Officials Act To Clean Up McCamey Graduation Exercises Held Thursday

Elementary School graduation exercises were held on Thursday, May 23, with superintendent of schools H. E. Stoker presenting the certificates and with principal Milton Bryant presenting the special school awards.

Safety Suggestions for Community Sanitation

- 1. Eliminate the house fly and destroy its breeding places. 2. All mosquitoes and mosquito-breeding places should be eliminated. 3. Approved garbage collection systems should be instituted.

Appeal for Aid of Every Resident

City officials this week issued an appeal to all residents of McCamey to aid in the current drive to save McCamey and Rankin from a polio epidemic.

D. F. C. For Captain Darden McCollum

The Distinguished Flying Cross has been posthumously awarded to Captain Darden McCollum, according to word received by Mrs. Marye McCollum, wife of the intrepid fighter pilot.

Safety Suggestions for Individual and Home

- 1. Avoid sudden chilling, such as would result from a plunge into extremely cold water. 2. Wash hands thoroughly before eating.

Crane Man Escapes With Minor Bruises In Airplane Crash

Last Thursday afternoon Paul Henderson, employed by the Gulf Oil Corporation, crashed in a plane he was piloting a few miles west of town.

W. S. C. S. Program Monday Taken From Methodist Magazine

The Monday's program of the W. S. C. S. was taken from The Methodist Woman's Magazine. The meeting was called to order by Mrs. Doc Adams, president of the Society.

Benefit Party Given at Rankin HS Auditorium On Thursday Night

A benefit game party, sponsored by Mrs. Lloyd Yocham and Mrs. Tom Workman, was given at the High School Auditorium on Thursday night, May 16, on behalf of the Emergency Food Collection. The party netted 152 cans of food.

Midland Boosters Visit McCamey Wednesday Evening

With sirens screaming and horns blowing, 35 Midland good-will trippers, attired in colorful cowboy regalia, arrived in McCamey to publicize the 12th annual world-championship Midland Rodeo, May 30-June 2.

First Baptist Church Bible School Starts Saturday, 10 A. M.

The Vacation Bible School will start NEXT Saturday at 10:00 a. m. with the enrolling and giving of every child present a V. B. S. Badge. Ages 4 to 16 accepted.

McCameyites Attend Funeral Directors' Meeting In Galveston

Mr. and Mrs. Porter Johnson of Rankin and Mr. and Mrs. Tom Spalding of McCamey were in Galveston last week attending the annual meeting of the Texas Funeral Directors and Embalmers Association.

Members of the group said the 1946 Midland Rodeo will be staged in pre-war style and will top all previous performances. They termed the attraction a Victory Celebration, and invited all West Texans to attend.

Eastern Stars Attend Banquet at Crane

Eleven members of the Rankin Chapter, Order of the Eastern Star, attended the banquet and joint meeting of the Big Lake, Rankin, McCamey and Crane Chapters on Friday night, May 17, at Crane.

Texas Tech Students Attend Rankin Party

David Workman and Billy Stephenson, Texas Tech students, upon receiving an invitation to the benefit game party in Rankin on Thursday night, decided they should attend—so they drove down from Lubbock Thursday afternoon and went to the party, driving back in the early morning hours to attend classes at 9 o'clock.

11 March 1946 Mrs. Marye D. McCollum Box 447 McCamey, Texas Dear Mrs. McCollum:

I have the honor to inform you that, by direction of the President, the Distinguished Flying Cross has been posthumously awarded to your husband, Captain Darden W. McCollum, Air Corps. The citation is as follows:

"For extraordinary achievement while participating in aerial flight against the enemy on 9 March 1945. After leading his flight in a highly successful attack on marshalling yards and factory buildings in enemy territory, Captain McCollum, despite adverse weather conditions, continued on a reconnaissance mission without escort. Displaying unusual courage and determination, Captain McCollum flew at dangerously low altitude and through withering crossfire defenses he destroyed a large quantity of enemy vehicles and equipment. The superior airmanship and devotion to duty by Captain McCollum on this occasion in the face of unfavorable odds, reflect the highest credit upon himself and the Army Air Forces."

AWARDED PURPLE HEART: March 12, 1946. My dear Mrs. McCollum: At the request of the President, I write to inform you that the Purple Heart has been awarded posthumously to your husband, Captain Darden W. McCollum, Air Corps, who sacrificed his life in defense of his country.

Mayor of Crane Proclaims Emergency; Orders Clean-up of the Entire City

Mayor W. V. Stell, acting swiftly to prevent a polio epidemic in this city, proclaimed May 20-30 a period of emergency and ordered that individual citizens of Crane clean up premises on which they live.

Rogers Family To Leave Monday For Plainfield, Iowa

Rev. and Mrs. Maynard Rogers and daughters, Faith and Grace, will leave by auto early Monday, May 27, for Plainfield, Iowa, to the bedside of Mrs. Rogers' father, Mr. Harry Hastings, reported to be very near death.

Baptist Young People Play Baseball Tuesday Evening, 7:00 To 8:15

The Young People of the First Baptist Church of McCamey met on Tuesday, May 21, at 7 o'clock. Baseball was played from 7 until 8:15.

Louis K. Eckols Receives Degree

Louis Knox Eckols, son of H. R. Eckols of McCamey, and former resident of this city, graduated from Northern Baptist Theological Seminary, Chicago, Ill., May 16, 1946.

Crane Wildcat To Run Casing

Humble No. 1-B G. H. Cowden and others, reported structurally high wildcat in SE Crane County 7 3-4 miles SE of Atlantic's opener of the Block 31 (Devonian and Ellenburger) field, prepared on Wednesday to run 7 inch casing, with the total depth 8,707 ft. in lime and shale.

No. 1-B Cowden was credited, without confirmation, with entering the Devonian at 7,674 feet, 5,114 feet below sea level, 221 ft. higher than in Atlantic No. 1-A-31 U, the Block 31 field discovery. It is in the C SW SW 14-X-CC-SD&RGNG.

Mrs. R. L. Herring Now Recuperating

Word has been received that Mrs. R. L. Herring, who underwent a major operation in Port Arthur hospital recently, is recuperating nicely and Reverend Herring, pastor of the First Baptist Church here, expects to return to Rankin soon.

1946 Christmas Cards now on display at the News.

Regional Round-Up

BY JAY

Not a loop was missed by Bob Crosby Sunday when he roped twelve steers in Fort Sumner, N. M., in 359.2 seconds, a time that was far better than that of his opponent, Buck Thompson of Ft. Sumner.

Thompson's time was 616.8, according to E. W. Irby, Marfan who was announcer at the sports event.

Other steer roping contests which are scheduled for the next few weeks are:

May 9—Captain: Crosby vs. Jack Shaw (\$2000).

June 9—Clovis: Crosby vs. Carl Arnold, World Champion (\$10,000).

June 16—Clovis: Crosby vs. Cotton Lee (\$2,000).

June 23—Crosby vs. Gerald Tully (\$2,000).

July 4—Clovis: Crosby vs. Jeff Good (\$2,000).

August 3—Cheyenne, Wyo.: Crosby vs. Billy Wilkinson (\$2,000).

Life Magazine this week carried a story of Crosby as "King of the Cowboys."

Plans to remodel, modernize, and enlarge Brewster County's court house taken recently when the commissioners Court employed Glen Wilson, San Antonio architect, to draw plans and specifications for the work.

Mr. Wilson met with the commissioners this week and presented tentative plans for the work, which were accepted and approved by the commissioners.

The plans call for a complete overhauling of the 50-year-old building and the addition of two wings, one on the north and one on the south side, each wing to contain four additional offices.

New Roof Plan

The entire roof of the building will be removed, according to the plans, and a new design followed in the new covering of the building.

The plans are yet in the tentative stage, it was pointed out, but final plans will be ready within a short time.

Mr. Wilson, the architect, is a former Alpine boy, who attended the public schools here a number of years ago. He has since received degrees in engineering and architectural work at both Texas University and Columbia University and is now a successful architect in the Alamo City.

The Alpine Cats continued their winning streak in a game played at Kokernot Field here last Sunday by defeating the Marfa Indians 7-5. The locals slipped from their usual stride, however, being charged with ten errors while only four were marked up against the visitors.

The Cats jumped into an early 5-0 lead when they blasted Hernandez off the mound. He was replaced by Andrews, a veteran who had plenty on the ball and had the Cats breaking their backs at his sharp-breaking curves most of the way during the remainder of the game.

The Indians came back in the fourth to score three runs off Marcelo and added another pair in the seventh for their total score of the afternoon. The Cats added their final scores in the fourth and fifth frames.

Most of the Cats' heavy hitters had an off day Sunday but Moore hit two out of four times up and Thornton got two out of three trips to the plate. O. D. Burleson got the only extra base hit for the Cats, a double, and had three errors chalked up against him at the third base position. McNeill, Davis and Bob Burleson were charged with two mistakes apiece and Powers, one. Bob Burleson pulled the sensational play of the afternoon when he tossed his glove into the air to slow down a sizzling high line drive which brought the runner up at first base on what looked like a sure-fire two-bagger.

The stands were packed with an enthusiastic group of fans and it looked doubtful at times as to who would be the winner. The Indians looked good as this was their first game of the season.

The Cats expect some tough competition here Sunday afternoon when they tangle with a team from Iraan, also undefeated this season. The game will start at 2 p. m.

The City Council authorized on Thursday a special federal census for Monahans. Investigation by Councilman Earl Earp and the Chamber of Commerce had obtained immediate results from Director of Bureau Census J. C. Capt. and Russell E. Westberg, Regional Census Supervisor of Fort Worth, advised Mayor Ed Duffey that Frank E. Kimble had been appointed supervisor-in-charge of the Monahans census and would arrive here with James M. Hamilton, Westberg's assistant, on the morning of May 20 and would meet with enumerators selected by the city at 1:00 p. m. of that day and would be prepared to begin field enumeration the following morning.

