## WATCH IT NOW—

Like the change of the seasons or the sun coming up in the morning after the dark of night, the time has again come for the annual cut-throat subscription rates on The Rankin News. Let's just get one thing straight right now. There won't be any more of that pushing and shoving of people trying to get in the door to pay up like we had last year.

I realize that an opportunity such as this comes only once a year but let's be civilized about the thing. After all, we don't want passers-by to get the impression that we're having a riot or worse. This is not Detroit you know.

So remember—let's keep it orderly. Stay in line—smoke if you like. Do not bring pets or small children unless you make your own bathroom arrangements.

And only one subscription to the immediate family this year. Sorry about that. New subscribers, in order to save time, should have their references already typed up. For all who wish to charge their subscriptions, a con-

densed financial statement will do—replacing the usual long form. Minors will need the written consent of their parents.

As you will note, these regulations are somewhat more liberal than they have been in the past. This has come about as we continue working toward the day when all our subscriptions are to be handled by computer.

## HEAD KNOCKING—

A number of years ago in the pro ranks of golf, there was one lad who—according to reliable reports—always seemed to have scratches and cuts on his head. It seems that whenever he made a bad shot, he had the peculiar habit of walking over to the nearest tree and banging his head against it. Needless to say, about the only good that done was to mark him as some kind of nut in the eyes of people less prone to drastic actions.

day of the common laborer be-  
ing able to provide for himself—  
much less a large family—is a  
bout a thing of the past. Pick up  
any large Sunday newspaper and  
you find pages of ads pleading  
for workmen and not all are re-  
quired to have a college degree  
but almost without exception, the  
jobs do call for some basic trade  
skills—the very thing most of  
the people in the so-called "ghet-  
ttos" lack.

It doesn't take a very bright  
individual to participate in a  
riot but at the same time, it  
ought not take too smart a per-  
son to realize that hitting your  
head against a tree won't im-  
prove your golf game.

One of the best testimonials  
to the benefits—or lack of any  
improvements for the better as  
a result of riots—can be seen in  
areas such as Watts in Los Ang-

les. They haven't tried it again.  
Some crash programs may well  
be called for in dealing with the  
present situations in the over-  
crowded cities but the root of  
the problem will never be solv-  
ed until the desire for learning  
and skill improvement replaces  
the sluggard's way of just rais-  
ing hell in general—and butting  
the head against a tree.

# Notice to Voters of the Rankin County Hospital District:

The qualifications for voting in the election for directors of the Rankin County Hospital District are the same as for any election involving offices of the school, city, county, and state elections. **YOU DO NOT HAVE TO BE A PROPERTY OWNER TO VOTE IN SATURDAY'S ELECTION.**

This statement is published in order to clarify the confusion that seems to exist as to the qualification for voters in this election because of the fact that an additional qualification, that of "being a property owner" was required in the election order calling the election for the purpose of creating the Rankin County Hospital District.

The election order calling the election for directors of the Rankin County Hospital District did not require as a qualification for voting in said election the of "being a property owner."

## C. W. Winn Takes Golfing Honors at Rankin Golf Club

C. W. Winn of Midkiff took medalist honors in the Rankin Golf Club's local tournament that was completed last Sunday. Winn was three over for the eighteen holes for a score of 75. Previously he had had rounds of 76 and 78. Runner-up was Dean Nicholson of Rankin with a 79. Joe Simpson was in at third and Stanley Poteet was fourth. Dunn Lowery, who had also qualified for the finals by winning both of his match play rounds, was unable to compete due to a business engagement.

Simpson took the top honors in the handicap portion of the match when he posted a net of 71. In at second was Winn with a 73. Poteet at 75 was third and Nicholson with a 76 was a close fourth.

Winn reached the finals by

defeating J. B. Hutchens and E. W. Hale. Nicholson had wins over Red Weatherbee and Dub Day. Simpson won over Tex Collins and Morris Tillman. Poteet advanced past David Binkley and Joe Fowler while Lowery held wins over Carrol Sproul and Ed. die Autrey.

Consolation winners included Bryan Edmiston who defeated Sproul, Charlie Hale who won out over Weatherbee, Jake Vanzandt over Binkley, and L. Z. Titsworth over Tex Collins. Still up in the air is the Grey-Hutchens match that was postponed while Gray and Billy Wayne Hale combined talents to win a second in the Big Lake Partnership.

In the women's matches, play is to continue until all contestants have completed eighteen holes of play.

Golf ball prizes, orders several weeks ago, are expected to arrive any day and will be distributed to the players, according to the tournament chairman.

## Forty-Eight RHS Driver-Ed Students Complete Training

Wednesday, July 26 saw the completion of the 1967 Summer Driver Education Program for Rankin High School. Forty-eight students have successfully completed the program which consisted of thirty hours of class room instruction and twelve hours of in-the-car instruction.

Under the present standards and due to recent legislation that becomes effective September 1, 1967, a student must have reached his sixteenth birthday before he may enter the Driver Education Program.

The forty-eight students who have completed the program were instructed by Mr. Wayne Mitchell and Mr. Melvin Wimberley of the local school district, and by Mr. Carroll Watkins of the Greenwood Independent School District near Midland. With the large class enrollment, it was

necessary for the local district to employ Mr. Watkins to assist in the driving phase. He instructed the students living in the Midkiff area.

Students were required to pay a \$15.00 fee for this course and upon successful completion, have been granted one-half credit toward graduation requirements in Rankin Independent School Dis-

## Rankin Raquet Club Plans Tournament Four Days in Aug.

Rankin Racquet Club will hold its first annual Invitational Tennis Tournament August 7, 8, 10 and 11. All matches will be played at night starting at 6:30 p. m. at Rankin High School court.

The senior division will be for anyone who was in high school last year.

The junior division will be anyone who was in the 8th grade or below last school year.

measure you wrote down.

2. Measure the skirt from the waist to the bottom. If it is too long, you can shorten it.

If you are interested in measurements for girls coats, jackets, pants and blouses — or want boys measure directions for jackets, undershorts, shirts or pants, send a card explaining which of the measurements you need to: Mrs. Lou Jeffers, Reagan and Upton County Home Demonstration Agent, Box 86, Rankin, Texas 79778.

These measures could eliminate many mis-fits bought at sales where no exchange is possible.

In all divisions, a player may move up in an age group but cannot move down. Preliminary matches will be pro-set and final matches will be 2 out of 3 standard sets.

All entries should be mailed to Dub Day, Box 71, Rankin, phone 693.2313. Further information may also be obtained from Brian Edmiston, phone 693.2755. All entries should be in no later than August 3 so that the brackets can be mailed back to the players in time for them to know the time and dates they play.

If players do not arrive within 15 minutes of their scheduled time of play, the match will be forfeited.

Entry fee will be \$1 for each event entered. A watermelon feed will be held the night of August 10 after the matches are completed.

## KOUNTY AGENT'S KORNER

Drought injury can occur naturally or it may be induced by man.

The most common symptom of drought injury is the leaf margins drying, with the dead area extending into the leaf and causing desiccations of leaf tissue between veins near the midrib.

Natural drought injury takes place due to an inadequate supply of soil moisture available to the plant. A deficiency of this state results in the death of feeder roots. Recovery to normal conditions is low.

Man-made drought injury occurs when roots have been damaged mechanically or salt has accumulated in the soil. These high salt concentrations in the soil solution reduces water absorption by the root hairs.

Root pruning will also account for drought symptoms. The construction of driveways, patios, and other masonry or asphalt structures near or around trees will interfere with gas exchange around the root and result in root pruning.
