City Lowers Tax Rate

Frona's City Commission Monday night voted to lower the city tax rate for the coming year from \$1.35 per \$100 valuation to \$1.30.

This unprecedented action by the local city government was due largely what was termed, "natural increases in property valuation."

According to the city tax rolls, the property valuation in the city limits will be up from \$4,441,700 last year to \$4,812,130 this year. This increased valuation will produce almost as much revenue at the \$1.30 rate as the \$1.35 rate did on the old valuation.

The commission took the action as they began discussing a budget for the coming fiscal year, which will start, October 1. The commissioners will go over the proposed expenditures on August 28, at which time they will set the budget for next year.

Based on 95 per cent collections, the \$1.30 cent rate will produce \$38,230 in ad valorem taxes, according to Albert Field, city manager. The \$1.35 cent rate, on 97 per cent collections this past year, produced \$38,917.

The city tax rate was \$1.25 for several years

until it was raised 10 cents in 1959.

If expenditures go as planned this next year, the council is in hopes that it will be able to lower the rate to the former \$1.25 cent rate next year.

Biggest reason for the increased valuation for this year, Field says, is the number of new homes constructed, in addition to other new buildings and property improvements.

In other action Monday night, the commission discussed pay raises for several city employees, but postponed taking any action until they go over the proposed budget for the year.

The commission voted to pay the cost of sending two of three men from the Frona Volunteer Fire Department to the state firemen's school.

Three men attended the school a couple of weeks ago, and the cost to the city was \$359.40.

There was some discussion on the value of the school, but the consensus was that it was money well spent. Firemen learn various fire-fighting skills which help to improve the overall efficiency of the department, it was pointed out.

Also, by having representatives of the depart-

ment attend the school, it helps to lower the key fire insurance rate.

The commission also passed an ordinance, exempting the property of churches, civic clubs and the hospital and school, from taxes. This is an ordinance passed each year, and the property exempt this year was basically the same as it has been in past years.

Other action by the Commission included the releases of tax liens on two pieces of property, one was the school property in the east part of town and another was on hospital property which had been sold.

The liens had been established when a paving project was proposed several years ago. Due to a change of plans, the roads along these two pieces of property were never paved, and therefore, it was not necessary to continue the liens.

The commission discussed briefly plans for auditing the books, but no decision was reached. Present for the meeting were Raymond Fleming, mayor; Bill Nichols, Glenn Reeve, Kenneth Williams, councilmen; and Albert Field, city manager.

ADMIRING A TROPHY that was presented to the Frona Star for being judged first in general excellence is Ella Faye Holcomb, society editor. The award was presented to the Star Saturday during the annual convention of the West Texas Press Association.

Chiefs Begin Grid Workouts Monday

A new coach . . . several new faces on what appears to be a tough schedule . . . and a new outlook . . .

That appears to be the situation on the eve of another football season, which officially gets under way for the Frona Chiefs Monday at 7 a.m.

Some 40 to 50 hopefuls are expected to be on hand at that early-morning hour for the first of 20 practice sessions prior to the opening of school, August 28. The two daily sessions will be at 7 a.m. and 7 p.m.

At the helm for the Chiefs this season for the first time will be Kenneth Miller, who moves to Frona following two successful seasons as head mentor at Groom, where his team notched two successive district titles and one bi-district crown.

Miller, who will naturally be unfamiliar with the players who will greet him Monday, had little to say prior to leaving for the annual coaches school at San Antonio late last week, other than, "We hope to improve on last year's 1-9 record." Miller, along with his two assistants, Vernon Scott and Bill Adams, will return from the coaching school this week end.

As Miller begins the task of rebuilding Frona's football fortunes, he has back in the fold from last year's squad 10 lettermen, six who have lettered for two years and four one-year lettermen.

The lettermen are Floyd Reeve, 151-pound senior back; Gary Sneed, 159-pound senior quarterback-end; Larry Drake, 175-pound senior center-tackle; James Perkins, 146-pound senior back; Bobby Daniels, 154-pound senior quarterback; Reggie Hayes, 127-pound senior quarterback;

And Max Reeve, 160-pound junior center-guard; Dewain Phipps, 142-pound junior quarterback-end; Angel Aleman, 180-pound junior tackle-guard-fullback; and Larry Potts, 234-pound junior tackle.

On hand to compete with these fellows for starting positions

will be eight lads from last year's B team, 20 fellows from last year's freshman team, and several other hopefuls.

Just what the upcoming season will bring is anybody's guess at the moment, but one thing certain is that thing's should be better, despite the fact that the Chiefs will have a rougher schedule ahead of them than they did a year ago.

Improvement won't be easy, however, and one look at the schedule points up the fact that the Chiefs have their work cutout for them from the opening whistle.

They are scheduled to take on the Farwell Steers in the season opener, September 1. The Steers are ranked as one of the top Class A teams in the state and they have 14 letter-

Swimming Meet Next Saturday

Frona's first annual city swimming meet, for both boys and girls, is slated for next Saturday, August 19, at Frona's Diving swimming pool.

Baker Duggins, swimming instructor and life guard, says the meet will be open to all youngsters, from 7 through 18 years of age, who live in the Frona School District.

Races, ranging from 25 feet to 100 feet, will be conducted for eight different age groups in both boys and girls divisions. Entries must be turned in to the pool by Tuesday, August 15, Duggins says.

The early deadline for entries was set so that a time schedule for the races could be posted prior to the meet.

Entrance fee for each event will be 50 cents, and trophies will be awarded to first and second place winners in all events. In all, there will be 31 events and 62 trophies.

A person may enter one or all of the events in his age group, Duggins says. Preliminaries are scheduled for 9 a.m. Saturday and the finals will be from 7 to 10 Saturday night.

Events scheduled for both girls and boys divisions are as follows:

GIRLS		BOYS	
Age	Distance	Age	Distance
7	25	7	25
8	25	8	25
9	25	9	25
10	25-50	10	25-50
11 & 12	25-50	11 & 12	25-50
13 & 14	25-50	13 & 14	25-50-75
15 & 16	25-50	15 & 16	25-50-75
17 & over	25-50-75	17 & over	25-50-75-100

Tech Grad Is Named Star Editor

Travis Harrell, 27, who will receive his bachelor of arts degree in journalism this month from Texas Tech, will become editor of the Frona Star September 1.

Harrell will replace Richard Hapke, who has been temporary editor for the past several months.

In announcing the change, W. H. Graham, publisher, says that Harrell comes to the Star well recommended.

Harrell was born in Dawson County and he was raised in Andrews where he graduated from high school in 1951.

Following his graduation, Harrell worked as a roughneck on a drilling rig in the oil fields until he joined the Marine Corps in 1954.

During his four-year hitch with the Marines, Harrell spent much of his time as a photographer at Camp Pendleton California, and at Kaneohe Bay, Hawaii.

In Hawaii, he was a brigade staff photographer and he gained experience in photography as well as other phases of the newspaper profession.

His duties while in the Marines included working for a

(Continued on Page 4)

Star Judged Best West Texas Paper

In a newspaper contest sponsored by the West Texas Press Association, the Frona Star was judged the best weekly newspaper in West Texas towns under 3,000 population. The first place general excellence award, a silver punch bowl, was presented to The Star at an awards breakfast Saturday morning during the annual meeting of the West Texas Press Association at San Angelo.

It was the first time that The Star had been judged the best all-around newspaper in the annual contest. The award was presented by Southwestern Bell Telephone Company.

In addition to the general excellence award, The Star also won fourth place in advertising composition.

Newspapers judged in the contest were those published in 1960, and the judges made

special mention of the outstanding coverage of a tornado which lashed the community last summer.

Issues of the paper judged in the contest were ones published while Dave McReynolds was editor of The Star.

On hand to accept the award for The Star was W. H. Graham, publisher.

The Star's sister publication, The State Line Tribune at Farwell, was awarded third place in general excellence, and was also awarded second place in advertising composition, and fourth place in news pictures.

Besides Graham, also attending the press convention from Parmer County were Mrs. Graham, and John Getz, Star advertising manager, and Richard Hapke, editor.

Quarter Horse Show Attracts Large Crowd

Entries from five states were on hand Saturday for the first annual Frona Jaycee Quarter Horse Show, which was termed an "overwhelming success."

There were 120 horses entered in the show and the large number of entries came from Texas, Oklahoma, New Mexico, Colorado and Arizona.

"We had twice as many entries as we had hoped for," says Mrs. Walter Haws, secretary for the show.