As directed by Westberg, \$450 as initial cost of the census was deposited to the credit of Kimble in the First State Bank by the Chamber of Commerce whose directors agreed to foot two-thirds of the bill for the census. Immediate action taken by the Bureau of Census will necessitate prompt action by the city in selecting enumerators and making all local arrangements to expedite the census on the arrival of the supervisor. If local arrangements are in order, Monahans should have an official Federal census within a few days after May 20.

Mayor Ed Duffey has asked for volunteer workers to assist in the count. Enumerators will work under the supervision of Kimble. Mayor Duffey is taking applications of volunteers of both sexes and urges that all citizens of Monahans willing to donate one, two or more days as enumerators please advise him immediately at City Hall.

Among other benefits expected to be derived from an official Federal census, need for a new post office building will be emphasized. City Council and Chamber of Commerce directors also planned a renewed request for FPMA assistance for emergency housing.

Natural gas instead of butane may flow in Marfa's transmission lines before the chill of autumn weather is felt in 1946 or 1947, and if that becomes a reality, users may experience a saving in gas rates by an actual rate reduction and by an increased heat content of the fuel that will be used.

The city's mayor is authority for the statement that users of gas may make, with the coming of natural gas, a saving of one-half in their gas bills each winter because of the increased heat content and by means of a reduced rate schedule.

H. A. Coffield, mayor, recently was authorized by the city commission to enter into a contract with D. W. Francis of Christoval and C. H. Lockhart, an oil man of Pecos, by which the latter two will deliver natural gas "of quality and standards to meet the requirements of the city in its sales, distribution and delivery."

The men are said to have a good gas well near Fort Stockton which would be the source of the gas they propose to sell to Marfa. The contract with the two has been consummated and the mayor believes that unless strikes and labor troubles greatly interfere that the men can construct their pipeline. Materials for such work are difficult to obtain and labor troubles in the East hamper such construction, as they do other types of work.

It is specified that gas of not less than 950 British Thermal Units per cubic foot be supplied. This heat content is more than 50 per cent greater than that which is secured in the fuel that is furnished users at present, Coffield said.

Mr. Francis and Mr. Lockhart have agreed to construct the pipe line within 15 months, "barring delays that cannot be controlled." A 30-year franchise has been given the two but any time after 15 years that gas may be secured closer to Marfa than their well the franchise terms may be adjusted. The men agree to deliver gas at a minimum pressure of 15 pounds.

Mr. Lockhart was here yesterday and said that 5-inch, 6-inch and 7-inch pipe would be used on the line from Fort Stockton. A mile a day can be laid. At this time the delivery of pipe from Pittsburgh, Pa., is quite uncertain because of the steel strike. He said that he and his associate have been serving Fort Stockton since 1937, and that the gas they would market in Marfa would come from their well which came in, originally, he says, at 18,320,000 cubic feet. Additional gas would be secured for towns of this area from the Pecos County field north of Fort Stockton.

If and when natural gas may

LETTERS FROM OUR READERS

McCamey, Texas May 16, 1946.

The McCamey News Mr. James Carll, Editor McCamey, Texas.

Dear Mr. Carll:

I am instructed as secretary of this organization to express the appreciation for each one of our members for the editorial article in the May 10, 1946, issue of The McCamey News, entitled: "Will Our Children Be Next?" As an editor you have well expressed our respective families' sentiment in regard to the inadequate enforcement and protection of law in McCamey, Texas.

Yours very truly, MAYNARD R. ROGERS, Secretary, McCamey Ministerial Association.

THOMASON ON FEDERAL BUILDING

The following letters relating to the status of the Federal Building for McCamey were received this week:

Washington, D. C., May 13, 1946.

Mr. James Carll, Editor, McCamey News, McCamey, Texas.

Dear Friend:

The enclosure has reference to your letter of May first concerning the proposed Federal building for McCamey. When any further word is received here, you will be advised.

With kind regard, I am, Very sincerely,

R. E. THOMASON.

Honorable R. E. Thomason House of Representatives Washington, D. C.

Dear Mr. Thomason:

I have your letter of May 6, 1946, to the Federal Works Administrator, forwarding a communication from Mr. James Carll of the News Publishing Company, McCamey, Texas, requesting information concerning the status of the Federal building contemplated for that city.

The McCamey project was authorized under the 1938 building program with limit of cost in the amount of \$70,000. A site was acquired, and architectural drawings for the proposed building were about 100 pct. completed when this office was directed to defer all public building construction not connected with the national defense program. Recent studies of the Government's requirements at McCamey indicate the need for only minor revisions to the completed drawings. However, increased construction costs make it necessary that authority be obtained from Congress, increasing the existing limit to \$88,000. Similar action is required in the case of some 200 other projects that have been held in deferred status. Inasmuch as the site is now in Government ownership, and the architectural drawings substantially complete, it is believed that construction bids for the McCamey project could be consolidated within 90 days after the date Congress authorizes the resumption of Federal building construction.

It is hoped that the above provides the information desired; and in compliance with your request, Mr. Carll's letter is returned herewith: Commissioner of Public Building

Services To Be Held At First Presbyterian Church Sunday Night

A worship service will be held at the McCamey Presbyterian Church next Sunday night, May 26, at 8:00 p. m., at which time the Reverend Rodney Gibson of San Angelo will preach.

All Presbyterians are urged to attend, and other friends of the church are cordially invited to this service.

be bought by the city for use in its distribution system the present plant, used almost ten years, will be maintained on a "stand-by" basis, ready for use at any time that it is required. The plant and distribution system was first used in 1936, after being constructed for \$75,000 secured by a government grant and the sale of revenue bonds.

If natural gas is secured, the city will adapt to its use all appliances that are being used by customers of the city-owned system. This will be done at no cost to the customers, Mr. Coffield said.

### Polio Warnings and Suggestions Offered by Dr. George W. Cox, Texas State Health Officer

AUSTIN, Tex., May 22—Dr. Geo. W. Cox, State Health Officer, has issued the following statements and suggestions concerning the control and prevention of poliomyelitis which is now occurring in certain sections of the State.

Until recently it was generally believed that this infection is transmitted by means of discharge from the respiratory tract. It is now believed that poliomyelitis may be another of several gastrointestinal infections. Therefore, control measures must include clean-up campaigns and improvements in sanitation.

Strict sanitary measures must be observed in all communities. Stringent efforts should be made to eliminate the house fly and to destroy its breeding places. All mosquitoes and mosquito breeding places must be eliminated at once. Every effort should be made to institute approved garbage collection systems immediately. Safe water supplies must be assured.

Where adequate municipal sewage disposal systems are not in operation, it is vitally important to promote and maintain sanitary septic tanks and outdoor privies. All swimming pools should, under rigid supervision, maintain those standards approved by the Texas State Department of Health. This necessarily includes maintenance of proper chlorine level. Where such standards are not maintained, those pools should be closed immediately.

All raw foods and vegetables should be washed thoroughly before use and protected from flies, filth and insects. All eating and food handling establishments should adhere strictly to the state law concerning the sterilization of dishes and utensils. Those restaurants with insufficient personnel to maintain approved sanitation should close one or two hours a day so that employees can assist in maintaining cleanliness and high sanitary standards.

Every effort should be made to secure approved milk. Rats and mice should be eliminated. Main-tenance in the home the same sani-

tary standards that are necessary in community life. Particular attention should be paid to personal hygiene. Excreta from cases and contacts should be handled and disinfected with the same scrupulous care as in typhoid fever or bacillary dysentery.

Over-exertion in children should be avoided. Children should not visit homes where there is illness. Polio cases should be quarantined for 14 days and adults who work in food establishments should be particularly instructed in personal hygiene. It is advisable to reduce to a minimum all human contacts, especially in children during an outbreak of this disease. It is not advocated that schools, churches and theatres be closed.

Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by stiffness in the neck and back. When suspicious symptoms appear, a physician should be called immediately.

Candidate Cards, \$6.50 to \$9.50 per thousand at The News.

### Texas Company To Build New Refinery

The Texas Company has acquired a 1,368 acre site on the Delaware River opposite the Philadelphia Navy Yard on which it will build its first major East Coast refinery. W. S. S. Rodgers, Texaco's Board Chairman, announced today. The first unit of the new plant may be in operation some time during 1948.

Selection of the site ended a careful two-year search by Texaco officials for an ideal Eastern Seaboard location. The new refinery will be strategically located to receive both foreign and domestic crude oil.

Construction plans are incomplete and depend largely on the availability of materials. The refinery will be an ultra-modern plant incorporating the benefits of war time petroleum research and technological advances in refining. In the first phase of its operations, it will process motor fuels, diesel fuels, and furnace and industrial fuel oils.

Other products will be announced as additional refinery units are constructed. The refinery is

### THE RANKIN NEWS

a key project in Texaco's post-war expansion program. It will be the company's 21st plant for processing petroleum. The 20 refineries now in operation are spread from coast to coast.

"The Texas Company during the 44 years of its existence has sought continually to improve its products and to maintain the highest standards that extensive research establishes," said the Texaco chairman. "The new era assuring customers an increasing

supply of the highest quality petroleum products."

Lt. (jg) Jack E. Walcher of Rankin has been discharged from the Navy at the personnel separation center in San Francisco, California.

