a jump shot, and Milner's three point play gave Friona a 33-22 lead three minutes deep in the third quarter.

Continuing the onslaught, Larry Buckley stole a pass and drove the length of the court for a lay-in to give Friona a 41-27 lead. It was 41-29 after three quarters.

Fans knew as the final quarter started it was all over but the shouting. The Friona lead was increased steadily until with 3:11 left in the game it stood at 20 points, 54-34, and Coach Anglin began to insert reserves.

FRIONA CONTROLS... Glenda McClellan, left, goes high in the air to tip the ball over to Shirley Phipps, right, in Friona's game at Olton Friday night. The Squaws' win, combined with Dimmitt's loss to Floydada, gave the Squaws the district Championship that night.

BUT SQUAWS WIN

Dimmitt Snaps Chiefs' 17-Game Win Streak

With nothing at stake except pride, the Chieftains and Squaws split their final district games at Dimmitt Tuesday night, the Squaws winning by 48-41, and the Chieftains absorbing a 63-55 loss, snapping their 17-game winning streak.

The Chiefs had not lost a game since last December 10, almost two months previously, when Adrian took a 59-51 overtime win over Friona in the opening round of the Happy Invitational tournament.

The loss to Adrian, which came with two usual starters missing, made the teams record even at 3-3. Since then the Chieftains had stacked up possibly the longest winning streak for boys in the school's history, and were 20-3 prior to Tuesday's loss.

The Squaws made their season record 22-4 by downing Dimmitt's Bobbies in their final district contest, finishing with

a 9-1 district mark, same as the Chieftains.

It was an uphill battle for the Friona girls for the first half, but they got red-hot and hard to handle during the final two quarters, and won going away.

Neither team had much of a lead in the first half, Dimmitt had a three-point lead only to have the Squaws come back to tie the score at 11-all after a quarter. Dimmitt was able to regain its three-point advantage which it enjoyed at halftime, 22-19.

Friona looked like the district champs in the third quarter. They caught up and took the lead in less than two minutes of play, and Dimmitt was never ahead after that. Teto Jennings and Janet Rushing scored all 12 of Friona's points in the quarter. The Squaw guards (Glenia McClellan, Merylene Massie and Shirley Phipps) held Dimmitt to just four points.

Miss Massie, who fouled out in the third quarter, held Dimmitt's high-scoring Linda McColum to just 10 points in the first three quarters. The Bobbies' ace came on to score 13 points in the last quarter to capture game honors.

The Chiefs evidently weren't "up" for their game after having clinched the district title at an early date. The Chiefs grabbed an early lead, and had it by seven points at the end of the first quarter, 14-7.

Dimmitt edged into a half-time lead of 24-22, hitting a shot in the last few seconds of the half.

The Chiefs, who weren't playing defense as they have been, fell behind by 11 points in the third quarter. They cut the margin to eight after three periods, 40-32.

Friona made a determined bid in the fourth quarter to pull the game out of the fire, com-

ing to within two points of the Bobcats. However, Dimmitt responded and regained its comfortable lead, going on to win by eight points.

UNDER "COUNTY" SYSTEM

Former Chieftain Teams Also Gained Playoffs

As far as can be determined, the 1964 - 65 Chieftains are the first boys basketball team to win a district title since the sport has been played on a "classification" basis toward a state championship.

However, it can't actually be considered a "first," since several FHS teams back in the 1930s played for the district title, and at least two won it under the old "no classification" setup.

In the 1930s and early 1940s, the Chieftains participated in a county round-robin, which was actually their lowest state championship division, and might be considered as a parallel to today's district alignment, since the teams com-

peted against four others for the title.

The Chiefs won at least four county championships between the years of 1933 and 1941. On at least two of these occasions, the team advanced to a higher "district" tournament, and won that playoff.

