Treasury Department Urges Participation In Bank-a-Month Plan

"Where you work . . . where you bank . . . buy U. S. Savings Bonds," will be the theme of the U. S. Treasury's June-July promotion of the sale of U. S. Savings Bonds.

The promotion will introduce nationally the Bond-a-Month plan for bank depositors with banks throughout Texas participating in the plan.

Under the plan, which is intended to reach farmers, ranchers, professional men and women, self-employed persons, small business men and others, the depositor authorizes the bank to issue bonds to him monthly. The purchase price is charged against the depositor's checking account and the bonds are delivered by the bank each month.

"Too much emphasis cannot be placed on the value of U. S. Savings Bonds as an investment," according to an announcement on the June-July promotion by Nathan Adams, Dallas, State Chairman of the Texas Advisory Committee on Savings Bonds. "These securities are backed by the full credit of our nation, the return is stipulated and guaranteed without risk of market fluctuations. The widespread ownership of Savings Bonds creates financial reserves at a time when our national income is the highest in our history, thus building a backlog of purchasing power when the buyers market has returned in full.

City dwellers and farmers alike need financial security. The Bond-a-Month plan offers an ideal way for the farmer, the rancher, professional people and small business men to invest regularly and build a reserve for emergencies for future use or retirement."

The Bond-a-Month plan is a service offered by the nation's banks. Texans invested a total of \$240,000,000 in U. S. Savings Bonds in 1946, with 2,450,000 Series E Bonds issued representing \$171,000,000 of the total. During the first four months of 1947, the Texas total of U. S. Savings Bonds purchased amounts to \$82,855,900 with a total of \$54,735,000 in Series E Bonds. The national total for the same period is \$2,852,000,000. Texas has a state goal of \$30,000,000 in all Savings Bonds during the June-July promotion, which is pointed at spreading the national debt among the greatest possible number of citizens in the Treasury's debt management program.

Mrs. Opie Rhodes and daughter, Mrs. Lloyd Martin, and mother, Mrs. A. C. Babston of Phoenix, Ariz., were visiting friends here Monday, enroute to Dallas and points in Oklahoma.

Mrs. P. L. Crandell returned home last week from an extended visit to Oklahoma and California points.

SCHOOL ABOARD THE 'WISKY'

A class of Naval Reservists aboard the USS Wisconsin on a training cruise to Cristobal, Canal Zone, listen to an instructor explain the drawing of certain electrical connections. The USS Wisconsin is making several such Reserve cruises to refresh Reservists' previous training and to acquaint them with the latest developments in naval equipment and technique. Reservists in the photo were among several hundred from the Third, Fourth, Fifth, and Sixth Naval Districts and the Potomac River Naval Command taking two weeks of active duty training afloat. Other combat ships making similar cruises are the USS Oregon City, the USS Rochester and the USS Little Rock. (Official Navy Photograph)

Next of Kin May Select Final Resting Place for War II Vets

Next of kin requesting burial of World War II dead overseas may choose any one of the 14 permanent American military cemeteries and three National cemeteries which the War Department plans to establish as final resting places, according to an announcement received today by Col. C. C. Strawn, Commanding Officer, San Antonio General Depot.

Temporary U. S. Military Cemeteries laid out during World War II but which will become permanent cemeteries are:

Cambridge, England
Margraten, Holland
Hamm, Luxembourg
Henry Chappelle, Belgium
Neuville-en-condraz, St. Laurent, St. James, Epinal, St. Avold and Draguignan, France.
Nettuno, Italy
Manila, P. I.

Florence, Italy, and Tunis, Tunisia, will be cemetery locations, although the exact sites are not yet chosen by The Quartermaster General and the American Battle Monuments Commission.

The three new National Cemeteries to be established under the plan are Honolulu, Hawaiian Islands.

Guam in the Marianas
San Juan, Porto Rico.
These National Cemeteries will provide final resting places for any armed forces personnel or honorably discharged veterans who may wish to be buried in Hawaii, Guam or Puerto Rico in addition to those who died during World War II.

WAA To Hold Informal Bid Sale at West Texas Air Bases This Month

John W. Gailey, head of the Customers Service Center Division of the War Assets Administration in El Paso, announced a clearance of personal property sales at the Pecos Army Air Base, Pyote Army Air Base, Ft. Stockton Army Air Field, and the Midland Army Air Base.