# A message to VETERANS OF WORLD WAR II

## FACTS ON YOUR RIGHTS IN BUYING SURPLUS PROPERTY

To improve veterans' priorities in the purchase of war surpluses, Congress has amended the Surplus Property Act. So that you as a veteran may have the facts direct, the War Assets Administration is taking this means to address you.

### WAR ASSETS ADMINISTRATION WASHINGTON 25, D. C.

May 3, 1946

#### TO ALL VETERANS OF WORLD WAR II:

As a veteran you are anxious to get all the benefits you can from war surplus. It is our desire to give you every possible preference, under the law, in purchasing the items you want.

By amendment to the Surplus Property Act of 1944, the War Assets Administrator has been authorized to reserve certain items for exclusive sale to you. They are listed below, but in fairness, we must tell you that quantities are not large, the demand is tremendous and you may not always be able to buy exactly what you want. Every veteran, however, will have the satisfaction of knowing that all items placed on the reserve or "set-aside" list are going to veterans like himself.

Subject to availability, you may purchase these items for your personal use, as well as for your business, professional, or agricultural enterprise. You may be sure that only World War II veterans will be entitled to purchase them.

The amended Act contains a second provision that further improves your buying position for your business, professional or agricultural enterprise. For items not included in this list, only Federal agencies buying for their own use may purchase ahead of you. This gives you, for business use, an advantage over State and local governments, tax-supported institutions, certified non-veteran small business enterprises and all other potential buyers except Federal agencies. For a specified period after the Federal agencies have had an opportunity to purchase surplus, all available items which do not appear on the reserve list will be available to you to purchase for your own business.

Under the amended Act you still must be certified to purchase war surplus, as thousands have done since the original Act was passed. The certification procedure has now been simplified, as explained at the right.

The War Assets Administration will make every effort to see to it that you receive the benefits Congress intends you to have. Your patience and cooperation will aid in the difficult task we face in trying to satisfy the needs of every veteran who wants to buy surplus property.

THE ADMINISTRATOR

#### What is set aside for you

The property listed at right is reserved for exclusive sale to veterans of World War II. These are the items in greatest demand by veterans. Large quantities are not available. You may have to wait some time before purchases can be made. So many veterans may already be ahead of you that you may not be able to make your purchase. But you may be sure that only veterans will have the opportunity to buy "set-aside" items.

## War Assets Administration WASHINGTON 25, D. C.

HOW YOU CAN QUALIFY FOR YOUR PRIORITY

If You Are Already Certified:  
Thousands of veterans of World War II have already been certified to purchase surplus items. Such certifications remain valid and may be used to purchase items for which you are certified whether the item is on your reserve or "set-aside" list or on other surplus lists. You will be notified either by mail or by public local announcement where and when to make purchases.

If you are not certified, or if you wish to change your certification to items on the "set-aside" list:

STEP 1. Take your honorable discharge from the armed services of World War II and apply at any of the offices listed below for a veteran's certificate for the item you desire.

STEP 2. Wait for mail or local public notice that the item for which you are certified is available and may be purchased. You may be sure that you will be notified and that you do not need to call in person to check the availability of the items you wish. You will be told where and when to buy.

STEP 3. Make sure that you follow up promptly the notice of availability when it reaches you by either mail or public notice.

# SENIOR CLASS 45 46

A grid of 48 black and white portraits of senior students, arranged in 4 rows and 12 columns. Each portrait is accompanied by a small, illegible caption, likely the student's name and other details.

## 'Sailor Takes a Wife' Gay Comedy of First Week of Married Life

The trials and tribulations of a newly-married couple provide a laugh and poignant moments alike in "The Sailor Takes a Wife," which opened Sunday on the Grand screen.

With Robert Walker as the sailor, and June Allyson as the wife, the picture tells the heartwarming story of the two falling in love at first sight after their meeting at a New York canteen. Thinking they have little time left, the couple are married by a justice of the peace and set up housekeeping in an unfurnished apartment. To Walker's chagrin he is given a medical discharge and finds himself looking for a job.

The hundred and one petty little disagreements and disappointments that beset the path of the newlyweds are aggravated in this case by the appearance of a fascinating Romanian refugee, Audrey Trotter, who has the apartment below. When a meeting between Walker and Miss Trotter for the purpose of introducing him to a would-be employer results in his returning home covered with lipstick, the lid blows off on Walker's domestic household, and it takes a deal of plotting and placating before husband and wife are reconciled.

## Hilarity Rides High in 'Blondie' Comedy

America's favorite fun family hits a new peak in daffiness! This, and more, takes place in the newest of Columbia Pictures' hilarious "Blondie" series, "Blondie's Lucky Day," playing at the Grand Tuesday.

It shouldn't happen to a Bumstead... but it does... when Dagwood tries to solve the housing problem... and lands in the dog house (as usual!).

Blondie's mad... Dagwood's broke... and you'll be hysterical watching the screwy antics of this fabulous family.

## 'They Made Me a Killer'

Byron Barr, young Paramount actor who became involved with a murderer in "Double Indemnity" and was a murderer in "Follow That Woman," is himself murdered in Pine-Thomas' Paramount production, "They Made Me a Killer," which starts next Friday at the Grand Theatre, with Barbara Britton and Robert Lowery co-starred.

## Roy Rogers Stars in Another Great Musical Western

A crack musical Western with an unusual plot is "Song of Arizona," starring Roy Rogers which opens at the Grand Friday.

The story, which concerns the efforts of Rogers to save a ranch run for boys who might otherwise not have a fair start in life, combines a perfect blend of drama, action, music and comedy.

Rogers himself is seen as an alumnus of the Half-A-Chance Ranch, which is owned by that be-whiskered favorite, George "Gabby" Hayes. A successful radio star, Rogers goes back to the ranch to officiate at its graduation exercises, and finds Gabby is about to lose the property, and one of the young residents is plunging to disaster through a mistaken sense of loyalty.

Riding to the rescue with Rogers are Bob Nolan and the Sons of the Pioneers, who pursue a group of modern-day bandits who operate in the manner of the old West.

Dale Evans is seen as a night club singer whose small brother lives at the ranch, and Lyle Talbot turns in an excellent performance as King Blaine. Sarah Edwards is seen as the quarrelsome woman banker, while Tommy Cook, 12-year-old actor, gives a sympathetic, dramatic performance as Chip, the son of a criminal.

## NOTICE

The U. S. Marine Recruiting Service will be at the McCamey Post Office every Tuesday morning for the purpose of interviewing applicants between the ages of 17 and 25.

## 'Whistle Stop' Seething Small Town Drama

Beginning on Wednesday at the Grand Theatre, the dramatic new film, "Whistle Stop," goes on the screen.

A small town, a country fair, a shady night club are the settings for "Whistle Stop." A girl who is too beautiful and too knowing; a ne'er-do-well with a pocket full of pride; the ruthless and wealthy owner of the local night club; and a bar tender with a disreputable past are the chief characters in this tale of love and violence.

George Raft stars as Kenny Veech, the town loafer with a chip on his shoulder; he is in love with Mary, played by Ava Gardner. Runner-up in the triangle is Lew Lentz, sophisticated and

wealthy owner of the night club, the Flamingo.

Mrs. Callie Henley, Miss Mary Northcutt and Miss Dorothy Snelling were Midland visitors Saturday.

**IRAAN PERSONALS**

Mrs. E. C. Jenison of 700 West Prospect Ave., Fort Collins, Colo., is seriously ill and as soon as she is able, will undergo surgery. Mrs. "Scotty" was a former resident of Iraan.

Mr. and Mrs. John Nagle of Camp No. 1 of the Ohio Oil Co., left via car for a three weeks trip to Ohio to visit his mother. When they return they will bring their 6-year-old daughter, Sharon Lee, who will attend school here next winter.

Mr. and Mrs. Earl Meador have moved to the house formerly occupied by Frank Shaddock in Ohio Camp No. 2.

You should see the new 5-ton White truck that is using the new Quick Way Shovel to put the caliche on the new airport runway. Jack Hudson says the runway is according to CAA requirements and will be 200 feet wide and 3,200 feet long.

Our swimming pool opened on May 19 and will be open just four days a week—Thursday, Friday, Saturday and Sunday. The other days will be used to clean and fill the pool again. The life guard is August Dale Meynig.

Mr. and Mrs. S. W. Kennemer are spending the summer with Mr. and Mrs. Roy L. Byrd and family in Austin.

J. E. Smith, piano tuner of the Houston Music Store of San Angelo, was due this week but was delayed because of illness. He will be out next week to do the work here.

Mr. and Mrs. H. R. Rehders of Odessa, Texas, spent the week end visiting Mr. and Mrs. E. O. Schubert and family. The men went fishing. The ladies are sisters.

Word was received by C. S. Meyer Saturday that his brother's son in Belton, Texas, had accidentally shot himself. Mr. Meyer had left on a fishing trip, but was brought back and he and his family left at once to attend the funeral.

Ramon Hollingworth went to San Angelo Monday to enlist in the Air Corps.

Mr. and Mrs. Bob Pusy and two children left Saturday for a two-weeks vacation in East Texas.

Couts, Ollie and Carter Garland and the sons, Ollie's Pat and Cout's Dean, went fishing in the Rio Grande River recently with a catch of several nice catfish—14, 9 and 5 lbs. were some of the sizes.

Mr. and Mrs. H. Huggins left last Friday for Rusk, Texas, to visit his father, Oscar Huggins. They will be away about two weeks.

H. A. Browning of Compton, Calif., visited his sister, Mrs. D. O. Elrod, last week.

Fred Farmer is in Dallas this week on a buying trip.

Mr. and Mrs. Boyd Osborne and daughter, Dorothy Ann, visited her mother in Goldthwaite from Thursday to Sunday.

