It Depends on

To those kind and interested people who commented on our remarks about the school board's agenda -- talk to them! We'd be glad to publish it if we can get it on time!

The Sanderson Times and the local post office have initiated a "different" method distribution of the paper in the post office.

If you are due a paper and do not get one, please inquire at the post office and one will be given you.

We seldom think that we should waste time mentioning national or world affairs, but things happen that make us wonder.

How can President Ford promise Turkey some millions of dollars worth of war goods without anybody's permission?

How can officials in the CIA and FBI continue to admit to illegal acts in the past and continue in office? Even if the responsibility for the illegal act was not theirs, their knowledge of the acts gives them some kind of responsibility, doesn't it?

Did Indira Gandhi get the idea of self-pardon for illegal acts in the past, present and future from Richard Nixon?

Can we honestly afford to let any nation or group of people starve to death for lack of something that we have? Or another way to put it: Can we morally use our food to force our will on someone?

This brings up the idea of blackmail - which to some people is paying for something to get your way; but blackmail works in reverse, also, by withholding money to get your way!

When we hear about the salaries of national senators and representatives, we seldom hear anything about their other benefits: free office space in Washington and at least one more in the home district; large payroll allowance for staff, free mailing privileges on office business mail, allowances for telephone and telegram as high as 375 hours of long distance calls, stationery allowance, free round trips home up to 18 for House members and 44 for Senators, free parking at Capitol Hill, free emergency medical care, free drugs if prescribed by capitol physicians, government subsidized health insurance plan, special rates on \$45,000 life insurance, free swimming pool and gym, steam room, masseurs, physiotherapy, reduced-rate meals, etc., etc., etc.

We read in the "Personals" continued to second page

'Time To Run' To Show At Baptist Church

"Time To Run", a film that is a mixture of problems and solutions, will be shown at the First Baptist Church in Sanderson Sunday night, starting at 6:00 p.m.

There will be no charge for admission and anyone wishing to make a free-will offering may do so.

"Time To Run" is the story of a success-oriented industrial and scientific engineer who, because of over-involvement with his work, has failed to communicate with his wife or their son.

"Time To Run" allows the viewer to become involved on any one or more of the three different levels. Viewed purely as entertainment, it's the story of a man's attempts to sabotage the nuclear generating plant managed by his father. He feels the plant is a threat to the environment, and he puts his feelings into action.

Viewed on an emotional level, the story is the deeply moving drama of the conflict that tears a family apart.

Approached from a religious perspective, "Time To Run" is a story of friction between the leading character and his girlfriend. She has discovered a spiritual dimension in her life, and this aspect is very confusing to her boyfriend who has little time for a "God who would allow war, hatred, and suffering to occur". But his life is shattered by an avalanche of personal problems, and he finds himself at a "Jesus people" gathering with his girlfriend and he glimpses the possibility of a new life-style based on love and understanding.

Large Crowd At Meeting Of Commissioners

An overflow crowd for the meeting of the Terrell County Commissioners Court Monday forced the group to move to the district court room on the second floor for their regular meeting.

Following the reading of the minutes by County Clerk Ruel Adams, Judge Charles Stavley read the list of bills that had been presented the county for last month. Approval was given both.

Judge Stavley then made a well-planned presentation of the proposal to purchase the land for a park and swimming pool, reporting all the facilities on the proposed site and the cost and financing possibilities. There was some discussion of the proposal by the commissioners and some comments by some of the visitors prior to the motion and second to adopt the proposal detailed in another story in The Times.

Two petitions were presented to the court asking that election precincts be named to making voting more convenient for the residents of the county in the Dryden area and in the area of the El Paso Natural Gas Co. plant. The commissioners divided precinct 2 into two sections -- Voting Precinct 2a, which is all of precinct 2 in the Sanderson townsite, and Voting Precinct 2b, which is all of the remainder of precinct 2; divided precinct 4 into two voting precincts -- Voting Precinct 2a being all of precinct 4 in the Sanderson townsite, and Voting Precinct 4b, that part of the precinct north and east of the end of the east end of the mile-wide lane of precinct 4 leading out of Sanderson. Both subdivisions "b" of precincts 2 and 4 would include all residents of each of the two precincts not residing in Sanderson.

Judges for up-coming elections and alternates were named to include: Mrs. Bob Spence and Mrs. Bill McDon-

Commissioners Accept Project Of Park

The Terrell County Commissioners' Court acted Monday morning to virtually assure a swimming pool for Sanderson in time for next summer. The court voted unanimously to underwrite a \$15,000 expenditure of county funds toward purchasing the land after the motion by Commissioner W.W. Sudduth and a second by Commissioner Austin Chriesman.