Sale will be made by informal bidding. The four above installations will be open for inspection and bidding on June 17, 18 and 19, and the sale will be held on June 20 at the Midland Army Air Base. All bidders on articles must be present at the sale, or else their bid will be cancelled.

Articles to be put up for bidding and sale will include:

Clothing
Small generators
Some Trucks
4,000-gallon tank trailers
Many articles of kitchen and cafe equipment, such as deep fat fryers, steam tables, commercial refrigerators, baking ovens, drinking fountains (cafe type), gas ranges and scullery sinks.

There are several commercial type fans, along with electric beverage boxes, tables and chairs.

Rev. and Mrs. R. L. Herring and Mr. and Mrs. F. E. Hood were visitors in San Angelo on Friday.

Methodist W. S. C. S. Honors Miss Lillian Hardt On June 5th

On June 5 from 5 to 7 p. m., the W. S. C. S. of the Methodist Church honored Miss Lillian Hardt, bride-elect of Mr. Milburn McNeill of Corpus Christi with a miscellaneous shower in the home of Mrs. Walton Harral.

The table was beautifully laid with a linen table cloth. The centerpiece consisted of a bridegroom and a minister on a reflector edged with flowers. Mrs. Jack Walcher, Mrs. Walton Poage and Mrs. Walton Harral acted as hostesses.

Mrs. Walton Harral, Miss Lillian Hardt and Mrs. D. G. Hardt stood in the receiving line, and Mrs. Jack Walcher presided at the bride's side. Mrs. Walton Poage presided at the gifts, and Mrs. Clint Shaw, Mrs. Hamp Carter and Mrs. M. H. Moorman served at the table. Mrs. R. O. White presented each guest with a beautiful corsage which was pinned on a wedding bell and bore the inscription, "Cupid aimed his little dart, and pierced a lovely Hardt, Lillian and Milburn, June 28, 1947."

Mrs. W. N. Schulz gave several selections at the piano. Miss Ann White and Mr. Lewis Jordan sang several selections.

Refreshments of frosted punch, angel food squares topped with wedding bells, and mints were served to the following:

Mmes. W. S. Moore, C. H. Allen, Bess Lee Walcher, Flora Shaw, Gladys Carter, Helen Poage, D. G. Hardt, E. D. Yates, M. H. Moorman, F. P. Swafford, Omar Warren, L. C. Scott, E. C. Higday, Bill Moore, W. T. Elrod, W. C. Woodburn, W. N. Schulz, Ross Wheeler, R. H. Johnson, R. O. White, S. H. Boyd, Boyd Cox, John Walker, Ralph Daugherty, and the Misses Helen Ruth Boyd and Ann White, and Mr. Lewis Jordan. Those sending gifts were Mmes. Doc Adams, Jess Varnadore, Clyde Miller, Bob Adams, Sprayberry, Charlie Davidson, W. A. Hudson, Pearl Rankin, Tom Workman, D. Gentry, Sam Holmes, Bill Nix and Guila Bettis, J. E. Rains and Clois, Dunn Lowery and Ann, H. Still, O. C. Puckett, L. P. Johnson, Stanley Eddins, D. O. McEwen, Jim Robbins, R. L. Bell, Callie Henley, Zack Monroe, W. E. Stephenson and Sara Lee, H. L. Roberts, J. Lane, and Misses Grace Roach and Mary Northcutt.

Texas City Receives New Fog Fire Fighter Machine As A Gift

LANSING, Mich., May 29.—Mayor J. C. Trahan of Texas City today announced that official presentation of an FMC High-Pressure Fog Fire Fighter was made at Texas City on June 3 by John D. Crumme, San Jose, Calif., Chairman of the Board of Directors of Food Machinery Corp.

The Fog Fire Fighter is a gift from the Food Machinery to help replace first fighting equipment lost by Texas City during the recent disaster.

Demonstration on how the new unit extinguishes many types of fires, including oil fires, will also be made at the time of the presentation.