Mr. and Mrs. George Parrish and La Juan, accompanied by Mr. and Mrs. W. H. Horne, left for near Beaumont, Texas, for a two weeks vacation Saturday. The Parrish's will visit his mother, and the Hornes will visit their son, Womack, and family.

Mr. Sam Black accompanied Maurice Black via car to Gordon, Texas, and Thorp Springs, where Mr. Black visited his nephew, who is very ill.

Mr. and Mrs. Chas. Churchill and son, Leroy, of Sheridan, Wyo., are visiting her parents, Mr. and Mrs. F. C. Hudman, in the Cardinal Camp.

Mr. and Mrs. T. C. Harless and Mary and Patsy journeyed to the Devil's River last week end to fish. Mr. and Mrs. Duwayne King of Sonora, Texas, joined them Sunday.

Jean Rhinehart is the new bookkeeper for Carpenter Motor Co.

Mr. and Mrs. Leo Richardson and Mr. and Mrs. E. J. Giblin and Billie Marie Herndon return-

ed after spending Mother's Day in Bryan, Texas, A. & M. College, visiting their sons, Rod and Jim.

E. L. Cowart received word Monday that his father, who lives in Tucson, Ariz., is critically ill. He is 89 years old.

Mr. Charles Dossett visited with his wife through Sunday. She is recovering from surgery in the St. Johns Hospital, San Angelo.

R. H. Andrews was out of town most of this week. Business took him to Fort Stockton and San Angelo.

Mrs. J. W. Hearon and son, Kenneth, took her parents, Mr. and Mrs. I. H. Ballew, to Lamesa Friday. They had been visiting here for a week.

Mrs. Fred McCue and daughter, Benima, of Pyote, have been visiting in the J. W. Hearon home. They returned home Sunday and Juanita Hearon went home with them for a short visit.

Mrs. W. C. Williamson leaves soon for Corsicana, Texas, to spend the summer with her mother. Barbara will accompany

her but will later attend the Stephen F. Austin School at Nachadoches, Texas, this summer.

Mr. and Mrs. George Thompson have moved to San Angelo to their new home, which is about two blocks from the Harley Bayless home.

Mr. and Mrs. S. C. Rhinehart and Jean visited in Crane Sunday with the Roy Rhinehart family.

Poppy Day Saturday. Help the veterans who are ill in the hospital at Kerrville by buying poppies Saturday—GIVE!

The churches of Iraan will have their regular services Sunday. Attend the church of your choice. They need your presence.

An error last week in the list of the seniors who attended this school all twelve years should have been total 14 instead of 13. Mary Lou Hale was not included and should have been.

Mr. and Mrs. H. D. Pace went fishing successfully. They went to Pandale, Texas, and fished in the Pecos with returns of three catfish—25, 20 and 12 pounds. Pretty good fish story!

**Helen Jean Donowho Seriously Injured**

Helen Jean Donowho, daughter of Bill Donoho of Sheffield, was seriously injured at 6:30 o'clock Saturday evening when run over by her father's truck. She was said to have fallen off the truck, with a rear wheel passing over her abdomen. X-ray pictures taken at the Cooper Hospital in McCamey showed several breaks of the pelvic bone. Miss Donowho was reported resting and conscious on Tuesday.

**Oil Company Man Bitten by Rattlesnake**

Mr. F. C. Hudman, who works for the Cardinal Oil Co., was bitten by a rattlesnake on the left little finger Saturday morning. He was rushed to the McCamey Hospital. His finger was cut to allow the poison to bleed from the hand, he was given a shot for snake-bite and was hospitalized for several days.

Mr. Hudman was cleaning out some grass and reached down to pull the last bunch of weeds and the snake bit him.

McCamey, Texas

**Citizens of McCamey Help Us Prevent the Outbreak of Polio and Other Diseases**

As far as we know, there has not as yet been a single case of Polio in McCamey, but it is only reasonable to assume that this good record can not be retained unless some drastic steps relative to sanitation in our town are taken immediately.

Medical Science points out that the prevention of Polio (as well as other diseases) can best be prevented by cleanliness and by the elimination of flies and mosquitoes. The city has taken over the hauling of garbage and we expect to have this matter well under control within a short time. This, of course, is the first step toward a more sanitary condition. But it will be necessary for everyone to cooperate with us. Therefore, we find it necessary to enforce the following ordinances:

1. Open toilets are prohibited (if you have one, please close it and connect with the city water and sewer at once).
2. Cess pools that have broken in must be tightly covered (this will help eliminate both flies and mosquitoes).
3. Hog pens will not be permitted within the city limits. (Milk is still scarce and for that

reason we think that perhaps it is not wise to eliminate cows at this time. But for the protection of the health of your children and your neighbor's children, we ask that you kindly keep cow and horse lots clean).

4. All garbage cans must be covered. (If you do not have a can with a cover, you can purchase one for \$2.00 at the Anderson Warehouse. Or, if you prefer, you can make your own cover for the can you have. But in that case, be sure that the cover fits tightly and that the cover is kept on the can at all times).

We do not wish to embarrass anyone with prosecution, but we do intend to enforce these ordinances. It is for the best interest of all of our citizens.

If everyone will do his part, we can have a sanitary and healthful city. Let each one of us see to it that his own back yard is kept clean. Allow no garbage to remain around the house, in the yard, or in the alley. Place it all in the covered cans, and we'll try to haul it off before the flies get a chance at it.

Thank you for your cooperation,

**The City of McCamey**

### SQUIDS

BY JAY

I want to tell you about those boys who are working on the George B. McCamey Annual Celebration Committee. They're doing a bang-up job... and talk about ideas. The only trouble with these bucks is the fact that they have too many danged GOOD ideas to cram into a 3-day show! Broadway, please note.

Let me hang their handles on your looking rack... Bill Moore, Gaylon Harding, Milton Bryant, Charlie Cox, Doc Slaughter (your friendly, painless (?) dentist), Earl Stribling and old Cuthbert C. Carl.

Take Bill Moore, our Bathing Beauty maestro. It is this writer's belief that he bubbles ideas like a spring bubbles water. The guy is a walking fount of ideas. Just climb into your colored glasses, cowboys, you're going to see a bathing beauty show come Friday and Saturday, June 14 and 15.

Gaylon Harding, newly-elected commander of the local V. F. W. post, killed two birds with one shot Friday evening: he attended the Celebration Committee meeting at Legion Hall and at the same time attended a City Council meeting to obtain permission from the City fathers to work out details for the street dances to be held Friday and Saturday evenings following the bathing beauty shows. Might I add that the City dads agreed to go all out for the Celebration.

Milton Bryant, his hands full at the High School and with the summer sports program... of which he is the director... still finds time to work as chairman of the Celebration boxing committee. Incidentally, may we suggest that McCamey give Milton a rousing hand when the boxing matches, to be held Saturday afternoon, June 15, have been staged. You're going to enjoy them... and the boys who'll make it possible. Tag this: three 2-round bouts in every weight from flyweight to heavy-weight, with the prides of McCamey pitted against challengers from neighbor-cities. And our boys will give a good account of themselves. Bryant believes in condition.

Charlie Cox is our artist-photographer. He is the designer of our stationery and creator of the advertising and newspaper pictures you will see across the width and breadth of West Texas during the coming weeks. And many of his ideas will be incorporated into the general program presented to the public. Charlie also designed and made the Queen's crown for the bathing beauty contest.

Thanks to Doc Slaughter and your friendly merchants, many fine items of merchandise will be auctioned off at the carnival grounds (Federal building site). Among these items to be auctioned will be cakes and pies baked by the best in the land (Upton County)... if sugar is available. With or without cakes and pies, you can't afford to miss the auction. Heck, you might bid in a pair of nylons... or a P-50!

Old Earl Stribling, now a deputy state commander of the V. F. W., is chairman of the swimming and diving committee. If Earl's plans materialize... and we believe that they will... you are going to see some neat exhibition diving and team-swimming, and you'll see some swimming and diving matches that'll keep your toes turning in from the opening gun until the curtain rings down on the final event.

C. C. C., otherwise known as

**THREE-YEAR-OLD VICTIM OF HUNGER.** Like countless European children, little Stoyan is a wartime victim of starvation. His Yugoslav mother and father were too busy fighting the Nazi to care for him. America's famine emergency campaign is directed at erasing pictures like this.

Cuthbert... Cusbert, for short... is chairman of the concessions committee. Now, lumber is one of the essential items for concessions. The guy snaps his fingers, opens his yaps a couple of times to loyal McCameyites and, presto, lumber.

We might add that Doc Shirley has offered his truck to haul the needed equipment to the various sites. Doc Halamicek, Victor Barron, Emmett Matejowsky and other merchants whose names will be mentioned in these columns in a later issue, all have said that they will contribute concession items.

Malcolm Reimers, our doughty fire marshal; Jimmy "West Texas" Boyd and the rest of the fire boys will water down McKinney Street for the street dance.

Shucks, we're going to have one gargantuan big time... everybody's going to love everybody else and our guests are going home happy.

What the heck more do you want?

#### Miss Hartley Is Married to Mr. Heath

Miss Marjorie Ovedia Hartley and Mr. Jessie Glen Heath of Iraan were quietly married in McCamey Sunday afternoon in the auditorium of the Church of Christ in the presence of their immediate relatives. W. A. Record, minister of the church, officiated, using the ring ceremony.

The church was decorated with spring flowers and cala lilies. The bride wore a white eyelet dress with pink carnation corsage. The couple will make their home in Iraan.

#### Jean Jones Stationed In Germany Now

FURSTENFELDBRUCK, Germany.—Here to do his bit in "winning the peace," Pvt. Jean L. Jones, formerly of McCamey, has arrived at the European Theatre Army Air Forces Reinforcement Depot, and will soon be assigned to permanent duties with the occupational Air Force.

