## Homecoming Plans Advance

Plans for Rankin, October 24, are taking according to ex-student school administration.

High School Juniors are taking orders for the Mums which are being in a price range of

\$2.50 to \$8.00. Mums will be available with special lettering in the centers designating "EXES" and "RHS".

All mum orders must be placed not later than 4 p.m. Thursday, Oct. 16. Orders may be given to any member of the Junior Class and those planning to make

purchases are urged to do so early in order that all arrangements may be made.

Other homecoming plans include the traditional bon-fire, scheduled for Thursday night at 7 p.m. across from the parking lot in front of the high school building. Students will gather wood for the

fire between the hours of 1 and 3:40 p.m., October 23.

Anyone in the community who has scrap lumber or other material that would be suitable for the fire—old trees and tires are excluded—are invited to call the high school and the scrap will be picked up free of charge.

Friday, October 24, a pep rally will be held on Main Street. The entire student body, led by the Red Devil Band, will parade down town for this annual event. The public is urged to assist in boosting the Red Devils in their second

district game against Clint at 7:30 that night.

Fuller details will be announced next week, the sponsors have said.

## Candidates Named Homecoming Queen

Recently the Rankin High student body nominated candidates for the 1969 homecoming.

The 1969 Homecoming Queen will be announced at halftime. She, too, is chosen by vote of the high school. (Continued to Back Page)

## Red Devils Defending Champs in Dist. 7A

# Red Devils Heading West for District Play Opener

It will be "wagons west" Friday as Rankin's Red Devils, the Red Devil Band, and an assortment of fans head for El Paso and the district opening football game with the Socorro Bulldogs. It will mark the opening defense of the District 7-A Championship for the Red Devils.

Kickoff time is 8:30 p.m. Mountain Standard Time.

School will dismiss Friday since it will take most of the day to get to the far city. All students making the trip will stay overnight and return Saturday at around 5 p.m. in Rankin.

Departing Rankin at 8:00 a.m. Friday on the activity bus will be the Red Devil football team and

their coaching staff. They are to stay at the Rodeway Inn, telephone 915-778-6611.

Next to leave will be the band, scheduled for a 9:00 a.m. departure time. They will be staying at the Ramara Inn (East) with the telephone number: 915-778-3341.

Rankin and Socorro have met only one time previously on the gridiron—last year—and the Red Devils walked off with an easy 33-0 romp. Due to the distance involved, information on the Socorro ball club is hard to attain except for scouting reports and film strip—used primarily by the team in preparing for the game.

However, it is believed by some that the Bulldogs are a better ball

club than last year. They about match Rankin in size but are very quick and have moved the ball and played well against all their opponents. They have a 1-1-3 record while Rankin is 2-3.

Coach Boal expects all the Red Devils to be ready to start and his starting line-up will be the same as that used last week.

## Juniors, B-Team to Host Badger Squads

Thursday afternoon, Rankin fans will again get an opportunity to see the Junior High and B-Teams in action. Games are scheduled to (Continued to Back Page)

## THE LAW BIT—

With a good opportunity to put the blame on Cope up at high school, I guess I'll have to stand good for the goof in this column last week when it was stated that Buch Moore was probably the first attorney from Rankin High School.

Far from it. There may be even others but since last week, four more have been discovered.

As it now stands—no more sure promises—Rusty Daugherty was the first, followed by Roy Bell, Jr., and Herb Hurn—then Butch Richard Abalos has completed all his work toward his degree but at

the present is donating some time to Uncle Sam and hasn't taken his bar exam as yet.

My apologies to one and all. Actually, attorneys have always held a rather special place in the pecking system of things in my opinion.

Only an elite few from a generation ever reach that lofty plateau of knowledgeable wisdom from which they peer down upon us of lesser learning in benevolent contemplation toward the levities of those of us who toil and from time to time render unto us words of astounding legal terminology which, contrived un-

the Commissioners of  
gave notice that  
entertain bids on a  
piece of work on the  
airport. Certainly, with  
ment already made in  
it would be folly to  
in good repair.

not because McCamey  
something and we're not  
is a need for some  
done on the Rankin

landing strip. Primarily, it needs  
to be lengthened.

