SERVING THE INTERESTS OF RANKIN AND UPTON COUNTY

XXXXII—NUMBER 29

RANKIN (79778), UPTON COUNTY, TEXAS

THURSDAY, JULY 25, 1968

Housing Project Work

LOW RENT Housing Project is the scene of activity these days as workmen prepare the site setting forms. All work is to be completed by January. In the far background can be seen the construction on Rankin's new telephone exchange.

4-H'er on Canada

DEBBIE DAY
in Canada

Day daughter of Mr. Dub Day of Rankin, is July 19 to join the Caravan to Canada and return on August 4. She and five other Texas girls flew to Washington from Dallas where they met twenty-five other girls from other states for the Caravan to live with a host family from July 24 through August 4.

departing for Canada, the group will tour Washington, Philadelphia, Niagara Falls and the Agricultural College going to the homes of the host families. On the way back the group will tour the Glass Works in Corning, N.Y. and return by the National 4-H

Foundation, is to give the club members an education on culture and customs of our neighbors to the North.

Miss Day will return with material and information on 4-H Club work in Canada, to be presented to clubs and organizations which are interested in a program of this nature.

Hospital Auxiliary Picks New Officers

The executive board of Rankin Hospital Auxiliary held a meeting Monday, July 22 in the home of Mrs. Edith James. Purpose of the session was for a change of officers, due to the fact that Mrs. Leopal Brewer, president, had moved from Rankin.

Mrs. James, formerly vice-president, accepted the office of president. Mary Ann Workman was named vice-president. Mrs. Nell Bley will serve as secretary-reporter and Odessa Edwards is to continue as treasurer. Lucy Simpson will also remain on the executive board as chairman of the policy committee.

The Auxiliary now has a full program of work at the Rankin Hospital, including a summer schedule for high school girls, known as the Candy Strippers.

In addition, the Auxiliary contributes a scholarship each year to a Rankin High School graduate who plans a career in nursing or related medical work.

Now See Here --

Miniskirts may bring on the development of a new industry—one which will specialize in the manufacture of false kneecaps.

To Get Loan from Two Upton Banks --

COUNTY JUST LIKE MOST FOLKS; RUNNING SHORT IN MONEY POT

Just like most of us, Upton County is running short of the long green.

In their special session held last Monday, the Commissioners Court entered into agreements with First State Bank of Rankin and Security State Bank of McCamey to borrow money up to \$100,000.00 to meet the county financial obligations until October. New tax money will begin arriving in sufficient amounts to take care of operations after that date.

Actually, running short of funds before the end of their fiscal year is not a new experience for Upton County—as for most tax supported institutions. In past years, a number of arrangements have been used by Upton County to meet their obligations while awaiting new tax funds.

Rankin Post Office to Close on Saturday

A U. S. Post Office directive was received in the local post office ordering the post office to be closed on Saturdays as part of the Post Office Department's cutback in spending as required by Congress.

The regular schedule followed on Sundays and holidays will become effective Saturday, July 27, 1968 for Saturdays.

The mail will be boxed and the outgoing mail dispatched as usual. Outgoing mail should be deposited in the outside letter box after 11 a.m.

Tournament Dates Re-Set for Rankin

Rankin Golf Club this week announced a change in two previously announced tournaments. Due to a conflict with the McCamey Father-Son Tournament on August 3, the Rankin Junior Tournament has been re-set for August 10.

The Rankin Father-Son play, originally scheduled for August 10 and 11, has been postponed until some time after Labor Day.

This week's club activities call for a Junior A-B-C-D match and a pitch and putt session for adults on Sunday afternoon. A number of the Rankin golfers will be in Big Lake this weekend for their annual Partnership matches.

Another group that will attend Big Lake activities will be the rodeo fans. Still others on the rodeo circuit will be in Midland for a Junior rodeo.

The order setting up the loan reads:

"That the First State Bank of Rankin, Texas, and/or Security State Bank, McCamey, Texas, is hereby authorized and empowered to advance moneys not to exceed the sum of \$100,000 to Upton County, Texas for the purpose of meeting the necessary operating expenses of Upton County, Texas. The County Judge and County Treasurer of Upton County, Texas, are hereby authorized and empowered to borrow funds necessary to meet such necessary operating expenses of said county for the months of August, September and October and to execute any necessary evidences of such indebtedness. Said loan is to be repaid to the First State Bank of Rankin, Texas and/or Security State Bank, McCamey, Texas on or before November 12, 1968. Such loan is to bear interest at the rate of five per cent per annum; and for which the First State Bank and/or Security State Bank shall have a lien to secure the repayment of such loan against the general fund and road and bridge fund of Upton County, Texas."

