Minutes Reveal Plans For Band Uniforms, Stands, Track

of Trustees of the Independent School District in regular session July of the proposed new

band uniforms was examined and a contract negotiated with Saul Frank Uniforms, Inc. of San Antonio for the purchase of 55 such uniforms.

Mr. Charles Davis of Rankin was hired as a bus driver-custodian and Sheridan Duke, Jr. was employed as contract driver to transport children to the McCam-

ey Schools.

Construction of band stands at the Rankin Football Field were authorized. These stands will be constructed at the east end of the existing bleachers and will be of material from the old visitors side bleachers which were replaced last year. By utilizing these materials, it was felt that adequate stands could be constructed at a minimum expense.

A special meeting was schedul-

ed for 7:00 p.m., Tuesday, July 16, for study of specifications of a proposed new track and for determining bid conditions for the construction of such track.

In further business, the auditing firm of Cherry, Eckert and Story of San Angelo was employed to do the official audit for the 1962-1963 fiscal year.

Most of these programs have been under consideration by the Board for some time.

Serving the Interests of Rankin and Upton County

XXXVII—NUMBER 27

RANKIN, UPTON COUNTY, TEXAS

THURSDAY, JULY 4, 1963

Epit Report Good Services at Revival

having some outstanding Rev. R. L. Shannon, First Baptist Church, week in reference to the new underway there.

are being held twice at 10:00 a.m. and at Closing date will be the services on Sunday, July

want to hear God's from the Bible and good gospel singing and you should make it a attend the remaining in this Revival," Shan-

has also pointed out services are open to all attend and that a sin- some is in store for those

being brought by Epit, Rev. L. A. Sub- Stanford, are not only are of the prime im- to all," he stated.

Elmore of Sheffield is the singing and directing pastor of a Stamford Church, is a former oil and worked in Ran-

kin and other West Texas oil towns for a number of years before turning to the ministry.

Johnson's to Stage July Clearance Sale

One of Rankin's more popular summer attractions is to open at 8:30 p.m., Thursday, July 11. It is the annual July Clearance Sale at L. Porter Johnson's.

This event, which always offers some good buys in clothing, hardware, household needs, etc. attracts customers from a large area in surrounding communities. It is one of only two sales staged each year by the local firm.

An advertisement appears elsewhere in this issue of The News.

Rebekah Lodge Sets Saturday Bake Sale

Rankin Rebekah Lodge has scheduled a bake sale from 10-12 a.m., Saturday, July 13 at the post office. A nice selection of home-made cakes are to be offered.

Yankees Win Little League Crown --

Little League All-Stars Picked For Play-Off Games

Rankin Little League completed their schedule for the year and has selected players for the All-Star games, scheduled to commence July 18.

Winning the crown in Little League play this year was the Cardinals with a 13-4 season record. In at a close second were the Yankees with a 11-6 won-lost record. Playing 500 ball and taking third place was the Dodger team at 8-8 and in last place, the Giants with a 1.15 season mark. Despite their won-lost record, the Giants provided good competition all season.

Area All-Star Playoffs open in Midkiff, site of this year's contests, July 18 when Big Lake and Midkiff All-Stars play. Then, on Saturday, July 20, Rankin's All-Star team will contest the winner of the Big Lake-Midkiff tilt.

All-Star players are selected from the 11 and 12 year-olds of all teams participating in a town's Little League program. Players, to be eligible, must be at least 11 years old by August 1.

Managers for the Rankin All-Stars this year will be Mike Hughes and A. C. Copeland.

From Area Play-Offs, the winning team moves on up the ladder to zone, regional, etc. A team must be undefeated in order to advance.

Should either Rankin or Midkiff advance in these brackets, a schedule of play will be announced at a later date.

Hughes was manager of the Yankees in regular Little League Play and Copeland was manager of the Rankin Farm Club.

Court Works on New Budget for County

Upton County Commissioners' Court was busy this week going over a new budget in detail. One session was held Monday and another Tuesday. It is said that a

(Continued to Back Page)

Players picked are:

Johnny Smith, Lester Ray Titsworth, Biff Yocham, Randy Edgar, Stanford Love, Bill Hood, Rex Sheppard, Mike Sproul, Ray Don-

Fuller, Willie Abalos Ricky Taylor, Roy Rameriz, Patrick Holden and Joe Kendrick. Alternates are Johnny Ray Donnelly and Donnie Deel.