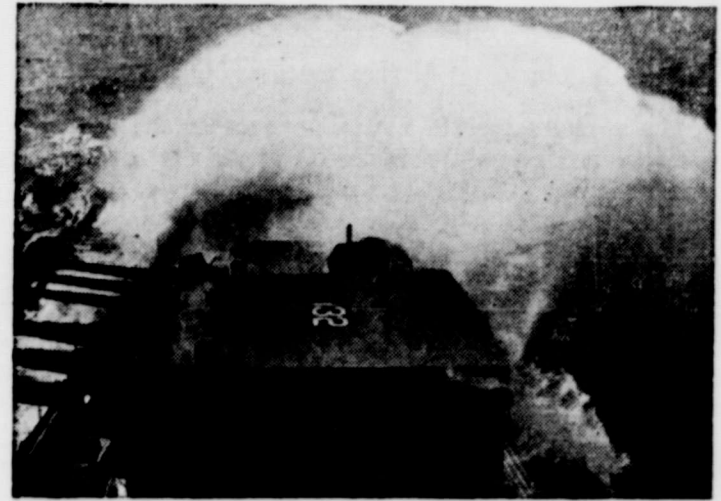

The new unit is a duplicate of the Pasadena, Texas, fire fighter that worked for 60 hours immediately after the April 16 disaster, saving thousands of dollars worth of property. More than half the members of the Texas City Volunteer Fire Department had been killed in the explosion and all Texas City fire fighting equipment destroyed.

Mayor Trahan said, and was concurred with by Texas City Fire Chief Fred Dowdy: "After having seen the Pasadena Fog Fire Fighter in action, we decided that we must have this piece of equipment."

Mrs. J. D. Lockhart returned home Tuesday from Dallas where she has been receiving medical care.

Mrs. E. G. Branch and children and mother, Mrs. Alice Lindley, were shopping in San Angelo Saturday.

THE MACON MAKIN' KNOTS

The USS Macon, one of the several ships of the United States Navy assigned to the expanding training program for veterans and non-veterans of the Naval Reserve, takes a wave over the bow on one of the two-week training cruises. Reservists from many Naval Districts take a fortnight out of their civilian life to keep themselves abreast of modern Naval developments by means of the active duty cruises of such craft as the Macon. (Official Navy Photograph)

Upton County Failure Will Deepen Hole To About 13,000 Feet

Slick-Urschel Oil Co. of San Angelo has filed application with District 7-C office of the R. R. Commission in San Angelo to deepen a wildcat test in Upton County near the Reagan County line, the test having been abandoned by Plymouth Oil Co. in May, 1941, at a total depth of 10,384 1-2 feet.

The test, known as No. 1 D. L. Alford and others in 1941, will be deepened to 13,000 feet with a rotary.

Plymouth abandoned the wildcat in chert and lime after a lost bit had been recovered from the bottom. Originally contracted to drill to 10,000 feet, No. 1 Alford had odors of gas and slight shows of oil in tests around 7,000 feet.

Location is 467 feet north and west of the center of section 50 1-2 P. B. Scott survey. Section 50 1-2 is equivalent to two regular sections. The Reagan-Upton County line extends thru the east half of the section.

The McCamey pool in Upton received another when J. W. Perry of Odessa No. 5-A B. H. Estep flowed 26 barrels of oil in a 24-hour pumping potential after an acid treatment of 4,500 gallons.

Production was through two-inch tubing with the top of pay at 2,240 feet bottomed at 2,341 feet.

Location is 990 feet out of the southwest corner of section 18-9-MK&T.

Mrs. L. P. Johnson Entertains Wednesday Bridge Club at Home

Mrs. L. P. Johnson entertained the Wednesday Bridge Club in her home Wednesday, with two tables.

Those present were Mmes. Dunn Lowery, J. Lane, Henry Neal, C. G. Taylor, Roy Priest, Walton Poage, Hamp Carter, Clint Shaw.

Mrs. J. Lane won high, Mrs. Hamp Carter, second high, and Mrs. Roy Priest, low.

Mrs. John Christy and Mrs. Boyd Cox were tea guests.

