School Budget Down Some \$25,000 from Last Year --

Budgets, Taxes Talked At County and School Sessions

Taxes and budgets took a good part of the spotlight in Rankin this week as equalization boards met and budgets were discussed for Upton County and Rankin Independent School District. Tax men were in town by the carloads as most major oil companies sent representatives to the meetings.

Opening the activities was the county board of equalization, composed of the four commissioners and the county judge, with Commissioner Bufford absent, when it met at 10 last Monday with the county courtroom just about filled to capacity.

Although the county is proposing to increase values on most of the oil property in the county by approximately 1 1/2 million dollars, there was actually very little excitement at the meeting. From several different oil company tax men, the board heard suggestions for cutting down on the county spending. Most of these suggestions were directed at the park fund operations such as baseball, swimming pools, etc. and other suggestions had to do with com-

binning certain other county operations such as the hospitals and the road crews under one head.

One of the last speakers for the companies emphasized that he did not think too much of a county supporting a baseball program and that this should be done by interested individuals.

The board heard all suggestions but made no definite promises to the gathering other than that it was their desire to run the county as economically as possible and still provide the services that the public demanded.

A budget for Upton County is to be drawn up at a later date.

SCHOOL MEET--

Things moved to a little more definite point in the Rankin Independent School District meeting with oil company tax men due to the fact that their budget had already been prepared. Two sets of figures were compiled by the school board in their budget, one setting out all the things that the board felt the school needed and amounting to some \$525,483.82. In their second column of figures

the board set out what they felt was the minimum figure under which the school could carry on. This amounted to \$507,699.00.

After a brief discussion, it was determined that the board was willing to forget about the larger amount at this time and concentrate on trying to reach agreement on the latter figure. Several representatives of the oil companies expressed dissatisfaction of the lower amount and requested still further cuts.

After approximately an hour's discussion, the board retired to a private room for talks among themselves. Upon returning to the meeting, it was agreed to take out approximately \$9,000 from the minimum budget. With this note, the meeting reached general agreement and adjourned.

Wednesday, school evaluation men of Thomas Y. Pickett Co., met with oil tax men at the court house and worked out final details of their tax bill.

Overall, the district will lose about \$600,000 in value this year but will regain much of this due to their tax base being adjusted by the 105 percent agreed on for county value by the oil firms.

Largest reduction in the proposed school budget came to some \$37,000 in debt service requirements for the coming year. Increases were noted in teacher's salaries, due mostly to increment

pay increases. An increase for the Student Body Activity fund of \$5,700 was noted, due chiefly to the fact that new band uniforms are needed, the present ones having been in use some 10 years.

In capital outlay, an increase of \$6,482 is proposed which is to include some work on a track.

ALL-KID RODEO WINNERS NAMED

Departing somewhat from past years, the Upton County 4-H Club All-Kid Rodeo this year awarded trophies to several top contestants instead of naming only one all-round winner.

Taking honors as All Around Senior Boy was Carey Pitts, Jr. of Ozona. All Around Junior Boy awards went to George Cox, also of Ozona. Cox was also named as All Around Contestant.

Ozona scored well for the girls division also as Mary Ann Pitts won the All Around Senior Girl trophy. Junior Girl Award went to Tanna Sue Rogers of Crane.

Audrey Lee McFadden, daughter of Mr. and Mrs. Less McFadden of Rankin, was chosen Queen of the Rodeo.

In senior division events, Arthur Gonzales was top steer rider with

Vacation Bible Schools Open Monday in Rankin

Vacation Bible School at First Baptist Church will open Monday, June 17. Two leaders in this type of work will be in Rankin from Dallas to assist local workers. Times will be from 9:00 until 11:30 a.m. each morning from Monday through Friday.

At 3:00 p.m., the school will hold its annual parade. Led by the fire truck and composed of car loads of youngsters and adult workers, the parade will cover the town, drawing attention to the Bible School on Monday.

"All children are welcome," R. L. Shannon, pastor, has pointed out. "Denominational affiliation is not considered--nor do the

children nor their parents have to be members of any church. This school is for everyone, Baptist and all," he said.

Departments will be provided for all age group from 3-years-of-age through 16 and an interesting and worthwhile program is said to have been planned.

At The Rankin Methodist, registration for their church school is to be held June 16 from 4:00 until 5:00 p.m. Their school will also extend from June 17 thru June 21 with time being from 9:00 until 11:00 a.m.

Like the Baptist, the Methodist are invited all interested children to enroll in their school.

INTERESTING--Three of the four winners from Odessa--yearly contestants in the 4-H Club All-Kid Rodeo, are in the county agent's office to receive the \$700 worth of trophies a-

warded in the Fourteenth Annual Show, staged last week-end in Rankin. In the foreground is Mrs. Jay Lane, one of the several volunteer workers who helped in signing up contestants

WHAT NEXT? —

It's not too unusual for some event to be scheduled in Rankin and then have to be called off or postponed but when you get one rained out as did the Kid Rodeo on Friday night, man, that's big time.

For fourteen years now the Kid Rodeo has been held around this time in June and that was the first time that it had to be called on account of rain.

