Tower Scores Well in Upton Vote; Other Republicans Flounder

With John Tower stepping out to a 605-420 win over Waggoner Carr in Upton County for the U. S. Senate race, Democrats were looking over their shoulders Wednesday morning and exclaiming: "Holey smokes . . . where'd all them cotton picking Republicans come from?"

A closer look at Upton results, will, however, show that the Republican as such didn't cut a very wide swath in local politics as might be indicated in the Tower-Carr race—that it was a good bet that independent voters were responsible for turning the trick.

An example of this can be seen in comparing the Tower-Carr and Hardeman-St. Germain races. As noted, Tower, the Republican, defeated Carr the Democrat, 605-420. For Hardeman, the Democrat in the state Senate race, it comes out 752 to 236 for his Republican opponent, St. Germain. Still more indications can be seen that ticket-splitting was the order of the day in the Governor's results where Connally (D) polled 695 votes in the county to only 245 for Republican Kennerly.

Then, there is the possibility to be considered that Carr, with the strong backing of LBJ, was forced to stand as the administration man with Tower as the opposition,

at a time when the administration is not overly popular in this area. Other Democratic candidates as a whole were not "helped".

For the amendments, all received favorable majorities in Upton County except No. 4 on the ballot—to increase terms of office for officers on soil conservation boards. No. 5 on the ballot—retirement plans for county employees—had a close call at 449 for to 432 against while No. 6—benefits to families of officers killed in line of duty—carried by a big 671 for to 237 against.

Over in McCamey, two write-in races appeared. For Commissioner in Precinct No. 4, Joe Conger, the incumbent and Democratic primary nominee, received 232 votes to 48 for write-in Jim Westfall.

In the other write-in, nominee John Whaley received 276 votes to 137 for Joe Hendrickson on the write-in for Justice of the Peace.

A total of 1134 votes were cast in the county.

In some of the major races in the Rankin-Midkiff voting, the following unofficial totals developed:

Box 1: Connally 110-Kennerly 46; Tower 101 - Carr 70; Smith 120 - Dibrell 44; Hardeman 111-St. Germain 51.

Box 2: Connally 74 - Kennerly 21; Tower 55 - Carr 41; Smith 75 - Dibrell 22; Hardeman 19 - St. Germain 18.

Box 3: Connally 10 - Kennerly 11; Tower 19 - Carr 2; Smith 10-Dibrell 11; Hardeman 14 - St. Germain 7.

THATAWAY—Workmen were busy this week on one of the last "cowtrails" in Rankin, a portion from Kilborn west to the city limits. The road will be paved at this time. Rankin has an estimate of all streets paved and most are curbed.

UFOs We Almost Had

While Monday night like Rankin would be a step to fame — the best of flying saucers surveyed through a shaft of light. The night with the western sky of shafts of light. The definitely cigar rose. They were for about twenty someone shot the of the saddle and

with it Rankin's chances to get big national write-ups as having a bunch of nuts who had sighted UFO's. It seemed that if one went to the back of the houses on the west side of Elizabeth St., instead of viewing the "saucers" from the front lawn as all were doing—he could easily see that a low cloud formation was hanging over the oil patch flares toward Crane. Apparently holes in the clouds were permitting the light streaks that gowed high in the sky. It looked promising there, however, for a little while.

Fourteen Seniors Make Appearance for RHS

will put on the Rankin Red Devils Friday night. The afternoon will be heavily favored to win and end the record—their best in almost ten last appearance Paul Brown, Jim Gossett, Gary Upthorn, Joe Clark, Donald Ivey, Billy Colquitt, Eddie Hale Earlex Williams Wheeler. A doubtful will be Bean who was week's game following appendectomy.

With the departure of these fourteen players, the Red Devils will be left with with some nine players who have been on this year's "A" team—indicating that many new faces will be in the lineup when the ball is again teed up next September.

Rankin and Menard have met twice since District 8A was enlarged to take in about a fifth of Texas. Both games have been hotly contested and Rankin has won both—a situation that may fire up the Yellowjackets Friday night as they seek an upset.

In their first game in 1964, the Red Devils took a close one 34-27. The game was played in Menard. Last year, on the home field, the Rankin crew prevailed by a 20-12 mark.

Menard has generally been on the short end of the score this year but has managed to score

some rather surprising advances against such squads as district leader Sonora. The Yellowjackets have also met with several shut-outs over the season.