Winners in the various divisions were as follows:

Grand Champion Mare-Bogleena, owned by Joe Kirk, Fulton, Lubbock.
Reserve Grand Champion Mare-Lady Capri, owned by Rhodes Brothers and Meek, Lovington, N.M.
Grand Champion Stallion-Salty Bob Snp, owned by M. C. and Kris Waltman, San Jon, N.M.

Reserve Grand Champion Stallion-Leo Bingo, owned by J.B. MacNaughton, Vega.
Grand Champion Gelding-Brandy Slick, owned by Jake Snipes, Clovis.

Reserve Grand Champion Gelding-Mayes Sonnie, owned by Doyle Stowe, Clovis.
Junior Cutting Contest-Stampede Doll.

Senior Cutting Contest-Ada Kay Browder, owned by W. F. Martin, Cimmaron, N.M.
Open Cutting Contest-Ada Kay Browder.
Junior Reigning Contest-General Ned Hill, owned by Joe Fulton, Lubbock.

Senior Reigning-Mayes Sonnie, owned by Doyle Stowe, Clovis.
Barrell Racing-Sidler Pidler, ridden by Glenda Light, Amarillo.

Western Pleasure Contest-Golden Memories, owned by Linda Hammond, Clovis.
Judges for the contest were Walter Haws of Frona and Gene George of Amarillo.

"We're like to thank everyone who helped make the show a success," says Mrs. Haws. "and we especially want to thank Clyde Weatherly for providing stock for the cutting horse contest."

Because the show was a success, the Jaycees are making plans to make it an annual event.

LIGHTING A CANDLE which is symbolic of one of the 12 points of the Boy Scout Law, is Ricky Hurst, tenderfoot scout of Troop 56. The candle ceremony was part of a Boy Scout Court of Honor Monday night in the Fellowship Hall of Frona Methodist Church. (For story, and additional picture, see page 5).

Hereford Mayor Proposes 'Golden Triangle'

The "Golden Triangle" is the name that Ray Cowsert, mayor of Hereford, has proposed for Deaf Smith, Parmer and Castro counties.

These three counties are "the garden spot of the nation," Cowsert told a gathering at a recent meeting of the Hereford Rotary Club, "and much can be accomplished through a combined effort in promoting the area."

Since he first came up with the idea, there has been considerable comment and various reactions, many of them favorable, to Cowsert's proposal.

It was first reported that Cowsert had advocated doing away with the county lines and making the three-county area one large, productive county, but Cowsert, contacted by telephone this week, said that wasn't what he meant.

"I'm not sure that doing away with the county lines would be legally possible, or even practical," Cowsert said. "What I meant was that we should all work together to promote the three-county area."

He said that the "Golden Triangle" will progress faster

if the three counties work together instead of competing against one another.

"Instead of speaking of Deaf Smith, Parmer or Castro county, better results would be obtained if the triangle were considered as a hole," Cowsert said.

There are no counties west of the Mississippi River that can compare with these three, Cowsert pointed out. A group in Amarillo originated the term "Golden Spread" and these three counties must be the "Golden Triangle," the Hereford mayor stated.

There are 3200 square miles in the triangle area with a population of 31,693. Total income for the three counties is approximately \$62,643,000, the highest per capita income of any area in the world.

"There is no big industry in the triangle, but the people live off the good earth," Cowsert said, and he predicted that there will be a return to the farm in the next 20 years.

He cited statistics released by the government as pointing out that by 1980 the increase in population will absorb all

surplus food stuffs. It is Cowsert's belief that a return to the farm will make up for the population increase to some extent.

According to the Hereford mayor, the Golden Triangle can be one of the leaders in this movement, by advertising and promoting the region as a whole.

One way that this could be done would be to print and circulate a brochure on the area, and to form some kind of organization to promote the region in other ways. "This doesn't mean that we can't keep

our individual chambers of commerce," Cowsert asserted. Cowsert said that he was ready to help with some kind of a move in that direction.

"I've heard from both Frona and Bovina," Cowsert said. "The Frona Chamber of Commerce said that they'd already spent money for a local brochure, but they thought it was a good idea, and the Bovina Chamber said they thought it was worth considering."

He had not heard from other towns in the tri-county area.

THE FRIONA STAR

RICHARD HAPKE, Editor

In Parmer County \$3 Per Year
Elsewhere \$4 Per Year

Editorial Comment:

A Good Program, But . . .

Another summer baseball program has just been completed in Friona and every individual who had anything to do with its success can be justifiably proud.

No town of comparable size, we are certain, can boast of a summer youth program equal to that of Friona in both size and scope.

With two lighted ball parks, and an adequate number of interested adult leaders and sponsors, Friona was able to offer a baseball program for some 15 teams and 180 players.

That's a sizeable and worthwhile undertaking in anybody's league.

Except for one regrettable incident, the citizens of Friona can be proud of what has been accomplished in the summer program.

The incident came at the close of a successful Little League campaign, and as a result there will be ill feelings for some time to come. It was the controversy which centered around a playoff game in the intermediate division.

Just who was right and who was wrong, we don't pretend to know, but it isn't of real

consequence. The fact that tempers flared and several adult leaders acquitted themselves in an unruly manner, however could be of serious consequence.

It's situations such as this one that can undermine the good already accomplished by such a program.

When adults cut loose with verbal tirades at one another, they certainly aren't setting a good example for the youngsters--and it is for the benefit of the youngsters that the entire program is designed, is it not?

Friona's summer baseball program is one of the best activities the community has come up with in a long time. It should be continued and we hope it always will be but, to assure its maximum success, those persons who devote their time to working with the youngsters, should have the right frame of mind to see that all costly pitfalls of such a program are avoided.

The Little League controversy was one pitfall that apparently trapped the would-be-gooders, who up to that point had had a good record.

HANDING OUT A TICKET to Ray Fleming is Boy Scout Ronnie Altman during Scout Police Day Wednesday. Fleming was charged with not giving the proper turning signal was fined \$1.00. Many Friona citizens were fined Wednesday for various violations, but few of them seemed to mind, since all of the money was going into the Scout fund.

Lionesses Win Two Ball Games?

"As far as we know, we won two ball games."

That's what members of the Friona Lions Club said following a pair of ball games over the week end, in which the Lions, dressed as Lionesses, played members of the Dimmitt Lions Club.

The first game was played Friday night at Dimmitt and the following night, Saturday, the two clubs played on Friona. Both games lasted only three innings.

They would have lasted longer, but members of both teams were having trouble with their uniforms.

No official score was kept, but reportedly there were 20 pairs of hose with runners, 25 sagging skirts and dresses, 26 stringy heads of hair, 23 pairs

of tight shoes, and 28 faces with too much makeup.

Members of the Friona team were Holly Horton, Georgia Jones, Billie Louise Nichols, Kenrietta Williams, Daniese Bainum, Tommie Ann Pruett, Paula Hall, Alta Farr, Billie Jean Bailey, Ralphetta Shirley, Flaxie Barber, and Marietta Le Veque.

Money raised from the two games went into the treasury of the two Lions Clubs.

Edward Adams In Infantry Training

Edward E. Adams, son of Mr. and Mrs. L. H. Adams of Friona, is presently undergoing basic infantry training at Monterey Peninsula training center at Fort Ord, Calif.

The eight week program consists of such vital military subjects as rifle marksmanship, infantry tactics, first aid, military justice and the conservation and maximum utilization of military supplies. Upon completion of his basic training, he will go on to either advanced infantry training or to one of the many Army specialist schools.

Fund Raising Event Held In New Hall

The initial meeting in the new Friona Oddfellows Hall was a fund raising box supper. Circle 7 sponsored the event. Five circles were represented. Total proceeds were \$130. This money will be used to assist in construction of a new state headquarters building in Dallas.

Joe Moyer, noble grand of the Friona Lodge opened the meeting, which was directed by J. D. Sanders, circle president. Mr. and Mrs. Tom Berry of Muleshoe presented the flag ceremony. Boxes were auctioned by Judge Barker.

Special guests and featured entertainers on the musical program were Forrest Osborn, Frank Claborn, Herbert Day, and Arlin Smith, male quartet, and Mrs. John Thomas, accompanist. Guests from other circles were Mr. and Mrs. Floyd Reynolds of Dimmitt; Mr. and Mrs. Floyd Houston of Earth; Mr. and Mrs. Mote Gibson, Mr. and Mrs. Ernest Brock, Mr. and Mrs. Tom Berry and Mr. and Mrs. Cecil Atchley of Muleshoe; Also Mr. and Mrs. A. R. Rogers, Mr. and Mrs. A. N. Hopson and Ben Conklin of Hereford. Frionans present were Glen Williams, Mr. and Mrs. J. D. Sanders and David; Also Messrs. and Mesdames Floyd Brookfield, Raymond Adams, Bill McGlothlin, Joe Collier, Joe Moyer, G. E. Reed, Henry White, J. B. Williams, Sam Williams, Judge Barker, Horace Edwards and Pat Calahan.

