Mrs. Stern Announces Resignation as Women's War Bond Chairman

McCamey, Texas
June 6, 1944
Invasion Day!

Dear Mrs. Burress:
I wish to announce that Mr. Edwards, County War Bond Chairman, accepted my resignation as Women's War Bond Chairman, of Upton County, which was effective May 15th, and that Mrs. Nettie B. Messick of Rankin is the new chairman for our county.

I want you and all the people in Upton County to know, that I have enjoyed working with them, and you in each of our Four Big War Bond Drives, and appreciate the full co-operation, which made each one a big success and which made it possible for each "quota" to be reached!

I know everyone will cooperate with Mrs. Messick and Mr. Wm. R. Edwards, County Chairman, in our 5th War Bond Drive, and continue to buy more and more Bonds to "Top our Quota" and help bring a Speedy Victory to our Boys "Over There."

May "Our Prayers" go with the Boys and "Our Dollars" go for our Boys on this Invasion Day!

Sincerely
Mrs. C. T. Stern.

Mm 1-c and Mrs. L. Z. Titsworth arrived Saturday from Camp Parks, California, where Mm 1-c Titsworth has been in training. Previous to being sent to Camp Parks he was stationed in the Aleutians. He will report back to Camp Parks on the 15th of June. Mrs. Titsworth will remain here for the present.

They spent several days this week in Trent visiting his parents, Mr. and Mrs. L. Z. Titsworth, Sr., and family.

Mrs. Carlyne Hunt of Rockport was the guest of Mr. and Mrs. Dunn Lowery the first of the week. She was enroute to Sul Ross where she will take courses in art toward her degree.

Letter to a Prisoner of War

Will you write a letter to a Prisoner of War . . . tonight? Perhaps he was left behind when Bataan fell. Perhaps he had to bail out over Germany. Anyway, he's an American, and he hasn't had a letter in a long, long time.

And when you sit down to write, tell him why you didn't buy your share of War Bonds last pay day—if you didn't.

"Der Joe," you might say, "the old topcoat was getting kind of threadbare, so I . . ."

No, cross it out. Joe might not understand about the topcoat, espec-

Japanese cell.

Let's try again. "Dear Joe, I've been working pretty hard and haven't had a vacation in over a year, so . . ."

Better cross that out, too. They don't get vacations where Joe's staying.

Well, what are you waiting for? Go ahead, write the letter to Joe. Try to write it, anyhow.

But, if somehow you find you can't, will you do this? Will you put the amount of money you're putting into your Payroll Savings Plan—so that you'll be buying your share of War Bonds from here on in?

Pecos Valley Workers Conference Held Tuesday

The Rankin Baptist Church was host to the Pecos Valley workers Conference at the local church Tuesday. Theme for the day's program was "The Seven Churches of Revelation."

The conference opened with a song service at 10:00 o'clock, followed by Scripture lesson and prayer, by D. D. Gilmore. The program continued as follows: Commendation of Good in Seven Churches of Our Lord, Lee Bailey; Condemnation of Evil in Seven Churches by Our Lord, C. G. Watt; Reward to Overcomer in Seven Churches, John Stout; Report on Evangelistic conference, Hubert Christian; Report on Southern Baptist Convention, Leon Woods; Special music, Mrs. Tom Workman; Sermon, J. B. Clark; Lunch; Board of W. M. U. Meeting; and the following talks on Training Union Emphasis: The Need for a Training Union, L. S. Jenkins; The Results of a Trained Union, B. N. Guy; Inspirational address, Hollis Yielding.

Mrs. Ralph Daugherty and Jan left Wednesday for Tishomingo, Okla., where they will visit her mother and other relatives.

Mrs. Hamp Carter and daughter, Margaret Ann, are visiting her mother, Mrs. Z. C. Dameron, in Pandal.

Promoted to Sif. Sergeant

BIGGS FIELD, Texas—Ernie W. McWilliams, brother of Dorothy N. Pettit, Rankin, has been promoted to the rank of staff sergeant at Biggs Field, Texas, where he is at present assigned to the B-24 four-engine bomber training program. Biggs Field, on the Mexican border near El Paso, is a station of the Second Air Force, which is sending thousands of heavy bomber combat crews overseas to bomb strategic enemy strongholds.

