School Board Contracts, Hires, Sets Policy

In its regular August meeting on Tuesday, Aug. 10, the Board of Trustees of the Rankin Independent School District voted to accept the Pilot Insurance Co.,

of Greensboro, North Carolina, as its student and athletic insurance carrier for the 1965-1966 school year.

In other action, the board em-

ployed Mr. Carrell D. Dennis as a high school social studies teacher and B-team coach. Mr. Dennis is a graduate of Eastern New Mexico State University at Portales, and has been working in

tion honors and the senior honor trip. To be eligible for the Valedictorian and Salutatorian of the Rankin High School, a student must be enrolled in the Rankin Schools his entire senior year. To be eligible for the senior honor trip, the same rule applies. Here-
fore, these has been no stated policy on these items.

School will open in Rankin on Wednesday, Sept. 1.

Carlsbad since his graduation in January.

Mr. Bud Poage was employed as the activity bus driver for the coming school year and Mrs. Patsy Northcut was employed as the library aide, secretary in the junior high and elementary bldg.

Gandy's Creamery, Inc., of San Angelo, was awarded the bid for milk to the cafeteria at a price of 58 cents for one-half pints of white and chocolate milk and five cents ice cream novelties at 45 cents per dozen.

The board adopted two policies concerning high school gradua-

If seniors desire to take senior trips during these next 3 years, the trip is to be scheduled during Easter Holidays. The thinking behind this action was that substitute teachers would not be used during the close of the school term and regular teachers would be available to prepare and administer final exams, record the grade, take inventory, etc.

Rankin Pioneer, John Christy, Dead

John Christy, long time resident of Rankin and early day settler in Upton County, died at 4:15 a. m., Wednesday, August 11 in the Ruidosa (New Mexico) Hospital. He had been in poor health for the past year. Another report in this issue of The News, printed prior to learning of his death, tells of his confinement. At that time it was felt that he was somewhat improved.

Details of funeral arrangements were not known at presstime. Relatives from Rankin, Mrs. Duke Hill, a sister, and Mrs. Johnnie Ruth Walker, a niece, and Mr. Walker, left early Wednesday morning for Ruidosa to be with Mrs. Christy. An ambulance was

Dennis attended high school at Denver City and is a 1965 graduate of Eastern New Mexico where he played in the line. Skidmore also comes to Rankin from New Mexico, Almagordo, and has had previous coaching experience.

At 8:00 a.m. Monday, some 35-40 hopefuls are expected to report to head coach Wayne Mitchell who has indicated that he and his staff plan to get immediately to the business at hand. Two-a-day workouts will be held at the football field. First session will be at 8:00 a.m. each morning and the night practice will start at 5:30—possibly later if the wea-

Boys Ranch Roundup Off to Good Start

Ed Guy Branch, re-appointed Upton County Wagon Boss for the annual Livestock Roundup for West Texas Boys Ranch said this week that the drive got off to a good start August 2 and is to run through August 23. During this time, efforts are made all over West Texas to secure livestock donations for re-sale by the Boys Ranch to be used in their operations. Any number of animals are welcomed and cash donations are also sought.

All funds and stock may be assigned directly to West Texas Boys Ranch or the donor may contact Mr. Branch in Rankin.

In 1964 donations amounted to \$84.07 from Upton County during the roundup. Already, in 1965, the figure has reached \$63.53.

Presently, there are no boys from Upton County being served by the Ranch but two have been there in the past.

Good Ole Red Devil Band to Shape Up

Footballers won't be the only ones who began preparation for the 1965 season comes next Monday. That Good Ole Red Devil Band will also crank up and get off to their usual rousing start.

New band director, Wells Teague, has called for daily practice sessions for the band beginning Monday. The band will use the field on Knob Hill for their drilling sessions.

All band practice sessions will be held in the mornings from 8:00 until 11:30.

NEW CONSERVATION PRACTICES

AERIAL VIEW of new grass improvement methods being tested on ranches north of Rankin shows strip planting and contour work. Dark areas resembling craters are

lake beds. Sharp narrow lines are caliche roads. The answer to re-seeding and to brush control may be found in this new method.