True, we are not exactly over-  
run with air traffic but there are  
times when we need to get a  
plane down in Rankin. Generally,  
these needs are in connection  
with flying in doctors for special  
purposes at Rankin Hospital.

At least one of these specialis-  
ts who does a good bit of work  
at Rankin Hospital flies his own  
plane but no loner will try to  
put down in Rankin. Making our  
local landing strip big enough for  
his plane would be a good bit  
more than just an accommodation  
for one person. As we all know,  
doctors put a pretty high price on  
their time and if one has to drive  
into Rankin, somebody is paying  
out a heck of a chunk of cash  
for travel time.

In addition, there are times  
when the prompt arrival of ano-  
ther doctor in Rankin makes a  
great difference to the wellbeing  
of a patient.

In accident cases the difference  
between picking up a doctor in

McCamey or Midland and driv-  
ing him to Rankin—compared to  
the time that could be saved if  
he few directly here, could mean  
someones life.

It would seem that, for a very  
little money, we could hedge a-  
gainst such a happening by put-  
ting a little more into our local  
strip.

Public support for the need no  
doubt would get action.

THE SEARCH—

Through the past summer there  
have been some strange antics—  
even stranger than usual—going  
on down in Austin over sunken  
treasure off the Texas coast. One  
or two fist fights have been held,  
a lot of name calling has gone on  
and the public, as a whole, has  
little idea of what's involved.

From this distance, and on  
dry land, it would appear to be  
just another bunch of collectors  
on the prowl. Having been once  
bitten by the coin bug myself and  
more recently having observed the  
scurrying about of the barbed  
wire and bottle collectors, I have  
reached the conclusion that all of  
this ilk are just a bit on the  
dingaling side and are capable of  
going to any extremes to further  
their yen for a collector's item.

Gads, I wish Rankin was closer  
to the coast. I'd really like to get  
a piece of that treasure hunting  
action.

THE NEW BREED—

It may well be my imagination  
but it seems to be that the older  
I get the youngeer teenagers  
look. As Phil Harris said on a  
recent TV show, "I looked older  
when I was born that that kid  
does."

Being only in the neighborhood  
of middle aged myself, it could  
be that kids nowadays really are  
younger than they used to be.

On the other hand, maybe some  
of them are just being born ear-  
lier.

Library Notes

We are extremely proud to be  
one of the first libraries in this  
area to receive the recently pub-  
lished trilogy, "Never Again", a  
historical survey of Pecos County  
and surrounding West Texas. Mr.

Clayton Williams of Ft. Stockton,  
who worked on the book 15 years,  
was honored with an open house  
and barbecue recently.

These books were donated by  
Mr. and Mrs. Billy Rankin and  
Mr. and Mrs. Roy Dirickson in  
memory of Mrs. Pearl Rankin.

## NEW DIRECTION IN KNITS

Jersey Knit is a basic structure in all knitting. The loops are formed in one direction only giving the two sides of the fabric a different appearance. It is a single knit fabric.

—Matte is a term describing the hand and finish of jersey which had a subdued luster and pleasant soft touch. Textured yarns are often used to achieve this effect.

—Suede jersey knit is finished to resemble suede leather. Give soft hand to the fabric.

—Cire' is from the French verb Cire: to wax or polish. The jersey fabric receives a wax finish which gives a glazed leather-like surface. Pressure and heat aid in the proper waxing of the goods.

—Crepe gives a soft crinkly surface to single knit fabric. Frosty soft colors add a new dimension.

Tricot Knit shows lengthwise rows of loops on the face and horizontal loops on the back. If two sets of yarns are used, it is a 2-bar tricot and is runproof.

—Penta - lobal polyester tricot structure gives the fabric a dull sheen, a firmer hand and it can be permanently pleated. Suitable for outerwear.

—Nylon tricot treated with a micro modifying process gives the knit a permanently crimped or creped surface. Adding textural interest.

These processes and more to come will make beautiful tricot knit outerwear fabrics. New developments in machinery and yarn technology is beginning to play an important role in the tricot story.

Double knit is at the crossroads. They have become a commodity. The industry is injecting some excitement in to the "classic".

—Knit faille gives a subtle texture, a new approach and a new basic stitch for double knits. The up and down ribbed effect in a soft hand characterizes the fabric.

—Jacquard knitted is a development of the Jacquard loom and its principle. A brocaded effect is achieved giving surface interest in

the fabric.