Red Cross Aided 2,409,220 Members Of Armed Forces

Washington—The first full fiscal year of war sent Red Cross aid to 2,409,220 members of the armed forces and nearly quadrupled the cost of help for service personnel, their dependents, and disabled veterans, the Red Cross reported this week.

The annual report, through June 30, 1943, was delayed by the great volume of operations and joint audits with the Army and Navy on shared enterprises.

Expansion of Red Cross work was emphasized by the report of \$42,391,000 expended for services to men and women in the armed forces, their families and war casualties.

Miss Mildred Brinson who has been attending school in Abilene is visiting Mr. and Mrs. Tyson McKiff and family.

Rev. Seth Hughes was a business visitor in Midland Thursday.

Midland Rodeo Opens Annual Event Thursday Night, June 8th

Midland, June 8—Cries of "Yip-Yipee" resound through the streets of Midland as Cowboys gather for the annual rodeo which starts Thursday night, June 8th. Most of the top hands are arriving to take part in the various events with prize money totaling \$3000 plus all entry fees.

Events will start with a bang at 5 o'clock Thursday when the colorful rodeo parade unfolds down the main streets of Midland. Riding in the parade will be city and rodeo officials, cowboys, ranchers, sponsor cowgirls, trick riders and ropers, and many local horsemen.

In spite of the many good rodeos staged in Midland, this year's annual rodeo promises to be the best in history. Many of the top hands of the rodeo world have entered—contestants such as Toots Mansfield, world's champion calf roper for four years; Clyde Burke, three times winner of the same title; Homer Pettigrew former world's champion all round cowboy and world's champion steer wrestler; Louis world's champion all round cowboy as well as world's champion bronc rider. These titles are awarded to the cowboy running up the most points in each event for the year and the all round is awarded to the cowboy making the highest total points in all events.

The rodeo stock is furnished by Gene Autry World's Championship Rodeo under the direction of Everett E. Colborn.

Rankin Eastern Star Officers Installed

At its first stated meeting for the new year, June 5th, Rankin Chapter held installation of new officers.

Mrs. Clafin Black, retiring Worthy Matron gave special recognition to all past worthy matrons and past worthy patrons of Rankin chapter presenting each with a past matron's and past patron's certificate, those receiving same were: Mrs. Mollie Taylor, Mrs. Searcy Crandell, Mrs. Edith Starnes, Mrs. Oma Lowery, Mrs. Ella Barfield, Mrs. Geneva Johnson and Chas. F. Hemphill.

Miss Louise Malaise, associate matron, and Chas. F. Hemphill, associate patron, in a very impressive manner, presented gifts to the retiring worthy matron and worthy patron.

Just before the installation ceremony a very beautiful program, "Harbor Lights" was given. The East was decorated in a Nautical way representing a Light house with red and green lighting effect. Mrs. Pearl Green Kerr played during the service: "Harbor Lights", "Red Sails in the Sunset", "Sailing" and "My Dream Boat Comes In." As each entered carrying a light, Mrs. Bess Lee Walcher, as reader, compared each to a different kind of vessel belonging to the Eastern Star Line 1944, A. D., coming to the harbor. She told just how each carries on his ship's business for the coming year.

Mrs. Charles F. Hemphill was the installing officer; she was assisted by Mrs. Searcy Crandell, Deputy Grand Matron, Dist. 5, Sec. 2, as installing marshal, Mrs. Clafin Black, retiring worthy matron as installing chaplain, and Mrs. Pearl Green Kerr of McCamey Chapter No. 818, as installing organist.

Following roll call of new officers, the worthy matron elect, Miss Louise Malaise was conducted to the altar by Mrs. Searcy Crandell, where she was invested with her badge of office. As a tribute to the worthy matron, Mrs. Georgia Burress sang, "This is My Task."

Other officers installed were Mrs. Flora Shaw, associate matron; D. J. C. Bredehoff, associate patron; Miss Maggie Taylor, secretary; Mrs. Geneva Johnson, treasurer; Mrs. Estelle Harral, associate conductress; Mrs. Jerusha Robbins, chaplain; Mrs. Crandell, marshal; Mrs. Oma Lowery, organist; Mrs. Lelia Workman, Adah; Miss Dorothy Baxter, Ruth; Mrs. Clara Neal Esther; Mrs. Frantom Jones, Martha; Mrs. Myrl Glidewell, Electa; Mrs. Edith Starnes, warder; and Mrs. Lillye Cox, sentinel.

