Evangelist G. P. Comer To Conduct Revival At First Methodist Church In McCamey

Evangelist G. P. Comer of Dallas will preach at Revival Services at the First Methodist Church beginning Sunday evening, Nov. 28. Services will be held daily at 10 a. m. and 7:30 p. m.

The Rev. Mr. Comer is a nationally known evangelist, having preached in recent months at Collingswood, N. J., Nashville, Tenn., Phoenix, Ariz., and for the past month in Oakland, Calif. Due to the vigor of his preaching and the definiteness with which he states his convictions, he has been called "The Texas Ranger for God" and "The Texas Fire-Ball." His meetings everywhere have been attended by large numbers, and they have been accompanied by great success.

Besides doing the preaching he will also lead the singing and present special musical numbers himself. He will be accompanied and assisted throughout his time here by Mrs. Nan Frasier, also of Dallas.

He was prevented from filling an earlier engagement here last spring by an emergency operation, which was performed just four days before he was to have begun preaching here. He was prevented from returning to his preaching for over two months, and it has only been now that he has been able to come here.

"We are indeed fortunate to secure the services of a man of the caliber of Brother Comer," said the Rev. C. J. Mann, pastor of the Methodist Church. "His time is constantly being sought throughout the state and nation. We cordially invite everyone to attend these services."

WSCS Holds Meeting On Wednesday Night

Twenty-two members and guests attended the Wednesday special night meeting of the WSCS of the local Methodist Church. The church was beautifully decorated with autumn leaves and berries from the childhood home and churchyard of Mrs. Robert H. Johnson.

Mrs. Delbert O. McEwen, spiritual life secretary, and Mrs. R. O. White, missionary educational secretary, led the discussion on Methodist mission work in Korea and were assisted by Mrs. Walter Harrah and Mrs. Jack Walcher. Mrs. Dan Runyan, choir director of the church, led the singing accompanied by Mrs. A. E. Ivy at the organ.

Mrs. Johnson, president of the WSCS, greeted the guests and outlined plans for further evening meetings. Reverend D. G. Hardt offered a special prayer for members of the church who are seriously ill at this time.

Mrs. McEwen, president of the West Texas Fellowship Circle announced that their next meeting will be held at Rankin at ten o'clock on December 1st. She explained that this group is made up of the WSCS from Iraan, Ft. Stockton, Crane, McCamey, Big Lake, and Rankin. Luncheon will be served with Mrs. Clint Shaw as directing hostess. Reverend Hardt spoke regarding arrangements for the educational building and a committee composed of Mrs. Walton Harrah, Mrs. Clint Shaw, Mrs. S. H. Boyd and Mrs. Robert H. Johnson was appointed to confer with the building committee.

Mrs. W. T. Elrod closed the meeting with a prayer of consecration. Refreshments of sandwiches, cookies, coffee and hot chocolate were served by Mrs. E. D. Yates and Mrs. Will Nix from a table beautifully laid with crystal and silver service in the reception rooms of the church.

Another evening meeting is planned for January.

MRS. W. A. HUDSON CONDUCTS RUTH CLASS

The Ruth Class of the Baptist Church, Mrs. W. A. Hudson, teacher, conducted the mid-week service at the church Wednesday night. "Faith" was the subject led by Mrs. Hudson, assisted by Mrs. Joy James, Mrs. Box McDonald, Mrs. Wakeman and Miss Mae Garner.

A visiting preacher will fill the pulpit this coming Sunday.

McCamey Youth Accidentally Shot

Robert Wylie Hines, age 6, son of Mr. and Mrs. Jake Hines, was resting in satisfactory condition late Wednesday at the Cooper Hospital following an accidental gun wound suffered at the hands of his playmate, Tommy Shirley, last Saturday afternoon.

According to information obtained, the two boys were playing together near Shirley's Gulf Service Station during the afternoon, and during the period they went into the Shirley home and got the 22 caliber rifle and were playing with it without the knowledge of either of the parents. Not knowing the rifle was loaded, the careless play of children saw the gun accidentally discharged by young Shirley into the chest of the Hines youth. The bullet entered the right front chest and came out under the shoulder blade.

Five year old Jerry Hines sounded the alarm after the accident occurred, and when his parents arrived, they found Robert lying under the bed in the Shirley home.

