Upton, Crockett, Tippett Deal On Farm Road

Cities Service Stake South Upton Wildcat

Oil Interest Runs High In Three Upton Fields

Oil play in Upton County began big news again this week, when the Cities Service staked a 400-foot rotary wildcat some 10 miles east of the Superior exploration began last month in South Upton County. The two projects lie west of the Rankin highway. The Superior test some half mile from the Crockett County line, while the Cities Service exploration is a mile from the line.

The Cities Service test excited interest among oilmen as to the confidence that the company displayed in staking the venture before the completion of the Superior test. Geologists have long predicted this area to be a "hot spot."

In the opposite end of the county, the Magnolia Petroleum Company No. 1-36 Glass renewed interest in the Pegasus field when the first flowing oil in the area occurred from the Devonian test run Tuesday.

The first flowing oil to be seen from the Devonian in the Pegasus field of Central-North Upton County and Central-South Upton County, has been developed at Magnolia Petroleum Company No. 1-36 Glass, long southwest flanker to the opener that pool.

This project, located 1,980 feet north and 600 feet from the lines of section 36, block 41, T-4-S, flowed 9.50 barrels of oil in 2 hours through five-eighth inch bottom hole pipe, with a gravity of 47.7 degrees from section at 11,870-960 feet in the lower Devonian.

The tester was open for a total of five hours and 15 minutes. There was a strong blow of air at the surface at the start of the flow.

ITS GAS IN SIX MINUTES
Gas came to the surface in six minutes. Maximum gas volume was at the rate of 519,000 cubic feet per day.

Oil started flowing at the top two hours and 15 minutes. It was flowed to pits for ten minutes clean. It was then turned to tanks and 15 minutes was required to fill the flow line and separator.

In 60 minutes of flowing to the back section made 9.50 barrels of oil. It had a shakeout of one-tenth of one per cent basic sediment at the end of the test. Gas-oil ratio was 4,781-1. The test will drill deeper. It is expected to continue to the Ellenburger.

The Devonian has shown some

free oil, some distillate and some gas in the other three explorations in the Pegasus field which had penetrated that formation—but No. 1-36 Glass, which is in the Upton County side of the area is the first to flow oil from the formation.

MIDLAND PROJECT DEEPENS

It has also flowed oil in commercial amounts from the Pennsylvania.

Magnolia No. 2-30 Glass, north-east flanker to the Pegasus discovery, and 1,980 feet from west and 660 feet from south lines of section 30, block 40, TP survey, T-4-S, and in the Midland County sector of the Pegasus field, had reached 12,446 feet in Simpson lime and sand and was making more hole.

It is due to enter the Ellenburger around 12,600 feet. It has developed possibilities of production in the Devonian, in the Fusselman, and in the Pennsylvania.

North of the Benedum. Humble No. 1 Mrs. A. Oswalt and Humble No. 1 Ralph Pembroke were drilling ahead. The Oswalt was at 10,165 feet in lower Permian lime, while the Pembroke test was drilling at 11,990 feet.

Humble No. 1 J. M. Parrott and others in the Upland field was making hole at 11,185 feet in lime and chert.

A great amount of interest is evident over the county concerning the Oswalt and Pembroke wells as an Ellenburger pay would indicate a large addition to the Benedum pay. These locations are some 4 1-2 miles north of the Benedum Field.

Mrs. Jerrell Russell To Begin Dancing Lessons This Month

Mrs. Jerrell Russell announced this week that dancing lessons would begin in the last week of September.

She plans to give tap and ballet dancing instructions.

Parents interested in entering their children should contact Mrs. Russell for further information at her home, or phone 127-R.

Mrs. Russell recently moved to Rankin with her husband and daughter, Cindy, from Tulsa, Oklahoma. Mr. Russell works in the Benedum Field.

Mrs. Tom Workman, Mary Ann and Jimmy spent Saturday in San Angelo.

County Tax Levy Set At \$1.05 By Commissioners Monday

Members of the Upton County Commissioners Court set the tax levy at \$1.05 on each \$100 valuation in the county at their regular meeting Monday in Rankin. This is six cents higher than the 99c rate of the past year.

Although the figure is higher than that of the past year, the actual operational expense of the county based on the tax is down nine cents. The increase of 15c in the tax levy is brought about by an added 5c tax to defray the expense of the Airport Bonds and

10c for Benedum Road Bonds approved by Upton County voters last December. Had it not been for these two items on the budget property owners would be paying only 90c tax levy.

Breakdown of the budget on which the tax rate is made is as follows:

Jury Fund	3c
Road and Bridge Fund	15c
Special Road and Bridge	15c
General Fund	37c
Permanent Improvements	25c
Benedum Road	10c

Rankin Gridsters Meet Imperial Here Tonight

Coach G. C. Fitzgerald's Rankin Red Devils will be out to keep a clean slate tonight when they tangle with Coach H. Compton's Imperial Indians. The locals trimmed the highly rated Ft. Davis Indians last Friday night 34-6 in a display of power and passing.

Don Still and Norman Yocham will spearhead the play for the locals, while the visitors will be making their first outing in the 1949 grid season.

A large crowd is expected to turn out from Rankin and neighboring towns to witness the game, as McCamey and Crane are playing away from home, and Iraan plays Saturday night.

The game is scheduled for 8:00 p. m. Admission is 50c and 25c.

New Members Initiated Into Rebekah Lodge At Monday Meeting

Mrs. Jean Vinson and Mrs. Ellen Moore were initiated at the regular meeting of the Rebekah Lodge on Monday night.

Mrs. Eunice Franklin was admitted as a member of the local organization, having transferred her membership from Ft. Worth.

