

Ellenburger Test Slated West Of Town

J. S. Abercrombie of Houston is to start drilling within 30 days at his No. 1 J. H. Felps which is contracted to be a 6,500 foot wildcat to explore into the Ellenburger in extreme NW Crockett County. Location is to be 1,980 ft. from SW and 660 ft. from NW lines of sec. 15, block 31, H&TC survey. That makes it about 3 miles SW of the Crossett-Devonian field in SE Crane County, about 5 miles from McCamey.

The wildcat will be drilled as a result of a trade worked up by A. P. (Al) Loskamp and Ted Green of Midland.

They took a checkerboard farm-out of 1,280 acres from Western Natural Gas Co. out of a block of about 5,000 acres which that concern held in the regions adjacent to the drillsite for the new deep prospector.

Two Oil Workers Are Burned When Auto's Gas Tank Explodes

An improvised butane tank which had been installed on a late model car blew up at 4 p. m. Monday, sending two oil field workers to the hospital.

In the Midland Memorial Hospital with second degree burns as a result of the explosion are Jack Windham of Rankin and Curtis Warren, 1502 W. Kentucky St., in Midland. Both men were burned on the face and hands.

Butane tanks have been installed on automobiles for fuel purposes by numerous oil field workers recently, but the explosion Monday was the first accident reported as a result of the practice.

It was reported the men had gone into a restaurant at Hadaacol Corner to eat. When they returned to their car, one of the men struck a match to light a cigarette. The car burst into flames.

"Bud" Warren lived in Rankin for several years since Benedum Field was discovered and Windham lives in Rankin and is a toolpusher for Warren.

Commissioners Accept Bids At Monday Meet

The Upton County Commissioners Court accepted the low bid of \$1,897 submitted by H. Porter Johnson for the erection of a 4-H Club barn to be built at the show grounds in Rankin at their meeting Monday.

The other bid on the project was submitted by Wallace Lumber Co. of Rankin.

The court also accepted the bid of Road Machinery Co. of Midland of \$3,850 for the purchase of an air compressor.

The paying of bills and other routine business was handled by the court.

THREE IN McCAMEY HOSPITAL AFTER CRASH WEDNESDAY NIGHT

Six young people had a narrow brush with death about 11:30 Wednesday night in a head-on collision at Surprise Hill on the TP Loop road about two miles east of McCamey.

Three young married ladies were hospitalized, while the other three persons involved in the wreck re- Mrs. Douglas Hall, 20, was badly injured, though not critical, with deep cuts about the face and scalp, and abrasions about the body. The impact threw her head through the windshield of the 1951 Ford occupied by three other young married ladies.

How Hadaacol Corner Received Its Name

D. J. Dardis, the original "Hadaacol" of Hadaacol Corner, says he didn't name the town. His friends did.

Dardis, a welder, lives in Midland. He got the nickname "Hadaacol" about eight months ago at Denver City, in this manner:

Dardis, working on a rig, ran into the driller at the doghouse. That driller said: "Hello, Hadaacol." When asked by Dardis why the Hadaacol, the driller explained—"I had to call you something, I didn't know you."

The rhyme with "had to call" stuck as "Hadaacol."

Dardis operates three welding trucks in the famous Spraberry Trend, out of Midland. On the sun visor of his first truck is the sign "Hadaacol." And on the second truck is—"Hadaacol, Jr." And on the third is—"Hadaacol, The Third."

Here is the slogan of Hadaacol's welding business: "We weld anything but a broken heart and the break of dawn."

Hadaacol Corner, the new town, has been going about five or six months. "Hadaacol" Dardis was the first businessman there. He established a cold drink stand in a trailer for his son to operate. It was on the original Hadaacol Corner, which is the land of F. F. Elkin, a rancher.

There is talk of organizing a or 40 trailer houses, some frame houses, and a liquor store in the process of construction.

"You might say I am a squatter," Dardis said. "I have been trying to get title to some land out there for a real business."

As Hadaacol Corner began to spring up in the four-corner area of Midland, Upton, Glasscock and Reagan Counties, the settlers sought a name for their town.

"Let's call it Hadaacol after 'Hadaacol' Dardis," one suggested.

The name spread like the wind blows dust out there. And so there came to be a—Hadaacol Corner. That a recent reporter described as:

"It ain't no town and it ain't no city—it's Hadaacol Corner." The settlement was honored with a poem in the Big Lake Wildcat recently. Now, they say, a song is being written called "Hadaacol Corner."

Meanwhile, Dardis goes along with his welding. His son, an enterprising 13-year-old, has gone to other projects and no longer hawks pop at the old trailer, Hadaacol Corner's first business.

The community is growing by leaps and bounds. It now has a couple of cafes, a grocery store, a welding shop, a filling station, 30 church.