JOHN DEERE

TWO WORDS THAT MEAN A LOT TO FARMERS

When a farmer hears the two words "John Deere" it means much more to him than just a green and yellow tractor. It means many things:

DEPENDABILITY
John Deere Equipment is built to last, it is built to do the toughest work, year after year.

ECONOMY
Because John Deere is built to last, it gives extra years of performance. Replacement parts are economically priced when repairs are necessary.

A WORKHORSE
John Deere equipment is engineered to fit your farming needs, therefore it will do more work each day.

SERVICE
Because there are John Deere dealers in almost every town, you know you can get parts and service.

Farewell Party For Jeff Weavil

Mrs. F. T. Schlenker honored her nephew, Jeff Weavil, of Reese Air Force Base at Lubbock, with a wicker roast at her home recently. Jeff will be leaving soon for Alaska where he will be stationed.

Lindy and Mr. and Mrs. Carl Schlenker, Condie, Carlina, James and Floyd.

Mrs. Alice Fling and her granddaughter, Jerre Lynn Fling, from Anaheim, Calif. are visiting several days with Mr. and Mrs. Jim Cocannouer. Mrs. Fling and Mrs. Cocannouer are sisters.

Of Interest To THE WOMEN

Beverly McSwain Jo Shower Honoree

Miss Beverly McSwain, bride-elect of Ted Sanders, was honored at a miscellaneous shower in Fellowship Hall of First Baptist Church Thursday, August 3.

A hand made lace cloth over pink covered the refreshment table centered with an arrangement of pink roses, gladioli and sweet peas. Pink and white, the bride-elect's chosen colors, were used in other decorations throughout the entertaining room.

Mrs. Roy Miller presided at the silver service.

Nut breads, mints, nuts, coffee and tea were served to guests calling from 9:30 to 11 a.m. and were registered by Mary Ann Roberts. Hostesses were Mesdames Vernon Roberts, Wesley Hardisty, Roy Miller, James McLean, Bert Shackelford, Lee Renner, O.F. Lange, M.P. Bennett, Lee Campbell, T.A. Sher-

ley, Earl Drake, Paul Fortenberry, W. H. Sims and Raymond Adams.

Out of town guests included Mrs. S.B. McSwain and Joyce of Plainview, the bride-elect's mother and sister, and Mrs. Lester Dowell and Mrs. Howard Hershey from Dimmitt. About ninety attended and sent gifts.

Mr. And Mrs. Maurer Honored Friday Evening

Mrs. Day Hosts Mary Dorcas Class

Members of the Mary Dorcas Sunday School Class met and went as a group to the home of Mrs. B. C. Day Saturday afternoon, August 5, for the regular monthly meeting.

Mrs. W. M. White said opening prayer and Mrs. Otis Massey presented a devotional reading the thirteenth chapter of II Corinthians.

Mrs. Lucy Jones was re-elected teacher for the coming year during the business session.

Strawberry sundaes, assorted cookies and lemonade were served to Mesdames Rosa Anderson, Altha Baker, Florence Buske, Julia Lloyd, Otis Massey, W. M. White, Florence Day and Leona Wolfe.

Guests of honor at an open house in the home of Mr. and Mrs. H. K. Kendrick Friday evening, August 4, were Mr. and Mrs. Gaylord Maurer. Assisting with hospitalities were Mr. and Mrs. Charles Allen. Guests were invited to call from 7 to 10 p.m. One serving table centered

piece was an arrangement of white gladioli and carnations with touches of pink flanked by two 18th Century bride and groom figurines. A tray of flowers surrounding the punch bowl with frozen pink rosebuds floating in the punch decorated another refreshment table. Vases of pink rose buds were used throughout the entertainment rooms.

Presiding at the serving tables were Mesdames George Treider, Keith Brock, L. F. Lillard, Lee Cranfill, Bob Cleveland of Anamosa, Iowa, Henry Donnelly of Artesia, and Glenn Cunningham, Roswell. Other members of the house party were Mesdames J. T. Gee, Frank Spring, Dan Ethridge and Miss Mary Tom Spring.

Out of town guests included Mr. and Mrs. J. C. McCracken, Hereford; Jack McCracken, Bovina; Mr. and Mrs. J. R. Roden, Clovis; Mr. and Mrs. John Aldridge, Farwell and Mr. and Mrs. Rueben Gischler, Eugene, Ore.

Grandmother Party Honors Local Woman

Coffee Honors Mrs. J. B. Taylor

Mrs. Steve Struve and Mrs. David Carson were hostesses for a coffee and surprise housewarming Thursday morning, Aug. 3, honoring Mrs. J. B. Taylor who recently moved into her new home at 1002 W. 6th Street.

A floral centerpiece was presented to the honoree.

Hot fruit rolls and coffee were served to Mesdames Paul Smith Elvin Wilson, Loyd Shackelford, Ella Faye Holcomb, John Blackburn, John Hays, Diana Taylor and Mrs. Taylor.

Mrs. Ella Faye Holcomb was surprised with a grandmother party in her home Thursday evening, Mrs. Holcomb was invited by one of the hostesses to accompany her on an errand while the guests assembled. During the social hour which followed the opening of gifts, cake and punch were served by Mesdames R. E. Snead, Johnny Hand, David Carson, Steve Struve and Glen Stevick. Those attending and sending gifts were Mesdames Paul Smith, John Hays, J. B. Taylor, John Blackburn, Eugene Boggs, L. R. Hand, Jim Cocannouer, Ralph Price, Loyd Shackelford and Elvin Wilson; Also Nelson Welch, D. L. Carmichael, Leonard Nettles, James Proctor, Bill Wooley, Matt Brown, Newman Jarrell Sr., J. M. Watson, Raymond Fleming and Glenn Floyd.

Classes Have Joint Meeting

Mrs. Alta May Cox of Berkeley Calif. has been visiting with Mr. and Mrs. Waymon Wilkins, Mr. and Mrs. Leon Weaks and Mrs. Ethel Adams.

Mr. and Mrs. J. D. Sanders, Tommy and David were in Plainview Sunday visiting with their son, Ted, Mr. and Mrs. Joe Sanders and Mr. and Mrs. S. B. McSwain and Beverly.

Fidels Class of the First Baptist Church and Young Married Women's Class at the Calvary Baptist Church met together recently for a salad supper. Mrs. Joe Talley presented a devotional followed by the guests participating in get-acquainted games.

Pete Buske Family Returns From Trip

Mr. and Mrs. Pete Buske, Lila Gay and Kim; Mr. and Mrs. Richard Styles and Mike of Lubbock and Mr. and Mrs. Philip Weatherly returned to Friona Sunday following a two weeks vacation to the western states.

Relatives were visited in Riverside and Santa Barbara, Calif., also Medford and Klomoth Falls, Oregon.

Several things the group enjoyed doing were: touring Disneyland; deep sea fishing at Santa Barbara; making a drive through the redwoods and stopping at many points of interest; a sight seeing tour through San Francisco; attending church at the Golden Gate Seminary Chapel and fishing in Oregon.

The Weatherlys, Styles and Kim Buske attended a Big League ball game in Los Angeles and visited MGM studios in Hollywood.

Because of illness and business Pete Buske returned to Friona earlier in the week by plane, and the remainder of the family traveled home via Reno and Las Vegas spending several days visiting places of interest.

Don Max Vars of Tulsa is visiting in the Pete Buske home this week.

JANICE MILLER, daughter of Mr. and Mrs. Roy V. Miller Sr., will graduate from Colorado State University August 11, 1961. She will receive a B. S. degree in mathematics with emphasis in statistics. This summer she received her second National Science Foundation research grant for undergraduates. There are 3000 of these grants in the United States. She has been working on optimum properties of Nonlinear curve fitting by the method of least squares, programming the 1620 computer, and matrix algebra. Next year she will be a graduate assistant, teaching the physical and biological lab divisions in M25 Inferential statistics.

Something To Think About 16th. Street Church of Christ Box 515 -- Friona, Texas

in the prophecies concerning him, but when he came the entire nation denied him. They cried out, "Let his blood be upon us and upon our children." Perhaps you are ready to ask "How came it?"