WELL NOW—

Back down the road some famous person once mounted a soap box and with hand held high proclaimed that "everything comes to he who." Now I don't have the slightest idea what is that eventually comes to he who nor is it clear to me as to he who whats. In fact, the who business will not likely ever be encribed in high places, nevertheless . . .

It looks like Rankin is going to get the lion's share of the folk moving into town from the oil camp and, Boy, that's mighty fine. It's not that these folk are strangers. From time to time, I have batted the golf ball with boys like Billy Mac Varnedore for the past dozen years or so and done a good bit of sideline quarterbacking with "Stace" Stacy.

The Rankin (Tex.) News—

But still, it'll be even better to have them living in town as neighbors. They're fine people.

On behalf of Rankin, "Welcome one and all".

And a word to commendation should go to the citizens of Rankin who have helped get the new residents located. There has apparently been a willingness by one and all to work with and for the move. Perhaps there will be still others who will want to move here and good cooperation such as has been displayed in this instance will benefit all of us.

ent of comments

can be heard when discussions
turn to this situation. Some will
say that that's too much money
for the county to spend on hos-
pitals. Others will put forth this
or that plan. The commissioners
apparently, wish they did not have
to worry with the matter at all.
And that's understandable.

Trying to operate a newspaper
when there's never enough money
to go around can give one some
idea of what it's like to face the
same situation in a county.

But there's a difference. In the
case of the county, the commis-
sioner's court is charged with the
responsibility of raising the mon-
ey—through taxes—to carry on
the county operations. If the
commissioners are prudent in
their expenditures of funds—and
I believe ours try to the best of
their abilities to get a dollars
worth for every dollar they
spend—but their expenditures are
still more than their income, then
they are supposed to raise the
money to cover this deficit. The
money is raised through taxes. In
the case of Upton County that
has the maximum tax rate as al-
lowed by law, this would mean

an increase in values. This might
come about by better equalization
of existing values are by putting
a more realistic value on property
on the tax rolls.

Now hardly anyone likes to pay
taxes although most of us will
admit that they are necessary and
when you come right down to it,
we get a pretty fair return on
what we pay in. Whether or not
all the projects approved and op-
erated by the commissioners of
Upton County are necessary—I
have no idea nor intend to de-
bate. That just about everyone of
them in which the county does
participate has been and is re-
quested—even demanded—by the
citizens—is a fact without dispute.

A commissioner is a public ser-
vant and he ought to listen to
the dictates of the citizens. He
may be called upon to participate
in a program which he, person-
ally, feels is not worthy; neverthe-
less, if he believes that a major-
ity of his constituents are in fav-
or of the program, he should do
his best to assist them to carry
it out within the law. This is not
only good politics, it's the basic
concept of the democratic process.

Upton County has a lot of
projects of which I, personally,
do not approve but there can be
little doubt that most, if not all,
have majority support.

As has been pointed out in this
column from time to time, the
people of Upton County approved
by vote the operation of the two
hospitals by Upton County—if not
in fact, at least by indication,
when they voted the hospital
bonds some years ago. Unless a-
another vote is taken and the
results prove otherwise, Upton
County still stands charged with
the operation of the hospitals by
a vote of the citizens. I believe
we can all agree that a majority
still favor this proposition.

This being the case, I do not
see that the question of how
much it costs to operate the hos-
pitals is of any consequence other
than to make sure that money is
not wasted. I don't know about
the McCamey Hospital but the
Rankin Hospital Board is defini-
tely on the conservative side
and are a bit snug with their
expenditures. There is no more
reason to question the fact that
the hospitals operate at a loss
than there is to say the road and
bridge department loses \$125,000
or whatever figure is spent each
year on that department. The of-
fice of county tax assessor is not
necessarily supposed to show a
profit. The office of the county
judge, the county attorney, the
county clerk, etc. is not supposed
to be operated at a profit. And
as long as the hospitals are op-
erated by the county with the ap-
proval of a majority of the citi-
zenry, neither are they of neces-
sity required to do so.