Juniors, B-Team to McCamey Thursday

Rankin's Junior High and B-teams will close out their season in McCamey Thursday afternoon, November 10 when they meet the Badger Junior and B squad for a pair of games. Originally set up as a three-game affair, the 7th and 8th grade games have been combined since Rankin does not have enough boys out for football at the present time to field a 7th grade team.

Action opens at 5:30 with the Juniors and will be followed at 7 by the B game.

MISS JOANNE LEWIS, a senior in Rankin High School and daughter of Mr. and Mrs. Bill Lewis of Rankin, was named "Band Sweetheart" at halftime ceremonies last Friday night. Runners-up were Sherry Woodfin, Jan Wells and Sandy Reeves.

Rankin FHA Group Names New Officers

The Rankin chapter of Future Homemakers of America met on November 7 in the Home Economics Department at Rankin High School. The meeting was opened by the FHA ritual which was followed by a devotional given by Gay Holcomb.

Sandra Reeves introduced the guest speaker, Mrs. Pauline Gossett who gave a talk on feminine hygiene. The meeting was concluded with refreshments served by Jane Faulkner, Cieta Cranfill and Linda Latzel in honor of those girls having birthdays in November.

Girls serving as officers for the year 1966-1967 are:

Patsy Barrett, president; Glenda Linnemann, first vice-president; Fran Creighton, second vice president; Micky Hughes, third vice-president; Payne Zoller, 4th vice-president; Cecilia Braden, 5 vice-president;

Sandy Reeves, secretary; Diana Fanning, treasurer; Linda Latzel, historian; Jan Wells, parliamentarian; and Susie Lacy, pianist.

Advisor is Mrs. Natha Mitchell with chapter parents being Mr. and Mrs. E. L. McBee, Mrs. D. L. Trowbridge and Mrs. Gerald Reeves are chapter mothers and Earlex Williams is the chapter beau.

THE SCOOP by Scoop

J. B. Hutchens, Jr., Editor

The following was lifted from one of our neighboring newspapers—who had lifted it from another newspaper, etc. It is not original with the "Scoop" but it has some thoughts to which he thoroughly subscribes.

MISTAKES—

This paper strives to please. We try to include something for all our readers—including those who read it to see how many mistakes they can find.

What a person gets out of anything at all—including reading a smaliish newspaper—depends so much on attitude.

Mistake-hunters take the attitude of fault-finding. Nothing can make them chortle like a misprint. Some of 'em are, of course, extremely funny.

A personal favorite, for now, is the time the Colorado City Record solemnly noted that a local farmer was 'survived by three sins.'

Funnist thing about the whole business of mistake-hunting, however, is the fact that in a world of imperfections, inhabited by

The Rankin (Tex.) News—

imperfect people, there are still those who expect perfection—from other people, also imperfect.

Unlike that paper in Mexia, this column does not deliberately throw in a few mistakes to please any mistake-hunters.

Mistakes herein are always the fault of whoever told the story wrong in the first place.

Anybody in this business can absolutely make enough mistakes accidentally to keep things interesting enough, without dreaming up mistakes on purpose.

Back to the importance of attitude . . . ever notice that people who look only for the bad can always find it?

That conversley, searchers for the good can fin it in abundance everywhere they look?

Ever realize that the world and the whole of life can be good or bad, glad or sad . . . all depending on the attitude of the appraiser?

Take the attitude that this

NOT ALONE—

Currently there is a thing on tv entitled, "We Are Not Alone" which is a scientific bit that has some very learned folk holding forth with the proposition that we here on earth are not the only "people" in the universe. Personally, this has seemed like a reasonable assumption to me for a long time—not that I'm a flying saucer fan although I'd give a week's cigar ration to see one of the things.

There will be those, naturally, who will not believe such things until they can reach out and touch one of these "other" folk. Well, that's all right. That's their privilege . . . to be as skeptical as they like but it will just be our luck that the people who believe in life on other planets the strongest will be in charge of our foreign aid program when the

big discovery is finally made.

On the other hand, there will be those who will say that God would not permit such thing—that "people" existing on other planets would "conflict" with the teachings of the Bible—as they see it. It's always amazing to learn that there are those who think they "konw" what God will or will not permit.

But then, it takes all kinds. It now appears that we are close to proving that it takes a lot more of all kinds than anyone every expected.