The answer is quite simple, he did not fit the mould they had prepared for him. What he taught did not represent what they wanted him to teach. Thus they renounced and crucified him. When we consider the attitude of so many people of our day, we are made to wonder if the Lord might not have somewhat the same problem if he were to come again as he did two thousand years ago. He will no more fit the mould of our imagination that he did that of the Jew. His teaching as revealed to us in the Gospel is as misunderstood and misapplied today as it was then.

It would be much better to re-evaluate our many doctrines in the light of the Gospel of Christ and return to the old paths, lest he say to us "... why call ye me Lord, Lord, and do not the things which I say." Profession and good works are not enough because only those who "... do the will of my Father which is in heaven" (Mt. 7:21) have the promise of eternal salvation.

come to church sunday

NOTHING SACRED?

Could it be that we are entering upon an era in which a vast number of individuals hold absolutely nothing sacred? Could it be that the Communistic concept adheres to this philosophy? It appears that human life is classified so cheap as to be absolutely expendable to advance the cause of the State. The old, the infirmed, the mentally inadequate are all cast aside if they do not produce to the benefit of the State.

This all sounds inhuman to our way of thinking, and so it should. But let us take a candid look in our own direction. Are we any better when we evidently count life so cheap as we continue our endless slaughter on the highways? Are we any better when we see so much vandalism and read of so much robbing and killings?

Two times God looked down and was grieved at man's sins to the extent that He had to send judgement. It grieved God's heart to see conditions as they were in Noah's day, thus the flood; God sent his warning and Sodom and Gomorrah was destroyed. The philosophy of the robber in the New Testament story was, "What is yours is mine and I'll get it any way I can." The philosophy of the priest and levite was, "What is mine is mine and I'll keep it." The philosophy of the Good Samaritan was, "What is mine is ours, and I'll share it with you."

Let us take a new appraisal of our philosophy and see if we hold anything sacred.

PATIENTS DISMISSED SINCE AUGUST 2, 1961

James Huffstickler, Bectricia Joyce Bartlett, Toni Leigh Morris, Lora Mae Hargus, Wesley Allen Harris, Wyle Bullock, Gery D. Gunnells, John Sheehan, Erma L. Schilling, Connie Schlenker, Robert Ginsburg, Tommie Jean Gilliam, Bud Crump, Terry M. Scott, Homer Leon Burns, Jr., Florence Miles, Mrs. Leland Gustin and baby girl, Fred W. Phillips, Tina Balnum, Verda Lee Osborn, Billy W. Buchanan, Dovie Wasson, and Lynn Dale Neel.

Farming is dangerous business -- 50 injuries per 1,000 persons employed, vs. 31 in industry.

If you get what you want you're successful. If you want what you get you're unhappy.

RUNNERS-UP in the Amarillo Baptist Association junior baseball league, was the Friona Royal Ambassador team. Front row, from left to right are Tommy Mars, Joe Murphree, Wade Coker, Phillip Coker, Freddie Williams, and Joe Garcia. In the second row are Rodney Williams, Billy Burton, Terry Fields, Eddie Wood, Johnny Grant Mars, Jerry Coker and Glen Goggans. In the back row are Bill Burton, pastor and manager; Curtis Murphree, associate manager; and Danny Murphree, scorekeeper. Not present for the picture were Ronnie Altman, Duane Reed, Jerald Reed, Harold Reed and Ramey Beene. The Friona team had an 8-2 record, finishing behind South Lawn of Amarillo, a team that had a 10-0 record and went on to win the playoff and the district title.

THAT'S WHY
You want to know why I came home half loaded?" said the soused spouse. "Because I ran out of money, that's why."

"Give me one good reason I should service your car AHEAD of the others!"

CHIEFS--

men back from last year's team that whipped Friona, 40-6. Then, right behind Farwell will come Plains, another Class A power house; and Morton, expected to be a pretty tough Class AA team. Both Plains and Morton are newcomers to the schedule, as is Portales.

Other schools on the schedule are New Mexico Military Institute and Muleshoe. In addition to the four conference members--Tulia, Dalhart, Dimmitt and Canyon.

The district should be as tough as ever, with Canyon and Tulia having a slight edge on the remainder of the teams. Complete schedule for the Chiefs will be as follows:

SEPTEMBER 1--FARWELL AT FRIONA.
SEPTEMBER 8--FRIONA AT PLAINS
SEPTEMBER 15--MORTON AT FRIONA
SEPTEMBER 22--FRIONA AT ROSWELL NMMI
SEPTEMBER 29--PORTALES AT FRIONA
OCTOBER 6--FRIONA AT MULESHOE
OCTOBER 13--TULIA AT FRIONA
OCTOBER 20--FRIONA AT DALHART
OCTOBER 27--FRIONA AT DIMMITT
NOVEMBER 3--OPEN DATE
NOVEMBER 10--CANYON AT FRIONA

NEW EDITOR--

base paper, and it was here that he became interested in journalism.

After his release from the service in May, 1957, Harrell returned to work in the oil fields, where he was employed until he entered Texas Tech as a journalism major in September, 1958.

While at Tech, he worked as a photographer for the student yearbook, La Ventana, and the student newspaper, The Torch. During his final two years, he was designated head photographer for the student publications.

Harrell will receive his degree on August 28 and he will move to Friona on September 1. He is unmarried.

His father is S. Harrell, of Andrews, and he has one sister, Mrs. A. L. Davis, also of Andrews.

READING A PAIR OF SCROLLS which were presented to them Monday night, are Preach Collier, far right, and Hayden Cason, scoutmasters of Friona Boy Scout Troop 56. The scrolls were presented to the leaders by members of the troop, who are shown looking on.

Scouts Recognized At Court Of Honor

A good crowd was on hand Monday night for a supper and a program at which members of Friona Boy Scout Troop 56 were presented advancement badges and given special recognition.

Bill Phillips was master of ceremonies during the evening. Bill Sheehan gave a talk on "What It Means To Be A Committeeman," and Bill Edelman and James Kreig gave a talk on camp experiences.

Tim Rhodes, a member of the scout troop, gave a talk on "The Requirements For Second Class."

Boys who were given ad-

vancement badges were Eddie Woods and Ricky Hurst, tenderfoot; Tim Rhodes, Jim Bob Jones, Terry Fite and Ronnie Altman, second class.

Kim Buske was made a Star Scout and Bill Edelman was made a Life Scout.

Making the presentations were Bill Phillips and Bill Edelman.

Members of the Scout troop also presented their leaders, Scoutmaster Hayden Cason and Assistant Scoutmaster Preach

Collier, with scrolls in recognition of their work and dedication to the troop.

During the ceremony, 12 candles were lighted by the scouts, each of the candles representing one of the 12 points of the scout law. The 12 points are that a Scout is Trustworthy, Loyal, Helpful, Friendly, Courteous, Kind, Obedient, Cheerful, Thrifty, Brave, Clean, and Reverent.

Mothers of the Scouts prepared and served the meal.

New UF Officials Elected Monday

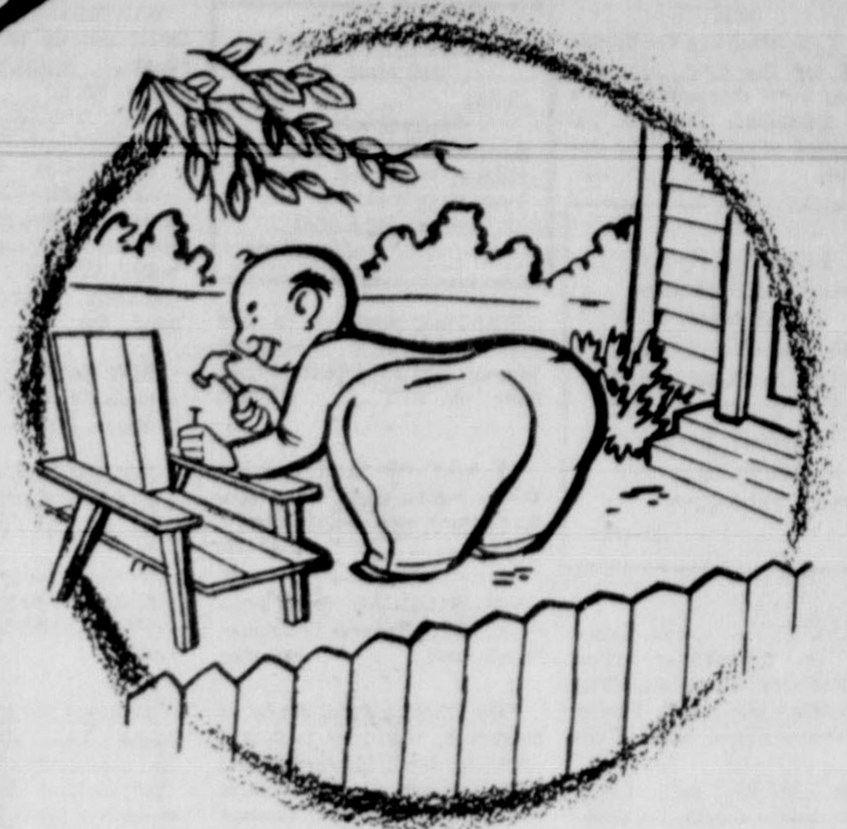

The Exchange Magazine reports on the Billionaires Club--companies whose shares are listed on the New York Stock Exchange that have sales or revenues of a billion or more a year. The membership showed a net increase of one last year for a record total of 52 companies. There were four newcomers, while three lost membership by failing to reach the billion figure.

