tive in work with numerous civic organizations, such as the Lions Club, Chamber of Commerce, Red Cross, etc. He is also a member of the Masonic Lodge and the family has long been dedicated workers in the Methodist Church.

"We got down to three prospects for the job," said Dr. Gossett, president of the Board, "and selected Mr. Adams primarily because of his fine record established at Marfa and on the basis of his work when he was with the system from 1955-1958. He knows the school and the community and we believe he will do a good job."

One of the major undertakings that will face the new superintendent will be the filling of vacancies on the teaching staff of the system. Currently there are four vacancies.

New teachers already approved by the Board include a commercial teacher in high school and

Limited Number of Memberships Open in New Country Club

Rankin Country Club, presently in the process of expanding its facilities with a new club house, swimming pool and grass fairways, announced this week that due to recent moves made by former members, there now exists two and possibly three openings in the membership list at the \$50 initiation fee. Membership has been set at 75 for the \$50 fee. This goal was reached some time ago and the club voted to accept an additional twenty-five members at a \$100 initiation fee.

Any prospective members who might be interested in securing one of the vacancies at \$50 should contact either Mr. Dean Nicholson at the clubhouse or Mrs. L. Z. Titsworth, secretary. The initiation fee may be paid out by installments and all money is held in escrow until final loan approval is received from the Farm Home Administration. Should the loan fail to be approved or the member moves prior to approval, the money is refunded.

Funds in the amount of \$77,000 are being sought from the FHA by the club. Mr. Homer

THURSDAY, JULY 18, Rankin's Little League All Stars will meet Pecos in Crane. Gametime is 8:00 p.m. After some ten days of workouts, managers Tommy Latham and Jim Lee have said that their charges are ready for the game. They expect the Ran-

kin squad to be strong on defense with the pitching staff to have a big hand in the outcome of the game. Kneeling, front row, l-r, Keith Crow, Richard Loftin, Terry Lester, Ronnie Surber, Jimmy Joe Mathews, Mike Peters, Greg Copeland and

Mason Courtwright. Back row, Lee, Bart Collins, Allen Speed, Tommy Gray, Randy Braden, Aca Rhodes, Donnie Cole, Charlie Peterson and Latham. Jeff Phippen was absent. The winner of the Rankin-Pecos game is to meet Crane on July 23.

Expansion Started on Telephone Bldg.

Work began Monday on construction that will more than double the size of the existing Southwestern Bell Telephone Co. exchange building in Rankin. The new structure will measure 40 x 34 feet and will be made of brick with a floor space of approximately 1400 square feet.

Don Williams, manager for the Rankin area, told The News on Wednesday that Rankin had completely outgrown the existing building, erected about ten years ago, and that the company was anticipating still further growth for the city. He said some new equipment would likely be added now and more later.

A more detailed account of the work was promised by Williams at a later date.

Pace, architect for the project, was to have been in Rankin Wednesday to get signatures of club officers on documents related to the application.

All planning work has now been completed and approval is being awaited from the FHA offices in Temple prior to the start of work. All preliminary planning, loan approvals etc. have taken about a year in previous programs of this nature handled by the FHA. This would mean that Rankin is about 90 days away from hearing something definite, on their undertaking.

R. L. Shannon Leaves For California Work

A dinner on the ground, attended by a large number of Rankinites from all denominations, held last Sunday at the First Baptist Church, marked the end of the ministry of Rev. R. L. Shannon for the Rankin congregation. Rev. and Mrs. Shannon left Rankin last Monday evening for Amarillo where they will spend a week or ten days before going on to California where he will take up work with Baptist Missions.

Rev. Shannon came to Rankin from Hereford in 1951. During his stay, the First Baptist Church built a new building and added

a training union program to the church activities, along with a number of other improvements such as more classrooms, air conditioning, etc. Membership in the church also showed substantial gains during that time.

Rev. Shannon was also one of the organizers of the Castle Gap Baptist Association and over the years had held most of the administrative offices in the association. He also helped write the association's constitution.

In addition to his church work, he was active on a wide front in civic affairs. For a number of years he served as chairman of the Public School Week committee and was usually always on hand at all school events and programs.

He was an active member of the Rankin Lions Club, serving as president and holding a number of other offices. He also served on the Lions' Zone executive committee and received citations for his work with this group.