"Ole' Dinger" Catches Stub Footed Coyote

Usually the semi-monthly report of the county trapper to the Upton County Commissioners Court is casually glanced at, commented on, and then placed into the minutes as a matter of record.

But this month it was different! "Ole' Dinger caught that stub-footed coyote last week," commented Commissioner Joe Conger, and from there on, Commissioners Tom Trimble, W. J. Price and Sam Holmes added comments that they heard to the "catch" over the weekend.

What they were talking about was the "catch" made by E. E. "Dinger" Barfield in the west of the county of a stub-footed coyote that killed upward of 300 sheep in the past six months.

K. P. Looney, Crane County rancher, Canon Lyles, John Cole, A. O. Beavers, Mutt Black and several other ranchers had suffered losses from the stub-footed female coyote since its first appearance several months ago.

According to one tale, rancher John Cole had agreed to "eat half of that blamed coyote if you catch it," in talking to trapper Barfield, and several others had ribbed the trapper about the animal, and all of them had placed a bounty on the head of the animal.

It had left an expensive path of destruction of life and expensive stock as it had seemingly developed a sixth sense to avoid the traps set by Barfield... but finally the day of reckoning came last Friday. A "blind trap" finally caught the animal, though 14 of them had been set in a very small area in an effort to catch the "stub footed coyote."

"It took a long time, but ole' Dinger finally got it," was the chortled opinion of the court.

Christmas Eve

JOYCE KILMER RICHARD HAGEMAN

There was a gentle hostler (And blessed be his name!)
He opened up the stable The night our Lady came.
Our Lady and Saint Joseph, He gave them food and bed,
And Jesus Christ has given him A glory round his head.

So let the gate swing open However poor the yard,
Lest weary people visit you And find their passage barred;
Unlatch the door at midnight And let your lantern's glow
Shine out to guide the traveler's feet To you across the snow.

There was a joyous hostler Who knelt on Christmas morn
Beside the radiant manger Wherein his Lord was born.
His heart was full of laughter, His soul was full of bliss
When Jesus on His Mother's lap, Gave him His hand to kiss.

Unbar your heart this eve'ning And keep no stranger out,
Take from your soul's great portal The barrier of doubt.
To humble folk and weary Give hearty welcoming,
Your breast shall be tomorrow The cradle of a King.

Mrs. Harral Leader At P-TA Meeting Tuesday

Mrs. Walton Harral was program leader at Tuesday's meeting of the Rankin Parent-Teacher Association in the elementary school auditorium.

The program centered around the Christmas theme and Mrs. Harral gave a splendid devotional in which she stressed the building of good character and the bringing of cheer and good will to all at the Christmas season upon the strength of "Christ, The Light Of The World" and His message of peace and Goodwill to man.

Her devotional closed with a prayer. Miss Frances Lay's Home Economics sewing classes presented a lovely style review. The setting was a fashion show room, with Elbert Eckols, "Monsieur Saks," the emcee.

Buyers in the show room were Esther Clark and Nola Grace Boyd, representing some of Texas' largest department stores.

The models displayed their beautiful costumes on a two-tiered white dais before a decorated and lighted Christmas tree.

Recordings provided the musical background and Miss Mary Anderson was commentator.

Models were Amayllis Harral, Ava D. Beatty, Evelyn Eckols, Effie Lois Ferguson, Jo Ann Hood, Mary Beth Shipp, Delores Anderson, Ma-

ry Anderson, Adrienne McDaniel, Audrey Murphy, Lacy Schavajsa, Mary Lou Shirley, Peggy Sullins, Sue Hedrick.

Mr. and Mrs. J. W. Kennedy gave splendid reports of the State P-TA Convention which they attended in Dallas in October.

Due to mid-term examinations, it was voted to hold the January meeting on the second Tuesday at 3:15 p.m.

Square Dance Is To Be Held Saturday Night

Lile's Band and Marion Brunette of Crane will be here to furnish music and call the squares for this holiday dance.

MORE MONEY MADE, BUT...

"The day definitely is past when an individual can hope to grow wealthy from savings out of wages or salary," says a feature article in a recent issue of U. S. News and World Report. "Old ideas about what constitutes a 'high' income are having to be revised, along with old ideas about the size of a fortune needed to support a family when a man retires."

This is the result of two potent factors which, in combination, have reduced the purchasing power of the dollar on one hand, and have made it impossible for even people with very large gross incomes to save substantial sums on the other.

Force one is inflation. Today's dollar, going by the Government figures, is worth only a little more than half as much as the prewar dollar. Force two is taxation, which now bites deeply into the incomes of people of moderate means, and takes most of the earnings of people in the upper brackets.