Following the installation Miss Malaise welcomed guests and spoke of her plans and desires for the new year; expressed her appreciation to

J. C. Epperson of Alpine Announces Candidacy For District Attorney

The McCamey News is authorized to announce the candidacy of J. C. Epperson, attorney of Alpine, for the office of District Attorney, 83rd Judicial District.

Mr. Epperson was born and reared at Tyler, Texas, and has been actively engaged in the practice of law more than twenty-five years, of which four years were spent as prosecuting attorney in the Rio Grande Valley. He is married and has five children. His two sons are in the armed forces overseas. One son-in-law is also in the air service overseas and the other son-in-law is in the navy.

The candidate says that he expects to see as many voters as possible and that he will appreciate the vote and support of everyone. In return he promises that, if elected, all the duties of this important office will be performed fearlessly, with skill and vigor, and with the same degree of fairness and impartiality to all regardless of person or station in life.

Mrs. Randolph Moore arrived Monday from San Antonio where Lt. Moore has been stationed. She will make her home with her parents, Mr. and Mrs. J. W. Robbins while her husband is serving overseas.

Miss Verda Nelle Harding spent last week with her father in Crane.

Mr. and Mrs. Bob Burleson, Mrs. John R. Johnston and Wanda June Burleson and Mr. Burleson's niece from Wheeler were among the rodeo visitors in Midland Thursday evening.

Mrs. Ross Wheeler left Monday for Goldthwaite where she will visit relatives. Her older sons, Billy Ross, Charles and Coxie were already there and baby, Elsie Starnon and Bobby accompanied her Monday.

Mrs. Gertrude Hall was the guest of friends in Midland Thursday.

4-H Club Goes All Out in War Bond Effort

The Four-H Clubs of America, 1,700,000 strong, are making a vital contribution to the war program helping in the gigantic problem of keeping the food supply line strong and in buying War Bonds. Here are some scenes of 4-H boys and girls at their war work. No. 1 shows Glenn Whittenberg, of Hidalgo County, Texas, with his fine litter which will help the food supply. Glenn is putting his profits in War Bonds. No. 2 shows an ambulance purchased by the 37,000 members of the 4-H Club members of Virginia. Representing the Virginia Clubs in the picture is Carolyn Steele, Fairview, and Richard Fleming, of Bransville. Major Bernard Sobol, USA, is accepting the ambulance, with Director M. L. Wilson of the Extension Service

Department of Agriculture, looking on. No. 3 shows Billy Fleming of Fairfax County, Virginia, helping Dad with the chores. Billy is putting his earnings into War Bonds. 4-H Club members own 90,000 head of dairy cattle. No. 4—4-H Clubs make a mighty contribution to the poultry and egg supply, raising 9 million chickens in 1943. Here is Helen Wheating, Brown County, South Dakota, with a couple of her birds. She also buys War Bonds with her profits. No. 5—4-H Clubbers are also Victory Gardeners. Here is Jane Budder of Frederick County, Maryland, in her garden. These farm youngsters raised 5 million bushels of garden produce last year. Back the Attack—Buy More Than Before.

PACIFIC:
Buck Air Power

Nibbling further at Jap air power based in the eastern New Guinea area as a defensive bulwark of the Indies and the Philippines, U. S. aviators continued their strikes against enemy airdromes in the region and U. S. ground forces fought over rough country to set up airfields for them.

As General MacArthur's air and ground forces struck out at eastern New Guinea, navy bombers from a strong task force of aircraft carriers hit at enemy island holdings farther to the north, dotting the roadway to the enemy homeland.

U. S. casualties in the eastern New Guinea area remained light as Doughboys expanded their holdings with support of heavy artillery, tanks and warplanes.

POSTWAR:
Churchill Speaks

Organization of the great powers emerging victorious from the war into a single force to preserve future world peace was outlined by Prime Minister Winston Churchill in a discussion of foreign policy in Britain's house of commons.

To prevent either the planning or conduct of future wars by "restless and ambitious nations," Churchill said the Allied powers intend to set up a world organization equipped with all necessary means for maintaining order.

Touching on the delicate Russian-Polish situation, Churchill declared that Poland's surrender of territory in the east might be countered by acquisition of German land.