—Tweed type knits give a rough, irregular, soft and flexible, unfinished shaggy look.

—Paisley fabric has a texture, color, design and surprise going for it without being loud and active.

## Former Rankinite's Grandson Dead in Viet Nam Action

A news item was received this week by Mrs. Bill Nix from Mrs. Etta Stephenson of Los Cruces, N. M., in which details were revealed of the death of Warrant Officer Stephen Young in Vietnam. Young was the grandson of the late R. N. Stephenson, a former sheriff of Upton County, and Mrs. Etta Stephenson.

Young, 21, was officially declared killed in action after having been reported missing. He was a helicopter pilot in the 1st Air Cavalry Division.

A military funeral will be held at Ft. Bliss in El Paso on October 21 at 10 a.m.

## 4TH AND 10

ON YOUR OWN TWO

Dedicated to the proposition that anyone foolish enough to pick a winner before the game is played ought to be locked up.

AWE CRUD—

Some days it just doesn't pay to get out of bed. Last Friday was one of those days as far as the Red Devils and their football fans were concerned.

The old Sonora jinx held and, again, they edged out a win when Rankin probably played the best game.

It's enough to make a fellow cry . . . to say nothing of ball players, coaches, boosters, band members, the pep squad, twirlers, managers, cheerleaders, etc., etc. But, for some reason, the day we play Sonora never seems to be our day.

Those of us who compete often in athletic events well know, however, that there are times when you do your best and your best is not good enough. You just don't win. About all you can do—as is posted on the locker room wall in the Red Devil's Den, is to suck up the gut and try harder next time.

We're not making excuses. We lost and they won. It would be nice to get another shot at them—say, on a neutral field.

NOW THEN—

At any rate, the fun and games are over. From here on in it's for real and to win in a district composed of only six teams, you almost have to go through undefeated. Looking at the situation as it stands right now, there's no reason the Red Devils can't make it. The road will be a bit rocky and there are pitfalls along the way but Rankin has the people to pull it off.

**4TH AND 10 ON YOUR OWN TWO**

Dedicated to the proposition that anyone foolish enough to pick a winner before the game is played ought to be locked up.

(Continued from Preceding pg.)

Van Horn, principally on their performance last week against Marfa, still appears to be the one most likely to upset the Devils. Van Horn is always tough in Van Horn—as Marfa found out Friday night.

And, despite their not-so-good showing up to date, Iraan is a long and honored foe of the Red Devils and when the two meet, the fur generally flies. This year will be no exception.

And—for the first time in a decade—there's ole Sanderson. Sure, they've not played anyone much but these same teams have been waxing them over the past years. This year the Eagles are the terrors of the border. Who knows.

Socorro and Clint figure to be the mullets in the district and we, fortunately, get them back to back while Van Horn has to at least feel out Sanderson before we have to play either one.

It promises to be very interesting—and dangerous.

**THIS WEEK—**

**RANKIN 32, Socorro 12.** It's a mighty long way to El Paso and would be a lot further home if the Red Devils got upset on this one.

**IRAAN 28, Clint 0.** The Braves will also be in El Paso this weekend and will probably enjoy the trip as they open with a winner.

**VAN HORN 25, Sanderson 14.** Van Horn has every intention of winning district but may be down after their Marfa effort. If there is an upset in the first week of district pay, it will be in this one.

**BIG LAKE 20, Kermit 18.** I'll go one time with the Owls as they play up a class against a good ball team.

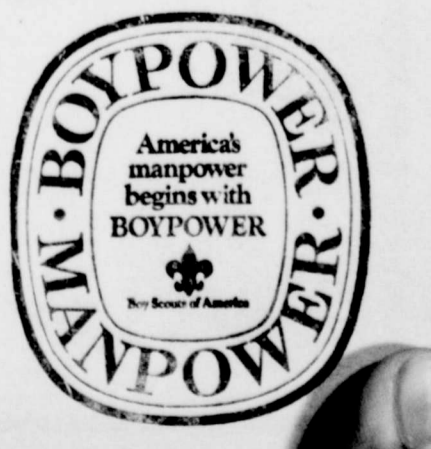

**McCAMEY 26, Stanton 16.** The Badgers are riding high after last week's win over the Pecos crew.