A BIT OF SHOPPING IN PANAMA

Naval Reservists on a training cruise of the USS Wisconsin spend part of their liberty ashore in Colon, Republic of Panama, selecting presents for the folks back home. They are among 600 Reservists from the Third, Fourth, and Ninth Naval Districts recalled to active duty, voluntarily, for two weeks of training aboard the "Wisky." The cruises give the Reserve sailors a chance to learn of the latest developments aboard this mighty warship. As a part of the Wisconsin cruises there are two days of liberty in Panama for sightseeing and shopping. Many of the men bring back perfumes, lingerie, alligator skin luggage, white shirts, summer suits and other items which are obtainable at prewar prices. (Official Navy Photograph)

Penny Perry, young Minneapolis girl, is the newest feminine singing star with Fred Waring's Pennsylvania 55. She joined the NBC troupe for a successful stint with the Chicago Theater of the Air, where she sang the leads in "Rio Rita," "Desert Song" and "Roberta." She made her professional debut with the St. Paul Civic Opera Company in 1942.

Minimum Swimming Pool Standards Being Issued by Health Dept.

AUSTIN, Tex.—A pamphlet entitled "Minimum Swimming Pool Standards" is being distributed by the State Health Department throughout the State to operators of swimming pools or other interested parties, according to Dr. Geo. W. Cox, State Health Officer.

The standards set up were prepared for the protection of public health and include recommendations of the Joint Committee on Building Plans of the Conference of State Sanitary Engineers and the American Public Health Association. These standards provide for proper sanitation practices at all types of pools from "fill and drain type" to the modern "recirculating type."

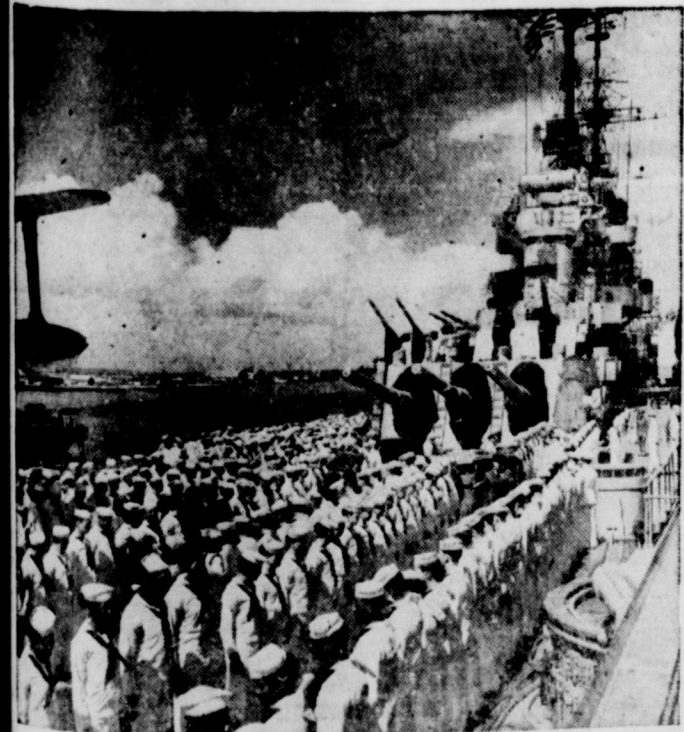

Some of the specifications for standard sanitation are that the material quality of the water should be equal to that of safe drinking water; frequency of changing or recirculating water should be such that maximum safety will be provided as well as proper economy; the water should be sufficiently disinfected to kill all disease bacteria and standards for cleanliness and algae control should be enforced.

Dr. Cox advises that the State Department of Health is offering any services to the pool manager or operator. These services include free bacteriological analysis of the water, free kits for making chlorine residual tests on the water, and information and advisory service on any problem that may be encountered in sanitation, engineering or operation. All operators or managers are invited to write the State Health Department if they wish to obtain the bulletin on pool operation or a free chlorine residual testing kit.

Mrs. Gene Hiskell and her two daughters, Lee Ann and Judy, will be house guests of her brother and sister-in-law, Mr. and Mrs. Lloyd McKinney, for the next few weeks. Mrs. Hiskell was formerly Gene McKinney's city before her marriage. She expects to meet many friends during her stay this summer.

Mrs. R. H. Johnson and son, Paul, left Tuesday for a three weeks vacation in Dallas, Angleton and Leonard.

