## LISTEN TO LUKE

By Albert: ---  
 Many local people are wondering how to get on the "preferred" list of those who are able to get fresh produce and fruit from train wrecks. Some were allowed to loot unmolested, some were given produce, and others had produce taken away from them, or were prevented from going over to the wreck, or were told to leave the area between the highway and the fence north of the railroad track, according to information seen and heard.

---  
 Women's lib might have taken a turn for greater success last week. In Belfast, the Catholic women told the IRA to stop the senseless killing or they were going to take some action. We are in absolute agreement that that tragic situation has to be settled from within, and we hope it is settled soon, and if the women make up their minds to get it settled, it just might get done!

We have long been an advocate of the nations' leaders settling their differences personally, and if the Irish Catholic women are directly responsible for the settling of all of that turmoil in that country, then it would bolster our beliefs that maybe our nations' leaders should be women. Certainly, there is lot to be said in condemnation -- and praise -- about what the men have done in centuries past!

Oooops, sorry! Here on the eve of the Democratic run-off for governor where a woman is involved, we did not intend any political speech there. We are still talking about the nations' leaders. We haven't gotten women in control there, yet!

---  
 We continue to read in area daily newspapers, in magazines, hear on TV, etc., etc., about the hassle over legalizing marihuana, pros and cons about its harmful effects, addictiveness of the habit of smoking it, and on and on and on!

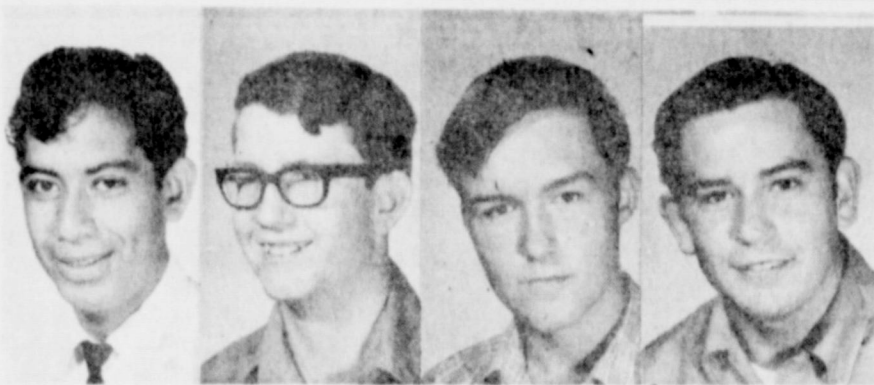

It seems that there could have been before now some concrete evidence on one side or the other to substantiate or deny its harmfulness. We read now about opinions, and there are plenty of them, but they are all opinions, so it seems.

And as long as it is left to opinions, there is no telling what will be done with it!

Opinions have given us the ban against television advertising of cigarettes. It's all right to advertise small cigars, big cigars, sexy cigars, manly cigars, feminine cigars -- but not cigarettes. There is no ban against advertising cigarettes in newspapers or billboards, or magazines.

Only on television. Some scientific data is available, if you are anxious to believe it, that cigarettes may be harmful -- they even have to so state on the

## Four Local Boys' Staters This Year

Four high school boys will represent Sanderson at the 1972 session of Texas American Legion Boys State, Commander J. A. Mansfield of the Clarence Hallie Mulkey Post 160 here announced this week.

Named to participate in the annual American Legion workshop in the organization and operation of state and local governments are Juan Lomas, son of Mr. and Mrs. Jesse Lomas; Hudson Kerr, son of Mr. and Mrs. Edward

Kerr; Skipper Harris, son of Mr. and Mrs. Pat Harris Jr.; and Roger Sanchez, son of Mrs. Tony Romo.

During their sessions, the young men will participate in the organization of political parties, campaigns, elections, and the enactment and enforcement of their own laws within a mythical state.

"As one of the Legion's outstanding youth-training programs, Boys State affords these youngsters an opportunity to learn the functions of

government," Commander Mansfield said.

"Also, they will see the importance of the role a good citizen has in discharging his citizenship responsibilities. They soon discover how good government depends upon the active interest of every citizen."

On behalf of Post No. 160, Commander Mansfield expressed appreciation to the Sanderson Rotary Club for sponsoring one boy to Boys State this year through the American Legion.

## Graduation Week For 23 SHS Students

Graduation services for 27 Sanderson High School students began Sunday night with the Baccalaureate service in the high school auditorium.

