## How You Look At It!

Dr. Longley, M.D., who has been practicing medicine in Sanderson for several years, is here again for several days to work on moving here with his wife and family. It is also understood that he is on the staff at the Big Memorial Hospital in El Paso.

Dr. Longley is coming to Sanderson independently of any effort of the local community that was working to send a doctor and/or nurse to our area. He is of the need of a physician here through Don Deaton, who is working in the hospital here where Dr. Longley is practicing and came out to see the situation in Sanderson. People who have been helping for us are to be commended for their efforts for all of the thought and hard work that has gone into their plans. Dr. Longley's coming to Sanderson could be just one of those incidents that happen and relieve the medical center doctor and other people of having to look for more looking right.

A group of young people who are working on the summer work project locally have been at the Trans-Terrell Medical Building cleaning up and preparing inside to present the best foot forward for the doctor who was here last week to look at the facility in our area. Some individuals over there and did a cleaning up and weed around the outside of the building to make it look nicer, too.

For some reason or other, we are glad to see some things like that happening, seeing that some people are talking about how things look in town. Lots of times, when we look at something and see how we see it in the first place, or whether we see it at all!

Another thing that has attracted the eyes of several people around town is the way some of the weeds and brush have been cleaned up along the sidewalks, streets, etc., on main street. Many crews were seen working eastward from Wilson St. to Oak St. and the result is quite active.

It is a few people doing a little bit now and then or regularly and others seeing what a difference it makes and being interested enough to do a little and that's when a lot of things get done.

Give your personal thanks, and we can freely express our thanks of all the people who care, for the neater appearance.

## INDEPENDENCE DAY

### From The Living Bible

Blessed is the nation whose God is the Lord, whose people he has chosen as his own. The Lord gazes down upon mankind from heaven where he lives. He has made their hearts and closely watches everything they do. The best-equipped army cannot save a king—for great strength is not enough to save anyone. A war horse is a poor risk for winning victories—it is strong but it cannot save. But the eyes of the Lord are watching over those who fear him, who rely upon his steady love. He will keep them from death even in times of famine! We depend upon the Lord alone to save us. Only he can help us; he protects us like a shield. No wonder we are happy in the Lord! For we are trusting him. We trust his holy name. Yes, Lord, let your constant love surround us, for our hopes are in you alone.

(Psalms 33:12-22)

**MRS. REYNALDO GARZA JR. GETS ASSOCIATE DEGREE**  
Mrs. Reynaldo Garza Jr., of El Paso received her Associate of Arts Degree from El Paso Community College in June and is now attending UTEP working toward her Bachelor's Degree. Mrs. Garza, the former Esther Salazar, is a graduate of the Sanderson High School. She has been employed in the El Paso school system for several years.

**E.F. PIERSON JR. PROMOTED**  
Mrs. E.F. Pierson has received word that her son, Earl F. Pierson Jr., is now a full colonel in the U.S. Marine Corps and is "team chief for Europe." With his two daughters, Sharon and Dede Pierson, he is in London, England, on a business trip. Mrs. Pierson is doing graduate work at the University of North Carolina at Chapel Hill, N.C. this summer.

**PRIZES FOR OLD-TIMERS**  
Prizes will be given at the Old-Timers' Reunion July 4 at the court house to the one who traveled the most miles to attend, the oldest in years, and the one who had been in Terrell County the longest. The get-together of old-timers is sponsored by the Terrell County Historical Survey Committee.

**BILL COOKSEY IS DEPUTY SHERIFF IN ODESSA**  
A note from Mrs. Bill C. Cooksey last weekend told that Mr. Cooksey is now a deputy sheriff in Ector County on a night job, and she is employed in the bookkeeping department of an oil company there.

He was a former Texas Highway Patrolman stationed in Sanderson, and later was sheriff of Terrell County.

## Ring Out Freedom Thursday, July 4th

The custom of ringing bells on July 4 dates back to the signing of the Declaration of Independence. On July 4, 1776, the Continental Congress in Philadelphia signed the Declaration of Independence. Within minutes the sounds of Liberty Bells heralding freedom for the 13 colonies, rang out in the Quaker City. And as the new spread across the colonies, other bells took up the stirring song of freedom.

