LISTEN TO LUKE

By Albert:---

It may be that we have not received as much rain as we would like to have because the omnipotent God knows that we do not have one single dam on Sanderson Canyon to slow the flow of water.

It may be that what we call a drought is a blessing!

It may be that we do not always really want what we ask for, nor do we know what we really want.

It is in this tone that we remind those who are asking for an immediate and complete withdrawal of troops from Vietnam - are we willing to take the blame, then, as a nation, to whatever happens to the South Vietnamese?

To every decision we make there is a consequence!

Just about the time that we wrote the piece about enjoying the chance of getting to write about the society happenings, we got in trouble and now it has become a chore to do. And we got in trouble real close to home, too! The difficulty was in omitting the name of Mrs. E. E. Harkins Jr. from the list of hostesses for a gift tea at our own house. We erroneously used the name of Mrs. Clyde Higgins in the list.

The trouble did not come from Doris, who was most gracious in excusing us for the error, it was from WW who left the list of hostesses under the powder box on the vanity in the little-used guest room and who just "knew" I would look there for it! But all of that even worked out well, because it gave me a chance to apologize and then we kissed and made up! She said she forgot to give me the list because she was called about an hour before the party to take mother to the hospital, following the ambulance when dad had his heart attack, leaving her shower in the hands of the co-hostesses, who by the way, very capably and wonderfully took over.

After we fussed about the re-districting by the Texas House last week, there was a still further explosion in their actions. Their jerrimanderings put Midland County in three separate districts, and another action ran a corridor from Denton down between Fort Worth and Dallas.

Why should we care? That's not the question! Why should they do that? That is what every voter in the state should be asking!

The summer activity of travelers through here has picked up, and we can't help but notice that there are so many of the vehicles now that are pulling a trailer with a boat. Time was, not so long ago, when a boat going through Sanderson was an oddity. Not any more!

We have gotten wonderful cooperation from our subscribers in our efforts to adjust the expiration dates. We couldn't see why it mattered

... three local youths at Boys' State this week

The thirty-first annual American Legion Boys State sponsored by the Department of Texas and held on the Campus of the University of Texas, got under way Saturday as 840 high school boys from all parts of Texas, and two from Mexico, began registration.

Among those registering from Sanderson were Steve Litton, Ronnie Stewart, and Randy Louwien, who were sponsored by the Clarence Hallie Mulkey American Legion Post.

Following registration, each citizen was assigned to one of two political parties - the Nationalist or Federalist. Each citizen then functions as a member of his party, he attends its precinct, county and state conventions and votes in its primary.

In Boys State, The American Legion provides the type of program where the young citizen has the opportunity to learn for himself that his government is just what he makes it. The boy "learns to do by doing."

The program takes an added significance this year as the vote is extended to 18 year olds. Most Boys Staters are in the 16 to 17 age category.

Highlight of Boys State will be a trip to the capitol of Friday morning where each elected Boys State Official will be given an opportunity to serve in his respective office for a day, followed by the Governor's Ball Friday evening.

Boys State enrollment this

year brings the total to 15,779 high school junior boys who have attended since 1940, when Boys State was first inaugurated in Texas.

Mrs. T. J. Stewart and Sheryl took the boys to Austin.

While the basic function of American Legion Boys State is to teach high school youngsters the basic principles of city, county, and state government, the program also includes athletic competition between the 840 Juniors in eighteen Boys State cities, according to E. B. (Tex) Hanna of Borger, Boys State Athletic Director.

Each city consisting of about 50-60 boys will elect a Recreation Director as one of its city officials and it will be his responsibility to organize a team to represent his city in such sports as touch football, softball, basketball, volleyball and tennis. In ad-

dition, other boys will participate in handball and ping-pong just for the fun of it.

The annual event is held on the Campus of the University of Texas in Austin each summer and this year's program will be held, June 5-12, 1971.

Hanna stated that each city team will participate until eliminated in competition and the final two teams in each sport will meet on Friday afternoon, June 11, for the championship.

