City to Offer 10% Discount This Year's Tax Bill

Good news is in store for Rankin taxpayers. A 10 percent discount is to be offered on 1964 taxes if paid by August 1, 1964. This discount was announced this week from

City Hall and it has been further pointed out that consideration is seriously being given to still further discounts in the tax years ahead.

The 10 percent discount will

apply to current taxes only. Any delinquent taxes due will not be covered and once the November 1 deadline is passed, the 10 percent discount offer will be withdrawn on current

taxes, it was explained.

The discount was made possible by the favorable condition in which the city finds itself in relation to tax bonds. A substantial amount of money was available in systems funds for transfer to the interest and sinking funds—thus making it possible to put all 1964 tax monies into operating funds.

Last year, the total taxes in City of Rankin amounted to \$16,655.55. This year that figure will be \$16,510.75 as compiled by the city board of equalization. This board, which completed its work

last month, was composed of H. G. Yocham, Gordon Steele, Charlie Bob Snell and the late Cecil Merriman.

"Now that we have a real incentive for early and prompt payment of taxes, let's all take advantage of it by payment of 1964 taxes and get our finances in condition for still possible further reductions," said City tax assessor-collector Vacie Grimm this week.

1964 tax statements will be mailed by City of Rankin in the latter part of September or early October.

Sell-Out Continues At Home Appliance

Jimmy James, owner of Home Appliance Company in Rankin, said this week that still further reductions in furniture prices are being offered at the store. A close-out sale was started by the firm last month on all furniture.

"We must sell out our furniture and appliances," James said, "and we are cutting prices right down to the wire."

He reported that a number of good bargains are still on hand at the store.

1963-64 Red Devil Yearbook on Hand

The 1963-64 "Red Devil" annuals will be distributed on Wednesday and Thursday, August 19-20, to students of all grade levels, according to the high school principal's office. The year books are to be issued only the two days stated above. Students not receiving their annual at this time can pick them up at the high school building after the beginning of school.

Students are urged to have their annual receipts with them, and those who owe a balance on their annuals must make full payment before receiving the book.

Hospital Auxiliary Needs Mags, Books For Local Patients

Rankin Hospital Auxiliary has issued an urgent call for current magazines and good books. These are needed to add to the supply of reading materials available at Rankin Hospital.

Those who have books or magazine which they will donate to the Auxiliary may leave them at the hospital or contact either Mrs. Tyson Midkiff or Mrs. Dunn Lowery and arrangements will be made to have them picked up.

"Days spent in a hospital bed can get mighty long," said a member of the Auxiliary, "and a good book or current magazine can be a big help."

"If you have such materials, it will be put to a mighty good use," she said.

Among those expected to take the field Monday will be Roy Winters, David Brown, Robert Brummett, Gary Houchins, Tom Gossett, Ron Thorn, David Zoller, Sal Aguilar, Kellam Colquitt,

THE SCOOP by Scoop

THE WIZARDS—

Last week The Scoop had a bit to say about Saturday morning quarterbacks in football. This comment drew a few remarks from various quarters. Most of the womenfolk apparently agree that men know too much and are always spouting off in assorted directions on any topic that happens to be under discussion.

I, personally don't see why the gals take this attitude. I had always been told by my old daddy that it was the other way around and up until now I had always looked upon his advise as being of a sound nature.

But that's another topic. The one that seems at this stage of the game to need a good bit of overhauling is the political forecaster polls that take samplings of what people think about this or that candidate or their feelings on everything from the farm program to foreign policy. Just who these samplers sample is a bit of a mystery. I don't see how they can get any idea of national trends when they do their ques-

tion asking in the bars and night clubs of big cities. To my knowledge not one of these ducks has ever asked anyone out here in the sticks for the time of day.

And, as has been proven over and over again, the pollsters are never too accurate on any given subject. But they keep right on trying and they keep getting the same results: wrong, mostly.

Evidently their conclusions are reached much in the manner of an article I read someplace recently that said: "If a man stands with his right foot on a hot stove and his left foot in a freezer, some staticians would assert that, on the average, he's comfortable."

According to all the polls that I have seen, Lyndon Johnson has won the Presidency for another four years. It's in the bag, so say the staticians. Everybody is for Lyndon—except a few hot heads in the South.

But are they? Is the South

more electricity

Certainly you do, that's because your air conditioning system is working harder, your refrigerator is working harder and all of your other electric appliances are performing tasks which, without them, you would have to do. Let's face it---there's no substitute for all the comfort and convenience that electricity can give. Besides, the average WTU residential customer is paying an average of 17% less per KWH than in 1953---isn't that a happy thought?

Electricity costs so little you can use lots of it.

the only part of the Nation in which people will speak out against the present administration? Certainly not. And to prove it, the following are a few quotes from assorted newspapers.

Waseca (Minn.) Journal—Bobby Baker, Billy Sol Estes and the one-station monopoly TV station in Austin, Texas are enough to beat Johnson . . .

Neola (Iowa) Gazette-Reporter: The best way to get your share of the wealth of the country is to work hard for it.

Waterville (Wash.) Empire-Press—It's time we phased out foreign aid to Communist nations, especially those who are turning around and using it to run their own loan program . . .

Russell Springs (Ky.) Times - Journal—Let us remind Republicans of one sure thing . . . the only man in America today who

would have a ghost of a chance against Lyndon B. Johnson is Barry Goldwater, and they had better be thankful—including the moderates—that he was nominated.

Winona (Miss.) Times—Goldwater has fought and won for Americans the long awaited choice between conservatism and creeping socialism—which seems to have turned to "galloping" socialism under Lyndon Johnson.

