LISTEN TO LUKE

By Albert:--
 We have been getting a good response from our efforts to get all of our subscribers' expirations in June. And we appreciate the response.

The list of names that we published was in no way intended as a "dun". It was only to advise those subscribers of the date of the expiration of their subscriptions so that they would be able to continue their subscriptions.

There are several people who sent The Times to some friend or relative and it would be well to look over the list of names to see if that person's subscription expires during a given month. The names are published only to advise of the subscription expiration date.

We had some repercussions about the fact that "evidently the mosquitoes were born of the air" statement that we made last week. We not only were challenged as to the accuracy of that statement, but were challenged to publish the real cause of the mosquitoes — uncovered cess pools and/or septic tanks around town, and this includes those that have apparent holes from the top of the ground to the tank through which mosquitoes and odors escape continually!

OK, we accepted that much of the challenge!

Now the challenge is to those who have such a condition to take steps immediately to see that such a condition does not exist!

We would be naive enough to like to be able to think that surely no one would knowingly permit an opening into a cess pool or septic tank! And we will continue in that naivety for the time-being, at least.

We have heard some expressions recently that have made us feel much more pride in our town and conditions here. Those expressions have been of the "we should all be more concerned about what our little town looks like and what is or could be going on that would improve it in any way" type of comments. We think these are more "improvement inducing" remarks than some that we have heard, and we would like to hear more of them.

There is a group of adults that took up volleyball as a pastime and means of recreation many months ago. And they have been joined by a group of young people that have added to the fun — and made the competition very keen. Personally, we are glad to have them playing with us!

We can remember, with some difficulty, when we were growing up and how we "invented" sports activity that youngsters today know nothing about. Marbles and tops are almost a lost art, one-and-over is a forgotten game, rolling hoops with a T-stick, playing with old tires is a thing of the past, seldom does one see a rubber gun, no youngster now knows how to

Virginia Falcon was crowned Queen of St. James Festival at the Catholic Church's Parish Hall last Saturday night. The announcement was made by Rev. John Pierce, pastor, at the dance which culminated the day's activities. She is the daughter of Mr. and Mrs. Andres Falcon. The first runner-up was Estella Calzada, second runner-up was Linda Hagelgans, and the other contestants were Lali Luevano, Juanita Ybarra, and Dora Carrillo. Approximately \$3,000 was received by the church from the festival.

Students Must Get Immunizations

All parents and students are reminded of the new state law which requires immunization against certain diseases in order to enroll in school.

All students will be allowed to enter their respective school systems during the summer and fall terms this year with the provision that their immunizations against at least one of the six diseases has been started by January 1, 1972, and completed as soon as is medically feasible thereafter.

Immunization schedules according to grade or age groupings include:

Kindergarten through fifth grade, Polio (at least three oral doses of vaccine), diphtheria-tetanus (minimum of three doses with one being received since the fourth birthday), measles (one dose of vaccine), does not apply if child has had measles; rubella (one dose) not required past age 12, and smallpox (one vaccination) within past 10 years.

In children enrolling in grades 6 through 12, the same inoculations are required as for the younger group with the exception of measles.

Students enrolling in college will need a booster D/T provided they have had the initial three doses when younger, and a smallpox vaccination within the past 10 years.

Schools will be required to maintain records of the immunization status of individual students.

Federal Help Available For Area Ranchers

Terrell County ranchmen are advised that the federal government is making available to residents of the Southwest many types of assistance to help through the drought and its aftermath.

The programs available are: Agricultural assistance loans from the Farmers Home Administration; business economic injury loans from Small Business Administration; cattle feed at a reduced rate from A. S. C. S.; food, County Welfare Office; hay transportation assistance from the A. S. C. S.; income tax advice and assistance from the U. S. Internal Revenue Service.

Scattered Rains Come To This Area

Rains came to Terrell County Sunday morning and again on Monday afternoon and at this writing on Tuesday there was a light shower falling with indications of more moisture.

Heavy clouds were present in Sanderson during the past several days and seemingly offering prospects for much more rain than the gauges indicated.

Up to two inches of rain was reported south of Sanderson on Monday afternoon.

There was almost an inch of rain reported from the northern part of the county Sunday. And the rain Monday also put additional moisture on some of the land north of town.

The rainfall here Sunday was said to be .43-inch, and .25-inch Monday.

There was also some rainfall to the west of Sanderson both Sunday and Monday.

All reports received by The Times indicated extremely scattered showers.

Malathion Sprayed On Dump Ground

A 5% solution of Malathion was used to spray the dump ground Monday, according to Dr. A. N. Clanton, county health officer, who said that there were many, many containers there that could be breeding places for mosquitoes. He said that the measure was an effort to prevent or counter the possible spread of Venequelan Equine Encephalomyelitis. It is also good to help control the fly condition, a good source of the spread of many diseases, he stated.