The degree team consisted of Eunice Jones, Noble Grand; Eula Morris, Vice Grand; Elizabeth Rains, Right Supporter of Noble Grand; Pauline Diez, Left Supporter of Noble Grand; Nita Phillips, Right Supporter of Vice Grand; Lucile Rosser, Left Supporter of Vice Grand; Lolivier Blue, Inside Guardian; Ruth Hale, Outside Guardian; Inez Langford, Chaplain; Iris Salyer, Past Noble Grand; Pauline Moore, Conductor; Ethel Insley, Warden; Fern Seifert, Degree Captain.

Following the initiation, a potluck supper was served to the Rankin members and guests from Big Lake and McCamey.

Of the 25c earmarked for the Permanent Improvement Fund, 17c will go for the payment of bonds approved by the voters of the county. The breakdown on this fund shows the following expenditure for the various divisions of the fund:

Park Bonds	8c
Court House Bonds	4c
Airport Bonds	5c
Building Improvements	8c
The Building Improvements will include those expenditures necessary for the maintenance and continued improvement of the county properties.	

TO COUNTY LINE

In another important action of the day, the commissioners let a contract calling for a caliche road 1.818 miles on the end of the paved Benedum Road to carry the project to the county line. Billy Rankin, Rankin contractor, submitted the low bid of \$5,216.52. Other bidders and their bids were Daily and Hollifield, \$6,218.96; and W. H. Stephenson, \$8,068.90.

Work is to begin within 15 days on the project, and Rankin indicated that work would begin possibly by the end of the week. Work is to be completed within 20 working days after the initial construction gets underway.

This extension will give an all (continued on back page) weather road to workers in the expanding area in Upton County.

GETS CHECK

The lateral road fund of the County received \$7,298.50 as the county's portion of revenue from the Board of County and District Road Indebtedness division. The money must be used for the construction and improvements of lateral roads within the county.

In other action of the day, the court passed an order granting a 100-foot right-of-way to the State of Texas for 4.2 miles of road from the Highway No. 67 intersection in McCamey to the Crockett County line south of McCamey. The state, upon receipt of the order, has indicated that the road will become a part of the expanding Farm-to-Market road system and will be maintained by the Texas State Highway Department. The remainder of the road extending into Crockett and Pecos Counties has a portion of the Farm-to-Market system since last year.

Also, the court granted an easement to the Plymouth Oil Company for the purpose of securing the necessary utilities in the Benedum for their new camp and refinery.

Approval was given by the court to the rules regulating the Rankin Park Building as submitted by the Rankin Park Building Board.

The court was recessed for further meetings in the week to act on other county business. All commissioners were present at the meeting.

Curtis Warrens Move To Midland Location

Mr. and Mrs. Curtis Warren moved to Midland early this week, where Warren, superintendent of the Iraan Drilling Co., has been transferred.

Mr. Andy Shannon has purchased the Warren house on Upton Street.

HARREL VISITORS

Mr. and Mrs. Edgar Harrel of San Angelo and Mrs. Fred Hokit of Lubbock have been guests this week in the home of Mr. and Mrs. Walton Harrel and family.

Chamber of Commerce To Start Road Fund Drive

Arrangements were completed this week between Homer Tippett and the commissioners courts of Upton and Crockett Counties for a right-of-way leading to the Pecos County farming district just some eight miles south of McCamey.

In a meeting at Rankin Tuesday with the commissioner courts from Pecos, Crockett and Upton Counties, Homer Tippett and his lawyer, Bob Amacker; members of the Farm Road Committee of the McCamey Chamber of Commerce, the City of McCamey, and sixteen men who are operating farms in the area; an agreement was reached in regard to the right-of-way, watering, the purchase of land, the building of the road and the fencing of the right-of-way lying in Crockett County.

With Crockett County only to purchase the land for the right-of-way, the McCamey Chamber of Commerce took over the burden of an estimated \$6,000 for the cost of fencing the road and for the construction of that portion of the project lying in Crockett County. A meeting was to be held Thursday afternoon by the Farm Road Committee to determine the amount needed for the project, and a drive was planned to start immediately to raise the funds so that the project will not be delayed.

The only means of securing the funds for the Chamber of Commerce portion of the program will be by means of public donation to the project in the form of money, labor or materials. Details of the drive were expected to be completed Thursday and the drive is expected to get underway Friday morning.

An agreement was also reached by Tippett and the Pecos County Commissioners in regard to a right-of-way lying in that county leading up to the river at a point to connect on to the road leading to McCamey directly to the cotton gin lying in the central part of the farming area.

Complete text of the agreement between the various parties in Rankin Tuesday is as follows:

STATE OF TEXAS
COUNTY OF UPTON

This contract and agreement made and entered into this 13th day of September, A.D. 1949 by and between Upton County, Texas, Crockett County, Texas,

and the City of McCamey, Texas, all public corporations of the State of Texas and the City of McCamey a municipal corporation of Upton County, Texas, all hereinafter called First Parties and Homer J. Tippett hereinafter called Land Owner.

WHEREAS, it is desired by said First Parties hereto to secure a right of way suitable for a highway or a first class road 100 feet wide to a certain farming area in Pecos County, Texas, across lands owned by Land Owner, and

WHEREAS, the agreed right of way will be shown by Mr. Pittman's map dated the 13th day of September, 1949, and signed by Silas Pittman and Robert Amacker, with two exceptions being, that the map does not show the best approximate location of the river crossing and does not show the agreement between the parties that the right of way in Pecos County, Texas, will be half on Section 12 and half on Section 13, Block 12, Pecos County, Texas.