Lions Club "Fingered" For Street Stripe Job

It has now been determined that the Rankin Lions Club was the sponsoring agent for the marking of parking stripes and cross walks on Main Street. A query by the News of some city hall people drew the reply that "we didn't know anything about it until the work was started."

Then, on Tuesday afternoon, a telephone call from a member of the Lions Club explained that they were the instigators of the project and that it was only one part of their program for street improvement in Rankin. The club

spokesman stated that Mr. C. T. Bull, manager of the Yates Hotel, had donated his time and equipment in the work. The club plans to honor Mr. Bull for this contribution at one of its meetings.

Rankin Lions Club has long been interested in street improvement work in Rankin and purchased most of the present street markers in use and donated them to the city. The new parking stripes are being well received and improved parking practices have already been noted as a result.

RAMSEY inspects a double handfull of prime gathered from trees in his back yard. He has sold several bushels of this year's crop. In ad- peaches, Ramsey grows a large variety of fruits and vegetables and says that "this country almost anything."

THE EDITOR gets into the act with two of Jimmy James' Chinese Cucumbers. These two are of average size—one weighing 7 lbs. 8 ozs. They often grow into a circular pattern something like a ram's horn and, according to James, taste like—what—else—cucumbers.

True or False?

ED.: The following article was taken from the Clovis News-Journal of August 12, 1959 and submitted for publication by a local reader. It is particularly timely considering legislation now before the US Congress.

THE OWNER OF REAL ESTATE

If a person owns something, he controls it. What does ownership mean? It can only mean that whoever enjoys ownership has complete and total control of all that he owns.

For example, if you own a pocketful of money, you may do as you please with that money. You may spend it, save it, invest it, or if you like, you can give it away or even throw it away. There is no reason, moral or otherwise, to prohibit your decision respecting that which you own.

We might urge you to employ your money advantageously or frugally, but we have no right to restrain you in the matter.

This understanding is essential to all actual ownership. Whatever you own, you control. And the control is both total and exclusive. You may do as you please with your own. No other person or group of persons may compel you to do as they please with what you own.

If we consider this fact, we are confronted with an enormous realization. This realization is that in these United States of America, for many years, no human being has ever enjoyed complete ownership to land and other real property. He may have title to it. He may possess it in fee simple, which means that he owes

no outstanding obligations in connection with it.

But in point of fact, he does not own it. By all tests that can be applied, no one in this country actually enjoys ownership in respect to any kind of real estate, improved or unimproved.

Why?

Because, for many years, it has been governmental policy to state that taxes—real estate taxes—are a PRIOR LIEN against any and all types of property. It may be that in some states, homesteading laws have removed this threat to some degree. But as nearly as we can discover, homesteading laws tend to reduce and not to eliminate the fact that government can and will step in if your annual RENT is not paid.

We are a nation of renters, not a nation of home owners.

Irrespective of the size of the taxes to be paid in each instance, taxes must be paid. And wherever failure to pay taxes occurs, the government can and will sell your property in order to obtain the unpaid assessments. Essentially, this can only mean that you do not own our own property.

Thus it will be seen that in a real and practical sense a deed to a piece of land in this country is nothing more than a perpetual lease. It provides for no termination date and in this respect is contrary to all other leases, which state as a usual practice that time is "of the essence" of the contract. A deed is a lease without time clause.

Another factor to consider is the flexibility and fluctuation of the annual fee. In all other leases there is an understanding as to the specific sum of money that

will be required each year for possession to continue. But in real estate deeds there is no such certainty.

Additionally, you may NOT do as you please with our land of other real estate holdings. Once more, insofar as ownership is concerned, it appears that government, and not private persons, is in fact the true owner of all.

This nation, which prides itself as the world's greatest exponent of private ownership, is in fact a nation in which no human being owns his own home. We are a nation of lessees, with government acting always as the giant landlord.

It Takes Less Time Today to Pay the Grocery Bill

BY W. M. (DUB) DAY
County Agent, Upton County

Through the years the marked increase in the food supplies of the United States has helped the whole process of economic growth and development in this country. The rapid advance in the agricultural productivity of this country meant increased food supplies at relatively lower prices.