Counties and their operations
are not intended to be money-
making organizations. They are to
be operated with care and with
restraint, making sure that the
taxpayer gets value received but
that's all. They are to be operated
by tax assessments and they are
to be operated on a balanced
budget as nearly as possible. If
the income does not meet the out-
go—and assuming that all the fat
has been trimmed—then the com-
missioners are to adjust their
taxing procedures until the two
are equal.

As one comish said this week:
"It can't go on the way it is."

In plain English if Upton Co-
unty is not getting in enough
money to run the hospitals, the
commissioners ought to take the
necessary steps to see that the
money is raised.

That may sound harsh as all
heck but we hear a lot these days
about local responsibility in place
of Federal aid and we need hos-
pitals in Upton County and if
we don't provide them, the Fed-
eral government will sooner or
later and with Medicare already
on the law books it won't be hard
to do.

good turn-out for practice next Monday and most of the boys appear to be ready and willing. That's about all you need, really, to start building a good ball club.

Topic to be considered this week is the Southwest Conference. The publicity boys for the colleges in the league have been hard at work and have mailed out a few tons of material on their respective teams. From reading a part of this material, it is reasonably clear that the Southwest Conference will, this year, wind up in a eight-way tie. Everybody's loaded. And I suspect that the publicity men had had a few blasts themselves prior to putting out some of their dream words.

Anyway, let's get down to the business at hand and see who is going to win the thing. Right about here is as good a place as any to let you readers in on a little secret on how to pick a winner: you figure out those who won't win and the one left is it. Never fails.

Now to figure out who is not going to win, you play the odds. The SWC is 50 years old. Right? Well, if that's not right, this book I'm reading from has a misprint. Bay or has won only twice so the odds might be 25-1 that they won't win this year. Rice has won 4 times and will go at about 11.5 to 1. Arkansas has either won or shared the title 8 times and will go at something like 6-1. And for those who think the Razorbacks will repeat, they never have won it outright twice in a row so the odds are 50-1 in that respect.

TCU won last in a three-way tie in '59 and can't really be taken too seriously after last year.

again started to rise and for the A&M are 9 times winners and go at slightly more than 5-1. The hog of the bunch in wins is, of course, Texas at slightly over 3-1 odds after having won the thing 15 times. Texas Tech has not been in long enough to figure in the odds.

So, the winner is Texas. Now, let's throw out all that bunk and use my own personal formula—make a wild guess.

In the last six years, Texas or Arkansas have won or tied. That looks like a pattern that's going to be hard to break. Arkansas has never repeated outright as a winner but Texas has twice. It still comes out Texas.

Then there's Tech. Last year they finished in 3rd place and gave both Texas and Arkansas a good testing. They will be strong again this year but two strikes are against them: they still have J. T. King as head coach and have never finished better than 6-3-1—last year; and, they get Texas their 2nd game and must play Arkansas in Fayetteville and that's about like playing Eldorado in Eldorado. Tech has never beat Texan in 14 games, scoring only 80 points to the Longhorn's 375 nor have they ever downed the Razorbacks in 8 tries, scoring 68 points to 228. Third is the best they can do and since we have already seen that the odds are 50-1 against Arkansas, it again comes up Texas—three ways.

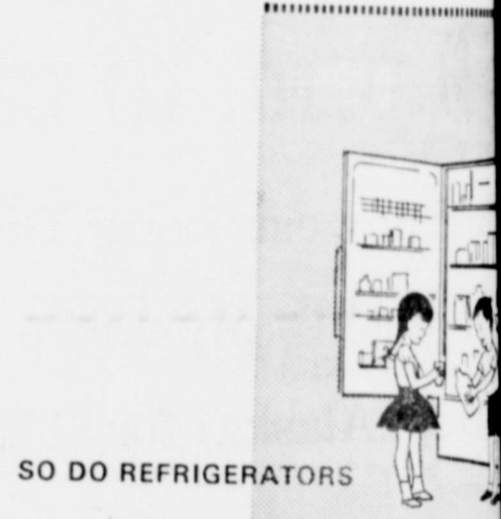

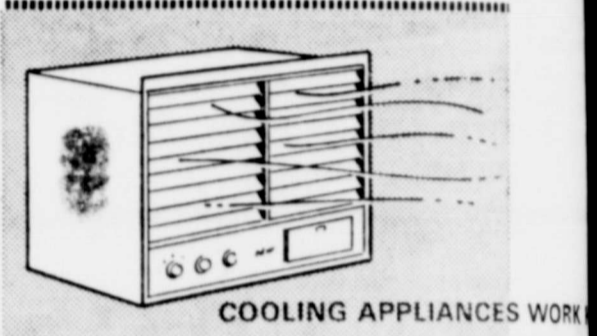

Incidentally, look for some good

sophomores to show up for Tech. Their freshmen last year won 3 and lost only 1—to Arkansas.