The program included the invocation by Rev. E.H. Carson, pastor of the First Baptist Church, the congregational singing of "Holy, Holy, Holy", after which Rev. M.A. Walker, pastor of the First United Methodist Church, recited the scripture which was James 3:13-17. "Father Almighty" was sung before

the Baccalaureate sermon and a special arrangement of "Battle Hymn of the Republic" followed the sermon, both by the high school choir directed by Mrs. John Whistler. Rev. John Pierce, pastor of St. James Catholic Church, gave the benediction. Mrs. R.S. Wilkinson played piano accompaniment for both the processional and recessional.

Rev. Walker, in his sermon on "Living Enough" stressed the necessity of being "big enough to take advice, big enough to take discipline, and big enough to discipline ones-self".

Ushers for the service were Santiago Flores Jr., Jesse Calzada, Hudson Kerr, Nelson Cooke, Adelina Casillas, Veronica Calzada, Susi Robbins, and Sheryl Stewart.

The graduation program on Tuesday night was also in the high school. Following the

## Rainfall Here During Last Week

Sanderson had almost one inch of rainfall Friday of last week with some light hail accompanying the high wind. There were reports of heavier rains southwest of Sanderson and some wind damage to a barn and trees on the Janice ranch, the former Cliff Roark ranch.

Another rain came locally about 9:00 p.m. Sunday night leaving about .75-inch in local gauges. There was no hail or high winds with the rain Sunday night, but extensive lightning.

Most of the rains received in the country during May have been thundershowers, spotted, and of short duration, but dumping near and upwards of one inch of moisture in the heart of the downpour.

A slow-falling rain began early Tuesday morning and lasted until noon. There was no run-off from the rains, except on pavement, and everything received a good soaking. The rainfall measured about .30-inch in several local gauges.

At noon Tuesday there had been 45 absentee ballots cast for the run-off primary in the Democratic Party, according to Mrs. L.G. Hinkle, deputy county clerk.

Mr. and Mrs. Ray Clifford spent the weekend in Kerrville with her parents.

## Run-Off Primary To Be Saturday; Voting Here Only

Saturday is the day for the run-off primary in Texas and voting will be only at the courthouse in Sanderson with polls open between 8:00 a.m. and 7:00 p.m.

Several state-wide offices are to be decided in the run-off, the most important of which is for the Democratic nomination for governor of the state.

All eligible voters of the county are urged to go to the polls to express their choice in the number of races in which there is a run-off.

Mr. and Mrs. K.K. Robinson returned home last Thursday after a two-weeks' vacation trip to North Dakota and Colorado.

Many years ago there was an extensive farming enterprise on Independence Creek and the Pecos River in the eastern part of Terrell County by the Banner and Chandler ranches. The picture below shows hay being gathered on the Banner ranch in Geddis Canyon near its mouth on the Pecos River. What looks like a bumper crop of corn is seen in the background. The picture belongs to Mrs. Wilson Banner.

packaging. Here's the crux of the whole thing -- and what we've been getting to -- In some people's opinion, cooking in aluminum is detrimental to one who eats the food. It is also harmful in some people's opinion, to eat any vegetables or fruit not organically grown. It is harmful to one's health, by some people's opinions, to drink alcoholic beverages. Some would argue that sleep- ing less than eight hours per 24 is harmful to the average person. We know people who declare their belief in the harmfulness of cholesterol, bananas, sniffing glue, anxiety, overeating, and a thousand other things. Time has proven the dangers involved in careless driving, taking poison, sky-diving, fighting wars, exposing one's- self to certain diseases, and a thousand other dangerous practices.

Man has a hard time in trying to care for his fellow- man by legislation, mainly because there is little agree- ment about whose business it is if we individually want to do certain things. The things we like to do may be con- sidered dangerous or harmful to someone else who is inter-

