

VOLUME 68, NUMBER 40

SANDERSON, TERRELL COUNTY, TEXAS 79848

OCTOBER 2, 1975

It Depends on

Maybe it's the time of day when it happens, or the fact that I had a sore throat when I read it, or no telling what; but sometimes when I read something, things flash through my mind at about 200 miles an hour, and thoughts begin to take form!

Such was the case twice last week in my reading!

One reading was about passing a law prohibiting the use of a vehicle powered by gasoline, diesel, fuel oil, etc., to bus students to a school further than the closest one to their home -- and done in the name of "energy conservation"!

Now if energy conservation is the real purpose in legislation of this kind, rather than a back-handed effort to interfere with what some educators call "equal opportunity", then the legislators are honor bound to consider the untold millions of foot-pounds of energy spent in the planning, attending, and staging of the many athletic activities over the nation during the year.

Professional, semi-professional (at about 3 class-level divisions), university, college, high school, and junior high school athletics cause the consumption of more energy every year - and for entertainment only - than busing ever dreamed about using - and for "equal educational opportunity"!

And we claim to have our heads screwed on straight!

Or you might claim that I don't like athletics. I don't care what you claim - the rational used is difficult to deny!

And the athletic events involved include everything from swimming to ice hockey!

And the other thing that galled me when I read about it, was the use of only one foreign language in voter registration applications on the forms mailed by the Secretary of State of Texas that also explained the proposed Texas Constitution revision. We believe that equality is the first step toward fairness.

And there are ethnic groups that can use help in their native tongue as much as do our Spanish-speaking friends, and they are entitled to the same privileges and rights.

Another drawback to the voter register application form in any foreign language is the necessity of the voter registrar having to speak the language used to print the application, otherwise they cannot really legally register the voter, as they are sworn to correctly conduct their duties, and there's no way to fill out a form that you can't understand -- that's why they're printing some of them in a foreign language!

And there's absolutely no continued to second page

Mr. and Mrs. Jimmy Davis of Sanderson, aboard the luxurious Emerald Seas sailing from downtown Miami to Nassau. Bon voyage photo taken pool-side prior to sailing. Passengers enjoyed the French outdoor cafe, beautiful lounges, exceptional staterooms complete with closed circuit television, and music, all meals aboard ship. The weekend in Nassau offered day and night tours, excellent swimming at beautiful beaches. The Davises were in Miami for a convention of the United Transportation Union.

Can You Vote? X

The Times is printing a voter registration form for the benefit of those who have attained the age of 18 in time to be eligible to vote in the election in November, and for those who have not previously registered, or those who failed to vote during a period which would extend their registration.

October 3 is the last day to register if you want to vote on November 4 and if you are not now registered.

Information received by The Times is that there will be a re-registration of all voters in the state following the November 4 election, and re-registration every two years after that. Present registration processes, if they are not adhered to strictly to voter registrars of the state, permit persons to be registered in more than one precinct, county or state for voting.

The November 4 election is for considering a new constitution for the state of Texas, a copy of which has been mailed to every post office box holder of the state with the expectation that they would read and understand the proposal and be able to vote intelligently.

Pecos County Well Gets Big Gas Pay

Phillips Petroleum Co. No. 1-E Mitchell has been completed as a Strawn gas strike in Pecos County, 35 miles southwest of Sheffield and six miles southwest of the Hokit (Strawn) field.

Calculated, absolute open flow potential was 67.5 million cubic feet of gas per day, producing through perforations at 11,328-11,896 feet, which had been acidized with 8,000 gallons.

It is bottomed at 12,114 feet and has 5 1/2-inch casing set at total depth.

Location is 860 feet from north and 660 feet from west lines of section 9, block 102, J.H. Gibson survey.

Saturday Park-Pool Project 'PushDay'

Saturday is the day for the concentrated effort to raise \$5,000.00 for the Terrell County Bicentennial Park-Pool project.

There will be a food sale at Bill's Superette starting at 9:00 a.m.

A door-to-door canvass of the town will be made to accept contributions and pledges to the project.

Memorials have been received and it is anticipated that there will be more contributions made to this fund.

County Judge Charles Stavley stated Tuesday of this week that Terrell County had been given the option to buy the land needed for the park-pool project and the \$5,000 is needed to complete the \$20,000 as matching funds for a grant available from the Texas Parks and Recreation Commission. This money may be used to purchase the land and make certain improvements to the property.

The Terrell County Commissioners Court allocated \$15,000 toward the needed

\$20,000 as matching funds, thus leaving \$5,000 to be raised before January to take advantage of the offer of the grant.

The cooperation of all citizens of the county is anticipated and urgently requested to complete the project in the one day to assure Terrell County of having a swimming pool and park.

Strawn Oil Found Near County Line

Skelly Oil Co. No. 1-66-Slaughter, former Pennsylvanian detrital gas opener in the Yucca Butte, West field of Pecos County, has been re-completed as a Strawn oil discovery.

It pumped 60 barrels of 40.5-gravity oil and 85 barrels of water on potential test, with gas-oil ratio measuring 713-1. Production was through perforations at 8,157-8,594 feet, which had been acidized with 7,500 gallons.