SOLID SOUTH:
Threaten Break

Long rumored, southern rebellion against the New Deal's social reform, especially in regard to the advocacy of Negro equality, took tangible shape in Texas, where the regular Democratic organization instructed its presidential electors to cast their vote for the party's nominee in the electoral college only if the national convention:

1. Votes disapproval of efforts to nullify state laws for segregation of white and colored school children;
2. Backs up Texas' opposition to the Supreme court ruling opening Democratic primaries to Negroes;
3. Seats the delegates selected by the regular Texas Democratic party instead of delegates chosen by a rival rump organization, composed of members who broke with the regular party over its instructions to the electors.

Electoral Vote

While calmer minds sweated over working out a compromise between the two factions in Texas, speculation arose as to what might happen if the 23 Texas electors should join eight similarly dissatisfied North Carolina electors in voting against the Democratic candidate in the electoral college, whose vote determines the presidential winner.

Since the 31 Texas and North Carolina representatives in the electoral college, made up of electors chosen by the states, could form a majority for either side, they could swing the election to either a Republican or Democrat, being free to vote as they wished. Or then, again, they might vote for an independent person, in which case neither of the two regular candidates would receive a majority and the presidential election then would be referred to the house of representatives. In the house, the party in the majority would decide the election.

MISCELLANY

CITRUS RECORD: The Texas crop of grapefruit and oranges this year was the largest in history, and sold for the highest price, the general manager of the Rio Grande Valley citrus exchange said. Grapefruit yield was estimated at 17,539,981 boxes and oranges at 3,354,350 boxes. Total value of both crops was set at \$53,469,000 by the exchange official.

EUROPE:
Back Nazis to Wall

With Fifth army troops on the southern front joined with their comrades on the Anzio beachhead, and with the British slugging through the Liri valley to the east, Allied forces in Italy locked hands for a knock-out punch against the Germans below Rome.

As the fighting in Italy came closer to a showdown, invasion preparations continued, with thousands of Allied bombers ripping up German defenses and airfields in western Europe, and the Allied command issuing detailed instructions to the underground to report enemy troop movements to U. S. and British soldiers when they land.

Tottering under the combined pressure of Lieut.-Gen. Mark Clark's Fifth army and the British Eighth, the Germans fell slowly back to the southeast of Rome for a bitter defensive fight, while Allied aircraft hampered their movements by a steady bombardment of supply lines and motorized concentrations.

LABOR:
Local Punished

While the CIO United Automobile workers suspended officials of a local union for a strike in the Chrysler plant at Detroit, Mich., the CIO Gas, Coke and Chemical workers sanctioned the walkout of 1,900 members of a local at the Parke, Davis and company drug factory in the same city.

In suspending the local officers for the walkout which resulted from their support of a CIO chauffeurs' union fight with a rival AFL organization, the United Automobile workers said they had violated their contract with the company, the UAW constitution, and their no-strike pledge.

Accusing Parke, Davis and company of a "vicious union busting campaign," the Gas, Coke and Chemical workers supported its local's strike, which halted production of blood plasma, penicillin and smallpox vaccination for military and civilian use. Protesting that the position of the company jeopardized the standing of the union, the local's president defied a War Labor board directive to return to work before resuming negotiations.

FOOD:
Supply Good

A factor in the government's possible restoration of rationing on point-free meats may be the necessity for assuring a more equal distribution of such meats, three federal agencies reporting on the general food situation declared. Meanwhile, some cuts or better grades of meat may become more difficult to obtain.

Although supplies of canned fruits and juices will continue at low levels for the rest of the year, fresh apples, peaches, pears and cherries will be more plentiful. The situation in canned vegetables can be expected to grow tight. Increases in stocks of margarine, shortening and other edible oils will probably offset declines in butter and lard. Because of record spring production of eggs, need for greater consumption persists.

"Civilian diet is sufficient in calories, proteins, iron and vitamin A, but with little margin . . . in the B vitamin and C vitamin," the agencies reported.

BIG GUNS:

The army has sharply increased its demand for large caliber cannon and ammunition it is announced, giving rise to speculation that military leaders anticipate long and severe fighting after invasion beachheads have been secured.

New plant construction has been approved and factories now on a standby basis will return to full operations, official sources disclose. Ammunition schedules have been stepped up to four or five times previous levels.

AGRICULTURE:
Farm Machinery

With manufacture of harvesting and haying equipment farthest behind schedule, the War Production board's \$871,000,000 farm machinery and spare parts program for the year ending June 30 was 13 per cent off on May 1.

Because of accelerated production in the final few months, however, the WPB expects the program to finish up only 10 per cent behind schedule, although manufacturers of combines will have up to September to meet their quotas.