County Judge Charles Stavley presented a plan for the county to provide \$20,000

to match a grant from the Texas Parks and Recreation Agency for securing the land at a cost of \$30,000 and do certain improvements such as cleaning up, etc., and using revenue sharing funds to further improve the property, by installing rest rooms, a concrete deck around the pool, a chain link fence around the pool, etc., as money would allow.

A portion of the \$15,000 to be furnished by the county would come from interest on a certificate of deposit which expires in a short time, with the balance of the \$15,000 to come from the highway fund. Judge Stavley stated that he felt that he could get the \$5,000 needed from other sources, so that the county would have \$20,000 to put up against the matching grant.

It was also brought out that there had been some kind of a commitment from organizations and individuals to do "happy work" such as has been provided in other community projects. The "happy work" might include cleaning the property, installing tables for picnics, pouring concrete for the pool's deck, or installing the chain-link fence, etc.

The filter system for the pool, repairs to the pool, and other necessities could be financed out of revenue sharing funds already committed to recreation, according to Judge Stavley.

In evaluating the property, it was stated that the area to be purchased by the county for the park-swimming pool would be 8-1/2 lots on the south side of Mansfield St. between First St. and School St., or that half of the block east of the Church of Christ. There are 33 pecan trees, a water well 500 feet deep that pumps an estimated 15-20 gallons per minute, and some buildings that possibly may be used.

The old pump house near the rock crusher west of town is shown in the picture below. F.G. Grigsby, who was a pumper at this site, loaned us the picture.

Youth Council Has Outing

There was an outing at Chandler's guest ranch Friday for the members of the local Youth Council. There were 32 youths attending, 19 boys and 13 girls. Mrs. Barry Pendleton drove the bus and Mrs. Gene Black went with the group also Mrs. Charles Hornsby, who drove her car to afford sufficient transportation.

Everyone took a sack lunch for the picnic at noon. Swimming, volleyball, pool, ping-pong and other games provided entertainment and diversion.