Mr. Hines is an employee at the Tom Shirley Service Station. It is believed that had the bullet entered the body an inch in any direction from its entrance, that the bullet would have proved to be fatal. The bullet did not enter the lung, nor did it cause a bone fracture in its passage through the body of young Hines.

Jesse Allen, Denver City, Tex., merchant, was a Rankin business visitor Wednesday.

"Mom and Pop" Day Held at School During National Education Week

Rankin school, as a part of the National Education Week observance held a "Mom and Pop" Day Thursday afternoon. A regular day's full schedule was divided into 20 minute periods instead of the regular hour periods and parents were sent invitations to attend school with their children. Each invitation bore the schedule of the student's work for a day.

Following classes, an assembly was held in the auditorium for parents, teachers and students. The 4th grade pupils danced a "Put Your Little Foot" and Jan Daugherty sang "Tree in the Meadow". Irene Nettleship accompanied both numbers at the piano.

A contest had been held for "Mom and Pop" Day and the 5th grade won a half-holiday as an award for having the most visiting parents during the afternoon. The school served cookies, ice cream and hot chocolate to all present at the close of the day.

A college student must have a grade average of at least 3.0 in order to make Honorable Mention.

Ralph attended Schreiner last year. He has been a member of the football team both years. Daugherty is a sergeant in the Cadet Corps and is a member of Phi Theta Kappa, national junior college scholarship society.

McCamey Man Electrocuted In Field Accident Near Crane

Cecil Forbes, 42, was electrocuted near Crane Saturday afternoon in an oil field accident.

According to witnesses, Forbes, an employee of the McCamey Oil Well Servicing Co., had just finished swabbing an oil well and was letting down a gin pole on his truck when it accidentally struck a high voltage line.

Dr. S. F. Robertson of Crane was rushed to the scene, but Forbes was pronounced dead on the

arrival of the physician. It is reported he lived about ten minutes after contacting the voltage.

The accident occurred at the J. T. McElroy well No. 215, about three miles southeast of Crane, near the Gulf Pipe Line station. Jacobsen-Westbrook had charge of arrangements in Crane.

Forbes is survived by his wife, a married son, Joe Allen Forbes, and a daughter, Wanda Faye, a McCamey High School senior.

His body was taken overland to Brownwood for services, which were held at 2:30 Monday in the Church of Christ. Final rites were read by the Brownwood Church of Christ minister. Burial was in the Bangs cemetery, under the direction of Davis-Morris Funeral Home.

Pallbearers were Yale Key, M. E. Underwood, F. D. Taylor, J. H. Fuller, M. C. Price, J. L. Gunner, H. L. Moody and W. H. Carlton, all of McCamey.

SPORTS AFIELD

By Ted Kesting

Behind the exodus of thousands of hunters to the fields and woods each fall there is a tradition established by such men as Daniel Boone, Davy Crockett, and Kit Carson. They set a mighty example for American sportsmen that is alive today. But old Dan'l was the master of them all.

Where Boone walked and hunted, later followed a nation. A hunter's instinct sent him over the mountains where he hacked out the Wilderness Road so that others might come and hunt too.

It comes almost as a surprise to realize that Boone was not a legend but a living man. Generations of American sportsmen have retold around the campfire the exploits of Boone of Kentucky exactly as Englishmen used to tell of the deeds of Robin Hood.

And first and last he was a hunter strong for game preservation. To his dying day, Boone hated a hunter who killed more than he took away.

The habits of the Great Hunter changed little as he grew older, according to Moran Tudury, noted historical writer. Beaver trapping was always a special waited by the salt lick at moonrise was something he never tired of.

His rifle, the historic, revolutionary "Long Rifle," which was fired by a flintlock, is said to have weighed all of 11 pounds and the barrel alone measured over four feet in length.

The last days of Daniel Boone

make a picture to warm the heart of every sportsman. An early riser, he would sniff the air and take down the rifle. Then, in the company of his aged brown hound, he was off for the woods. Even a short time before his death, at 86, there was little his family could do about keeping him home.

What was his receipt for a happy life? "All you need," he declared, "is a good gun, a good horse and a good wife."