At an organizational meeting of the Friona United Fund Monday night, Bob Ginsburg was named chairman of the group and Carrol Kreig was elected secretary.

The two men will succeed Danny Mac Bainum, and Flake Barber, who headed the organization and the United Fund drive last year.

Due to a small turnout Monday night, no plans for the coming fall drive were made, but another meeting, with the newly-elected officers in charge, will be scheduled later.

BUILD
for your own use

Every one of us is a Builder. Some of us build bridges, some build houses; others build great fortunes or police records, electronic brains or lawn furniture...but each and every one of us is a Community Builder.

Because...every penny we spend to satisfy our daily needs helps to build the economy of the trade area in which it is spent...making that community a happier, more prosperous place for its citizens to live, to work, and to shop.

Which makes it profitable and wise to do our trading...our Community Building...where we get the benefit of the inevitable results of it...in the economic area where we have our own lives and talents invested...and where our children are being trained for life.

There may be nobleness and unselfishness about using our money to help build bigger and better cities for the pleasure and profit of other people...but is it practical?

Buy at Home
where your trade builds a better life for you

It Pays to Buy Where You Live

Lazbuddie School Begins August 28

Lazbuddie School will begin classes Monday, August 28th, with 350 students expected to enroll. Parents with beginning 1st graders, are reminded to get their smallpox vaccination before school starts.

At the present time, three teachers are needed to complete the faculty before school starts. Superintendent J. G. Ward has a few applications but no one has been hired to fill one section of the first grade, public school music, and fourth grade.

Contracts approved at the special board meeting August 4 were: Mr. Carol Stepp, high school social studies; J. F. Lands, Jr., high school math and science; Charles Walton, junior high social studies; Mrs. Frances Walton, home economics; Mrs. Dorothy Morgan, third grade; and William Morgan, high school principal and science.

Other new teachers, whose contracts were approved earlier, are Mrs. C. E. King, English and speech; and Mrs. James Mabry, fourth grade (who has decided not to teach).

Bobby Crooks, who has been assistant coach the last three years, will take over as head football coach, and he would like for all boys to get their physical examinations from their family doctors.

Suits will not be issued to any boy until he has a permit signed by his doctor saying he is physically fit to play football. Football practice will begin Monday, August 14. School calendar for 1961-62 is as follows:

Relatives Visit In Taylor Home

S/Sgt. and Mrs. Bill Young and children, Vikki, Valli, Mark and Venita, of Albany, Georgia left Tuesday after visiting ten days with Mr. and Mrs. Slim Taylor. During their stay the two families traveled to points in Colorado including Pikes Peak and Colorado Springs.

A family reunion was held in the Taylor home Sunday. Those attending were Mr. and Mrs. W. A. Ford, Gene and Stacy, Amarillo; Mr. and Mrs. Jim Rule, Melva, John and Ruede; Mr. and Mrs. Walter Schneider, Jone, Jon and Jym, Midland; Mr. and Mrs. Dick Habbings of Friona and the Bill Young family.

Wednesday, Aug. 23--9:00 a. m. School bus drivers' workshop;

Thursday, Aug. 24--9:00 a. m. Faculty meeting; 2:00 p. m. Grades 11 and 12 enroll; 4:00 p. m. Girls pep squad meets.

Friday, Aug. 25--9:00 a. m. Faculty meeting; 2:00 p. m. Grades 9 and 10 enroll; 4:00 p. m. Girls pep squad meets; Monday, Aug. 28--8:30 a. m. Classes begin.

Friday, Sept. 1--8:00 p. m. Football game with Wilson, here.

Holidays approved are: Thanksgiving, Nov. 23 and 24; Christmas, Dec. 21 through Jan. 1 (School will dismiss Dec. 20th at 3:30 p. m. with classes resuming Jan. 2); Teachers convention, March 9; Easter, April 20 and 23; and closing

Nothing so much worth as a mind well instructed.

Nothing so much worth as a mind well instructed.

date is set for May 16.

The 1961-62 school budget was approved at a special session August 3, and the school board will be in session at 8:00 p. m., Monday, August 14 to answer any questions you might ask.

The school budget is a little less than the 1960-61 budget due to a sufficient balance this year to pay for a new 48-passenger bus which cost \$4,650, along with \$2,000 worth of other items that were expected to be paid for from the new budget.

No increase is expected in the school taxes or rate in the near future unless there should be a sudden increase in enrollment. The teacher salary increase which is pending in the legislature can be taken care of in the balance left from the prepared present budget.

The tax rate for the 1961-62 budget was set at \$1.65 with a \$1.25 for local maintenance and \$4.00 going for the retirement of school bonds. At the present time, the bonded indebtedness of the Lazbuddie School is \$242,000.00.

Reeve Family Holds Reunion

The home of Mr. and Mrs. F. W. Reeve was the scene of a family reunion Sunday with 43 members of the family present for a buffet dinner at noon and a watermelon feast in the afternoon.

Guests of honor were a daughter, Mrs. Ruth Hume and family from Bishop, Calif. and a son, Charles Reeve from Naugatuck, Conn.

Other out of town guests were Mr. and Mrs. Harlan O'Rear, Joyce and Gene, Amarillo; Mr. and Mrs. Don Reeve, Amarillo; Miss Mary Reeve, Pampa; Mr. and Mrs. Charles Lovelace, Farwell; Mrs. J. A. Guyer, Farwell; Mary Jane Guyer, Pasco, Washington; Myra Sue and Andl Bayless, Richland, Washington and Mr. and Mrs. Harold Schlenker, Placerville, Calif.

Present from Friona were Mr. and Mrs. Glenn Reeve Sr., Max and Joe; Mrs. Hadley Reeve, Floyd, Sharon, David and Carol; Mr. and Mrs. Glenn Reeve Jr., Glenda and Janna; Mrs. F. T. Schlenker; Mrs. Elmo Dean and Lindy and Mr. and Mrs. Carl Schlenker, Connie, Carlene, James and Floyd.

Visiting in the home of Mr. and Mrs. Glen Stevick and family Tuesday were friends from Dallas, Mr. and Mrs. James Murphy and family.

Nothing so much worth as a mind well instructed.

THE HIGH PLAINS FARM AND HOME

42 Boys Return From 4-H Camp

Forty-two Farmer County 4-H boys, along with nine adult sponsors, returned last Thursday from a four day encampment at Holy Ghost Canyon in New Mexico.

During the week, the boys camped out, rode horses, hiked in the mountains, fished and swam. On the return trip the boys visited Santa Fe briefly where they toured a museum.

The camp is an annual function for members of the county 4-H clubs and their adult leaders.

Adult leaders making the trip this year were Mitz Walling and Glenn Phillips, Farwell; Carl Schlenker, Rhea; Bill Buchanan and Lloyd Shulk, Friona; Roy Miller, James Mabry, and Raymond McGehee, Lazbuddie; and Farmer County Agent Joe Jones.

Members of the Lazbuddie 4-H Club who made the trip were Gary Coker, Danny Miller, Mike Ward, John Ward, Theron Vaughn, Larry Vaughn, Charles Range, Bobby Gleason, Craig Schuman, Loyd Bradshaw, Ronald Ashford, Troy Steinbock, David Nelson, Steven Foster, Timmy Foster, Jimmy

Broyles, Johnny Broyles, K. Burch, and Johnny Mabry. Boys from Friona were Rickey Bob Coon, Jimmy Taylor, Dennis Fallwell, Rex Wells, Michael Fallwell, Bobby Jordan, Bill Buchanan, Kenneth White, Charles Shulk, and Larry Johnson.

Attending from Rhea were James Schlenker, Jay Potts, and Floyd Schlenker.

Boys from Farwell were Doyle Johnson, Dale Camp, Keith Thomas, Jack Walker, Jimmy Mace, Mike Camp, Larry Gregory, Craig Phillips, Milton Lee Walling and Micheal Watkins.