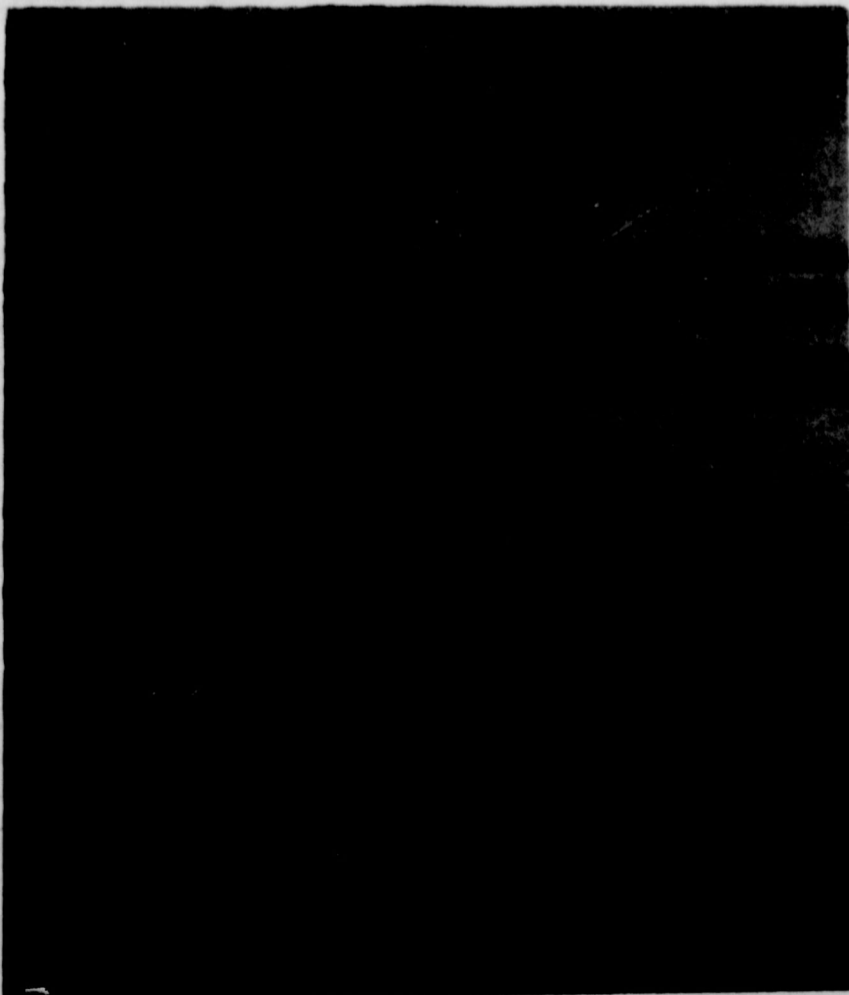

Drilled to 11,310 feet, it is plugged back to 8,594 feet, and has 5 1/2-inch casing set at 8,950 feet.

It was completed in March, 1973, from the Pennsylvanian detrital for 3.657 million cubic feet of gas per day, through perforations at 8,796-8,816 feet.

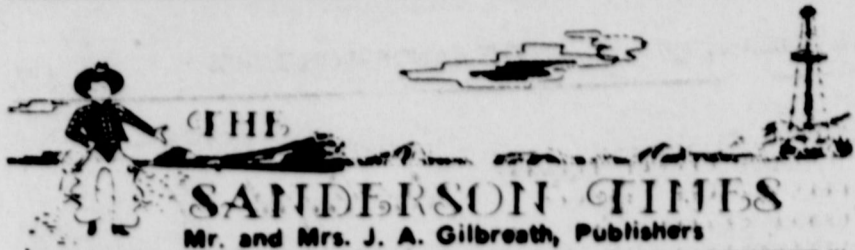

Location if 785 feet from north and 2,498 feet from east lines of section 66, block A-2 TCRR survey, 11 miles west of Sheffield.

F.C. Grigsby loaned us the picture of a family enjoying a swim in a large concrete tank probably in the late '20s. The bathing suits of the swimmers of that time fail to offer much except contradictory comparison to the styles worn now, but the water was as wet!

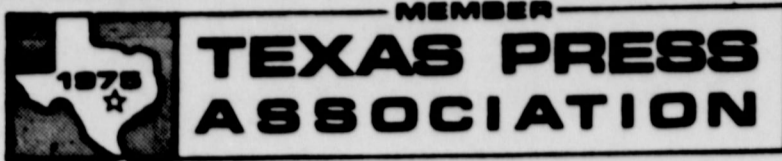

Use The Times want ads for buying and selling! adv

Entered at Post Office in Sanderson, Texas, July 22, 1908, as 2nd class mailing matter under Act of Congress March 8, 1879. Published Thursdays at Sanderson, Terrell County, Texas 79848

It Depends on

How You Look At It!

continued from front page rebuttal for that! The entire 24-page mailing is available to any who want one in the Spanish language, but in no other language besides that and English.

Our Texan heritage brags on the "six flags" idea, but we recognize those whose ancestry is either U.S. or Mexico. The French, Indian, German, Polish, etc., etc., descendants of our state have some rights, too, don't they? After all, it's also their tax money that is being used to print and distribute these other mailings. That's the way we look at it!

We have more reasons than one to make another fishing trip soon - there is more than one uncaught fish! Sportsmen over the state are very active about now, what with dove hunting, deer season approaching, etc., etc. Requests are coming in fast and furiously asking about information concerning the coming deer hunt. Lots of hunters are being told that the deer population is plentiful and in good shape and are anxious to come out and try the sport. We see lots of big bucks on the roadsides at night and they are in good shape!

