## LISTEN TO LUKE

by Albert ---  
 We can remember only too well, as surely many others can remember, when there was an amount of vandalism locally that was more than enough to suit many of us. This "pranksterism" ranged from hanging effigies; shouting obscenities at night from a car as it sped by; detonation of loud explosives which broke windows, knocked pictures off the wall, completely shattered the nerve of neighbors, as well as disturbed otherwise peaceful nights; slashed tires; etc., etc. And all of this was at one house in town and aimed at harrasing one family. And it was done accompanying signs around town that stated simply: "ARO".

"AMO" appeared on one of the rock water tanks on the hill west of town the first of the week. It was in large letters of yellow paint. And on the other rock tank was the peace symbol in the same color and at the same time.

We don't know what "AMO" stands for, but the painting of public property comes under the heading of "defacing" as far as we are concerned; and the vandalism of destroying signs is an act of destruction of private property.

In remembering the earlier incidents, and noting the similarity of events, it is our opinion that parents and all citizens should be aware of the seriousness of a possible outbreak of this type of thing again! We thanked God after every explosion and after every other harrassment that someone was not killed as a result of this harrassment. We still marvel that someone was not killed. We would not have been surprised if someone had been killed, or seriously injured!

Let's all pledge our efforts to voice our opposition to such a possible outbreak so that whoever may have been involved in the recent paintings and sign vandalism will hear it stated plainly that the citizens of Sanderson do not want any more of this type of "fun".

Or maybe, it's just they way you look at it!

---  
 We received and are publishing this week the statement on the candidacy of Lee Dudley in the race for Commissioner of Precinct 1. His statement is the only one received. Whatever the reasons for not giving us a statement for publication at no cost to them are their reasons and we will not in any wise question them.

---  
 We wrote the lead to this column last week when it was fresh on our minds. Since then there were several who came in and told us of their unhappiness over their own signs having been destroyed and that other signs had also been needlessly destroyed. We hope that this concern grows and grows and grows so that the public's complete disapproval of these acts will be known to every ear in the county so that such vandalism will be a thing of the past.

The vandalism that occurred last week on signs both east and west of Sanderson is depicted in the two shots above. On the left is the Baptist Church sign which was east of town, up on a high hill overlooking the highway. At the right is shown the posts that held up the sign of Admiral's Steak House plainly showing axe marks on the 4x4 posts. Other signs east of town were damaged, including those of Sunset Siesta Motel and Clayton's Mobil. West of town the sign belonging to the Baptist Church, Admiral's Steak House, and Bradley's Drive-in were destroyed. Fire was involved in some of the destruction of signs west of town.

## Easter Seal Appeal To Begin Monday

The 1972 Easter Seal Appeal will open in Terrell County on Monday, February 28, according to Charles Riggins, who serves as Easter Seal Representative for the county.

As Easter Seal Representative, Riggins is the person to contact to request rehabilitation services from the Easter Seal Society for Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing programs and special information services to help solve the many problems faced by the families of handicapped children and adults.

Last year over 22,000 handicapped people received help from the Texas Easter Seal Society. With the costs of providing expert professional care rising, more money than ever will be needed.

Funds help support 19 centers in Texas, where crippled children and adults are treated, regardless of their ability to pay. Walkers, wheelchairs, and related services are provided to those who cannot provide for themselves.

## WORLD DAY OF PRAYER TO BE OBSERVED MARCH 3

World Day of Prayer will be observed on Friday, March 3, with a service in the Presbyterian Church at 10:00 o'clock in the morning. All of the women of the community are invited to attend the service.

"All Joy Be Yours" will be the subject of the program prepared by Christian women in 10 countries of Eastern and Western Europe.

Mr. and Mrs. Worth Odom made a business trip to San Angelo Wednesday.

## All-Zone Cagers Named Recently

The all-zone basketballers were named at a meeting of the coaches in Iraan Wednesday of last week.

Ike Billings and Randy Louwien made the all-zone list in the voting for boys, with honorable mention going to Pat Mott, Blain Chriesman, and Bill Mott.

For the girls unit, Peggy Louwien of Sanderson was a forward, with Jackie Bob Riggs the defensive team selection. Honorable mention forwards included Sheryl Stewart and Alice Goldwire the guard.

Iraan girls, who won their zone title, placed two forwards, and two guards on the first team, Rankin had one each. Iraan had no honorable mention forwards, Rankin one; and Rankin and Iraan each had an honorable mention guard.

