VOLUME 64, NUMBER 1

SANDERSON, TERRELL COUNTY, TEXAS 79848

## LISTEN TO LUKE

Albert:--  
is very important for all  
ers to be sure that you are  
istered in the precinct in  
ch you live. This will de-  
mine your ability to vote  
the up-coming elections.  
nce the precinct lines  
ve been changed, there are  
ny Sanderson residents that  
ot now live in precinct 1,  
ere they formerly lived,  
d they will be allowed to  
te only if they are register-  
in the precinct where they  
ow live!  
Check at the courthouse in  
office of the sheriff to be  
re!

---  
We got two real nice letters  
s week from out-of-town  
ople expressing their thanks  
eople here for favors. One  
e letters was from Clear-  
ter, Fla., expressing sin-  
re appreciation for the help  
ven a young couple who  
d an accident near here on  
ember 21. They were  
ought to town by a family  
d taken to the hospital by  
migration officers, and  
ere given clothes by a local  
family.  
The other nice letter was  
om Petaluma, Calif., and  
xpressing sincere apprecia-  
ion to friends who helped to  
ake their holiday visit here  
pleasant. They were af-  
rded the privilege of riding  
orseback, visiting a ranch,  
nding fossils and receiving  
ooks on fossils of Texas. The  
etter was from the sister of  
rs. F.D. Fisher Jr. and her  
wo sons.

---  
Another thing that the re-  
istricting did was to make it  
uch more advisable to  
ave a justice of the peace in  
ach of the four precincts. A  
ot more responsibility goes  
with this job than meets the  
ye of many residents of the  
ounty. The current justice of  
e peace, W.G. Shoemaker,  
oes not live in precinct 1,  
ut in precinct 4, and it is  
he designated year for nam-  
ng a justice of the peace in  
precincts 1 and 3. And due to  
he nature of the duties of a  
.P., and the fact that Sande-  
on is now divided among the  
our precincts in some way,  
here are many advantages to  
having a J.P. in each of the  
our precincts.

---  
One of the little known and  
very important duties of a  
justice of the peace includes  
se filing of vital statistics:  
birth and death records of oc-  
currences in the county. Then  
here is the duty of acting as  
coroner, ruling of the cause  
of death in all cases not at-  
tended by a physician at the  
time of death; and another  
important duty is acting as  
the referee in small claims  
court cases.

---  
In our opinion, Terrell  
County now needs four justic-  
es of the peace more than  
ever before!

---  
We want to make a retrac-  
tion before we are asked to  
make one! In quoting the fig-  
ures last week on the expendi-  
tures of the revenue sharing  
fund, we quoted the figures

## Ruel Adams Is Asking Re-Election

Ruel Adams, county clerk of Terrell County, is seeking re-election to the office, subject to action of the Democratic Primary in May.  
Adams stated that his time in office afforded the people the advantage of his experience in the duties connected with the county clerk's job, and that he had been to a seminar in Austin on January 3, and another on January 8 in Midland and planned to be at another on January 29. The seminars are to acquaint the clerks of counties of the state with the changes in laws and assist them in better serving the residents of the county.  
He stated that he would appreciate the vote and support of the people and would do his best to warrant their confidence in him by the prompt and efficient execution of the duties of the office.

## Mrs. Aubry Harrell Seeks County Post

Mrs. Aubry Harrell has authorized The Times to announce her candidacy for the office of county clerk of Terrell County, subject to action of the Democratic Primary May 4, 1974.  
Mrs. Harrell stated that she would appreciate the consideration of the voters on behalf of her candidacy and would do her best to fill all the duties of the office if she were elected.

## Mrs. A.A. Shelton, 75, Dies in Del Rio

Mrs. Lille Mae Shelton, 75, died in a Del Rio nursing home Sunday night after a long period of failing health.  
Funeral services were in the First Baptist Church here Wednesday morning with Rev. J. H. Cash, pastor of the Comstock Baptist Church, officiating. The body was taken to Langtry for interment.  
Born in a covered wagon near Comstock on May 1, 1898, she was the youngest of 10 children of the late Mr. and Mrs. Joe Burdwell. The early part of her life was spent in Langtry and Del Rio and she graduated from the Del Rio High School in 1915. After receiving her B.A. Degree from San Marcos State Teachers College, she began a 33-year teaching career in 1919 in the San Felipe school in Del Rio.  
She was married to Alfred A. Shelton in 1940 and came to Sanderson, taking up her teaching career again in 1942 and in 1955 she retired.  
Mr. Shelton, who was a rancher, died in 1969, but she continued to make her home here until 1972 since when she has been in nursing homes.  
Survivors include four nieces, Mrs. Theresa Dawson, Sanderson, Mrs. Ernest Miller, Del Rio, Mrs. Eric Beecroft, Uvalde, and Mrs. R.V. Winn, Alpine; two nephews, John Breg of Miles and Jimmy Merritt of Piedras Negras, Mex.

## J. N. Brown Seeks Comm., Pct. 4 Post

Joe N. Brown has authorized The Times to announce his candidacy for the office of commissioner of Precinct 4 in Terrell County.  
Brown ranches in this area, is a feed salesman, was born and reared in Sanderson. Prior to graduation from Sul Ross University, he served in the U. S. Navy during the Korean conflict. He is a member of the Sanderson Rodeo Club, Young People's Chamber of Commerce, and is vice-chairman of the Rio Grande-Pecos River Soil Conservation District.