NOW, THEREFORE, it is mutually agreed as follows: That Land Owner hereby conveys and agrees to convey by proper instrument a right of way easement as above described and shown on said map to First Parties and in consideration First Parties agree as follows: To pay Land Owner Twenty Dollars per acre and to erect a fence along such easement described as follows:

Posts and size of wire is to be the same size as in that fence being Mr. Tippett's fence along the Texas Farm Road No. 305 from McCamey to the Pecos River. That an allowance of \$20.00 each added for six gates.

IT IS FURTHER AGREED that where there are present waterings on the City of McCamey pipe line that there will be installed cement troughs equivalent to those now on water lines on each side of the right of way at least three hundred feet from the right of way. That in addition there will be another trough placed approximately two miles south of the present pump booster station on Section 2 located on the approximate line between Sections 26 and 27, Block 31. That it is agreed that an adequate galvanized or suitable substitute pipe will be installed to each of these waterings. That the size of the pipe will be determined by the pressure and the distance which at this time is not known. That the size of the pipe will not be less than one inch. It is further agreed that these pipe lines will be maintained by the City of McCamey. It is understood that Land Owner shall use the water in an economical manner and only for the purpose of watering livestock. Land Owner will maintain the floats in said troughs at no expense to the parties hereto.

The Land Owner agrees to a 2 bar caliche pit easement adjacent to the right of way, as that term is understood by the various Commissioner's Courts interested.

It is understood that Upton County, Texas, is to bear the expense of the fence for the right of way for that portion that lies in Upton County, Texas.

It is understood that Crockett County, Texas, is to bear the costs of the purchase price of the land only and that the casts of fencing said right of way will be borne by the Chamber of Commerce of McCamey, Texas.

It is understood that the respective Commissioner's Courts will use their good offices to encourage the early paving of the above right of way.

It is understood that by the parties hereto that the City of McCamey be responsible for the costs of the pipe lines, water troughs and water as set out in the above agreement and that the other parties hereto shall bear no portion of the costs as (continued on back page)

Three Men In Upton Jail On Armed Robbery Charge

Two men were arrested in Rankin at noon Saturday, and another in Odessa, in connection with the hold-up of the Nix Liquor Store about one mile north of Rankin last Thursday evening.

Sheriff H. E. "Gene" Eckold and Deputy Sheriff Bob Schlagal arrested James Carroll, 18, and Dewey Fisher 21, both of Odessa, in downtown Rankin about 11 o'clock Saturday morning. At about the same time, Ector County officers took Morris Fisher, 25, to custody for Upton officers.

Arrests came after the Upton County Sheriff's office had checked with the Evans and James Instruction Company and found that the two men had recently quit their jobs and had been out the day of the hold-up to get their "drag up" checks. The checks were not ready at the time and the men were to return

Kathryn Secrest PTA Hold Initial Meeting For Years Work

"Team Work For Today's Child" is the theme for the year's programs of the Rankin PTA, which was effectively introduced at the first meeting for the year recently.

The theme was displayed on a large poster, from which the chairman of the program committee, Mrs. R. L. Johnson, outlined the monthly programs by the picture method.

Rev. Don Cochran led the group in singing "The Eyes of Texas," with Mrs. C. E. Ivy at the piano and Beverly Blount sang "Lavender Blue," with Mrs. Ivy accompanying.

The regular business session and refreshments rounded out the meeting.

Mr. and Mrs. Pete Beeman were here from Goldsmith the past weekend visiting in the home of Mrs. Beeman's parents, Mr. and Mrs. Sam Bean.

Undulant Fever Is Reported Over Texas

Austin, Texas, September 15.—Undulant fever or Malta fever, a disease contracted from cattle, goats or sheep which are infected with contagious abortion, is being reported sporadically over Texas and the nation, according to Dr. Geo. W. Cox, State Health Officer. This indicates Malta fever to be a public health problem and the attendant need of more general recognition by the public to the disease.

Undulant fever is so called because of the wave-like variations in temperature. The symptoms include rise in temperature, loss of weight and strength, chills, sweats and joint pains. The disease has rather a low mortality rate, but important because

symptoms may persist for a number of weeks and even months before normal strength and health are restored.

In Texas, the goat, horse and cows are the usual spreaders of this disease. The germs of undulant fever enter the body through the mouth or skin. Therefore, care should be used in handling animals known to be infected and dairy products from the same sources should be pasteurized, if used. More men acquire this disease than women and adults seem more likely to have it than children. More cases are found in the rural areas than in the cities.

The true prevention of undulant fever is based upon the detection of the disease in livestock and the elimination of infected stock from the herds. Dairy herds should be tested for *Bacillus abortus*.

State Health Officer Advises Vaccination For All Dogs

AUSTIN, Texas.—The Texas State Department of Health during the first seven months of this year has a record of the examination of 2709 animal heads for rabies and of this number almost one-fourth were found positive, said Dr. Geo. W. Cox, State Health Officer.

Rabies is transmitted to man through a bite or having a cut exposed to the saliva of a rabid animal. If a person is bitten, the offending animal should be penned, if possible, for a period of at least ten days. If the animal is in the infective stage, he will die within this time. This does not mean that he may not be in the non-infectious or incubative stage and develop rabies later. All dogs bitten by a rabid animal should be confined six months. If it is necessary to kill the animal, this should be done in such a manner that the brain is not destroyed.

When sending a head to the State Laboratory, it should be put in a container, sealed and packed in ice to prevent decomposition.

Dr. Cox said that rabies is a hard disease to eradicate, but that it could be done if all owners would have their dogs vaccinated each year and eliminate all stray dogs. If you have a dog, get him vaccinated the same as you have your children immunized against diphtheria and smallpox.

Rabies is commonly supposed to be a disease of warm weather, but it is more prevalent during the spring and fall because the dogs congregate and move about more, therefore, the chance of exposure is greater during this time.