As of May 1, production of harvesting machinery was 33.4 per cent off schedule; tractor attachments off 28.2 per cent; barn and barnyard equipment off 25.8 per cent; farm pumps and windmills off 16.4 per cent; farm wagons, gears and rollers off 16.5 per cent; harrows and rollers off 14.5 per cent; cultivators and weeders off 13.9 per cent; dairy farm machinery off 13 per cent; planting, seeding and fertilizing equipment off 11.8 per cent, and farm poultry equipment off 11.3 per cent.

Land Values

With farm land values showing a 15 per cent increase for the year ending March 15, they stood at 114 per cent of the 1912-'14 level, according to statistics of the U. S. department of agriculture.

One-third of the sales financed by credit last year involved mortgages of 75 per cent of the sales price, the USDA reported.

With the average debt per acre on newly acquired farms about one-fourth higher than two years ago, large turnover was reported in 1943, with some operators selling holdings after a few months. Many city buyers reputedly were purchasing farm property as an inflation hedge.

CONGRESS:
Investigate Ward's

Investigating the government's seizure of Montgomery Ward and company's Chicago mail order plants, a congressional subcommittee heard Attorney Gen. Francis Biddle declare that inasmuch as the concern was indirectly involved in the war program through sale of productive equipment to farmers, the President could use his judgment in taking it over during a labor dispute to restore operation.

Thus, the Attorney General concluded, if the seizure was not warranted under congressional statutes, it was legal under the President's wartime emergency powers.

Because his interpretation of the law is his own opinion, the Attorney General said, he stands correction by a court, or congress itself can intervene to make any changes in legislation which might eliminate abuses.

Strange Tail

There's no end to the versatility of the American Seabee, as shown in this picture from distant Midway island, where navy construction experts secured a length of 3/4-inch manila rope to Bossy's severed tail to provide the milk cow with a switch. Carpenter's Mate J. A. Pierson, Sheffield, Pa., is the milker.

RAILROADS:

Government Rates

In exchange for the grant of land for right-of-ways to the railroads during the expansion period of 1850-1870, the government received reductions of 50 per cent on passenger and freight rates.

Amended in 1940 to apply only to military goods and personnel following railroads' complaints against the heavy burden of relief shipments especially during the depression period, total abolition of the reduced rates came before congress, with the house approving by a 236 to 16 vote.

Although termination of the reduced rates would increase railroad revenues by more than 250 million dollars annually in wartime and 20 million dollars yearly in peacetime, the house bill calls for scaling down private shipping rates to reflect the higher income from government.

THERE is a shortage of metal curtain rods, yet for two generations we have not seen such elaborate window treatments. The formal swags, cascades and jabots so dear to our grandmothers seem to be exactly right with the Victorian furniture that is gaining in popularity all the time.

Each piece of the draped valance shown here is cut separately. The diagram at the left gives the dimensions of the end jabots. The side swags cross in the middle and a center swag overlaps them. The measurements of this center swag are given here, but these will vary according to the space the swag is to fill. Each swag is cut bias at the ends and pleated and tacked over the pole, as shown at the lower left. The method of taking measurements is shown at the right.

A grave digger was hard at work. As he shoveled each spadeful of earth he became more and more absorbed in his thoughts, and before he knew it the grave was so deep he couldn't get out.

Came nightfall and the evening chill, his predicament became more and more uncomfortable. He shouted for help and at last attracted the attention of a drunk. "Get me out of here," he shouted, "I'm cold." The drunk looked into the grave and finally distinguished the form of the uncomfortable grave digger. "No wonder," he said, kicking a little dirt into the grave, "ya haven't got any dirt on ya."

HOUSEHOLD MEMOS

**Wedding Bells
Bring Out Brides,
Beauty and Gayety**

Bride's Shower Cake is a delicate angel food frosted prettily with fresh strawberry icing, garnished with whole berries.

Here comes the bride! There's nothing so rare as a day in June, nothing so glamorous as a wedding. Even in these days of furlough brides, quick-as-a-wink weddings, everything is made as nice as possible for this is the happiest day of her life.

Weddings should have beauty and gayety, even when purses are slim, for when the boys are doing their jobs in the far corners of the earth and the girls are left behind, they should have the one thing that keeps them going—a bundle of happy memories tied with a white satin bow.