In keeping with our country's Bicentennial celebration, the

American Legion Auxiliary is sponsoring a "Make Freedom Really Ring" campaign, by inviting everyone in Sanderson who has a bell or chime to ring them at noon on Thursday, July 4.

The success of this demonstration of positive Americanism depends upon the actual ringing of church bells, school bells, cow bells, dinner bells, or any other bells available.

If you can carry your bell, bring it to the Legion Hall; and if it can't be carried, ring it where it is.

All residents and businesses are asked to fly their flags on the 4th.

## Local Heart Group Earns Top Award For \$\$ Contributed

Mrs. Clyde Higgins reported last week that \$1,332.00 had been contributed in Terrell County to the Heart Fund, and that Terrell County was the highest per-capita giving county in the 13th Region of Texas. Mrs. Higgins is the Terrell County Chairman of the Heart Fund.

Of the total \$1,332.00, \$787.00 was contributed on "Heart" Sunday, \$318.00 by businesses, and \$217.00 as memorials, Mrs. Higgins reported.

The year ends on July 1, and Mrs. Higgins was contacted last week by a representative of the region office, stating that the Terrell County Chapter would receive the highest award possible for their efforts and success in the Heart Fund drive for funds.

Mrs. Higgins has headed the local drive for funds for that cause several years, and was most expressive of her gratitude to the people of the county for their generosity in contributions to the Heart Fund and for their supporting the worthy cause.

## TWO BORDER PATROLMEN ARE LEAVING SANDERSON

Steven Young and Bill Querin are expecting orders this week authorizing transfers to other stations in the Border Patrol. Young is going to Laredo and Querin is transferring to Phoenix, Az.

Mr. and Mrs. Young have been residing in Sanderson just over five years and have two children. Mr. Querin has been here just over four years.

Replacements for the two officers have not been named, according to Joe Pagitt, chief of the Sanderson Border Patrol Station.

A group of Sanderson High School students gathered for this picture-taking in about 1926. The bloomers worn by some of the girls was the P.E. costume of the times. The reason for the get-together for the picture was not known as they were not all in the same class, according to some of those pictured. The boys are: John Hall, Pinky Landers, Jack Cavender, W.D. O'Bryant, Alton Franklin. Girls on the back row are: ---, Willie Mae Green Laughlin, Louise White, Lorene Harrell; and on the front row: Clara Hord, ---, Gertrude Litton, Tropha Fred, and Irene Haley. Mrs. John L. Newton of El Paso loaned us the picture.

pearance to several things around town.

And while we are on this subject, we have mentioned before, but we think it's worth mentioning again: the court house lawn and grounds around the court house look so much better these days, and that takes a lot of work and interest on the part of Isidro Villarreal Jr., custodian, regardless of the amount of delegation of duties that he gets from those responsible for his work.

The greenery of gardens and well-kept yards is really drawing the deer into Sanderson-- what with the range conditions being what they are. People who are trying to grow things anywhere in town are having to try to take more precautions against the hungry animals, and most of them are having no luck protecting their plants. Some indication of the hunger and bravado of the deer is indicated by the fact that they are making forays into town as far as mother's yard, which will be recognized as quite a ways by those readers who know where she lives -- or those who remember where the old Presbyterian Church was. And we have heard reports of further penetrations into civilization than that. There is not much for them to eat out in the country, so they are coming to town!

**SCOUTS AT CAMP**

Hector Galvan earned a merit badge in archery, Xavier Lopez in canoeing, David Arredondo in canoeing at Boy Scout Camp Sol Meyer near Menard last week. Other boys attending Michael and Felix Arredondo, John and Vito Prano, Primo Escudero, Jose Daniel, Mickey Corbett, Cato de Leon. Scoutmaster Larry Choate and his assistant Fred Prano furnished transportation for the boys to and from the camp.

**PLANNED PARENTHOOD CLINIC TO BE JULY 10**

The nurse with the Planned Parenthood Clinic will be in Sanderson Wednesday, July 10, and asks all interested persons to come by for consultation and/or examination. There is no charge for the service by the registered nurse who comes to Sanderson from the Odessa office.

