date of the Rankin Booster Club
was made this coming week. The
regular Tuesday night session is
to be held at 7:30 P. M. Monday

Voters Pick Favorites in Tuesday General Election

Voters vote Tuesday.

"I'll be glad when it's over," is
one item concerning the election
that is expected to carry unani-
mously. It's been a long camp-
aign and one of the most avidly
contested ones on a state and
national level between Democrats
and Republicans probably ever
staged in Upton County.

Both sides have had substantial
funds and have carried out large
advertising campaigns. Both par-
ties have had workers willing to
put time effort and money be-
hind their candidates.

And, as best as can be guessed
at this point, it appears that the
local situation is a toss-up.

On a county level, there are
no contested races—all these
following the usual trend of
having been settled in the Demo-
cratic primaries. Closest race of
interest is in the 16th Congres-
sional District where Democratic
nominee Richard White of El
Paso is trying to oust one-term
Republican Ed Foreman. Again,

locally, this one could go either
way.

On the national level, the race
for president appears to be in
favor of the present administra-
tion but when it comes down to
Upton County, there again would
seem indicated a close contest.

indicate that, perhaps one candi-
date, George Bush, Republican for
U. S. Senator from Texas, might
have the upper hand over his op-
ponent, Ralph Yarborough.

Aside for being a guessing
game in these three instances,
there is little doubt but what the
Democrats will make a clean
sweep for Texas offices. There is
little local backing for any of
the state Republican office seek-
ers aside from Foreman and Bush.

Voting Places

Polls will open at 8:00 A. M.
Tuesday and voting will continue
until 7:00 P. M. Voters in the
Rankin-Midkiff area will vote at
the courthouse and at the Phil-
lips recreation hall in Midkiff in
Precinct No. 1. Precinct No. 2
voters will mark their ballots at
the Rankin Park Building.

The county clerk's office re-
ported 47 absentee votes cast of
Wednesday morning. Absentee
balloting will continue until Fri-
day, October 30.

This year's ballot will be a
bit shorter than some of those
in the past and will list only three
parties and a write-in column.
First column is Democratic, sec-
ond, Republican and third, con-
stitution party. Three amend-
ments to the state constitution
will appear at the bottom.

Voters may vote for the en-
tire slate of any one party by
drawing a line down the other
columns. Or, if they wish to do so,
they may vote for candidates in
all three parties—plus writing-in
if they so desire, by marking out
names of all other candidates
for the race so involved. How one
voted in the primaries, whether
Democratic, Republican or not at
all, has no bearing on their
General Election vote Tuesday.

Since the major interest will be
on results from a national level,
no local election board will be in
operation in Rankin on Tuesday
night.

THE SCOOP by Scoop

J. B. Hutchens, Jr., Editor

THE WIND UP—

Tuesday we vote—or should. I happen to be one of the odd ball group. I believe that the United States of America will survive despite the election of this or that candidate. Don't misunderstand. My personal belief is that we will take a long step toward socialism by re-electing Lyndon Johnson—or, if fate so desires, Hubert H. Humphrey.

But what I believe is of little consequence. It's what the majority of us believe that rings the bell and determines the destiny of this nation. For many years now, that process has worked out reasonably well.

On one or two of the candidates, I would like to comment. Mr. Ralph Yarborough ought to be turned out to grass. He's out of step with Texas. I supported and voted for his opponent in the Democratic primary. Now I will vote for Bush. He may not be the best we should have but he most certainly will be an improvement over Yarborough.

If we Texans do nothing else, I hope we send Ralphie packing.

Frankly, I wish Lyndon had kept out of the Democratic primary. Then we would have had a good man in this race for he would almost assuredly have beaten Ralphie. Now, we face the prospect of two Republican Senators

from Texas and that part isn't too desirous.

Neither do I think a straight Republican vote next Tuesday is going to benefit us. The present Democratic administration of the State of Texas has done a very good job. John Connally has put us in the black for the first time in years. He deserves to be re-elected.

In our 16th Congressional race, there is a few facts that need be pointed out. For one, Ed Foreman has performed almost exactly as he said he would. Most of the time he has followed the voting trend that one hears expressed by a big majority of voters in this district. Even those who cuss him the loudest very often speak out for the exact same things that Foreman votes for or against as the case may be. It has been avowed that he has a negative attitude. That is purely a political tag. A couple of examples: he voted against portions of foreign aid. I would have voted against all of it. We can't afford the program. He voted against raising the national debt limit. His predecessor, J. T. Rutherford, voted the same way for years and each time drew cheers from the Demo-

He voted for a tax cut. I'd vote for a tax cut nine days out of the week.