READING PROGRAM TO END ON AUGUST 15TH

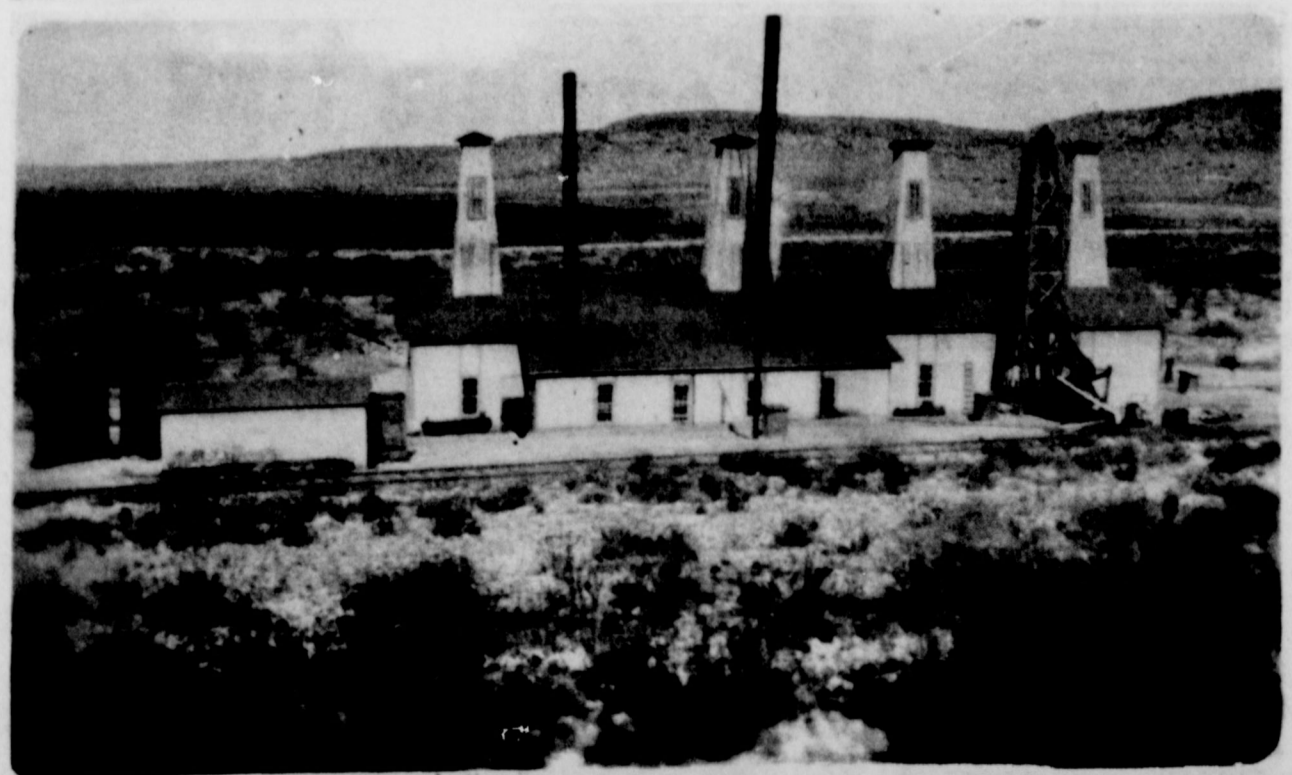

Friday, August 15, is the closing day for the summer reading program. Awards will be given at 10:00 a.m. in the Terrell County Public Library to those children who have read 12 or more books.

On Wednesday, August 13, Junior Bookworm awards will be given to the children who have attended story hour at the library this summer.

Appreciation is being expressed to Mrs. John Whistler III and Miss Jane Fisher for assisting in reading to the children.

The winners in the summer reading program will be announced in next week's Times.

of another paper that "two people were seen skinny-dipping in (-----) Creek last weekend." That's pretty personal in our books.

And speaking of reading in other papers, there are big hassels going on all over the state about taxes and property valuations. Some boards of equalization have been "officially" charged with the responsibility of doing a lot of work and study in preparation for the next year's tax rate settlement.

ald, precinct 1, Alfredo Calzada and Mike Armstrong in precinct 2a, Lewis James and Mrs. Lloyd Coats in precinct 2b, Monty Harkins and A.H. Zuberbueler in precinct 3, Mrs. Manuel Parada Sr. and Mrs. Dudley Harrison in precinct 4a, and Mrs. James Cooper and Mrs. Eddie Westbrook in precinct 4b.

The commissioners authorized Judge Stavley and County Treasurer Mrs. Ginette Litton to prepare a Revenue Sharing Fund Use Report for publication and reporting to federal authorities.

The court approved changes in the wording of the condemnation suit for Sanderson Canyon Watershed's Site #7.

A 4-way stop sign was authorized for installation at the corner of Pine St. and Second St.

A fogger is to be purchased for use in the county in an effort to control flies, gnats, mosquitoes, etc., received by the grievance committee recommending the doubling of the salary of the commissioners -- from \$125 to \$250 per month. There was no action on the recommendation.

The court officially deputized Robert Pennell as deputy sheriff of Terrell County.

The designation of the Terrell County Public Library as a community library was made in compliance with a request received by the court.

A new bookkeeping system was ordered for the county treasurer.

SOCIAL SECURITY MEN TO BE HERE

The Social Security representatives from the Olessa office will be in Sanderson Monday, August 18, from 1:30 to 2:30 p.m. in the county judge's office. Anyone needing information or having business with them will be able to see them at that time.

SCHOOL CALENDAR HOLIDAY CORRECTED

The Times learned last weekend that the calendar turned in for 1975-76 had erroneously listed September 12 as the date for the Nueces Canyon football game and a school holiday.

The correct date is September 19, according to Superintendent C.B. Card.

You may pay your telephone bills by cash or check at The Times office.

Presbyterian Circles Meet At Gatlin Ranch

Continuing the joint meeting of Circles I and II of the Presbyterian Women of the Church for the summer, Mrs. R.A. Gatlin was hostess for the meeting Monday afternoon at her ranch home. Mrs. Jolly Harkins, chairman of Circle II, presided. Mrs. J.D. Nichols led the opening prayer.

The date of the annual "family night" supper was changed to Wednesday, August 27.

Mrs. N.M. Mitchell Jr. was the moderator for the lesson which was a review of the Book of Matthew. She offered prayer and the hymn "Wonderful Words of Life" was sung. After Matthew 5:1-16, the beatitudes, had been read in unison, a quiz followed and in conclusion the Lord's Prayer was recited in unison.

For refreshments, Mrs. Gatlin served sandwiches, olives, pickles, whipped fruit salad, assorted cookies, iced tea, and coffee.

The nine members of Circle I and eight of Circle II attending were Mmes. E.E. Farley, N.M. Mitchell, C.A. Havard, J.D. Nichols, C.C. Mitchell, R.S. Wilkinson, A.H. Zuberbueler, W.H. Savage, F.M. Wood, David Mitchell, A.C. Garner, J.A. Gilbreath, N.M. Mitchell Jr., E.E. Harkins, Jolly Harkins; also Mrs. Zoe Wisdom, Michael Mitchell, and Stacey Mitchell.