100 Years of Watchmaking

Waltham, Mass.—In three places in America you could take a picture like this! A family of watchmakers—three generations of them—pose for news cameras in their home here, while celebrating the 77th birthday of the grandfather, Edwin C. Whitney, seated at left. Total years of Whitney family at the Waltham Watch Co come to almost 100, and young Robert Whitney, standing at right, has added a fourth generation which the family hopes will make watches, too. You could find such a family in two other places in America where jeweled watches are made—Elgin, Ill. (Elgin National Watch Co.) and Lancaster, Penn. (Hamilton Watch Co.)

County Agent's Report

High school algebra keeps the students busy trying to solve for "X." And, right now, it's the same thing veterinarians are trying to do—solve for "X." Only in this case "X" is a cattle disease that was first reported in New York nearly ten years ago. Later it began cropping up in other states around 1943.

Now it almost covers the nation, except for the Pacific Coast states. At the lowest count it was reported in over 30 states including Texas, says Dr. W. C. Banks, extension veterinarian of Texas A&M College.

"X" doesn't seem to affect anything except cattle. And, according to a recent survey made in the Southwest, it was found that nine beef animals were infected to one dairy animal. The most severely affected animals die from the disease. This survey also showed that 31 per cent of all animals in 26 herds were infected, and 59 per cent of the affected animals died. One of the common things among pregnant animals is abortion.

Symptoms of the disease include a water discharge from the eyes and nose, and later on, as the disease develops, the animal's appetite fails, it loses condition, and becomes depressed. The skin gets thick, wrinkled, hard and leathery and lesions sometimes appear on the muzzle or in the

mouth. This "X" disease may be confused with pink eye, cobalt deficiency, Dallis grass poisoning or scabies by the stockmen. But for the veterinarian who knows the disease, it is not hard to diagnose. It may hit the herd any time of year, but it is more likely to occur in the late winter and early spring months, says Dr. Banks. Its cause is not known, and for this reason there isn't any known treatment for the disease. No drug treatments have been effective for control.

Just about the only thing the stockmen can do is feed a good balanced ration and keep the herd and barns clean. Sanitation, good feeding and quarantine of new animals in the herd are about the only control measures there are.

New Zest For Good Old Thanksgiving Turkey And Fixin's

No one would think of tampering with the traditional Thanksgiving turkey and fixin's, but a few changes here and there on the old theme can result in a very interesting and happy holiday meal, says Helen McCully. Writing in McCall's for November, she gives the recipes for these innovations:

- Roast Turkey with Chicken Stuffing
Cranberry Fruit Sauce
Crisp Relishes with Tangy Sauce
Glazed Yams in Cream
Green Beans with Onions
Mince-meat Pie
Coffee

CRANBERRY FRUIT SAUCE

- 4 large apples
8 cups cranberries
4 tablespoons lime juice
Pinch of salt
3 cups sugar
Core and slice apples thin as you do for apple pie, leaving skin on. Combine with cranberries and lime juice, add a dash of salt and cook until you can pierce the berries with a fork. They should not burst open.

Take off the stove, add sugar and shake pan. Do not stir or you will break the skins. Chill and serve with thin pieces of lime rind. Serves 8.

Instead of a salad we suggest a huge bowl of crisp greens; carrot strips, celery hearts, green pepper ribbons, cauliflower buds served along with a dish of this good tangy sauce:

- 1 cup mayonnaise
1-3 cup of chili sauce
2 tablespoons horseradish
1 small onion, chopped fine
1 teaspoon mustard seeds
Dash tabasco

All you do is mix up these tasty ingredients and you have as fine a sauce for dunking as you could wish for. Plenty here eight people.

Rheumatic Heart Disease Is Heavy Texas Toll-Taker

Rheumatic heart disease, acrippler and killer of children, is one of the leading causes of death and disability among children and young adults in the age group of 10 to 25 years.

No vaccine such as those that prevent typhoid, diphtheria, smallpox and whooping cough, has as yet been developed for its prevention and control, but we do know some of the danger signals and with a physician's early diagnosis, some of the damaging results of the disease may be prevented.

Quoting Dr. Geo. W. Cox, the State Health Officer, "in general, the early symptoms of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows or wrists. The pain is felt usually in one of these joints and spreads to the others. Often a child gets irritable and cross without any apparent cause; he may cry and develop habits indicating nervousness. These symptoms may mean the beginning of an attack of rheumatic fever, and a physician should be consulted immediately."