Local and area residents are warned to look around their property and try to eliminate all possible sources of mosquito-sustaining causes, Dr. Clanton stated.

New Arrivals . . .

To Mr. and Mrs. Jack Cosby was born their third child and daughter in a Fort Stockton hospital on Monday, July 19. Her birth weight was seven pounds and three ounces and her name is Amy Beth.

SISTER-IN-LAW OF MRS. JIM KERR DIES

Mr. and Mrs. R. S. Wilkinson took Mrs. Jim Kerr to Uvalde Saturday and her grandchildren, Ann and John Kerr, met her there for the trip on to San Antonio.

Mrs. Kerr's sister-in-law, Mrs. Henry Tarrillion of San Antonio, the wife of her only brother, died Thursday night following a heart attack. Burial was in that city Monday and Mrs. Kerr has remained for a longer visit with relatives there.

S/4 J. W. SANDERS RE-UPS

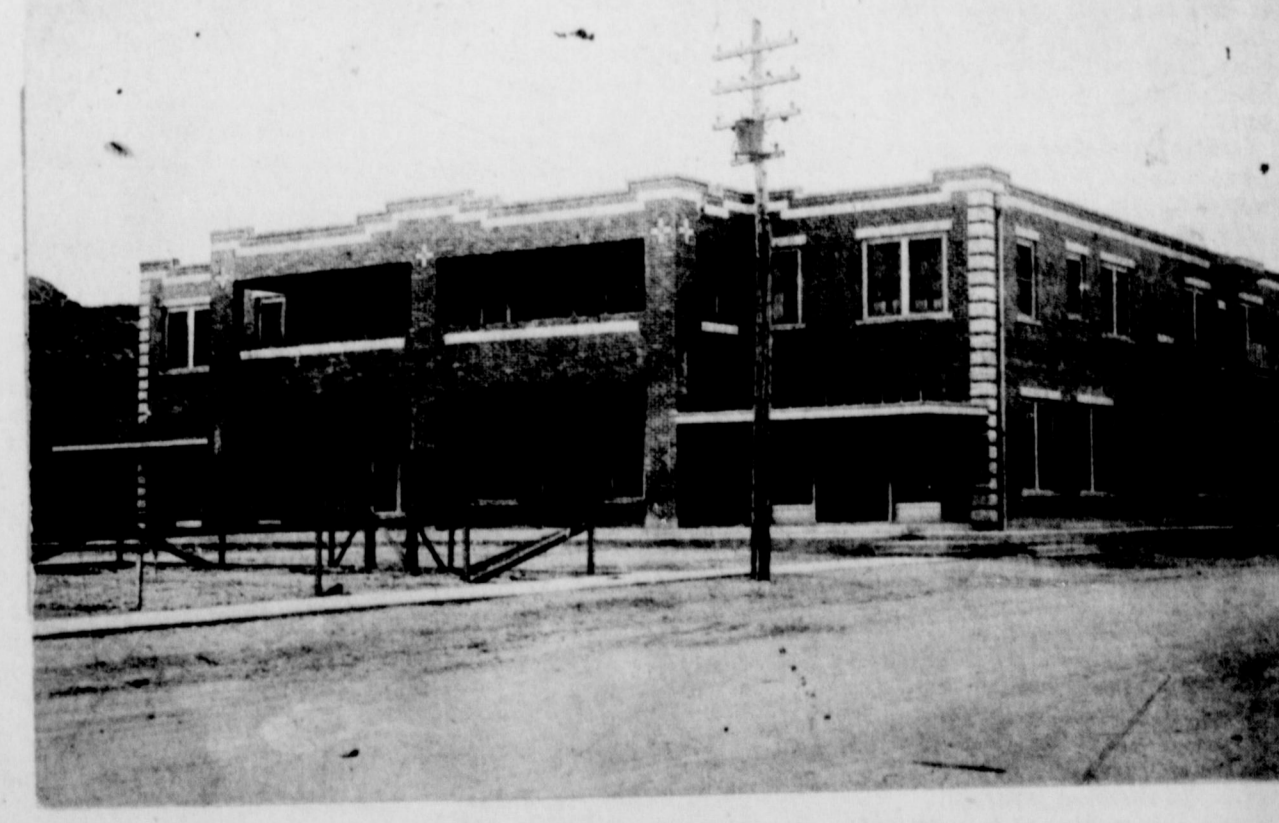

Spec. 4 James W. Sanders Jr. of the U. S. Army Security Agency Field Station, Soba, Okinawa, re-enlisted for six years on July 1.

He is the son of Mr. and Mrs. J. W. Sanders of Sanderson.

Mr. and Mrs. J. T. Williams took their grandchildren, Debbie and Jay Robinson, home to San Antonio last weekend.