Just goes to show what you can expect when you try to do business in an ole wet country.

FOXY TALE—

Hamp Carter is one of Rankin's more easy going citizens who seldom gets very excited or in much of a hurry but one can picture in the mind a recent incident in which Hamp was probably going two or three directions at once—plus having his blood circulation stepped up a few knots.

Hamp was walking into his

front yard one evening last week when he felt a tug on his pant leg. Accustomed to being greeted by the family pooch, he didn't pay too much attention to the first tug but when the free rider became rather persistent, Hamp took note and found that a fox was securely anchored on the leg of his jeans.

I imagine that it was about then that Hamp looked like three small kids in a fast game of kick-the-can. Except the fox was the object of the kicking.

He no doubt performed with "vigoah".

Hamp shook the critter loose, dashed around and got hold of a shooting iron and perforated the polecat—fox, as it were.

Not only was the family dog not on hand to defend his master from this attack by wild beast, but said dog had took himself to parts unknown—along with the

proved to be rabid.

The story has a brighter ending, however. Hamp, as usual, had on his boots and the fox put the bite on a little too low to get hold of anything other than the cuff of the pant leg.

You might say that it was one

of Hamp's lucky days—depending on whether you consider it lucky to be attacked by a mad fox any time.

POOR BOYING IT—

Most recreational operations in Upton County either get all or a good part of their operating money from the County—or go out of business. There doesn't appear to be enough folk around to support a completely independently organized operation of this type.

But there is one small exception. The Rankin Golf Club. Now I know that a good many will not be very interested in the matters of Rankin Golf Club or that peculiar breed of individual who knocks a little ball a couple of hundred yards, chases it down and socks it again. This bit of comment is not intended to present arguments for or against this practice—it's purely to point out the rather unusual fact that

at least one recreational group has been able to equip itself and to operate without sustained financial county aid.

In their annual report to the club members, the officers of the club indicated a cash balance of some \$635.00 with one note for \$230.00 and outstanding checks of \$70.67. Equipment, clubhouse and fixtures, free and clear, amounted to approximately \$8,000.00 of which about \$2,000.00 is in equipment bought and paid for by the club.

Pipe and fixtures installed on the course—most of which was donated by oil companies—will easily amount to another several thousand dollars. One green, of which the club maintains nine—is conservatively estimated to cost \$1200.00 to install and about \$2,000.00 per year to maintain. Actual cost of construction in the case of Rankin Golf Club probably amounted to \$100 per green and all maintenance is now performed by the club at an annual outlay of about \$1200—including the upkeep of the building, insurance and utilities.

That's a pretty fair record for

any organization. And you don't have to be a golfer to realize that the golf course is of some benefit to Rankin. Anyone who cares to may play on the course by the payment of greens fees at a rate in line with those charged by other courses in this area. Membership is open to any who care to join with monthly dues now at \$6.00 per family.

About the game of golf, I will say this . . . don't knock anything until you have tried it.

The selection of Ashby was made after a state-wide survey sponsored by the Texas Education Agency, in cooperation with the Texas Department of Public Safety and the Texas Motor Transportation Association.

Grandma may talk about the good old days, but a whole team of horses couldn't drag her back to an old fashioned kitchen. When you compare the two pictures, you observe an important fact. All the marvelously improved conveniences you see are made possible by electricity — every single one. Yes, electricity makes the difference, and what a difference it makes! It eliminates drudgery and creates more leisure time by performing countless tasks in the home at the flip of a switch. It turns factory wheels, lights the darkness, and does all these things effortlessly and economically. That is one of two reasons why the use of electricity is increasing here in the Center of the Southwest. The other is that more people, more businesses, more industries are coming our way. Our expansion program is keyed to this increase, for we are convinced our service area faces GROWTH UNLIMITED.

Clint Shaws Have Anniversary Fete

Some 300 people were in attendance recently at a reception at the Rankin Park Building in honor of Mr. and Mrs. Clint Shaw on their Golden Wedding Anniversary. The couple were wed on May 18, 1913 at the hotel in Ozona.

Following their wedding, Mr. and Mrs. Shaw returned to their home at Sheffield where they resided for 1½ years before moving to Barnhart. Their stay in Barnhart lasted for 23 years during which they saw the town grow up from one or two buildings to become, at one time, the largest livestock shipping point in the world. In later years, the coming of motor trucks and extensions on the railway reduced this activity to small time.

Mr. and Mrs. Shaw helped in building most of the community projects in Barnhart, he having served 17 years on the school board while she was active in church and civic programs. The first school, a two-room building, served as the Community Church. In later years, a much larger school was constructed and it, in turn, was destroyed by fire a few years ago.

For the past 26 years, the couple has considered Rankin their hometown. They have ranched in

this area and in Brewster County. Mr. Shaw served as an Upton County Commissioner one term.

Mrs. Shaw has worked with the WSCS and other civic and local groups.

There are daddys everywhere.

A daddy is strength with his hand on a stubborn jar lid; he is knowledge with the evening paper; he is understanding with the car keys held out for his teen-ager.

A daddy is a composite. He has the wisdom of a judge, the dip-