RANCH CLUB PICNIC TO BE AUGUST 15

The Ranch Home Demonstration Club members are having their annual picnic on Monday, August 15, at 7:00 p.m. at the Memorial Park. Each member is requested to bring food for her family and guests, also chairs, plates, glasses, forks, and spoons. Iced tea will be furnished by the club.

Bridal Shower For Miss Falcon Last Saturday

Miss Virginia Falcon, bride-elect of Juan Saenz, was honored at a bridal shower given by her bridesmaids Saturday evening in St. James Hall.

The gifts were opened by the honoree as they arrived and later displayed on three tables covered in lace cloths.

The bride-elect's chosen colors of white, silver, and lavender, were noted in decorations on the large cake served from a table covered in an embroidered cloth belonging to Mrs. Manuel Parada Sr. Lavendar candles were in china holders at each end of the table. Crystal dishes and appointments were used. Also served were chicken salad sandwiches; avacado, onion and cheese dips; potato chips and chips; fruit salad, and fruit punch.

The guests were registered in the bride's book by her sister, Miss Alma Falcon.

Winners in three games played were Mrs. Francisca Zepeda and Miss Jeannie Ochoa and Miss Eda Villarreal of Monahans.

Among the 40 guests attending were three other out-of-town guests: Mrs. Manuel Flores of San Antonio; Mrs. Mario Cantu of Chicago, Ill., and Mrs. Frank Luevano Jr. of Fort Stockton.

Manuel Villarreal of Amarillo, a former resident, has been visiting here with relatives and friends.

Baby Shower For Mrs. Joe Moreno Last Saturday

Mrs. Joe Moreno was honored at a baby shower Saturday afternoon in St. James Hall. Hostesses were Miss Lupe Garza, Miss Yolanda Escamilla, and Mrs. Eulalo Ybarra Jr.

The gifts were opened by the honoree and then displayed on tables.

Baby bingo was played for diversion. There were 23 guests.

The refreshments consisted of taco salad, cucumber dip, chips, nuts, mints, cookies, iced tea, and cake. The cake was in pink and blue with building blocks arranged around the edge, "Baby Moreno" on the top layer, also two booties.

SMITH-SPENCE BETHROTHAL

Mr. and Mrs. Vernon Smith of Fluvana have announced the engagement of their daughter, Miss Vicki Smith, and Bobby D. Spence, son of Mr. and Mrs. Bob Spence of Sanderson.

The wedding is planned for Sunday, August 24, in Alpine.

The affianced couple plans to attend Sul Ross State University next term.

Mr. Spence, a graduate of Sanderson High School, has completed his freshman year in the college.

Mr. and Mrs. Larry Jones had their infant daughter, Jacy, in El Paso for several days last week under the care of a specialist after finding that she had jaundice, according to reports. They brought her home Thursday and she is well on the road to recovery.

Mrs. C.H. Stavley Honored at Party Last Wednesday

Mrs. Howard Stavley who has moved to Brownwood was honored at a dessert-bridge last Wednesday afternoon. Hostesses were Mmes. James Caroline, Mark Duncan, T.W. McKenzie, and W.H. Goldwire. For the "going-away" party the dining room at Admiral's Steak House was decorated in arrangements of roses and gladiolus.

Before the bridge games, bingo was played by the guests and home-made cakes were awarded to Mmes. Stavley, Carlton White, Herbert Brown, and R.S. Wilkinson.

Mrs. H.E. Ezelle held high score in the card games; Mrs. Austin Nance was second high; Mrs. Stavley, low; Mrs. Tol Murrh and Mrs. Duncan shared slam.

The group presented a Collins handbag to Mrs. Stavley for a "going-away" gift.

Cake, ice cream, iced tea, and coffee comprised the dessert.

Mrs. C.E. Litton was a tea guest.

Making up the three tables of guests were Mmes. Carlton White, Harvey Rogers, Bill Smith, Tol Murrh, Austin Nance, Jim Kerr, H.E. Ezelle, Jack Riggs, R.S. Wilkinson, W.A. Banner, A.C. Garner, Herbert Brown, and Stavley.

Mrs. W.D. O'Bryant and Mrs. Mark Duncan were business visitors in Fort Stockton Monday.

'POLO' CALZADA HONORED ON BIRTHDAY LAST WEEK

There was a get-together a large crowd of Calzada relatives here last weekend as they took advantage of the presence and celebrated the birthday of L.G. (Polo) Calzada while here. Besides having covered-dish meals and party refreshments, they had dancing and the playing and singing of old songs for entertainment.