THE BAND—

It's not the Scoop's usual tactic to say very much about any group that outshines a Rankin entry in anything. Certainly the comments in this instance are not intended to take anything away from our own good ole Red Devil Band . . . but, that Eldorado bunch that was here last Friday night was the best high school aggregation I believe I have ever seen perform—anywhere.

They had a large band as Class A goes, their musical ability was very good and their marching was superb. It is hard to see how one band could be so well trained. They were that good.

There are, however, flowers for our own. They did about as good a job last Friday as they have done all year and considering their size, they did a most worthy job of following a halftime performance that would have been almost impossible to top.

Pauley Retires from Upton Draft Board after 22-yr. Service

Announcement made by Mae R. Williams, clerk, Texas Local Board No. 121, revealed that the President of the United States has accepted the resignation of Mr. G. C. Pauley, chairman of the

board. The board expressed regrets over his resignation since Mr. Pauley has served in the organization for over 22 years.

A new member, Mr. Ellis G. Wilkerson, appointed by the President, will represent Upton County on the board which also serves Reagan and Crane Counties.

Mr. Wilkerson is not a new

comer to this area, having lived in Upton County approximately 33 years. During this time he has served in the Quartermaster Corps of the Army from 1942 to 1945. He is the consignee for a major oil company.

The other two members of the board are Mr. Joe M. Daugherty for Reagan County and Mr. T. P. Head for Crane County.

SERVICES HELD MONDAY FOR EARLY - DAY RESIDENT OF RANKIN

One of Rankin's oldest residents and an early day pioneer of Upton County was buried at 2:30 p.m., Monday, November 7 with graveside services in Rankin Cemetery. She was Mrs. Elsie Earnest. Rev. R. L. Shannon, pastor of Rankin Baptist Church, officiated.

Mrs. Earnest died in St. John's Hospital in San Angelo at about 10:30 a.m., Saturday, November 5. She had been in ill health for the last six months. She was 89-years old.

Mrs. Earnest is believed to have been one of the first residents of Rankin, having moved here from Upland—along with the house she has occupied on North Main Street since about 1918. She was also among the early settlers in Upland, the former county seat of Upton County.

She was an avid horewoman until her age forced her to give up riding. Some present Rankin residents recall her in times gone by when she rode her favorite

horse, pictured above, about town and helped work cattle. The picture is believed to have been taken in the early 30's. The children are not identified.

She is survived by one daughter, Mrs. Laura Smith of San Angelo, and several grandchildren. She was preceded in death by her husband and one son.

Being a Column Dedicated to the Proposition that only a Nut would try to predict Football Scores in Advance.

Hail to the return of the Red Devil football team! Aside from still not being able to find all the handles on the football, the Red Devils looked like the team that won five in a row when they shelled the Eldorado Eagles last Friday night 24-0. It was a delight to see them return to form and no doubt, was of considerable satisfaction to the boys themselves. The Eldorado team was not as strong as some of their past squads have been but it was still a sweet victory for the local lads to thoroughly spank a team that has had some questionable wins over them in the past.

There was no question left unanswered last Friday. Elsewhere in the area there arose several questions. The big one is what possessed the McCamey Badgers? They rose up and smote the Marfa Shorthorns like scoring was going out of style. Now there's a team that has been hot and cold all year long.

And then take Big Lake. One would have been almost sure they would give the Fabens Wildcats a stronger test—but not so.

All of which points to the notation at the head of the column: "Only a nut would try to predict football scores in advance."

RANKIN 32-Menard 0 This will be the last performance for fourteen seniors. Led by the Ivey twins, the Red Devils will be out to get in their last licks.

JUNCTION 40 - Sanderson 6. The Sanderson Eagles are to be congratulated. They finished the season and appeared to be improving. They have scored in the last two games and even put 15 points on the board against the Sonora Bronchos.

SONORA 28-Iraan 12 Look for the Braves to give it a good try but Sonora has too much balance for the Iraan boys to pull off what would be the biggest upset in Class A.

OZONA 20-Eldorado 8. Ozona will shake Cox loose enough to win on the scoreboard. It would be nice for Rankin to be able to match one more game with the Lions this year.

ALPINE 25-McCamey 14. The Badgers might pull off the upset but this is their week to be

Girl Scouters Active Again in Rankin

The Junior Troop of the Rankin Girl Scouts has had two recent meetings this year. There are thirteen temporary members under the leadership of Mrs. Bill Sanders and Mrs. Gray.