Richard White, his opponent, strikes me as a very nice fellow. He is a calm personality and one who would not likely be given to rash action.

Of course, if you are a party man, these arguments won't be of interest to you on any candidate. And that's your privilege. Frankly, I don't care at all as to how you vote—just as long as you do. If the majority wants the Beatles in Washington, then I be-

lieve the rest of us ought to learn to live with them—at least until we could replace them with Elvis.

THE AMENDMENTS—

Watch that first one. It's wordier real tricky—perhaps on purpose. If you want to help have a stronger school system, vote "For" on this one. Warning is given that if the Legislature is stopped from dipping into the permanent school fund, the money will have to either be done without or raised in new taxes. New taxes, in the long run, would

still be more businesslike in this instance.

Amendment No. 2 on the ballot has to do more or less with procedures and it is one dear to my heart. Among other things, it would force the publication in a newspaper of any intention to get a law passed setting up a conservation or reclamation district in an area. Little districts, such as water districts, conservation districts, etc., have a way of going about their business and not keeping the public too well informed. They take in new land, add a few tax dollars, all cut and dried without any notice to the public. A vote "For" this amendment would be a bit of protection to everyone and strange as it may seem, we need all the protection we can get from those

who have power to regulate our lives.

Amendment No. 3 is a medical care for the aged—complete with Federal aid. As I read it, this care would go to strictly needy individuals and for that reason it would undoubtedly be of benefit. Any such bill means more money and more money means you know what—taxes. Then, too is the question of whether you go for Federal aid. Personally, I do not understand why Texas can't foot the bill without Federal aid. It's all tax money but when you have to ship a dollar to Washington for distribution, it seems to have a way of only about 10c of it ever getting back. Why not let us pay it all right here in Texas?

of the dog house and all accusations against me have been obliterated. (I hope.)

Camille Burson and I were invited to Lita Turner's Friday morning for coffee and a visit with some of her neighbors. Had a most enjoyable and enlightening discussion on the problems of rearing children. We all agree on one point anyway. "Little children, little problems; big children, big problems."

The J. D. Howards were visited by the Ted Kuwalskis of Tahoka this past week-end.

Had a long letter from Susie and David Kneese of Fredricksburg. They have been busy getting ready for the coming deer season and Susie asked me to tell all their old friends hello.

From all reports this season's Hallowe'en Carnival promises to be one of the best yet. I'm told there will be plenty of entertainment and goodies for old and young alike.

Mystery of the Week: Who has all those political stickers that have been mysteriously appearing on so many cars out this way?

Especially on those cars whose owners are known to favor the candidate whose names does not appear on the stickers. Makes for lots of confusion I'm thinking.

See you at the game.

The Reformation

October 31 has come to be regarded as the birthday of the Protestant Reformation. It was on that day, in 1517, that Martin Luther nailed his 95 sentences on the door of the Castle Church in Wittenberg.

What was Martin Luther's great discovery? It was the cardinal doctrine of the Bible: "Therefore we conclude that a man is justified by faith, without the deeds of the law." Romans 3:28. For hundreds of years the established church had taught that the Bible taught salvation alone by faith.

"By grace are ye saved through faith; and that not of yourselves; it is the gift of God, not of works, lest any man should boast." Ephesians 2:8. Also Romans 11:6.

It was the Reformation of Martin Luther that once more brought this fundamental Bible doctrine into the light of day. Protestant America will have fallen on evil days, when once it surrenders one jot of this primary doctrine of the Christian faith.

There Must Be A Reason...

Seldom in the history of the nation has a presidential candidate earned the widespread editorial support that President Lyndon B. Johnson has received from responsible newspapers and magazines—Democratic, Republican and Independent.

Many of these publications are indorsing a Democratic presidential candidate for the first time. One, the Atlantic Monthly, has never before in its long and respected history given its editorial blessing to any presidential contender.

THERE MUST BE AND THERE IS A REASON FOR THESE INDORSEMENTS

The owners and publishers of these newspapers and magazines are conservative businessmen, deeply concerned with maintaining and strengthening the very freedom which makes it possible for them to exist and flourish.

do and as a result handed the Sanderson Eagles an old country sheelacking. Too bad they didn't realize earlier in the season that they had a good ball club once they got it in operation. But cheers anyhow for a fine game performance. The boys did right well by themselves.