Survey Prepared For RC&D Project

Larry Seymore, local work unit supervisor for the Soil Conservation Service, has received a copy of a survey prepared by the Permian Basin Regional Planning Commission. The survey is for the Trans-Pecos Resource Conservation & Development Area, and includes Crane, Loving, Pecos, Reeves, Terrell, Ward, Winkler, and Upton Counties. The objective of the RC&D project is to bring a closer coordination of all subdivisions of government, private and civic groups and the business establishments of the area in an effort to provide an attractive convenient and satisfying place to live, work and play, and to improve the quality of the standard of living based on community improvement and adequate income. The survey covers age, income, soil types, vegetation types, business review, etc., and also lists 33 specific objectives, from wildlife to civic improvements, range improvements, energy conservation, and ecology.

JANES FUNERAL HOME "DEDICATED TO SERVICE" (915) 392-3202 OZONA, TEXAS 76943

Junior High Teams Beat Balmorhea

The Sanderson Junior High School football teams downed the two teams from Balmorhea that were here Thursday afternoon of last week.

Carlos Garza is coach of the junior high Eagles. The 7th grade team played two quarters and the Eagles won 8-0. Carlos Castro scored on a 35-yard run around left end, and William Eckert scored the point-after on a counter play up the middle.

Coach Garza stated that the 7th graders all did a good job together to earn the win and prevent the opposition from scoring.

The 8th grade Eagles won their game 12-0 against a good Balmorhea team, according to Coach Garza. He said that it was a complete team effort on their part.

Milby Winn scored the first touchdown on a 40-yard run on a wing-back reverse in the first period and in the second frame, Winn scored on a dive play from about four yards out.

Coach Garza stated that he was proud of the defensive effort of the team and their errors were minimal.

Iraan 8th graders will be here Thursday for another game and some of the 7th graders will be able to play in the game, but there will be no game just for the 7th graders of both schools.

Call The Times for printing!

Domestic Air Mail Gets Same Service As 1st Class Mail

Sanderson Postmaster Ray Hodgkins announced last week that a change was being made in all domestic first class mail as of October 11. At that time all domestic first class and domestic air mail will receive the same service over the nation.

There will be no service advantage in sending a letter or parcel air mail in the United States, according to Hodgkins, over sending the same letter or parcel first class mail.

This service advantage for parcels mailed first class mail should still have an advantage over the service for parcels sent fourth class mail - the normal method for most parcels mailed.

Airmail postage should still be used on all international mailings for the best possible service, the postmaster stated.

More Gas Hit Near Pecos-Terrell Line

Phillips Petroleum Co., No. 1-A Coates, Pecos County Ellenburger gas strike, 18 miles southeast of Bakersfield, and 11 miles southeast of Ellenburger production in the Hokit field, continued production tests.

It flowed 24 hours through various size chokes and perforations at 12,951-13,449 feet, making gas at the rate of 2,507,000 cubic feet per day, plus 24 barrels of condensate and 40 barrels of water.

It is 1,200 feet from south and 660 feet from west lines of section 57; block 2, CC-SDERGNG survey.

HNG Oil Co. of Midland will drill a 3/4-mile east step-out to production in the Perry Bass (Devonian) gas field, 39 miles southwest of Fort Stockton.

**Alpha Theta Alpha Sorority**

Alpha Theta Alpha met Tuesday, September 23, at the courthouse with Mrs. Kenneth Shurley, president, presiding.

Social committee chairman, Mrs. A.N. Farley, announced that the fall rush party would be held after the regular sorority meeting on October 14 at the home of Mrs. L.M. Choate. Members and guests are to wear red, white, and/or blue or colonial dress.

Mrs. Jack Linam was appointed to look into the possibilities of Alpha Theta Alpha sponsoring a dance.

Mrs. Charles Stavley reviewed members on the Book of Beta Sigma Phi.

Mrs. M.E. Morris conducted the program, "What Women Are Heir To."

Miss Linda Ball, hostess, served fruit cocktail cake, iced tea, and coffee.

Other members present were Misses Larry Seymore, Burt Williams, W.O. O'Rourke, B. A. Pendleton, Jack Linam, and L.M. Choate. Mrs. K.K. Robinson, an honorary member, was also present.

**Boost the Park-Pool Project!**

**TOMMY K. COUCH HAS FIRST BIRTHDAY PARTY**

Mrs. T.J. Couch entertained with a party in the home of Mrs. Serapio Picaso on Sunday afternoon, August 21, honoring her son, Tommy K., on his first birthday. Mrs. Picaso is his aunt.

The birthday gifts were displayed and the little guests, numbering 45, enjoyed breaking the elephant pinata.

Punch, cookies, and sandwiches were served with the birthday cake which was decorated in miniature motorcycles and rings for favors.

**'Backward' Party For Young Set**

Thursday evening after the football games, the pupils of the 7th and 8th grades gathered in the Memorial Park for a "backward" party. Appropriate signs decorated the park which was called "Backwardsville" for the evening.

As the guests arrived, appropriately dressed for the occasion, they registered at a sign-in point where they were given name tags with their names written backwards and from then on their conversations and everything they did was "backwards". Offenders were placed in a penalty area and a stock and were pelted by the other guests with wet sponges. Acting as "sheriffs" to take the offenders to the area were Roland McDonald, Gene Black, and Mike Furman.

The invitation to supper was "Eat Let's on Come" and they served cake in cups and punch in plates with tongue depressors for eating utensils. Frito pie and pinto beans were also served.

A period of games followed, including egg toss, backwards race, etc.

Fifty-four pupils attended the party and other invited guests included Coach Charlie Garza with his wife and baby; Jack Cosby, Mrs. George Escobar, and Mrs. Larry Choate, teachers.