Games, songs, discussions, art work and refreshments have been a part of the enjoyment.

Temporary officers have been selected and they include: Kathy Helms, president; Debbie Cole, secretary; Sheryl Lofton, treasurer; Sherry Gary, reporter; and Sandy Sanders, song leaders.

Other committee chairmen and committees have been appointed and all are now functioning. The girls are planning a short hike and nature study at their next meeting.

Meetings are held at 4 o'clock on Tuesdays and all girls in the 4th, 5th, or 6th grades or in the 9, 10, or 11-year-old age bracket, are invited to join the fun and work at the Girl Scout Hut.

Now that you've seen all the daring new things our stylists did, get in and sample some of the safest, soundest ideas on the road!

What you feel is as new as what you see—thanks to all the fresh thinking that's gone into the way it rides, steers, stops and looks after your safety.

It's got a remarkable new road feel—beginning with a ride so hushed and gentle you'll feel like calling this the '67 Shhhevrolet. The steering is as much as 10% easier. And you'll find the stopping smoother, too.

We put safety features on top of safety features. For example, an energy-absorbing steering wheel atop the new GM-developed energy-absorbing steering column. A dual master cylinder brake system with warning light. And seat belts front and rear with pushbutton buckles. All standard, to be sure.

And there's a new SS 427 performance package—complete with 385-

hp Turbo-Jet V8 and flat-cornering suspension. You can order it for either the Impala Super Sport Coupe or Convertible.

Of course, there are all sorts of new custom features you can add, too, such as tape or FM stereo. But if you find so much that's new a bit too much to remember—drop down to your dealer's and take a drive. It'll all become unforgettable.

Texas cattle prices will remain favorable for the remainder of 1966 and into 1967, especially for the efficient producer.

Continued strength in the general economy would insure an increasing price trend for beef cattle, beginning very late in 1966. All of 1967 should be favorable if our economy continues to grow and range conditions remain in good shape.

Feed lot operators at the present were more reluctant than usual to bid up feeder cattle prices. Their feed costs are rising and will be higher in the months ahead than in the first half of 1966 and fed cattle prices have declined to narrow their margins. But, taking all factors into consideration, feed prices are expected to remain near current levels which are much better than for the same period a year ago.

As for fed cattle prices, they should hold during the October-December period to average near the year-ago levels. Marketings of fed cattle are expected to continue large but the increase over a year ago probably will be less than that which took place in the summer of 1966.

Downward price pressure can develop if range conditions over the nation deteriorate; thus, forcing large movements of grass cattle to slaughter at a time when fed cattle marketings are a ready heavy. Too, feeding to heavier weights could put continued pressure on fed cattle prices during the rest of the year.

Another factor influencing fed beef prices will be the increase in the pork supply for the remainder of the year. Pork production later in the year will be well above a year ago and poultry supplies are expected to continue above year-earlier levels. Increased supplies of these two meat sources will tend to keep pressure on fed beef prices.

Lucy Simpson Hosts Exemplar Meeting on Monday Night

Xi Epsilon Chi Chapter of Rankin Beta Sigma Phi met Monday, November 7 at the home of Mrs. Lucy Simpson.

The social committee reported on the coffee held after the Rankin Eldorado football game at the home of Mrs. Tommy Autrey. Plans were discussed for a covered dish supper for members and their husbands to be held before Thanksgiving. The ways and

means committee reported good returns on the cake walk and grab bag at the Halloween carnival.

A program, "Good Lives", was presented by Tommye Autrey and Doris Speed, followed by a panel discussion on the topic.

The hostess served refreshments to eleven members.

Sue Dishman Named Favorite for Nurses

Miss Sue Dishman has been named junior class favorite of the Shannon School of Nursing in San Angelo.

Miss Dishman, daughter of Mr. and Mrs. H. C. Dishman of Midland, is a native of Rankin. She graduated from Robert E. Lee High School in Midland in 1964. Before entering nursing training, she attended Angelo State College where she was named to the Dean's Honor list.

Midland Memorial Hospital awarded Miss Dishman a four-year scholarship upon her graduation from high school.

WE SALUTE

THE GIRL SCOUTS

For the past year and a half, there has been no Girl Scout program in Rankin. Now, thanks to the efforts of those concerned about the situation, the Girl Scouts are again organized and active. They will need your support to continued. Be ready to help. Scouting is good for girls.