Carpenter Named To Committee

Harold W. Carpenter, Farmer County farmer, has been named to the Farmers Home Administration county committee, according to Billy R. Boling, the agency's county supervisor. The appointment is for three years.

The purpose of the county committee is to review applications for FHA loans. Composed of three members, the committee is set up on a rotation basis with one new member appointed each year. Carpenter succeeds Earl D. Stevenson, of Bovina.

Carpenter lives in the Oklahoma Lane community where he farms 480 acres. He has been active in agriculture and community affairs for a number of years and is well known to many Farmer County farmers and businessmen. With his knowledge of the county and farming conditions, will be a valuable addition to the committee.

The Farmers Home Administration extends credit accompanied by farm management assistance to 101 families of Farmer County.

Reporter, Jay Potts

Rhea 4-H Club

The Rhea 4-H Club Boys meeting was held at Roy Huddleston's house. Steven Wagner resigned as President. Roy Huddleston moved to president, and Raymond Drager was elected vice-president.

We changed our time and date. We changed it to the second Monday at 8:30.

Joe Jones was present for the meeting. He talked about the record books. He told us the parts of the record books. We should all be able to do a better job of record keeping after this meeting. Our next meeting will be at Jay Potts' home, August 14th.

OLFS Schedules Case Promotion

An unusual farm equipment sale in which farmers are invited to come in and dicker on equipment is being sponsored August 9-19 by Farmer County's J. I. Case dealer, Oklahoma Lane Farm Supply, Inc. "We're calling it 10 priceless days because some of the deals we're able to make can only be described as priceless and because price tags don't mean a thing," Wendol Christian, manager of the local dealership, says.

Doors will be open until 10 each night during 10 days and refreshments will be served at all times with valuable door prizes being awarded.

In addition to this promotion, the local dealer is participating in a nation-wide contest being conducted by Case Co. in which 500 wireless intercom systems will be given free to farm people who attend the sale and who fill out a registration card while there. No purchase is necessary to win the intercom systems which operate by plugging in an electric outlet in home or outbuilding.

The 10 priceless days event in Farmer County is part of a nationwide program sponsored by Case dealers during which special factory allowances on many new and like-new machines.

All merchandise is marked with normal selling price, but this is just a place for farmers to make offers on any equipment they need this fall, says Christian.

Ask For Gas Tax Refund

Farmers are reminded by C. H. Bates, extension farm management specialist, of their eligibility for a refund of the 4-cent per gallon Federal gasoline tax on that used for farming purposes. The claim should include all eligible gasoline gallonage purchased between July 1, 1960 and June 30, 1961.

The claim for refund should be filed on Form 2240 and not later than September 30, Bates said.

The gasoline on which a refund may be claimed covers that used for farming purposes and includes most normal production operations. Three exceptions, however, are noted by the specialist. They are gasoline used on the highway, even though for transporting farm products; that used for processing, packaging, freezing or canning operations and that used for non-farming or personal purposes.

Records of fuel purchases should be kept to verify the refund request and care should be exercised to avoid inaccurate or excessive claims, Bates said. He noted that Form 2240 does not apply to diesel and special motor fuels. Farmers who have questions regarding taxes on these fuels are advised to contact an Internal Revenue Service director.

Fertilizer and fertilizer materials sold in Texas during the year beginning July 1, 1959, amounted to 708,036 tons, which was about 7 percent higher than the tonnage sold during the preceding year. State Chemist Dr. J.F. Fudge reports the sale of mixed goods was down about 1 percent but the sale of materials rose by 12 percent.

Should disease strike your crops or lawns, an accurate diagnosis is essential for the planning of a preventive program. Local county agents, nurserymen, or pest control operators can supply information. Texas A&M College operates 2 diagnostic labs at College Station and Weslaco.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

As you no doubt know by now, all farm cotton trailers will have to be licensed this year, at the cost of five dollars per trailer over four thousand pounds gross weight. This is a kind of a nuisance situation, but it doesn't cost much. The law, which hadn't been enforced, previously required licensing them but the cost was about fifty five dollars per vehicle. The bill which became law was the result of Farm Bureau efforts to get exemptions for such trailers. The reason Farm Bureau was anxious for the exemption was that the Department of Public Safety was to be instructed to begin enforcing the old licensing law this year. Therefore, although the nuisance and small cost of licensing are new, they are much less expensive than it would have been without the new law. This law will save the average cotton farmer in Texas at least two or three hundred dollars per year. Trailers with a gross weight of under four thousand pounds are totally exempt from licensing.

Did you know that Texas Bee Keepers have an estimated 237 thousand colonies of bees?

We believe most loyal Americans will agree with American Farm Bureau's urging congress to refuse funds from the United Nations Special Fund, which has granted \$1.15 million to assist the Cuban Government in agricultural research. This is in keeping with AFBB policies which have for a long time included the statement, "We are opposed to Communism wherever and whenever it is found." Jack Patterson, Farm Bureau Public Relations man and his family are planning a trip back to his old stomping grounds, Georgia, the latter part of this week. The following is copied from Facts For You, written by Bill Wedemeyer, director of Texas Farm Bureau Research and Promotion: At the dedication of the magnificent house of worship which King Solomon had built, he prayed the Lord to hear his servant's prayers and heal their land which was suffering from drought. God answered as recorded in 2 Chronicles 7:13 and 14 as follows: If I shut up heaven that there be no rain, or if I command the locusts to devour the land, or if I send pestilence among my people; if my people, which are called by my name shall humble themselves and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land.

Nearly 400 East Texas 4-H Club youngsters are entered in the Sears-Roebuck Forestry Awards Program for 1961, reports Bill Smith, extension forester. These youths represent 12 individual clubs from six counties. This is the largest number of 4-H Clubs to be entered in the program since it began in 1953. Judging of the individual 4-H Clubs entered in the program will take place this fall, and cash awards or plaques will be presented to the top four clubs.

New Farm Legislation

Wheat Acreage Sliced, Feed Program Extended

Congress last week passed a new farm bill which calls for a mandatory 10 per cent reduction of wheat acreage, and an extension of the one-year emergency feed grain for the year 1962.

In addition to the mandatory reduction of 10 per cent on wheat, under the new program, farmers will have the option of laying out up to 40 per cent of their acreage with payment in cash or kind.

The program will work about the same as it did with the feed grains program this past year.

Prentice Mills, Farmer County ASC manager, says he hopes to have complete information on the new Bill in the immediate future, and as soon as it is made available, he will hold several meetings throughout the county to explain the program.

These meetings will be prior to the national wheat referendum, which will be August 24, Mills says. As has been the case in the past, the new program will hinge on whether or not at least two-thirds of the wheat farmers in the nation give approval to acreage con-

trols. While a complete explanation of the program has not yet been received, here in general terms, is what the new program will mean to county wheat farmers:

1) A mandatory reduction of 10 per cent from the county's 1962 wheat allotment, which Mills estimates will be about 1 1/2 per cent lower than last year. Also, the bills provides incentives for farmers to reduce up to 40 per cent of their allotted acreage.

2) Under such a program, Secretary of Agriculture Freeman estimates that the price support for wheat should be fixed at a national average of \$2.00 per bushel. This would be 85 per cent of parity. The support price this year was \$1.79 or 75 per cent of parity.

3) Price support on wheat would be limited to producers who do not exceed their reduced 1962 acreage allotments and who divert at least the 10 per cent reduction to conservation uses. There will be payments in cash or kind on up to 45 per cent of normal production for such diversion.

4) There will be payments in cash or kind up to 60 per cent on normal production on wheat acres voluntarily removed from production. This is diverted acreage above the mandatory 10 per cent, and up to a total of 40 per cent total reduction.

5) Under the new program, the minimum number of acres which a farmer can plant and still be exempt from marketing quotas will be reduced from 15

acres to 13.5 acres. 6) Also, there will be stiffer penalties for over production. Instead of the normal 45 per cent of parity price, multiplied by the number of excess acres, the penalty will be 65 per cent of the parity price, multiplied by double the excess acreage. "This will amount to a penalty about three times as great," the county ASC manager says.

7) Just like it was with the feed grains program this past year, farmers will be permitted to produce castor beans, sunflowers, safflower, or sesame on the diverted wheat acreage, and still be eligible for the price support.

8) The bill also provides that where producers can prove their 1959 and 1960 acreages and yields, these figures shall be accepted.

In regard to the one-year extension on the feed grain program, next year's plan will be about the same, except that barley will be added, Mills says. The program will again be voluntary as it was this past year.