Hosts for the party were Scott McDonald, Cynthia Hornsby, and Aubby Black. They were assisted by their mothers, Mrs. Roland McDonald, Mrs. Charles Hornsby, and Mrs. Gene Black. Mrs. Mike Furman and Mrs. K B. Kothman assisted in serving.

Mrs. Peggy Sullivan is in Odessa with her brother, John Scannell, and wife and undergoing treatments.

**Shower For Bride-to-Be, Barbara Freeman**

Miss Barbara Freeman, bride-elect of Kenneth DuPree of Del Rio, was honored at a bridal shower Saturday in the home of Mrs. Barton Massey. Miss Freeman is the daughter of Mr. and Mrs. A.T. Freeman of Del Rio, former residents.

Joining the honoree in the receiving line to welcome the guests between the hours of 4:00 and 6:00 in the afternoon were her mother and Mrs. Massey.

The guests were directed to the register with Mrs. Anthony Welch presiding.

Miss Wynne Massey and Mrs. Jim Payne Jr. of Alpine served from the refreshment table covered in a lace cloth and centered with an arrangement of yellow flowers and greenery. Golden punch, mints, and nuts were served with the cake squares iced in white and decorated in tiny yellow flowers.

Yellow corsages were worn by Miss Freeman and her mother, the hostesses, and the members of the house party.

Assisting hostesses were Mesdames George Carter, Ernest Couch, Pat Mott, H.M. Petty, and Ira Moses.

**BIRTHDAY PARTY FOR VERONICA FUENTES**

Veronica Fuentes, daughter of Mr. and Mrs. Francisco Fuentes, celebrated her fourth birthday with a party Sunday afternoon, September 28, at their home with about 70 guests attending, including the parents of many of the children.

The children were entertained by breaking a Raggedy Ann pinata and playing several games of "bingo". Prizes were given to Serapio Picaso Jr., Veronica Ramirez, and David Hagelgans at "bingo"; also to Angie Villarreal for breaking the pinata.

Refreshments consisted of cake, punch, cookies, chicken salad sandwiches, potato chips, chips and dips.

**Gearlds Felts Peter On August 27**

Mr. and Mrs. Ronnie Gearlds are residing in Odessa following their marriage on August 27. The bride is the daughter of Mrs. Ora Mae Felts of Fort Stockton and the late Jimmie Felts. Mr. and Mrs. Ramond Gearlds of Atlanta are the parents of the bridegroom. The Felts are former Sanderson residents.

The bride attended Fort Stockton schools and is now attending Odessa High School. The bridegroom, a graduate of the Atlanta High School in 1974, now attends Odessa College and is employed there also.

**It wouldn't be the same...**

Imagine the inconvenience of heating your present home during winter with an old fashioned wood burning stove. Each cold morning a fire would have to be started and then heavy loads of wood carried into the house throughout the day to keep it burning. You would have to clean out the dirty ashes and cope with soot and smoke. Fortunately . . . clean, modern electricity heats your home accurately and dependably with just the flip of a switch, while you relax in any room. Since so many homes, industries and educational facilities depend upon electricity, more of it is used than ever before. We're doing our best to continue providing you with all the electric service needed so that electricity will be there when you plug in that appliance, or flip that switch to heat your home.

### AARP Hears Talk By Sudduth On Fire Prevention

The Sanderson Chapter of the American Association of Retired Persons held its September meeting in the fellowship hall of the First United Methodist Church last Tuesday evening.

The meeting was open to the public and Fire Chief W. W. Sudduth made a very interesting and informative talk on "Fire Prevention", stressing the conduct of children and elderly people during a fire emergency that could save lives and reduce bodily injury. He also showed an interesting film which emphasized his points.

The October meeting will be at the First Baptist Church on Tuesday, Oct. 28, at 7:30 p.m. Rep. Susan McBee of Del Rio will speak concerning the new constitution of Texas which will be voted on in November. This will afford an opportunity for the citizens of Terrell County to get a clear insight of what they will be voting on and everyone, regardless of age, is invited to attend.

The only requirement for membership in the National Chapter of AARP as well as the local chapter is that a person has attained the age of 55. It is not necessary that any member of the person's family be retired.

### Mrs. Burt Williams As Party Honoree

The Alpha Theta Alpha Sorority honored Mrs. Burt Williams, who moved to Georgetown, with a surprise dinner at Mr. and Mrs. Charles Stavley's home on Thursday, September 18.

Mrs. Williams was presented with a plaque and a framed copy of an Irish prayer.

An arrangement of yellow daisies graced the table on which was served a buffet of ham, potato salad, red beans, congealed salad, relishes, deviled eggs, homemade rolls, meringue dessert, butternut cake, and iced tea. Wine coolers were served before the meal.

Those attending were Messrs and Meses. Burt Williams, L. M. Choate, Charles Stavley; Meses. Larry Seymore, M.E. Morris, W.O. O'Rourke, Kenneth Shurley, Jack Linam, A. N. Farley, Bill McDonald, K. K. Robinson, and W.M. Siegen-thaler; Meses Linda Ball, Yolanda Escamilla, and Lupe Garza.

### Layette Shower For Mrs. Macroy Cruz

Mrs. Macroy Cruz was named honoree for a layette shower on Tuesday, August 23, in the home of Mrs. Tommy J. Couch. Nineteen guests attended.

A pink and blue color scheme was noted in the wrappings on the gifts which the honoree displayed after she had removed the wrappings.

The same colors were repeated in the refreshments of punch, blue and pink cup cakes, cookies, and also a large cake decorated in miniature baby cradles, high chairs, scales, bassinets, etc.