Office Supplies at The Times

The Kerr Hotel soon after its completion in the early 1920s is pictured below. The sign at the far left over the awning locates the Sanderson Post Office and the sign in what was the barber shop window tells of a circus coming to town. Notice the balcony on the east side second story. The fenced area in front of the hotel was later made into a park, hedge-lined, tree-shaded, and grass-covered. The picture was loaned by Mrs. Earl Stirman of Midland.

Delinquent Tax Fee Is Upped

The fee for delinquent taxes will be upped \$1 as a result of legislation passed recently and effective September 1, 1971.

The Bill creates a Legislative Property Tax Committee of five members, to make a thorough inquiry into the entire process of ad valorem taxation in Texas and to recommend to the legislature such changes, modifications, and additions to the laws as the committee may deem necessary and proper. The operation of the committee is to be funded by imposing a fee of one dollar on each delinquent tax receipt. There is now a \$1 charge on redemption certificates, which covers delinquent property taxes. In other words you will be paying \$2 extra plus your penalty and interest, according to information received from Mrs. A. J. Hahn, deputy tax assessor-collector.

The Attorney General of Texas will make a ruling before February 1, 1972, if this will also effect the current tax receipts issued during the months of February through June.

Tony Rangel, who is employed in Houston, was a weekend visitor here with his wife.

One of the reasons for all of these things being only in the past, is that we did not take time and effort to pass them on to the next generation. We gave them money to go to the show, or bought some other entertainment for them instead, or ignored them.

These young people who have been playing volleyball with us are there usually before the adults, and often they stay longer, continuing their exercise and recreation. We are glad to see the initiative expressed and their choice of activity that is good in more ways than one!

PURELY LOCAL

Mr. and Mrs. Ray Fitzgerald and children of Marfa, former residents, are visiting here with friends this week. They are on vacation and have been to San Antonio and other points.

Dr. and Mrs. Fred Willard and sons, Will and Benton, are leaving Friday from San Antonio by plane on a trip which will take them to Twangju, Korea, a city of 250,000, going there by train from Seoul, where he will serve one year as a dental missionary. He is sponsored by the World Board of Missions of the Southern Presbyterian Church.

It all started in April at a family-night supper at the Presbyterian Church of which they are members in New Braunfels. Dr. Willard inquired if there were some mission of the Presbyterian Church that could use his services for a month or two during the summer. By return mail there came a reply from the Board that there was a desperate need of a dental missionary in Korea for a year as the regular dental missionary was coming home on leave and they had no one to send in his place.

The Willards will live in the house which has been occupied by the regular dental missionary and he will work in the mission clinic and part of his time will be devoted to training Korean dental interns. The boys will attend the mission school and Mrs. Willard will do some teaching and hospital clerical work.

Except for their housing, which is provided, the Willards will pay for their own living expenses. As a volunteer, he will receive about one-fourth the salary of a regular missionary which will cover their transportation costs.

A New Braunfels dentist will conduct Dr. Willard's practice in his office during his year's absence. Mrs. Willard is the former Colleen Pierson, youngest daughter of Mr. and Mrs. E. F. Pierson. She is president-elect of the Women of the Church in New Braunfels and he has served both as deacon and ruling elder.

Mrs. Dennis Ray Phillips
... wed June 26 in Houston

Miss Mary Kathryn Corbin and Dennis Ray Phillips were united in marriage on Saturday, June 26, in the Memorial Drive United Methodist Church in Houston. Rev. Bill Weir and Rev. Robert Ernest officiated at the double-ring candlelight ceremony at 8:00 p.m.

The bride is the daughter of Mr. and Mrs. Harold W. Corbin of Houston. The bridegroom is the son of Raymond Phillips of Gallup, N. M., and Mrs. Patty Phillips of Sanderson who attended the wedding with her son, Kevin, and her daughter, Mrs. Mike Malone,

and baby of Gallup. Kevin was one of the groomsmen. Candelabras decorated with smilax and jade foliage, a large floral arrangement of white gladiolus and stock, and the altar candles provided decorations for the nuptial space.

Escorted to the altar by her father, the bride wore an heirloom gown of ivory satin combined with hand-made lace and first worn by her aunt, Miss Kathryn Corbin, in 1948. She also wore a lavalier belonging to her maternal grandmother and worn by other brides in the family.

A reception in the church parlor followed the wedding and Mrs. Malone was a member of the houseparty.

After a wedding trip to Galveston and Padre Island, the couple is at home in Houston where she teaches English in the North Forest ISD and the bridegroom teaches at the Houston Skill Center. A graduate of BelAir High School, El Paso, he attended Texas A&M University and Stephen F. Austin University where he received his degree in June. He is a 2nd lieutenant in the U. S. Army Reserve.