Predisposing causes to this disease, which include frequent chilling, damp or overcooked living quarters, poor diet, colds,

Rape Charge Is Filed In McCamey

A complaint was filed in Justice Precinct 4 last Friday afternoon against Homer Calloway, 36, charging him with the rape of Mrs. Elsie Nickens in her home in the town of McCamey, Upton County, Texas.

It was filed in the court of Justice of the Peace George M. Brown and was signed by Deputy Sheriff R. E. McWilliams.

Investigating officers were withholding all other information until a complete investigation of the affair has been made.

an attack of scarlet fever or other infections caused by certain streptococcus germs, should be carefully avoided.

Protection against these predisposing causes may mean protection against rheumatic heart disease, and these safeguards should be observed:

Have children examined by a physician at least once a year; see that they have a well balanced and nourishing diet; make certain that they get sufficient rest, and see to it that they are dressed according to the temperature of the room or the playground. Consult a physician at once if symptoms indicate that this disease may be present, and if the doctor prescribes complete bed rest, his advice should be followed exactly as given.

What goes on here?

REFEREE makes first down—or did he really just miss it? Field judge blocks out the nearest tackler—or was it clipping? If the officials call 'em—and play, too—what kind of a game is that?

You wouldn't stand for that sort of thing on a football field—but it is happening every day in the electric light and power business. Government not only regulates the electric companies—but is in competition with them at the same time!

The catch is that government sets up two different sets of rules. The government's electric agencies pay little or no interest on the money they borrow, and pay no Federal taxes—but electric companies do, and expect to. When government-in-the-power-business can't make ends meet—it gets a handout of tax money from the U. S. Treasury. Who

foots the bill? American taxpayers—of which you are one.

If government can get into the light and power business this way—it can get into every other business the same way.

In sixty-odd years, the self-supporting electric companies have built for America the most and the best electric service in the world. While costs of everything else are way up (including the costs of making and delivering electricity) electric service is still the best bargain in the American family's budget... it does so much, and yet it costs so little.

This is a good record for the thousands of people who work in power companies, and for the millions of people who invest savings in them.

Don't you think these men and women deserve a fair break?

The answer is yours to make, for government money is your money.

HASTINGS THINKS

By Hastings Baker

Ireland may be a romantic place in song and story, but for some reason the people just don't get married. About one third of them never marry, and even those who do go to the altar wait until it is almost too late. About one half of the men under 45 are bachelors.

In spite of all the deaths caused by the war, world population is higher. This has caused a good deal of talk and books on the idea that the world food population is not able to feed everybody. The number of people in the world has increased amazingly fast in the last few hundred years. When New York City was a small village, the total number of people in the world was only about as much as the number of people now crammed into New York City.

With more and more mouths to feed, more food must be produced or somebody will starve. About one half the land in the world is hopeless for any kind of food. But the other half can produce enough to feed double the present world population, and with better farm methods it can produce a lot more. Farming methods seem to get better even faster than the population goes up.

We used to call Germany, under Hitler, a "police state." It was a police state all right, but the Russians are putting even more police in their part of Germany. Right now they have about the same number of police in their part of Germany as Hitler had in all of Germany. Worse yet, the Russians will soon have double the number of police they now have in Russian occupied Germany.

With all these police the Russians can, if they want to, suggest that all occupation armies leave Germany. If we leave, their police can take over the whole country. If we don't leave, then we leave ourselves open to being called "war mongers" or something worse.

brain operation requiring several hours of delicate surgery. It can change a person's whole mental outlook. A woman in Maine performed such an operation on herself in a split second with a shot gun. She was trying to kill herself. The charge went in below her chin and came out thru her face and brain. She lived and now the "New England Journal of Medicine" reports that the gun shot changed the condition of her mind which had made her so depressed that she wanted to commit suicide. The doctors repaired the physical damage including the removal of bone from her hip to replace bone in her nose. She now lives a happy normal life.

Recently a man in England bet \$16,000 on a horse race and won \$600,000. It wasn't all luck. He had a scheme to beat the bookies. First he bought the horse and then trained him for that one race. He quietly spread his bets among a lot of bookies. The horse was an unknown and some bookies gave odds of 50 to 1. The horse just barely won, but that was enough to hit the jackpot.