CLEAN SHOWING AT SAN JUAN

The last hurdle before Puerto Rico liberty, Captain's Inspection, on the USS Macon, one of the several ships assigned to the expanding training program for veterans and non-veterans of the Naval Reserve. The Macon's complements of Reservists on the two-week cruises are made up of civilians from all walks of life—business men, students, carpenters, welders. After the inspection these Reservists spread from the old Spanish fortress of El Morro to the University of Puerto Rico on the tiny island of San Juan. (Official Navy Photograph)

We Have Reason To Be Grateful

The contributions of medical science to the welfare of the American people have occurred gradually over many years. Some of them have been little-publicized, and are not known as widely as they should be.

The New York Times recently ran an editorial on the Centenary of the American Medical Association. It observed that it had disagreed with some of the Association's policies. But, it pointed out, "during the long decades when the government was indifferent to the quality of food and drugs and the patent medicine man was in his heyday, the Association was a bulwark of protection. Quacks were pursued, educational standards were raised, drugs were appraised, hospitals and schools were approved or disapproved, a dozen first-class medical publications... were made indispensable purveyors of knowledge, nostrums were exposed as the frauds that they were, fads were riddled. For all these blessings the public has reason to be grateful."

The Association, as the principal and oldest medical organization of its kind, has been the leader in this work. Many groups have aided. The result is the high standard of health enjoyed by the American people. Medicine has fully realized and accepted its grave responsibilities to the country. Its work is never-ending—and its achievements grow with the passing years.

We Can't Do The Impossible

Endeavors to make across-the-board price cuts on the idea of the Newburyport ten per cent price reduction plan have considerable news value. They show a laudable desire by retailers to do everything possible that might help solve the price problem. They are not, however, a permanent solution.

First of all, it is physically impossible for a store to cut prices ten per cent on many basic, low-profit items, without subjecting itself to a net loss. Therefore, cuts of substantial size are likely to be restricted to higher-profit merchandise whose influence on the cost of living is relatively small.

Secondly, it would be absurd to say that all the items you see in your retail store are overpriced. Many of them are priced as cheaply as they can be in the light of present-day manufacturing and retail costs. The overpriced item is gradually disappearing as a result of consumer resistance, the refusal of retailers to stock goods for which there is a poor market, and the inexorable process of competition.

A number of large retailers, including chain and metropolitan department stores, are now engaged in consultations with manufacturers on the related problems of price and quality. Progress, it is reported, is being made. The results achieved will be felt throughout the entire retail industry in the form of the lowest possible price for good merchandise. But the consumer must remember that the cost of production will largely determine the price. When it falls, the prices will drop accordingly.

Government Compulsion Isn't Insurance

Those who advocate a system of compulsory, government-administered, prepaid medical care, to be paid for by another payroll tax on workers and employers, frequently argue that this is just a form of insurance similar to life or fire insurance. That claim was well answered some time ago by Senator Taft, when he said: "The fact is that this is not insurance. It is a plan for government administration of all medical care, supported by a tax on payrolls. There is no difference between a payroll tax and any other tax. This can't be insurance if a man has no option except to pay for it."

The very essence of insurance is that it is voluntary. No one makes you buy it. The choice of policy, company, and type of coverage is purely up to you. Government domination of medicine would obviously destroy all freedom of choice. You'd pay, as you now pay for social security, whether you want it or not. You'd take, in return, whatever the government wanted to give you.

Worst of all would be the effect on the medical profession. The doctor's livelihood and future would depend upon his pleasing the political administrators of the program. They would make all the important decisions. The cost of administration would be ever-increasing. The ultimate result would be poorer and more costly medical care.

Voluntary prepaid medicine is now solving the problem for employed people. Federal aid, to be administered through the states, can solve the problem for the indigent. We need less, not more, government domination of our lives.

Weekly Swing Of Southwest Markets

Active demand at firm to higher prices ruled the majority of SW farm markets last week.

Wheat, cows, calves, shorn lambs and hens were the losers.

Liberal offerings of new crop wheat broke the market early last week, and prices fell 50c per bushel after the long holiday week end. Later rallies recovered only a little of the loss, and Friday closed \$2.45 for No. 1 hard at Ft. Worth and Galveston. New crop oats and barley dropped some, too, but corn and sorghum gained.

Seasonal dullness ruled rice markets last week. New crop made rapid growth and looks well. Principal feed ingredients maintained strength despite the abundant green feeds. Weather held back alfalfa cutting but dehydration plants continued to operate. South Texas peanut crop looked good, and other areas tried to finish planting. Choice 12-month Texas and Territory staple wools found good demand. Finer mohair sold steady.