U. S. News reviews some of the tremendous changes that have occurred since 1939. Taking into consideration the most recent tax increases, the man who earned \$4,000 a year then, must receive a little better than \$9,000 now if he is to live as well—and relatively few people have bettered their incomes to so great an extent. The man who earned \$10,000 must take in more than \$25,000 if he is to take care of the taxes and the results of inflation and have the same living standards as before. And, as you go up the income ladder, the situation becomes almost fantastic. It takes an income of better than \$365,000 a year to maintain standards that could be bought for \$50,000 in 1939. It is obvious that not one man in hundreds of thousands has been able to increase his gross so greatly.

As a matter of fact, raises of salary, even though they may be large, cannot solve the problem—for the simple reason that the tax collector is going to take a large part of the raise and, at high levels, most of it. According to the U. S. News computation, if a married man with a taxable income of \$10,000 gets a \$1,000 raise, taxes will absorb nearly a third of it—\$290. If a married \$100,000 a year man gets a boost of \$10,000, the government will take more than two-thirds of it—\$7,700, leaving his \$2,300. And the single man, of course, gets hit much harder.

As the magazine points out, the salaried, white-collar groups have been hit hardest so far. Wage earners have fared much better—the article says. "Inflation has raised their pay far more than it has raised their cost of living, and taxes are low where levied at all." The average manufacturing worker, consequently, has had an increase in wages of some 30 per cent since 1939. However, future tax increases, if they come, will of necessity cut deeper and deeper into the lower-income groups, so this situation may not be permanent.

In any event, taxation and inflation are the biggest problem millions of middle-class Americans now face. And that is why Congress is getting more and more restive over the Administration's spending plans.

GRASS ROOTS OPINION

Anaheim, Calif., Bulletin: "The Senate preparedness subcommittee has recently put its finger on one of the big reasons for big military expenditures—waste... Lack of cost consciousness on the part of officers in charge of expenditures, says the committee, is a principal cause of waste. This blindness or indifference to the burden being cast on the taxpayer has long been typical of the armed services officials. It is one of the reasons why, with the greatly increased cost for preparedness, a limit may have to be placed on the amount of taxes which can be levied on the people. In some degree, the effect of this would be to force the military and the civilian agencies of the government to spend their funds on essentials, not extravagances."

Salem, Ohio, Farm and Dairy: "Government determines to what extent you are to be regimented. It determines what you shall receive for your beef animals, or did determine, but a ray of light and hope was cast when Congress failed to put its stamp of approval on all the controls and regulations that could be dreamed up by those wanting a controlled economy."

Fort Payne, Ala., Times-News Era: "Commissioner of Internal Revenue Dunlap says that if there is not some letup in criticism of his bureau people are going to lose confidence in it. Six out of 64 collectors of Internal Revenue have resigned under fire and two of them have been indicted for taking bribes. In addition, numerous lesser officials charged with duties in connection with collecting Federal taxes have been caught redhanded taking bribes and practicing favoritism toward taxpayers... If that causes people to lose confidence in the outfit, let them make room for officials who can be trusted and who will not yield to temptations to take the bribes and feather their own nests at the expense of the taxpayers."

Singing increases the blood pressure, says a southern doctor, but those who repeat everything they hear do so because they have no place to say whose.

Sign of a Nice Guy

Got so around these parts that everywhere a hunter went this fall, he came up against signs saying "PRIVATE PROPERTY, NO HUNTING, KEEP OFF." But not out at Happy Preston's place!
Happy's signs say "PRIVATE PROPERTY, GOOD HUNTING, BUT BE CAREFUL."
"Don't hunt myself," Happy says, "but there's plenty of game on my property. I tell the hunters where the best spots are—away from where I'm working and where nobody else is hunting. It works out pretty well all-around."

MIDLAND LIVESTOCK REPORT

The cattle market was steady on stockers but weaker on butcher cattle at the Midland Livestock Auction Co. sale Thursday, Dec. 6. Receipts were 882 head.

Stocker steer calves consigned by Thomas and Hull of Stanton and Mrs. E. D. Edwards of Monahans sold up to \$37.75, others went at \$33 to \$37. B. E. Danielson of Ft. Stockton got \$34.80 for his 270 pound heifer calves which generally sold for \$31 to \$34. Steer yearlings cleared at \$31 to \$34 and heifer yearlings at \$26 to \$28. Stocker cows, mostly drouth-thin, brought \$19 to \$21.

Fat calves and yearlings drew \$30 to \$31, mediums \$28 to \$30, commons \$24 to \$28. Fat cows cashed for \$23 to \$26, mediums at \$20 to \$23, canners and cutters at \$14 to \$20.

Bulls moved at \$22 to \$26.

An old-timer is one who remembers that when two girls discovered a man following them they called a cop. (Now they match for him.)

Nature is wonderful. A million years ago nobody knew that we'd have to wear glasses; yet look how conveniently she located our ears.