So let the lins for the table be white and fresh smelling, the silver polished and gleaming. Take out your best china, yes, the kind that you use only for "best" because that's what a wedding is! Though the food be simple as it must necessarily be in these days of rationing and shortages, cook it well and serve it handsomely.

Save Used Fats!

Three kinds of repast are usually used for weddings. The first, a shower, precedes the wedding, and should be light and very simple:

- Bride's Shower Menu.
- Molded Fruit Salad.
- Tiny Cream Cheese Brown Bread
- Sandwiches
- Tiny Ham Sandwiches
- Bride's Shower Cake
- Coffee

Molded Fruit Salad.

- (Serves 6 to 8)
- 1 tablespoon gelatin
- 2 tablespoons cold water
- 1/2 cup boiling water
- 1/2 cup lemon juice
- 2 tablespoons sugar
- 1/2 teaspoon salt
- 1/2 cup orange segments
- 1/2 cup seedless grapes
- 1/2 cup red cherries
- 1/2 cup black cherries

Soak gelatin in cold water and dissolve in hot water. Add lemon juice, sugar and salt. When mixture begins to harden, fold in fruit. Pour into mold and chill. Serve on lettuce with salad dressing into which whipped cream or chilled evaporated milk has been added.

Bride's Shower Cake.

- 1 1/2 cups egg whites (12 whites)
- 1/4 teaspoon salt
- 1 teaspoon cream of tartar
- 1 1/2 cups sugar
- 1 cup sifted cake flour
- 1/4 teaspoon almond extract
- 1/4 teaspoon vanilla

Place egg whites into large bowl, sprinkle salt and cream of tartar over them and mix together with several strokes of flat wire whisk. Sift sugar. Sift flour once, measure, add 1/2 of sugar and sift together 4 or 5 times. Beat egg whites with whisk, using slow, gentle motion that keeps whisk beneath surface. Continue beating until whisk leaves faint line when drawn across surface of egg whites. Add remaining sugar gradually, beating as before, until texture is fine and even and mixture begins to form slightly rounded surfaces when whisk is released. Do not overbeat. Do not flavoring. Remove whisk. Sift flour gradually over surface and fold in slowly and gently with a spoon, folding towards center of bowl and rotating both bowl and spoon. Keep spoon beneath surface of batter and fold until mixture is smooth (2 minutes). Turn into large (4 quart) ungreased tube pan. Bake in a slow (300-degree) oven 30 minutes; then increase heat slightly (325 degrees) and continue baking 40 minutes longer. Remove from oven and invert pan on rack for at least 1 hour or until cold. Remove from pan. Let stand 12 hours or longer before cutting. Ice top and sides with

Strawberry Icing.
 4 cups sifted confectioners' sugar

Lynn Says

The Bride's Day: She's the center of attraction. Let everything work toward that end.

Flowers and lins for wedding repast are white. When there is a wedding cake let it be the primary decoration—in the center of the table.

For the family sit-down breakfast, the bride and groom sit together at the head of the table.

- Dash of salt
- 1/2 cup fresh, crushed strawberries
- 2 teaspoons lemon juice (about)
- Add sugar and salt to crushed fruit. Mix well. Then add lemon juice until of consistency to spread thinly on cake.

Buffet Breakfast.

- Minted Grapefruit Juice
- Chicken Pot Pie
- Olives
- Celery Curls
- Sweet Pickles
- Finger Rolls
- Wedding Cake
- Ice Cream
- Coffee

A wedding breakfast is called breakfast no matter what time of day it is served. The simplest method of serving is from a well set buffet.

Chicken Pot Pie.

- (Serves 4)
- 2 1/2 tablespoons quick-cooking tapioca
- 1/2 teaspoon salt
- Dash of pepper
- Dash of paprika
- 2 cups cooked, diced chicken
- 1 1/2 cups milk or chicken stock
- 2 tablespoons melted butter
- 6 to 8 unbaked baking powder biscuits

Combine tapioca with remaining ingredients in order given. Turn into greased casserole and bake in hot oven (425 degrees), stirring twice during first 10 minutes of baking. Place biscuits on top of chicken mixture, return to oven and bake 12 to 15 minutes longer until biscuits are browned.

Light Reception.

- Chicken Sandwiches
- Lettuce Sandwiches
- Salted Nuts
- Wedding Cake
- Coffee or Punch

Wedding Cake.