A member of the Rankin Masonic Lodge, he also held several offices with the organization and was awarded a life membership recently for his work.

Always willing to help people, he had a wide acquaintance in (Continued to Back Page)

NEGOTIATIONS—

Labor and management have their troubles but did you ever try to negotiate an increase in allowance with a thirteen-year-old? Now that takes some doing.

We opened preliminary talks several weeks ago and after a good bit of prapagandizing on both sides, we finally got to within two-bits of an agreement that would stand up in court. When we bogged down at that point, I suggested that he go on strike and he was about to buy that idea when he found out that you dont get paid at all when on strike so that went up the creek.

With that, we had a Mexican stand off; me voting nay, he voting aye and the wife refusing to get into the arguement. And then it happened. Man's best friend either turned traitor or was bribed. In any case, the dog throwed in with the kid and voted "Wow" and I lost.

But what the heck. I probably needed to cut down on cigars anyway.

Acutally, I don't mind paying an allowance. That way you can

always tap the kid for a buck or two when you need money for a haircut or such like.

Way back, some chap who did not have any money—most likely a newspaper editor—put out the rumor that money is the root of all evil. Now that may or may not be true because a good bit of that is going to depend on what you consider to be evil. It is a little like the fellow said

Ashley Lawson while
his sister, Mrs. Jeff
was soloist.
The couple repeated the wed-
ding and the Anniversary
vows lighted by the bride
from two tapers as
of the two lives joined
a single life together.
The ceremony was done as renewal of
wedding vows each year.
The bride wore a formal gown
of peau de soie with an
of alencon re-embroid-
ed enhancing the simple
of lace, bateau neckline,
of sleeves, and bell skirt.
The bride had a cardinal col-
motif of alencon lace
circled the train. Her
train was clouds of mul-

organize and alencon lace petals
centered by a tulip crown of alen-
con lace and encircled and
accented by pearls and crystal
beads. Her only jewelry was dia-
mond earrings, a gift of the
groom. Her bouquet was a cas-
cade of white cornations and
stephanotes centered by a white
orchid.
Maid of honor was Miss Cathy
O'Neal, sister of the bride. The
bridesmaids were Miss Martha
Vick and Miss Cathy Day. Jun-
ior bridesmaids were misses Ge-
nie and Valerie Babb, cousins of
the bride.
Best man was Mr. Robert E.
Ferguson and the groomsmen
were Lt. Jeff Turner, brother-in-
law of the groom, Mr. Edwin
Sullivan, Mr. Guy Warren Brant
and Mr. Douglas Allen Brant,
cousins of the bride. Ushers were
Marion Cole and Ronald O'Neal.
Maggie O'Neal and Glynda O'
Neal, cousins of the bride, regis-
tered the guests and passed out
the rice bags.
The couple was entertained in
the church parlor with a recep-
tion. The bride's table was spread
with a net cloth over pale a-
qua satin. Napkins were embos-
sed in silver with "Mr. and Mrs.
Edard Love". A bride and groom
encircled by a heart of lace and
pearls topped the wedding cake.
Background music for the re-
ception was provided by Mrs. J.

who recently wrote a Letter to
the Editor in the Ft. Worth
Star-Telegram.

Said Mr. H. L. Harrell of Ar-
gyle: "People tell me money
won't buy everything. Just name
a few things money won't buy.
It will buy a fellow comfort,
ease, a home to get out of win-
ter winds, snows and rains.
Money will put porterhouse steak,
ham and eggs, berry cobbler,
roastin' ears and banana pudding
on a fellow's table.

"Some folks say money won't
buy happiness. Boy, it takes
money to buy a lot of things a
fellow can't be happy without.
It will buy doctors, nurses and
medicine to ease a fellow's aches
and pains.

Money will buy all kinds of
luxuries, traveling, books, music,
housemaids, cooks and fine cig-
ars. Money will pay the gas,
water and light bills, buy fine
clothes and cars. It will shield
him from worry, care and trouble.
Modern man can't get along
without money." So says M.
Harrell.

I particularly like his last
statement — that modern man
can't get along without money.
I'm gonna show that one to my
banker and after he reads it,
I'm gonna hit him up for a ten
buck loan.