The HAPPY HOMEMAKER

BY JUNE FLOYD

Everyone who failed to read Miss Ettie Must's column in last week's paper should do so yet. In this column she gave specific instructions for preparing French fries for the freezer. Never before has the freezing of Irish potatoes in any form been considered successful.

Freshly thawed and browned French fries should make a fine addition to a lot of winter noon and evening meals. Right now potatoes can be purchased at a very nominal price and freezing them doesn't seem too difficult.

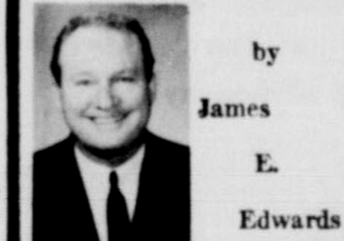

Home economists seem to be having some difficulty educating some homemakers to the importance of the proper preparation of food before freezing. A number of homemakers have been known to remark, "The corn, peas or beans I put in my freezer last year tasted just like shucks and no one would eat any of them."

District 4-H Food Show

District 4-H Favorite Food Show will be held in the Flame Room of the Pioneer Natural Gas Building in Amarillo on August 11. The show will be open for the public between 11:00 and 12:00 o'clock noon during which time the winners will be announced.

Judging will be done from 10:00 to 11:00 a. m. in the Flame Room. Although Farmer County 4-H Clubs are not taking part in the Show this year, they are invited to attend to observe the requirements and set up for next year.

FOOTSAVING EDUCATION

by James E. Edwards

Is Walking Pigeon-Toed Healthful? There is a popular belief that inversion of the feet is good but the belief is a misinterpretation. Before we knew the cause and cure of pigeon toe, friends would console disturbed parents with the thought that toeing in was less harmful than toeing out. That is true but the lesser of two evils is still not good.

The ideal stance and stride is with the toes pointed straight ahead.

The problem created by walking pigeon-toed is the extremely high arch which usually develops. Doctors call the condition pes cavis (hollow-foot) and besides being difficult to shod, such feet are more likely to be painful in later-life than some of the very flexible feet which we mistakenly label as flat.

Edwards' SHOE STORE Successors to Ollivers

512 MAIN CLOVIS, N. MEX.

Improper preparation is almost always responsible for tasteless food. Following instructions to the letter is of utmost importance in order for the taste and food value to be preserved.

Homemakers who have had difficulty attaching gripper fasteners to clothing will be glad to know that there is a new "fool proof" attaching device on the market. This gadget is simple to operate and should be a boon to home sewers. Never make the mistake of attaching gripper fasteners where you do not have enough thickness of material.

These fasteners come in several different styles and can be purchased for thicker or thinner material. If there is not sufficient material between the two pieces of the fasteners, the garment will tear and the fasteners will pull out.

Need help in removing a heavy coating of wax from linoleum? First, spread it with a layer of soap or detergent suds and let stand for about 10 minutes. This will loosen the accumulated wax and make the removal job much easier.

WITH THE COUNTY AGENT

JOE JONES

The 1961 County 4-H Boys Camp is history. We managed to keep the 42 club members wet, well fed and on the move. There were no serious accidents and when we returned every cow was able to find a calf. In most instances the calf was dirty, wet, tired, and had no money and needed dipping. We are all indebted to interested people like Bruce Parr, Woodrow Fleming, and Bob Crozier who furnished us extra tents and Balmun Butane who always furnishes us our butane set-up. We don't want to leave out Billy Sudderth and A. L. Kirby who loaned us burners and many others to numerous to mention who sent tarps, cots, etc. that is always necessary for such a camp.

The eight adult leaders who gave of their time and equipment deserve the most recognition of all, because without them there would not have been a camp and all the other items mentioned would not have been needed. So special thanks is in order for Carl Schlenker, Lloyd Shulk, Bill Buchanan, Raymond McGehee, James Mabry, Glen Phillips, Mitz Walling and Roy M. Miller. We must always keep in mind that things don't just happen, people make them happen. These eight men made our 1961 camp possible, so how about a word of thanks to these fellows next time you see them.

The way things look now we are sure to have diverted acreage in 1962. I wonder just how many are giving consideration to seeding this land to soil building legume crop. I was visiting Dee Chitwood, Jr. the other night and he reminded me it was time to start making plans for this. Dee plans to seed several acres, so we were discussing some of the crops he could use and; of course the most of the things we thought of were not new, but have not been too common in past years. Biennial sweet clover seeded in August or September would do a good job of soil building and could be seeded on lister ridges so you

could water once or twice as the water was available. Alfalfa handled the same way would do a good job. Vetch has worked good for some in years past and; of course Winter Peas have been used. I believe clover or alfalfa would possibly do more good and; of course will not be harvested so you can seed in lister ridges and forget the land preparation usually required. The mowing and bailing will be eliminated, so this could be your chance to do some good soil building that will pay off in years ahead. Keep in mind all legumes should be inoculated and phosphate should be included for the best results. Any of these can be seeded in rows or drilled like wheat. The seeding rates under various methods usually runs from 4 to 20# per acres depending on the method followed and the farmer.

I plan to visit all 35 fertilizer demonstrators at the earliest possible date. I am looking forward to the results of these fertilizer demonstrations with cotton and grain sorghum. I feel these can be of real help to you and your neighbors if you will follow through and harvest and weigh separate. I am also looking for wheat farmers who would like to do some checking on the value of phosphate on winter wheat when applied in combination with nitrogen as compared to nitrogen alone. This year's results were excellent, but we should have at least 10 or 15 such reports each year. So if you are interested in checking the value of phosphate on wheat in 1962 I'd like to discuss this with you. Melvin Sachs and Charles Rector have already been by and we have planned their 1962 demonstration. Such checks harvested and weighed separate are of real interest and value to you and your neighbors.

HOW VALUABLE IS PHOSPHATE ON CLAY SOILS

In order to determine the value of phosphate, when applied in combination with nitrogen, Farmer County Agent Joe Jones several years ago called on Dr. Alex Pope of the Southwestern Great Plains Field Station at Bushland for off-station research in the county.

This program got underway in the fall of 1956 and the first trial was held on Walter Kaltwasser's farm. Since that first test on wheat, other research work has been conducted in connection with Sam Rundell, J. D. Kirkpatrick, Burl Nix and Dee Brown.

Some of the early tests helped to point up the need for phosphate in sandy soils, and so a plan was laid out to move north into the heavier clay soils and see if phosphate would be of much value, and if so, how much.

The 1961 work conducted on Kirkpatrick's farm, three miles southwest of Bovina on Highway 60, did not show any benefit from the use of phosphate--just the opposite of the results obtained on the sandy soil south and east of Farwell.

One year is never considered conclusive, however, so research was carried out this past year on Dee Brown's farm between Hub and Friona. The following table shows the results of the tests:

Fertilizer Treatment	Yield-Bu/A	Test Wt.-Lbs/Bu.
0-0-0	37.8	62.5
0-40-0	41.5	62.3
0-80-0	42.0	62.5
40-0-0	47.9	62.8
40-40-0	57.9	62.9
40-80-0	60.6	62.9
80-0-0	53.5	62.9
80-40-0	63.8	63.1
80-80-0	66.4	62.9
120-0-0	53.6	62.5
120-40-0	66.4	62.9
120-80-0	70.2	62.9
160-0-0	57.7	62.8
160-40-0	66.1	62.8
160-80-0	67.4	62.6
80-80-80	64.5	63.1

This same work has been carried out and is continuing with grain sorghum, Jones says. Dr. Pope has a research block on Donald Watkins' farm this year, one mile north and six miles east of Farwell. This report will be made public this fall.

Also, Dr. Pope and Harvey Walker of the Lubbock Research Station are conducting similar work with cotton on the Harry Hamilton farm northwest of Friona. This report will also be published following the harvest.

Similar work with grain sorghum has been conducted in cooperation with Walker Kaltwasser, Harold Travis.

SOIL CONSERVATION DISTRICT NEWS

All the water which comes from the atmosphere as precipitation must pass through or over the top layers of the earth and nearly everywhere this top layer is the soil.