Bodie Moore Injured In Derrick Fall

Bodie Moore, 38, suffered a slight concussion when he fell some 20 feet through a derrick about 11 a. m. Wednesday morning. He was rushed by a fellow worker to the Cooper Hospital in McCamey.

Information received indicated

that he fell when a board in the derrick came loose, causing him to lose his balance.

It is believed that none of his bones were broken, and late on Thursday afternoon his condition was satisfactory.

He was employed by the Orville Myers Drilling Co. of Odessa and was working in the oil fields between Rankin and Iraan when the accident occurred.

BULLETIN

NORTH POLE, Nov. 19 (Radiogram to The McCamey News).—To the Boys and Girls of McCamey and Upton County: I'm mighty glad to accept the invitation to visit you in McCamey and see how good you girls and boys have been and to find out what you want for Christmas. I'll be there Saturday afternoon, Dec. 11, and you all be sure and tell all the other boys and girls who live anywhere near McCamey. I want to see all of you.

Get your mothers and dads to help you write your letters to Santa Claus and you can give them to me when I come to see you. We have been mighty busy up here at the North Pole getting lots of pretty things ready to give you good boys and girls. Mrs. Santa Claus sends her love and said for me to tell you we have the nicest toys and the prettiest dolls this year that anyone ever saw.

Don't forget, Kiddies. I'll be seeing you Saturday afternoon, Dec. 11th, and I'll be looking for you and all the children for miles around.

Love from.

SANTA CLAUS.

We cordially invite all the children in Rankin to come to McCamey on December 11 and visit with Santa Claus during his brief visit to our city.

For the time of the program for Santa's visit, see next week's paper. REMEMBER, DECEMBER 11.

Upton Station Plays Important Part In Shell Safety Award

The Shell Pipe Line Corporation's Upton Station employees in Rankin, are safety minded. At the recent National Safety Council's annual Congress held in Chicago, Shell Pipe Line Corporation won the Award of Honor for Distinguished Service to Safety.

First place in the Petroleum Section Safety Contest of the Shell and Gas Pipe Line Section went to the Pipe Line. This was the least number of disabling injuries sustained by employees. The Distinguished Service Award is given to those organizations which have achieved outstanding safety records. Shell Pipe Line employees demonstrated their eligibility to receive this honor by operating 1,272,630 man-hours without a disabling injury from Jan. 16, 1948, to June 1, 1948. The first Distinguished Service Award to Shell Pipeline was made April 22, 1946, for working 1,788,854 man - hours without a disabling injury from Jan. 16, 1945, to July 30, 1945.

The index of consumers' prices in Houston edged upward only slightly between August 15 and September 15. Food prices remained unchanged, while the other components of the index continued to rise.

From where I sit... by Joe Marsh

It's Your Fight, Too!

Bling Crowley was "boozing" the other day about all that Our Town's doing in the way of sending food and clothes to Europe. Bling felt that those struggling democracies would look after themselves. But most agreed with Judge Birmingham who said: "So long as any family or individual in Europe is helping hold the line for freedom—against the forces of intolerance—it's common sense, and common decency, to help 'em."

preserved in every aspect, big or little—whether it's the right to vote, or the right to enjoy a temperate glass of beer or ale with friends.

And from where I sit, no liberty's too small to overlook. Because the minute one small freedom is threatened, all the others are in jeopardy—just as the minute one small country loses freedom, all its neighbors are in danger!

How's our railroad doing, young man?

"Is it making any money?" "What are they paying for fuel these days?" "Are you hauling much freight?" "Do you like your job?"

The little old lady is not a busybody—she is merely looking after one of her investments.

She has some money in the Santa Fe. Maybe it's ten, maybe it's twenty, maybe it's fifty shares of Santa Fe stock.

She is entitled to attend a stockholders' meeting. She can get on her feet and ask our board of directors questions just like the above. She can compliment those gentlemen for their management, or she can bang her umbrella on the table and tell them off. Alone, her few shares of stock

can't do a lot. Alone, she couldn't elect a president of the United States. But stockholders just like her—housewives, teachers, merchants, salesmen, laborers—can tell us how to run the Santa Fe, and they do. (Actually 29,178 Santa Fe stockholders are women, most of them holding only a small number of shares each.)