WELCOME To This World!

To Mr. and Mrs. Darwin Schrader of Big Lake was born a daughter on Monday, Sept. 22. Her birth weight was eight pounds and two ounces and her name is Amy Michelle. The Schraders are former Sanderson residents. Mrs. Schrader, the former Pat Thomas, was the band director.

### PLANNING A BOOTH AT HALLOWE'EN CARNIVAL?

Persons interested in having a booth at the Halloween Carnival are asked to contact Mrs. F.D. Fisher before October 26. Efforts are being made to prevent duplications in the booths and offer a diversified entertainment.

### GS COMMITTEE TO MEET

There will be a meeting of the Girl Scouts Neighborhood Council Tuesday at 1:00 p.m. at the Girl Scout Hut. All leaders, assistant leaders, committeemen and all Girl Scout mothers are urged to attend the meeting. Mrs. Charles Stegall, chairman, stated that the purpose of the meeting was to try to recognize a correct form of Girl Scout Council and to discuss plans for the year.

Mr. and Mrs. Charles Mc-Aughan visited with relatives and friends in Houston for a week.

Mrs. L.G. Hinkle was in

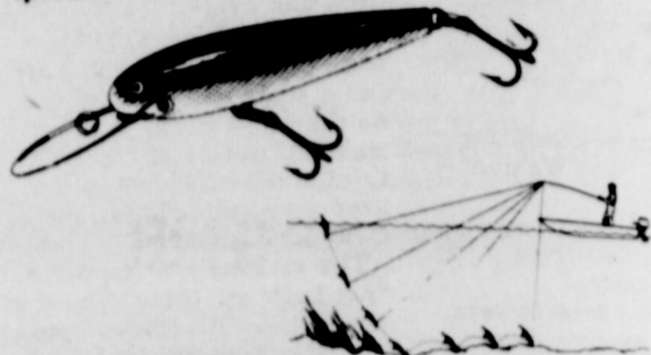

Fort Stockton Wednesday for dental work. Mrs. Clyde Higgins and Mrs. H.H. Shelton accompanied her on the trip.

Miss Frances Bustos is in Del Rio for two weeks to manage the C.G. Morrison Co. store while the manager there is on vacation.

## 'WORLD'S MOST WANTED LURE' RAPALA - DEEP DIVER MODEL

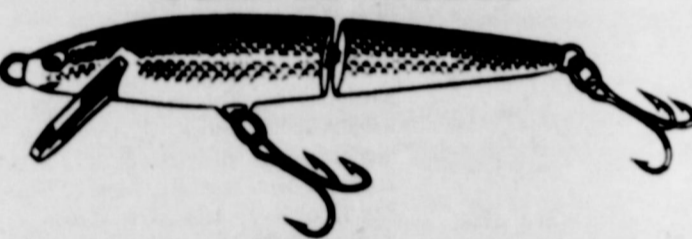

### RAPALA - "DEEP DIVER 90"

Newest of the Rapala Lures floats at rest and dives almost vertically upon retrieve, and will hold its depth even at a very fast retrieve or troll. Use with a leader of about 10-pound test or lock snap only. Cast to the edge of a weedbed, rockbar, or drop-off area. In warmer weather, use a faster rate of retrieve, allowing the lure to bump bottom. Don't always use a steady retrieve - vary them by starting and stopping and changing speeds.

Bottom bumping method shown. Rapala Deep Diver 90 is equally effective free swimming at 10 to 15 foot depths. No. 7 will run 8 to 12 feet and No. 9 will run 10 to 15 feet depending on speed, length and weight of line.

## RAPALA - ORIGINAL FLOATING JOINTED MODEL

The Jointed Rapala, newest member of the world famous Rapala lure family, was developed in response to great demand from fishermen everywhere for use where livelier, attention-getting action is desired. Balanced Rapala action is retained whether it is fished very slowly or trolled at high speed.

Like all Rapala lures, each one of the new jointed models is hand tested and adjusted for perfect balance and swimming action at all speeds. The new jointed Rapalas preserve the life-like appearance and Old World quality of construction that have made the other Rapala lure models famous fish-catchers throughout the world.

The livelier action designed into this lure makes it extremely effective when fished in the shallows, varying the speed of your retrieve. It can also be successfully fished in any of the suggested methods shown on pages 4 and 5. It is recommended that a snap only be used to fasten the line to the lure rather than a clinch knot.

# Terrell County Family History is being compiled

BY THE TERRELL COUNTY BICENTENNIAL HERITAGE COMMITTEE

## ATTENTION -- TERRELL COUNTY CITIZENS

A book is being compiled (with your help), as a Bicentennial project, to record Terrell County family histories, from our 1st pioneer to present times.

Every family is asked to write a history of themselves and their forebears. Family pictures, old contracts, documents or interesting historical and latter day information pertaining to your family, your business, or your town and county should be included. Those families who have previously lived here, but have moved, are urgently requested to send in a history.

Write your family story in 1,000 words or less, if possible. Terrell County residents arriving after 1950 please limit your article to 500 words or less, but do write it! It would be interesting if you furnished the state, county or town from which the family came.

Please give parents' and grand parents' names on both husband's and wife's sides. Tell the approximate date and area where they settled, from whom or how they (you) obtained home, ranch or business or how and by whom they were (you are) employed. Name children and their spouses, if any, and grandchildren. Give the area or street where you or your early Terrell County relatives lived (you live), and describe any customs, social life, foods or living conditions not common today, also organizations belonged to, special honors and happenings.