There it is. If you want extra copies of this to show your friends

This Amendment shall be self-enacting and shall become effective immediately upon its adoption without any

enabling legislation. This Section shall not alter, amend or repeal the first paragraph of Section 48a of Article III of the Constitution of Texas as amended November 6, 1956, or any legislation passed pursuant thereto. This Section shall not alter, amend or repeal the second paragraph of Section 48a of Article III of the Constitution of Texas as amended November 6, 1956, or any legislation passed pursuant thereto, except insofar as the provisions of the second paragraph of Section 48a and any legislation passed pursuant thereto, may limit or restrict the provisions hereof and only to the extent of such limitation or restriction."

"FOR the Constitutional Amendment amending Article III of the Constitution of the State of Texas by adding Section 48b relating to the Teacher Retirement Fund and the Teacher Retirement System of Texas, revising provisions for investment of moneys and other assets of the Fund, and changing other existing provisions and making other new provisions with respect to the administration of the Teacher Retirement System."

PROPER CARE OF FRESH VEGETABLES INSURES FRESH FLAVOR

Inviting, crisp, low-calorie salads and other vegetables add fresh flavor and a vivid touch of color to summer meals.

Selecting and buying crisp,

fresh vegetables is only one step toward having that fresh flavor served at the dinner table.

Look for fresh, bright color when selecting vegetables. By-pass produce with discolorations and possible defects. Select just the right touch of ripeness in the

vegetable, so the highest quality for the food dollar will be obtained

Preparation of the vegetables makes a difference in that 'fresh' flavor, and in the nutritive value and texture as well.

A usual difficulty in cooking vegetables is that of over-cooking. Vegetables should be cooked quickly in as little water as possible and served piping hot. The longer vegetables are exposed to heat and air, the more Vitamin C they lose. Vitamins and minerals move from the vegetables into the cooking water which is often drained into the sink. Prolonged cooking also may bring about a color change and loss of flavor as well as loss of nutritive value. Vegetable, Selection, Care and Cooking bulletin No. B-923 could save homemakers time, energy, money and food nutrients. More than 21 different everyday vegetables are used in many new and old recipes that are tried and tested for food value, and appetizing appeal.

John Christy Said Improved in N. M.

Word has been received in Rankin that Mr. John Christy, confined to a hospital at Ruidosa, N. M., is somewhat improved. He has been seriously ill there for the past two months and entered the hospital shortly after he and Mrs. Christy went to the summer resort from Rankin.

Mr. Christy had a siege of sickness and was confined to the Rankin hospital for an extended period about a year ago.

CARD OF THANKS

WE EXTEND our sincere thanks and heartfelt appreciation to all the many friends and neighbors, and to Dr. James Gossett and the hospital staff, for all their efforts on our behalf. The kind words, thoughtful consideration, flowers, food and personal comfort offered will never be forgotten. Although our loss has been great, you, our friends, have been strong support.

PROPOSED CONSTITUTIONAL AMENDMENT NUMBER EIGHT ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 57 proposing an amendment to Section 1-a of Article V of the Constitution of the State of Texas, by adding to said Section as presently written, the following provisions: requiring automatic retirement of certain District and Appellate Judges at age seventy-five (75) or such other age, not under seventy (70), as may be provided by the Commission; creating a State Judicial Qualifications Commission and providing for its composition, qualifications, methods of selection and terms of office of its members; defining its functions and procedures; and providing for its duty to investigate, and report on, the ability and misconduct of District and Appellate Judges and to make recommendations to the Supreme Court of Texas for involuntary retirement or removal of such Judges; and empowering the Supreme Court of Texas, in its discretion, to retire such Judges for inability and to remove them for misconduct, upon recommendation of the aforesaid Commission and consideration of the record made before the Commission; and providing for the removal of such Judges for misconduct; and providing that the removal proceedings here by established shall be alternative to and cumulative of those provided elsewhere in the Constitution.

LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 1-a of Article V of the Constitution of the State of Texas be amended so that said Section shall hereafter read as follows:

"Section 1-a. (1) Subject to the further provisions of this section, the Legislature shall provide for the retirement and compensation of Justices and Judges of the Appellate Courts and District and Criminal District Courts on account of length of service, age and disability, and for their assignment to active duty where and when needed. The office of every such Justice and Judge shall become vacant when the incumbent reaches the age of seventy-five (75) years or such earlier age, not less than seventy (70) years, as the Legislature may prescribe; but, in the case of an incumbent whose term of office includes the effective date of this Amendment, this provision shall not prevent

him from serving the remainder of said term nor be applicable to him before his period or periods of judicial service shall have reached a total of ten (10) years.

"(2) There is hereby created the State Judicial Qualifications Commission, to consist of nine (9) members, to wit: (i) two (2) Justices of Courts of Civil Appeals; (ii) two (2) District Judges; (iii) two (2) members of the State Bar, who have respectively practiced as such for over ten (10) consecutive years next preceding their selection; (iii) three (3) citizens, at least thirty (30) years of age, not licensed to practice law nor holding any salaried public office or employment; provided that no person shall be or remain a member of the Commission, who does not maintain physical residence within this State, or who resides in, or holds a judgeship within or for, the same Supreme Judicial District as another member of the Commission, or who shall have ceased to retain the qualifications above specified for his respective class of membership. Commissioners of classes (i) and (ii) above shall be chosen by the Supreme Court with advice and consent of the Senate, those of class (iii) by the Board of Directors of the State Bar under regulations to be prescribed by the Supreme Court with advice and consent of the Senate, and those of class (iii) by appointment of the Governor with advice and consent of the Senate.

"(3) The regular term of office of Commissioners shall be six (6) years; but the initial members of each of classes (i), (ii) and (iii) shall respectively be chosen for terms of four (4) and six (6) years, and the initial members of class (iii) for respective terms of two (2), four (4) and six (6) years. Interim vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. Commissioners may succeed themselves in office only if having served less than three (3) consecutive years.

"(4) Commissioners shall receive no compensation for their services as such. The Legislature shall provide for the payment of the necessary expense for the operation of the Commission.

"(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceedings shall be by majority vote of those present, except that recommendations for retirement or removal of Justices or Judges shall be by affirmative vote of at least five (5) members.

ings shall be by majority vote of those present, except that recommendations for retirement or removal of Justices or Judges shall be by affirmative vote of at least five (5) members.

"(6) Any Justice or Judge within the scope of this Section 1-a may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any such Justice or Judge may be involuntarily retired for disability seriously interfering with the performance of his duties, which is, or is likely to become, permanent in nature.

"(7) The Commission shall keep itself informed as fully as may be of circumstances relating to misconduct or disability of particular Justices or Judges, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court.

"(8) The Commission may, after such investigation as it deems necessary, order a hearing to be held before it concerning the removal or retirement of a Justice or Judge, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the record and report of a Master, the Commission finds good cause therefore, it shall recommend to the Supreme Court the removal or retirement, as the case may be, of the Justice or Judge in question and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

"(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order removal or retirement, as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

"(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, and the filing of papers with, and the giving

ing of testimony before, the Commission, Master or the Supreme Court shall be privileged; provided that upon being filed in the Supreme Court the record loses its confidential character.

"(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any judge against whom a proceeding is instituted to cause his retirement due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the judge in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed.

"(12) No Justice or Judge shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal.

"(13) This Section 1-a is alternative to, and cumulative of, the methods of removal of Justices and Judges provided elsewhere in this Constitution."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability.

"AGAINST the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

Sec. 3. The Governor shall issue the necessary proclamation for the election, and this Amendment shall be published as required by the Constitution and laws of this State.