And it was more or less a week for ball clubs finding themselves. Even the Dallas Cowboys —after handing their opponents two, if not three games, decided to all play on the same team.

Texas, you say? Who'se Texas? Or is that the little place down in Austin sometimes referred to as Old P. U. by the Arkansas Razorbacks.

And in courtesy to some of its former students, I guess that it should be mentioned that that

school in Fort Worth, the Genus Phrynosoma, won a game.

Getting back to the Sanderson game, all the boys had a good night on both offense and defense. For Brother, sometimes called Billy Wayne Hale, however, it was perhaps somewhat more meaningful than to some of the other players as he undoubtedly ran his point total of the season to the highest ever in the current eleven-man category for a Rankin freshman. If Brother can cross the goal line a few more times this year, he should be well on his way toward a record point total for a Rankin High footballer. And I might say here that I always hesitate to comment on one player's ability. I have yet to see a footballer so good in himself that he could go

out and beat eleven other players all by himself. Football is a team game and it takes eleven on the field plus a good batch of reserves before a winning combination is found. The scrub who is used four days a week as a practice dummy contributes just about as much to the Friday night action as does the starters. His lumps get just as sore as anybody's.

This week we have:

RANKIN 27, Eldorado 22. This game has always been a wild one with plenty of scoring. Rankin has a good record against the Eagles and I'll stick with them. This bunch of Eagles have a lot more claws than did last week's.

in Congress and urged the people of West Texas to return Foreman to Washington.

In endorsing Foreman, Congressman Rivers said, "Even tho Ed Foreman and I are on opposite sides of the political aisle, I admire and commend him upon the outstanding leadership ability he has exhibited. Ed Foreman has brought to the Congress, and particularly the Committee on the Armed Services, the spirit of youth, the charm of an active curiosity, and a remarkable ability to penetrate the sometimes cloudy economics of national defense. To him a million tax-payer dollars is still a great deal of money."

Congressman Otto E. Passman said, "Ed Foreman recognizes more of the weaknesses of the foreign aid program than any other mem-

ber I deal with. Congressman Ed Foreman is a Texas Republican and I am a Louisiana Democrat, but I am glad to have him as a team mate, and I hope that he stays here a long time." As the Chairman of the House Foreign Operations Appropriations Subcommittee, Passman has long been considered one of the nations foremost authorities on this nation's foreign aid program.

Meanwhile, Foreman continues his intensive tour of the 16th District which began in Odessa last Saturday afternoon and ends in El Paso on Thursday evening. He made a 30-minute stop in Rankin Monday morning at 11:00 a.m. and spoke from a truck-bed platform to a relatively sparse gathering. Accompanying him was a group of campaign workers, his wife, Barbara, and "The Gold-

waters", a string quartet from Nashville, Tennessee.

This group will make 40 scheduled stops and appearances in the week-long tour.

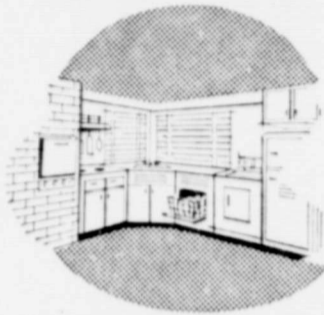

On Friday and Saturday, he is

to make numerous speaking and campaign appearances in El Paso County. He and his wife will spend election day campaigning in El Paso.

Flameless Electric Cooking is all it could be

During the winter months when the house is closed up, a flameless electric range is almost a necessity. Only an electric range can prevent the ugly, oily film on windows, walls, cabinets...everything in the kitchen and adjacent rooms, because there's no combustion. Since heat is delivered directly by metal-to-metal contact with the bottom of the utensils, you don't have to clean soot from pots and pans. There's no doubt about it...electric cooking is clean, accurate, fast, and by putting the heat into the food, not into the air...you don't have to pay for dissipated heat.

Visit an electric appliance dealer soon and bring home an electric range so you, too, can have a bright and shiny kitchen.

FREE WIRING - An extra for WTU customers. If you are a customer of WTU and purchase your flameless electric range from a local appliance dealer, WTU will install the wiring at no charge to you.

VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement . . . a man who has worked consistently against progressive measures in the Senate . . . a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service . . . who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire . . . has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

ONLY TEXAN PRESIDENT LYNDON JOHNSON OFFERS THE EXPERIENCE, THE PATIENCE, THE WISDOM, AND THE STABILITY NEEDED BY THE NATION AND THE FREE WORLD IN THESE CRITICAL TIMES!