From this depot he may be assigned to units servicing Army Air Force planes in Germany, Austria, Italy or France. While here, in the heart of picturesque Bavaria, he will have an opportunity to enjoy the scenic beauties of the wooded hills of the Alps. He also will be able to visit the notorious Dachau Concentration Camp. Located about 20 miles from

#### F. B. I. Conference Slater for Odessa-Alpine May 29-31

Mr. R. C. Suran, Special Agent in Charge of the El Paso office of the FBI, has announced that the next FBI Law Enforcement Conferences for Law Enforcement officers in West Texas will be held at Odessa, Texas, on May 29, and in Alpine, Texas, on May 31, 1946. The Odessa meeting will be held in the County Auditorium at 2 p. m., and the conference being held in Alpine, Texas, will meet at 2 p. m. in the District Court Room of the County Court House.

The Conference being held at Odessa will be combined with the opening date of the Police Training School being sponsored by John Wilson, City Manager, Odessa, in cooperation with J. Edgar Hoover, director of the Federal

Bureau of Investigation. The meeting will be opened by an address of welcome by High Ratliff, Sheriff, Ector County, Odessa, Texas. Mr. Suran will then discuss the manner of obtaining surplus property for police use and will discuss the Federal Statutes governing Unlawful Flight to Avoid Prosecution. A practical demonstration and lecture covering interviews of persons will then be given by Special Agents Leo E. Kuykendall and A. T. Potter of the El Paso Office of the FBI. The information period of the program will then be closed by a practical demonstration of the problems of arrests by Special Agent H. J. Pharies of the El Paso Office of the FBI.

A similar program will be followed at Alpine, Texas, when the conference meets there on May 31, 1946, where the address of welcome will be made by the Justice of the Peace, R. C. Garnett of Alpine, and the program followed will be closed by a discussion of the subject, "Descrip-

tions of Persons" by Special Agent Pharies.

They are held on a semi-annual basis and according to Mr. Suran, have done much to insure wholehearted cooperation between employees of Federal, State and local law enforcement agencies.

AMERICA'S FAVORITE CEREAL  
FRESH because it sells so fast!

# Kellogg's CORN FLAKES

P.S. You can also get this cereal in Kellogg's VARIETY—6 different cereals, 10 generous packages, in one handy carton!

## Even Crops Can Tell You When They're Hungry

A farmer with the "know-how" can spot, at a glance, evidence of starvation in his growing crops, and remedy it. You will find it profitable to learn the signs of "hidden hunger" in your crops, whether you are selling them as cash crops or using them as feed for livestock. Once you have learned to understand the "sign language" of plants, you can often tell just by looking at a growing plant whether it is drawing from the soil all the nitrogen, phosphorus, potash and other elements it must have to produce healthy, high-yielding crops.

A deficiency in these essential elements will affect the plant's appearance in some way which will tell you just what is short. Here are some of the "hunger signs" in corn, for example:

- Yellowish-green leaves and stunted growth indicates nitrogen deficiency.
- Tips of leaves gummed together indicates calcium deficiency.
- Purple color in leaves indicates phosphorus deficiency.
- Bottom leaves dead; yellow striping between

veins of upper leaves (condition known as "white-bud") indicates zinc deficiency.

• Scorching along the edges of leaves indicates potash deficiency.

• Regular yellowish-white stripes on leaves indicate magnesium deficiency.

Other crops also show "hunger signs" which can be recognized at a glance if you know their sign language. Your county agent or vocational agricultural teacher can tell you about them or advise you about books or bulletins which give detailed information. Because of their thorough understanding of soil and crop conditions in your district, they are the men to answer your questions. Both are ready and able to help you. They know the signs of crop malnutrition and can give you valuable advice.

**Worth thinking about:** Consider that word *e-n-d*. It usually joins things together, but now and then we use it to separate things which should not be separated.

Strawberry-shortcake is a homely example of our meaning. It's eaten everywhere... it has two parts... but no one ever separates that satisfying combination in word or thought. You'd never think of saying strawberry and shortcake.

So it is with many combinations which cannot exist separately. There's agriculture-industry and the livestock-meat industry, for example. These combinations cannot be split into separate sections, because all parts of each are dependent on the others. The production of livestock and the preparation and distribution of meat are as inseparable as strawberry-shortcake. When producers prosper, meat packers prosper. When one suffers constant loss, the other must suffer also. Those of us in the livestock-meat industry have mutual interests, and we work together toward a common goal.

**Ratty Arithmetic:** One rat eats about 150 pounds of corn per year. It costs you as much to keep 10 rats as to keep 17 laying hens. Those 17 layers could produce 200 eggs each, at 36¢ per dozen, which would bring you \$102. For 10¢ you can poison those rats. Then, you can feed the corn to your hens and collect the difference of \$101.90.

**Ringworm in Cattle** causes irritation and loss of weight. Indications of this parasite disease are circular patches on the skin, usually on the head and neck, which soon become denuded of hair. Small blisters and scaly yellow crusts appear, with moderate itching. Colorado A. & M. College suggests the removal of crusts with soap and lard, then painting the area with acetic acid, sulphur ointment, or iodine once a day.

#### BETTER FARMERS FROM OUR HIGH SCHOOLS

By E. J. Johnson  
Federal Agent, Agricultural Education

Teachers of vocational agriculture have worked for almost thirty years to prepare youth for the practice of better farming. Over 8000 U. S. high schools now have vocational agriculture departments. Broad courses of study are offered to in-school farm boys, and short, intensive courses are open to farmers of all ages. Many schools operate farms or observation plots in which students are able to practice what they are taught. The program is productive as well as instructional.

In the Pacific and Intermountain regions, vocational agriculture is taught to 30,000 high school boys. 64 schools in these areas operate farms totaling 2,546 acres. The 1945 production record of the school farms and of students on their home farms is a tribute to the skill and the spirit of both the young farmers and their teachers. In 1945, vocational agriculture students in the Pacific and Intermountain regions produced 9,000 beef cattle, 11,400 dairy cattle, 19,500 sheep, 44,800 hogs, 58,000 chickens, 40,000 turkeys, and raised over 25,000 acres of field crops, fruits and vegetables.

**Soda Bill Sex:**  
... that a man who sits down on the job seldom rises to the occasion.  
... that all men are created equal but few create equally well.

**Martha Logan's Recipe for Braised Short Ribs with Vegetables**

3 pounds short ribs of beef	5 medium potatoes
3 teaspoons salt	5 small onions
½ teaspoon pepper	2 parsnips—2 carrots
2 tablespoons lard	1 cup water

Season ribs with salt and pepper and brown in hot lard. Add water, cover and cook slowly or bake in moderate oven (350° F.) 1 hour. Prepare vegetables and cut in half. Add seasoned vegetables, cover, and cook until vegetables are tender. Variation: ½ cup tomatoes may be used in place of parsnips.

**EDITOR'S COLUMN**

You who raise and feed livestock know as well as I do that the problems of the livestock-meat industry are usually mighty complicated. Naturally, I am always interested in what others have to say about our problems, especially in the press or over the radio.

During the recent meat strike, for instance, I was impressed with the effort that was made to place both sides of the question before the public. On the other hand, I was disturbed, on several occasions, by statements made by people who either did not know all the facts, or who ignored them—people whose words consisted of part-truths and their own biased opinions.

To my way of thinking, all of us should consider all the facts that are available if we are to form a fair opinion on any subject. And so, it seems to me especially important that ranchers and farmers have the fullest factual understanding of every part of the livestock-meat industry. Now I don't pretend to know all there is to know, and you probably have many facts that I lack. But from long experience in this business we have learned many things which might help clear up certain doubts and questions you may have in your mind.

If there are things about our business that you aren't sure about, we would appreciate hearing from you. We will reply with whatever facts we have. I am sure that our correspondence will make for a better mutual understanding of our common problems.

**F. M. Simpson,**  
Agricultural Research Department

### Atlantic 1-C Block Thirty-One's Third Dual Completion

Humble No. 1-B G. H. Cowden and others, SE Crane County wildcat, was credited Friday with having a Devonian top 221 feet higher than Atlantic No. 1-A-31, opener of the Block 31 (Devonian and Ellenburger) field 7 3-4 miles NW.

Atlantic No. 1-C U, 3-4 mile NE of the Block 31 discovery, at the same time became the fifth completed producer in the pool and the third from both the Devonian and Ellenburger. Its combined daily potential is 405.54 bbls. of oil.

Humble No. 1-B G. H. Cowden and others, C SW SW 14-X-CCSD&RGNG, was drilling below 8,652 feet in lime and shale, which may be the Silurian. It was reported unofficially to have entered the Devonian at 7,674 feet, 5,114 feet below sea level, compared with 5,335 feet below sea level in Atlantic No. 1-A U. According to the same sources, some oil was recovered on a drill stem test in the top of the Devonian. None of the reports was confirmed.

#### PHILLIPS TOP 7,860

Phillips No. 1-K U, 3-4 mile SW of Atlantic No. 1-A U, previously credited with the highest Devonian top in the Block 31 field, was no point given, entered

the Devonian, according to some geologists at 7,860 ft., 5,320 ft. below sea level. The drilling depth Friday was unreported. It was 8,226 feet in lime early on Thursday. No. 1-K U is in the C NE NW 40-30-U.

Champlin No. 1-U, C NE SE 40-30-U, one mile S SE of Atlantic No. 1-A-U, had passed 8,082 ft. in Devonian chert. It topped the Devonian at 8,060 ft., 5,527 ft. below sea level. This was correlated 192 ft. low to the Blk. 31 discovery but not too low to produce, in the opinion of some geologists.