## Chandler Asks For Re-Election

Clarence Chandler, incumbent commissioner of precinct 4, has announced for re-election to that post, subject to action in the Democratic Primary on May 4.  
Chandler stated that he has tried to effectively and successfully fulfill the duties of his office and asks that his efforts be considered by the voters in re-electing him to the post. He stated that he would continue to work for the benefit of the county if re-elected.

## Mrs. Ginette Litton Asks Re-Election

Mrs. Ginette Litton has authorized The Times to announce her candidacy for re-election to the office of treasurer of Terrell County, subject to action of the Democratic Primary on May 4, 1974.  
Mrs. Litton stated that she had tried to serve the people of the county well in the duties of the office and hoped that her efforts warranted the confidence of the voters by re-electing her to that office, and that she appreciated the confidence expressed in her during the term she is presently serving.

Mr. and Mrs. Austin Nance were in Alpine Saturday for him to have medical attention.

## Commissioners Have Long Meeting, Pledge Concentrated Effort On Dams

The Terrell County Commissioners Court met Monday morning in their regular session and had several items of business, though there was no posted agenda or notice of meeting.  
Mrs. W.H. Grigsby appeared on behalf of the Terrell County Historical Survey Committee to ask for help in finding a building for a local museum. Mrs. P.G. Harris Jr. also pointed out the local need of a museum, following which Mrs. Grigsby proposed the purchase of the McClymont Building on the corner of Oak and First Sts. She stated that Mrs. Jim Kerr, owner of the building, stated that she would sell the building to the county solely for the purpose of a museum, and a lot 50' by 85' for \$5,000.00. The commissioners reported that they would give an answer to the plea at their next regular meeting, giving them an opportunity to look over the project, the building, etc. Mrs. L.G. Hinkle and Mr. and Mrs. Carlton White were also on hand in behalf of the Historical group.  
Other official business included the reading of the minutes of the preceding meeting, and allowing all the bills presented for payment.  
The time of the meetings of the commissioners was changed to 9:00 a.m. on the same day. The old meeting time was 10:00 a.m. and the commissioners meet on the second Tuesdays.  
The commissioners also approved a resolution sent by the Texas Highway Department concerning highway work and re-construction in the state.  
Dudley Harrison and Joe N. Brown, officers of the Rio Grande-Pecos River Soil Conservation District, appeared to ask \$3,000.00 for the Soil Conservation District, to be matched possibly by state funds, for carrying on the work of the SCD. It was a routine annual request.  
Lengthy discussion was held on the fact of "packs of stray dogs" roaming the town and surrounding area, the existence of a dog registration law

and law requiring penning all dogs at night, but there was no further action.  
There was also some discussion on the naming of polling places for the up-coming primary elections, but no decisions were reached. Since the re-districting of the county, it is necessary to have four polling places in Sanderson, since each voter must vote in his own precinct and each polling place must be in the precinct for those voters. The commissioners were looking for buildings suitable for the polling places in precincts 2, 3, and 4, since the courthouse is still in precinct 1 and may be used for the polling place for that precinct. It is also planned, tentatively, to have polling places in the country in each of the four precincts to facilitate voting.  
There was also some discussion on the necessity of planning for seal-coating local streets when the construction on US90 east is under way, to try to get the local work done at the best price. County Judge R.S. Wilkinson was authorized to contact an engineer to begin formulating more definite plans.  
Mr. Brown asked the court for a report on the project of the fire hydrants and there had been no action since the last meeting, according to the commissioners. Mr. Brown reported that the Permian Basin Regional Planning Commission, in a report of a survey made in Terrell County, had pointed out the need of additional fire hydrants, and that possibly assistance could be obtained through that organization for some phase of the installation of more hydrants. There was no further action.  
Jack Hayre, county attorney, asked the commissioners for

we had about the expenditures. The difference in the balance we had and the balance shown by the treasurer's report was so vast that we had to see why.

The revenue sharing fund has also been the source of finance for the lease-purchase of a back-hoe that is used in precinct 1 - \$4,250.00; and a radar unit for use of the Texas Highway Patrol principally - \$2,180.00. This does something also to raising the total percentage figure that is not used on road maintenance - the total now being about 19%.

some privileges of travel, etc., in trying to secure certain easements for flood control dam construction, and the commissioners pledged their full cooperation to any effort the county attorney would make in securing such easements. There was also considerable discussion concerning possibilities of condemnation proceedings against certain landowners and the commissioners stated that they were ready to investigate all possibilities of bringing the project to an immediate conclusion.

The consideration of raising salaries of county officers not raised last year was taken up and in the session prior to the adjournment for lunch there were no conclusions. In the afternoon meeting, it was decided to raise the county judge, county clerk, county attorney, and sheriff 10% with \$25.00 being added to the sheriff's car allowance.

Raises for the commissioners was discussed, but was tabled for further consideration.

## OUTDOOR LIGHTING:

# Energy Saving Tips

A Nite Liter is one of the most efficient ways to provide safety and security around your property. A 175 watt mercury vapor Nite Liter provides about 60 lumens per watt of electricity while the incandescent light provides about 20 lumens per watt. In other words . . . mercury vapor lighting gives about 3 times as much light for the same amount of electricity so it's three times as efficient as conventional incandescent lighting. When you use electricity . . . use it wisely so there will be plenty for everyone.