Onions of general good quality and medium to small sizes moved in volume from North Texas areas last week in a strong market. Fifty pound sacks of US No. 1 yellow Bermudas brought \$1.75 and Crystal White Wax \$2. Tomato shipments declined in the Lower Rio Grande Valley and increased in East Texas amid advancing prices.

Valley haulings of green corn lightened, and grapefruit was stronger near the season's end. A few cantaloupes moved out. More Coastal Bend watermelons came on the market.

Spot cotton prices climbed steadily last week to score total advances of around \$4.50 per bale. Fairly numerous inquiries for the higher grades attracted only light offerings.

Eggs and most poultry maintained steady to firm prices last week. Hens showed slight weakness, and sold mainly at 22 to 26c per pound. Most areas bought eggs at 36 to 38c per dozen, but South Texas and Louisiana centers paid 40 to 50c.

Hog prices fluctuated some last week but netted mostly gains of 25 to 75c. Heavy weights at Wichita showed the only real weakness. Closing bulk of good and choice butcher hogs brought \$24.75 at Fort Worth and Denver. Closing top was \$25.25 at Oklahoma City and \$24.60 at Wichita. Week's top was \$24.25 at San Antonio.

Spring lambs gained mostly 50c to \$1 at SW terminals last week, but aged sheep and low grade shorn lambs dropped almost as much lower. Good and choice spring lambs brought \$20 to \$21.50 at San Antonio. Oklahoma City bought medium to good kinds at \$20 to \$24.

Slightly weaker prices prevailed at Denver last week for steers, heifers and cows, while low grade cows and calves moved generally lower at other SW markets. Bulls and some stocker classes showed weakness at San Antonio and Oklahoma City.

CHURCH CALENDAR

The national average yield for flax in 1946, a favorable year, was 9.6 bushels an acre.

In the four states of Pennsylvania, Connecticut, New Jersey and Minnesota villages below the rank of cities are referred to as boroughs.

Weekly SURPLUS NEWS WAA

A half million dollar site clearance for four West Texas installations will be held at the Midland Army Air Field, it was announced this week. The clearance will be an informal bid sale of surplus materials located at Midland; Pacific Air School, Fort Stockton; Pyote Air Field and Pecos Airfield. Hardware, kitchen supplies, furniture and a few vehicles will be included in dozens of lots of related materials to be offered. Inspection and bidding will be carried on at each of the four locations on June 17, 18 and 19, with the bid opening scheduled for 9 a. m. June 20, at the Midland field.

Fourteen military chapels, including all installed equipment, at Camp Bowie, Brownwood, are to be offered for sale until July 9 through WAA. First consideration concerning use of the chapels after sale shall "be given to their use as shrines or memorials and second consideration shall be for use for religious purposes," it was said. Offers on the chapels will be accepted by WAA for transmission to the Chief of Chaplains, War Department, who, with the advice of the representative church groups, will recommend the person or organization to whom disposal shall be made, WAA officials declared.

Various regional offices of the WAA cooperate with each other in disposing of stocks of surplus property that might be "slow" in one area and in sharp demand in another. This practice resulted in the sale of 70,000 gallons of outside white paint to a Texas dealer recently. The paint was located in the inventory of the Spokane WAA regional office, where its sale was rated as very "slow."

Army folding cots in quantities sufficient to bed down nearly 40,000 soldiers are for sale until June 24 through WAA. They will be sold through sealed competitive bids on lots. A sample is on display at the Customer Service Center of the Grand Prairie WAA office.

Items in short supply for the June set-aside list for veterans include veterinary operating tables, bacteriological incubators, jeep trailers and portable electric drills. Except for the 1-4 ton trailers, all items will be placed on catalogue sale thru the Customer Service Center at Grand Prairie WAA regional office.

Water coolers, spot lights and explosion receptacles are contained in \$50,000 worth of plumbing, heating, electrical and refrigeration supplies which are listed in a sale closing June 20, WAA officials announced. Descriptions of all articles may be obtained thru the Customer Service Center at Grand Prairie WAA office.

Crane Students Visit Great Hoover Dam

BOULDER CITY, Nev., June 2.