According to Hanna, facilities for the recreational part of Boys State are made available by Coach Darrell Royal and his staff on the Campus of UT.

Recreation is an important aspect of Boys State. Ten or fifteen minutes of calisthenics help wake the boys up each morning before breakfast and that comes mighty early, especially with daylight saving time in effect at this time of year.

"In fact," Hanna said, "it is so early in the morning that it is necessary to turn on the lights of Freshman Field so we can see." He went on to state, "The boys grumble about having to get up so early and exercise, but actually once they get out there, I think they enjoy it and afterwards, they can sure put away the breakfast."

"After the boys have been in party meetings and listened to a lot of speeches all morning, they are ready to let off a little steam in the afternoons when the sports

Equalization of County, School Valuations June 24

The Board of Equalization for the Terrell County Independent School District has been named and the date for their meeting has been set at 2:00 p. m. on Thursday, June 24. The meeting will be in the county court room of the court house.

The Board of Equalization, named by the Board of Trustees of the Terrell County ISD, is composed of Dudley Harrison, Troy Druse, and Jack Hardgrave.

These men will consider the valuations placed on taxable property in an effort to equalize them.

The tax rate is set by the Board of Trustees.

Any person who feels that there is some inequality in the assessed value of his property for tax purposes is invited to have his complaint heard by the Board of Equalization.

The Terrell County Commissioners, F. M. Weigand, Austin Chriesman, Sid Harkins, and Clarence Chandler, are the members of the Board of Equalization for the county taxes and valuations and they will convene at 10:00 a. m. on June 24 at the court house to determine, fix, and equalize the value of any and all taxable property in the county for the purposes of taxes for 1971.

Any person having business with this group is urged to appear at the time and place designated on the proper day.

Major and Mrs. Duane N. Smith and four sons of Fort Leavenworth, Kansas, visited with Mr. and Mrs. Ervin Grigsby Sunday.

Mr. and Mrs. Hugh Cameron of San Antonio visited her father, O. J. Cresswell last weekend.

Refreshing in this kind of summer weather is the picture below of a snow in about 1924 at the R. N. Allen ranch north of Sanderson. Mr. Allen is pictured with his wife, at his left hand, and children, Anna Lee, Bob, David, and James. Don Allen loaned us the picture.

Rains Skip, Hit Over Wide Area

Light and heavy evasive and skipping rains have dotted the area during the recent week.

Heavy boiling thunderheads building up in the area have brought hopes and sometimes moisture to some ranches.

There was about a half-inch of rain fell in Sanderson early Sunday morning.

Blustering and gusty winds blew two successive nights last weekend causing some alarm but no known damage.

Fun Night At Rodeo Arena On Saturday

A night of fun for the kids of the area is planned by the Sanderson Rodeo Club for Saturday night. The events will get under way at 8:00 p. m.

There will be many events for which the contestants do not need a horse, such as ribbon roping, sack races, boot races, and hair pulling. There will also be some horseback events.

There will be three age groups: 9 and under, 10-14, and 15 and up.

The public and all kids of the area are urged to come out for participation and enjoying as a spectator.

to any reader when his expiration was, and the payments for renewals now are only for those months to June of 1972. If you haven't paid your renewal notice which was mailed recently, your paper will stop at expiration - the same as the "big city" papers and "metropolitan" magazines. Please help us keep you as a reader, we are very anxious to do so, but we have rules that we must follow.

We would like to have every household a reader of the paper, but we are not allowed to mail the papers under our second class permit unless they are paid subscribers. It's just that simple. Our mailing permit governs what we mail, how it is mailed, and we must give an accounting of how the permit is used. And the second class permit is not "second rate" in any sense of the word. It just means that we do not pay first class postage rates for mailing the paper.

We used to mail a "first notice", then a "second notice" and sometimes a "third notice" of expirations. But that was in the days of 3¢ stamps. At 8¢ a notice, now you only get one, and after we get everybody's expiration date on June 1st, you won't get any mailed notice, you will be advised in an advertisement of this fact in the paper - a general statement of expiration!