Any interesting, entertaining, or unusual occurrences will be most eagerly read about and will help preserve Terrell County history for future generations. It's important to remember that today's families will some day be ancient history - let's get the facts down right - now!

The Terrell County Family History Book will have up to 500 pages, depending on the number of family histories submitted. The book will be hard bound and of high quality. Each article should be signed:

"Submitted by \_\_\_\_\_."

Due to reasons of space or repetitions the stories may need to be edited (not changed). Please enclose your telephone number. The price of a book will be \$17.50 plus tax (60¢), and \$1.00 if the book is to be mailed. You do not have to purchase a book to have your story printed, but we believe the book will be of interest and value in the years to come. Since we will have to have enough money in the bank to pay for the printing before it begins, we will need prepaid orders. All payments will be held in escrow in the Sanderson State Bank and if we do not obtain enough orders to print, all money will be returned. We do not anticipate a profit from the printing, but if any occurs the money will be turned over to the Terrell County Historical Commission to be applied to the Museum Fund.

Our county, though small in population, has far reaching ties and influence. You seldom meet a stranger in Texas (sometimes out of state, too!) who has not lived in, stayed over at, or heard about Sanderson, Dryden, and Terrell County. We are rich in not too distant history and many of our pioneer families have descendants active in Terrell County life today. A special section of the book will be made up of memorial pages honoring these pioneers. You may wish to purchase a single page for a memorial at \$100. Of course, there is no charge to publish your story with pictures in 500 or 1,000 words or less.

Please submit all stories typed, if at all possible. Double space all typed pages. Number and sign each page in upper left hand corner. Pictures, old documents, contracts, etc., sent in with your story should have your name on the back (if it would not destroy the historical value of the piece). Give names of people and place in pictures, and identify old papers. Type this information on a separate slip of paper which should be scotch taped or paper clipped to the bottom of each picture or document. All material sent in will be carefully filed in a separate large envelope for each submitted story and all returned to sender after the book is printed.

This will be everybody's book - written by you. Each family is asked to participate. It is likely that some will have more than one story to submit, as you write about your family today, your parents' family story and grandparents' story, if they were all Terrell County residents. Don't wait, do it now, get your material together, write it up and send in before Oct. 31, 1975. We plan to have the book published by July 4, 1976!

It would be awful to have a Terrell County book and not have your family in it!

Send articles, pictures, order blanks, and payments to:

# PERSONALS

Mrs. J.A. Gilbreath was in San Antonio last weekend to visit relatives and exhibit in the art show held at La Villita on Saturday and Sunday. She returned home Monday.

Hudson and Tim Kerr, sons of Mr. and Mrs. Edward Kerr, visited here with their family last weekend. Hudson Kerr is a student at Texas Tech University and Tim is a special education student in the elementary grades.

Mr. and Mrs. F.M. Wood spent several days in San Angelo last week with his mother, Mrs. Jack Wood, who is in the Baptist Geriatrics Hospital there. They reported her condition to be improved. They also visited with Mr. and Mrs. S.H. Underwood and Mrs. Underwood is continuing therapy in an effort to walk again and is much improved.

Mr. and Mrs. Jack Laughlin were in Aransas Pass for several days last week and en route home Sunday visited in Eagle Pass with her brother, John Green, and wife.

Mrs. A.A. Jenschke and her grandson, Mike Adcock, both of San Antonio returned home Tuesday after visiting for a

week with Mrs. Jenschke's sister, Mrs. W.D. O'Bryant, and husband.

Mrs. Jack Deaton has resigned her position at the Sanderson State Bank. Mrs. Don Allen is working in the bookkeeping department in her place for the present and A.H. Zuberbueler is working at the teller's window.

Mrs. Charles Stavley went to Artesia, N.M., Friday to visit with her parents, Mr. and Mrs. W.M. Siegenthaler, and other relatives over the weekend.

Weekend visitors with Mr. and Mrs. Aubry Harrell and Terry were their daughter, Miss Janet Harrell, her roommate, Miss Vicki Kahler of North Carolina, and Jeff Fincher of Los Angeles, Calif., all three being students at Lubbock Christian College.

Mr. and Mrs. Jack Laughlin and Mr. and Mrs. Weldon Cox spent the weekend in Del Rio and fished at Lake Amistad, returning home Sunday afternoon.

Mrs. F.J. Barrett was a medical patient in a Del Rio hospital for several days. Mrs. James Kinney of Carlsbad, N.M., came to be with her father and took him to Del Rio Sunday for him to have a medical check-up. All returned to Sanderson Thursday.

Mr. and Mrs. Jim Payne Jr. and daughter of Alpine were weekend visitors with her parents, Mr. and Mrs. G.H. Carter, and family.

Mrs. Ola Penney is at home and continues to improve. She is able to walk with the aid of a walker since her foot is in a walking cast. She fractured her foot in three places at the ankle in a fall at Odessa. She will return to the orthopedist about the middle of October for a check-up.

Mrs. Olivia Salinas took her father, Jesus Calzada, to Alpine Thursday to have a tooth extracted.

Mrs. W.E. Lea Jr. is visiting in Harper this week with her mother, Mrs. J.J. Rogers.

Mr. and Mrs. T.W. McKenzie and Mrs. Mark Duncan made a business trip to Fort Stockton Monday.

### NOTICE

The members of the Sanderson Lions Club are selling bags of Hallowe'en candy again this year. Your patronage will be appreciated.

### NOTICE

The seniors are selling Tom Wat products. Contact a senior for a showing, either individually or a group.