It costs Uncle Sam about one cent to make a dollar bill.

Columbus died at Valladolid, Spain in 1506.

From where I sit... by Joe Marsh

Sure You Haven't A "Blind Spot"?

As I was driving down Main Street last Saturday, another car swung out right in front of me. It turned out to be Buck Blake. He wasn't going fast. It was just that he had something else on his mind at that particular moment.

Buck's really one of the nicest fellows I've ever known. But, sometimes he gets to day-dreaming on the road. He sort of gets a "blind spot" to what's going on about him!

Now, lots of normally considerate folks have their "blind spots."

It could be anything from day-dreaming while driving a car to humming out loud at the movies.

From where I sit, it's mighty important to be on guard against your own "blind spots." The other fellow has a right to his "share of the road," too—whether it's having a taste for a temperate glass of sparkling beer or a desire to listen to some classical music if he wants to.

Joe Marsh

Texas Crime Report Shows Some Increase
 AUSTIN, August 26.—(Sp)—Man's inhumanity toward man is pretty consistent in Texas according to the Texas Crime Report released today by Homer Garrison, Jr., Director of the Texas Department of Public Safety. The report which covers the State's crime picture for the first six months of this year shows, however, that man's regard for his neighbor's property is on the decline.

According to the report which was compiled by the Safety Department's Bureau of Identification and Records, the number of crimes against persons remains about even with that of the same period for 1948. These offenses include murder and homicide, rape and aggravated assault cases, crimes against property, such as burglary, theft and auto theft shows an over-all increase of 13 per cent over last year.

A clergyman says all scandal should be printed. Evidently he doesn't know the high price of a newspaper.

A local man bought so many saving devices he has to work twenty hours a day to pay for them.

Humble To Broadcast Southwest Conference Games This Season

Humble Oil & Refining Company today announced that it will broadcast Southwest Conference football games again this year, 1949 will be Humble's sixteenth consecutive season for broadcasting. First games to be broadcast will be those to be played on Saturday, September 17.

Broadcasting crews this year will feature the familiar voices of regular sportscasters Kern Tips, Ves Box, Charlie Jordan, Bill Michaels, Jerry Doggett, Fred Kincaid, Alec Chesser, Eddie Barker, and Bill Newkirk, plus several additions to the announcers' corps.

The Texas University-Texas Tech game in Austin will go on the air at 1:50 p.m. over stations KTRH, Houston; KRLD, Dallas; KABC, San Antonio; KTBC, Austin; KFYO, Lubbock and KRGV, Weslaco. Kern Tips and Alec Chesser will be announcers.

Also at 1:50 p.m. the TCU-Kansas game in Lawrence, Kansas, will be broadcast over stations WBAP-820, Fort Worth; KPRC, Houston; and WOAI, San Antonio. Charlie Jordan will be play-by-play announcer, assisted by Jerry Doggett.

The evening broadcast will start at 8:00 p.m. and feature the Texas A. & M.-Villanova game at College Station, with Ves Box and Fred Kincaid announcing. Broadcast may be heard over stations KFJZ, Fort Worth; WRR, Dallas; KRBC, Abilene; KGKL, San Angelo; KBST, Big Spring; KBWD, Brownwood; KCRS, Midland; KRRV, Sherman; KGVL, Greenville; KPLT, Paris; KCMC, Texarkana; KFRO, Longview; KMHT, Marshall; WACO, Waco; KNOW, Austin; KMAC, San Antonio; KRIO, McAllen; KTHT, Houston; KFDM, Beaumont; and KORA, Bryan.

Sul Ross Opens Grid Season In Alpine Against Sam Houston

The Sul Ross State College Lobos will open the 1949 season when they meet the Sam Houston State College Bearkats at Huntsville, Texas, Saturday night, Sept. 17, on Jackson Field in Alpine at 8:00 p. m.

Last year in Huntsville, the Lobos won over the Bearkats by 20 to 19 and went through the season undefeated, piling up 452 points to their opponents' 136, while the Bearkats lost nine games and tied one, but scored 72 tallies to their opponents' 253. However, Sam Houston is a member of the Lone Star Conference, which is stronger than the New Mexico Conference to which the Sul Ross Lobo team belongs. The Bearkats have a coaching staff of six and a squad of 43, made up of 17 returning lettermen and 26 recruits. Sul Ross has a staff of four men and a squad of 39 players, made up of 25 lettermen and 16 recruits.

STARTING LINEUP
SUL ROSS:
 Bob Mathis—LE
 Dale Garner—LT
 John C. Waldrum—LG
 Hal Battle—C
 R. R. Walston—RG
 Thurman White—RT
 James Cleveland—RE
 Ted Scown—RHB
 J. M. Harrell—RHB
 Bobby Higdon—QB
 Joe Sanchez—FB

SAMHOUSTON:
 Charles D. Williams—LE
 Clarence Roach, Jr.—LT
 Jesse Sadler—LG
 Lawrence S. Sailer—C
 James M. Smith—RG
 Seiburn—RT
 Kenneth B. Bounds—RE
 Wayne Holiday—RHB
 Clarence A. Kennedy—LHB
 Leo Gordon Brown—QB
 Sam B. Autry—FB

Sam Houston is the oldest State Teachers College in Texas, having been established in 1879, and the expected 1949 enrollment is near 3,000 students; while Sul Ross was opened in 1920, and its expected enrollment is almost 1,000.

Even though Coach Pierce will have as the starting lineup all returning lettermen, he has rifts in his ranks caused by graduating grid veterans.

Senior Class Organizes

The Senior Class of 1949-50 met Monday, Sept. 12, to elect their class officers and sponsors for the present term.