Atlantic No. 1-C-U, latest completed producer, C NE NW 34-31-U, registered a natural daily potential of 291.84 barrels of 45.5 gravity oil from the Devonian, with gas-oil ratio 1,110-1. The official gauge was through a 1-4 inch tubing choke. The oil came through six casing perforations to the foot at 8,630-85, at 8,770 to 8,840, at 8,900-25 and at 8,950-70 feet.

#### ELLENBURGER ACIDIZED

Ellenburger production of 45.4 gravity oil rating 113.7 barrels daily was from open hole between 10,410 and 10,560 feet, the total depth. The section had been treated with 1,000 gallons of acid. The official gauge was through a 1-4 inch tubing choke. Atlantic has asked the R. R. Commission for a discovery allowable for both zones.

Atlantic No. 1-N-U prepared to

### Thad Phipps and the Garden Party

Thad Phipps' wife finally got him to the Ladies' Flower Club Lawn Festival and Garden Party.

At first Thad was mighty uncomfortable in his Sunday best, making polite conversation with the ladies, nibbling on watercress sandwiches. Until Milly Harzoll comes up with a tray of ice-cold beer in frosty glasses.

"I suppose," says Milly slyly, "you'll think beer's a sissy drink."

"Sissy drink!" says Thad emphatically. "Just because it's mild and moderate doesn't make it sissy! Beer's a man's drink!"

And then Thad sees that half the ladies there are sipping beer, as well as those who've chosen lemonade and cider, and he mutters: "I reckon it's a ladies' drink, too."

From where I sit, more and more people are realizing, like Thad, that beer doesn't belong to any special group or occasion—it's a wholesome American beverage that belongs wherever folks enjoy good taste and moderation.

Joe Marsh

### SHERIFF'S SALE

THE STATE OF TEXAS County of Upton.

Notice is hereby given, that by virtue of a certain execution issued out of the Honorable 83rd District Court of Upton County, on the 25th day of September, 1939, by the District Clerk of said 83rd District Court for the sum of Twenty Five Hundred and Forty Six and 86-100 Dollars and costs of suit, under a Judgment, in favor of General Food Sales Co., Inc., a private corporation, in a certain cause in said Court, No. 841, and styled General Food Sales Co., Inc., a private corporation, vs. W. E. Anderson, placed in my hands for service, I, George Maley, as Sheriff of Upton County, Texas, did, on the 7th day of May, 1946, levy on certain Real Estate, situated in Upton County, Texas, described as follows, to-wit:

All of Lot Number Twenty One (21) in Block Thirty Two (32) in the town of McCamey, Upton County, Texas.

All of Lots Nine, Ten, Eleven and Twelve, (9, 10, 11, & 12), in Block Thirty Three (33) in the Town of McCamey, Upton County, Texas.

All of Lot Fourteen (14) in Block Thirty Three (33) in the Town of McCamey, Upton County, Texas.

South Twenty Five (25) feet of the North Seventy Five (75) feet of Lots Ten, Eleven and Twelve (10, 11 and 12), in Block Thirty One (31), in the Town of McCamey, Upton County, Texas, and levied upon as the property of W. E. Anderson; and that on the first Tuesday in June, 1946, the same being the 4th day of said month, at the Court House door of Upton County, in the Town of Rankin, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said execution, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said W. E. Anderson.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the McCamey News, a newspaper published in Upton County.

Witness my hand, this 7th day of May, 1946

21-31 GEORGE MALEY,  
Sheriff Upton County, Texas.

### NOTICE OF BOARD OF EQUALIZATION MEETING

In obedience to an order of the Board of Equalization, regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the Courthouse in the town of Rankin, Upton County, Texas, at 10 o'clock A. M., beginning on Tuesday, the 28th day of May, 1946, and from day to day thereafter, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in Upton County, Texas, until such values have finally been determined, for taxable purposes for the year 1946, and any and all persons interested or having business with said Board are hereby notified to be present.

RALPH H. DAUGHERTY,  
County Clerk,  
Upton County,  
Rankin, Texas.  
13 day of May, 1946. 22-21

### THE STATE OF TEXAS

To Juanita Vera McDonald.

GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 24th day of June, A. D. 1946, at or before 10 o'clock A. M., before the Honorable 112th District Court of Upton County, at the Court House in Rankin, Texas.

Said plaintiff's petition was filed on the 23 day of March, 1946. The file number of said suit being No. 483.

The names of the parties in said suit are Jess J. McDonald as Plaintiff, and Juanita Vera McDonald as Defendant.

The nature of said suit being substantially as follows, to-wit: Plaintiff alleges that this is a suit for divorce. That he is now and has been for a period of twelve months prior to filing the petition herein an actual bona-fide inhabitant of the State of Texas, and has resided in said County of Upton for at least six months preceding the filing of this suit.

Plaintiff alleges that three years have elapsed since Defendant abandoned Plaintiff, and has continued to live apart from him though often requested by petition to return.

Plaintiff asks for judgment dissolving the bonds of matrimony. That there be no community property.

Issued this the 11 day of May, 1946.

Given under my hand and seal of said Court, at office in Rankin, Texas, this the 11 day of May, A. D. 1946.

RALPH H. DAUGHERTY,  
Clerk,  
112th District Court, Upton County, Texas.

**SQUIES**

BY JAY

I want to tell you about those boys who are working on the George B. McCamey Annual Celebration Committee. They're doing a bang-up job . . . and talk about ideas. The only trouble with these bucks is the fact that they have too many danged GOOD ideas to cram into a 3-day show! Broadway, please note.

Let me hang their handles on your looking rack . . . Bill Moore, Gaylon Harding, Milton Bryant, Charlie Cox, Doc Slaughter (your friendly, painless (?) dentist), Earl Stribling and old Cuthbert C. Carll.

Take Bill Moore, our Bathing Beauty maestro. It is this writer's belief that he bubbles ideas like a spring bubbles water. The guy is a walking fount of ideas. Just climb into your colored glasses, cowboys, you're going to see a bathing beauty show come Friday and Saturday, June 14 and 15.

Gaylon Harding, newly-elected commander of the local V. F. W. post, killed two birds with one shot Friday evening: he attended the Celebration Committee meeting at Legion Hall and at the same time attended a City Council meeting to obtain permission from the City fathers to work out details for the street dances to be held Friday and Saturday evenings following the bathing beauty shows. Might I add that the City dads agreed to go all out for the Celebration.

Milton Bryant, his hands full at the High School and with the summer sports program . . . of which he is the director . . . still finds time to work as chairman of the Celebration boxing committee. Incidentally, may we suggest that McCamey give Milton a rousing hand when the boxing matches, to be held Saturday afternoon, June 15, have been staged. You're going to enjoy them . . . and the boys who'll make it possible. Tag this: three 2-round bouts in every weight from flyweight to heavy-weight, with the prizes of McCamey pitted against challengers from neighbor-cities. And our boys will give a good account of themselves. Bryant believes in condition.

Charlie Cox is our artist-photographer. He is the designer of our stationery and creator of the advertising and newspaper pictures you will see across the width and breadth of West Texas during the coming weeks. And many of his ideas will be incorporated into the general program presented to the public. Charlie also designed and made the Queen's crown for the bathing beauty contest.

Thanks to Doc Slaughter and your friendly merchants, many fine items of merchandise will be auctioned off at the carnival grounds (Federal building site). Among these items to be auctioned will be cakes and pies baked by the best in the land (Upson County) . . . if sugar is available. With or without cakes and pies, you can't afford to miss the auction. Heck, you might bid in a pair of nylons . . . or a P-50!

Old Earl Stribling, now a deputy state commander of the V. F. W., is chairman of the swimming and diving committee. If Earl's plans materialize . . . and we believe that they will . . . you are going to see some neat exhibition diving and team-swimming, and you'll see some swimming and diving matches that'll keep your toes turning in from the opening gun until the curtain rings down on the final event.

C. C. C., otherwise known as

**THREE-YEAR-OLD VICTIM OF HUNGER.** Like countless European children, little Stoyan is a wartime victim of starvation. His Yugoslav mother and father were too busy fighting the Nazi to care for him. America's famine emergency campaign is directed at erasing pictures like this.

Cuthbert . . . Cusbert, for short . . . is chairman of the concessions committee. Now, lumber is one of the essential items for concessions. The guy snaps his fingers, opens his yap a couple of times to loyal McCameyites and, presto, lumber. We might add that Doc Shirley has offered his truck to haul the needed equipment to the various sites. Doc Halamicek, Victor Barron, Emmett Matejowsky and other merchants whose names will be mentioned in these columns in a later issue, all have said that they will contribute concession items.

Malcolm Reimers, our doughty fire marshal; Jimmy "West Texas" Boyd and the rest of the fire boys will water down McKinney Street for the street dance.

Shucks, we're going to have one gargantua big time . . . everybody's going to love everybody else and our guests are going home happy. What the heck more do you want?

**Miss Hartley Is Married to Mr. Heath**

Miss Marjorie Gveda Hartley and Mr. Jessie Glen Heath of Iraan were quietly married in the auditorium of the Church of Christ in the presence of their immediate relatives. W. A. Record, minister of the church, officiated, using the ring ceremony.

The church was decorated with spring flowers and cala lilies. The bride wore a white eyelet dress with pink carnation corsage. The couple will make their home in Iraan.

**Jean Jones Stationed In Germany Now**

FURSTENFELDBRUCK, Germany.—Here to do his bit in "winning the peace," Pvt. Jean L. Jones, formerly of McCamey, has arrived at the European Theatre Army Air Forces Reinforcement Depot, and will soon be assigned to permanent duties with the occupational Air Force.