Mr. and Mrs. L.E. Muller returned home Monday from San Antonio where they had visited with his daughter, Fay Muller, and son and with other relatives.

Mrs. W.M. Siegenthaler of Artesia, N.M., visited here for several days last week with her daughter, Mrs. Charles Stavley, and family.

Mr. and Mrs. Bob Wright and sons, Robert and Curtis, of Del Rio visited here last week with her father, Harvey Rogers, and Mrs. Rogers.

Mr. and Mrs. Burt Williams and daughters left Friday for Georgetown where they will reside after this transfer there. He is with the Texas Fish and Wildlife Department.

# Chevette.

# Chevrolet's new kind of American car.

Chevette

**40 MPG HIGHWAY**  
**28 MPG CITY**  
**EPA RATING**

That's with the standard 1.4-litre engine and 4-speed manual transmission. The mileage you get, of course, will be strongly influenced by how and where you drive.

- Chevette is international in design and heritage, incorporating engineering concepts proved around the world.
- Its wheelbase is about the same as a VW Rabbit's.
- It has more front-seat head room than a Datsun B-210, more front-seat leg room than a Toyota Corolla.
- Its turning circle is one of the shortest in the world.

- It can carry cargo up to four feet wide.
- It is well insulated against noise.
- It is protected by 17 anti-corrosion methods.
- It is basically a metric car.
- It comes with a clear, simple self-service booklet.
- It has a standard 1.4-litre engine. A 1.6-litre engine is available (except Scooter).

### Prices start at \$2899

- 2-seat Scooter (not shown) . \$2899
- Chevette Coupe (shown) . \$3098
- The Sport (not shown) . . . \$3175
- The Rally (not shown) . . . \$3349
- The Woody (not shown) . . \$3404

Manufacturer's Suggested Retail Prices including dealer new vehicle preparation charge. Destination charge, available equipment, state and local taxes are additional.

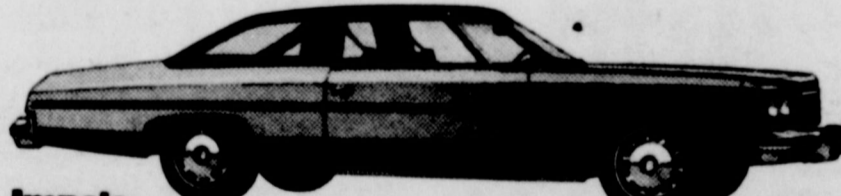

### Other Chevrolet values for 1976.

Vega

Built to take it. Vega for 1976: An extensive anti-corrosion program. New hydraulic valve lifters, for quieter engine

performance. A new torque-arm rear suspension. And Vega offers a tough Dura-Built 140-cu.-in. 4-cyl. engine guarantee.

Impala

One of America's most popular full-size cars. That's the result of giving America good value for the dollar. This year, the Impala series

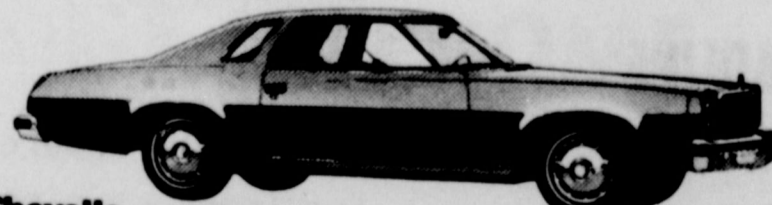

includes the new value of the thrifty Impala S—Chevrolet's lowest priced full-size car.

Nova/Concours

America's favorite compact car. Our basic compact, '76 Nova, makes even more sense than the 3 million Novas that preceded it. And

Concours, the brand-new model featured here, is our highly practical approach to compact luxury.

Chevelle

Enough car for practically anything. It offers room for six at a sensible price. This year, more than ever, its deft blending of mid-size

economies, plus room for the average family, makes Chevelle a size whose time has come.

There's much more to see at your Chevy dealer's. Caprice, Monza, Monte Carlo, Camaro, Corvette, Chevrolet wagons—something for everyone in 1976.

# Iraan Braves Stomp Eagles In Inter-Class Tilt

The Class A Iraan Braves flexed their muscles in an awesome and convincing manner here Friday night, winning 46-0 over the Class B Sanderson Eagles.

In the first quarter Ubaldo Elguea, Elton Smith, and Randy Ramsey each scored a touchdown and all three extra-point tries were no good.

Ramsey scored once in the second period.

The third period was scoreless, but in the fourth frame, Bill Brewer scored on a pass play, Adam Ramirez ran the ball over, and Ramsey ended the one-sided game with another TD. One extra-point try was not good, one was a 2-point running play, and the third effort was good.

Another picture of the power of the visitors was 36-13 in first downs, 394-92 in yards rushing, 90-0 yards passing.

Iraan punted twice, and the Eagles punted nine times.

Neither side was penalized.

Sanderson will go to Rankin Friday night for another non-district game. The Red Devils are still in the Class A bracket.

### MORE STUDENTS--

Bobby Spence, son of Mr. and Mrs. Bob Spence, who is a sophomore at Sul Ross State University was unintentionally omitted from the list of college students. He resides in Alpine and his wife is attending the LVN school at the hospital.

(If there is someone else that we may have missed, please advise us. Editor.)

# PPK Contests Set for Saturday

The punt, pass, and kick contests for local 8-13 year-old boys will be Saturday at 5:00 o'clock at Eagle Field.

The contests are co-sponsored by Dudley Motors and the Young People's Chamber of Commerce.