—On an educational tour of the Southwestern States, 24 members of the senior class of Crane High School were included in the 8200 persons who visited Hoover Dam during the recent Memorial Day week end. The Texas students were accompanied by their school superintendent, L. L. Martin. It was the second consecutive year that a group of Crane students have visited this world-famed reclamation project.

In addition to the students from Crane High School, 17 high school and college groups from Arizona, California, Colorado, Indiana, Kansas, Oklahoma and Utah have "toured" Hoover Dam and powerplant during the past month.

Hoover Dam, one of the Nation's outstanding visitors' attractions, is enjoying its best "tourist" season on record. Since the first of the year nearly 140,000 persons have taken the guided tour of the dam and power plant.

Guide Service facilities are maintained by the Bureau of Reclamation for the convenience of the visitors, and the dam and powerplant are open to the public every day of the year.

News From Veterans County Service Office

MEDALS FROM BOTH WORLD WARS AVAILABLE

The Women's Army Corps Service Medal for women veterans of World War II and the Army of Occupation for Germany Medal for veterans of World War I are now available for distribution to all authorized persons, the War Department announces.

The Army of Occupation of Germany Medal for World War I veterans was authorized by Act of Congress Nov. 21, 1941, but because of the shortage of critical metals at that time actual coinage of the medal was deferred until the end of the war and only the representative ribbon was issued. The medal is authorized for service in Germany or Austria-Hungary between Nov. 12, 1918, and July 11, 1923, and it should not be confused with the Army of Occupation Medal authorized for service in enemy countries since the cessation of military operations against the armed enemy in World War II. The newer Army of Occupation medals have not yet been designed or struck off.

The Women's Army Corps Service Medal was authorized by Executive Order 9365 July 29, 1943, to women who served in both the Women's Army Auxiliary between July 20, 1942, and Aug. 31, 1943, and the Women's Army Corps between Sept. 1, 1943, and Sept. 2, 1945.

OFFICERS' COMPENSATION CLARIFIED

Some question has been raised as to retirement pay for reserve officers commissioned during the war who were not members of the regular army or navy. Under existing law, the officer-veteran may receive either retirement pay, or, if he has a service-connected disability, disability compensation, whichever is greater. However, his decision is not binding and may be changed from one to the other at a later date.

Recently your Veterans County Service Officer assisted a young officer to make application for retirement pay due to the fact that he was discharged for disability. A claim of compensation had been filed for him and he was awarded compensation of 40 per cent. The fact that disability was more than 30 per cent, we were anxious to open his claim again. A few days ago he received a letter from the service stating that they were willing to consider his case for retirement. They gave him his choice of reporting to an army and navy hospital for a period of investigation, expense of travel and hospitalization to be paid by him, or, he would be permitted to re-enter the service with the same rank and pay as he had at the time of separation. He will then be hospitalized and when the Retiring Board have considered his case he may be separated again. The veteran has decided to re-enter the service as he is not able to work.

REINSTATEMENT OF NAT'L. SERVICE LIFE INSURANCE

The VA has announced that provisions governing reinstatement of term insurance are repealed, and that this privilege will be governed hereafter by regulation.

Veterans may now reinstate, at any time before Aug. 1, 1947, their term insurance, upon payment of two monthly premiums, accompanied by a statement that the applicant is in as good health on date of application as he was at the time of lapse. The statement over the applicant's own signature is usually acceptable. Public Law No. 5-80th Congress, approved Feb. 27, 1947.

New regulations to be issued by the VA to permit reinstatement on that basis up to Aug. 1, 1947, regardless of date of lapse.

The Chicago Symphony Orchestra has had only four conductors in its continuous 58 years of history — including Arturo Rodzinski, recently appointed musical director.

More than 4,000 years ago, the Egyptians were using flax to weave beautiful linens.

"The Gypsy" was last year's biggest seller of popular song sheet music.

PIANOS

Piano prices are reasonable here—why delay. The most discriminating piano buyers want good action, tone and looks. Armstrong's have what you want. Spinets are scarce. Have some very fine MirrApianos. See them! Several uprights worth the price. Price on tag includes delivery, tuning and all servicing 12 months! ARMSTRONG MUSIC CO., 808 N. Adams, Ph. 2523, Odessa.

Meet the boss!

MEET BABS BROWN, the Boss. We don't mean Mister Brown's boss, either. We mean our boss—and a very nice one, too.