From this depot he may be assigned to units servicing Army Air Force planes in Germany, Austria, Italy or France. While here, in the heart of picturesque Bavaria, he will have an opportunity to enjoy the scenic beauties of the wooded hills of the Alps. He also will be able to visit the notorious Rachau Concentration Camp. Located about 20 miles from

**F. B. I. Conference Slated for Odessa-Alpine May 29-31**

Mr. R. C. Suran, Special Agent in Charge of the El Paso office of the FBI, has announced that the next FBI Law Enforcement Conferences for Law Enforcement officers in West Texas will be held at Odessa, Texas, on May 29, and in Alpine, Texas, on May 31, 1946. The Odessa meeting will be held in the County Auditorium at 2 p. m., and the conference being held in Alpine, Texas, will meet at 2 p. m. in the District Court Room of the County Court House.

The Conference being held at Odessa will be combined with the opening date of the Police Training School being sponsored by John Wilson, City Manager, Odessa, in cooperation with J. Edgar Hoover, director of the Federal

Bureau of Investigation. The meeting will be opened by an address of welcome by High Ratliff, Sheriff, Ector County, Odessa, Texas. Mr. Suran will then discuss the manner of obtaining surplus property for police use and will discuss the Federal Statutes governing Unlawful Flight to Avoid Prosecution. A practical demonstration and lecture covering interviews of persons will then be given by Special Agents Leo E. Kuykendall and A. T. Potter of the El Paso Office of the FBI. The information period of the program will then be closed by a practical demonstration of the problems of arrests by Special Agent H. J. Pharies of the El Paso Office of the FBI.

A similar program will be followed at Alpine, Texas, when the conference meets there on May 31, 1946, where the address of welcome will be made by the Justice of the Peace, R. C. Garnett of Alpine, and the program followed will be closed by a discussion of the subject, "Descrip-

tions of Persons" by Special Agent Pharies. Suran states that this conference is one of a series being sponsored by the FBI for the purpose of studying the problems of local law enforcement officials. All duly authorized law enforcement officers are invited to attend one

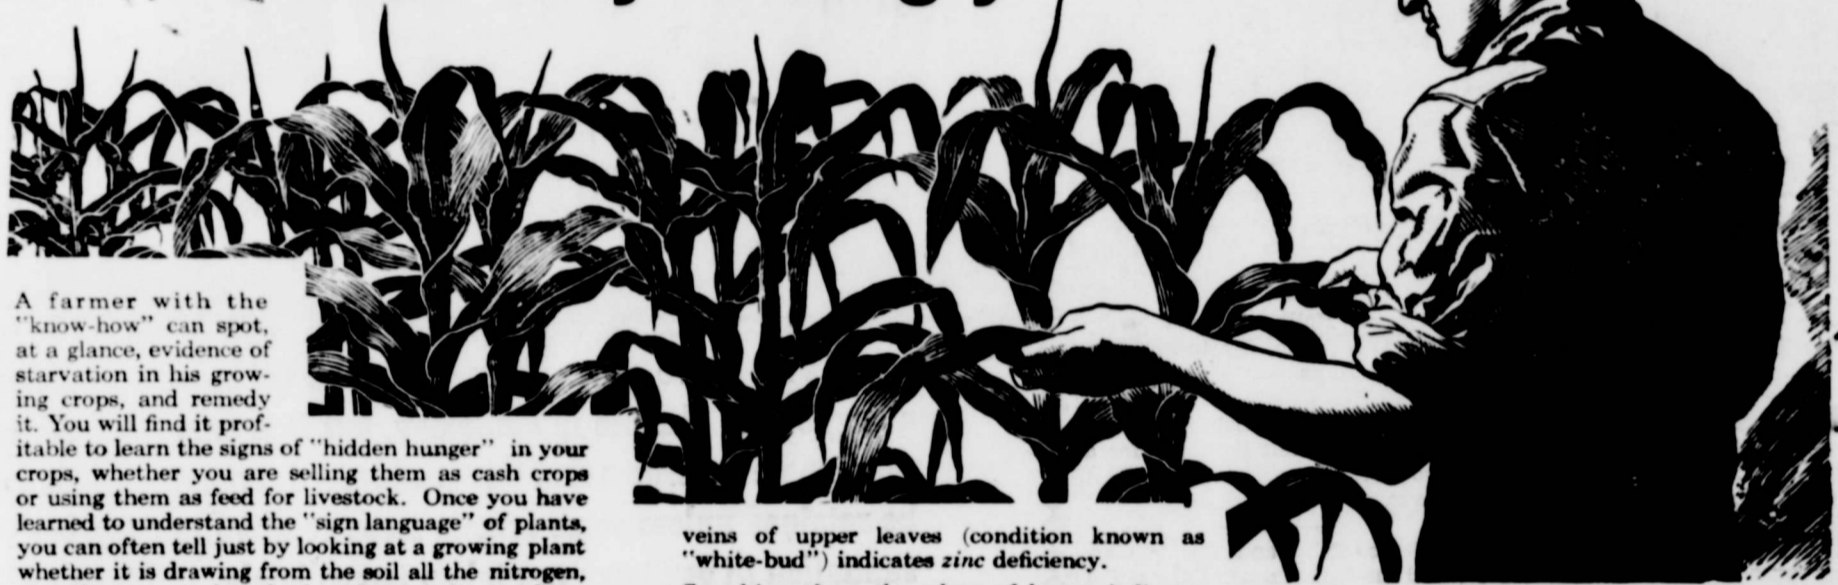

or both of these conferences. They are held on a semi-annual basis and according to Mr. Suran, have done much to insure wholehearted cooperation between employees of Federal, State and local law enforcement agencies.

**Even Crops Can Tell You When They're Hungry**

A farmer with the "know-how" can spot, at a glance, evidence of starvation in his growing crops, and remedy it. You will find it profitable to learn the signs of "hidden hunger" in your crops, whether you are selling them as cash crops or using them as feed for livestock. Once you have learned to understand the "sign language" of plants, you can often tell just by looking at a growing plant whether it is drawing from the soil all the nitrogen, phosphorus, potash and other elements it must have to produce healthy, high-yielding crops.

A deficiency in these essential elements will affect the plant's appearance in some way which will tell you just what is short. Here are some of the "hunger signs" in corn, for example:

- Yellowish-green leaves and stunted growth indicates nitrogen deficiency.
- Tips of leaves gummed together indicates calcium deficiency.
- Purple color in leaves indicates phosphorus deficiency.
- Bottom leaves dead; yellow striping between

veins of upper leaves (condition known as "white-bud") indicates zinc deficiency.

- Scorching along the edges of leaves indicates potash deficiency.
- Regular yellowish-white stripes on leaves indicate magnesium deficiency.

Other crops also show "hunger signs" which can be recognized at a glance if you know their sign language. Your county agent or vocational agricultural teacher can tell you about them or advise you about books or bulletins which give detailed information. Because of their thorough understanding of soil and crop conditions in your district, they are the men to answer your questions. Both are ready and able to help you. They know the signs of crop malnutrition and can give you valuable advice.

**Worth thinking about:** Consider that word a-n-d. It usually joins things together, but now and then we use it to separate things which should not be separated.

Strawberry-shortcake is a homely example of our meaning. It's eaten everywhere . . . it has two parts . . . but no one ever separates that satisfying combination in word or thought. You'd never think of saying strawberry and shortcake.

So it is with many combinations which cannot exist separately. There's agriculture and the livestock-meat industry, for example. These combinations cannot be split into separate sections, because all parts of each are dependent on the others. The production of livestock and the preparation and distribution of meat are as inseparable as strawberry-shortcake. When producers prosper, meat packers prosper. When one suffers constant loss, the other must suffer also. Those of us in the livestock-meat industry have mutual interests, and we work together toward a common goal.

**Ringworm in Cattle** causes irritation and loss of weight. Indications of this parasitic disease are circular patches on the skin, usually on the head and neck, which soon become denuded of hair. Small blisters and scaly yellow crusts appear, with moderate itching. Colorado A. & M. College suggests the removal of crusts with soap and lard, then painting the area with acetic acid, sulphur ointment, or iodine once a day.

**BETTER FARMERS FROM OUR HIGH SCHOOLS**

by E. J. Johnson  
Federal Agent, Agricultural Education

By training the farmers of tomorrow in new farming methods, vocational agriculture is doing much to assure America the most productive and progressive agriculture in the world. Teachers of vocational agriculture have worked for almost thirty years to prepare youth for the practice of better farming. Over 8000 U. S. high schools now have vocational agriculture departments. Broad courses of study are offered to in-school farm boys, and short, intensive courses are open to farmers of all ages. Many schools operate farms or observation plots in which students are able to practice what they are taught. The program is productive as well as instructional.

In the Pacific and Intermountain regions, vocational agriculture is taught to 30,000 high school boys. 64 high schools in these areas operate farms totaling 2,546 acres. The 1945 production record of the school farms and of students on their home farms is a tribute to the skill and the spirit of both the young farmers and their teachers. In 1945, vocational agriculture students in the Pacific and Intermountain regions produced 9,000 beef cattle, 11,400 dairy cattle, 19,500 sheep, 44,800 hogs, 58,000 chickens, 40,000 turkeys, and raised over 25,000 acres of field crops, fruits and vegetables.

**Soda Bill Sez:**  
... that a man who sits down on the job seldom rises to the occasion.  
... that all men are created equal but few create equally well.