Beeville (Tex.) Bee-Picayune— . . . The voter today has the choice of arch conservatism or liberalism. He also has the choice of a man unbending or a man noted for his art of compromise.

San Diego (Calif.) Union— By his words and actions, Sen Barry Goldwater made clear there is going to be no compromise on fundamentals and that the issues of the campaign transcend the labels and slogans by which those in both parties have been attacking each other.

York (Ala.) Sumter County News—Get out your Goldwater buttons, boys, the South may rise again!

I guess it was that last one on which the pollsters are basing their statements that it's only in the South that Goldwater is finding support. I like that last part . . . the South may rise again. Just one question. Why?

At any rate, I agree with the overall findings of the opinion takers. Lyndon will win the election . . . "And the parched ground shall become a pool, and the thirsty land springs of water: in the habitation of dragons, where each lay, shall be grass with reeds and rushes."

In other words, boys, you ain't seen nothing yet.

Board --

It was decided that education and band will not be counted toward roll achievement nor any or salutatory honors. These do not lend themselves to objective grading as most other courses. Other business appearing before the Board, the meeting adjourned.

Coin Club Organized; Tuesday Meeting Called

Although a number of conflicts developed and a relatively small turnout was on hand, coin collectors from Rankin and McCamey met last Thursday night at the Upton County Courthouse and turned out a good bit of work

toward full organization of a coin club.

Among the first actions taken was the naming of the club. After some discussion and since the membership cards were already printed the name of "Castle Gap Coin Club" was selected. With Mr. Kenneth Cranfill of Rankin acting as temporary chairman, a tentative slate of officers were elected—headed by Cranfill as president, Gordon Steele, membership vice-president, Allen Moore, program vice-president and two names, J. B. Hutchens and Mrs. G. L. Steele, submitted for secretary-treasurer. This group will be submitted to the next meeting of the club for their approval or additional ones may be nominated from the floor at that time.

Dues to the club were set at \$2.00 per year for adults and 50c for juniors 18-year-old and under.

Next meeting will be held on Tuesday night, August 18 and on the third Tuesday of each month

thereafter. Time will be at 7:30 p.m. in the courthouse.

Speaking to the first meeting was Mr. Travis Bley of San Angelo. He told the group of some of the experiences and phases through which the coin collector passes and of some of the enjoyment and benefits he will receive in the hobby. He was "backed up" in his remarks by Mr. Floyd Covil of McCamey, another noted collector in this area.

All persons interested are invited to attend the next meeting, according to the president. Junior collectors are particularly encouraged to be on hand and take an early interest in collecting.

Door prizes are drawn and refreshments served. At the first meeting, Mr. Covil and Kieth Cranfill each won a new silver dollar in uncirculated condition as door prize.

Memberships in the club may be purchased from any club officer or at the meeting itself. It

is not necessary for one to be a member in order to attend meetings. However, as the club gets better organized, plans call for an auction and one will have to belong to the club in order to sell in this event; and to be eligible to win a door prize. These prizes will consist of numismatic items that eventually can have significant value for the collector.

Lions Broom Sale Plans Advancing

Rankin Lions Club has stated that plans for their Broom Sale on Monday, August 31 are well under way. This is the annual event in which household cleaning items such as brooms mops, ironing board covers, dust cloths, all made and marketed by Texas blind people, are offered for sale by the local Lions. One of the primary objectives of Lionism is the assistance to blind and those with eyesight problems.

A large van will be parked beside the post office all day on the 31st and members of Rankin Lions Club will be on hand to serve the public. Prices are in line with those usually paid for merchandise of the kind and quality offered in the sale.

LABELS ENABLE CONSUMERS TO MAKE WISE CHOICES

Labels on food products help consumers make wise choices when they buy.

The Federal Food, Drug and Cosmetic Law requires that every package must prominently and conspicuously carry certain specific information on its label.

Required Information Includes:

1. The legal name of the product.
2. The name and address of the manufacturer, packer and distributor.
3. Net quantity of contents.
4. Statements of dietary properties if special dietary uses are recommended.
5. Statement of any artificial coloring, flavoring or chemical preservatives.

6. Statement of ingredients in certain cases.

Many foods on which the government has set a "standard of identity" do not require a declaration of all ingredients. An example of some of these are canned peas, mayonnaise and margarine.

Sad But True - -

BY W. M. (DUB) DAY
County Agent, Upton County

This scene took place at a supermarket check-out counter.

Check-out girl: "The amount is \$12.91."

Customer: "No wonder the farmers are getting rich."

These items were in the basket:

- 6 bottles of soda pop
- 3 pairs of nylons
- 2 long-playing records
- 4 pounds ice cream salt
- 1 box corn flakes
- 1 long handle mop
- 1 egg beater
- 1 quart of milk

The groceries (corn flakes and milk) came to 62 cents. The farmer's share of the sale was only 14 cents.

The reversion of supermarket to the old general store lineup of merchandise helps obscure the fact that food really is a bargain.

And Yet Men Wait

They had just brought the last dead man up from the mine. Clutched in his hand was a crumpled piece of paper. It was a message from the dying to the living.

"Be sure to have the baby baptized—and go to church!" That was all there was time to say. But in the face of death nothing seemed more important.

Why is it that people will wait until death to say the things they know they should say—and to do the things they know they should do?

The whole creation shouts: there is a God! Every human heart knows: all men are sinners. Every human conscience warns: there will be a judgment! And yet men wait.

Now is the time to prepare for death. "Believe on the Lord Jesus Christ, and thou shalt be saved."

Have you made your peace with God through Christ?