The order was to become effective July 22.

A Treasurer's Report, for the quarter ending June 30, 1968, as published in this issue of The News, shows a balance in all funds of \$84,063.24. A portion of this money, contained in certain sinking funds, social security funds, retirement funds, etc., is not available for expenditure on current operating expenses.

ELECTION OFFICIALS

In their July 8 Regular Session, the Court appointed election officials for the upcoming November General Election. They are:

Precinct No. 1, Box No. 1, Mrs. Sam Holmes, presiding judge; Mrs. Boyd Cox, alternate judge.

Precinct No. 1, Box No. 3, Mrs. Bob Calcote, presiding judge; Mrs. Carl Miller, alternate judge.

Precinct No. 2, Box No. 2, Mrs. Ross Wheeler, presiding judge; Mrs. Hamp Carter, alternate judge.

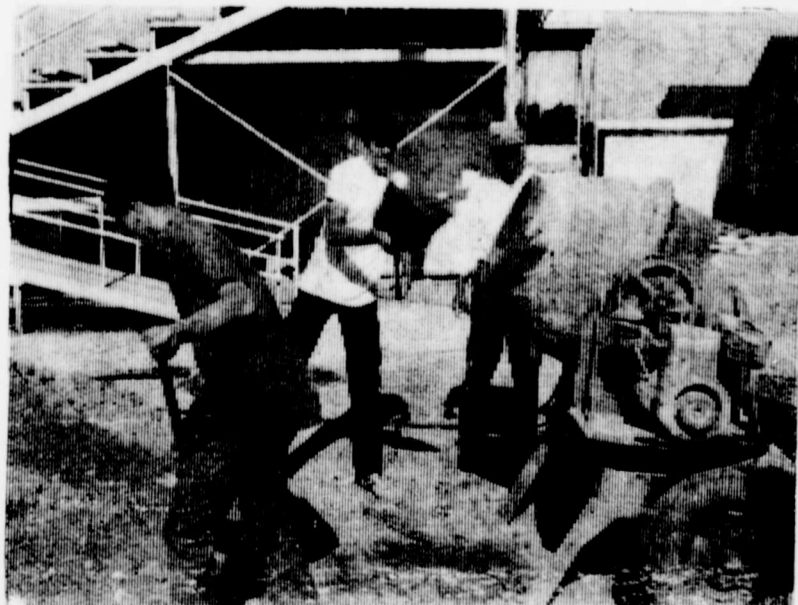

Precinct No. 3, Box No. 4, Mr. F. W. Payne, presiding judge; Mr. Lewis West, alternate judge.

Precinct No. 4, Box No. 5, Mr. Rankin Bradshaw, presiding judge; Mrs. A. L. Coffee, alternate judge.

Precinct No. 4, Box No. 6, Mrs. Geneva Sumrall, presiding judge; Mr. Lloyd McKinney, alternate judge.

Special Canvassing (Absentee), Mrs. Flora Shaw, presiding judge; Mr. Roy Bell, Mr. Kenneth Babcock; Mr. Royce Burnett.

A Forecast of Things to Come

A SURE SIGN that football season can't be very far away—workmen pour cement last week while making alterations at Red Devil stadium. Football practice is to start August 18. Mike Sproul and Biff Yacham are the Indians and Jim Wells, the chief.

THE SCOOP by Scoop

YEAH—

Provided they can get an electrical strike settled in time, one of the political parties plans to hold their convention in Chicago.

Very appropriate. It's known as the "windy city".

RIGHT—

Boyd Pierce says that about the only exercise some people get is jumping to conclusions.

DID YOU HEAR—

Joe was down by the river bank watching the parson baptize his friend, Sam, in the icy water. When the pastor raised Sam to the surface Joe asked him: "Is the water cold, Sam?"

"Nooo-oo-o," chattered Sam.

The Rankin (Tex.) News—
Thursday, July 25, 1968

"Better duck him again, Parson," advised Joe. "He ain't stopped lyin' yet"

NO BUENO—

Last Thursday night the Rankin Little League All-Stars went over to Crane and took it on the chin from Pecos 15-0. This was the second year in a row that Rankin has had to face Pecos in the first -round playoffs and we have yet to score a run. Before that, it was Crane putting the skunk to the Rankin All-Stars.