Modern man actually can't live
without money but some of us
get closer to it than others—
if you call it living.

Actually, I don't have any
money problems. My government
looks after me on that count.
Why, just last Monday, they be-
gan tapping folks pay checks for
an extra ten percent just so we
could have it better.

You can't hardly beat a deal
like that.

CAP TIP—

It's time to tip the old pith
helmet in a couple of direc-
tions.

First, to Preacher Shannon.
Rev. Shannon came to Rankin
something like eighteen years
ago and since that time has
"made a hand". He not only
led his church to grow and im-
prove but was also diligent in
his service to the community and
to individuals of all faiths. He
was a familiar sight at the hos-
pital as he visited with sick folk
and many came to his door, both
white, Latin and Negro. He was

Doug Brant, cousin of the bride.
One of the songs played was
composed by the bride's great-
grandmother, Mrs. Will Cravy,
for her husband, Will Cravy of
Post, for their golden wedding
anniversary.

The bride and groom are sen-
iors at Howard Payne. They will
be at home at 1519 2nd St., in
Brownwood where they will at-
tend summer school. They will
take a delayed honeymoon the
last week in July at the Hemis-
fair where they will participate
in a play "Mid-Summer Nights
Dream, Texas Style", being pre-
sented by the Howard Payne
Speech Department.

always ready and willing to
be of help.

His work as a civic-minded
individual ranked among the
top in the community. He was
faithful in all causes which he
served.

Rankin not only lost a good
worker but a good man.

The second instance for a
nod of recognition will go—
again—to the school board. I be-
lieve they made a generally fa-
vorable decision when they hired
H. G. Adams as superintendent.

Those of us who were around
when Mr. Adams was the high
school principal remember him
as a man thoroughly dedicated
to his job and a big booster of

the school. Of course, some of
the more rowdy of the youth of
his day also remember him as
being the "fastest board in the
west" but I suspect that most of
them will now admit that he had
just cause.

It will be good to have Adams
back and for those who want to
stay in his good graces, a word
of advice: hollar plenty loud for
the Red Devils at this fall's
football games.

He may take notes.

Fifth Graders get Reply from Author

As part of their studies, members of last year's Fifth Grade English Class at Rankin Junior High School were required to read a book and then write a letter to the author commenting on the book. A letter written by Mark Wheeler, son of Mr. and Charlie Wheeler, was selected as the best in the class and was sent to Loula Grace Erdman, author of "The Wind Blows Free", as well as several other publications.

Author Erdman recently answered the letter and said in part:

"Fifth Grade Class,
Rankin Schools

My Dear Friends,

Your letter, sent to me at Canyon, was forwarded to me here in Amarillo where I live. I was in New York at the time, however, arrived home day before yesterday so your good letter has just now caught up with me and that explains my delay

in answering.

I am delighted to know that you enjoyed reading "The Wind Blows Free". Perhaps you would be interested in knowing that the book has been re-published in England and Germany and in Arabic. I have many letters from both children and adults from all over the world telling me they have enjoyed the book.

But none of these letters have been better written or more thoughtful than yours was. You and your teachers are to be congratulated on writing so well and expressing yourselves in such an excellent way.

Best of luck to all of you, and again, thanks for writing to me "

Fishing Gains as Popular Pastime

Fishing licenses sold in May, 1968, numbered 133,133, a 13% increase over the 118,147 sold in May, 1967, according to the Texas Parks and Wildlife Department.

The Department says 934,611 licenses have been sold to resident and out-of-state anglers so far during the 1968 fiscal year starting in September, 1967. This represents a 4.5 percent increase over licenses sold during the same period the year before.

License sales this year have reached 82 percent of the total of 1,139,969 licenses sold during the fiscal year of 1967.

Based on a projection of a 4.5 increase over last year, approximately 1,200,000 fishing licenses will be sold before Sept. 1, 1968.

Since persons over 65 and under 17 years-of-age are not required to have a fishing license, there is a significant number of unlicensed fishermen as well.

The population increase in Texas from 1967 to 1968 was 2.3 percent, indicating that fishing is fast gaining as one of the more popular past-times.

Rankinite Cited by Dean of Sul Ross

B. W. Hale, son of Mr. and Mrs. Charlie Hale of Rankin, and a student at Sul Ross College in Alpine during the last semester, has received a letter from Mr. Delbert A. Dyke, Dean of the College, which says, in part:

"Please accept my congratulations upon your academic record for the past semester.