And that's the beauty of America—the voice of the people is the voice that runs things, whether it's operating a transcontinental railroad or putting a man in the White House.

Isn't it a wonderful country where so many can own so much? That's "Free Enterprise."

Santa Fe stockholders, just as those of any railroad, know that American railroads must be permitted to earn at least 6% (many other industries earn more) on their investment in order to maintain sound and progressive operations and to continue to provide shippers and passengers with the finest in rail transportation.

Members of the Choral Club Guests of Lions Tuesday Noon; Furnish Program

Twelve members of the choral club were present at the Lions Club meeting Tuesday at noon and were very much honored. They sang some songs for the men and were then guests to eat with them. They wish to thank the Lions for their hospitality and invite them to RHS any time. They enjoyed the tail twisting done by Lion Branch, and the nice hand given for their performance.

The members who went were Marlene Holmes, Joveta Yocham, Virginia Still, Wanda Hunsinger, Joy Ward and Ruth Elliott. The boys were James Gamblin, Don Still, Bill Hurn, Jimmie Lee, Jimmy Workman and Lewis Ward.

Boys, Here's Your Girl

When a girl plans to go somewhere, she makes great plans. She worries for days just what she'll wear. Finally, she buys her a new dress and at every chance she gets, she takes a peek at herself in it and dreams of how lovely she will be. Next comes her hair. She washes it and rolls it with utmost care. It must be just perfect! Then she spends an hour or two on her fingernails, using that lovely new shade she bought just for this occasion.

At last the day arrives and she wakes up bright and early, her head throbbing because of the bobby pins which have punctured her skull while she was sleeping. She runs around all day with a bunch of face-cream, mud packs, and what-have-you all over her face. Then approximately four hours before her date, she rushes to get ready. She brushes her hair and makes her curls with utter perfection. She then dons her new frock, applies her makeup or makeup, that is, and then is ready to go.

When she arrives at the party, someone rushes over and says, "My dear, how marvelous you look!" to which she replies, "Me? Why, I'm just thrown together. I look horrid!"

Later on someone says, "That's a lovely dress, Miss....."

"This rag? Why I look just like a bunch of potatoes in this sack."

Upon a comment on her hair, she replies, "I just couldn't do a thing with this mop, so I just ran a comb through it and came on!"

What has this world come to? This feminine race of ours! Ow! My achin' back. Show me someone who understands them and I'll show you a genius.

Eighty-five per cent of new Navy recruits are unmarried and not engaged to be married, and about one-third of them give financial aid to a dependent.

Juniors Meet and Plan Box Supper

The junior class held a meeting Monday and decided to have a box supper, game night and cake walk combined.

We also decided on having a grocery box. Tickets are being sold by the students of the junior class. These tickets are only 25c and if you get a box of groceries, just think if you got this box how much it would help on the grocery bill.

This box will consist of:
Picnic Ham
Fruit cocktail
1 lb. Coffee
1 can of Orange Juice
2 cans of Corn
1 big bag of Candy
1 carton of Cookies
Pickles
Dreft
Cheese
2 boxes of Cereal
Mayonnaise
A Cake
So if you are smart you will get in on this as soon as possible.

It is Rumored That

Jimmy spends most of his time in first period Study Hall talking to Ruthie.

One of Virginia's onlies was in town last weekend.

Harry Gene has a new flame, it is none other than Ruthie. Boy, that Ruthie gets around.

Wanda H. should never have gone to De Leon.

Loyd Gene is getting HIGH HEADED since he bought Ted's motor scooter.

Earl Brown is now being called GOO! GOO! And I think he likes it.

The Lions Club got quite a shock Tuesday.

Joveta was caught talking to Billy Stokes outside Myra's house Sunday night, while Don patiently sat inside timing her.

Ruthie likes to feel Harry Gene's beard.

Jimmy stomped his feet in McCamey last Saturday night after his long absence there. What's her name, Jimmy? Mo-o-o!!

He also had a good time in McCamey Saturday morning when his car was supposed to be worked on. I wonder who he went to see??? What about Texon, too??? Lot of cute girls, huh Jimmy.

All the girls in Rankin are pretty, pretty ugly and pretty apt to stay that way.

The boys in Rankin are really handsome, the only thing is, they can't convince the girls of it, because the girls know differently.