Now this is not intended to throw dead cats at Pecos or Crane nor to belittle our Little League here in Rankin. But

expected to play against the Crane in football—why must we compete against them in the game?

players—good ones—like golfers, they are a certain amount of no sort of expert nor practice is ever turn them into anything standing. All-Star teams up from the best boys from all those playing in

Rankin, that means have something like actively participating program with only the twelve-year-olds be-

ing eligible for the All-Stars.

In Pecos, I would venture to guess that they have three hundred in their program. It just does not stand to reason that we will ever be able to come up with a team that can match them—or any other place that has four or five boys to our one.

Little League ought to be divided into classes—just as is the Interscholastic League—or Rankin ought to find some other League in which to participate that does give them a more even shot at winning at least a playoff game now and then.

A LITTLE--

As has been pointed out in this column many times, Rankin grows a little from time to time. You don't notice it much until you think back a few years and count up some of the advances.

One indication—and a good one—can be found in the fact that we have outgrown our telephone building in just ten years. When the present building was erected, it was more than ample in size and equipment for the amount of business and the number of customers served.

But no more. Don Williams of the phone company says that the present facility is overloaded and that they are more than doubling its size. They are not going to need all this new space at this time but—and the telephone people have folk who get paid for being right on such matters—their planners tell them that Rankin can be expected to continue to grow and for this reason, they are spending good money now to handle the expansion that lies ahead.

It's doubtful that anybody is expecting any big boom in Rankin but there apparently is ample signs that indicate a continued and steady growth.

After all, that's the best kind isn't it? It's the kind on which you can make plans and for which you can prepare in advance without having a lot of people unhappy because they can't get such things as telephones.

It might also be a good omen to the businessman who is thinking about expansion or improvement or to those who have the responsibility of planning ahead in all phases of city development.

Another ten years will come around mighty fast.

Fishing Already on at Amistad Dam

Del Rio—Amistad Lake near Del Rio, situated where the Devil's River enters the Rio Grande, is already producing fish, according to Biologist George Henderson of the Texas Parks and Wildlife Department.

Henderson said that fishing was already good in the Devil's River branch, with two fisher-

men catching flathead catfish in the 10 to 15 pound class this week.

The State Fish Hatchery No. 2 at San Angelo recently stocked 70,000 bass in the newly impounded water and this week added 5,700 fry and fingerlings.

Public usage of the lake is already beginning, and the fishery personnel have been taking seine samples of game fish and are reporting indications of good reproduction among channel, flathead and blue catfish.

The water level is now 925 feet impounding 1924 surface acres of water.

As Presidio flood waters enter the reservoir the lake is expected to grow rapidly and will have to pass sill elevation before any water will be released on the Mexican side.

Henderson said the International Boundary and Water Commission has indicated if incoming waters pass the Mexican penstocks, the 10-foot by-pass tube will be closed and plugged, making future flood waters welcome.

If flood waters continue to enter the reservoir and reach an elevation of 977 feet, there will be 3,817 acres of water in the lake.

"Judge Pat" Picked as Texas Bar Fellow

District Judge C. E. Patterson of Alpine has been elected to membership of the Fellows of the Texas Bar Foundation.

Patterson, who presides over trial courts in the six-county 83rd Judicial District, was honored along with 25 other Texas "lawyers who have demonstrated outstanding professional ability and achievement."

"Membership in this select group," Fellows president J. A. Gooch of Fort Worth told the news members, "is a high professional honor and will afford you the opportunity to broaden your service to your profession."

The fellows were organized to give added support to work of the Bar Foundation in the fields of continuing legal education, research affecting the legal profession and the public and activities to improve the administration of justice. The Foundation, a non-profit corporation, supports programs of the State Bar of Texas.

Named in Golf Play

Forty golfers were on the green Sunday afternoon at the Country Club for a four-way match involving girls, boys and women.

Matches were played in the teen-age bracket in which girls and boys golfers played from a wide spread. Taking 1st place was Jimmy Weatherford and Lester Titsworth with a 34 and tied for the 3rd, 4th, and 5th slot were Donnie Deel, DeWayne Holder and Danny Deal. In a playoff, Donnie took 3rd, Holder 4th and Danny Deal 5th. Dean Titsworth posted the second best net score (without handicap) when he put an 81 on the books. Lester Ray was low net with a 79.

In the junior bracket, thirteen and under, Gary Varnadore was 1st, Buzz Collins 2nd, Tommy Gray 3rd, Jeff Pippen 4th and Hal Hutchens 5th.