Isidoro P. Olivares  
...retires June 30

The sons and daughters of Isidoro P. Olivares honored him with a retirement supper Sunday evening in the home of Mr. and Mrs. Pete Olivares.

Mr. Olivares went to work here in 1934 at the age of 22 on the railroad. In 1941, he started working in the roundhouse as a laborer and in 1954 became a carman, holding that job at the time of his retirement on June 30.

Hosting the supper were Mr. and Mrs. Pete Olivares, Isidoro Olivares Jr., Mr. and Mrs. Jose A. Martinez Sr., Mr. and Mrs. Alfredo Calzada and family, and Mr. and Mrs. Robert Salazar and family.

The supper menu consisted of potato salad, Spanish rice, beans, barbecue, mole, and hot and cold drinks.

Among the 53 guests were the following from out-of-town: Mr. and Mrs. Euginio Castillo, Mrs. Ermedina C. Mesa and Mr. and Mrs. Cruz Urias of Odessa; Mrs. Tommy Thompson and son of San Antonio; Miss Diana Martinez, Monahans; Rosy Mendoza, El Paso; Mr. and Mrs. Carlos Garza, Alpine.

Miss Graciela Castro  
...to wed Carlos Lopez

Mr. and Mrs. Manuel Castro are announcing the engagement of their daughter, Graciela, and Carlos Lopez, son of Mr. and Mrs. Frank Lopez Jr. The bride-elect was a May graduate of Sanderson High School. The future bridegroom is employed at the Shamrock Truck Stop.

The wedding is planned for Saturday, July 27 at 3:00 p.m. in St. James Catholic Church with Rev. John Pierce officiating.

Robin Vickers of El Paso is visiting her grandparents, Mr. and Mrs. O.D. Gray.

Delfa Calderon, daughter of Mr. and Mrs. Miguel Calderon, was a medical patient in an Alpine hospital last week.

Mrs. Levi Duncan and son, Ray Duncan, of Uvalde and her sister, Mrs. Albert Turk, of Quemado, visited last week with the ladies' nephew, J.W. Carruthers Jr., and family.

W.H. Lemons Jr.

...wage-hour director retires

W.H. Lemons Jr., Houston area director of the Labor Department's Wage and Hour Division, retired at the end of June after almost a quarter of a century in government service.

Lemons, 55, said he will be starting his own consulting business in the field of labor law.

A native of Sanderson, Lemons has been with the Wage and Hour Division since 1950 and has been the area director in charge of the Houston office since September 1962.

He was previously with the Wage and Hour Division in San Antonio and Tyler.

The Wage and Hour Division is responsible for enforcing wage and hour laws, including equal pay and age discrimination in employment acts.

Lemons said that in his years with the division, the biggest change he has seen is the increase in the number of persons covered by his division.

When he began, that number was about 15 million. To-

day, it is about 60 million workers.

According to Lemons, there are already enough wage and hour laws, but the problem is compliance with such existing statutes.

Lemons holds a business administration degree from Texas Tech which he received in 1940. He was in private industry until 1944 when he entered the Army. Later he worked three and a half years in Lubbock as a representative for the Veterans Administration. Lemons and his wife have

four children and three grandchildren.

Dr. and Mrs. Michael Longley and his son of Dallas visited with Mr. and Mrs. Jack Deaton this week. Dr. Longley plans to begin practicing medicine here this fall following completion of a commitment in Dallas.

Mrs. E.C. Dennis of El Paso visited her mother, Mrs. T.H. Eastman, and her brother, J.E. Chapman, on her way to Dallas last week.

# Weak Home Wiring?

When your home was built . . . it was probably wired to handle all the appliances you owned. However . . . many new electrical appliances have been added and your home may now be inadequately wired. If you detect any of the following conditions existing in your home, call a qualified electrician to check your wiring.

1. Lights flickering and dimming when appliances are turned on.
2. Appliances operating inefficiently or erratically.
3. Fuses blowing or circuit-breakers tripping too frequently.
4. Radios fading or sounding scratchy when an appliance is turned on.
5. TV pictures shrinking in size when other appliances go into action.
6. Motors overheating frequently.
7. Too few outlets and switches where you need them.
8. Long cords strung around rooms in order to connect lamps or appliances.
9. Too many appliances operating from one outlet.