- 1 1/2 cups butter or other shortening
- 3 cups sugar
- 6 cups cake flour
- 3 tablespoons baking powder
- 1 1/2 teaspoons salt
- 2 cups milk
- 1/2 teaspoon vanilla extract
- 1 teaspoon almond extract
- 9 egg whites

Thoroughly cream sugar and shortening. Sift together flour, baking powder and salt 3 times. Add alternately with milk, vanilla and almond extract, beating after each addition. Beat egg whites stiff but not dry and fold in. Place batter in 3 round, paper-lined tins, 10 1/2, 8 1/2 and 6 inches in diameter. Bake in a moderate (375-degree) oven 25 to 30 minutes. Cool and put together with frosting. Frost cake at once.

Ornamental Butter Frosting.
 1/2 cup butter
 10 cups sifted confectioners' sugar
 1/4 cup cream
 4 unbeaten egg whites
 3 teaspoons vanilla extract
 1/4 teaspoon salt

Cream butter, add 4 cups sugar gradually, blending after each addition. Add alternately remaining sugar, cream and egg whites, one at a time, beating well after each addition. Add vanilla and salt. Spread frosting over top of two lower layers; place 3 tiers together and frost entire cake. With a pastry tube, use remaining frosting for decorations and rosettes.

**SNAPPY FACTS
ABOUT
RUBBER**

Maintenance of our synthetic rubber plants after the war as "a rubber insurance policy" is advocated by leading rubber authorities. They hold that the U. S. cannot be adequately prepared at all times to defend its national interest unless it is free from the threat of a rubber shortage, a feeling subscribed to by most thinking Americans.

World capacities for producing natural and synthetic rubber during the war will aggregate nearly 2,800,000 tons yearly, predicts John L. Collier, president of B. F. Goodrich. This is more than twice as much as the world has ever used in any one year.

Household Hints

To remove the mark made from striking a match on painted surface, rub a cut lemon over the mark and wash as usual.

A small pillow or pad between the knees of a sick patient as he lies on his side can give great relief.

Sewing machines that are cleaned, oiled and adjusted regularly seldom wear out. The book of directions that comes with the machine can help give a machine long life.

Clean children's teddy bears and like toys by rubbing them with corn starch.

If the iron becomes rough on the bottom, rub vigorously with salt dampened in cold water. Apply it with crushed newspaper, then rub the iron on a clean cloth and it will be much improved.

Hot and Snowy—Here's a Grand Dessert!

But make these biscuits with Fleischmann's yellow label Yeast for EXTRA vitamins.

SNOW BISCUITS

- 3 cups sifted flour
- 1 1/2 teaspoons sugar
- 1/2 teaspoon salt
- 1 cake Fleischmann's Yeast
- 1/2 cup lukewarm water
- 1 tablespoon melted shortening

Sift together flour, sugar and salt. Dissolve yeast in lukewarm water. Add to dry ingredients. Add melted shortening. Dough will be soft. Turn out on floured board and knead dough quickly and lightly until smooth and elastic. Roll out 1/4 inch thick. Cut with floured biscuit cutter. Place on greased pan. Let rise until doubled in bulk, about 1/2 hour. Prick top with fork. Bake in hot oven at 425° F. about 20 minutes. Makes 16 two-inch biscuits. Serve hot with home-made jam, jelly or preserves for a supper dessert treat!

Good sight becomes increasingly important as the nation's war activities press onward. In factories, in offices, in homes... eyes are being called upon for millions of seeing tasks, for everyone has a job to do during wartime. A light bulb, in all its many designs, is power, flowing through countless miles of wire to wherever there's a job to be done. And light will be the power behind tomorrow's blazing world.

**I remember
from school.**

I once had to do a composition about the world's greatest invention being wheels. Just think of gear-wheels, water-wheels, and especially all the wheels for transportation! But right now the greatest thing of all, I'd say, is to keep wheels going; keeping your car in service, for instance. There's this and that to help you. There's one motor oil and another. Now from what I know, the explosions in any engine must produce acids, which brings up the bright idea of safely OIL-PLATING your engine's insides with Conoco Nth motor oil. You want to prevent damage from acids... internal corrosion! Some things are specially good at fighting corrosion, and OIL-PLATING comes in that class. Even chromium plating, just for comparison, couldn't stay closer to working parts than this protective OIL-PLATING. It battles corrosion, so as to help you preserve your transportation as soon as you switch to Conoco Nth oil.