Mr. Fitzgerald was elected as the senior sponsor and Mr. Still as co-sponsor. The class officers are as follows:

President—Joveta Yocham
 Vice President—Ted Yocham
 Secretary and Treasurer—Marjorie White.
 Class Reporters—Don Still and Marjorie White.

We are planning and hoping for

CLASSIFIED

What's phosphorus to a pig?

Just a half a pound of your 250-lb. pig is phosphorus. This seems a small amount. But without it, your pig would die. And there are other minerals just as vital to livestock. Some they need in quite large amounts . . . calcium and sodium as well as phosphorus. Others we call trace elements. These they need in very small amounts . . . such as cobalt, iron, copper and manganese.

But your animals do need these trace elements. The people at the agricultural colleges have proved that past all doubt. Some minerals are a "must" if you want to raise healthy, fast-gaining cattle. That goes for lambs and hogs, too. For example, these men find that grass and grains in Dade County, Florida, are short of copper and iron. Clallam County, Washington, needs iodine to check goiter. They know that San Diego County, California, hasn't enough phosphorus. In Aroostook County, Maine, the scarce mineral is cobalt. Ranchers and farmers in these four corners of the country have this problem. Their feeds and forages are short of one or more vital minerals. Many other areas share the problem, including parts of the great Corn Belt.

But you ask, "How can I spot animals which suffer from mineral shortage?" It's not too easy. If the lack is serious, your stock may have rickets, "big neck," anemia or other ailments. But there are some early symptoms you can spot. These are bone chewing, loss of appetite, slow gains, rough and scrubby coats. Or just a general unthrifty condition gives you the clue. If you start feeding a mineral which contains the essential trace elements, you may bring them around fast. But if this doesn't work, then you should consult your veterinarian, county agent or agricultural college.

The common mineral deficiencies in your area are known. By feeding mineral-balanced rations, you can correct these lacks. Or you can build up the mineral content of the soil. Either, or both, of these will help you grow healthier livestock, at a lower cost.

Supplemental Mineral for Wintering Range Ewes
 by William H. Burkitt
 Montana State College

Thirteen mineral elements are known to be necessary for normal functioning of an animal body. However, this does not mean that all 13 must be supplied in a mineral mixture. Many of them are present, under usual feeding conditions, in sufficient amounts for breeding ewes. Those lacking in Montana include sodium and chlorine (salt), iodine, phosphorus, and possibly cobalt.

Lack of sufficient iodine in the ration of pregnant ewes results in lambs being born with "big neck" (goiter). Thin wool in lambs may also result. If dead or weak lambs have shown "big neck" or thin wool at birth in past years, stabilized iodized salt should definitely be fed the ewes this winter.

Phosphorus deficiency may exist in wintering range ewes, particularly if there is little or no supplemental feeding. Abortions and weak lambs may result from deficient phosphorus. Pregnant ewes should have from 0.16% to 0.18% phosphorus in their feed. Many grass hays and mature range grasses contain less than 0.15% phosphorus and some contain as low as 0.04% phosphorus. Bone meal, defluorinated rock phosphates, and monosodium phosphate are satisfactory sources of phosphorus. Palatability and consumption may be improved by mixing with salt.

Cobalt is believed to be needed by micro-organisms in the paunch. A lack results in loss of appetite, less feed consumption, and eventually starvation. A possible cobalt deficiency may be guarded against by mixing 1 ounce of cobalt salt with each 100 pounds of stock salt. Cobalt carbonate, chloride, or sulfate are all satisfactory. (Editor's note: The principles of nutrition discussed above apply to most kinds of livestock and in all parts of the country.)

Hello Again!

We are glad to be back with the Swift page of information and ideas. What did we do all summer? Well, among other things, we visited with farmers, ranchers, agricultural editors and educators. And we rounded up the facts we need to make these messages interesting and useful to you producers. As we said away back in 1944—"This is your page, and we welcome suggestions from our readers." We still do. Just write to me at Swift & Company, Chicago 9, Illinois . . . And when you're in Chicago, drop in and see us.

LET'S SUPPORT OUR "MEAT TEAM"—You know, times change—but some folks don't change with the times. I'm thinking of the type of man who always thinks that someone is getting the best of him in business. He sells a load of steers. No matter what his return, he's not satisfied—the packer, the commission man, the retailer—somebody else always gets a "bigger slice." But, during this past summer, I talked to a lot of people about the livestock-meat industry and our mutual problems. And I found a refreshing, encouraging attitude—"Sure, we got problems. Who hasn't these days? But if producer, packer and retailer work together as the 'meat team,' we'll work things out. . . . It's just good business to have a decent regard for the contributions made by other members of your team. I hope you have followed the "Meat Team" advertisements of the American Meat Institute and will talk to your neighbors about them.

FACT CONFIRMED—Out in the West, whenever I passed a town with a local meat-packing plant, I thought, "This town, out here where there is lots of livestock, is well served by that local plant. But what about the distant cities filled with meat eaters and no nearby livestock production to speak of?" I know for a fact that meat has to travel an average of more than 1,000 miles to reach those consumers. The only way they can get meat is through the low-cost processing and marketing services provided by nationwide meat packers, like Swift & Company.

E. M. Simpson
 Agricultural Research Dept.

MONEY and MEAT—In the fall months we run into an unusual situation in the livestock-meat packing industry. At that time we often see the year's high market for top finished beef cattle. And this top price usually is being paid when the average price for all cattle is moving in the opposite direction.

The high price is explained by the fact that during the fall we usually have the shortest supply of the year of well finished, long fed cattle. Brisk demand for this short supply naturally will force the price up.

The lower average price results from the annual move to market of huge numbers of grass-fed cattle.