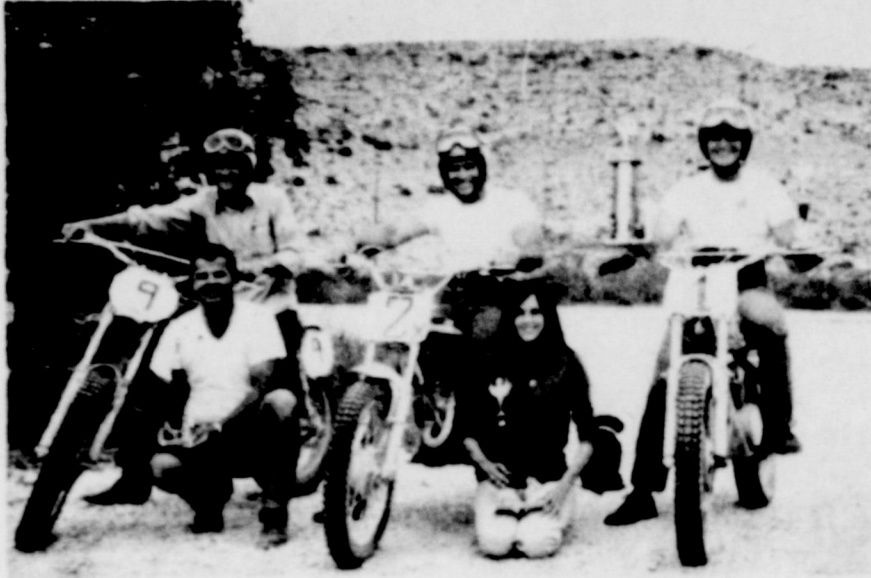

ested in trying to honestly and sincerely help us. But we don't want it that way. We individually want to go on doing the things we like to do or want to do and want protective laws against certain things for the good of the other fellow. He is the one who does not have sense enough to take care of him- self!

Maybe it depends on how we look at different things.

Mr. and Mrs. T.W. McKen- zie and Mr. and Mrs. M.W. Duncan returned home Friday after a business trip to El Paso.

Mr. and Mrs. W.T. Bondur- ant of San Antonio and Miss Christine Downie, a student at the University of Texas in Austin have been recent vis- itors here with Mrs. W.G. Downie and Mr. and Mrs. Walter Armstrong.

Bobby Kline, Charles Horns- by, and John Dewey Stutes are on their motorcycles in the picture above and Gene Kline and Mrs. Hornsby, the pit crew, are kneeling. The group was in Del Rio last weekend for motocross con- tests and Bobby won 2nd in the 251-open class; Hornsby was 1st in the 212-175 class; and Stutes was 3rd in the 176 -250 class. Last month Stutes was 2nd in the 176-250 class.

Each must compete in three heats to qualify for the win- ning places.

Dwight Tronson, a former Sanderson resident, of Del Rio, was 3rd in the 0-100 class.

Kline rides a 360 Yamaha; Stutes a 250 Yamaha; and Hornsby rode Ernie Ayers' 175 Kawasaki.

### Garbage Pick-Up Is On Schedule Of Daily Route

Tommy Turner, Terrell County work foreman, asked The Times to relay information about the collection of garbage to residents of Sanderson.

Turner has worked out a schedule of route pick-ups for the trash truck so that there will be a systematic and regular pick-up of trash in town. The crews are instructed to adhere to the schedule as closely as possible so that householders will know when to expect the truck. He also asked that householders try to observe the days that the trucks come around and not burn their trash that day as it is difficult and painful to handle a hot barrel full of burning trash.

Barring unplanned difficulties and inclement weather, the truck should make a pick-up at each house once a week so that it is not necessary ordinarily for most householders to burn their trash. Anyone who is not having their trash picked up is asked to call Turner at 2566 or if there are any questions about trash pick-up.

Turner also stated that a pit had been dug at the dump for the disposition of carcasses of dead animals and fowls and that diesel fuel and lime were available for burning of the carcasses that were dumped there. He added that there were signs galore at the dump directing people where to take animal carcasses and trash for dumping and that it would be a tremendous help if anyone taking refuse to the dump ground would follow the directions given by the signs.

Every effort is being made to do a good job in the disposition of trash, garbage, and carcasses, and the cooperation of all citizens of Sanderson is urgently sought by Turner.

The projects of the YPCC as announced by Mrs. Charles Hornsby, reporter, include the fund-raising family fun night Bingo games, the first of which will be held June 3 at 7:30 p.m. at St. James Hall. The money from this will go toward improving Sanderson and helping with a Mini-Bike Trail for the children of Sanderson, according to Mrs. Hornsby.

Any person between the ages of 18 and 45 who is interested in helping on any of the projects is asked to call Mrs. Hornsby who will pass the name on to a committee chairman. She stated that there was plenty of work to be done and lots of fun to those who are doing it.