Iraan had one boy on the all-zone team, and Rankin had two. On honorable mention, Iraan had three and Rankin one.

## Maggie Bustos, 74, Dies In San Antonio

Word was received last week of the death of Margarito G. Bustos, 74, a former resident of Sanderson, in San Antonio. His death was February 3 and funeral services were February 6, from "El Divino Salvador" United Methodist Church.

He is survived by three daughters, Mrs. Emma Rodriguez, Mrs. Valentina Ochoa, and Minerva Villanueva; three sons, Rev. Margarito Bustos Jr., Rev. Mario Bustos, and Rodolfo Bustos; 20 grandchildren, and seven great-grandchildren.

Mrs. Austin Nance went to Midland Wednesday to visit with her daughter, Mrs. David Kleinbeck, and family and to have dental work.

## Cancer Van Here, Hits Smoking

The newest "cancer fighter" in town has arrived for the citizens of Terrell County to visit this week, Mrs. Web Townsend, chairman of the Terrell County Unit of the American Cancer Society announced this week. The Cancer Mobile Exhibit Van has arrived to display the relationship of cigarette smoking to cancer. It was brought from Fort Stockton by Mrs. James Wood.

The truck has been located at the three schools and various points in town where local people may view the contents. Volunteers of the American Cancer Society are manning the unit.

The truck contains a two-minute slide presentation called "To Smoke or Not to Smoke" and also features a series of color reproductions of photomicrographs made by a pathologist showing cancer cells in various stages of growth. A continuous tape transcription explains the photos, comparing cancerous tissue to normal tissue and pointing out the relationship of cancer's warning signals to growths in various parts of the body.

ACS scientists believe that cigarette smoking constitutes one of the most urgent health hazards in America today and over 4,500 young people a day become regular smokers...and since 140 people a day are dying of lung cancer (10 times the rate of only 30 years ago), the epidemic of lung cancer must be faced squarely through hard-hitting public education.

This unique exhibit is an attempt to better inform the people of the area about the hazards of smoking and the importance of the annual health check-up.

Everyone is urged to visit the display during its time here.

## RR Terminal Here To Stay, Men Feel

Local officials of the United Transportation Union feel that the recent operational changes by the Southern Pacific Railroad in running through Del Rio and Valentine make for the certainty of Sanderson as a terminal for an indefinite period.

The opinion was expressed this week as preparations were being made to attend meetings in Houston where final plans were to be made to initiate the new working procedures.

It was stated that local employees felt confident that the changes would make for a better job than they now had, and that once the longer runs were being made and the trainmen grew accustomed to them, that they would have a better job than they now had.

The men also were agreed that the "settlement" of the location of terminal facilities in Sanderson would mean a lot to the employees and their attitude toward Sanderson as their home.

Mrs. Graham Childress of Dryden was a medical patient in the Iraan hospital last week.

Mr. and Mrs. Wayne Mitchell went to Big Spring Saturday for their daughter, Valerie, to have a medical check-up by her pediatrician. She was admitted to a hospital for treatment of pneumonia and Mrs. Mitchell remained with her.

**Lee Dudley Tells Reasons for Race**

The following statement was submitted by Lee Dudley, candidate for County Commissioner of Precinct 1. His was the only statement submitted.

"To the voters of Precinct 1 in Terrell County:

"I am in the race for Commissioner of Precinct 1 because I am interested in Terrell County and Precinct 1. I was also approached by friends to seek the office and feel that I am fulfilling a dual obligation -- the chance to serve all the people of the county and also to work for Precinct 1 where I have lived and voted since September of 1946.

"I feel that I can, and will promise to try to represent Precinct 1 in the activities as Commissioner in a way that the voters are due representation and will attend every meeting of the court when not provisionally hindered.

"I certainly support the recent efforts to systematically improve trash disposal and the condition of Sanderson's streets and drainage ditches. I would pledge my efforts to try to continue these projects, but I feel that there are other duties, also, which are of prime im-

portance, and intend to work to fulfill all my duties if I am elected as your County Commissioner.

"Because of the many and widespread duties of a County Commissioner, I cannot go into detail on all I will do, but I promise my best efforts to work in every way for the improvement of Precinct 1 and Terrell County if I am given the privilege and obligation to represent you.

"I will appreciate your support and will try not to betray your trust if I am elected.

"Sincerely,  
"Lee Dudley."