About 20 per cent of all the cattle and lambs slaughtered during a whole year must be handled in September and October. Meat from these animals being slaughtered any given day generally is on the dinner table in less than 14 days.

Folks aren't likely to have any more money to spend on food during the fall months than in February, when fewer meat animals are being marketed.

Since beef and lamb is largely a fresh meat business, there's a lot of meat to eat during the fall months. Consequently, since consumers have no more money to spend, meat prices have to be lowered. And that's just what happens, as it usually does with an increased amount of meat to be sold and no increase in the amount of money with which to buy it. These lower meat prices are most noticeable, of course, in the large consuming centers where surplus supplies always can be moved at a price.

Naturally, then, livestock prices follow meat prices. Producers should keep in mind that the prices they receive for their livestock are governed by what the packer can get for the meat and the by-products. This is perfectly demonstrated, as we have pointed out above, when the price for one kind of cattle, in short supply, is moving up at the same time that prices of other cattle, in heavy supply, are moving down.

Soda Bill Sez . . .
 If your grass is receding, it's time to re-seed. Don't "itch" for what you want—scratch for it.

OUR CITY COUSIN
 Says our City Cousin, "Say! I thought you said he's stuffed with hay!"

Martha Logan Recipe for FRENCH MEATWICH
 Make sandwich of 2 slices of bread, using 1 slice of cold meat and 1 slice of cheese as the filling. Dip each sandwich into a mixture made of 1 slightly beaten egg and ¼ cup milk. Pan fry in a small amount of butter, margarine or clear drippings over low heat. Turn to brown. Serve at once with cole slaw or fruit salad.

FREE! The Story of Poultry
 Children and grownups, too—here's another booklet in Swift's popular Elementary Science Series. Like the others in the series (on Soils, Plants, Meat Animals and Grass), "The Story of Poultry" (Booklet E) gives the answers to many interesting questions. Do you know—
 Where the first chickens came from?
 Which breed of poultry is native to America?
 How the shell gets around an egg?
 You'll find the answers to these and dozens of other questions in "The Story of Poultry." Lots of pictures—easy-to-read words. Write for your copy today and show this notice to your school teacher. Yes, there are free copies for every kid in your class, if requested by your teacher. If you'd like the other booklets in the series mentioned above, ask for them, too. They are all FREE! Address your letters: Agricultural Research Dept., Story of Poultry—

Rankin Mauls Ft. Davis 34-6 In Season Opener

Starting Line-up
Don Still, Captain—QB—165 pounds.
Harry Yocham, Captain—LE—155 pounds.
Billy Zachary—LH—165 pounds.
Bruce McCain—Center—165 pounds.
Norman Yocham—RH—155 pounds.
George Broyles—RE—150 pounds.

Subs
Deon Gamblin—RE—150 pounds.
Ted Yocham—RE—140 pounds.

The Rankin Red Devils opened their 1949 football campaign with a convincing 34-6 win over the Ft. Davis here last Friday night. Norman Yocham kicked off for the Rankin Red Devils with a high end over end kick. Ft. Davis made a short return when a host of Red Devils smeared the carrier. The Devils held them for four downs and forced them to kick. Still returned the punt for 15 yards. The Indians held the Devils for three downs when Still passed to H. Yocham and was intercepted. He was tackled immediately. Rankin obtained a safety. The Indians kicked off from the twenty yard line and was returned by Still. Norman Yocham made a sensational 35 yard run for the first touchdown of the ball game. A pass from Still to Yocham was good for the extra point. A pass from Still to H. Yocham was good for another touchdown. Gamblin went in for Broyles. The following play he received a pass from Still scoring another touchdown for Rankin. The pass combination from Still to H. Yocham was good for 12 more points. Only one more conversion was made. At the last minute and half of the game the B team went in for the A team. The B team kicked off to the Indians and they returned it for the only touchdown by the Indians. The final score was 34 to 6 in favor of the Red Devils. McCain and Zachary played an exceptionally good defensive and offensive game.

Bill Hurn—QB.
Don Murphy—HB.
George Broyles—HB.
Paul Johnson—Center.
Gentry Holmes—RE.
Lloyd Yocham—LE.

Mr. and Mrs. Will Nix are spending two weeks with relatives near Isabel, N. D.

China adopted tea drinking because the water was impure.

THE DEVILS PITCHFORK

Hey Bill is that cut head caused from a new girl friend or Don Still?

Say, where did all the red-headed girls come from?

Why is it that Gloria keeps up with the Seniors?

Why is it that Wanda H. dislikes Montana?

Say, (Veddis Mae) Vada Mae who is the new boy friend?

Jimmy who are you interested in at Tech?

Winnie where did you get that pretty ring? (Oh, you lucky girl).

Boy, these Rankin boys are really buzzing, with all these new girls around.

The seniors are in their second childhood, they are making movies in English.

Ruthie, who called you from Mississippi? Couldn't be C T. could it?

Ted, your football jacket gets around, doesn't it?

Toad, what is this we hear about you going steady with Evelyn?

Say girls, there are some cute freshman boys this year.

Jean, who scared you? We noticed your curly hair.

Winnie, why is it you can't learn shorthand?

Rankin is very proud of its Geometry class. (They are so smart.)

Lee, haven't you found your one and only yet?

It seems that Don doesn't like the color of Joveta's hair.

Billy, why do you keep haunting the post office? Is it still Tempie or is it a new one?

Jimmy, I hear that you like girls-tag at dances.

Chock, how do you like to drive Pontiacs.

Imogene, who is the Pfc. you got a letter from?

Marjorie, you are picking them sorts tall, aren't you?

Say Stinkie, has any more skunks got under your closet lately?

Wilma, where is Gordon now?

What is this we hear about Jimmy and Billy Tuesday night?