Out-of-town relatives here were Messrs. and Mmes. Ben Hernandez and boys of Odessa, Tommy Thompson and children of LaVerna, Gilberto Salinas, Robert Mchaca, Robert Cardenas, Sifuentes, and their families of Del Rio, Luis Cobos of Carrolton, David Martinez and family of Monahans, Raul Ybarra of Vernon, M.L. Report of BOB KRUEGER U.S. Representative

One of the greatest strengths of this country is our extraordinary agricultural production. The United States is one of only three major food exporters in the world, and is by far the largest of the three. As a matter of fact, over half of the oil that we have imported into this country in the last year has been paid for by the American farmer and rancher, whose exports overseas have kept us from running a terrible balance of payments deficit.

There are, however, certain notions about food production which need to be corrected. Some people have argued that in order to have enough food to feed all the world's population we should cease eating meat. The idea behind this argument is that animals inefficiently transform plant protein into animal protein, therefore many nutritional benefits of the original plant protein are lost to the ultimate consumer of meat.

There are some problems with this argument. Ruminants (those animals that chew their cud, such as cattle and sheep) eat hay, grass and other roughage which man cannot eat. The only way for humans to benefit from the plant protein contained in roughage of this sort is to ingest it as animal protein, once it has been consumed and transformed by a ruminant. Three-quarters of all food for ruminants consists of food from the pasture, rather than feed grains. Thus, the relative efficiency of ruminants as converters of plant protein to animal protein is a moot question, since there is no way other than through the agency of such ruminants that man can benefit from some forms of plant protein. Also, Americans not only have a preference for meat, they need to have it in their diet. One of the major reasons for the health and vigor of young Americans today is their superior diet, and a prime component of their diet is meat and its accompanying animal protein.

Like meat, grain is of great importance to the American economy. There is an important (and quite evident) relationship between the two commodities, and grain in its own right accounts for a major share of United States exports. In 1974 three-quarters of our wheat was exported, one-half of our soybeans and one-quarter of the corn crop. We need these exports in order to pay for some commodities which must be purchased overseas. In order to maintain this healthy domestic (and international) agriculture industry, however, we need to strengthen our research efforts. For instance, we need research into how

Women Unaware Of SS Benefits

Erven L. Fisher, manager of the Odessa Social Security office, said that many women are unaware of the benefits their social security taxes provide for them and their families. Since 1975 has been designated as International Women's Year, this is an especially good time to advise women that the benefits provided for them and their children are essentially the same as those provided for the man of the house.

This has not always been true in past years. However, Congress has recognized that many women now work outside of their homes and in many cases are the major or sole source of support for the children. If a working mother becomes unable to work, she and her children can receive monthly social security benefits on her work record regardless of whether or not the father is working and supporting the children.

In the past, if a mother died and left eligible children, they could not receive benefits on her account unless she had worked at least half of the time out of the last 3 years before her death or was furnishing their support. Now they can draw on her account without this requirement. There was no provision in the law to pay benefits to the surviving father with minor children in his care. However, the surviving mother with minor children in her care has always qualified for monthly benefits. Due to a recent supreme court decision, the surviving father can now receive monthly payment based on his wife's work.

Many women have the idea that there isn't any advantage to them in paying social security taxes. However, the two preceding examples should lay this idea to rest. In addition, when a working woman retires, she will receive if she was just eligible as a wife on her husband's.

Fisher said that anyone who has questions regarding benefits payable to working women and their families should telephone, write, or visit the Odessa Social Security Office at 516 First National Bank Bldg.

ruminants convert plant energy and plant protein into animal protein. We need further research into the process of photosynthesis, whereby the plants convert solar energy into their own energy and therefore become productive. Not enough progress in these important areas has thus far been achieved. This is an area in which private enterprise is not likely to undertake the necessary research; government will have to provide a needed stimulus for further progress in this area.

Mr. S. H. Underwood, who has been in a San Angelo hospital for several weeks, had surgery Tuesday and is reported in satisfactory condition.

Mr. and Mrs. Herbert Brown took their grandchildren, Toni and Jerry Andrews, to Van Horn and they were taken on to El Paso by the family of Kenneth Andrews, their father, and they will visit him for two weeks. The Browns returned home Wednesday and went to San Angelo on business Thursday, returning home Friday night.

Mr. and Mrs. S. C. Harrell went to Sierra Blanca Sunday and returned his brother, Willis Harrell, who was dismissed from an El Paso hospital Saturday after having surgery. Mrs. Jim Nance had taken her brother to Sierra Blanca and the Harrells met him there. Sharon rendition went to Sierra Blanca with the Harrells and her grandmother, Mrs. W.P. Pendleton, met her there to take her to El Paso for a visit.