For the senior girls, Kitty Sue Gossett won 1st, Karen Little was 2nd, Diane Day 3rd, Dona Jo Brown 4th and Denisa Day, 5th.

All juniors were awarded ribbons for their placings.

In the womens' division, Genevieve Titsworth was 1st with a 37—including handicap—followed by Katie Hutchens at 2nd with a 41, Tommie Autrey at 3rd with a 44 and Myrle Brown 4th with a 45.

For the men's play, Bryan Gossett gathered up 39 points to take first place, followed by J. B. Hutchens with 38 and Red Weatherbee 3rd with 37. Doc Gossett and Terry Gray tied for 4th at 36 points with Gossett winning the nine-hole playoff when he birdied the last two holes.

Sixth place also drew a tie—three ways—between Jake Van Zandt, Don Brown and Jim Wells. They all scored 33 points. VanZandt won the position by the toss of a coin.

In net scores, Hutchens posted a 74, Gray a 76, Weatherbee a 77 and Don Brown, a 79.

Gift certificates were awarded in the men's and women's division.

Former Rankinite is Rodeo Announcer

Mrs. Bill Nix of Rankin was among those attending the annual Scurry County Rodeo at Snyder last week. She was the special guest of Mr. and Mrs. Jim Miller. Miller, a former resident of Rankin now living in Isable, South Dakota, was the official announcer for the four-day show.

A feature event of the rodeo was a matched amateur bronch-riding contest between four of the best South Dakota riders and four of the best Texas riders.

The South Dakota team won by 15 points and took the grand prize of \$1,000. Bud Day of Dupree, South Dakota also won a prize of \$150 for the most points.

Mrs. Laurel Perkie, the former Gayla Wilson, arrived in Rankin this week for a month's visit with her mother, Mrs. Ruth Wilson, while her husband attends a computer school in Houston. After he completes the school, they plan to attend the HemisFair in San Antonio.

Adams, the new superintendent of the Rankin Independent School District, arrived in Rankin on July 17th, with his wife, and they are now at home at 601 Street. Moving here from Marfa, Adams is on "road tour" of duty with RISD, having served as the school principal from 1955 through 1958.

You Can't Miss --

Shop JOHNSON'S for the entire family . . . you'll always find something new and nice.

Mrs. H. G. Treasures Heirloom Cook Book Over 100 Years Old

ED.: The following article recently appeared in the Big Bend Sentinel, published in Marfa. It was submitted to The News by Mrs. Frank E. Coffield and concerns Mrs. H. G. Adams who recently moved here from that city.

Mr. and Mrs. H. G. Adams left Marfa Wednesday for their new home in Rankin where he will be superintendent of schools. He had served in the same capacity here since 1958.

She took with her a copy of the "American Practical Cookery Book" or "Housekeeping Made Easy, Pleasant and Economical in All Its Departments."

tions on serving, and table setting.

Under remedies there are many but none stranger than the instructions for treating "Weak Sight." Method: beat a drachum of alum in the white of an egg, rub a little on the eye brows and lids every night. On care of the teeth: use fins salt dissolved in water applied daily is said to the ingredients are so different".

"Flour is the main item today that differs from the old recipes, and sugar is also much sweeter, the shortening is better and the leaven is quite different".

To point up some of the differences in the recipes of 100 years ago, especially the baking temperature department. Mrs. Adams used a cupcake recipe as an example.

Use one cup butter, two cups sugar, three cups flour, four eggs, one teaspoon saleratus, one

MRS. H. G. ADAMS

gill brandys, a little nutmeg and essence of lemon. Bake one inch thick in brick oven.

"Of course the ovens in that day didn't have temperature gauges," she said, "so when I use one of the recipes I have to go to a modern recipe for the baking temperature and time.

"I wouldn't say they did things the hard way in those days but one of the recipes calls for beating the eggs one hour. I can just see a woman today standing up hand beating the eggs for one hour to go into a cake."

The intended simplicity of the old cook book explains on the flyleaf:

"To those housekeepers whose patience has been often tried and their materials wasted in attempts to follow the impractical directions contained in cookery books with delicate fingers based on French and other foreign writers.

This volume expressly and painstakingly prepared for those who would enjoy good living without an exhorbitant outlay of time and money and from the risk of mere experimenting is humbly dedicated by the author."

With such a long introduction one would not expect a short account of the contents. This 319 page book is filled with sections devoted to remedies, carving the preparation of foods and instruct-restore the natural whiteness.