Wanda H. found a new pet, it is small and pretty. I think it is one of Marlene's kindred.

Louis and Wilma have come to the parting of the ways. Joy and Bill are getting farther and farther from the parting of the ways.

Joveta's beautiful blonde hair is turning red.

Mrs. Nettleship got quite mad with a certain pupil in her first period study hall.

Jimmy Workman is the only boy in West Texas who can make mad love astride a motorcycle. (He does everything the hard way).

The Devils Pitch Fork

Myra has given up all hopes of getting Fields back. She can't choose between Loyd, George, Ted, Dee Aun or Norman.

Harry Gene, what's wrong with you and Wanda?

Joy missed Bill "just terribly." He went to San Angelo over the weekend. She said, "You don't know how well you like a boy until he goes off for a few days!"

Emma Lou, who were you with Sunday night? It wasn't Frank!

Wanda B. was over her crush but it appears to have been "renewed."

Dee Aun, you'd better be careful—don't get the "pink-eye." I wonder why Marlene gets mad when Billy Dean calls her "Stinky."

Ted, these women are a problem, aren't they? Especially Mona Sue and Myra!

Bruce, we hear you have a crush on Wanda Burleson. Is it "really" serious!

Eight Grade Give Play In Assembly

The eighth grade gave a play of Thanksgiving Wednesday in assembly with the help of several of the seventh grade class. The play was a one act play and everyone enjoyed it very much. Following the play, the seventh and eighth sang some songs. Also some announcements were made and everyone got to go home about fifteen minutes early.

Fourth Grade News

The fourth grade class was glad to have our mothers and fathers to visit us last week and we were disappointed that all of our parents could not come. We are decorating our room for Thanksgiving. We are looking forward to the Thanksgiving holidays.

Sixth Grade Entertain Parents with Program

The sixth grade gave a program for their parents Thursday which included all pupils reading a story, a Dr. I. Q. quiz presiding was given. The class gave history reports on early colonists. The visitors included Mrs. Ferguson, Mrs. East and daughter, Marion Kay, Mr. and Mrs. Anderson, Mrs. Delaney, Mrs. James and daughter Betty Ruth, Mr. McDaniel, Mr. and Mrs. Wakeman, and Mrs. Snow. To enjoy the refreshments of cocoa topped with colored marshmallows served with cookies.

Third Lose Two Pupils

The third is sorry to have lost Seleta Jackson and Glenda Huffman lately. They are enjoying the new library books given them by the P. T. A.

Mr. Still Delegate to El Paso for P. T. A.

Mr. Still has been out of town for the past week as a delegate for the P. T. A. to El Paso convention there. It was decided last Tuesday night at the P. T. A. meeting Mr. Still will be back today and we hope that he had a nice trip.

GIGGLES

After several hours fishing, Dale suddenly threw down his pole and exclaimed, "I quit."

Mrs. Ward: Why, Dale, what's the matter?

Dale: Well, Mother, I just can't seem to get waited on.

An American was seated opposite a nice old lady in an English railway car. For some minutes he chewed his gum in silence, then the old lady leaned forward.

"It's so nice of you to try to make conversation," she said, "but I must tell you that I am terribly deaf."

When teacher asked the little boy if his father helped him with his lessons, he replied, "Naw, I got it wrong myself."

The phones in Dickens County, Texas, were all party lines, and neighbors listened in for miles. One night during a prolonged dry spell, old Ed, a shrewd cattle raiser, got a telephone call from a Kansas City buyer who said, "I understand you got some cattle to sell."

"Well, now," stuttered Ed, "I'm not sure I want to sell right now."

"Ed, for heavens sake," broke in an agonized voice from the party line, "you sell them steers. You know you ain't got no grass."

Seventh Grade News

Mrs. Hurn is teaching our health and Mrs. Nettleship our science. We are having quite a few experiences.

We made maps for the National Ed. Week.

Mr. Dickson has all the stuff ready for the play we are giving Nov. 23.

Esther Clark, Reporter.

Dismissal Wednesday For Thanksgiving

School will be out at the usual time on Wednesday evening, November 24, but you will not be expected back until the following Monday, Nov. 29. This will give you plenty of time to take your Thanksgiving trip. Everyone is anticipating a big Thanksgiving.