Well, how are the girls getting along without Harley this year?

JoVeta's red hair matches Billy's "hang-over" eyes.

How many in the staff is in love with Editor?

Chock, what were you holding out the window of Gloria's car?

Boy, the Rankin football boys are really proud of themselves, since the Rankin vs. Ft. Davis game.

Staff Meeting Held Wednesday Evening

Our new newspaper staff met for the first time on Wednesday night, September 14. Our hard working, and I use the word working freely, staff got together at 7:15 in the typing room. They had a grand time putting together bits of information and trying to make heads or tails of notes taken on previous occasions.

There was blissful peace in the little brick school house when Joveta, Vada Mae, La Wanda, Marlene, Winnie Pearl, Ruthie, Lee, Billy, Don, Jimmy, Chock and Bill Hurn left to trudge home tired out but proud in their hearts to know that a paper would go out for Rankin High for the second week of school.

Rhythm Making Choral Club Meets On Friday

The gym was rolling and rocking in rhythm last Friday morning when the choral club met for their first session of the year.

Those enrolled in choral this year are:

Sopranos — Mayetta Higgins, Joy Ward, Wanda Hunsinger, Marjorie White, Joveta Yocham, and Helen Bruce.

Alto — Ruthie Elliott, Winnie Ellis, Virginia Godsy, Gloria Little, Lee Murray.

Tenor — Marvin McEwen, Wallace Moody, and Billy Wheeler.

Baritone — Bill Brown, George Broyles, Bill Hurn, Paul Johnson, Joe Loftin, Bruce McCain, Walter McSpadden, Bill Patton, Loyd Yocham, Norman Yocham, Gentry Holmes, Aaron Longnecker.

Bass — Dee Ann Gamblin, Melvin McEwen, Don Still, Lewis Ward, Chock Romine, Donald White, and Ted Yocham.

We are looking forward to a year of fun and "rhythm makin'".

NEW STUDENTS

This year the enrollment at RHS has gone up. Probably not everyone knows these new kids so we'd like to introduce them. They are:

Lee Murray, senior
Marjorie White, senior
Vada Mae Owen, senior
Marlene Morgan, junior
Jean Martin, junior
Virginia Godsy, soph.
Elbert Echols, soph.
Mary Rath, fish.
Carolyn Robinson, fish.
Lark Murray, fish.
Don Longnecker, fish.
Bobby Wyatt, fish.
Don Murphy, fish.
Wallace Gary, Jr., fish.

UPTON, CROCKETT, TIPPETT

(continued from page one)
pertains to said water, troughs, and pipes.

This agreement becomes effective immediately upon its adoption by the respective public and municipal corporations hereto and it is agreed that said road will not be opened to the public until the fence has been erected as above set out.

Witness our hand this the day of September, A.D. 1949.

HOMER J. TIPPETT, LAND OWNER.

CROCKETT COUNTY, TEXAS
BY: HOUSTON S. SMITH, COUNTY JUDGE.

UPTON COUNTY, TEXAS
BY: G. FISHER, COUNTY JUDGE.

CITY OF McCAMEY
BY: C. W. BROWN, MAYOR.

Among those attending the meeting were: O. O. Jacobsen, D. R. Whittenburg, C. W. Brown, and J. A. Rutherford, members of the Farm Road Committee of the Chamber of Commerce; Fletcher Stapp, Manager of the Chamber of Commerce; Judge Houston Smith and Commissioners Tom Owens and E. R. Kinsler of Crockett County; Judge Dan Bihl and Commissioner Ollie Garland of Pecos County; Homer Tippett and Bob Amacker; Felix Jones, D. Jones, D. R. Whittenburg, Bill Tripp, T. C. Fortsen, Ralph Neville, Darrell Warren, J. W. Howard, Fred Bannowsky, Preston Underhill, L. D. Dycus, W. D. Looney, Jack Haynes, Buck Wilson, T. L. George and Mr. Howerton, all owners or operators of farms in the farming districts concerned in the project; Judge G. H. Fisher and members of the Upton County Commissioners Court.

Faculty Personality

By Vada Mae Owen

Among the new teachers that we have in our faculty this year is Mrs. Betty Hodge. She is a tall, brown-haired, blue-eyed Home Economics teacher. She is the girls P. E. coach and also keeps two study halls.

Mrs. Hodge is from Central Texas. She was born and reared in Whitney where she graduated from high school in 1945. Hillsboro Junior College at Hillsboro was her choice and after leaving there she attended North Texas State Teachers College in Denton where she majored in H. E. and minored in Social Science. After graduation she taught school in Talco, East Texas.

After being married this summer, Mrs. Hodge and her husband moved to Rankin. She was happy to find the school needed a Homemaking teacher, because anything connected with homemaking or school is a favorite with her. Another interest of hers is art work. Any kind of food is a favorite of Mrs. Hodge. Any time she isn't at school, you will find her in one of the teacher's apartments—homemaking—her favorite pastime, for the favorite man in her life.

T. A. B. CLUB NEWS

BY MARJORIE WHITE

The first meeting of the Teen-Age Book Club was held in the study hall at 12:45 Monday. There are two offices in this club. They are secretary and treasurer. Lee Murray was elected secretary and Marjorie White treasurer. The club has 25c dues which are used for parties that are held each month. In this club we have a chance to get pocketbooks which are chosen from several books of the month.

The purpose of the club is to get acquainted with the good books of all kinds. Each month someone gives a review on one of the books they have read. Mrs. Schmidt is the sponsor.

Seniors To Have Concession Stand

The seniors wish to announce that they have charge of the concession stand at the football field. Cold drinks, candy, hot dogs, coffee, and sandwiches will be sold at all home games. We will appreciate your full co-operation.