Welcome To This World

To Mr. and Mrs. Boyd (Booty) Wood of Tom Ball was born their first child, a son, on Friday, August 8.

His birth weight was nine pounds, 14 and one-half ounces and his name is John Jackson.

Mr. and Mrs. F.M. Wood are the paternal grandparents and this is their first grandchild.

VFW CALLED MEETING TO BE SUNDAY AT 2 P.M.

Easter Seals Aid Handicapped

The Texas Easter Seal Society, a voluntary health agency operating in the state of Texas since 1929, helps to provide direct services for physically handicapped persons who cannot afford to pay all or part of the costs involved, and who are not eligible for help from any other resource -- public or private.

According to such sources as the United States Public Health Service, the American Speech and Hearing Association and the Texas State Department of Public Welfare, the physically handicapped in each 1,000 population is estimated to be 135 persons. By definition, physically handicapped includes orthopedic handicaps, arthritis, speech and hearing handicaps, strokes, cerebral palsy, multiple sclerosis, cleft lip, palate or both, muscular dystrophy and Parkinson's Disease.

The State Easter Seal organization provides the following services to persons suffering from these disabilities: (1) Assistance in paying for physical, occupational, and speech therapy when it is prescribed by a medical doctor. (2) Pay for specific diagnostic evaluation (such as orthopedic, audiological, language and psychological) when related to a physical disability. (3) Purchase orthopedic equipment such as wheelchairs, walkers, crutches, braces, etc., when prescribed by a medical doctor. (4) Help to defray transportation costs for treatment or evaluation when related to the services provided by the Easter Seal Society and when the family is unable to meet these costs. This is determined by paying 30¢ per gallon -- based on 10 miles per gallon, figured on a round-trip basis -- or by purchasing round-trip bus tickets. (5) Assist families and individuals to contact the right person, agency or organization to obtain help the Easter Seal Society cannot provide. People are often eligible for services from public or private agencies and organizations but do not know whom to contact, eligibility requirements, or where to obtain the services needed. The Texas Easter Seal Society can provide this information.

Before being rendered, all services must be prescribed by a medical doctor and payment authorized by the Treatment and Service Department of the Texas Easter Seal Society.

Should you have any specific questions, please contact your Terrell County Easter Seal Representative, Charles Riggins, at Riggins Jewelry Store. Additional information may be secured by writing the Texas Easter Seal Society at 4429 North Central Expressway, Dallas, Tx. 75205.

BRUTONS MOVE HERE

Mr. and Mrs. Homer Bruton and children have moved here from Guthrie and are residing in the house on School St. formerly owned by Mr. and Mrs. H.E. Ezelle, which they have bought.

Mr. Bruton will teach math and chemistry in Sanderson High School and she will be the homemaking teacher, having begun her duties on Monday.

The Brutons have four children: Jack, a May graduate of Guthrie High School and yet undecided as to future plans, John, who is a senior in high school, Dona will begin her sophomore year, and Parris, will be a second grader.

LETTERS TO THE EDITOR

"Do hope this finds you and yours well and happy. We have talked and thought of you many times, as your strong love and support during our 2 years in Sanderson will be a lasting memory to us.

"I am enclosing a check for the Times. We enjoy receiving it and find it helps us keep track of events in Sanderson. Hope this is not too late to continue our subscription.

"We are both fine and keeping busy with our jobs. Richard successfully completed his chaplain intern year at St. Elizabeth's Hospital here in Washington, D.C., and is now working as an interim chaplain at Walter Reed Hospital. This is still a new learning experience for him, as Walter Reed handles many of the physically critical patients referred from other military hospitals. A very demanding schedule for him!

"I'm still working as a food service specialist for U.S.D. A. - school lunch program. My work has become more and more interesting as I am assigned to more complex projects. I learned much about the workings of Congress through my assignment to review legislation and am now on the task force to re-write our regulations and instructions. Am sure I see only a small portion of the total picture here, but find my work very challenging.

We took a short vacation to Albuquerque, N.M., and San Antonio recently to visit our families. We flew, since our time was limited, but did get to see all our relatives. We do miss our families, being so far away, but it looks as though we will spend another year here. After that long move last year, am not sure I could face it again, anyway.

"The weather is hot and humid here now. We have had lots of rain, and the Potomac is very swollen. Doesn't seem to discourage the tourists any, as they are in full force now that summer's here.

"Take care. Hope all is well.