Sound odd to you? Well, it isn't. It's a solid fact that your electric light and power company is owned by a lot of people like Babs Brown—and Bob Brown—yes, and yourself.

Housewives, doctors, teachers—industrial workers, craftsmen, farmers—mechanics and milkmen—people from all walks of life have put some of their savings into electric companies such as ours. They're the direct owners.

But there are countless indirect owners, too—and many of them have no idea of their stake in the electric industry. They are the people who have savings accounts or life insurance policies—and that means nearly everybody. It works like this: When banks and insurance companies accept your money they must invest it safely, wisely. And because business-managed electric companies have a long record of faithful public service, much of this money is invested in utility companies on physical property installed and dedicated to the public's service. So you, too, are probably one of our bosses.

If you have a party-line telephone, here's a suggestion...

Party-line service is best when everyone on the line is thoughtful and courteous. You can get the most value from your party line by doing these simple things:

1. Keep your calls short and spare them as much as possible. That will give the other fellow a chance to call, or be called.
2. Hang up quietly if the line is in use when you try to call. Wait awhile before calling again.
3. See that everyone in the family does his or her part at observing party-line telephone courtesy

INDIVIDUAL LINES
for all who want them will be available after we have served all the people waiting for telephones. That's our first job now — and it's a big job! When it's finished, we can begin to install the equipment needed to give people the kind of service they want and need.

SENATE JOINT RESOLUTION NO. 4

proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations of militia; provided that the Legislature may reduce the tax rate hereinafter levied.

"Also, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any

part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"Funds raised from said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1947, are hereby allocated to the following institutions of higher learning, and in the following proportions, to-wit:

Institution	Per Cent of Total
John Tarleton Agricultural College	5.72107
North Texas Agricultural College	6.17028

Texas State College for Women	11.52992
Texas College of Arts and Industries	4.7551
College of Mines and Metallurgy	4.71936
Texas Technological College	16.54877
East Texas State Teachers College	8.10657
North Texas State Teachers College	12.64522
Sam Houston State Teachers College	5.55068
Southwestern State Teachers College	6.78474
Stephen F. Austin State Teachers College	4.55414
Sul Ross State Teachers College	2.15315
West Texas State Teachers College	5.41643
Prairie View Agricultural and Mechanical College of Texas	5.34416

"Not later than June 1st of the beginning year of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) years period of time, shall re-allocate, to the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or construction of buildings or other permanent improvements for which said Five (5c) Cents ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose."

THE RANKIN NEWS

"Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000) Dollars, and the Board or Regents of The University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

"Said bonds are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and The University of Texas in the income from the Permanent University Fund, as such interests are apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

"All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

"For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

"Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) valuation, providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state.

Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election.

Clay Taylor and Jap Edwards were San Angelo visitors last Monday.

Mr. and Mrs. A. Hall of Iraan were visitors here Tuesday.

Iraan and Precinct No. 3 Remain Wet

Justice Precinct No. 3 Saturday stayed in keeping with Wet Pecos county by a six-vote margin, county officials reported.

The ballot was 151 wet as against 145 dry which took in Iraan, Bakersfield and Girvin. The election climaxed a warm local option campaign initiated by the dry forces.

Voting in the three boxes of Precinct 3 showed the following results:

	Wet	Dry
IRAAN	133	130
BAKERSFIELD	11	10
GIRVIN	7	5
TOTAL	151	145

Mr. and Mrs. Pat Henley of Fort Stockton were visitors here Tuesday.

From where I sit... by Joe Marsh

Here's to the Women-Folk!

There's a line at the heading of the Woman's Column in my paper that reads:

"Women through the years have stood Keepers of the flame..."

Pretty easy to see what it means; whether it's the flame on the hearth, or the candle in the window, or the feeling of warmth that surrounds a home.

It's the women who are guardians of the things we cherish about homelife—who are tolerant of ashes on the rug; the rings a glass of beer can leave on tables; or the

comfortable but too-worn chair that we can't bear to throw away. From where I sit, those little satisfactions become more and more important in this world of strife and change. Smoke rings curling from a mellow pipe; glass of beer; a comfortable chair before the fire. And I'd like to salute the housewives—"keepers of the flame"—whose tolerance and understanding helps preserve them!