For example, when the consumer went to the retail food store during the 1920's and purchased a pound of beef steak, a pound of pork, a quart of milk, one dozen eggs, a pound of bread, a dozen oranges and a 10-pound sack of potatoes, based upon average wages at that time, he would have had to work about 4 hours and 29 minutes to buy these groceries.

This would leave him only three hours and 31 minutes out of an 8-hour work day to earn money to pay for his shelter, his clothing and the other needs of his family.

But today, it takes only about 1 hour and 39 minutes of labor to buy these same groceries. He has about 6 hours and 18 minutes left over out of an 8-hour work day in which to earn money to buy such items as clothing, two or three bedroom homes, tv sets, long, black automobiles, plus

one compact, pink tile bathrooms, air conditioning units, back yard swimming pools, hair dryers for every daughter, private telephones for the teenagers, dishwashers, weekend cabins on the lake and don't forget about the motorboats and the many other items that make for the level of high living which many of the consumers in the United States have today. I wonder what Adam Smith of the 18th century would think of these fancies?

Because wage earners need less of their income to buy food, the effective demand for other goods

The Rankin (Tex.)
Thursday, July 11

increases. This makes possible for entrepreneurs an output of non-agricultural goods and to make additional investment in their production. At the same time, the increased productivity has meant a demand to industry, which has meant higher wages. Furthermore, declining prices has meant higher real wages. (Continued to page 2)

the workers.

The English economist, W. Arthur Lewis wrote that "It is not profitable to produce a growing volume of manufactures unless agriculture production is growing simultaneously. This is also why industrial and agrarian revolutions always go together, and why economies in which agriculture is stagnant do not show industrial development."

Agriculture in the United States will continue for sometime to supply an abundance of food and a high nutritional level at prices that are low in relation to the prices of other goods and services.

From grain so light

to pleasure bright

IN TEXAS

BEER IS A NATURAL

From nature's light grain comes sparkling, light beer... Texas' traditional beverage of moderation—it's light, sparkling, delicious.

And naturally, the brewing industry in Texas considers it noteworthy that it contributes more than twenty million dollars to the state in excise taxes each year plus additional millions in licenses and permit fees. These millions of dollars help support our public schools, farm roads, old age pensions, teacher retirement funds and help needy children and blind citizens.

J. B. Hutchens, Jr., Editor

VIPES, STRIPES—

I don't know who had the original bright idea to stripe the parking places on Main Street but to them I tip my straw. Like the steam boat and the electric light. I don't know why I didn't think of that.

For many moons now I have noted that we here in Rankin are blessed with some outstanding automobile operators. Outstanding in that by some peculiar methods of parking a car, I have seen as few as five vehicles take up all the parking spaces in front of the post office as well as in front of grocery stores and other assorted frequented places on the public thoroughfare.

Sometimes one got the impression that just a few people owned the streets and that the rest were trespassing when they attempted to bump up to the curb.

So now we have stripes and be-leave it or not—parking has already improved as a result. Perhaps it proves that we actually had no selfish people in the first place—just thoughtless ones and those who could not tell when

The Rankin (Tex.) News—
Thursday, July 11, 1963

they were properly parked and when they were not.

Let's hope the stripes are here to stay.

FARMER IN THE DELL—

Rankin may never be the inspiration for another song as popular as "Ole McDonald" but a few of the local citizenry who are attached with a greener-than-most thumb are proving that almost anything will grow here—if it's properly cared for and watered.

Sidney Ramsey, for one, has almost every foot of his property around his homestead in a crop of some kind—must have thirty different fruits and vegetables on that one little piece of ground and some of his results are almost amazing. His peach crop this year puts the "store-bought" product to shame for flavor and are of a nice size, too. He also has some of the popular Santa Rosa Plums that are fully as big and as pleasing to the taste as

THAT IS THE QUESTION—

Ever feel the desire to write
your congressman? Most of us do
but more often than not never
get around to it.

Congressman Ed Foreman has
mailed out some 100,000 letters
to residents of the 15th Congres-
sional District asking their opin-
ions on the following questions.
You may have already answered
them but if you have not, he has
requested that you post a letter
to him with your opinions. You
may get as lengthy as you like
or you may use a yes or no.