The toothache remedy would be difficult to follow now, laws govern the sale of medicine but it has been in family for over a hundred years and handed down from her grandmother, Mrs. Annie Churchill, who purchased the book in Lee County for \$1.00 in 1860.

Many of the recipes, especially for cakes, cookies and bread, are impractical today. Mrs. Adams pointed out during her discussion of the book, "because

here it is: use laudenum, chloric ether or paregoric.

Mrs. Adams supplied a few recipes from her well-thumbed cook book. Jumbles: method, rub to cream half pound of butter, 3/4 pound of sugar, add 3 beaten eggs, and pound and a quarter of flour, salt and essence of lemon. Mix well, knead stiff, and cut out with a tin made for this purpose.

Water cakes: method; dry 3 pounds of fine flour and rub into a pound of sifted sugar, one pound of butter, and one ounce of caraway seed. Make into a paste with three quarters of a pint of boiling new milk. Roll out thin and cut into the size of your choice; punch full of holes and bake on tin plates in a cool oven.

"I remember that my father cured hams by a recipe from the cook book and they were much better than those you buy," Mrs. Adams said.

She said she had never tried any of the recipes found in the

The Rankin (Tex.)
Thursday, July 23

old book, and did not know the directions for making "Mer Cakes".

Mrs. Adams, as everyone knows, is a homemaker, dress, and artist, who creates art pieces which include dolls, stuffed doll heads, makes fills them with sawdust and special friends, manger scenes, and articles some of which she has given to guests at Christmas her home.

She once made four Marfa High Schoolers in five days in her regular duties in church and school, a compliment to her husband who also has tasks most super-natural.

TABLETS for the HOME MAKER

Louie S. Jeffers, County Home Demo. Agent

Freezing fruits and vegetables

Fruits and vegetables round menus with flavor. But the number and quality of these vegetables depend to some extent on the treatment and storage temperature and method of cooking and

can be frozen successfully. Ripe fruit which is softer than for canning is not soft or mushy. Tree ripened fruits contain more sugar and a richer flavor than those picked green and frozen before freezing.

When fruit is prepared for freezing, it should be cooled until it is crisp. Some fruit loses food value and some gets damaged.

Fruits such as peaches, apples and pears, disintegrate. There are ways to prevent this. Ascorbic acid (vitamin C) is available in tablet, crystalline or powder form. Use 1/2 teaspoon

The Rankin (Tex.) News—
Thursday, July 25, 1968

of this per quart of syrup, sprinkle dissolved ascorbic acid over fruit just before adding sugar. Use 1/2 teaspoon in 1/2 cup cold water to each quart of fruit.

Some special commercial anti-darkening preparations are on the market. These materials can be found at drug stores or where other freezing supplies are sold.

Most fruits have better texture and flavor if packed in sugar or syrup. Some may be packed with out sweetening for use in special diets.

The way you plan to use the fruit determines the method of packing it. Fruit packed in a syrup generally is better for dessert use; fruit packed in dry

STAY AWAKE ITCHING?

Let doctor's formula stop it.

Zemo speeds soothing relief to externally caused itching of eczema, minor rashes, skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs, aids healing. "De-itch" skin with Zemo, Liquid or Ointment. Quick relief, or your money back!

sugar or unsweetened is better for most cooking because there is less liquid in the products.

Quickly getting vegetables from the garden to the freezer is a must for top-quality frozen vegetables. During hot weather, harvest vegetables in the early morning before they absorb much heat.

Vegetables of optimum maturity will have best flavor and texture.

If you must store vegetables before freezing, spreading them out loosely in a cool, well ventilated place or packing loosely in the refrigerator is recommended.

Ernest Angelo Has Say on Gun Control

Ernest Angelo, Republican candidate for State Senator, 25th District, released a statement today in which he reviewed the gun-control legislation controversy and gave his opinions on the subject.

In commenting on recent proposals for total registration and licensing of firearms, Angelo said "A highly emotional atmosphere is being used to attempt passage of legislation which will restrict the law-abiding citizen and have very little effect on the criminal. This is the standard liberal approach to every problem. Pass a new law and set up a new program."

Public Notice

Then, there's that once a month when a girl could use a good old-fashioned medicine.

Maybe you feel just plain bad then. Or maybe a little lonely and sad, like you could use a pair of arms around you.

Well, we have just the thing for this once a month time. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients, including one that works to help relax tightened muscles that give you cramps. Plus a little iron that a girl could use at a time like this. And, you don't run any chance of the kind of unpleasant side effects you could get from some of the newer drugs.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine.