"Lots of love, "Sally and Richard (White)"

Mrs. Ola Penney was here last Thursday attending to business matters. Her niece, Mrs. Betty Westerman, of Monahans, brought her to Sanderson as Mrs. Penney is there while recuperating from a fractured leg received in a fall almost three weeks ago.

Mr. and Mrs. Howard Stavley have made several trips to Brownwood to complete their move to that city where they have a stock farm. Mr. Stavley recently retired from his job as a conductor on the S.P. Railroad. Mr. and Mrs. T.W. McKenzie accompanied them on the trip Friday.

Joint VCS Ended Last Friday Night

Friday evening marked the close of the Daily Vacation Church School which was a joint project of the Presbyterian and Methodist churches. Rev. David Treat was the general superintendent.

Classes were held in both churches and met in the evenings which was a departure from the usual meetings in the mornings and proved to be very acceptable.

Another innovation this year was a class for adults, from high school grades up, and there was an enrollment of 20 for the class. J.A. Gilbreath was the leader for the class studying "Pilgrimage People". Lloyd Goldwire, N. M. Mitchell Jr. and Miss Jane Fisher had the class for the 7th and 8th graders which also met in the Methodist Church. Several ladies took turns taking care of the nursery.

The pre-schoolers and other classes for children through the 6th grade met in the Presbyterian Church. Working with the children were Mmes. Lloyd Goldwire, Kenneth Snow, Bert Bell, Dudley Harrison, Richard Gates, F.D. Fisher, Randy Brown, Larry Choate; also Misses Alice Goldwire and Jeanette Kerr. The children gave some responsive readings and sang several songs. Their handwork was exhibited. There was an enrollment of 33.

Mrs. Irvin Robbins was pianist for both groups. Refreshments were arranged at both churches by Mrs. Dick Sullivan and Mrs. W.W. Suduth, the cookies and punch being provided by the women of both churches.

PERSONALS

Mrs. J.A. Gilbreath and her granddaughter, Shannan Blackmon, were in Fort Stockton Saturday for Mrs. Gilbreath to attend the art show.

Mr. and Mrs. David Mitchell and Michael were in San Angelo last week for Michael to have medical examinations.

Dudley Harrison has been on crutches for several days as a result of a motorcycle accident at the ranch recently.

Mr. and Mrs. Al Word were in Houston for several days last week for him to have medical tests and examinations.

Vernon Keyes and Wayland Taliaferro were on a successful fishing trip to Lake Amistad for two days last week.

H.L. Surratt of El Paso took his mother, Mrs. C.L. Surratt, to Camp Wood for the annual barbecue and homecoming on August 2, honoring the older residents of Real County. En route there they visited her sister, Mrs. John Rowland, in Del Rio and reported that Mrs. Rowland is able to walk with the aid of a walker after fracturing her hip in a fall at the Roswell Hotel where she resides.

Mrs. T.O. Moore Jr. and her daughter, Angela, were in Abilene last week on business and returned to visit her parents in San Angelo Tuesday night when they learned of the death of Mr. Early's son, Dwayne Early, of Abilene, in a car accident. Mrs. Moore and her parents returned to Abilene for the funeral services Wednesday.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams

AUSTIN — First Texas impeachment trial in 44 years is scheduled in the State Senate September 3.

A 10-count impeachment resolution against 229th District Judge O. P. Carrillo was voted by the House of Representatives August 5 by an overwhelming margin (128-16).

Gov. Dolph Briscoe fixed the trial date in cooperation with Lt. Gov. Bill Hobby, presiding officer of the Senate.

Leon Jaworski, Houston attorney who was chief Watergate prosecutor, will serve as special counsel for the Senate during the expected lengthy trial.

Terry Doyle of Port Arthur will serve as House special prosecutor.

Impeachment proceedings have been voted against only three Texas officials in the last century and just one, former Gov. James E. Ferguson, actually was removed from office and forbidden to run again. A two-thirds vote of the Senate is necessary for removal.

Carrillo stands charged with a variety of wrongs, including abuse of judicial powers, political conspiracies and using county personnel and property for his personal benefit.

Campaign On

Advocates of a new constitution have opened campaign headquarters and named a campaign director for an all-out effort to begin soon after Labor Day.

The election is scheduled November 4.

A rival "Committee to Preserve the Present Texas Constitution" also has filed necessary legal papers with the Secretary of State but has scheduled no activities.

Rep. Ronald Earle of Austin will head the campaign office for "Citizens for the Texas Constitution." Former State Supreme Court Chief Justice Robert W. Calvert is in overall charge.

Atty. Gen. John Hill, House Speaker Bill Clayton and Lt. Gov. Bill Hobby are among strong supporters of revision.