The 1932-33 team, composed of starters Clifford Crow, Arthur Drake, Roy Johnson, Conway Frost, and Wilbur Mead, and coached by Bill Stevens, won the county title, then took the district crown. It was defeated in a best-of-three series by Quitaque for bi-district honors. Crow and Drake still are Friona residents.

In 1935-36, the Chiefs swept to their third county championship in four years, and

went to the district tournament at Canyon. There they won over Dalhart, Stratford and the Amarillo Sandies to advance to a regional tournament at Plainview. Here they finally were eliminated when they couldn't get past a strong Pampa team.

Members of the 1935-36 team included Harry Gowers, Price Brookfield, Kenneth Houlette, Eugene Dixon, O.D. McLellan, Carl Schlenker and Eugene Bandy. Coach was Milton (Buff) Morris.

Again in 1940-41 the Chiefs were county champs. They beat Dumas and Canyon at the district meet, before falling to Dalhart, 36-34 in the semifinals.

Beginning with the 1941-42 season, the team competed each

year in a "District 1 - A" tournament, marking the first grouping of schools according to enrollment. It was from this beginning that our present district alignments evolved.

However, since the team began playing under classification alignments, it had not won a district championship until this year's team turned the trick.

Calvary Group Plans Revival

Plans have been completed by Calvary Young People for a youth revival to begin Friday evening and run through Sunday. First event of the revival will be a sweetheart banquet at the school cafeteria Friday evening.

Guest speaker will be Fred Sparkman, a student of Wayland Baptist College. Dennis Howell, president of Calvary Young People, will serve as youth preacher and invites everyone in the area to attend any or all of the services.

MILK HOMOGENIZATION. More than 75 percent of milk going to consumers is homogenized. Gone is the cream-line which for many years was the measure for richness of milk. But, homogenization hasn't taken anything away from the value of milk as a food. The process is a simple one. Milk, at 145 degrees Fahrenheit, is forced under high pressure through a restricted opening against a flat surface. The impact of the fat globules against the flat surface, plus the shearing effect of a great change in pressure, causes the globules to break up into smaller ones. Homogenized milk tastes richer. This is because the surface area of the fat has been increased five times over that of the original fat globules surface. The milk has a richer color because it is more densely white due to the increase in the number and area of suspended fat particles capable of reflecting and scattering light. Homogenized milk fat is more easily digested to the digestive process. Most homogenized milk contains between three and one-quarter and three and one-half percent fat. This is a very small percentage of fat when compared with many foods. The homogenization process does nothing to the nutritive value of milk, except make it easier to digest. Milk continues to be nature's most nearly perfect food and you never outgrow a need for it.

ANSWER: REGULAR CARE OF CERAMIC WALLS. Ceramic tile walls around the bathtub and in the shower acquire a film from soap residue, body oil and the minerals in hard water. If a solution of baking soda or detergent and water does not clean effectively, water softener may help dissolve the film. Using a sponge, rub the tile with a solution of 1 cup of water softener (Calgon or other) mixed with one-half pail of water. Rinse the surface, then wipe it with a soft, dry cloth, preferably before the tile has a chance to dry. For protection against film (or water spotting) apply a thin coat of cream wax.

SPECIAL TREATMENT FOR TILE WALLS. If the above cleaning method is not effective combine 1/2 cup of water softener with several tablespoons of mild abrasive household cleanser (such as Bon Ami). Add about 1 cup of hot water. Mix this solution and with a stiff nylon brush, scrub the tile well. Nylon bristles do not soften when wet. For a more thorough treatment, scrub tile walls with moistened fine (3/0) steelwool or fine steelwool soap pad. When the tile is clean, rinse and dry. Then apply a coat of cream wax for easier maintenance.

QUESTION OF THE WEEK. Will you please give information on Cleaning bathroom shower tile? Mr. and Mrs. E. E. Sparkman spent the weekend visiting in the home of Mr. and Mrs. Troy Kemp and children in Lubbock. Mrs. Kemp is a daughter of the couple.