"Your academic achievements for the spring semester have placed you among the upper fifteen per cent of all full-time students of Sul Ross . . . This is an honor won only with considerable effort, and I congratulate you and wish for you every continued success both in and out of school."

Big Turnout Marks Sunday Golf Play; Three-way Match set

A total of 47 golfers teed up the ball last Sunday afternoon at Rankin golf club with over 60 on hand at the clubhouse, according to "Pro" Dean Nicholson. Not all of this number participated in the ABC match but considering a windy day and a wet course, it was a good turnout, he stated.

With Clarence Winn unable to attend, scores were not as low as usual for the match. Two teams, P. V. Brown, Bruce Winn and Timmie Autrey, and J. B. Hutchens, Eddie Autrey and Edith James, posted two-under par 70's to tie for first. In a sudden death play-off, the latter team won when Autrey birdied the first hole.

Don Brown led the team of John Phippen and Genevieve Titsworth to a third-place win at even par 72 while three teams posted 75's for a tie at fourth.

They were Charlie Hale and

He will return to Viet Nam in October for a second tour of duty.

Don and Ann Deel; Red Weatherby, Dunn Lowery and Katie Hutchens—who went to bat for Linda Nicholson when she retired after nine holes—and Dub Day, Max Taylor and Oma Lowery.

The Hale people won the play off at the end of six holes.

This Sunday afternoon, the club has scheduled a king-sized affair with something for everyone.

For the men, there will be 18 holes played on the point system using the handicap. Only scores posted with the handicap will be awarded prizes—no awards to low gross scores—thus making the match play more nearly even for all players regardless of their ability.

For the women, it will be 9 holes of handicap medal play from the 150-yard marker. The women will be divided into flights according to what they generally shoot.

For the juniors—both boys and girls—play will be on a handicap basis—junior and senior divisions—with nine and eighteen hole matches. Through 13 will be classed as juniors and will play

FABRICS ARE IMPORTANT IN FURNISHING

Frequently misunderstood and completely ignored the "colorfast" when purchasing furnishings for the home. Many overlook the importance of securing colorfastness in fabrics because it is usually associated with the quality of apparel fabrics.

Because curtain and drapery fabrics, normally are exposed to sunlight for long periods of time, prevention against sunlight fading is an important consideration when selecting any draperies or fabric.

Carpeting, upholstered furniture and fabric wall coverings exposed to sunlight may also show pronounced streakings, or spotting and other discolorations if not color fast to sunlight.

covered furniture in areas that might come in contact with the skin. Color bleeding or running on the arms or back of upholstered furniture may indicate that dyes used are not colorfast to perspiration.

Crocking, another form of poor colorfastness, occurs when the dyes in a fabric rub off when exposed to hard wear.

Household fabrics present a big and costly challenge to the consumer. Selection must be based on the best material for a specific end use.

There are two standards for selecting your furnishings fabrics: family's individual wear, use and serviceability needs and be sure to use colorfast textiles.

Mission—Texas recorded an increase in screwworm activity again this year with 22 new cases confirmed in one day. (Wednesday, July 3). That put the total to 87 cases for that week in the state. For the year, Texas had chalked up 749 cases through the first week of July.

Conditions remain ideal for additional screwworm cases, Mission Screwworm Eradication Program officials warn. Producers should spray their herds, treat all wounds, collect and send larvae samples to the Mission Lab for diagnosis.

Recent cases have been discovered in Kenedy, Starr, Hidalgo, Brewster, Uvalde, Gonzales, DeWitt, Val Verde, Nueces, Jim Wells, Kleberg, Sterling, Live Oak, Refugio, Guadalupe and Karnes Counties.

All livestock producers are being urged to use all preventive measures possible to halt the spread of the costly wormcases. Sooner or later, that day comes, the day when a woman feels she's changing. It's not a good feeling either. And she could use a good old-fashioned medicine then.

Could be you feel a little edgy, or maybe nervous. You might even have what we call hot flashes and feel tired and slightly off-balance.

Whatever you feel, we have something for the day you need a little comforting. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients that work to give you a better sense of well-being.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine?