Governor Briscoe said he still has reservations about the legislative and financial articles, but has not decided whether to offer strong opposition.

Comptroller Bob Bullock is opposed to local government and financial articles but backs judiciary, legislative and executive article changes.

The AFL-CIO expressed opposition to judiciary and local government articles.

Tax Hike Disputed

Texas Research League disputes claims that the new state school finance law is forcing steep local tax increases.

In nearly all instances, said TRL, increases in the local share of school costs can be absorbed by shifting tax dollars from so-called "enrichment" programs into local Foundation matching fund requirements. Raising taxes is a local choice, according to TRL.

AG Opinions

An act granting veterans preference in governmental employment is valid, although a five-year residency requirement may be unconstitutional, Attorney General Hill held.

In other recent opinions, Hill concluded:

- County regulatory authority over solid waste disposal within cities is limited to licensing disposal sites.

- The prison system has no authority to require inmates getting college education benefits to apply for federal veterans aid or to make reimbursement.

- Port of Beaumont Navigation District may own and operate facilities within the Port of Orange, but must serve only the Beaumont district. Property and facilities may be leased to an individual or corporation for private industrial use.

- A Dallas County deputy sheriff may not also be a city councilman.

- Galveston County may not divert to other road projects \$5 million in bond proceeds committed to Bolivar Crossing.

- A&M University may erect permanent improvements on certain land owned by the system subject to reversion to the U.S.

Insurance Hike Asked

Insurance industry spokesmen have urged the State Insurance Board to fix homeowners policy rates on an annual basis, rather than the traditional three-year period.

As an alternative, the industry urged a 22 per cent increase in the three-year premium. Inflation and unexpected losses were cited. The Board raised rates 19.3 per cent last January, but the industry claims that was insufficient.

Jobless Rate Up

Unemployment payments reached another record high last month, with \$24.8 million in benefits distributed.

Comptroller Bob Bullock said an average of 21,000 Texans received weekly benefit checks every day. Payments topped \$1 million on 19 days of July.

July payments bring to \$143.5 million the total jobless aid paid for 1975. This compared with a total of \$79.2 million for all 1974.

Highest daily payout in July was \$1.3 million to 25,180 persons and the lowest \$938,457 to 18,071, according to the Comptroller's figures.

Short Snorts

Liberal Democrats filed notice of intent to challenge the Texas Presidential preference primary law and the 1976 state delegate selection plan.

Stocks of carry-over wheat in Texas are 42 per cent below those of last summer, according to Agriculture Commissioner John White.

Don L. Partridge of Austin and Dr. Jim L. Kidd of Canyon are new associate state commissioners of education.

It wouldn't be the same...

Cooking a meal for your family on a modern electric range is a far cry from the "good old days". By flipping a switch or pushing a button on an electric range, you can cook a delicious meal in not much more time than it took yesterday's cook to shovel in messy coal or build a fire with wood in her stove. And she had to cope with the inaccuracy of the heat which often caused baking failures . . . plus . . . the discomforts of an overheated kitchen. Clean, dependable, modern electricity helps make your kitchen chores easier, faster and more enjoyable. Since so many homes, industries and educational facilities depend upon electricity, more of it is used than ever before. We're doing our best to continue providing you with all the electric service needed so that electricity will be there when you flip that switch, plug in that appliance . . . or bake that favorite family dessert.

Notice is hereby given that the Board of Trustees of the Terrell County Independent School District, Sanderson, will have a budget hearing for the year 1975-76 on August 18, 1975, at 7:00 p.m. at the school administration building in Sanderson, Texas. DON ALLEN, president W.E. TenEyck, secretary.

RAELINE THOMPSON WINS PHOTOGRAPHY AWARD

Miss Raelene Thompson attended the photo journalism school at Texas Tech University in Lubbock July 20-25. She is a member of the annual staff of Sanderson High School.

She received the award as the "outstanding photographer of the Southwestern Council of Student Publications for 1975". The award, an engraved plaque, was given on the merits of having worked the hardest at the school in making the best prints from her photographs.

Mrs. Gene Thompson accompanied her daughter on the trip and they visited Mr. and Mrs. Bill Binegar, former residents now living in Lubbock.

NOTICE

All parties interested in organizing a Bicentennial Committee here are requested to meet in the county court room on Wednesday, August 20, at 8:00 p.m.

CARD OF THANKS

Words can in no way express our gratitude for the many kind and thoughtful deeds during the time of our sorrow and loss of our loved one. There were so many flowers, food, calls, visits, cards, and expressions of care and concern and all this will long be remembered and appreciated.