Fields Branch Injured Tuesday Afternoon

One of the valuable players for the game tonight was injured Tuesday afternoon when he and two more boys attempted to carry a huge meat block into the old drug store building where a new cafe is being installed. The boys couldn't hold the block when it was shoved off the truck and it fell on Fields' foot. Upon x-ray of the limb, the big toe bone was found broken but the foot wasn't put in a cast. Everyone is sorry to have had this happen as it will hinder the team tonight.

Know Your Teachers

One of Rankin's most valuable teachers is the teacher of the eighth grade, Mr. H. H. Shiller. He attended Oklahoma A&M, University of Texas, and Hardin Simmons. Mr. Shiller taught at Wingate, Texas, last year and has taught 17 years in public schools. He specializes in the teaching of mathematics. Mr. and Mrs. Shiller have no children.

Sophomore News

GUESS WHO
She has big brown eyes, she wears a football jacket. She plays basketball. She has a lot of boy friends and wears a pretty expansion bracelet, and has three names.

ALGEBRA CLASS

This year's algebra class would be doing fine if anyone could work algebra. Of course there are some exceptions such as Bill Hurn and Earl Brown. But don't get the big head, the rest of us will learn some day.

The sophomores are all crazy about Julius Caesar, that is, it is running us all crazy.

SOPHOMORE DANCE

The sophomores are sponsoring a dance Nov. 20, in the High School Auditorium at 7:30 p. m. We will sell sandwiches, pie, cake and cold drinks. Everyone be sure and come and bring your money.

P. S. It is a barn dance so wear your old rags.

Red Devil Staff Meet And Plan Work

The members of the Red Devil staff met Monday morning at 10:30 to find a way to get more news in the paper.

Jimmy Workman was elected as feature-writer. He has been helping but was not considered a regular staff member until last Monday.

James Gamblin, editor, announced that each person on the staff is expected to turn in at least two stories but more than that if at all possible. The high school news will have to be in by Tuesday noon and the grade school by ten o'clock in the morning.

In this paper a new feature story will appear. Ruth Elliott, class reporter, will interview a student each week. This will be published each week. The first to be interviewed will be a senior, next a junior, then a sophomore and then a freshman.

By doing this we hope that the kids will get to know each other better and also have more for the paper.

The staff is striving to get more news and improve the paper. They will appreciate all the help they can get.

The storage and administrative center at the Naval Supply Depot, Norfolk, Va., with over 1,000,000 square feet of floor space is one of the world's largest storehouses.

Seniors to Give Play December 3: Three Acts

The seniors are well into practice for their play to be given December 3 in the high school auditorium at 8 o'clock that night and they expect to have a large crowd out to see the talent to be shown at that time. There are seven characters in the play, three girls and four boys. It is a hilarious farce in three acts, and everyone is trying to get married. Its title is "Aunt Emma Sees It Through."

They would also like to remind you that they are still selling annuals and if you want one you had better get your deposits in right away.

Rankin to Open Season In Basketball Tonight

The Rankin boys basketball team will open their season with a game with Barnhart tonight. They have been practicing for two weeks now and have a pretty good team. However, Barnhart has been practicing for about ever since school started and will be stiff competition for our boys. They hope to beat the Barnhart team and want all the Rankinites to come out and see their first game of the season.

There will be an "A" and "B" game. The "B" game will start at 8:30 and the "A" game will be at 8.

Typewriters Checked Tuesday Afternoon

Repairmen were at RHS Tuesday afternoon to check over and repair all the typewriters. There were several of the new typewriters that were not in top-notch condition. They all buzz with perfection now. The typing students are proud to have such fine machines to work with and also they appreciate the school buying their typing paper this year.

Lost and Found

FOUND—Two small stray kittens. Both black, with white stripes. Believed to have strayed from the Holmes pack. Any-one (Marlene in particular) wishing permission to claim the pets please notify Miss Wanda Hunsinger, Rankin, Texas.

Test Schedule for Six Weeks Examinations

The six weeks test schedule for the second six weeks tests are as follows Monday 8:15 Music; 9:00 Civics and English IV; 1:00 Chemistry and World History; Tuesday 10:00 General Math, English III and Algebra; 11:00 English II and Typing I; 2:00 English I and Bookkeeping.

WHAT IF?