Prison Rodeo Offers Unique Gift Plan

HUNTSVILLE, Dec. 5.—The management of the Texas Prison Rodeo is offering a unique plan whereby anyone may give tickets for the 21st annual Texas Prison Rodeo in October, 1952, as Christmas, birthday or every day gifts through a simple gift certificate plan.

Approval of the gift certificate plan was granted by the Texas Prison Board after General Manager O. B. Ellis pointed out its many advantages from both the prison's and buyer's standpoint.

"In this way," commented Ellis, "We can determine long in advance of each Sunday (rodeo) where we stand on reserved seats. Too, the holders of gift certificates are given ample time to exchange their certificates for choice reserved seats."

The plan, as outlined by the management, follows:

1. Those who wish to give rodeo tickets as gifts must mail requests to A. C. Turner, Rehabilitation Director, Texas Prison System, Huntsville, Texas, enclosing a check or money order for the full cost of the tickets and include the names of persons to receive gift certificates.
2. Tickets are \$2.40 each, federal tax included.
3. The Texas Prison System will mail gift certificates anywhere in the US.
4. Persons receiving gift certificates may exchange them, prior to Oct. 1, 1952, for reserved seats for any Sunday in October they wish to designate.
5. Checks or money orders must be made payable to A. C. Turner, Texas Prison Rodeo.

If it's true that only two percent of the people in the United States are morons, they sure do get around.

A scientist says he has proof that life on this planet began in hot water. Did he say BEGAN?

Mrs. Day Entertains Wednesday Bridge Club

Mrs. W. M. Day, Jr., entertained the Wednesday Bridge Club this week with two tables in play. Mrs. C. E. Scott won high score and Mrs. Dunn Lowery second high. Refreshments were served to: Mrs. Max Lewis, Mrs. Walton Herral, Mrs. C. G. Taylor, Mrs. Jack Smith, Mrs. Lowery, Mrs. Scott, Mrs. Day, and a guest, Mrs. Ted Hogan.

Truth is a good thing, but you should be careful how you handle it.

**Katherine Secrest P-TA
Holds Meeting Tuesday**

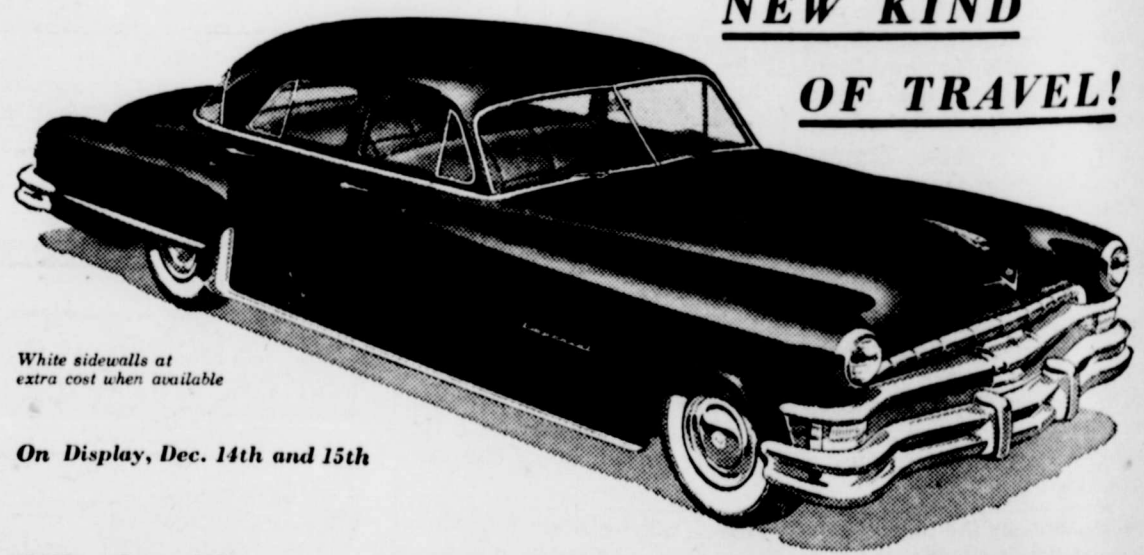

The Kathryn Secrest Parent-Teacher Association met Tuesday afternoon at 3:15 with President Tommy Workman presiding. Mrs. Walton Harral, program leader, discussed P-TA aims and activities appropriate to the Christmas season. Mr. and Mrs. James Kennedy reported on the annual P-TA conference which they attended in Dallas early in November. Miss Frances Lay presented the girls of her homemaking classes in their annual Fashion Parade, which was divided into two sections: semi-formal dress wear and sports school clothes. Of importance to those members of the P-TA who were unable to attend, is the decision to have the January meeting in the afternoon at 3:15, Jan. 8, 1952. Mrs. Walton Harral was elected by acclamation to the position of Project Chairman. The first project voted on by the assembly was the purchase of mats and cards for the school children.