"Red Devil" Staff Named At Meeting

BY JIMMY WORKMAN

HERE WE GO AGAIN! Something New Added R. H. S. School Band

Once again as in years before, the doors of dear old RHS are opened wide. The halls and rooms after three short months of rest are full of activity. With more students and a larger staff than ever before, the old school seems alive at last.

The current year uncovers many new boys and girls and a larger variety of activity than the veteran students of RHS have ever witnessed. The school is very happy to receive all new students and is proud of their growth with the City of Rankin.

The sports teams of RHS are already organizing and promise a very exciting season. The football boys have already played and won a good game against Fort Davis. The possibility of bigger and better teams for Rankin is one of the nice factors brought about by the enrollment of the new students.

As for the faculty, Mr. Still says he thinks we have a very efficient set-up. He believes this will be a very prosperous year. The staff is larger and consequently a larger number of subjects are offered this year. This change makes for a very active and exciting time in RHS this term.

The work is straightening out and students are getting arranged to start putting out the labor. Before long things will be in full swing with everyone interested in the school life. Cooperation has already shown itself and the school spirit is fresh. With eyes aglow and brains on fire—Here We Go Again!

Something New Added R. H. S. School Band

Something new has been added to Rankin High School this year which has been extinct for approximately five years. It is the band, which is under the supervision of Miss Nelson. This was made possible by re-arranging of the old Rankin High School building, and a number of students who have been wanting band for some time. To each student participating in this event one credit will be given. We hope that all of you who are taking band have a lot of fun and great success.

JUNIOR NEWS

The junior class had a meeting in which Marvin "Pete" McEwen was elected president. Other officers are:

Vice President—Bill Hurn
Secretary and Treasurer—Marlene Morgan.
Reporter—Wilma Payne

Our class has two new girls this year. They are Marlene Morgan and Joan Martin. We are happy to have this addition to our class.

Mrs. Hodge was elected as class sponsor and we are all planning a year of hard work and "lots of fun."

"Toad" broke his arm playing football, but are you sure it was football?

Delaware is the second smallest state in the Union.

On September 12, the students of Rankin High elected a new staff for turning out the beloved "Red Devil" this year. In electing the officers, the students kept the factors of efficiency, initiative, dependability and ability behind their votes. They elected a very good staff to handle the job.

The students on the "Red Devil," staff receive absolutely nothing for their work. Their time and effort is donated to Rankin High through a mere sense of duty and school spirit. They gladly volunteered to turn out the paper for R.H.S. this year.

The students of the staff as elected by their schoolmates are:

Editor-In-Chief— Lee Murray.
Assistant Editor—Marlene Morgan.
Sports Editor—Chock Romine.
Assistant Sports Editor—Bill Hurn.
Feature Writer—Jimmy Workman.
Entertainment Editor—Joveta Yocham.
Class Editor—Winnie Ellis.
Proof Readers—Ruthie Elliott and Vada Mae Owens.
Reporters—Don Still and Marjorie White.

All members of this staff were very proud to accept their election by their fellow students. The feature writer was appointed by the editor. This staff is setting out to produce a better "Red Devil."

They hope you will enjoy it as much as they enjoy bringing it to you.

ANNOUNCING

TAP AND BALLET DANCING INSTRUCTION

MRS. JERRELL RUSSELL

RANKIN, TEXAS

CLASSES STARTING LAST WEEK IN SEPTEMBER

PHONE 127-R FOR INFORMATION

HUNTERS PLUH-LEASE!

THERE I WAS, SITTING ON A TELEPHONE WIRE, MINDING MY OWN BUSINESS. WHEN ALL AT ONCE A BLAST FROM A SHOTGUN KNOCKED ME RIGHT OFF MY PERCH

WELL, SIR, I CAME OUT PRETTY GOOD— ONLY A FEW TAIL FEATHERS MISSING - BUT THE HUNTER THAT MISSED ME CLIPPED A COUPLE OF TELEPHONE WIRES. ONE WAS MY FAVORITE ROOSTING PLACE, TOO.

THAT ROOST WAS ALSO CARRYING AN IMPORTANT LONG DISTANCE CALL. THAT'S WHY WE ASK HUNTERS: PLEASE DON'T SHOOT AT BIRDS ON TELEPHONE WIRES OR POLES. THANK YOU.

WIN A NEW FORD

700 Valuable Prizes

FORD'S \$100,000 Car-Safety Contest

- ★ 25 NEW FORDS
4-door Custom V-8 FORD Sedans, complete with Radios, "Magic Air" Heaters, Overdrives, and White Sidewall Tires.
- ★ 5 NEW FORD TRUCKS
(Optional)
Heavy Duty Model F-5, V-8 Engine, Stake Body, 158-inch wheel-base FORD Bonus Built Trucks, equipped with Radios and "Magic Air" Heaters. Optional as prizes to the top 5 of the 25 car winners who specify preference for trucks on Contest Entry Blanks.
- ★ 25—\$1,000. U.S. Savings Bonds
- ★ 100—\$100. U.S. Savings Bonds
- ★ 200—\$50. U.S. Savings Bonds
- ★ 350—\$25. U.S. Savings Bonds

IT'S EASY! Here's all you do...

- Bring your car to us for a free safety check-up and get your free contest entry blank and free safety insignia for your car.
- In 30 words, or less, on the entry blank complete this statement "All cars and trucks should be safety-checked periodically because..."
- Print your name and address plainly on your entry blank and mail it to Ford Car-Safety Contest Headquarters, Box 722, Chicago 77, Ill. Your entry must bear postmark no later than midnight, October 31, 1949.
- Prizes will be awarded in accordance with rules set forth on the official entry blank.