Winners in each of the age divisions will advance to regional competition.

There will be no charge for the competitors or for spectators and local fans are urged to come out and witness the activity of the boys at punting, passing, and kicking a football.

### JACK COSBY'S FATHER DIES

Mr. and Mrs. Jack Cosby went by plane from Midland Friday to Nashville, Tenn., and then on to Scottsville, Ky, to attend the funeral services for his father, Jack W. Cosby, who had been ill for a lengthy period, a victim of cancer, according to reports.

The Cosbys returned home Sunday.

### ROGER ROSE RE-ELECTED TO ELECTRIC CO-OP BOARD

Mr. and Mrs. Roger Rose went to Del Rio Friday of last week to visit friends and attend the annual meeting of the directors of the Rio Grande Electric Co-op in Brackettville Saturday.

Mr. Rose was re-elected a director for another term.

Miss Wynne Massey, who attends Tarrant County Junior College at Fort Worth, was a weekend visitor here with her parents, Mr. and Mrs. Barton Massey, and Randy. Her grade point average of 4.0 for the summer semester made her average for her freshman year at 3.7.

# Merit Badges Help Listed

Scoutmaster Chris Hagelstein is encouraging members of the Sanderson Boy Scout Troop to work on their merit badges and have a systematic advancement goal. He has contacted individuals in the area to assist the boys in their advancement and asks any others who might help to contact him by telephone.

The names of the merit badges and counselors include: athletics, Don Malone; automotive safety, Larry Choate; bugling, Eugene Flores; camping, Chris Hagelstein; citizenship in the community, Judge Charles Stavley; citizenship in the nation, Charlie Garza; citizenship in the world, 8th grade history; communication, Rev. Paul Tatum; coin collecting, Marvin Morris; cycling, Miss Linda Ball; drafting, Larry O'Keefe; electricity, Marvin Morris; environmental science, Bill Russ; Fish & Wildlife management, Bill Russ; journalism, J.A. Gilbreath; landscape architecture, Larry O'Keefe; machinery, R.C. Holcombe; music, Eugene Flores; personal management, Chris Hagelstein; personal fitness, Don Malone; sports, Don Malone; photography, Don Malone; reading, Mrs. Irvin Robbins, Mrs. W.W. Sudduth; rifle and shotgun, Joe Pagitt; wood working, R.C. Holcombe.

Miss Linda Ball was a business visitor in Odessa last weekend.

### CARD OF THANKS

The sophomore class wishes to thank everyone for their cooperation at their pie sale to make it the success it was. Thank you, very much.

### NOTICE

Any car parked in my yard during any of the football games will be towed away at the owner's expense. Ira Moses.

### NOTICE

We are trying to meet our \$500.00 pledge toward the Terrell County Bicentennial Park and Pool. We need your rummage and your patronage. Clothing of all kinds for the cold days ahead and now, household items of many kinds, zippers of all colors and lengths, a large assortment of matched buttons. You just might be surprised at what you will find when we open our rummage sale on Wednesday afternoons at the Brown Building, next door to the fire house, at 1:00 p.m. Call or tell any member if you want your rummage picked up or bring it to the building. Legion Auxiliary

# Open Meeting Law Is Explained

There has been much in the news recently about violations of the "open meeting law". There are those who agree with the law and those who disagree. Most of the disagreement, we feel, comes from those who are elected or appointed and feel that this is superior authority that places them beyond the scrutiny or questing of anyone. "If you don't like the way we have conducted the office, wait until the expiration of my term and do something about it then," has been said by some. The only problem with that kind of authority is that there has to be a waiting period of up to four years and not all the answers come out into the open even then!

There are built-in stipulations for "executive sessions", and there should be. But following the considerations, arguments, pros and cons, the voting of each and every member of any public group, appointed or elected, should be available to a constituent. That's one of the best points, in our opinion, of the open meeting law.

"Whenever any deliberations or any portion of a meeting are closed to the public as permitted by the Act, no final action, decision, or vote with regard to any matter considered in the closed meeting shall be made except in a meeting which is open to the public and in compliance with the requirements of Section 3A of this act."

Public governing bodies are also required to post public notice of all regular meetings at least 72 hours prior to the meeting. Any emergency meetings called by the board must be posted at least two hours prior to the session. Notice is to be posted at a place convenient to the public at its administrative office, and the notice is to be furnished to the county clerk for posting in the county courthouse at a place convenient to the public.

Boost the Park-Pool Project Saturday in the "push day!"

# Snelson Named To Committee

Lieutenant Governor Bill Hobby last week announced his appointments to the Legislative Budget Board and the Texas Legislative Council.

To the Legislative Budget Board: Senators W.E. (Pete) Snelson of Midland, Tom Creighton of Mineral Wells, both re-appointed. In addition, the chairman of the Senate Finance Committee, Senator A.M. Aikin Jr. of Paris, and the chairman of the Senate Affairs Committee William T. (Bill) Moore of Bryan, also serve on the LBB.

The Legislative Budget Board, of which Hobby is the chairman, was created to study the state's financial needs prior to consideration by the Legislature each session.

The Texas Legislative Council was created to investigate the various functions and problems of state agencies and offices, make studies for the legislative branch, and make recommendations to the Legislature.

# New Cars Show To Be Friday

The 1976 models of Mercury and Ford will be shown Friday at Dudley Motors, local Ford and Mercury dealer.

Everyone is extended a cordial and sincere invitation to come by and see the new model cars, check the features of the models shown, and to "kick the tires".

Free coffee and favors will be given to those attending the new car showing.