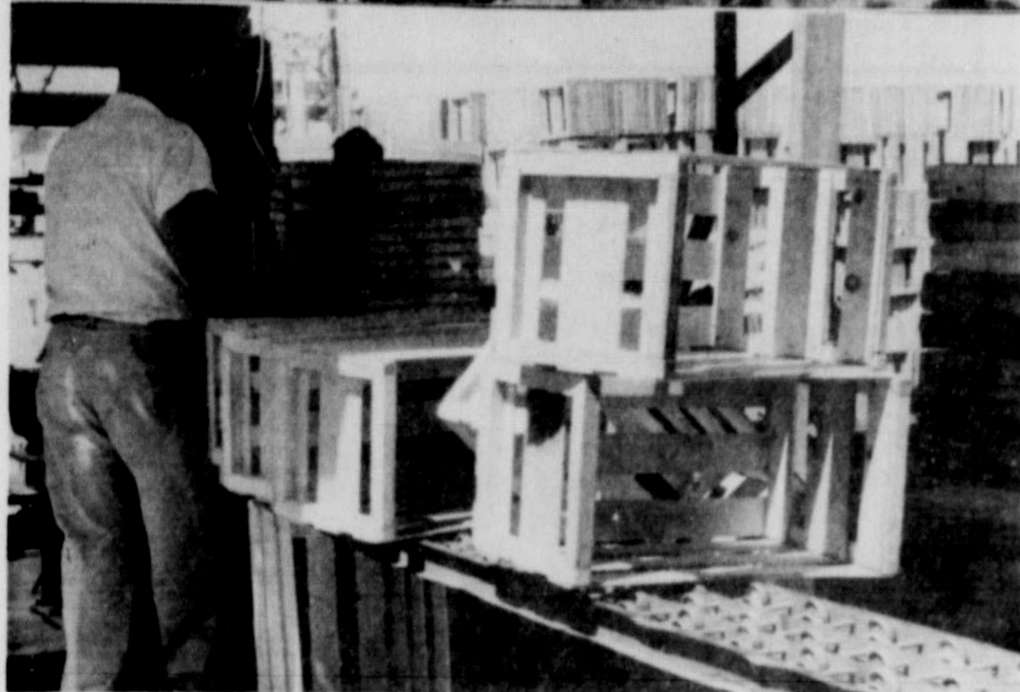

Some soils will take in water more easily than others. The top layer of soil material is like a sieve. Some soils are like sieves with huge openings and others are like sieves with small openings. The ability of a soil to take in water is governed by three principal factors.

The first is the type of rock from which the soil was derived. The more sandy the soil the better it will absorb water. The second is the type and amount of vegetation growing on the soil surface. Vegetation on the surface tends to break the force of the falling raindrops and holds the soil particles together, thus tending to prevent the soil from washing away.

The third is the structure of the soil, which depends in part on the amount of humus incorporated in the soil.

The first factor we have no control over, but the last two factors are governed by your farming operations. This can be done by using a conservation crop rotation and working your crop residues into the soil.

If you talk a lot you are bound to say something wise occasionally -- but the chances are no one will be listening.

These two pictures pretty well explained the situation at Bovina early this week on the eve of the cantaloupe harvest. The harvest, which was scheduled to begin Monday, was postponed because the melons were still "a few days away." As can be seen by the bottom picture, however, it won't be long. Probably by the latter part of this week and early next week the harvest will be in full swing. The bottom picture shows some of the preliminary operations at the Gateway Produce packing shed. This workman is putting together crates which the cantaloupes will be packed in and then shipped off to market.

HD Agent's Notes

BY MISS ETTIE MUSIL

Ever wonder how much meat to buy for a meal? Here's a guide. For boneless cuts or ground meat, allowed about 1/2 pound per serving. For cuts with some bone in, such as steaks, chops and roasts, require 1/3 to 1/2 pound for each serving.

For heavy-boned items, such as spareribs, shanks, hocks, allow 3/4 to 1 pound per serving. Dried beef, liver sausage, bologna and some other sausages require only 1/8 to 1/6 pound per serving.

Soon homemakers will be busier than ever getting those

shirts, trousers, skirts, blouses, and dresses for the school children ready. Yes, and don't forget to have the first graders vaccinated to avoid the rush for the last minute vacationers and others that wait to the last minute.

Are you training your child to manage his or her allowance now? This is an important part of growing up. The ability to manage money is not inherited, but is acquired through actual experience in handling money.

Very few people have all the money they would like to spend. So the need to decide what is wanted most is important. Give your child or children an opportunity to make decisions on the little things within his experience. Then he will be able to make decisions on larger, more important issues later on. On shopping trips, let him buy under your supervision.

This does take a little extra time to let your daughter, or even your son, help you shop for groceries. You can explain why you are selecting the larger economy size of one product. Why you are choosing the less expensive can of beans rather

than the more expensive fancy grade of asparagus that has the same food value for the money. It takes time, yes, but your daughter or son learns so much each time they go shopping with you.

Reach a complete understanding with your child about what items and activities the allowance will cover. Take into account the child's share of the family income and the ability of the child to make good decisions. You will need to make adjustments as the child's ability changes.

If you need extra helpful suggestions on child money management problems, you can call or write us for a free copy of "Where Do You Get Your Money?"

Speaking of timely bulletins that are available in our office here is a list of just a few: "Pickles and Relishes" using pickles, or rather cucumbers to make pickles, relishes of all kinds, and sauces. "Vegetables, Vegetables," "Salads," "Home Canning," "Frozen Foods," "Potatoes in Popular Ways," "Meat For Thrifty Meals," "Money-saving Main Dishes," and "Tomatoes On Your Table."

Within certain limits, Arch Meekma, extension dairy specialist, says the levels of concentrates and roughages in the dairy ration should be determined by the cost of nutrients in each type of feed. Also the upper limits of concentrate feeding should take into consideration the cow's ability to respond with higher milk production and the relative prices of feed and milk.

**in and around
FRIONA**

WITH JUNE

Completion of the new Friona Oddfellows Hall in the east part of town this week was quite an event for members of this organization. Although this group has been organized in Friona a short time, much progress has been made and their new building is certainly an asset to the town.

It seems that the Floyds were definitely at the box supper Tuesday evening. Twenty-three men attended the meeting and three of them were named Floyd. Perhaps those present avoided confusion by calling them Reynolds, Houston and Brookfield.

Steve and Gloria Brown, children of Mr. and Mrs. Matt Brown, have returned from California after spend most of the summer with their grandparents. Both sets of grandparents are named Brown and live near one another on the West Coast.

A playmate of Gloria's was discussing the situation with her and asked how she knew which set of grandparents she had reference to when she said Grandma and Grandpa. Gloria said, "It's really no trouble. All we have to do is say Big Grandma and Big Grandpa and everyone knows we're speaking of mother's parents."

Matt's parents brought Steve and Gloria home and plan to stay several weeks. Having them visit in Friona is always a pleasure for Matt's and Betty's friends.

Mrs. Bessie Drake will probably have a scrapbook full of cards, letters and other mementos of the Arthur Drake's trip to Europe. One of Mrs. Drake's hobbies is making scrapbooks of various events concerning her children and grandchildren.

Monday of this week she received a card from Erma Lou that was mailed in New York. Erma reported that the entire family was enjoying the trip and seeing a lot of new and interesting things.

One of the featured attractions at the Monday evening box supper was a Carrot Cake baked by Mrs. J.B. Williams. Phyllis Sanders was gracious enough to call and share the recipe with me, so I'm passing it on to my

readers. Any kind of raw carrots may be used, but Phyllis is holding onto the theory that Parmer County carrots produce the best results.

CARROT CAKE

- 2 cups sugar
- 1 1/2 cups cooking oil
- 4 eggs
- 1 teaspoon soda
- 2 teaspoons baking powder
- 1 teaspoon cinnamon
- 1/2 teaspoon orange cake color
- 2 teaspoons vanilla
- 2 cups flour
- 1 cup chopped nuts
- 3 cups grated carrots

These ingredients are all combined and mixed well. Cook in three layers 350 degrees for 45 minutes. Ice with icing made by combining one 8 oz. package cream cheese at room temperature, 1/2 stick oleo, one box powdered sugar and 1 teaspoon vanilla. Mix the cheese and oleo well before adding sugar and vanilla.

Frionans are on the alert today for traffic violations. One of our worst violations seems to be jay walking. This isn't a good practice and all of us know it. Yet, who would think of leaving Bi-Wize Drug, going to the bank corner and crossing over to arrive at Hurst's or Plains Hardware?

Boy Scouts seem to be everywhere and apparently they are not missing a single violation. It will be interesting to learn how much money they collect in the way of fines during the day.

Local residents on the go last week included the Andy Hurst and Deon Awtrey families who were on the West Coast and the Tom Lewellen family who spent almost a week in the San Luis Valley of Colorado.

Early Wednesday morning the ElRoy Wilsons left home going north with a boat and camping equipment. Mrs. Hoyt Smith and her children plan to leave soon for an extended tour of some of the eastern states and parts of Canada.

All this gadding about will soon come to a close to most families. With the beginning of school only three weeks away, trips that include children must be taken now.