Here are the questions:

1. Do you believe deficit financ-
ing is good for our national e-
conomy?
2. Do you believe that taxes
should be cut without a cut in
federal spending?
3. Do you favor the proposal
to provide federal aid for Urban
Mass Transportation?

4. Do you favor the proposals
to give federal aid to education
at all grade levels?

5. Do you favor the Adminis-
tration's federal aid for "Medi-
care" proposal?

6. Are you satisfied with the
way the Administration is handli-
ing the problem of Cuba?

7. Do you believe there should
be large reductions in our foreign
aid expenditures?

8. Do you favor continued fed-
eral control and regulations of
Agriculture?

9. Should the Guadalupe Peak
Area be removed as a source of
state tax income and made a Na-
tional Park?

10. Should the federal govern-
ment be responsible for remov-
ing the Salt Cedars along the
Pecos River?

Do you own property along the
Pecos River?

with mailing your answers but
it could be interesting to keep a
copy of these questions—along

**Sue Wells Makes
H-SU Honor Roll**

ABILENE, July 8— Juanita Sue
Wells of Rankin earned a place
on the Honor Roll at Hardin-
Simmons University during the
1963 spring semester.

Miss wells, daughter of Mr. and
Mrs. J. L. Wells of Rankin, was
a freshman student during the
1962-63 school year.

She graduated from Rankin
High School in 1962.

Students who make a grade
point average of 3.58 and who
take at least 12 semester hours
of work qualify for the honor
roll at Hardin-Simmons.

with your answers—and see how
your opinions stack up with the
results of the poll which is to be
published by Foreman in the
near future. Sorta find out if
you're in step or if everyone else
is out of step.

TWICE AS MUCH COOLING
... all summer long!

with the patented features of famous
PARAMOUNT COOLERS

installed FREE in
your home for as
little as - **6.90** A MONTH

- COOLS—Nature's air conditioning—with
pump and blower on, fresh air is washed,
filtered, and cooled to provide complete
summer comfort.
- VENTILATES—With blower only, fresh
outdoor air is circulated for year 'round
ventilation.
- FILTERS THE AIR—Patented No-Clog
Sta-Fresh Filters remove dust, pollen, and
other impurities when cooling or ventilating.
- CONTROL OF AIR DIRECTION—Air
Flo Grilles allow instant selection of con-
centrated or diffused cooling or ventilating.
- CONTROL OF COOLING—VENTI-
LATING—Optional cooling or ventilating
is immediately available with individual push
button controls.
- PATENTED ALL WEATHER CON-
TROL—You can close and lock your win-
dow without removing cooler — shuts out
dust, rain, icy winds, cold drafts, and illegal
entry. (Prowlers)
- PATENTED "NO-CLOG" FILTER
SCREENS—large, coarse mesh screen on the
outside eliminates clogging from dust, dirt
and foreign matter.
- PATENTED "GRIP-LOCK" FILTER
HOLDERS—Positively locks filters in place
eliminating filter sagging, loss of efficiency
and danger of water being drawn into the
blower.
- PATENTED "FREE-FLO" WATER
TROUGH WITH VISIBLE OUTSIDE
ADJUSTMENT—permits easy leveling of
water trough while cooler is in operation,
assuring uniform water distribution.

The Rankin (Tex.) Thursday, July 11

Commissioner

(Continued from ...)

very close look is being taken by a number of fund agencies getting attention in court is the matter of charity cases are being handled by two county-owned boards. Count Judge Allen has announced that he expects a decision to be announced on shortly and that its result will be made public.

Boards of Directors of the County Administrators of the County requested a policy decision on this matter. Among other recommendations by the Commission was a June 24th resolution whereby the minimum unanimous vote of the Board to "Increase the County expenditures to include Turpin, Kerr, Smith and Ser for legal charge in case vs. Upton County in the amount of \$2,500.00."

This matter had been before the court for almost a year. County Auditor Hollis reported that he had done much study on the matter and that all recommendations for the expenditure had been met and the firm had paid the amount above.

Since the original case was handled for the County by the Kerr law firm, Arnold and Sons, filed on the court in the case, the Court is now recommending Menefee as their legal representative.

Winning Numbers Still Out in Prize Offering