**Martha Logan's Recipe for Braised Short Ribs with Vegetables**

- 3 pounds short ribs of beef
- 3 teaspoons salt
- 1/2 teaspoon pepper
- 2 tablespoons lard
- 5 medium potatoes
- 5 small onions
- 2 parsnips—2 carrots
- 1 cup water

Season ribs with salt and pepper and brown in hot lard. Add water, cover and cook slowly or bake in moderate oven (350° F.) 1 hour. Prepare vegetables and cut in half. Add seasoned vegetables, cover, and cook until vegetables are tender. Variation: 1/2 cup tomatoes may be used in place of parsnips.  
(Yield: 5 servings)

**EDITOR'S COLUMN**  
You who raise and feed livestock know as well as I do that the problems of the livestock-meat industry are usually mighty complicated. Naturally, I am always interested in what others have to say about our problems, especially in the press or over the radio. During the recent meat strike, for instance, I was impressed with the effort that was made to place both sides of the question before the public. On the other hand, I was disturbed, on several occasions, by statements made by people who either did not know all the facts, or who ignored them—people whose words consisted of part-truths and their own biased opinions. To my way of thinking, all of us should consider all the facts that are available if we are to form a fair opinion on any subject. And so, it seems to me especially important that ranchers and farmers have the fullest factual understanding of every part of the livestock-meat industry. Now I don't pretend to know all there is to know, and you probably have many facts that I lack. But from long experience in this business we have learned many things which might help clear up certain doubts and questions you may have in your mind. If there are things about our business that you aren't sure about, we would appreciate hearing from you. We will reply with whatever facts we have. I am sure that our correspondence will make for a better mutual understanding of our common problems.

Agricultural Research Department

### Atlantic 1-C Block Thirty-One's Third Dual Completion

Humble No. 1-B G. H. Cowden and others, SE Crane County wildcat, was credited Friday with having a Devonian top 221 feet higher than Atlantic No. 1-A-31, opener of the Block 31 (Devonian and Ellenburger) field 7 3/4 miles NW.

Atlantic No. 1-C U, 3-4 mile E of the Block 31 discovery, at the same time became the fifth completed producer in the pool and the third from both the Devonian and Ellenburger. Its combined daily potential is 405.54 bbls. of oil.

Humble No. 1-B G. H. Cowden and others, C SW SW 14-X-CCSD&RGNG, was drilling below 8,652 feet in lime and shale, which may be the Silurian. It was reported unofficially to have entered the Devonian at 7,674 feet, 5,114 feet below sea level, compared with 5,335 feet below sea level in Atlantic No. 1-A U. According to the same sources, some oil was recovered on a drill stem test in the top of the Devonian. None of the reports was confirmed.

#### PHILLIPS TOP 7,860

Phillips No. 1-K U, 3-4 mile SW of Atlantic No. 1-A U, previously credited with the highest Devonian top in the Block 31 field, was no point given, entered

the Devonian, according to some geologists at 7,860 ft., 5,320 ft. below sea level. The drilling depth Friday was unreported. It was 8,226 feet in lime early on Thursday. No. 1-K U is in the C NE NW 40-30-U.

Champlin No. 1-U, C NE SE 40-30-U, one mile S SE of Atlantic No. 1-A-U, had passed 8,082 ft. in Devonian chert. It topped the Devonian at 8,060 ft., 5,527 ft. below sea level. This was correlated 192 ft. low to the Block 31 discovery but not too low to produce, in the opinion of some geologists.

Atlantic No. 1-C-U, latest completed producer, C NE NW 34-31-U, registered a natural daily potential of 291.84 barrels of 45.5 gravity oil from the Devonian, with gas-oil ratio 1,110-1. The official gauge was through a 1-4 inch tubing choke. The oil came through six casing perforations to the foot at 8,630-85, at 8,770 to 8,840, at 8,900-25 and at 8,950-70 feet.

#### ELLENBURGER ACIDIZED

Ellenburger production of 45.4 gravity oil rating 113.7 barrels daily was from open hole between 10,410 and 10,560 feet, the total depth. The section had been treated with 1,000 gallons of acid. The official gauge was through a 1-4 inch tubing choke. Attention has asked the R. R. Commission for a discovery allowable for both zones.

Atlantic No. 1-N-U prepared to

### Thad Phipps and the Garden Party

Thad Phipps' wife finally got him to the Ladies' Flower Club Lawn Festival and Garden Party. At first Thad was mighty uncomfortable in his Sunday best, making polite conversation with the ladies, nibbling on watercress sandwiches. Until Milly Harzell comes up with a tray of ice-cold beer in frosty glasses. "I suppose," says Milly slyly, "you'll think beer's a sissy drink." "Sissy drink!" says Thad emphatically. "Just because it's mild and moderate doesn't make it sissy! Beer's a man's drink!"

And then Thad sees that half the ladies there are sipping beer, as well as those who've chosen lemonade and cider, and he mutters: "I reckon it's a ladies' drink, too."

From where I sit, more and more people are realizing, like Thad, that beer doesn't belong to any special group or occasion—it's a wholesome American beverage that belongs wherever folks enjoy good taste and moderation.

Joe Marsh

#### SHERIFF'S SALE

THE STATE OF TEXAS  
County of Upton.

Notice is hereby given, that by virtue of a certain execution issued out of the Honorable 83rd District Court of Upton County, on the 25th day of September, 1939, by the District Clerk of said 83rd District Court for the sum of Twenty Five Hundred and Forty Six and 86-100 Dollars and costs of suit, under a Judgment, in favor of General Food Sales Co., Inc., a private corporation, in a certain cause in said Court, No. 841, and styled General Food Sales Co., Inc., a private corporation, vs. W. E. Anderson, placed in my hands for service, I, George Maley, as Sheriff of Upton County, Texas, did, on the 7th day of May, 1946, levy on certain Real Estate, situated in Upton County, Texas, described as follows, to-wit:

All of Lot Number Twenty One (21) in Block Thirty Two (32) in the town of McCamey, Upton County, Texas.

All of Lots Nine, Ten, Eleven and Twelve, (9, 10, 11, & 12), in Block Thirty Three (33) in the Town of McCamey, Upton County, Texas.

All of Lot Fourteen (14) in Block Thirty Three (33) in the Town of McCamey, Upton County, Texas.

South Twenty Five (25) feet of the North Seventy Five (75) feet of Lots Ten, Eleven and Twelve (10, 11 and 12), in Block Thirty One (31), in the Town of McCamey, Upton County, Texas, and levied upon as the property of W. E. Anderson; and that on the first Tuesday in June, 1946, the same being the 4th day of said month, at the Court House door of Upton County, in the Town of Rankin, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said execution, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said W. E. Anderson.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the McCamey News, a newspaper published in Upton County.

Witness my hand, this 7th day of May, 1946.

21-31 GEORGE MALEY,  
Sheriff Upton County, Texas.

#### NOTICE OF BOARD OF EQUALIZATION MEETING

In obedience to an order of the Board of Equalization, regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the Courthouse in the town of Rankin, Upton County, Texas, at 10 o'clock A. M., beginning on Tuesday, the 28th day of May, 1946, and from day to day thereafter, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in Upton County, Texas, until such values have finally been determined, for taxable purposes for the year 1946, and any and all persons interested or having business with said Board are hereby notified to be present.

RALPH H. DAUGHERTY,  
(L.S.)  
County Clerk,  
Upton County, Texas.

Upton County,  
Rankin, Texas,  
13 day of May, 1946. 22-24

#### THE STATE OF TEXAS

To Juanita Vera McDonald,

GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 24th day of June, A. D. 1946, at or before 10 o'clock A. M., before the Honorable 112th District Court of Upton County, at the Court House in Rankin, Texas.

Said plaintiff's petition was filed on the 23 day of March, 1946. The file number of said suit being No. 483.

The names of the parties in said suit are Jess J. McDonald as Plaintiff, and Juanita Vera McDonald as Defendant.

The nature of said suit being substantially as follows, to-wit: Plaintiff alleges that this is a suit for divorce. That he is now and has been for a period of twelve months prior to filing the petition herein an actual bona-fide inhabitant of the State of Texas, and has resided in said County of Upton for at least six months preceding the filing of this suit.

Plaintiff alleges that three years have elapsed since Defendant abandoned Plaintiff, and has continued to live apart from him though often requested by petition to return.

Plaintiff asks for judgment dissolving the bonds of matrimony. That there be no community property.

Issued this the 11 day of May, 1946.

Given under my hand and seal of said Court, at office in Rankin, Texas, this the 11 day of May, A. D. 1946.

RALPH H. DAUGHERTY,  
(L.S.)  
Clerk,  
112th District Court, Upton County, Texas.

battle for our country, is a loss shared by all of us. When the medal, which you will shortly receive, reaches you, I want you to know that with it goes my sincerest sympathy, and the hope that time and the victory of our cause will finally lighten the burden of your grief.

Sincerely yours,  
**ROBERT P. PATTON.**  
Mrs. Mary D. McCollum,  
Box 447,  
McCamey, Texas.

**DEATH CONFIRMED:**  
March 19, 1946.

My dear Mrs. McCollum:

With deepest regret I have learned that your husband, Captain Darden Washington McCollum, previously reported missing since March 14, 1945, died in action on that date in Germany.

I am informed that Captain McCollum won a reputation for energy and earnestness of purpose during his career in this organization, and that he was worthy of the trust that superiors had placed in him. As a graduate of the Pilot School at Brooks Field, he gave his utmost in the performance of duty. His many friends will not forget the competence and integrity which he had, and they are deeply saddened by the loss they have sustained.

May you be comforted by the knowledge of the high regard which comrades had for your husband.

I offer my heartfelt sympathy to you and other members of the family.

Very sincerely,  
CARL SPAATZ,  
General Commanding,  
Army Air Forces.