Boys' State-

continued from front page events take place," Hanna continued.

He also stated that plenty of top quality athletes are a part of Boys State each year. You should see some of those basketball players as well as touch football players. All-Staters are picked in each sport, and each of these boys usually winds up making All-State in his sport in high school the following senior year.

Hanna cautioned that it should be kept in mind that the sports aspect of Boys State is only incidental to the program and that the basic purpose of the program is to teach boys state government in a mythical 51st state in a "Learn by Doing" process.

New Amateur Ruling Sept. 1

The new amateur rule and the awards rule will not be effective until September 1 and students participating in rodeo events this summer should take notice of same. The old rule still stands and will stand until September 1.

The following notice was received from the University Interscholastic League director concerning amateurs.

"This is official notice that the change in the amateur and awards rules relative to participation in rodeo events will not be effective until September 1, 1971.

In other words, any pupil, 15 years of age or older, who accepts cash or valuable consideration prior to September 1, 1971, for participation in a rodeo event, will be ineligible to participate in athletics for the 1971-72 school year if proved before a proper committee.

"The same effective date and interpretation as above is true relative to officiating for cash or valuable consideration under the amateur rule.

"The widest possible dissemination of this information will be appreciated so as to avoid having any pupil lose eligibility through ignorance of this ruling."

Two other proposals would provide for increase in the salaries of legislators to \$8,400.00 and the lieutenant governor and House speaker to \$22,500.00. They are HJR 58 and HJR 59 respectively.

Other amendments that will be on the general election ballot in 1972 will be:

SJR 1: Providing four-year terms for the governor and other statewide officials that are now limited to two-year terms.

SJR 16: Guaranteeing that no rights will be abridged because of sex, race, color, creed, nor national origin.

SJR 7: Permitting local governments on popular vote to exempt \$3,000.00 of assessed value of resident homesteads of persons 65 or older from all ad valorem taxes.

HJR 68: Providing for advertising (twice) of proposed constitutional amendments in clear, concise language in all legal newspapers in Texas.

HJR 35: Authorizing a tax exemption for disabled veterans and a partial exemption for partially-disabled veterans.

HJR 57: Permitting county commissioners to reduce the county permanent school fund and provide for payment of money to independent and common school districts on a per-scholastic basis.

SJR 29: Providing that state employees can serve on non-paying school boards and city governing bodies without forfeiting state pay.

SJR 20: Exempting soil and water conservation district directors from dual office-holding prohibitions.

HJR 61: Relating to rates of interest to be borne by bonds.

HJR 41: Requiring that justices of the peace be compensated by salary.

HJR 31: Abolishing Lamar County hospital district.

Pinto 2-Door Sedan

Maverick 2-Door Sedan

\$1919*
Pinto 2 door
\$66* less than VW 113

The little carefree car. Pinto is sized small, like the economy import, but it's bigger on value. And price is only the beginning. Pinto calls for only half as many oil changes as VW. One-sixth the chassis lube. So easy to service that you can do most routine maintenance yourself. And Pinto is bigger on performance. It has a 75-hp engine that has averaged over 25 mpg in simulated city/suburban driving. Sports-car type rack-and-pinion steering. Wider stance and lower silhouette.

\$2175*
Maverick 2 door
\$176* less than Nova 2 door

The Simple Machine. Maverick's price makes it simpler to own than Nova. But that's not the only reason we call it the Simple Machine. Maverick's simple to drive and park because of its shorter wheelbase and smaller turning circle. Simple to service because it's been designed that way. Maverick offers a 4-door sedan for a low price of \$2235* (\$145** less than Nova 4 door). Or choose the sporty Grabber model. A choice of an economical V-8 and three thrifty Sixes.

*Ford's suggested retail price for Pinto and Maverick. However, the models shown are equipped with accent group (Pinto \$60; Maverick \$52) and white sidewall tires (\$29). Destination charges, dealer preparation charges (if any), state and local taxes are extra.

**Comparison based on manufacturers' suggested retail prices for closest comparable body styles of lowest priced models, comparably equipped.
